Fiscal Year 2015 Capital Improvement Program

Capital Program Overview

Capital Improvement Program Overview

Capital Improvement Planning Process

The Public Works Department was responsible for developing the Fiscal Year 2015 (FY 15) CIP. Public Works, in conjunction with other Departments, reviewed the City's capital needs and prioritized project submittals based on established criteria:

- The ability of the project to meet health, safety and legal concerns and mandates
- The value of the project to prolong the life of City assets or avoid/minimize future repair costs
- The benefit the project will provide the community in support of the goals articulated in the Strategic Plan
- The potential for the project to generate savings or increase productivity
- The extent to which the project will secure future funds through program planning or grant eligibility

The Department of Financial Management provided the revenue projections to determine the type and amount of resources available to finance proposed capital projects. Specifically, Financial Management monitors fiscal trends at both the local and state levels. Analyses of property, sales, and user tax revenues and County, State and Federal information contribute to their economic forecast.

Information Document

The CIP identifies the adopted budget for each program that will receive funding in FY 15, including the funding sources and charts showing funding allocation percentages. The CIP also includes a historical perspective. The CIP's multi-year character is reflected in the historical summaries to show the fiscal activity for each program, from inception through FY 14.

Estimated Carryover Balances

The Financial Summaries and individual Program pages include an FY 14 Estimated Carryover column. These carryover amounts may be currently planned for projects in the design stage, pending contract award, or committed to an approved contract. Therefore, estimated carryover amounts are not necessarily available for new projects.

Operating and Maintenance Costs/Operating Budget Impacts

One of the many issues evaluated through the CIP process is the impact new infrastructure projects and assets may have on departmental operating budgets. As capital improvement projects are considered by the City Council, the operating and maintenance (O&M) costs for these facilities should be estimated so that the City Manager and City Council can assess whether adequate budget is available to operate and maintain these facilities after construction. .

As part of the Capital Improvement Program Budget process, the Department of Public Works coordinated with Financial Management and end user department staff to describe and quantify any anticipated O&M costs associated with each new capital project. O&M costs for FY15 will be developed during the design.

O&M costs are addressed at the outset of the process and, if needed, included in proposed adjustments to the operating budgets as part of the Annual Budget Process. As a result, Management and the City

Council are able to prioritize these additional costs, along with other budget requests, based on available funding.

Implementation Criteria

Projects that will have O&M costs are new infrastructure projects. O&M costs are not applied to upgrades and renovations (e.g., major street maintenance projects) since they actually tend to lower long-term maintenance costs.

Calculating FY15 Operating and Maintenance Costs

The Department of Public Works assists client departments to quantify potential costs:

- Full-time/part-time FTE (Full Time Equivalent) costs
- Utility (water, sewer, refuse, electrical and gas) costs in a facility
- Maintenance, including HVAC, plumbing, electrical and structural repairs, landscaping services
- Custodial services
- New operating equipment/supplies
- Technology annual replacement contributions

Guide to the Capital Improvement Program

Introduction

The Fiscal Year 2015 (FY 15) Capital Improvement Program (CIP) represents the City's short-range strategic capital investment. The CIP identifies and provides for two types of expenditures: the first covers strategic improvements to the City's existing infrastructure and the second involves one-time programs designed to address important community needs. To view and obtain additional information of projects in design, construction or recently completed, please visit the CIP website at www.lbcip.com.

How this Document is Organized

The majority of the book is composed of the eleven primary sections of capital improvement programs that are defined by the type of capital investment. The City Manager Department manages CIP programs in Section 1, the Public Works Department manages CIP programs in Sections 2 through 6; the indicated departments manage programs in Sections 7 through 11. Following is a summary of each section.

1. Marinas, Beaches & Waterways - Two assets that make Long Beach unique are its beaches and marinas. These City operated and maintained resources provide recreational enjoyment to both residents and visitors. In FY 14, the City completed the construction of nine beach restrooms, three beach parking lots, and the Belmont Temporary Pool. The public dock behind Parker's Lighthouse (Dock 10) is expected to be completed in FY 15. These new improvements are more efficient and environmentally friendly than the previous facilities. A low flow diversion system at Appian Way and Second Street was started in FY 14 and will be completed in FY 15, which will help with the City's efforts to improve the City's beaches and recreational water quality. Low Flow diversions reroute dry weather urban runoff into the sanitary sewer system as opposed to Alamitos Bay.

In FY 15, the engineering design of the Colorado Lagoon Open Channel and the assessment of Rainbow Lagoon is expected to be completed. The first phase of the Naples Seawalls Permanent Repairs and the implementation of the required habitat mitigation at Colorado Lagoon are also expected to be completed in FY 15. The

entitlement and architectural design phase for the Belmont Pool project are expected to be completed in FY 15.

Adopted public dock and pier improvements at Rainbow Harbor, Leeway Sailing Center, and Peter Archer Rowing Center will continue to move forward.

All projects are subject to State Lands Commission approval.

2. Parks, Recreation & Marine - Parks located throughout the City provide recreational amenities and open space to enhance the environment and provide leisure opportunities to meet the needs and interests of residents. There is a constant effort to address aging park infrastructure throughout the city as well as to address the lack of park and open space opportunities in underserved neighborhoods.

During this past year, many projects have been completed including, the renovation of Chittick Field, Orizaba Park Community Center, Whaley and Stearns baseball field upgrades, College Estates and Bixby Knolls Community Center upgrades, community center roof replacements and repairs, fencing upgrades at 14th Street Park and the El Dorado Nature Center, a new 14th Street Park Fitness Zone, and a new playground at Loma Vista Park.

Additional one-time funded projects continue in design and construction, including Wrigley Greenbelt, Alamitos Park, Drake/Chavez Green belt and Soccer fields, the Deforest Wetlands, athletic field renovations, a new community center at Houghton, upgrades to lakes and pond at El Dorado Park, and infrastructure improvements at Recreation Park and Bixby Park.

Bike path and sidewalk repairs will also be completed at Cherry Park, Coolidge Park, Deforest Park, Lincoln Park, Recreation Park, Stearns Park and Wardlow Park in the upcoming fiscal year.

FY 15 one time funds have been allocated for the upgrade and replacement of irrigation system at Heartwell Park and for the artificial turf conversion of game fields for recreational

and youth and adult athletic fields at Admiral Kidd Park.

3. **Public Facilities** - Long deferred critical repairs are required to sustain the integrity of various health, library, fire station, police station, public works and other key facilities. The Civic Center FY 15 projects include the completion of upgrading the security system. This upgrade will replace the aging security equipment, add more memory to the system for recording and enhance surveillance. Enhancements include several high definition cameras to be strategically installed and located around the Civic Center for better video resolution and playback, new computer hardware and software will be installed which will tie the system at the Civic Center to LBCOP (Long Beach Common Operating Picture) for surveillance by police if needed.

The Convention Center FY 15 projects include improvements in technology, aesthetics and facilities. Technology upgrades include Security Cameras/Measures and Card Reader Systems. Ongoing upgrades to Air Handlers and the Arena entryway further enhance the newly renovated Pacific Ballroom at the Long Beach Arena. Ongoing improvements include enhancements to the Center Theater entryway, reception areas, additional lighting and obtaining updated furniture and equipment for use throughout the facility.

FY 14 one-time funds were used for the following repairs: Alamitos library roof, Bach library roof, Bayshore library roof, Bixby park roof, College Estates park roof, Deforest park roof, El Dorado library roof, Pan Am park roof and Silverado gymnasium roof. The Health Department's West Facility Center and North Facility Façade were also repaired.

FY15 one-time funds have been allocated for the construction of the North Branch Library, installation and upgrades at the Temple/Willow facility, City Council discretionary projects and Schroeder Hall East Police Station improvements.

4. **Storm Drains** - The Storm Water Management Division (SWMD), is a division of Public Works that is responsible for all Storm Water related issues, CIP work and water quality regulations that affect the City. Responsibilities under the SWMD can be categorized in two areas: CIP Improvements and Water Quality Compliance.

The City's Municipal Separate Storm Sewer System (MS4) consists of over 383 miles of storm drain pipes, channels, and ditches, 23 Storm Drain Pump Stations (SDPS), 3,800 catch basin, 5 beach outfalls and miles of street gutters and alleys throughout the City. This infrastructure transports stormwater and non-stormwater runoff water away from residential and business properties that would otherwise result in flooding and severe damage. The City's SDPS have been in service since the 1950's and 60's and are in need of repairs and upgrades. These SDPS have been kept in operation through repeated repair work and necessary upgrades to keep up with storm drain demands. Several miles of the City's storm drain pipe infrastructure have been in service since the 1930's and have become undersized by the demands of the City through years of growth, development and age of the infrastructure. Assessments of the City's SDPS are needed along with a Storm Drain Master Plan to address the undersized and deficient MS4. CIP improvements are planned and scheduled to address the City's MS4 deficiencies by continuing to design and construct upgrades.

The City's Water Quality Compliance work is conducted through the implementation of its National Pollutant Discharge Elimination System (NPDES) permit. This permit is a result of regulations conceived as a result of the Federal Clean Water Act (CWA) and subsequent CWA amendments, all of which were adopted to protect receiving waters such as rivers, lakes, bay areas, beaches and oceans from contamination by preventing pollutants from entering MS4. Recently the City was issued a new NPDES Permit that was adopted by the Los Angeles Regional Water Quality Control Board on February 6, 2014 and became effective on March 28, 2014. Starting March 28, 2014, CIP projects will now have to conform with the new NPDES permit.

5. **Street Rehabilitation** - Preserving our neighborhoods is a key element in the Long Beach Strategic Plan. The Street Rehabilitation programs are designed to help meet that goal. The program delivers improvements including reconstructing and resurfacing major, secondary, and residential streets, upgrading accessibility of curb ramps to comply with current disabled access regulations, replacing of street signs; repairing neighborhood sidewalks, curbs, and gutters; and rehabilitating bridges to repair deficiencies

identified by the annual Los Angeles County bridge inspection reports. One of the key focus areas in FY 15 will be the completion the updated pavement management program, which will impact recommendations on street resurfacing projects..

6. **Transportation Enhancements** - This section contains programs designed to meet increased needs for mobility resulting from economic growth utilizing a combination of funds. These funds include Proposition C, Gas Tax Street Improvement Capital, Transportation Improvement Fees, and Federal and County grants. The transportation improvements include street and intersection widening, traffic signal system expansion and upgrades, transit improvements, parking restrictions and replacement parking, neighborhood traffic management, and bike lanes. This category also includes programs that monitor and evaluate traffic congestion areas throughout the City and respond with projects to relieve congestion or enhance traffic safety.

7. **Airport** - Long Beach Airport serves over 3 million passengers each year and offers a variety of services to airlines, commercial and general aviation users, as well as the general public, providing direct and indirect economic benefits to the region. Funding for Airport Capital Improvement Projects comes from several sources including Federal Aviation Administration (FAA) Airport Improvement Program grants (AIP), Passenger Facility Charges (PFC), Airport fees and facility charges, and bond sale proceeds. The basis for Airport capital projects is the safety and security of the general public, FAA and Transportation Security Administration (TSA) mandates and operational improvements. In FY 14, the Airport completed the rest of its new passenger concourse, portions of which were opened to the public in December 2012. It has been named Fodor's Travel, Top 10 Airport Terminals in 2014 and the British Broadcasting Corporation's 10 Most Beautiful Airports in the World. Other completed projects include Taxiway J, Taxiway D and Runway 30 safety area improvements.

Planned projects in FY 15 include completion of the Airport's secondary air carrier runway, 7L-25R, the design-build of a new rental car facility funded from Customer Facility Charges (CFC) and improvements to the Lot A parking structure. These projects will further enhance

the passenger's experience at Long Beach Airport.

8. **Gas and Oil** - Long Beach Gas & Oil (LBGO) oversees 1,900 miles of natural gas pipeline. A key Department objective is the safe delivery of natural gas to its 145,000 businesses and households. All operations are conducted in strict compliance with U.S. Department of Transportation's (DOT) pipeline regulations, CFR 49 part 190-199. LBGO is engaged in a long-term pipeline infrastructure replacement program focusing on upgrading pipe 60+ years old. Over the past five years, over 80 miles of distribution pipeline and approximately 15,000 service pipelines have been replaced, improving system integrity.

As part of the Department's commitment to provide affordable and safe natural gas, LBGO has taken a system-wide approach in reviewing the backbone of the gas distribution system for potential upgrades to increase reliability of gas delivery. LBGO is also in the process of establishing a consistent pressure standard throughout the system to ensure the long-term ability to meet customer demand. The integrated approach to pressure-consistency, and replacement of aging infrastructure will improve reliability and allow for more efficient operations. In addition, LBGO will continue to work closely with the Public Works Department to coordinate gas projects with street improvement projects.

9. **Harbor** - The Harbor Department (Port) continues to implement a long-term capital improvement program designed to provide Port tenants with safe and secure, state-of-the-art facilities capable of accommodating international trade and secure regional economic benefits in a sustainable manner that ensures economic vitality, ecological health, and community integrity.

The Port's \$4 billion investment in capital projects over the next decade will stimulate the economy by creating thousands of direct construction jobs along with indirect service and commercial opportunities. In FY 15, the Port will be spending over \$252 million on the Gerald Desmond Bridge as construction is well underway, with all work scheduled to be completed in 2018. FY 15 will also see the Port invest over \$142 million in its Middle Harbor Redevelopment Project. When the project is complete, the Middle Harbor Terminal will be the greenest major container terminal in North America due to its extensive

use of on dock rail and cold ironing infrastructure. In addition, \$28 million is being allocated in FY 15 to environmental expenditures, which includes \$11 million for the development of cold ironing infrastructure on Piers A, G, J and T..

Port Security will continue to be a high priority with the Department investing over \$37 million in projects including nearly \$30 million for fire station upgrades and the planned purchase of two fireboats.

- 10. Successor Agency (SA)** - The Successor Agency (Agency) is the successor entity to the former Long Beach Redevelopment Agency (RDA), which was dissolved by action of the State legislature on February 1, 2012. The Successor Agency is winding down the outstanding obligations of the former RDA, including planned and ongoing Capital Improvement Projects..

The Agency is assisting with the funding of a new neighborhood library in North Long Beach, which will enhance community resources for area residents. Street enhancements are also ongoing in North Long Beach with median improvements to Atlantic Avenue. The construction of the new East Police Station will ensure that residents and businesses in that area receive effective safety protection. Finally, the Agency is supporting construction of the Deukmejian Courthouse by funding off-site improvements.

- 11. Water** - Planned capital improvements to the City's water and sewer system encompass a wide range of projects. The Water Department will continue replacing aging infrastructure that is approaching the end of their useful life including, but not limited to; water pipelines, valves and meters. In addition, the Department is continuing with its well and water tank rehabilitation projects.

The Sewer CIP budget reflects a significantly increased investment in infrastructure, as the Department moves forward with a programmatic CIP based on an updated Sewer Master Plan.

Using the CIP

The Funding Summary section provides an overview of the CIP for programs that have new funding in FY 15. It displays the adopted budget for each capital program including the fund amount

and funding source.

The program sections are organized by the type of capital investment. For City Manager managed projects (Section 1), Public Works managed projects (Sections 2-6) and Airport managed projects (Section 7), the program pages contain the following:

- Map - location identification of the new Adopted FY 15 capital projects
- Section Summary - an overview of the section from program inception through FY 14 and Adopted budget amount for each capital project receiving funding in FY 15. Please reference the Program page example on next page. The Program page contains the following:
 1. The program title
 2. The lead managing department and contact information
 3. The program number
 4. A brief program description
 5. Work to be initiated in FY 15
 6. Estimated schedule for FY 15
 7. Adopted FY 15 new funding
 8. Program historical summary

The Funding Detail section towards the back of the book reflects the current carryover balances and the Adopted FY 15 CIP budget. Due to the all-years nature of CIP funding, some projects may show a negative carryover at the time of publication attributable to future funding and/or anticipated budget adjustments not yet posted to the CIP. Please note that calculated totals may reflect rounding.

****Program Page Example****

1) Bridge Rehabilitation & Seismic Retrofit

2) Department: Public Works - Engineering

Contact: Derek Wieske, (562) 570-6386

FY 15 Program Information

3) Program Number PW5080

4) Program Description

In conjunction with the County of Los Angeles and Caltrans, inspect, repair, upgrade, and retrofit City of Long Beach owned bridges.

6) Estimated Schedule for FY 15

- Complete design and initiate construction in FY 15

7) FY 15 New Funding

Gas Tax Street Improvement Capital	\$500,000
Total	\$500,000

5) Work to be initiated in FY 15

- Perform bridge deck repairs listed in the County of Los Angeles condition survey dated January 2012.

8) Program Historical Summary

Funding Sources	Inception through FY 14 Budget	Inception through FY 13 Actuals	Estimated FY 14 Expenditures	Estimated FY 14 Carryover
Gas Tax Street Improvement Capital	\$4,981,636	\$2,989,750	\$323,776	\$1,668,110
MAP-21	\$2,064,799	\$2,064,799	\$29,656	(\$29,656)
Proposition C	\$466,965	\$415,409	\$0	\$51,556
State Proposition 42 (AB2928)	\$43,246	\$43,246	\$0	\$0
Total	\$7,556,646	\$5,513,204	\$353,432	\$1,690,010
FY15 New Funding				\$500,000
Total Adopted Budget				\$2,190,010

Fiscal Year 2015 Capital Improvement Program (New Funding)

Funding Summary

- Airport Capital (EF 320) - \$3,800,000
- Capital Projects - Legislative (CP 209) - \$3,850,000
- Fleet Capital (IS 386) - \$1,010,000
- General Capital Projects (CP 201) - \$9,844,000
- Gas Fund (EF 301) - \$8,050,000
- Gasoline Tax Street Improvement (SR 181) - \$8,623,000
- Transportation (SR 182) - \$11,657,000
- Tideland (TF 401) - \$48,250,000

Total New Capital for FY 15 - \$95,084,000

Colorado Lagoon

Department: City Manager
Contact: Eric Lopez, (562) 570-5690

FY 15 Program Information

Program Number PW8000

Program Description

Improve the Colorado Lagoon through habitat restoration efforts and reconnect the Lagoon to Alamitos Bay via an open channel.

Estimated Schedule for FY 15

- Design: October 2014 - September 2015
Construction: October 2015 - December 2016

FY 15 New Funding

Measure D Oil Revenue	\$5,000,000
Total	\$5,000,000

Work to be initiated in FY 15

- Design, permitting and engineering for construction of additional restoration work and creation of mitigation site.

Program Historical Summary

Funding Sources	Inception through FY 14 Budget	Inception through FY 13 Actuals	Estimated FY 14 Expenditures	Estimated FY 14 Carryover
Coastal Conservancy	\$300,000	\$300,000	\$0	\$0

Belmont Pool and Pier Improvements

Department: City Manager
Contact: Eric Lopez, (562) 570-5690

FY 15 Program Information

Program Number PW8170

Program Description

Repair and rebuild aging Belmont Pier and pool facilities.

Estimated Schedule for FY 15

- Design and Permit: April 2014 - July 2015
- Bids: July 2015 - August 2015
- Construction: September 2015 - June 2017

Work to be initiated in FY 15

- Master planning, design, permitting, and construction of the Belmont Plaza Pool and Pier. The proposed funding will cover a portion of the construction cost for the new Belmont Pool facility.

FY 15 New Funding

Measure D Oil Revenue	\$11,000,000
Tidelands Operations Capital	\$28,000,000
Total	\$39,000,000

Program Historical Summary

Funding Sources	Inception through FY 14 Budget	Inception through FY 13 Actuals	Estimated FY 14 Expenditures	Estimated FY 14 Carryover
Coastal Conservancy Grant	\$525,150	\$525,150	\$0	\$0

Beach Restroom Rehabilitation

Department: City Manager
Contact: Eric Lopez, (562) 570-5690

FY 15 Program Information

Program Number PW8230

Program Description

Rebuild aging beach restrooms and install secure single-stall restrooms per the advice of the Police Department.

Estimated Schedule for FY 15

- Design and Permit: December 2014 - September 2015
- Construction: December 2014 - June 2015

FY 15 New Funding

Measure D Oil Revenue	\$2,000,000
Total	\$2,000,000

Work to be initiated in FY 15

- Design and permit for the renovation of the beach restroom and concession stands located at Bayshore Avenue, Granada Avenue and Junipero Avenue.

Program Historical Summary

Park Bike Path Replacement

Department: Parks, Recreation & Marine

Contact: Anna Mendiola, (562) 570-3165

FY 15 Program Information

Program Number PR3010

Program Description

On-going repair and/or replacement of existing bike paths, facilities, signage, and striping of park bike paths.

Estimated Schedule for FY 15

- Construction: October 2014 - September 2015

FY 15 New Funding

Transportation Development Act	\$100,000
Total	\$100,000

Work to be initiated in FY 15

On-going repair and replacement of bike path paving and striping at:

- El Dorado Regional Park (including park connections to the San Gabriel River Bike Path)
- Heartwell Park, including off-site connection to the San Gabriel River Path
- 6th Street off-site connection to the LA River Bike Path
- PW right-of-way off-street bike path between Martin Luther King, Jr. Avenue and Orange Avenue

Contact: Derek Wiese, (562) 570-6386

FY 15 Program Information

Program Number PW4160

Program Description

Due to the significant infrastructure needs, the City Council has allocated funds for each Council District to address specific needs in each Council District.

Estimated Schedule for FY 15

- As requested.

FY 15 New Funding

Capital Projects - Legislative	\$3,850,000
Total	\$3,850,000

Work to be initiated in FY 15

These funds will be utilized as priorities are identified.

Program Historical Summary

Funding Sources	Inception through FY 14 Budget	Inception through FY 13 Actuals	Estimated FY 14 Expenditures	Estimated FY 14 Carryover
Capital Projects - Legislative	\$2,955,083	\$0	\$0	\$2,955,083

Temple/Willow Facilities

Department: Public Works - Fleet Services

Contact: Dale Hutchinson, (562) 570-5405

FY 15 Program Information

Program Number PW4280

Program Description

Install and upgrade heating system, repair the roof, and exterior repairs and painting to Temple/Willow building facilities located at 2929 E Willow St and 3111 East Willow St.

Estimated Schedule for FY 15

- Design: October 2014 - December 2014
- Permits: January 2015 - April 2015
- Construction: May 2015 - August 2015

FY 15 New Funding

Fleet Capital	\$1,010,000
Total	\$1,010,000

Work to be initiated in FY 15

- Install heating system in the Fleet Services Bureau shop and work bays.
- Repair roof at Fleet Services Bureau.
- Exterior repairs and painting.

Storm Drain System & Water Quality Improvements

Department: Public Works - Engineering
Contact: Anthony Arevalo, (562) 570-6023

FY 15 Program Information

Program Number PW7060

Program Description

Repair storm water catch basins and storm water mainline pipes. Construct storm drain enhancements. Conduct water quality improvements along Queensway Bay, San Pedro Bay, Alamitos Bay, and Los Cerritos Channel. Initiate required monitoring modeling and implementation actions associated with Total Maximum Daily Loads (TMDL) as mandated by the State and Federal agencies. Improvements include construction of bioswales, low flow diversions and Structural Best Management Practices (BMP) for trash, metal and bacteria.

Estimated Schedule for FY 15

- Design: October 2014 – December 2014
- Construction: January 2015 – September 2015

FY 15 New Funding

Gas Tax Street Improvement Capital	\$450,000
Total	\$450,000

Work to be initiated in FY 15

- Design and construct Broadway storm drain upgrade between The Promenade North and Pine Avenue

Major & Secondary Highway Program

Department: Public Works - Engineering

Contact: Derek Wieske, (562) 570-6386

FY 15 Program Information

Program Number PW5062

Program Description

Reconstruct and resurface City streets to extend their useful life and implement the City's complete streets policy by providing, incidental curb, gutter and sidewalk improvements, constructing curb ramps and bus pads, landscaping, replacing pavement markings and other multi-modal improvements.

Work to be initiated in FY 15

Design for the following projects:

- Atherton Street between Bellflower Boulevard and Clark Avenue
- Bellflower Boulevard between 7th Street and Atherton Street
- Easy Avenue between 27th Street and Spring Street
- Orange Avenue between Via Wanda East and 64th Street
- Pacific Avenue between Pacific Coast Highway and Willow Street
- Studebaker Road between Spring Street and Wardlow Road
- 3rd Street between Golden Avenue and Alamitos Avenue
- 10th Street between Cherry Avenue and Newport Avenue

Construction for the following projects

- Alamitos Avenue between 7th Street and Orange Avenue
- Artesia Boulevard between the West City Limit and Butler Avenue
- Bixby Road between Atlantic Avenue and Orange Avenue
- Cherry Avenue between Ocean Boulevard and Pacific Coast Highway
- Ocean Boulevard between Livingston and Bayshore Avenue
- Santa Fe Avenue between Spring Street and Wardlow Road
- Spring Street between Magnolia Avenue and Pacific Avenue
- 7th Street between Alamitos Avenue and Long Beach Boulevard

Estimated Schedule for FY 15

- All Design to be initiated and completed September 2014
- All Construction to be initiated by September 2014

Bridge Rehabilitation & Seismic Retrofit

Department: Public Works - Engineering

Contact: Derek Wiese, (562) 570-6386

FY 15 Program Information

Program Number PW5080

Program Description

In conjunction with the County of Los Angeles and CALTRANS, inspect, repair, upgrade, and retrofit City of Long Beach owned bridges.

Estimated Schedule for FY 15

- Complete design and initiate construction in FY 15

FY 15 New Funding

Gas Tax Street Improvement Capital	\$500,000
------------------------------------	-----------

Work to be initiated in FY 15

- Perform bridge deck repairs listed in the County of Los Angeles condition survey dated January 2012

Total	\$500,000
--------------	------------------

Program Historical Summary

Funding Sources	Inception through FY 14 Budget	Inception through FY 13 Actuals	Estimated FY 14 Expenditures	Estimated FY 14 Carryover

Citywide Residential Street Repair

Department: Public Works - Engineering

Contact: Pat Abadi, (562) 570-6963

FY 15 Program Information

Program Number PW5151

Program Description

Repair residential street and alleys through pavement sealing, asphalt overlays, and full reconstruction. Repair work to also include replacement of damaged curbs, gutters, drive approaches, installation of access ramps and replacement signage.

Estimated Schedule for FY 15

- Street Selection/Design: October 2014 - February 2015
- Construction: February 2015 - September 2015

FY 15 New Funding

General Capital Projects	\$400,000
Measure R	\$4,525,000
Total	\$4,925,000

Work to be initiated in FY 15

- Complete design and initiate construction of various residential streets throughout the City

Program Historical Summary

Citywide Infrastructure Improvements (Sidewalks)

Department: Public Works - Engineering

Contact: Pat Abadi, (562) 570-6963

FY 15 Program Information

Program Number PW5250

Program Description

Construct sidewalk improvements associated with the backlog of neighborhood infrastructure needs.

Estimated Schedule for FY 15

- Sidewalk selection/Design: October 2014 - February 2015
- Construction February 2015 - September 2015

Work to be initiated in FY 15

- Repair Sidewalks
- Prune Tree Roots
- Saw Cutting
- Sidewalk Rebate Program

FY 14 Carryover

ADA Response Program

Department: Public Works - Engineering

Contact: Derek Wiese, (562) 570-6386

FY 15 Program Information

Program Number PW5450

Program Description

Construct access ramps and sidewalks on public rights of way based on verified requests. Remove or relocate City owned obstructions in public rights of way.

Estimated Schedule for FY 15

- Complete scheduled access improvements by September 2015.

FY 15 New Funding

Gas Tax Street Improvement Capital	\$500,000
Total	\$500,000

Work to be initiated in FY 15

- Construct verified requests for right-of-way access, improvements and investigate new requests when received.

Program Historical Summary

Sustainable Transportation Improvements

Department: Public Works - Traffic & Transportation

Contact: Dave Roseman, (562) 570-6665

FY 15 Program Information

Program Number PWT010

Program Description

Design, construct, implement projects and programs to enhance the safety and viability of bicycle and pedestrian routes.

Work to be initiated in FY 15

Design:

- Long Beach Boulevard across L.A. River between 59th Street to Victoria Street
- Long Beach Boulevard between Second Street and Clark Avenue

Construct:

- Del Mar Bikeway access from L.A. River to 4600 Del Mar Avenue between L.A. River Trail

Estimated Schedule for FY 15

- Construction: Bicycle lane and Bicycle Gap Closure will be completed by September 2015.

FY 15 New Funding

Measure R	\$400,000
Transportation Development Act	\$275,000

Traffic Mitigation Program

Department: Public Works - Traffic & Transportation

Contact: Dave Roseman, (562) 570-6665

FY 15 Program Information

Program Number PWT170

Program Description

Construct improvements to mitigate traffic impacts due to development and increase in traffic volumes. Projects include corridor studies, modal improvements, and lane addition/modifications.

Estimated Schedule for FY 15

- Design: October 2014 – December 2015
- Construction: January 2015 – September 2015

FY 15 New Funding

Traffic Mitigation Program	\$400,000
Total	\$400,000

Work to be initiated in FY 15

- Blue Line Corridor Transit Signal Priority and Safety Upgrades
- Redondo Ave widening at Anaheim St
- Walnut & Alamitos/20th St intersectino improvement
- 7th St & Lime - new traffic signal
- I-405/I-605/CA-91 COG transportation Study Efforts
- Transportation Fee Nexus Study
- Transportation Management Center

Traffic & Pedestrian Signals

Department: Public Works - Traffic & Transportation

Contact: Dave Roseman, (562) 570-6665

FY 15 Program Information

Program Number PWT190

Program Description

Construct pedestrian related safety improvements and high priority traffic signal safety improvement projects to address accident prone intersections and safety concerns. Implement Countdown Pedestrian Indicators intersections flashing beacons at crosswalks, lighting at crosswalks, and crosswalk signals.

Estimated Schedule for FY 15

- Design: October 2014 – January 2015
- Bid: February 2015 – July 2015
- Construction: August 2015 – January 2016

FY 15 New Funding

Gas Tax Street Improvement	\$1,250,000
Capital	
Total	\$1,250,000

Work to be initiated in FY 15

- Atlantic Avenue and 51st Street – New Traffic Signal
- Atlantic Avenue and 21st Street – New Traffic Signal
- Santa Fe Avenue and 25th Street – New Traffic Signal
- Studebaker Road and Rosebay/Mezzanine – New Traffic Signal
- Broadway and Cherry Avenue - Traffic Signal Modernization and conversion to semi-automated operation
- Woodruff Avenue and Carson Street - Modernization and safety upgrade
- Installation of LED Countdown Pedestrian Indicators at 100 intersections
- Installation of 9 Speed Feedback Signs

Light Rail Transit Related Improvements

Department: Public Works – Traffic & Transportation

Contact: Dave Roseman, (562) 570-6665

FY 15 Program Information

Program Number PWT280

Estimated Schedule for FY 15

Program Description

Replace aging traffic signal and train control computers to provide traffic signal priority, or synchronization, for Blue Line trains throughout Long Beach.

FY 15 New Funding

Proposition A

Total **\$300,000**
\$300,000

Work to be initiated in FY 15

- Relocate and improve pedestrian crossing at 5th Street and Long Beach Boulevard
- Install state of the art crossing at Wardlow Station
- Install new pedestrian scramble at First Street station
- Blue Line Train Priority Project

Airport Terminal Area Improvements

Department: Airport

Contact: Jeff Sedlak, (562) 570-2623

FY 15 Program Information

Program Number AP1030

Program Description

The Long Beach Airport's historic terminal building is heavily used on a daily basis. This high usage leads to unforeseen repairs and consists of emergency repair to non-scheduled equipment replacement. The new passenger concourse will require similar as-needed repairs as the facility ages. The critical need is for the Airport to have the ability to keep the facility operational.

Estimated Schedule for FY 15

- Repairs and improvements:
Construction: October 2013 - September 2014

FY 15 New Funding

Airport Capital	\$500,000
Total	\$500,000

Work to be initiated in FY 15

- Repairs and improvements initiated as-needed.

Program Historical Summary

Funding Sources	Inception through FY 14 Budget	Inception through FY 13 Actuals	Estimated FY 14 Expenditures	Estimated FY 14 Carryover
Airport Capital	\$2,146,615	\$1,054,803	\$206,298	\$885,514
Airport Passenger Facility Charges	\$2,641,490	\$605,510	\$169,759	\$1,866,221
Total	\$4,788,105	\$1,660,313	\$376,057	\$2,751,735
FY15 New Funding				
Total Adopted Budget				\$ 0

Airport Parking Structure

Department: Airport
Contact: Jeff Sedlak, (562) 570-2623

FY 15 Program Information

Program Number AP1210/PW1210

Program Description

Design and construction improvements to Lot A Parking Garage.

Estimated Schedule for FY 15

- Design: August 2014 - February 2016
- Construction: April 2016 - April 2018

FY 15 New Funding

Airport Capital	\$1,000,000
Total	\$1,000,000

Work to be initiated in FY 15

- Design and construct a new elevator tower, stair wells, reconfiguration of layout, exit lanes, sidewalk and miscellaneous improvements.

Rental Car Facility

Department: Airport
Contact: Jeff Sedlak, (562) 570-2623

FY 15 Program Information

Program Number AP1270

Program Description

Design and construction of a new rental car customer service building (CSB), rental car storage lot, and Quick Turnaround (QTA) facility

Estimated Schedule for FY 15

- CSB Design: August 2014 - February 2016,
- QTA Design: August 2016 - February 2018,
- CSB Construction: April 2016 - April 2018
- QTA Construction: April 2018 - April 2020

Work to be initiated in FY 15

- Design and construction of a new rental car customer service building, rental car storage lot and Quick Turnaround facility

FY 15 New Funding

Customer Facility Charge	\$2,300,000
Total	\$2,300,000

12	Willow Street Community Identification Signs	Unknown
13	Wilmore District Courts & Ways	\$220,000

Fire

1	Fire Station 4 Roof Replacement	\$190,000
2	Fire Station 10 Relocation	Unknown
3	Fire Station 7 Upgrade	Unknown

Health and Human Services

1	Central Health HVAC System Replacement	\$275,000
2	FHEC Audio/Visual Equipment Upgrade	\$40,000
3	Long Beach Mobile Clinic for HIV Testing and Health Screening	\$200,000
4	Main Health Parking Lot Resurfacing	\$120,000
5	Multiple Health Facilities Signage and Upgrades	\$120,000

Library

1	Alamitos Back Exterior Door and Gate Replacement	\$8,400
2	Alamitos Carpet Replacement	\$35,000
3	Alamitos Circulation Desk Replacement	\$70,000
4	Alamitos Courtyard Exterior Painting	\$14,000
5	Alamitos HVAC Replacement	\$420,000
6	Alamitos Interior Painting	\$84,000
7	Bach Carpet Replacement	\$42,000
8	Bach Circulation Desk Replacement	\$42,000
9	Bach Exterior Painting	\$30,800
10	Bach Interior Painting	\$56,000
11	Bay Shore Carpet Replacement	\$42,000
12	Bay Shore Exterior Door Replacement	\$1,200
13	Bay Shore Interior Painting	\$56,000
14	Brewitt Breezeway Wall Resized (lower to 2/2.5 feet high)	\$21,000
15	Brewitt Carpet Replacement	\$28,000
16	Brewitt Circulation Desk Replacement	\$42,000

Fiscal Year 2015 Capital Improvement Program

Summary of City Council Unfunded Project Requests

17	Brewitt Exterior Door Replacement	\$11,200
18	Brewitt Interior Painting	\$70,000
19	Burnett Carpet Replacement	\$49,000
20	Burnett Circulation Desk Replacement	\$42,000
21	Burnett Interior Painting	\$56,000
22	Dana Carpet Replacement	\$35,000
23	Dana Interior Painting	\$56,000
24	El Dorado Carpet Replacement	\$49,000
25	El Dorado HVAC Replacement	\$420,000
26	El Dorado Interior Painting	\$56,000
27	El Dorado Plumbing Fixture and Pipe Replacement	\$70,000
28	El Dorado Reshingle Exterior	\$168,000
29	Harte Carpet Replacement	\$49,000
30	Harte Exterior Painting	\$16,800
31	Los Altos Interior Painting	\$56,000
32	Los Altos Plumbing Fixture and Pipe Replacement	\$140,000
33	Main Library Historic Collections Partition	\$7,700
34	Main Library Interior Painting	\$7,000

Marinas, Beaches & Waterways

1	Alamitos Bay Marina rebuild	\$54,000,000
2	Relocation of Marine Maintenance Dock	\$250,000
3	Shoreline Marina Gangways/Gates/Restrooms	\$2,000,000

Parks & Recreation

1	14th Street Park Expansion	\$750,000
2	Bixby Park Community Center Rehabilitation	\$650,000
3	Bixby Park Playground Replacement	\$450,000
4	Bixby Park Skate Park Equipment and Landscaping	\$200,000
5	Cherry Park Restroom Rehabilitation	\$150,000
6	Chittick Sports Complex Lighting	\$1,000,000
7	Citywide Game Court Resurfacing	\$500,000
8	Citywide Irrigation Upgrade to 6 Major Parks	\$8,000,000
9	Citywide Park Fencing Upgrades	\$200,000
10	Citywide Park Plumbing Repairs	\$175,000
11	Citywide Park Restroom Repairs	\$950,000
12	Citywide Park Roof Replacement	\$780,000
13	Citywide Park Tree Trimming	\$980,000
14	Community Center Door Replacement	\$435,000
15	Coolidge Park Playground Replacement	\$230,000
16	Coolidge Park Restroom Rehabilitation	\$95,000
17	Davenport Park Phase II	\$5,000,000
18	DeForest Park Dog Park	\$270,000
19	DeForest Park Playground Replacement	\$200,000
20	DeForest Park Roof Replacement	\$200,000
21	Drake Chavez Greenbelt Development	\$40,000,000
22	Drake Park Restroom Rehabilitation	\$150,000
23	El Dorado Community and Senior Center Roof	\$600,000
24	El Dorado Nature Center Building and Site Rehabilitation	\$2,250,000
25	El Dorado Park Concrete Edge Repair at Perimeter Lakes	\$600,000
26	El Dorado Park Duck Pond Lake Dredging and Aeration	\$500,000
27	El Dorado Park Duck Pond Playground	\$450,000

Fiscal Year 2015 Capital Improvement Program

Summary of City Council Unfunded Project Requests

28	El Dorado Park Old Ranger Station Rehabilitation	\$950,000
29	El Dorado Park West Restroom Replacement	\$450,000
30	El Dorado Regional Park Campground Rehabilitation	\$600,000
31	El Dorado Regional Park Dredging	\$800,000
32	Heartwell Park Lake Dredging	\$300,000
33	Heartwell Park Restroom Rehabilitation (4 restrooms)	\$600,000
34	Houghton Park Community Center Replacement	\$10,000,000
35	Houghton Park Playground Replacement	\$475,000
36	Lincoln Park Playground	\$500,000
37	Locust Street Playground Site Development	\$150,000
38	Los Altos Park Playground Surfacing Repairs	\$33,000
39	Los Cerritos Park Playground Replacement	\$200,000
40	MacArthur Community Center Rehabilitation	\$2,000,000
41	MacArthur Park Playground Replacement	\$200,000
42	MacArthur Park Restroom Replacement	\$450,000
43	Marina Vista Park High Voltage Electrical Upgrade	\$415,000
44	Marina Vista Turf, Ball Field and Irrigation Rehabilitation	\$2,000,000
45	Martin Luther King, Jr. Park Playground Replacement	\$250,000
46	Martin Luther King, Jr. Restroom Replacement	\$450,000
47	McBride Community Center Rehabilitation	\$2,500,000
48	Oregon Park Development	\$3,500,000
49	Pan Am Park and Community Center Roof Replacement	\$750,000
50	Pan Am Park Door Replacement	\$50,000
51	Pan Am Park Gym Restroom Rehabilitation	\$270,000
52	Pan Am Park Restroom Rehabilitation	\$250,000
53	Ramona Park Playground Replacement	\$250,000
54	Rancho Los Cerritos Stabilize Foundation & Perimeter Walls	\$95,000
55	Recreation Park Bandshell Painting	\$30,000

58	SCE/Atlantic Fitness Park	\$1,000,000
59	Scherer Park Lake Aeration	\$202,000
60	Scherer Park Restroom and Storage Area Rehabilitation	\$320,000
61	Silverado Park Freestanding Restroom Replacement	\$450,000
62	Silverado Park Game Court Lighting Replacement	\$540,000
63	Silverado Pool Door Replacement	\$350,000
64	Somerset Park Playground Replacement	\$325,000
65	Stearns Park Community Center Replacement	\$6,000,000
66	Stearns Park Parking Lot Repair	\$300,000
67	Stearns Park Roof Replacement	\$220,000
68	Veterans Park Playground Replacement	\$375,000
69	Wardlow Community Center Roof Replacement	\$150,000
70	Whaley Park Baseball Field Upgrade	\$100,000
71	Whaley Park Buidling Upgrade	\$85,000
72	Whaley Park Playground Replacement	\$400,000

Fiscal Year 2015 Capital Improvement Program

Summary of City Council Unfunded Project Requests

Street Rehabilitation

Design:

1	15th Street from Long Beach Blvd to Locust Avenue	\$18,000
2	34th Street from Delta Avenue to Gale Avenue	\$26,000
3	7th Street, 8th Street & 9th Street from Pacific Avenue to Long Beach Boulevard	\$126,000
4	Alley between Mira Mar Avenue and Grand Avenue, Stearns Street to 23rd Street	\$32,000
5	California Avenue from Carson Street to San Antonio Drive	\$57,000
6	Cameron Street from Delta Avenue to Gale Avenue	\$30,000
7	Chestnut Avenue from Willow Street to Spring Street	\$64,000
8	Elm Avenue from 37th Street to San Antonio Drive	\$112,000
9	Harvey Way from Lakewood Boulevard to Bellflower Boulevard	\$28,000
10	Locust Avenue from 7th Street to 12th Street	\$77,000
11	Olive Avenue from Carson Street to San Antonio Drive	\$51,000
12	Orange Avenue from Anaheim Street to 15th Street	\$31,000
13	Pine Avenue from 8th Street to Anaheim Street	\$73,000
14	Spring Street from Pacific Avenue to Gale Avenue	\$84,000
15	Unpaved Alleys	Unknown
16	Westside Infrastructure Plan Streets, Curbs, Gutters & Alleys	Unknown

Construction:

1	14th Street Park Intersection Improvements	\$280,000
2	Lakewood Boulevard & Stearns Curbs, Sidewalks and Streets	Unknown
3	53rd Street & Linden Avenue Intersection	\$250,000

Storm Water

1	Storm Drain Master Plan	\$1,000,000
2	6 th Street Relief Drain	\$1,000,000
3	Pump Stations 23, 15 & 14 Natural Gas Pump Replacement	\$1,200,000
4	Division Street Storm Drain Infiltration Improvement	\$800,000
5	31 st Street & San Francisco Drainage Improvement	\$2,000,000
6	Various Citywide Improvements	\$147,000,000
7	Pump Station 7 improvements	\$8,500,000
8	Arbor Village Storm Drain Improvements	\$700,000
9	Westside Storm Drain Improvements, Phase 3	\$4,500,000
10	Broadway Storm Drain Upgrade (Promenade/Pine Ave)	\$300,000
11	7 th Street Storm Drain Upgrade (Alamitos/Atlantic Ave)	\$500,000

Technology Services

1	Rose Park Video Camera	\$27,500
2	UPRR Right of Way Video Camera	\$69,600

Transportation Enhancements (Bike/Pedestrian Facilities)

1	Walk/Bike Path on West Side of LA River	Unknown
2	Broadway and Lincoln Bulb-outs	Unknown
3	7 th & Alamitos Right Turn Lane Acquisition & Construction	Unknown
4	3 rd Street Lighting Alamitos at Long Beach Boulevard	\$500,000
5	Los Cerritos Elementary School Pedestrian Bridge	\$9,148,125

Fiscal Year 2015 Capital Improvement Program

Glossary

AB2766: This funding source was enacted to support programs that reduce air pollution from motor vehicles. Funds are collected by the Department of Motor Vehicle (DMV) and subvented to the South Coast Air Quality Management District (AQMD) for disbursement. The City receives these funds to implement programs and measures that reduce air pollution from motor vehicles mandated by the requirements of federal and state Clean Air Acts and the Air Quality Management Plan (AQMP).

AB2928: The State Assembly Bill that established legislation for the Traffic Congestion Relief Fund in the State Treasury for allocation of street and road funds to cities and counties for maintenance and reconstruction. This funding source was replaced in 2002 by the Transportation Congestion Improvement Act. See State Proposition 42.

Americans with Disabilities Act of 1990 (ADA): A Federal law enacted to provide for the protection of individuals with disabilities. This protection ranges from prohibitions against discrimination in employment to specific requirements for modifications of public facilities and transportation systems.

Airport Area Assessment District: The assessment district formed for the purpose of constructing upgrades in the airport area to improve traffic flow. The upgrades include street widening, grade separation, dedicated turn lanes, traffic signals, and signage. See Assessment District.

Airport Capital: A sub-fund of the Airport Fund. The non-grant portion of the Airport Fund capital expenditures. See Airport Fund.

Airport COPS: Certificates of Participation issued by the Long Beach Airport to fund capital improvements. See Certificates of Participation.

Airport Fund: The fund designation used to account for revenues and expenditures applicable to the operation and maintenance of the Long Beach Airport and its leaseholds. The major revenue sources consist of revenues related to airport operations leases and grants. The Airport Fund is an Enterprise Fund. See Enterprise Fund.

Airport Customer Facility Charge: The amount added to the car rental fee to provide a funding source for rental facilities.

Airport Passenger Facility Charges: The amount added to the passenger airline ticket to provide a funding source for airport improvements.

Appropriation: An authorization granted by the City Council that permits officials to make expenditures and incur obligations for specific purposes.

Assessment District: A separate local government entity formed to provide specific local public services. Assessment districts can be established to provide a single service such as sewage treatment or to provide multiple services such as police and fire protection, parks and recreation facilities, and water distribution systems. Property owners within the assessment district's boundary pay into the district in direct proportion to the benefits or services they receive.

Bond: A method of financing long-term debt, issued by a government or private corporation, which bears interest.

Budget: A plan of anticipated expenditures and revenue for a certain period.

California Energy Commission: California's primary energy policy and planning agency.

Caltrans: The State of California Department of Transportation. Caltrans administers both U.S. Department of Transportation grants and its own grants for improvements to streets and highways.

Caltrans Construction Cooperative Grant: A grant issued by Caltrans for the City of Long Beach to provide various services in connection with the State's Interstate 710 construction project.

Capital: Assets that add to the long-term net worth of the City.

Capital Improvement: Construction or major repair of City-owned buildings and infrastructure which helps meet health, safety, and legal concerns and mandates, prolongs the life of City assets or avoids or minimizes future repair costs, benefits the community and supports goals articulated in the City of Long Beach Strategic Plan, has potential to generate operating savings or increase productivity, and is consistent with the City's General Plan.

Certificates of Participation (COPS): Interest-bearing debt instruments sold to investors by a non-profit agency to finance construction. The agency

then leases the facility and uses the revenues to repay the debt.

CFD No. 5 Bond: See Community Facilities District (CFD) No. 5 Bond.

CFO: Chief Financial Officer.

CIP Category: A group of similar programs organized into a major section of the CIP budget document.

Civic Center 1997A Bond: A bond issued in 1997 by the Long Beach Finance Authority to fund various capital improvement projects in the Civic Center Complex.

Civic Center Capital: A sub-fund of the Civic Center Fund. The non-bond portion of the Civic Center Fund capital expenditures. See Civic Center Fund.

Civic Center Fund: The fund designation used to account for revenues and expenditures applicable to the operation and maintenance of the City Hall Complex and the Main Library Complex. The major ongoing revenue source to the Fund is rental payments from the departments occupying the facilities.

Coastal Conservancy Grant: State bond proceeds used to provide grant funds for pre-approved projects that improve public access to the coast and bay shores. Established in 1976, the California Coastal Conservancy is funded largely by State bonds.

Community Development Block Grant (CDBG): Federal entitlement funds (based on various criteria) received by the City of Long Beach from the U.S. Department of Housing and Urban Development (HUD) for the purpose of benefiting low and moderate-income areas and disabled residents.

Community Facilities District (CFD) No. 5 Bond: The 2000 Special Tax Bonds issued to finance the acquisition and construction of certain street and other public improvements for the Long Beach Towne Center.

Construction Support: Engineering work during the construction process, which ensures that projects are constructed in accordance with design parameters and specifications. Primary construction engineering functions include construction, inspection, laboratory services, field surveys, and design plan updates or interpretation.

Contract Award Process: Procurement preparation for Council award and all pertinent contract documentation prior to the initiation of construction.

Debt Service: The principal and interest payment on borrowed money according to a predetermined schedule.

Department of Boating and Waterways (DBAW): A State agency that provides grants and loans for improvements in the Tidelands areas of the City.

Design: The process of identifying project options, developing a project scope, conducting feasibility analyses, and creating plans, specifications, and estimates for a capital improvement. Primary design engineering functions include drafting, design, development of specifications, and traffic engineering.

Economic Development Administration (EDA): Created by Congress pursuant to the Public Works and Economic Development Act of 1965 to generate new jobs, retain existing jobs, and stimulate industrial and commercial growth in economically distressed areas of the United States.

Edison Grant: A grant received from Edison International under the LED Traffic Signal Rebate Program to provide for more energy efficient traffic signals.

Environmental Enhancement and Mitigation Program (EEMP) Grant: Annually, the EEMP offers grants for projects to mitigate the environmental impacts caused by new or modified state transportation facilities. These grants are offered to local, state, and federal governmental agencies. The EEMP was established in 1989.

El Dorado Regional Park Development Grant: A National Park Service federal grant administered by the State Department of Parks and Recreation to upgrade the El Dorado Park campsites.

Enterprise Fund: The fund designation used to account for City operations that are financed and operated in a manner similar to private business enterprises. The intent of the City in using this type of fund is to determine that the costs (expenses, including depreciation) of providing these services to the general public on a continuing basis are financed or recovered primarily through user charges. The City's Enterprise Funds include Airport, Development Services, Gas, Refuse/ Recycling, Sewer, Towing, Water, and SERRF.

Environmental Protection Agency (EPA) Grant: Federal funds used to address environmental issues for pre-approved projects.

FAA: Federal Aviation Administration.

FAA AIP Program Grant: An Airport Improvement Program (AIP) grant from the FAA to construct capital improvements for pre-approved projects at the Long Beach Airport.

FEMA: Federal Emergency Management Agency. Provides funds, services, hiring, and post-disaster assistance for response and recovery in the event of natural disasters.

FEMA HMGP: The FEMA Hazard Mitigation Grant Program. The Governor's Office of Emergency Services (OES) administers this program in California.

Fiscal Year (FY): A designated time frame which identifies the beginning and ending dates for recording an entity's financial transactions. The fiscal year for the City of Long Beach is from October 1 through September 30.

Fleet Capital: A sub-fund of the Fleet Fund. It is comprised of the non-grant and non-bond portion of the Fleet Fund capital expenditures. See Fleet Fund.

Fleet Fund: The fund designation used to account for revenues and expenditures applicable to the City's operation, maintenance, and timely replacement of the City's fleet of vehicles and equipment. There are two major sources of ongoing revenue for the Fund, Fleet Services charges to the City departments and land rental payments.

Fund: An accounting entity with a self-balancing set of accounts recording financial resources and transactions for specific activities.

Fund Type: A classification term used to group funding sources into specific categories of government functions or services.

Funding Source: The specific source of appropriated funds.

FY 14 Estimated Expenditures: Year-to-date actual expenditures plus anticipated expenditures up to fiscal year-end. Also known as "Estimates to Close" (ETC).

FY 14 Estimated Carryover: Unspent funds carried over from prior fiscal years that become part of the FY 15 appropriation (ITD FY 14 Budget less ITD FY 13 Actuals and FY 14 ETC).

FY 15 New Budget: The new allocation of monies that is part of the FY 15 budget appropriation.

FY 15 Adopted CIP

Gas Capital: A sub-fund of the Gas Fund. This is the non-grant portion of the Gas Fund capital expenditures. See Gas Fund.

Gas Fund: The fund designation used to account for revenues and expenditures applicable to activities associated with the transmission and distribution of natural gas to the City's users. The Gas Fund is an Enterprise Fund. See Enterprise Fund.

Gasoline Tax Street Improvement Capital: A sub-fund of the Gasoline Tax Street Improvement Fund. This is the non-grant portion of the Gasoline Tax Street Improvement Fund.

Gasoline Tax Street Improvement Fund: The fund designation used to account for revenues and expenditures of gasoline tax funds apportioned under the State Streets and Highways Code, as well as other sources dedicated to transportation improvements. Expenditures may be made for any street-related purpose on the City's system of streets, including maintenance. In addition to the gasoline tax revenue from the State of California, other transportation-related revenue sources include funding from the Federal Transportation Equity Act for the Twenty-First Century (TEA-21) and the State Traffic Congestion Relief Fund and State Proposition 42 (AB2928).

General Capital Projects Fund: The fund designation used to account for the all-years Capital Improvement Program with multiple funding sources, including the General Fund that pays for the City's general projects.

General Fund: The fund designation used to account for financial resources applicable to the general governmental operations of the City of Long Beach. The largest sources of revenue for the General Fund are property taxes, sales taxes, utility users taxes, and motor vehicle license fees.

Grants: Disbursement of assets from another government agency or entity to be expended for a pre-approved purpose, activity, or facility.

Highways-Through-Cities Grant (HTC): A Los Angeles County financial aid program to assist Cities with their major and secondary highway rehabilitation projects. This is a discretionary program based on each Supervisor's decision regarding which projects to assist in the cities within their district. Financing is provided by each County Supervisor District's Road Construction program allocation of State gas tax funding.

HBRR: Highway Bridge Rehabilitation and Replacement Program. See TEA-21 HBRR.

Health Fund: The fund designation used to account for revenues and expenditures applicable to the support of the operations of the Department of Health and Human Services.

HVAC: Heating, ventilation, and air conditioning.

Inception Through FY 13 Actuals: The aggregate expenditures from the initial expenditures through Fiscal Year 2013.

Inception Through FY 14 Budget: The aggregate budgeted appropriations from the initial appropriation through Fiscal Year 2014.

Internal Service Fund: The fund designation used to account for the finance of goods and services provided by one City department to another on a cost-reimbursement basis, e.g., computer services, fleet services, etc., including depreciation.

ISTEA: Intermodal Surface Transportation Efficiency Act (of 1991). The Transportation Equity Act for the Twenty-First Century (TEA-21) superseded this funding source in 1998. The Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) superseded TEA-21 in 2005. The Moving Ahead for Progress in the 21st (MAP-21) Century Act supercedes SAFETY-LU in 2012.

LED: Light Emitting Diode. A component of an electronic display.

Long Beach and Los Angeles Harbor

Contributions: Monies received from the Long Beach and Los Angeles Harbors to fund various street improvements to improve the traffic flow out of the Long Beach and Los Angeles harbor areas.

Los Angeles County Grant: Grants issued by the County of Los Angeles to the City of Long Beach to fund various capital improvement projects.

MAP-21: The authorized bill that governed United States federal surface transportation spending. The bill was signed into law by President Bush on August 10, 2005 and expired on September 30, 2009 but Congress renewed its funding formulas ten times after its expiration date, until replacing the bill with Moving Ahead for Progress in the 21st (MAP-21) Century Act in 2012. The \$286.4 billion measure contained a host of provisions and earmarks intended to improve and maintain the surface transportation infrastructure in the United States, including interstate highway system, transit systems around the country, bicycling and pedestrian facilities, and freight rail operations.

Marina Capital: A sub-fund of the Marina Fund. The non-grant and non-loan portion of the Marina Fund capital expenditures. See Marina Fund.

Marina Fund: The fund designation used to account for the revenues and expenditures applicable to the operation, maintenance, and development of the City's marinas in the Tidelands area.

Measure D: In November 2010, Long Beach voters approved Measure D, a City Charter amendment clarifying the language related to the City Council's authority over the administration of all oil operations, including those in the Harbor District.

Measure R: A ballot measure proposed by the Los Angeles County that was passed in 2008. This increases the county sales tax by one half-cent to fund transportation projects. Collection of Measure R sales tax revenue commenced on July 1, 2009.

MTA Grant: State and Federal funding awarded to the City of Long Beach through the Metropolitan Transportation Authority (MTA) "Call for Projects".

Non-Point Source Pollution (NPS): Water pollution which originates from many different sources rather than one specific, identifiable source. NPS occurs when rainfall, irrigation waters, and water habits (washing cars/pets) create a flow over land and impervious surfaces and are deposited into the receiving waters via the storm drain system.

Park Impact Fees: Fees collected from new residential developments used to mitigate impact on Parks, Recreation and Marine facilities.

Program: A specific undertaking for the delivery of a capital improvement including procurement, construction or installation of facilities or related equipment.

Proposition A: A source of funding from the Los Angeles County sales tax of one-half cent used exclusively to construct, improve, and maintain mass transit services and facilities. See Transportation Fund.

Proposition 1B (Transportation Bond): Funding derived from Budget Bill: SB78 and Trailer Bill: SB88 and implemented as "The Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006" passed by the voters in November 2006. This authorized the state to sell approximately \$20 billion of general obligation bonds to fund transportation projects to relieve congestion, improve the movement of goods, improve air quality, and

enhance the safety and security of the transportation system.

Proposition C: A source of funding from the Los Angeles County sales tax of one-half cent used to construct, improve, and maintain mass transit services and facilities. This funding also provides an expanded list of eligible project expenditures including: congestion management programs, bikeways and bike lanes, street improvements supporting public transit service, and pavement management system projects. See Transportation Fund.

Proposition C MTA Grant: See MTA Grant.

Proposition 42: See State Proposition 42.

Public Safety Facilities Capital Improvements

Lease Revenue Bond: The 2002 bond issued by the Long Beach Finance Authority to finance public safety facility capital improvement projects.

Rainbow Harbor Area Fund: The fund designation used to account for revenues and expenditures applicable to the operation, maintenance, and development of the City's Rainbow Harbor area.

Rainbow Harbor Capital: A sub-fund of the Rainbow Harbor Area Fund. The non-grant and non-loan portion of the Rainbow Harbor Area Fund capital expenditures.

Safe Routes to School Program: Administered by Caltrans, this 2003 program provides state and federal funds for projects that protect the safety of children traveling to and from school. Projects were developed through collaboration with the Long Beach Unified School District.

SERRF Refunding 03 Bonds: The 2003 refunding bonds for the finance of the construction of the Southeast Resource Recovery Facility (SERRF).

Sewer Capital: A sub-fund of the Sewer Fund. The non-grant portion of the Sewer Fund capital expenditures. See Sewer Fund.

Sewer Fund: The fund designation used to account for revenues and expenditures applicable to the operation, maintenance, and replacement of the City's sewer system in a cost effective manner. The major sources of revenue include a water usage charge based on water that will enter the sewer system and a service charge based on the size of the customer's water meter. The Sewer Fund is an Enterprise Fund.

Skylinks Golf Course 03 Bonds: The 2003 bond issued by the Long Beach Finance Authority to finance improvements to the Skylinks Golf Course.

South Coast Air Quality Management District (SCAQMD): Agency responsible for preparation of the state implementation plan (SIP) applicable within its boundaries, adoption of control regulations for stationary sources, and implementation of indirect source and transportation control measures.

State Bond Act of 1988: The 1988 bond issued by the State of California to fund various parks and recreation projects.

State Grant – California Endowment Fund: State funding awarded to the City of Long Beach to establish a Latino Diabetes Prevention and Management Program.

State Grant – Energy Commission: Funding authorized by Assembly Bill 970 and administered by the California Energy Commission (CEC). These funds were used to purchase and install light-emitting diode (LED) traffic signals and battery back up systems.

State Grant – Public Libraries: Funding for new library facilities provided under the California Reading and Literacy Improvement and Public Library Construction and Renovation Bond Act of 2000.

State Implementation Plan (SIP): The 1970 Clean Air Act requires each state to develop a state implementation plan to attain National Ambient Air Quality Standards (NAAQS) by the applicable attainment deadlines. SIPs must be approved by the Federal Environmental Protection Agency.

State Library Bond: California Reading and Literacy Improvement and Public Library Construction and Renovation Bond Act of 2000 (Proposition 14). The bond proceeds are designated for site acquisition, new building construction, remodeling, renovation, and upgrading electrical and telecommunications systems.

State Proposition 12 Bond: Funding derived from Assembly Bill 18 and Senate Bill 1147 and implemented as the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Act of 2000. The program includes entitlement (funding for cities based on population) and competitive grants for improvement of park land and facilities.

State Proposition 13 (Costa-Machado Water Act of 2000) - Coastal Non-point Source Program: A source of funding from the State Water Resources

Control Board (SWRCB) for the Los Angeles River and Colorado Lagoon California Beaches Initiative projects.

State Proposition 40 Bond: Funding derived from the California Clean Water, Clean Air, Safe Neighborhood Parks, and Coastal Protection Act of 2002. Proposition 40 provides both entitlement and competitive grant programs to California cities for improvement of community recreation areas.

State Proposition 40 Water Board Grant: Funding derived from the SWRCB from the Clean Beaches Initiative. This grant was obtained for the remediation of the Colorado Lagoon.

State Proposition 42: Funding derived from Assembly Bill 2928 and implemented as State Transportation Congestion Improvement Act, passed in 2002. This requires sales and user taxes on motor fuels to be used for public transportation, city and county road repairs and improvements, and state highway improvements.

State Proposition 46 Jobs Housing Balance Incentive Grant: The Housing and Emergency Shelter Trust Fund Act of 2002. This authorized the award of a one-time \$25 million grant for cities and counties meeting the terms and conditions of the program for the 2001 calendar year. The City obtained this grant as part of the matching fund requirement for the MacArthur Park Branch Library project.

State Transportation Improvement Grant: Federal funds from the Department of Transportation given to the State of California for major transportation projects. This funding has been used primarily for Citywide street repair and improvements.

State Water Bond 2000: Funding derived from the Safe Drinking Water, Clean Water, Watershed Protection, and Flood Protection Act of 2000. The funds are administered by the SWRCB for non-point source pollution control, watershed management plan development and implementation, wastewater recycling, and the protection of various targeted watersheds.

TDA-SB821: Transportation Development Act funding from sales tax receipts as specified in the California Streets and Highways Code. The TDA SB-821 is the Senate Bill that established legislation for the Transportation Development Act.

Transportation Equity Act for the Twenty-First Century (TEA-21): Enacted on June 9, 1998, this federal legislation authorizes the Federal surface transportation programs for highways, highway safety, and transit. TEA-21 provides states with the

flexibility to set their own transportation priorities and to explore creative financing mechanisms within certain guidelines. TEA-21 supersedes the 1991 ISTEA program.

TEA-21 HBRR: Highway Bridge Replacement and Rehabilitation funds used specifically for bridges within the city limits. See TEA-21.

TEA-21 MTA Grant: See MTA Grant.

Temple/Willow Bond: Bonds issued by the City to fund the construction of the new Fleet and Towing facility located on the corner of Temple Avenue and Willow Street.

Tidelands Operations Capital: A sub-fund of the Tidelands Operations Fund. The non-grant and loan portion of the Tidelands Operations Fund capital expenditures. See Tidelands Operations Fund.

Tidelands Operations Fund: The fund designation used to account for revenues and expenditures applicable to the operations, maintenance, and development of the convention center and beaches in the Tidelands area.

Traffic Mitigation Program: The goal of the Program is to relieve arterial congestion, accommodate planned growth, and implement specific programs including street widening, left turn pockets, parking prohibition, off-street replacement parking, and traffic signal synchronization. The City receives the monies from the payment of Transportation Improvement Fees. See Transportation Improvement Fees. The Traffic Mitigation Program monies are appropriated in the Capital Projects Fund.

Transportation Fund: The fund designation used to account for revenues and expenditures applicable to the City's share of an additional one and a half percent sales tax which was approved by the electorate and is collected by the County of Los Angeles to finance certain transportation projects (Propositions A, 1B, C and Measure R).

Transportation Improvement Fees: Fees collected from land developers to mitigate cumulative traffic impacts. Sometimes referred to as Transportation Development Fees. See Traffic Mitigation Program.

TSM-State Grant: Traffic System Management funds administered by the California Department of Transportation (Caltrans) for traffic-related improvements. Receipt of the grant funds is contingent upon Caltrans' approval of the proposed projects.

Upland Oil Revenue Fund: An oil fund used to account for proceeds from oil operations north of the mean high tide in Long Beach, oil fields of working interest of Signal Hill east and west, Recreation Park on the north side of 7th Street and Marine Stadium. Revenues are used to spur investment opportunities in one-time capital improvements, budget requirements, and essential needs. The Upland Oil fund will allow for important contributions to public safety, infrastructure, libraries, parks, recreation, and technology.

Urban Area Security Initiative (UASI): A grant awarded by the U.S. Department of Homeland Security to the City of Long Beach to fund planning, equipment, training, and personnel costs associated with the protection of critical infrastructure in and around the Long Beach Urban Area.

Water Fund: The fund designation used to account for revenues and expenditures used to meet the water needs of the citizens of Long Beach with a dependable supply of high-quality water at a reasonable cost. The major sources of revenue include a volumetric charge for water used by customers and a service charge based on the size of the customer's water meter. The Water Fund is an Enterprise Fund. See Enterprise Fund.

West Long Beach Business Park Assessment District: The assessment district established to fund various street improvements in the West Long Beach area. See Assessment District.

A dramatic sunset over a harbor. The sky is filled with large, dark, and textured clouds, with a bright orange and yellow glow from the setting sun breaking through near the horizon. In the foreground, a small, dark island with some buildings and lights is visible in the water. The background shows a city skyline with various buildings and industrial structures, including cranes, along the waterfront. The water in the foreground is calm, reflecting the colors of the sky.

www.longbeach.gov

The City of Long Beach fully endorses and supports the concept of equal business and employment opportunities for all individuals, regardless of race, color, age, sex, religion, national origin, disability or sexual orientation.
