PURE Water Program / ALA00001

Council District: Citywide	Priority Score: Annual
Community Plan: Citywide	Priority Category: Annual
Project Status: Continuing	Contact Information: Dorman, Amy
Duration: 2015 - 2035	858-614-5504
Improv Type: New	adorman@sandiego.gov

Description: This annual allocation provides up to 83 million gallons per day (mgd) of purified water and will require the construction of several treatment plants and conveyance facilities in the City of San Diego. This program will be implemented in two phases. Phase 1 includes the planning, design and construction of a 30 mgd Advanced Water Purification Facility (located across the street from the North City Water Reclamation Plant), a conveyance system to transport the purified water to the Miramar Reservoir, the expansion of the existing North City Water reclamation Plant from 30 mgd to 52 mgd, and the construction of the Morena Blvd pump station/forcemain. Phase 2 includes the planning, design and construction of a 72 mgd wastewater facility, a 53 mgd advanced water purification facility and all required conveyance systems in the central area/South Bay area of San Diego.

Justification: This project is needed to meet the new permit requirement stipulated in the 2015 Point Loma Wastewater Treatment Plant permit application and to reduce reliance on external water sources by providing an uninterruptable local water supply.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is in compliance with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects will be scheduled on a priority basis.

Summary of Project Changes: The annual project cost for Fiscal Year 2017 increased approximately \$5.5 million due to revised requirements. Additionally, in Fiscal Year 2016 Council approved additional appropriations of \$10.0 million (R-310187).
