Project Number		Project Title	Page
Legacy	New		
29-458.0	S-00640	252 Corridor (Dorothy Petway) Neighborhood Park	385
29-970.0	S-01071	252 Corridor Park Improvements - Phase II	386
62-332.0	S-00985	25th Street Renanissance Project	225
52-774.0	S-00922	34th and 35th at Madison Avenue - Curb, Gutter and Sidewalk (CD3 Sidewalk)	119
52-782.0	S-00930	38th Street Improvements	120
52-409.0	S-00845	43rd Street and Logan/National Avenue Intersection	121
58-179.0	S-00956	54th Street and Euclid Avenue Bike Lanes and Route	73
52-778.0	S-00926	62nd to 65th Street Channel Improvements	122
52-592.0	S-00865	Aldine Drive and Fairmount Avenue - Slope Restoration	123
52-713.0	S-00894	Alvarado Canyon Road Realignment	124
42-934.0	S-00311	Alvarado Water Quality Lab Roof Replacement	307
73-261.3	S-00021	Alvarado Water Treatment Plant - Upgrade and Expansion	513
29-901.0	S-00762	Angier Elementary School - Joint Use Improvements	387
46-505.0	A-JA.00003	Annual Alloation - Unscheduled Projects	331
37-064.0	A-BE.00001	Annual Allocation - ADA Improvements	107
25-025.0	A-EA.00002	Annual Allocation - Balboa Park Golf Course	357
46-193.0	A-BR.00001	Annual Allocation - CIP Contingencies	326
73-331.0	A-BS.00001	Annual Allocation - CIP Contingencies	514
70-942.0	A-BS.00002	Annual Allocation - CIP Contingencies - Reclaimed Water Distribution System/RWDS	548
37-068.0	A-BT.00001	Annual Allocation - City Facilities Improvements	285
46-502.0	A-BR.00004	Annual Allocation - Clean Water Program Pooled Contingencies	308
73-310.0	A-KA.00001	Annual Allocation - Corrosion Control	515
74-925.0	A-BK.00001	Annual Allocation - Dams and Reservoirs	516
39-803.0	S-01080	Annual Allocation - Downtown Parking Projects	68
13-005.0	A-CA.00001	Annual Allocation - Drainage Projects	508
73-024.0	A-KB.00002	Annual Allocation - Freeway Relocation	517
75-932.0	A-BM.00001	Annual Allocation - Groundwater Asset Development Program	518
32-017.0	A-KC.00003	Annual Allocation - Groundwater Monitoring Network	251
42-913.0	A-BO.00001	Annual Allocation - Metro Treatment Plants	309
41-926.0	A-BP.00002	Annual Allocation - Metropolitan System Pump Stations	310
37-004.0	A-FA.00001	Annual Allocation - Minor Landfill Requirements	252
25-026.0	A-EA.00003	Annual Allocation - Mission Bay Golf Course and Practice Center	358
22-965.0	A-GF.00004	Annual Allocation - Mission Bay Improvements	371
31-001.0	A-AA.00002	Annual Allocation - Montgomery Field	64
70-954.0	A-HC.00002	Annual Allocation - North City Reclamation System	549
46-050.0	A-JA.00002	Annual Allocation - Pipeline Rehabilitation	327
59-023.0	A-ID.00003	Annual Allocation - Preliminary Engineering for Congestion Relief Projects	125
73-900.0	A-KA.00002	Annual Allocation - Pressure Reduction Facility Upgrades	519
41-927.0	A-BP.00003	Annual Allocation - Pump Stations 64, 65, Penasquitos and East Mission Gorge	328
34-200.0	A-BG.00001	Annual Allocation - Qualcomm Stadium Improvements	503

Capital Improvements Program Fiscal Year 2010 Summary

The Capital Improvements Program (CIP) Budget allocates existing funds and anticipated revenues to rehabilitate, restore, improve, enhance, and increase the City's capital facilities. This budget supports the design and construction of a wide range of infrastructure improvement projects and other significant capital infrastructure investments. Projects include the development of park land, construction of water and sewer facilities, acquisition of land for City use, installation of traffic signals or street lighting systems, seismic retrofit of bridges, improvement of street and drainage systems, construction or renovation of City facilities, and acquisition of information technology infrastructure. These funds are derived from various sources, including sewer and water fees, a one half-cent local sales tax for transportation improvements (TransNet and TransNet Extension), development impact fees, sale of City-owned property, and State and federal grants. The issuance of bonds is typically made for large and costly projects such as sewer and water treatment plants, pump stations, and pipe replacement or rehabilitation; and capital projects to address deferred maintenance.

Overview of the Fiscal Year 2010 Annual CIP Budget

The Fiscal Year 2010 Annual CIP Budget totals \$478.4 million. This is a reduction of \$108.5 million or 18.5 percent from the Fiscal Year 2009 Annual CIP Budget of \$587.0 million. The reduction between Fiscal Years 2009 and 2010 is primarily due to one-time financing and Proposition 1B funds included in the Fiscal Year 2009 Annual CIP Budget for capital deferred maintenance.

Deferred maintenance and Americans with Disabilities Act (ADA) obligations are two of the eight significant areas identified in the Five-Year Financial Outlook. The Annual CIP Budget includes \$11.8 million for facilities deferred maintenance capital projects, funded by proceeds from land sales, to continue efforts to address the City's estimated \$800-900 million backlog of deferred maintenance needs. This is in addition to the \$129.7 million of funding that was approved in the Fiscal Years 2008 and 2009 Annual CIP Budgets for facilities, streets, storm drains, and sidewalk capital deferred maintenance projects. The funding appropriated in prior years had included \$102.2 million of bond financing for capital deferred maintenance projects. In March 2009, the City received \$102.7 million in bond financing requiring an adjustment in appropriations to deferred maintenance projects. In July 2009, City Council appropriated the additional \$498,000 of bond proceeds for CIP projects. The Fiscal Year 2010 Annual CIP Budget also includes \$11.1 million for ADA improvements funded by proceeds from land sales and Community Development Block Grants (CDBG), which is in addition to the \$23.3 million of funding approved in Fiscal Years 2008 and 2009.

Water and sewer projects in the Fiscal Year 2010 Annual CIP Budget are funded by water and sewer rates. On February 26, 2007, City Council approved water and sewer rate increases. Water rates will increase 6.5 percent each year through Fiscal Year 2011. Sewer rates increased 8.75 percent in May 2007 and May 2008, 7 percent in May 2009, and will increase another 7 percent in May 2010. The revenues generated from these rate increases are projected to fund \$585.0 million of water and \$648.0 million of sewer projects over this time period. In addition, the Fiscal Year 2010 Annual CIP Budget includes \$24.2 million of TransNet Extension cash and commercial paper funding for transportation projects.

The following table shows the total Fiscal Year 2010 Annual CIP Budget by department. The most significant change in the CIP Budget is due to the \$77.5 million of one-time bond

Capital Improvements Program

Fiscal Year 2009 Summary

financing and the \$15.4 million of Proposition 1B funds that were included in the Engineering and Capital Projects, General Services and Storm Water Departments' Fiscal Year 2009 Annual CIP Budgets for deferred maintenance capital projects. Bond financing for capital deferred maintenance needs was received in March 2009 and will fund \$102.7 million of bond financing previously appropriated in deferred maintenance capital projects.

Fiscal Year 2010 Annual CIP Budget by Department Compared to Fiscal Year 2009

Department	FY 2009	FY 2010	CHANGE BETWEEN FY09 - FY10
Airports	\$ 2,400,000	\$ 1,800,000	\$ (600,000)
City Planning and Community Investment	\$ 1,894,000	\$ 5,500,000	\$ 3,606,000
Engineering and Capital Projects	\$ 151,885,792	\$ 121,547,754	\$ (30,338,038)
Environmental Services	\$ 6,607,194	\$ 7,502,194	\$ 895,000
Fire-Rescue	\$ 21,000	\$ 4,100,000	\$ 4,079,000
General Services	\$ 84,812,544	\$ 12,150,000	\$ (72,662,544)
Library	\$ 600,000	\$ 1,410,000	\$ 810,000
Metropolitan Wastewater	\$ 103,118,352	\$ 134,080,636	\$ 30,962,284
Office of the Chief Information Officer	\$ 3,341,763	\$ -	\$ (3,341,763)
OneSD Support	\$ 6,825,624	\$ 9,874,376	\$ 3,048,752
Park and Recreation	\$ 34,629,253	\$ 29,407,498	\$ (5,221,755)
QUALCOMM Stadium	\$ 750,000	\$ 750,000	\$ -
Storm Water	\$ 12,205,000	\$ 539,149	\$ (11,665,851)
Water	\$ 177,869,077	\$ 149,776,309	\$ (28,092,768)
TOTAL	\$ 586,959,599	\$ 478,437,916	\$ (108,521,683)

As reflected in the following chart, water and sewer projects account for 59.3 percent of the total Fiscal Year 2010 Annual CIP Budget. Facilities and transportation projects account for 27.9 percent while library and park and recreation projects account for 6.4 percent. The CIP Budget identifies \$6.9 billion in total projected CIP project costs through Fiscal Year 2020 for continuing¹, new and future projects. Of this amount, \$1.9 billion is currently unidentified funding, including \$292.8 million in projects that are unfunded.

¹ Note: Continuing (or prior year) project costs for annual allocation projects are not included in the CIP Budget.

Capital Improvements Program Fiscal Year 2010 Summary

Fiscal Year 2010 Annual CIP Budget - \$478.4 Million

Highlights of the Fiscal Year 2010 Annual CIP Budget by Department

For additional information on budgeted capital projects, please refer to the individual department sections in Volume III of the Fiscal Year 2010 Annual Budget.

Airports

The Department's Fiscal Year 2010 Annual CIP Budget is \$1.8 million. Projects for Brown and Montgomery Field are funded by a variety of sources, including revenue from leases, parking fees, landing fees, fuel flowage fees, and Federal Aviation Administrative (FAA) grants.

City Planning and Community Investments

The Department's Fiscal Year 2010 Annual CIP Budget is \$5.5 million, all of which is for downtown parking projects.

Engineering and Capital Projects

The Department's Fiscal Year 2010 Annual CIP Budget is \$121.5 million. This includes \$48.9 million from the Undergrounding Surcharge Fund for new projects for utilities undergrounding, for City-owned street lighting and resurfacing of roadways impacted by the undergrounding of utilities, and to augment funding for underground conversion projects associated with the California Public Utilities Commission Rule 20A. In Fiscal Year 2010, approximately 21.2 miles of dry utilities will be placed underground. Other significant allocations of the Department's CIP Budget include:

- \$14.6 million for Genesee Avenue – Widen Interstate 5 Crossing
- \$11.1 million for ADA improvements
- \$10.2 million for Carroll Canyon Road – Sorrento Valley Road to Scranton Road
- \$3.5 million for North Torrey Pines Road – Genesee Avenue to Torrey Pines Science Park
- \$3.0 million for 43rd Street and Logan/National Avenue Intersection

Capital Improvements Program

Fiscal Year 2009 Summary

- \$2.5 million for State Route 163 and Friars Road
- \$2.0 million for Sea World Drive Widening and Interstate 5 Interchange Improvements
- \$2.0 million for Talbot Street Slope
- \$1.5 million for traffic signals
- \$1.1 million for Aldine Drive and Fairmount Avenue – Slope Restoration
- \$630,000 for University Avenue at Alabama Street Bicycle and Pedestrian Safety Improvements

Environmental Services

The Department's Fiscal Year 2010 Annual CIP Budget is \$7.5 million. Major projects for Fiscal Year 2010 include:

- \$2.1 million for South Miramar Landfill Slopes
- \$1.8 million for Future Waste Management Disposal and Processing Facilities
- \$800,000 for South Chollas Landfill – Improvements
- \$480,000 for West Miramar Phase II – Landfill Gas System

Fire-Rescue

The Department's Fiscal Year 2010 Annual CIP Budget is \$4.1 million. This includes \$3.0 million of Development Impact Fees for Fire Station 45 in Mission Valley.

General Services

The Department's Fiscal Year 2010 Annual CIP Budget is \$12.2 million. This includes \$11.8 million of proceeds from land sales for facilities deferred maintenance capital projects.

Library

The Department's Fiscal Year 2010 Annual CIP Budget is \$1.4 million of Facilities Benefit Assessment and Development Impact Fee funds to continue work on the Otay East, Balboa, and Ocean Beach Branch Libraries.

Metropolitan Wastewater

The Department's Fiscal Year 2010 Annual CIP Budget is \$134.1 million. The funding for sewer projects is provided by the sewer rate increase which also supports private financing. The Department's CIP Budget includes the execution of Federal Consent Decree projects. The major projects for Fiscal Year 2010 include:

- \$74.3 million for pipeline repair, replacement, and rehabilitation
- \$39.2 million for replacement of trunk sewers
- \$8.9 million for repair and upgrade of pump stations
- \$7.6 million for repair and upgrade of treatment plants

OneSD Support

The Department's Fiscal Year 2010 Annual CIP Budget is \$9.9 million, all of which is for completion of the Enterprise Resource Planning System (ERP).

Capital Improvements Program

Fiscal Year 2010 Summary

Park and Recreation

The Department's Fiscal Year 2010 Annual CIP Budget is \$29.4 million. Park and recreation projects are funded by a variety of sources, including Facilities Benefit Assessment Fees, Park Development Fees, Development Impact Fees, State and federal grants, and City funds. Projects for Fiscal Year 2010 include: Balboa Park, Mission Bay Park and Mission Trails Regional Park improvements; play area upgrades; joint use fields; accessibility improvements; comfort stations; picnic shelters; sports field and security lighting; new park development; and golf course improvements and upgrades.

Storm Water

The Department's Fiscal Year 2010 Annual CIP Budget is \$539,149, all of which is for storm drain repair, replacement and reconstruction.

Water

The Department's Fiscal Year 2010 Annual CIP Budget is \$149.8 million and reflects the primary focus on continued funding for the upgrade and expansion of the water system. The funding for water projects is provided by the water rates which also support financing for the projects. The Department's CIP Budget supports the infrastructure for a reliable water supply and includes projects contained in the Compliance Order from the California Department of Public Health. These projects will meet the requirements of the federal Safe Drinking Act and provide for the needed rehabilitation of aging infrastructure. The following are major projects planned for Fiscal Year 2010:

- \$43.3 million for water main replacements
- \$37.9 million for Alvarado Water Treatment Plant – Upgrade and Expansion
- \$15.7 million for Miramar Water Treatment Plant – Upgrade and Expansion
- \$9.4 million for the North City Reclamation System
- \$5.9 million for Otay Water Treatment Plant – Upgrade and Expansion
- \$4.9 million for Lower Otay Reservoir – Emergency Outlet Improvements
- \$3.2 million for reclaimed water pipeline extensions
- \$2.7 million for Kearny Mesa Pipeline Upgrade
- \$2.5 million for El Monte Pipeline No. 2
- \$2.5 million for standpipe and reservoir rehabilitations
- \$2.1 million for El Capitan Pipeline No. 2

Future Outlook for the City's CIP

The Mayor is committed to funding ADA improvements and deferred maintenance capital projects for City facilities and other City infrastructure. The Fiscal Year 2010 Annual CIP Budget of \$478.4 million includes \$22.9 million of funding for capital deferred maintenance and ADA improvements. In accordance with the Five-Year Financial Outlook, the CIP Budget forecasts over \$306.7 million of funding for these capital needs through Fiscal Year 2014. This is in addition to the \$152.9 million of funding approved in Fiscal Years 2008 and 2009 for capital deferred maintenance and ADA improvements.

A CIP prioritization policy (Council Policy 800-14) was adopted for transportation projects in Fiscal Year 2007. The Council Policy was revised in Fiscal Year 2008 to incorporate the prioritization of all capital projects. The Engineering and Capital Projects Department

Capital Improvements Program

Fiscal Year 2009 Summary

continues to score both existing and new projects in accordance with the detailed requirements of the Council Policy. It is anticipated that prioritization scoring will occur in the upcoming fiscal year for all transportation projects, along with many of the other types of projects, and may be used to determine funding allocations for transportation projects in the Fiscal Year 2011 CIP Budget. Existing projects will continue as scheduled or as funding becomes available without prioritization due to the previous investment of time and funds into these projects.

Capital Improvements Program Guide to the Budget

In order to showcase those projects that are funded and have work in progress, the Fiscal Year 2010 Annual Capital Improvements Program (CIP) Budget incorporates project pages for projects with funding encumbered or expended, continuing appropriations, or budget appropriations in the budget year. The CIP currently incorporates six fiscal years of data and an aggregate column of funding for Fiscal Years 2016 through 2020; however, there are many projects that are not scheduled to begin for several years. Many of these projects will undergo dramatic changes in scope before they begin, thus rendering schedule and cost data in the project pages obsolete. In addition, projects with no funding identified are listed in the departments' Unfunded Needs List.

CIP Schedule X shows a one-line summary of every current and future project, through Fiscal Year 2020, in the planned CIP. The projects are sorted by department and are shown sequentially by project number. Projects shown in bold have corresponding project pages, whereas those in regular font are future projects that will be published when the project is scheduled to begin.

Project Pages

The CIP project pages are designed to provide citizens and City officials with accurate and informative financial and logistical information for every CIP project currently in progress or scheduled for Fiscal Year 2010. A brief description of project page components is as follows.

Department and Improvement Type

The department listed is the operating department sponsoring the CIP project. Each department's CIP may be broken down into improvement types. Improvement types are a more specific manner of categorizing the kinds of improvement offered by each project. In the project pages, the improvement type is listed below the department name. In some cases, the improvement type may be the same as the department name. A few improvement types, such as Facilities, are used in several departments. Following is a list of improvement types found in the Fiscal Year 2010 Annual CIP Budget.

Improvement Types

Airports	Mission Bay
Balboa Park	Municipal Water
Bikeways	Other Parks
Centre City Development Corporation	Police
Communications	QUALCOMM Stadium
Economic Development	Reclaimed Water
Energy Program	Refuse Disposal
Environmental Protection	Sewer - Metropolitan
Facilities	Sewer - Municipal
Fire	Storm Drains and Flood Control
Fleet Services	Storm Drain Study
Golf Course	Storm Water Program
Library	Streets and Bridges
Lifeguard Services	Traffic Control

Capital Improvements Program

Guide to the Budget

Project Number and Title

The first two digits of the CIP number represent the project type. The next digits represent the assigned project number.

Project Types

- 11 Storm Drains – Storm Drains
- 12 Flood Control – Flood Control
- 13 Flood Control – Annual Allocations
- 20 Other Parks – Annual Allocations
- 21 Balboa Park
- 22 Mission Bay Park
- 25 Golf Course
- 29 Other Parks – Community Parks
- 31 Buildings and Land – Airports
- 32 Environmental Services – Refuse Disposal and Environmental Protection
- 33 Buildings and Land – Fire
- 34 Buildings and Land – Stadium
- 35 Buildings and Land – Libraries
- 36 Buildings and Land – Police
- 37 Buildings and Land – Miscellaneous Buildings
- 39 Buildings and Land – Economic Development and Redevelopment
- 40 Sewer – Mains and Trunk Sewers
- 41 Sewer – Pump Stations, Force Mains
- 42 Sewer – Treatment Plants, Labs and Disposal
- 44 Sewer – Existing
- 45 Sewer – Other
- 46 Sewer – Existing
- 52 Streets and Highways – Streets
- 53 Streets and Highways – Bridges
- 54 Streets and Highways – Pedestrian Bridges
- 58 Streets and Highways – Bikeways
- 59 Streets and Highways – Miscellaneous
- 61 Traffic Control – Street Lighting
- 62 Traffic Control – Traffic Signals
- 63 Traffic Control – Median Barriers, Miscellaneous
- 68 Traffic Control – Annual Allocations
- 70 Water – Mains and Transmission Pipelines
- 73 Water – Existing Facilities Improvements and Upgrades
- 74 Water – Storage, including Reservoirs and Standpipes
- 75 Water – Upgrades and Improvements to Other Water Facilities
- 92 Enterprise Resource Planning System

In addition to the legacy CIP numbers, the project pages include a new alphanumeric number. The alphanumeric number will provide the necessary cross reference between the legacy and new system. All future reports will include the new alphanumeric number.

Following is a list of coding headers used to distinguish between different project types.

S – Standard/Standalone

A – Annual

Council District

This lists the City Council District (1-8) in which a project is located. Projects that have a Citywide impact or are outside the City limits are so noted.

Community Plan

This component lists affected Community Planning Area(s). Projects that have a Citywide impact or are outside the City limits are so noted.

Description

This component represents a brief statement explaining the scope and boundaries of a project as well as defining its outcome in the surrounding neighborhood(s).

Justification

This component explains why a project is needed and describes any legal requirements for the project, including State or federal mandates.

Operating Budget Effect

This component describes any ongoing operating expenses anticipated upon completion of a project. An operating budget effect table may be included to provide more information. The table indicates the fiscal year of the impact; if the completion date of the project is unknown, the fiscal year will be listed as TBD (to be determined). Operating budget effects are displayed in three categories in the table: operating costs are the expenses for operating the building, facility, park, or other infrastructure once it is opened; maintenance costs are the expenses for maintaining the new project; and other department are other expenses associated with the project that are not related to operating or maintaining the facility. Staffing refers to the number of full-time equivalent (FTE) positions required to operate and/or maintain the facility. The personnel expense (PE) represents the cost of positions or other personnel expense, and the non-personnel expense (NPE) represents other costs associated with ongoing operations and maintenance. The operating budget effect table shows the estimated net impact of the new or expanded facility or infrastructure on the City's operating budget.

Relationship to General and Community Plans

This component indicates whether a project is consistent with the affected community plan(s) and is in conformance with the City's General Plan. Additional information can be found in the Community Planning section.

Scheduling

This component provides the anticipated project schedule and includes the year(s) when design, construction, and other phases are expected to begin and end.

Capital Improvements Program

Guide to the Budget

Summary of Project Changes

This component provides a comparison between the Fiscal Year 2009 Annual Budget and the Fiscal Year 2010 Annual Budget. Changes may have resulted from modifications to the project scope, City Council action (resolutions and/or ordinances), changes to a community's Public Facilities Financing Plan, updated total project cost estimates, and/or revised revenue sources.

Expenditures by Revenue Source

This table lists the amounts and sources of funding (revenue sources) for the project through Fiscal Year 2020. Not all projects will have funding for the entire projected time. Descriptions of common funding sources can be found in the Revenue Sources section as well as a listing of all Revenue Source titles.

Total Estimated Project Cost

Projects typically extend beyond a given fiscal year. The 11-year CIP presents the total estimated project cost since project inception, including expenditures, encumbrances, continuing appropriations, Fiscal Year 2010 Annual Budget and projections of expenses in outlying years. Any project, other than an annual allocation, that was initiated prior to the current fiscal year will have expenditures, encumbrances, and/or continuing appropriations. These projects may be budgeted for additional funding in Fiscal Year 2010, as well as in outlying years, depending upon project scheduling. Any project scheduled to begin during Fiscal Year 2010 will have a budget for that year as well as any outlying years, depending upon project scheduling. **The total estimated project cost for annual allocation projects only includes the current budget year.**

Expended and Encumbered - Projects initiated prior to Fiscal Year 2010 typically have costs and encumbrances. This is shown on the project page as expended and encumbered and includes all funds that have been expended in the project as well as any contractual or other obligations shown as encumbrances. Expended and encumbered is a cumulative amount since project inception. In addition, annual allocation project costs are reflective of the Fiscal Year 2010 Budget only and do not show expended and encumbered amounts.

Continuing Appropriations - Appropriated funding previously approved by City Council but not yet expended or encumbered is reflected as continuing appropriation amounts. Continuing appropriations are a cumulative amount of unexpended and unencumbered appropriations since project inception. In addition, annual allocation project costs are reflective of the Fiscal Year 2010 Budget only and do not show continuing appropriations.

Fiscal Year 2010 Budget - The Fiscal Year 2010 budget is the increase in the project budget for the upcoming fiscal year. This budget amount is included in the annual appropriation ordinance, which gives the City the authority to expend from that capital improvement project. The annual appropriation ordinance also provides guidance regarding the administration of the CIP during the course of the fiscal year. Modifications to a project budget may occur during the course of the fiscal year through City Council action.

Capital Improvements Program Guide to the Budget

Outlying Fiscal Year Projected Cost Estimate - Projects that extend beyond Fiscal Year 2010 are projected based on project scheduling and funding availability. The City is not legally bound to any projections made in Fiscal Years 2011-2020 because they are not contained within the annual appropriation ordinance. Revisions and refinements of project scope, cost estimates, scheduling, and funding will affect the outlying year projections.

Unidentified Funding – If a specific funding source has not yet been identified to fund completion of the project, the needed funding amount will be reflected as Unidentified Funding. This amount is an estimate based upon the current estimated total project cost and schedule. Changes in project scope, cost estimates and scheduling may affecting future funding needs.

Capital Project Funding

In addition to traditional project funding, annual allocations, phased funding, and split funding methods are used in the CIP.

Annual Allocation - Annual allocations are programmed expenditures that allow the City to better plan for the expansion, renovation, relocation, or replacement of facilities and equipment that have reached or exceeded their anticipated service life; provide for emergency and accelerated construction needs; and provide for capital improvement project contingency needs. Annual allocations have many component tasks which are typically completed on an annual basis. Funding in annual allocation projects may not carry forward from year-to-year. Any amount not allocated to a component task is typically returned to the contributing fund. This type of financial planning has allowed the City to better address State and federal standards and provide for implementation of City Council policies, such as traffic light and streetlight construction and replacement.

Phased Funding - Phased funding is a means by which large projects may be budgeted, appropriated, and contracted for in an efficient manner that maximizes the City's use of available funds. This method of funding allows the contract or project to be broken down into clearly defined portions, or phases, to fund on a contingent basis. A single large project may be considered as a series of component tasks and contracted for by phase, making pursuit of each phase contingent on the availability of funds.

Split Funding - Split funding is a method by which two different revenue sources are used to fund a capital project on a percentage basis. This approach is most commonly used in Water and Metropolitan Wastewater projects to differentiate revenue sources that are frequently used for projects within these programs.

Work Codes

Work codes are required in projects, except annual allocations, to identify the type of expenditure.

A Apparatus, including fire engines and trucks

Capital Improvements Program Guide to the Budget

C	Construction costs, including construction, demolition, and project management
D	Design, including environmental analysis, project engineering and related costs
F	Furnishings for a completed new facility, such as furniture, modular equipment
L	Land acquisition
M	Mitigation for impacts to construction site
P	Preliminary design for a project prior to initial construction
R	Reimbursement to various entities or funds
B	Library books for proposed branch libraries
T	Telecommunications equipment such as telephones, computers, IT infrastructure
S	Reserve payments for future
I	Interest payments
Y	Debt payment for financed projects

Contact Information

This provides the contact person for the project including name, email address, and phone number. If a specific person has not been identified in connection with a project, a generic contact name is provided instead.

Unfunded Needs List

The Unfunded Needs List for each department provides a concise list of projects that are partially funded or not funded in the Fiscal Year 2010 Annual Budget. This list provides the project number, title, amount of funding required for the project to be initiated in Fiscal Year 2011, and the amount of funding required for the project to continue or be completed. If a project has a project sheet and also appears in the Unfunded Needs List, the amount of funding required will match the Unidentified Funding line in the Expenditures by Revenue Source table on the project page.

Financial Summary - Schedules

The schedules summarize the funding sources and spending areas of the CIP. These are presented in the Financial Summary - Schedules section.

Schedule VIII: Capital Improvements Program by Revenue Source

This schedule displays expended and/or encumbered funds, continuing appropriations, this fiscal year's budget, and ten years of projected expenditures by the revenue sources utilized.

Schedule IX: Capital Improvements Program by Improvement Type

This schedule displays expended and/or encumbered funds, continuing appropriations, this fiscal year's budget, ten years of projected expenditures, and unidentified funding needs by department and improvement type.

Schedule X: Capital Improvement Project by Department

This schedule displays all projects that have expended/encumbered, continuing appropriations, budgets in any fiscal year from 2010 to 2020, or unidentified funding needs. Projects are ordered by department and sequentially by project number. Projects in bold have a project page. For specific project pages, refer to the Index by Number or Index by Project Title.

Capital Improvements Program Guide to the Budget

Schedule XI: Capital Improvement Projects by Revenue Source

This schedule displays projects with budget this fiscal year by revenue source. These projects are listed by CIP number within each revenue source. Projects with multiple funding sources may be displayed multiple times within Schedule XI.

Capital Improvements Program

Revenue Sources

The Capital Improvements Program (CIP) uses a variety of revenue sources to fund projects. This section outlines some of the more common revenue sources used in the CIP. The CIP revenue source codes used in the project pages are listed at the end of this section.

Capital Outlay

Capital Outlay Funds are used exclusively for the acquisition, construction, and completion of permanent public improvements or real property; replacement or reconstruction of public facilities; and other improvements of a permanent character. Repair or maintenance expenditures cannot be made from the Capital Outlay Funds. Revenue for the Capital Outlay Funds is derived primarily from the sale of City-owned property but may also come from other sources per Section 77 of the San Diego City Charter.

City General Fund

Some allocations to the CIP budget are budgeted within the operating budget of General Fund departments.

Community Development Block Grants (CDBG)

Community Development Block Grant (CDBG) funding is programmed in accordance with Council Policy 700-2 (amended February 11, 2008). CIP priorities are developed irrespective of whether or not CDBG funding is to be received by the City. CDBG funding is to be used to supplement the City's CIP program and not as a substitute for other City funding. In addition, certain projects have allocations of Housing and Urban Development Section 108 loan funding. These loans are received during the fiscal year, and they are paid back in anticipation of future Community Development Block Grant receipts.

Development Impact Fees (DIF)

Within urbanized communities that are near build-out, Development Impact Fees (DIF) are collected to mitigate the impact of new development through provision of a portion of the financing needed for identified public facilities. Development Impact Fees levied in Planned Urbanizing Areas are known as Planned Urbanizing Development Impact Fees (PDIF).

Enterprise Funds

Enterprise funds account for specific services that are funded directly by fees and charges to users. These include the services provided by the Water, Metropolitan Wastewater, Development Services, and Environmental Services Departments, and Airports and Golf Course operations. These funds are intended to be fully self-supporting and are not typically subsidized by any general revenue or taxes. Within each enterprise fund, budgets are developed which are sufficient to fund current year operations and maintenance expenses, as well as provide for current and future years' upgrade, replacement, and expansion-related capital construction requirements.

Enterprise fund budgets typically provide for the accumulation of revenues over several years to fund major capital projects or stabilize fees and charges. Current and anticipated user charges and other revenue streams are analyzed to determine whether they are sufficient to meet proposed funding requirements; if not, adjustments are required. Adjustments may take the form of rate increases, changes in anticipated use of debt, operating budget reductions, and/or capital budget reductions or rescheduling.

Capital Improvements Program Revenue Sources

Facilities Benefit Assessment

A Facilities Benefit Assessment (FBA) provides 100 percent of funds for public facilities projects that service a designated area of benefit and are identified in the Public Facilities Financing Plan (PFFP). The dollar amount of the assessment is based upon the cost of each public facility equitably distributed over a designated area of benefit in the community planning area. Liens are recorded with the County Assessor's Office.

At the time of building permit issuance, property being developed is assessed an amount determined by the type and size of the development for the permit to be issued. Monies collected are placed in a City revenue account, used solely for those major public facilities shown in the financing plan for the area of benefit. The same timing for collection of fees applies to both Facilities Benefit Assessments and to Development Impact Fees.

Grants and Reimbursements

Some projects are entirely or partially funded by grants and reimbursements from the State and federal government and other agencies. The receipts of certain grants and reimbursements follow the award of contracts; therefore, City funding is programmed for front-end financing of the total costs. Grant funding includes State and federal grants and grants from proceeds from State bond issuances. Grant funding sources include Congestion Mitigation Air Quality (CMAQ), Highway Bridge Replacement and Repair (HBRR), State and Local Partnership (S/L), Surface Transportation Program (STP), and Proposition 1B.

Infrastructure Improvement Funds

The Infrastructure Improvement Funds (one each for the Mayor and eight Council Districts) were established as part of the Fiscal Year 2002 Annual Budget. Funding is appropriated in various capital improvement projects for major maintenance of streetlights, sidewalks, traffic signals, libraries, parks and recreation facilities, roadways, or other purposes as identified by the Mayor or individual Council District.

Mission Bay and Regional Park Improvement Funds

Mission Bay rents and concessions revenue is allocated to the Mission Bay and Regional Park Improvement Funds in accordance with the City of San Diego Charter, Article V, Section 55.2. The funds in the Mission Bay Improvements Fund may only be expended in Mission Bay Park to restore wetlands, preserve park uses, improve living conditions, protect wildlife habitat, and improve other environmental assets. The Mission Bay Improvements Fund is used for permanent capital improvements and capital deferred maintenance of existing facilities in Mission Bay Park, as well as to improve environmental conditions consistent with the Mission Bay Park Master Plan. The funds in the Regional Parks Improvement Fund may only be expended for capital improvements in San Diego's regional parks. The City of San Diego's regional parks include Chollas Lake Park, Balboa Park, Mission Trails Regional Park, Otay River Valley Park, Presidio Park, San Diego River Park, open space parks, and coastal beaches and parks.

Capital Improvements Program Revenue Sources

Private Contributions and Donations

Projects may be funded by contributions and/or donations from private sources, such as residents, developers, private organizations, and businesses. Contributions by developers and vendors may be reimbursed by City funds in future years.

Public/Private Partnerships

The City encourages the private sector to match City contributions to various capital improvement projects.

QUALCOMM Stadium

QUALCOMM Stadium, built in 1967, has hosted many entertainment and sporting events. The Stadium Operating Fund is based on receipts from these events.

TransNet

The initial San Diego Transportation Improvement Program (TransNet), approved in 1987, resulted in a .5 cent increase to the local sales tax. TransNet funds go toward countywide traffic congestion relief and transportation improvements. In November 2004, voters approved a 40-year extension of TransNet (TransNet Extension Congestion Relief) which will continue the .5 cent sales tax through 2048. TransNet includes a Maintenance of Effort (MOE) provision to guarantee that the City spends a certain amount of discretionary funds on the maintenance and improvement of the public right-of-way.

The City utilizes TransNet cash for projects as much as possible in an attempt to minimize the issuance of bonds due to added costs of debt service. In an attempt to further minimize debt service costs, the issuance of TransNet Commercial Paper is utilized when feasible. TransNet Commercial Paper is a borrowing tool used to raise cash needed to cover cash-flow deficits and is generally viewed as a lower-cost alternative to bank loans. TransNet Commercial Paper funding gives the City an opportunity to build projects and make improvements now versus waiting until sufficient cash is accumulated. This also allows the City to build projects at current costs rather than escalated costs in the future. Because TransNet funding is projected to be available in future years, the issuance of TransNet Commercial Paper will not negatively impact other transportation projects.

Unidentified Funding

Some projects may lack identified funding in future fiscal years to complete the project. These projects display an “unidentified funding” revenue source in the project pages. Each project with an unidentified amount is summarized in each department’s Unfunded Needs List.

Revenue Source Codes

The Expenditures by Revenue Source Table on each project page uses a coding system to identify funding and revenue sources. This table provides a brief description of each funding source.

The City's General Plan

On March 10, 2008 the San Diego City Council unanimously approved a comprehensive update to the City's General Plan. The plan sets out a long-range vision and policy framework for how the City should plan for projected growth and development, provide public services, and maintain the qualities that define San Diego over the next 20 to 30 years. San Diego's General Plan was last updated comprehensively in 1979 – a time when approximately half of the City's developable acreage was still vacant. Since less than four percent of the City's land remains vacant and available for new development, the General Plan policies represent a shift in focus from how to develop vacant land to how to design infill development and reinvest in existing communities to support long term growth. It has a strong sustainability focus through policies addressing transit/land use coordination; climate change; healthy, walkable communities; green buildings; clean technology industries; water and energy conservation and management; and urban forestry. In addition, the General Plan features protections for prime industrial lands; strategies for providing urban parks; "toolboxes" to implement mobility strategies; and policies designed to further the preservation of San Diego's historical and cultural resources. The plan was structured to work in concert with the City's community plans.

The General Plan update incorporates the City of Villages strategy to focus growth into mixed-use villages that are pedestrian-friendly districts, of different scales, linked to the transit system. Each village will be unique to the community in which it is located, yet all villages will be pedestrian-friendly, and characterized by inviting, accessible and attractive streets and public spaces. Individual villages will offer a variety of housing types and affordability levels. The strategy draws upon the character and strengths of San Diego's natural environment, distinctive neighborhoods, and activity centers that together form the City as a whole.

The City developed the General Plan within the context of state requirements, regional plans and population forecasts, and the issues and needs unique to the City. The General Plan is comprised of an introductory Strategic Framework section and the following elements: Land Use and Community Planning; Mobility; Economic Prosperity; Public Facilities, Services and Safety; Urban Design; Recreation; Historic Preservation; Conservation; and Noise. The Housing Element update was adopted separately in 2006. The policies within each element of the General Plan were developed with ten guiding principles in mind. These principles are to achieve:

1. An open space network formed by parks, canyons, river valleys, habitats, beaches, and ocean;
2. Diverse residential communities formed by the open space network;
3. Compact and walkable mixed-use villages of different scales within communities;
4. Employment centers for a strong economy;
5. An integrated regional transportation network of walkways, bikeways, transit, roadways, and freeways that efficiently link communities and villages to each other and to employment centers;
6. High quality, affordable, and well-maintained public facilities to serve the City's population, workers, and visitors;
7. Historic districts and sites that respect our heritage;
8. Balanced communities that offer opportunities for all San Diegans and share citywide responsibilities;
9. A clean and sustainable environment; and,
10. A high aesthetic standard.

Capital Improvements Program

Community Planning

The Public Facilities, Services and Safety Element of the General Plan includes policies on the prioritization and provision of public facilities and services, evaluation of new growth, guidelines for implementing a financing strategy, and guidelines for the provision of specific facilities. This element discusses City challenges, including a public facilities deficit, and calls for facilities deficiencies to be remedied through diverse funding resources.

Implementation of the General Plan is being accomplished through a broad range of legislative and regulatory actions that influence private and public development. The General Plan Action Plan, currently in the hearing process, identifies measures and timeframes for implementing General Plan policies. The Action Plan highlights eight key initiatives which are critical to General Plan implementation, as follows: Community Plan Updates, Climate Change Initiatives, Water Supply and Conservation Efforts, Land Development Code (LDC) Amendments, Public Facilities Finance Strategy, Economic Development Strategic Plan, Parks Master Plan, and Historic Preservation Incentives. In addition, the General Plan is consistent with the Regional Comprehensive Plan and will contribute to the San Diego Association of Governments' efforts to create a Sustainable Communities Strategy that meets anticipated Senate Bill 375 greenhouse gas emission reduction targets.

Community Plans

The City's community plans contain additional detailed planning guidance, and are a part of the Land Use Element of the General Plan. Community plans establish specific recommendations and objectives in a given community for future land uses and public improvements. The community plan provides a long range physical development guideline for elected officials and citizens engaged in community development. Citizen involvement has been a long-standing concept in the City of San Diego. In the 1960s and 1970s, the City Council adopted policies that established and recognized community planning groups as formal mechanisms for community input in the decision making processes. Community planning groups provide citizens with an opportunity for involvement in advising the City Council, the Planning Commission, and other decision makers on development projects, community plan amendments, rezoning projects, and public facilities. The recommendations of the planning groups are integral components of the planning process.

The general and community plans are policy documents, which require regulatory tools and programs to help implement their goals and standards. The implementation tools for planning documents include the Municipal Code, the Multiple Species Conservation Program (MSCP), zoning, Neighborhood Code Compliance, facilities financing plans, and redevelopment plans. These regulations and programs help guide land use, development, and design.

CIP Conformance to the City's General Plan and Community Plans

This year's capital improvement projects were reviewed for conformance with the 2008 General Plan. The vast majority of capital improvement projects are consistent with the General Plan, and relevant community and public facilities financing plans. Those few projects that are not consistent with the relevant community plan(s) will include a community plan amendment as part of the approval process, or the issue will be addressed as a part of a community plan update.

Community Planning Areas and Policing Neighborhoods

The City of San Diego has several neighborhood policing areas. Each community planning area consists of one or more neighborhoods under a Police Service Area. The following list shows the neighborhoods sorted by community planning area. Some policing neighborhoods extend beyond a single community planning area; in these cases, the neighborhood is listed more than once.

29-896.0 Roosevelt Junior High School - Joint Use Improvements	190,000
29-919.0 Birney Elementary School Joint Use Improvements	30,000
29-954.0 Montgomery Academy - Joint Use Improvements	300,000
29-998.0 Olive Street Park Aquisition and Development	2,000,000
33-090.0 Fire Station 45 - Mission Valley	3,000,000
33-102.0 Fire Station 22 - Point Loma Reconstruction	200,000
33-505.0 La Jolla Cove Lifeguard Station	200,000
35-100.0 Ocean Beach Branch Library	75,000
35-102.0 Balboa Branch Library (Clairemont Mesa)	450,000
52-392.0 Carroll Canyon Road - Sorrento Valley Road to Scranton Road	150,000
52-554.0 First Avenue Bridge over Maple Canyon - Rehabilitation	400,000
52-745.0 Clairemont Mesa Boulevard/SR-163 Improvements	600,000
62-333.0 Via Capri Traffic Calming Project	50,000
<u>Development Impact Fees Total</u>	<u>12,100,000</u>
Development Services Enterprise Fund	
37-074.0 Environmental Services Facilities Improvement	30,000
<u>Development Services Enterprise Fund Total</u>	<u>30,000</u>
Energy Conservation Program Fund	
37-041.0 Citywide Energy Improvements	200,000
37-074.0 Environmental Services Facilities Improvement	9,000
<u>Energy Conservation Program Fund Total</u>	<u>209,000</u>
ERP Fund	
92-000.0 OneSD (Enterprise Resource Planning System Core Project)	9,874,376
<u>ERP Fund Total</u>	<u>9,874,376</u>
Facilities Benefit Assessment	
12-162.0 Carmel Country Road Low Flow Channel	500,000
29-482.0 Carmel Valley Neighborhood Park - Neighborhood #8	1,105,000
29-534.0 Gonzales Canyon Neighborhood Park - Acquisition and Development	2,300,000
29-535.0 Hidden Trails Neighborhood Park Acquisition and Development	2,220,000
29-688.0 Del Sur Neighborhood Park North (Black Mountain Neighborhood Park North)	3,700,000
29-706.0 Cypress Canyon Neighborhood Park - Phase II	1,816,819
29-761.0 Fairbrook Neighborhood Park - Development	579,000
35-086.0 Otay East Branch Library	885,000
52-311.0 Interstate 5/State Route 56 North Freeway Connectors	100,000
52-372.0 Genesee Avenue - Widen Interstate 5 Crossing	14,600,000
52-404.0 Camino Ruiz, San Dieguito Road to Carmel Valley Road - Wildlife Crossing	4,243,200
52-616.0 North Torrey Pines Road - Genesee Avenue to Torrey Pines State Reserve Boundary	3,010,750
52-641.0 Triple Pipe Crossing - Dennery Road	119,246
52-657.0 Dennery Road - East	109,707

Financial Summary

Schedule XI: Capital Improvement Projects by Revenue Source

		<u>FY2010 Amount</u>
Facilities Benefit Assessment		
52-739.0	Del Mar Heights Road - Four to Six Lanes	4,900,000
52-747.0	Carmel Valley Road - Street A to Neighborhood Parkway	4,900,000
58-208.0	El Camino Real/State Route-56 Bike Path Connector Paving	217,500
<u>Facilities Benefit Assessment Total</u>		<u>45,306,222</u>
Federal Grants		
52-766.0	University Avenue Mobility Project	200,000
58-127.0	State Route 15 Bikeway	120,000
<u>Federal Grants Total</u>		<u>320,000</u>
Fleet Services Internal Service Fund		
37-075.0	Fitting Facility Expansion	350,000
<u>Fleet Services Internal Service Fund Total</u>		<u>350,000</u>
Golf Course Enterprise Fund		
21-843.0	Balboa Park Golf Course - Clubhouse and Parking Lot	634,120
25-021.0	Mission Bay Golf Course - Driving Range Upgrade	1,000,000
25-023.0	Annual Allocation - Torrey Pines Golf Course	300,000
25-024.0	Torrey Pines Golf Course Cart Paths - North and South Course	800,000
25-025.0	Annual Allocation - Balboa Park Golf Course	300,000
25-026.0	Annual Allocation - Mission Bay Golf Course and Practice Center	300,000
<u>Golf Course Enterprise Fund Total</u>		<u>3,334,120</u>
Highway Bridge Replacement/Repair		
52-479.0	El Camino Real - San Dieguito Road to Via de la Valle	1,680,000
53-050.0	North Torrey Pines Road Bridge over Los Penasquitos Creek	446,000
<u>Highway Bridge Replacement/Repair Total</u>		<u>2,126,000</u>
Maintenance Assessment Districts		
29-982.0	Rancho Penasquitos Monument Signs	75,000
29-983.0	Rancho Bernardo Westwood Soundwall - Landscape Improvements	100,000
29-984.0	Pomerado Road, South of Rancho Bernardo Road - Median Improvements	216,954
29-985.0	Pomerado Road, North of Rancho Bernardo Road - Median Improvements	94,750
29-986.0	Welcome to Rancho Bernardo - Community Identification Sign	10,000
29-987.0	Camino Santa Fe - Median Improvements Rasha St. to Future Carroll Canyon Rd	150,000
29-988.0	Del Mar Terrace - Street Improvements	420,000
29-989.0	Carmel Country Road From Carmel Creek North to McGuire - Median Imprvmnts	110,000
29-990.0	North Park Main Street Sidewalk Improvement at 30th Street and University Avenue	175,000
29-991.0	Camino Ruiz - Median Improvements from Aquarius to Jade Coast Road	529,000
39-010.0	Talmadge Streetscape and Lighting Improvements	125,000
39-011.0	Switzer Canyon/30th Street Bridge Enhancement Program	5,000
39-092.0	North Park Lighting Improvement Project	150,000
39-209.0	El Cajon Boulevard Commercial Revitalization - Interstate 805 to 54th Street	200,000

Financial Summary

Schedule XI: Capital Improvement Projects by Revenue Source

	<u>FY2010 Amount</u>
Maintenance Assessment Districts	
52-616.0 North Torrey Pines Road - Genesee Avenue to Torrey Pines State Reserve Boundary	500,000
<u>Maintenance Assessment Districts Total</u>	<u>2,860,704</u>
Mission Bay Improvements Fund	
22-965.0 Annual Allocation - Mission Bay Improvements	2,536,208
<u>Mission Bay Improvements Fund Total</u>	<u>2,536,208</u>
Mission Trails Regional Park	
29-943.0 Mission Trails Regional Park Master Plan Update and Natural Resource Mgmt Plan	472,000
<u>Mission Trails Regional Park Total</u>	<u>472,000</u>
Park Development Fees	
28-006.0 Chollas Lake Accessible Fishing Pier	60,000
<u>Park Development Fees Total</u>	<u>60,000</u>
Park Service District Fees	
29-866.0 Montgomery-Waller Community Park Sports Field Lighting & Park Improvements	33,792
<u>Park Service District Fees Total</u>	<u>33,792</u>
Parking Meter Districts	
39-803.0 Annual Allocation - Downtown Parking Projects	5,500,000
<u>Parking Meter Districts Total</u>	<u>5,500,000</u>
Private Contributions and Donations	
52-706.0 Sea World Drive Widening and Interstate 5 Interchange Improvements	2,000,000
<u>Private Contributions and Donations Total</u>	<u>2,000,000</u>
QUALCOMM Stadium Operating Fund	
34-200.0 Annual Allocation - QUALCOMM Stadium Improvements	750,000
<u>QUALCOMM Stadium Operating Fund Total</u>	<u>750,000</u>
Recycling Fund	
37-074.0 Environmental Services Facilities Improvement	26,072
<u>Recycling Fund Total</u>	<u>26,072</u>
Redevelopment Agency	
52-761.0 University Avenue Sidewalk from 54th St to 68th St	200,000
<u>Redevelopment Agency Total</u>	<u>200,000</u>
Refuse Disposal Fund	
32-010.0 Unclassified Disposal/Burn Site Closures	50,000
32-011.0 Arizona Landfill - Closure	460,000
32-014.0 West Miramar Phase II - Landfill Gas System	480,000
32-017.0 Annual Allocation - Groundwater Monitoring Network	250,000
32-018.0 South Chollas Landfill - Gas Upgrades	40,000
32-020.0 South Chollas Landfill - Improvements	800,000
32-021.0 Environmental Services Department Operations Yard Improvements	500,000
32-024.0 South Miramar Landfill Slopes	2,100,000

Financial Summary

Schedule XI: Capital Improvement Projects by Revenue Source

	<u>FY2010 Amount</u>
Refuse Disposal Fund	
37-004.0 Annual Allocation - Minor Landfill Requirements	250,000
37-056.0 West Miramar Refuse Disposal Facility - Phase II	300,000
37-057.0 Miramar Landfill Greenery Expansion	200,000
37-074.0 Environmental Services Facilities Improvement	57,122
37-254.0 Future Waste Management Disposal and Processing Facilities	1,750,000
<u>Refuse Disposal Fund Total</u>	<u>7,237,122</u>
Regional Park Improvements Fund	
29-909.0 Regional Park Improvements	2,500,000
<u>Regional Park Improvements Fund Total</u>	<u>2,500,000</u>
San Diego Association of Governments	
58-196.0 University Avenue at Alabama Street Bicycle and Pedestrian Safety Improvements	630,000
<u>San Diego Association of Governments Total</u>	<u>630,000</u>
Sewer Funds - Expansion	
40-931.0 South Mission Valley Trunk Sewer	3,199,488
41-926.0 Annual Allocation - Metropolitan System Pump Stations	33,746
41-927.0 Annual Allocation - Pump Stations 64, 65, Penasquitos and East Mission Gorge	54,050
42-913.0 Annual Allocation - Metro Treatment Plants	3,742,975
44-001.0 Annual Allocation - Sewer Main Replacements	2,090,374
45-915.0 Pump Station 2 Onsite Standby Power	748,800
45-940.0 Wet Weather Storage Facility - Phase I	280,766
45-983.0 Metro Biosolids Center Dewatering Centrifuges Replacement	111,137
45-989.0 Metro Biosolids Center Odor Control Facility Upgrades	349,440
45-992.0 North City Water Reclamation Plant - Electro Dialysis Reversal Upgrade	230,000
45-993.0 NCWRP - EDR Enclosure	240,000
46-106.0 Annual Allocation - Sewer Pump Station Restorations	239,992
46-193.0 Annual Allocation - CIP Contingencies	777,928
46-195.6 East Point Loma Trunk Sewer	6,336,000
46-196.9 Montezuma Trunk Sewer	270,000
46-502.0 Annual Allocation - Clean Water Program Pooled Contingencies	94,663
<u>Sewer Funds - Expansion Total</u>	<u>18,799,359</u>
Sewer Funds - Replacement	
40-931.0 South Mission Valley Trunk Sewer	6,210,770
41-926.0 Annual Allocation - Metropolitan System Pump Stations	303,713
41-927.0 Annual Allocation - Pump Stations 64, 65, Penasquitos and East Mission Gorge	486,446
41-929.0 Pump Station Upgrades	4,950,400
41-942.0 North City Water Reclamation Sludge Pump Station Upgrade	150,000
44-001.0 Annual Allocation - Sewer Main Replacements	39,717,100
45-983.0 Metro Biosolids Center Dewatering Centrifuges Replacement	166,705
45-989.0 Metro Biosolids Center Odor Control Facility Upgrades	232,960

Financial Summary

Schedule XI: Capital Improvement Projects by Revenue Source

	<u>FY2010 Amount</u>
Sewer Funds - Replacement	
46-050.0 Annual Allocation - Pipeline Rehabilitation	32,489,711
46-106.0 Annual Allocation - Sewer Pump Station Restorations	959,968
46-169.0 East Mission Gorge Force Main Rehabilitations	153,960
46-193.0 Annual Allocation - CIP Contingencies	1,815,166
46-195.6 East Point Loma Trunk Sewer	864,000
46-196.6 Balboa Avenue Trunk Sewer	1,349,000
46-196.9 Montezuma Trunk Sewer	30,000
46-197.6 United States International University (USIU) Trunk Sewer	1,785,000
46-197.9 Lake Murray Trunk Sewer - In Canyon	19,143,493
46-505.0 Annual Allocation - Unscheduled Projects	3,488,859
46-602.0 Sewer Pump Station 41 Rehabilitation	984,026
<u>Sewer Funds - Replacement Total</u>	<u>115,281,277</u>
State Grants	
62-332.0 25th Street Renaissance Project	469,000
<u>State Grants Total</u>	<u>469,000</u>
TransNet	
12-152.0 Famosa Slough Salt Marsh Restoration	22,000
39-086.0 Azalea Park Roadway Improvements and Neighborhood Identification	60,000
52-392.0 Carroll Canyon Road - Sorrento Valley Road to Scranton Road	10,000,000

52-479.0 El Camino Real - San Dieguito Road to Via de la Valle	300,000
52-517.0 Carmel Valley Road - 300 Feet East of Portofino Drive to Del Mar	75,000
52-643.0 West Mission Bay Drive Bridge over San Diego River	100,000
52-676.0 Mira Sorrento Place - Scranton Road to Vista Sorrento Parkway	60,000
52-682.1 Otay Truck Route Widening Phase III & IV	400,000
52-683.0 Debt Service for TransNet Commercial Paper Funded Projects	127,812
52-715.0 Annual Allocation - Sidewalks - Citywide	176,000
52-764.0 Palm Avenue Roadway Improvements	300,000
53-050.0 North Torrey Pines Road Bridge over Los Penasquitos Creek	25,000
58-127.0 State Route 15 Bikeway	120,000
58-156.0 Ocean Beach Bike Path/Hotel Circle North Bikeway Design	468,884
59-021.0 Annual Allocation - Transportation Grant Matches	348,536
59-023.0 Annual Allocation - Preliminary Engineering for Congestion Relief Projects	50,000
61-001.0 Annual Allocation - Traffic Control/Calming Measures	200,000
62-331.0 Annual Allocation - Traffic Signal Interconnect Projects	100,000
68-010.0 Annual Allocation - Traffic Signals - Citywide	250,000
68-011.0 Annual Allocation - Traffic Signals - Modifications/Modernization	550,000
<u>TransNet Total</u>	<u>16,233,232</u>

Financial Summary

Schedule XI: Capital Improvement Projects by Revenue Source

	<u>FY2010 Amount</u>
TransNet Commercial Paper	
13-501.0 Talbot Street Slope	2,000,000
52-409.0 43rd Street and Logan/National Avenue Intersection	3,000,000
52-555.0 Georgia Street Bridge/University Avenue Improvements	421,000
52-592.0 Aldine Drive and Fairmount Avenue - Slope Restoration	1,100,000
52-763.0 Skyline Drive Median & Parkway Improvements	325,000
52-776.0 Prospect Street/Silverado Street Roundabout	891,000
61-001.0 Annual Allocation - Traffic Control/Calming Measures	208,000
68-010.0 Annual Allocation - Traffic Signals - Citywide	55,000
<u>TransNet Commercial Paper Total</u>	<u>8,000,000</u>
Utilities Undergrounding Program Fund	
37-028.0 Annual Allocation - Undergrounding of City Utilities	48,857,037
<u>Utilities Undergrounding Program Fund Total</u>	<u>48,857,037</u>
Water Department Fund - Expansion	
70-942.0 Annual Allocation - CIP Contingencies - Reclaimed Water Dist System/RWDS	500,000
70-949.0 Annual Allocation - Reclaimed Water Extension	3,152,199
70-954.0 Annual Allocation - North City Reclamation System	9,368,839
73-083.0 Annual Allocation - Water Main Replacements	1,803,200
73-261.3 Alvarado Water Treatment Plant -Upgrade and Expansion	18,957,510
73-284.0 Miramar Water Treatment Plant - Upgrade and Expansion	11,430,115
73-331.0 Annual Allocation - CIP Contingencies	2,100,000
75-931.0 Water Department Security Upgrades	746,811
75-937.0 Barrett Flume Cover	100,000
<u>Water Department Fund - Expansion Total</u>	<u>48,158,674</u>
Water Department Fund - Replacement	
70-910.7 Miramar Pipeline Monitoring & Reinspection	963,866
70-953.0 Torrey Pines Road/La Jolla Boulevard Water Main Replacement	140,615
70-957.0 Harbor Drive Pipeline	1,010,308
70-959.0 El Capitan Pipeline No. 2	2,069,598
70-960.0 El Monte Pipeline No. 2	2,548,000
70-961.0 Kearny Mesa Pipeline Upgrade	2,730,000
73-024.0 Annual Allocation - Freeway Relocation	50,000
73-083.0 Annual Allocation - Water Main Replacements	34,260,800
73-248.0 Pomerado Pipeline Number 2	11,669
73-261.3 Alvarado Water Treatment Plant -Upgrade and Expansion	18,957,511
73-263.0 Annual Allocation - Water Pump Station Rehabilitations	468,433
73-277.0 Annual Allocation - Standpipe and Reservoir Rehabilitations	2,488,080
73-284.0 Miramar Water Treatment Plant - Upgrade and Expansion	4,227,577
73-285.0 Otay Water Treatment Plant - Upgrade and Expansion	5,912,808
73-286.0 Otay Second Pipeline Improvements	1,242,564

Airports

Airports**Airports****Annual Allocation - Brown Field 31-001.1 / A-AA.00001****Council District:** 8**Community Plan:** Otay Mesa

Description: This annual allocation provides for capital improvements at Brown Field. The improvements are financed by the Airports Enterprise Fund, which may receive State and federal grants. Individual projects are recommended to the City Council based on the Master Plan for the airport and on the availability of funding. These improvements will not be impacted by the Brown Field Development Project.

Justification: This project may be used to provide matching local funds for capital improvement projects, which are supported by State and federal grants that require local financial participation, and to provide permanent public improvements for which no State and federal grant funding is available.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Community Plan and is in conformance with the City's General Plan.

Scheduling: Projects will be scheduled on a priority basis.

Summary of Project Changes: The annual project cost for Fiscal Year 2010 is \$850,000 to fund two new projects. They are Brown Field Airport Rehabilitation Design of Taxiway Bravo and Taxiway Charlie; and Brown Field Airport Runway 8L/26R, Runway 8R/26L and Taxiway Alpha Design.

Annual Allocation - Montgomery Field 31-001.0 / A-AA.00002

Council District: 6

Community Plan: Kearny Mesa

Description: This annual allocation provides for capital improvements at Montgomery Field. The improvements are financed by the Airports Enterprise Fund, which may receive State and federal grants. Individual projects are recommended to the City Council based on the Master Plan for the airport and on the availability of funding.

Justification: This project may be used to provide matching local funds for capital improvement projects, which are supported by State and federal grants that require local financial participation, and to provide permanent public improvements for which no State and federal grant funding is available.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Kearny Mesa Community Plan and is in conformance with the City's General Plan.

Scheduling: The improvements will be scheduled on a priority basis.

Summary of Project Changes: The annual project cost for Fiscal Year 2010 is \$950,000 to fund three new projects. They are Montgomery Field Airport Northwest Heliport, Montgomery Field Airport Runway 10L/28R Rehabilitation Construction, and Montgomery Field Airport Rehabilitation Design of Runway 5/23 and Taxiway Golf.

Brown Field Airport Airfield Electrical System Upgrades Phase I 31-300.0 / S-00773

Council District: 8

Community Plan: Otay Mesa

Description: This project provides for the design and construction of electrical system upgrades at the Brown Field Airport Airfield.

Justification: Brown Field's current electrical system has outlined its design life and needs to be replaced to meet current engineering standards and the Federal Aviation Administration (FAA) regulations; thus providing continued safe use of the airport.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Community Plan and is in conformance with the City's General Plan.

Scheduling: Projects will be scheduled on a priority basis.

Summary of Project Changes: This project, previously titled Annual Allocation - Brown Field, has been converted to traditional project funding to address electrical system upgrades.

City Bicycle Master Plan 58-153.0 / S-00948

Council District: Citywide

Community Plan: Citywide

Description: This project updates the current Bicycle Master Plan that was completed in 2002. This update provides for documenting existing conditions and making recommendations for future bicycle facilities. It is an essential reference tool for updating community plan, and for use in reviewing development proposals and street improvement plans.

Justification: To facilitate grant fund applications, a new Master Plan is required to update the existing 2002 Bicycle Master Plan.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: The Request for Proposal was issued in January 2008 and the Master Plan project is expected to be completed in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Centre City Development Corporation

Annual Allocation - Downtown Parking Projects 39-803.0 / S-01080

Council District: 2, 8

Community Plan: Centre City

Description: This annual allocation provides funding to implement and facilitate projects and programs to maximize the use of existing parking resources. Parking management projects and programs include design and implementation of a "Wayfinding" program throughout downtown that places directional signs in the Downtown San Diego area, implementation of residential parking permits, and payment of debt service. These funds have also been pledged for the payment of 6th Avenue and Market Street, and 6th Avenue and K Street parking facilities.

Justification: The Redevelopment Plan of the Centre City Redevelopment Area calls for the elimination of blight in Centre City. The Redevelopment Plan was adopted on May 11, 1992 by Council Ordinance O-17767. The Parking Meter Revenue Allocation Policy (Council Policy 100-18) was adopted on March 4, 1997 and the Comprehensive Downtown Parking Plan was adopted on December 2, 1997.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Centre City Community Plan and is in conformance with the City's General Plan.

Scheduling: Debt service payments on bonds are made in March and September of each fiscal year.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Ray Street Improvements 39-084.0 / S-01078

Council District: 3

Community Plan: Greater North Park

Description: This project provides for sidewalk, curb and gutter replacement, trees, enhanced paving, street furniture, and identity signage on one block of Ray Street from University Avenue to North Park Way in the North Park Community.

Justification: This one-block area of Ray Street lies within the boundaries of the North Park Main Street Business Improvement District and the North Park Redevelopment Project Area. Due to the activism of the business owners on the street, this blighted area is being enhanced with facade improvements, a monthly gallery event and leasehold turnover consistent with the art-oriented theme of this small district. This project will add enhancements in the public right-of-way.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Greater North Park Community Plan and is in conformance with the City's General Plan.

Scheduling: Future projects will be phased in based on community priorities as funding becomes available.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Multiple Species Conservation Program - Property Acquisition 37-443.0 / S-01076

Council District: Citywide

Community Plan: Citywide

Description: This project provides for acquiring property in support of the Multiple Species Conservation Program (MSCP).

Justification: The Multiple Species Conservation Program Implementing Agreement, Section 10(a), Take Authorization of the Endangered Species Act, mandates a statutory responsibility on the part of the City to assemble the MSCP preserve. This responsibility includes public land acquisition to be used for wildlife habitat.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Land acquisition began in Fiscal Year 2000 and will continue as funding becomes available until Fiscal Year 2047. Per the City's MSCP implementing agreement (I.A.), preservation of 52,727 acres is to occur within the Multi-Habitat Planning Area (MHPA). To date, 49,086 acres (93%) have been conserved or obligated. The remaining 3,641 acres will be conserved through various means including mitigation, exactions, and acquisitions. Funding necessary to purchase the remaining 3,641 acres is estimated to be \$132,000,000 without contributions through mitigation and exactions. Grant funding will be activity pursued as a future funding source for acquisitions. The total project cost has been updated to reflect the funding for the properties acquired and for future property acquisitions pursuant to the MSCP established by Council Resolution R-28455 on March 19, 1997.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Other Parks

Torrey Pines City Park General Development Plan 29-965.0 / S-01015

Council District: 1

Community Plan: La Jolla, University

Description: This project provides for the preparation of a General Development Plan for the 447.0 gross acre park located on North Torrey Pines Road. The General Development Plan will incorporate the Glider Port Leasehold and will provide guidance for the development and protection of the Park's beautiful and historic nature. Amenities may include passive use areas, access road and parking lot, children's play area, pedestrian/bicycle paths connecting to beach access, accessibility improvements, signage, site furnishings, and miscellaneous landscaping. Construction may be a component of this project and may begin once design is completed.

Justification: This project is required pursuant to a Settlement Agreement between the City and the Coastal Law Enforcement Action Network for violations resulting from unapproved on-site grading activities by the Lessee. Additionally, the park site is located in a community deficient in parks and recreational facilities per the City's General Plan.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the University, La Jolla Community Plans and Local Coastal Program Land Use Plan and it is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2009 and will be completed in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project in Fiscal Year 2010.

Bikeways

54th Street and Euclid Avenue Bike Lanes and Route 58-179.0 / S-00956

Council District: 4, 7

Community Plan: Southeastern San Diego, College Area

Description: This project provides for the installation of Class II Bike Lanes on 54th Street between Trojan and Euclid Avenues and for Class III Bike Route signage and pavement markings along Euclid Avenue between 54th Street and Market Street.

Justification: This project will close a gap in bicycle routes between the College Area and Southeastern San Diego and its neighborhoods.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Southeastern San Diego and College Area Community Plans and is in conformance with the City's General Plan.

Scheduling: Design and construction began in Fiscal Year 2009. Construction is scheduled to be completed in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Coastal Rail Trail 58-162.0 / S-00951

Council District: 1

Community Plan: Torrey Pines, University

Description: This project provides for identifying the best alignment for a bikeway route of approximately 10 miles between the San Diego-Del Mar city limits and Gilman Drive

Justification: This project is part of a larger multi-jurisdictional project, which proposes a bikeway along the coast in the cities of Oceanside, Encinitas, Solana Beach, Carlsbad, Del Mar, and San Diego. It is intended to provide regional connectivity for both commuting bicylists and recreational activities.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Torrey Pines and University Community Plans and is in conformance with the City's General Plan.

Scheduling: Completion of the preliminary design activity is on hold pending resolution of issues related to the alignment of the bike path. Design and Construction is estimated to begin in Fiscal Year 2011.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Darkwood Canyon Connector Study for SR-56 Bike Path 58-176.0 / S-00736

Council District: 1

Community Plan: Rancho Penasquitos

Description: This project provides for a feasibility study for a bike lane connection between the State Route 56 Bike Path and Park Run Road and is a part of the State Route 56 Corridor Study.

Justification: Bicyclists would otherwise only be able to access the bikepath from the adjacent freeway interchanges of Black Mountain Road or Camino Ruiz. Providing this direct connection would reduce the out-of-direction travel for accessing the bikepath and would also positively influence the potential useage by bicyclists.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Rancho Penasquitos Community Plan and is in conformance with the City's Progress Guide and General Plan.

Scheduling: It is anticipated that this project will be completed in Fiscal Year 2010.

Summary of Project Changes: The feasibility study for a bike lane connection between the State Route 56 Bike Path and Park Run Road is a part of the State Route 56 Corridor Study and was scheduled to be completed in Fiscal Year 2009.

El Camino Real/State Route-56 Bike Path Connector Paving 58-208.0 / S-00981

Council District: 1

Community Plan: Carmel Valley

Description: This project will provide for pervious paving on the bike path entrances from El Camino Real to the State Route 56 Bike Path. The existing entrances will be graded, and a driveway apron will be installed on the north side of El Camino Real to allow access to the path.

Justification: This project is required to provide a safe method of access from street to trail.

Operating Budget Effect: None

Relationship to General and Community Plans: This project is consistent with the Carmel Valley Public Facilities Financing Plan and is in conformance with the City's General Plan.

Scheduling: Design was scheduled for Fiscal Year 2009. Construction is scheduled to begin in Fiscal Year 2010, contingent upon rate of development in the community.

Summary of Project Changes: This is a newly published project for Fiscal Year 2010.

Friars Road to Pacific Highway Bike Path 58-150.0 / S-00947

Council District: 6

Community Plan: Linda Vista, Mission Valley

Description: This project provides for designing and constructing a Class I bike path connecting Friars Road to Pacific Highway.

Justification: This project will provide shortcut access between the one-way Class II eastbound bike paths on Friars Road to a one-way Class II bike path northbound on the Pacific Highway bridge.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Linda Vista and Mission Valley Community Plans and is in conformance with the City's General Plan.

Scheduling: Design was completed in Fiscal Year 2007. Construction will be scheduled when funding is identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

India Street Improvement Study 58-206.0 / S-00967

Council District: 2

Community Plan: Uptown

Description: This project provides for a feasibility study and preliminary and environmental impact evaluation for providing improved bicycle access on India Street between Laurel Street and Washington Street.

Justification: This project is needed to determine the required modification to a roadway that has heavy bicycle use, heavy auto use, and poor visibility through a lengthy freeway underpass.

Operating Budget Effect: None

Relationship to General and Community Plans: This project is consistent with the Uptown Community Plan and is in conformance with the City's General Plan.

Scheduling: The study began in Fiscal Year 2009 and will continue in Fiscal Year 2010.

Summary of Project Changes: This is a newly published project for Fiscal Year 2010.

Bikeways

Interstate 5 Underpass - Bikeway/Pedestrian Connection 58-209.0 / S-00982

Council District: 1

Community Plan: Carmel Valley

Description: This project will provide the (missing) link between two existing bike/pedestrian paths: the regional bike connection that runs parallel to State Route 56 corridor, and the Sorrento Valley Road multi-use bike/pedestrian path, and will pass under Interstate 5, just south of the Carmel Mountain Road interchange.

Justification: Currently cyclists and pedestrians must use the shoulders of Carmel Valley Road to access the west side of I-5. High traffic volumes coupled with commercial driveways and freeway ramps make it difficult for pedestrians and cyclists to travel from one side of the freeway to the other.

Operating Budget Effect: None

Relationship to General and Community Plans: This project is consistent with the Carmel Valley Public Facilities Financing Plan (Project T-5) and is in conformance with the City's General Plan.

Scheduling: Design was scheduled to begin in Fiscal Year 2009. Construction will be scheduled contingent upon timing/availability of funding. It is anticipated that State and Federal Grant funding will be made available for this project.

Summary of Project Changes: This is a newly published project for Fiscal Year 2010.

Kearny Villa Road Bike Lane Improvements 58-198.0 / S-00961

Council District: 6

Community Plan: Kearny Mesa

Description: This project provides for the resurfacing and repair of damaged bicycle lanes on Kearny Villa Road between Miramar Way and State Route 163.

Justification: The deteriorating asphalt in the bicycle lane causes bicyclists to ride close to the main travel lanes, where there are high volumes of high-speed traffic. This project will replace the existing bicycle lane with new asphalt.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Kearny Mesa Community Plan and is conformance with the City's General Plan.

Scheduling: Design and Construction will be scheduled following award of design/build contract authorized by City Council in Fiscal Year 2009.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Kearny Villa Road Bike Path Study 58-205.0 / S-00966

Council District: 6

Community Plan: Kearny Mesa

Description: This project will provide for a feasibility study focusing on a long term solution to provide an alternative parallel facility to the existing bicycle lane on Kearny Villa Road, including possible operational improvements at the interchanges at State Route 163.

Justification: This project is needed to increase safety for bicyclists in the area.

Operating Budget Effect: None

Relationship to General and Community Plans: This project is consistent with the Kearny Mesa Community Plan and is in conformance with the City's General Plan.

Scheduling: The study began in Fiscal Year 2009 and will continue through Fiscal Year 2010.

Summary of Project Changes: This is a newly published project for Fiscal Year 2010.

Bikeways

Ocean Beach Bike Path/Hotel Circle North Bikeway Design 58-156.0 / S-00949

Council District: 2, 6

Community Plan: Mission Valley, Ocean Beach

Description: This project provides for Class I bike path to connect the existing Ocean Beach bike path (at its easterly end) to Hotel Circle North, along the south side of the San Diego River.

Justification: This bike path is needed as a critical connection for bicyclists in this area in accordance with the Mission Valley Community Plan.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Mission Valley and Ocean Beach Community Plans and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2004 and was completed in Fiscal Year 2006. Construction began in Fiscal Year 2008 and will be completed in Fiscal Year 2010.

Summary of Project Changes: It is proposed to allocate \$468,884 in TransNet funding to this project for Fiscal Year 2010. Total project cost has increased due to changes to scope and increased permitting fees.

Pedestrian Master Plan Phase III 58-200.0 / S-00737

Council District: Citywide

Community Plan: Citywide

Description: This project provides for the development of a comprehensive Pedestrian Master Plan to guide the way the City plans and implements pedestrian improvement projects to address safety, accessibility, connectivity, and walkability. The plan will identify and prioritize pedestrian improvement projects based on technical analysis and community input.

Justification: The plan will identify the City's pedestrian needs list, improve the City's ability to implement pedestrian projects using its limited resources as effectively as possible, and improve the City's position to receive grant funding to construct such projects.

Operating Budget Effect: None

Relationship to General and Community Plans: This project is consistent with affected community plans and is in conformance with the City's General Plan.

Scheduling: Earlier phases of the project have been completed. Phase III began in Fiscal Year 2007 and is scheduled to be completed in Fiscal Year 2010. Subsequent phases will be scheduled as funding is identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Bikeways

Poway Road - Class I Bicycle Lane 58-089.0 / S-00943

Council District: 5

Community Plan: Sabre Springs

Description: This project provides for the construction of a Class I bicycle path (combined pedestrian and bicycle travel) easterly along the south side of Poway Road from the I-15/Poway Road interchange to Sabre Springs Parkway, approximately 1,950 feet in length. This project replaces the existing Class II bikeway located within the shoulder of Poway Road.

Justification: The Sabre Springs Community Plan encourages the development of a system of bikeways within the community, tying into the regional bicycle network.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Sabre Springs Community Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2008 and is scheduled to be completed in Fiscal Year 2010. Construction is scheduled to begin in Fiscal Year 2011.

Summary of Project Changes: \$307,000 was allocated to this project in Fiscal Year 2009 per the Sabre Springs Public Facilities Financing Plan, adopted by City Council Resolution R-303598, dated April 18, 2008.

Bikeways

Rancho Bernardo Bikeway 58-199.0 / S-00962

Council District: 5

Community Plan: Rancho Bernardo

Description: This project provides for the installation of three miles of Class II bike lanes on West Bernardo Drive from Rancho Bernardo Road to Aguamiel Road and on Bernardo Center Drive from West Bernardo Drive to Rancho Bernardo Road.

Justification: This project completes gaps in the Rancho Bernardo community bicycle network, and connects to regional bicycle facilities. It also improves bicycle access to a number of community facilities, including a transit center, library, and schools.

Operating Budget Effect: The operating budget effect will be determined upon completion of the design phase. Operating budget effect estimate can be provided concurrently with the City Council action authorizing the construction contract.

Relationship to General and Community Plans: This project is consistent with the Rancho Bernardo Community Plan and is in conformance with the City's Progress Guide and General Plan.

Scheduling: It is anticipated that this project will be completed in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Bikeways

Rose Creek Bikeway 58-147.0 / S-00946

Council District: 2, 6

Community Plan: Mission Bay Park, Pacific Beach

Description: This project provides for designing and constructing a pedestrian/bicycle bridge across Rose Creek and a paved Class I bike path to connect the westerly end of the new bridge to Pacific Beach Drive.

Justification: This project will close a gap in the existing network of bike paths and lanes in Mission Bay Park. The project will allow pedestrians and bicyclists to circumvent a much longer existing route along Grand Avenue.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project implements the Pacific Beach Community Plan and the Mission Bay Park Master Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2001 and continued through Fiscal Year 2006, due to environmental delays. Construction will be scheduled pending identification of funding.

Summary of Project Changes: The total project cost estimate has been increased by \$1,700,000 due to inflationary increases in construction materials.

Safety in Traffic Education Program (STEP) 58-202.0 / S-00964

Council District: Citywide

Community Plan: Citywide

Description: This project provides for development of a public education campaign to promote safe use of streets by motorists, pedestrians, and bicyclists.

Justification: This project will result in a guide for a multi-media ad campaign to raise public awareness of the interactions of motorists, pedestrians, and bicyclists on City streets. Various aspects of the public education campaign will target specific elements of the traveling public. Additional funding will be required for campaign implementation.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: This project was implemented in Fiscal Year 2009 and will continue in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

San Diego River Bike Path - Mission Trails to Mission Bay 52-781.0 / S-00929

Council District: 6, 7

Community Plan: Mission Valley, Navajo

Description: This project provides for various bikeway projects along the San Diego River Bike Path between Mission Trails Park and Mission Bay.

Justification: This project will provide an alternate to Old Town, Ocean Beach, Friars Road and Mission Gorge Road for bicyclists and pedestrians along the San Diego River and Navajo Community Plan.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Mission Valley and Navajo Community Plans and is in conformance with the City's General Plan.

Scheduling: Preliminary engineering is scheduled to be complete in Fiscal Year 2010. The project schedule and cost estimate for design and construction will be established once the scope of work is approved.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

San Diego River Bike Path - Mission Trails to Mission Bay 58-144.0 / S-00734

Council District: 6, 7

Community Plan: Mission Valley, Navajo

Description: This project provides for various bikeway projects along the San Diego River Bike Path between Mission Trails and Mission Bay in the Mission Valley Community.

Justification: This project will provide various, as-needed bikeways for bicyclists and pedestrians in the Mission Valley and Navajo communities.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Mission Valley and Navajo Community Plans and is in conformance with the City's General Plan.

Scheduling: Preliminary engineering is scheduled to be complete in Fiscal Year 2010. The project schedule and cost estimate for design and construction will be established once the scope of work is approved.

San Diego River Multi-Use Path 58-191.0 / S-00958

Council District: 6

Community Plan: Mission Valley

Description: This project provides for a multi-use pedestrian and bicycle path under State Route 163 from Hazard Center Drive to Fashion Valley Mall on the north side of the San Diego River. The project includes a paved bicycle and pedestrian path, grading, fill, striping, signage, bollards, and lighting for the path including the State Route 163 undercrossing.

Justification: This project is part of the Bicycle Master Plan to guide the development and the creation of a firm foundation for a bicycle-friendly environment to serve bicyclists and pedestrians throughout the City. These improvements will benefit the community by increasing the mobility and safety through the enhancement of the bicycle path environment.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Mission Valley Community Plan and is in conformance with the City's General Plan.

Scheduling: Preliminary engineering and planning began in Fiscal Year 2006. The environmental review process and design began in Fiscal Year 2007 and was completed in Fiscal Year 2009. Construction is scheduled to begin in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

State Route 15 Bikeway 58-127.0 / S-00731

Council District: 3

Community Plan: Mid-City

Description: This project provides for the construction of a Class II and Class III bikeway along State Route 15 from Landis Street to Adams Avenue.

Justification: This project provides the needed bikeway/bike path parallel with State Route 15 from Landis Street to Adams Avenue.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project implements the Mid-City Community Plan and is in conformance with the City's General Plan. The Mission Valley Community Plan is in the process of being updated, and this project will be incorporated into that update.

Scheduling: Design was completed in Fiscal Year 2009. Construction was scheduled to begin in Fiscal Year 2009 and to be completed in Fiscal Year 2010.

Summary of Project Changes: Total project cost has been increased to \$1,503,869 which reflects actual federal grant funding allocated to this project in prior years. In addition to grant funds expected to be received in Fiscal Year 2010, it is proposed to allocate TransNet funding of \$120,000 in Fiscal Year 2010 to complete construction.

State Route 56 Bike Interchanges 58-171.0 / S-00955

Council District: 1

Community Plan: Rancho Penasquitos, Pacific Highlands Ranch, Del Mar Mesa, Torrey Highlands, Black Mountain Ranch

Description: This project will provide for a bicycle path interchange and community connection points at Black Mountain Road, Camino Del Sur, Rancho Del Sol Way, and Torrey Meadows Drive along State Route 56.

Justification: Bicyclists and pedestrians traveling the SR-56 bicycle path and needing to cross through the interchange areas have to contend with high volumes of conflicting vehicular traffic. This project will expedite the movements along the bicycle path through and connecting to the interchange areas.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Black Mountain Ranch, Del Mar Mesa, Pacific Highlands Ranch, Rancho Penasquitos, and Torrey Highlands Community Plans, and is in conformance with the City's General Plan.

Scheduling: The project study report was scheduled for Fiscal Year 2006. Modifications requested by the community extended the project study report into Fiscal Year 2007. Design and construction began in Fiscal Year 2009 and is scheduled to be completed in Fiscal Year 2014 for various segments of the bicycle path.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Bikeways

Taylor Street - Bikeway 58-203.0 / S-00965

Council District: 2

Community Plan: Old San Diego

Description: This project provides for the replacement of a bicycle lane on Taylor Street between Presidio Drive and Hotel Circle South, adjacent to Presidio Park.

Justification: Erosion has caused the cliffside at this location to destabilize. Temporary barriers are in place to prevent additional rockslide onto Taylor Street; however, these barriers have eliminated the bicycle lane. This project will re-establish the bike lane.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Old San Diego Community Plan and is in conformance with the City's General Plan.

Scheduling: Construction schedule and funding will be determined upon completion of the design in Fiscal Year 2010 and will be incorporated in the cliff stabilization project.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Traffic Safety and Education Program 58-201.0 / S-00963

Council District: Citywide

Community Plan: Citywide

Description: This project provides for 100 classes in bicycle safety, specifically tailored for commuters.

Justification: This project builds on the City's Smart Cycling and Bike to Work commuter education programs. The classes will focus on bicycle safety and route selection and can include components relative to specific employment locations. The project's ultimate goal is to increase bicycling as a viable commuting option.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Classes will be conducted during Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

University Avenue at Alabama Street Bicycle and Pedestrian Safety Improvements 58-196.0 / S-00960
Council District: 3 **Community Plan:** Greater North Park

Description: This project provides for the restriping of University Avenue from east of Florida Street to the west side of Mississippi Street, including the two intersections of University Avenue at Alabama Street to provide a center refuge median and wider travel lanes to improve bicycle and pedestrian safety.

Justification: This project will provide for the removal of parking on both sides of the street and eliminate left turns in and out of both intersections of University Avenue and Alabama Street. In addition, the project will provide center refuge median and wider travel lanes to improve bicycle and pedestrian safety.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Greater North Park Community Plan and is in conformance with the City's General Plan.

Scheduling: Design and construction are scheduled to be complete in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Villa La Jolla Drive Bicycle Route 58-210.0 / S-10014

Council District: 1

Community Plan: University

Description: This project provides for the construction of one mile of Class III bicycle route on Villa La Jolla Drive from Nobel Drive to Gilman Drive.

Justification: This project is consistent with the Bicycle Master Plan. The plan will facilitate bicycle usage in the community.

Operating Budget Effect: None

Relationship to General and Community Plans: This project is consistent with the North University City Public Facilities Financing Plan and is in conformance with the City's General Plan.

Scheduling: Design and construction are scheduled for Fiscal Year 2010.

Summary of Project Changes: This newly published project was added for Fiscal Year 2010 in accordance with the North University City Public Facilities Financing Plan adopted per City Council Resolution R-304535 on December 5, 2008.

Vista Sorrento Parkway Bike Lanes 58-157.0 / S-10053

Council District: 1, 5

Community Plan: Mira Mesa, Torrey Pines

Description: This project provides for the construction of bike lanes on Vista Sorrento Parkway between Sorrento Valley Boulevard and Lusk Boulevard by widening the existing roadway.

Justification: Bicyclists along this section of Vista Sorrento Parkway currently must contend with heavy volumes and high speeds from vehicular traffic in common lanes. The proposed bike lanes will provide a separate venue for bicyclists to use, which is in accordance with the Torrey Pines and Mira Mesa Community Plans.

Operating Budget Effect: The operating budget effect will be determined upon completion of the design phase. Operating budget effect estimate can be provided concurrently with the City Council action authorizing the construction contract.

Relationship to General and Community Plans: This project is consistent with the Torrey Pines and Mira Mesa Community Plans and is in conformance with the City's General Plan.

Scheduling: It is anticipated construction will be completed in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Economic Development

El Cajon Boulevard Commercial Revitalization - Interstate 805 to 54th Street 39-209.0 / S-00826

Council District: 3, 7

Community Plan: Greater North Park, Mid-City

Description: This project provides for streetscape improvements, which include sidewalk replacement, curb and gutter replacement, and the installation of street lights, along El Cajon Boulevard from Interstate 805 east to 54th Street.

Justification: The El Cajon Boulevard revitalization project has been a part of the Mid-City Commercial Revitalization Program as a Community Development Block Grant and TransNet funded activity. This project will continue the approved design along additional commercial blocks. The El Cajon Boulevard Maintenance Assessment District (MAD) Assessment Engineer's Report also identifies lighting as an improvement within the project area.

Operating Budget Effect: Those projects that are identified as improvements in the El Cajon Boulevard MAD Assessment Engineer's Report will be maintained by the El Cajon Boulevard MAD. The MAD will fund the maintenance and energy costs associated with the special benefit street lighting installed by this project.

Relationship to General and Community Plans: This project implements the Greater North Park and Mid-City Community Plans and is in conformance with the City's General Plan.

Scheduling: Street lighting along El Cajon Boulevard between Interstate 805 and 54th Street will be installed in Fiscal Years 2005 through 2010 using funding from the El Cajon Boulevard MAD. Curb, sidewalk and gutter improvements are planned when funding becomes available.

Summary of Project Changes: An additional \$200,000 of El Cajon Boulevard MAD funding has been allocated to this project in Fiscal Year 2010.

North Park/University Avenue - Streetscape Improvements 39-207.0 / S-00825

Council District: 3

Community Plan: Greater North Park

Description: This project provides for neighborhood identification signage and public improvements along University Avenue and adjacent streets in North Park.

Justification: Public improvement and neighborhood identification are an important part of the revitalization project, which is a continuing effort to improve the economic base of the North Park community. This project will extend the existing demonstration block concept east and west of the completed phases at 30th Street and University Avenue.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project implements the Greater North Park Community Plan and is in conformance with the City's Progress Guide and General Plan.

Scheduling: Community sign construction was completed in Fiscal Year 1994. Construction of streetscape improvements on University Avenue west of 30th Street was completed in Fiscal Year 1998. The Gateway Project near Interstate 805 was completed in Fiscal Year 2000. Street trees were planted on University Avenue between Ohio Street and Interstate 805 in Fiscal Year 2001. Design of streetscape improvements between 28th and Granada Streets was completed in Fiscal Year 2006. Construction of streetscape improvements between 28th and Granada Street (southside) and 30th Street (eastside) was completed in Fiscal Year 2009.

Summary of Project Changes: This project, which provided for improvements along University Avenue and adjacent streets in North Park is now complete.

Ocean Beach Commercial Revitalization - Newport Avenue 39-013.0 / S-01077

Council District: 2

Community Plan: Ocean Beach

Description: This project provides for phased design and construction of drainage improvements, street grinding and resurfacing, installation of concrete gutters, additional surface drain inlets, enhanced crosswalks, curb pop-outs, hardscaping and tree planting along Newport Avenue from Sunset Cliffs Boulevard to Abbott Street.

Justification: The proposed improvements are necessary to satisfy the Americans with Disabilities Act (ADA) requirements by bringing the street surface areas up to standard. This project does not address bringing the area storm water system infrastructure up to standard, therefore, while some improvement may be observed with the surface drainage on Newport Avenue, elimination of flooding along Newport Avenue between Sunset Cliffs Boulevard and Abbott Street will not be achieved.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Ocean Beach Community Plan and is in conformance with the City's General Plan.

Scheduling: This project is anticipated to be completed in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

University City South Beautification and Right of Way Improvements 39-089.0 / S-00821

Council District: 1

Community Plan: University

Description: This project will provide for median and roadway beautification along Governor Drive between Stresseman Street and Genesee Avenue.

Justification: Roadway beautification was requested by the Council District.

Operating Budget Effect: None

Relationship to General and Community Plans: This project is consistent with the North University Community Plan and is in conformance with the City's General Plan.

Scheduling: The project description is preliminary and the scope of work has not been established. Design and construction is scheduled in Fiscal Year 2010.

Summary of Project Changes: This is a newly published project for Fiscal Year 2010.

Washington/Goldfinch Improvements 39-216.0 / S-00703

Council District: 2

Community Plan: Uptown

Description: This project provides for streetscape improvements on Washington Street between San Diego Avenue and India Street, and between Goldfinch Street and Dove Street.

Justification: The Mission Hills Community Plan group adopted the Washington Street Beautification Master Plan in Fiscal Year 1997. Streetscape improvements are being installed to revitalize the Mission Hills Business District.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project implements the Uptown Community Plan and is in conformance with the City's General Plan.

Scheduling: Construction of Phase I was completed in Fiscal Year 1994. A community tree planting added 80 street trees to Washington Street in Fiscal Year 1998. Design of Phase II was completed in Fiscal Year 1999. Construction of Phase II segment 1, which included upgrades and public artwork in two medians, was completed in Fiscal Year 2000. Improvements to the intersection of Washington Street and Goldfinch Street were designed in Fiscal Years 2003 and 2004, updated in Fiscal Year 2007 including median improvements on Washington Street between Goldfinch and Falcon Streets and between Eagle and Dove Streets. Construction of these improvements was completed in Fiscal Year 2009. The design for median improvements on Washington Street between India Street and San Diego Avenue was completed in Fiscal Year 2009. Construction is scheduled for Fiscal Year 2010.

Summary of Project Changes: No change to this project for Fiscal Year 2010.

Annual Allocation - ADA Improvements 37-064.0 / A-BE.00001

Council District: Citywide

Community Plan: Citywide

Description: This annual allocation provides for City facilities and public right of way improvements related to the Americans with Disabilities Act (ADA). Funding ADA obligations is one of the Mayor's eight significant areas.

Justification: ADA improvements will allow greater access to City facilities and public right of way for residents.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is conformance with the City's General Plan.

Scheduling: Projects will be scheduled on a priority basis. In addition to the funds reflected below, Council approved \$20.0 million of Capital Outlay appropriations in Fiscal Years 2008 and 2009.

Summary of Project Changes: An estimated \$10 million of annual funding is contingent upon land sales and is supplemented with the Mayor's portion of Community Development Block Grants (CDBG) funds. This project has been updated to reflect the funding identified in the Five Year Financial Outlook.

Annual Allocation - Undergrounding of City Utilities 37-028.0 / A-ID.00001

Council District: Citywide

Community Plan: Citywide

Description: This annual allocation provides for additional underground conversion projects to augment the California Public Utilities Commission (CPUC) Rule 20A projects as well as provides for the necessary administrative expenses, conversion of City-owned street lighting, and resurfacing of roadways associated with the undergrounding of utilities.

Justification: The CPUC mandates that local utility companies allocate funding for undergrounding of utilities at the direction of the local municipality. San Diego Gas and Electric, Pacific Bell and the cable television companies spend several million dollars annually to underground overhead facilities. The City must provide the utility companies with a priority listing of projects, aid coordination, establish underground utility districts and give informational support. Construction costs for undergrounding are paid by utility companies in accordance with Public Utilities Commission Decisions 73078, 820118 and Case 8209. If not provided with administrative support, millions of dollars of utility company construction money could go unused. Additional underground conversion projects are funded through the City Undergrounding Surcharge Fund. This fund is used solely for the undergrounding of utilities and cannot be used for other purposes.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Undergrounding projects are scheduled each calendar year to correspond with the utility company programming and budgeting practices.

Summary of Project Changes: The total project cost for annual allocation projects is reflective of the Fiscal Year 2010 budget only. In addition, annual allocations do not show prior year appropriations in the annual budget.

City Administration Building Fire Protection and Life Safety Improvement 37-900.0 / S-00819

Council District: 2

Community Plan: Centre City

Description: This project provides for the installation of a fire sprinkler system and for upgrading the existing fire alarm system at the City Administration Building located at 202 C Street in Centre City. One component of the project is asbestos spot abatement. All work will be performed during non-working hours allowing the facility to remain occupied and operational during construction. Phase I provided for the installation of fire sprinklers on the 10th, 14th, and 15th floors. Phase II provided for the installation of eight-inch stand pipes and eight-inch basement lateral. Phase III provided for the installation of sprinklers in the remaining basement and on the 11th and 13th floors and a fire alarm system in the basement and on the 10th, 11th, and 13th floors. Included in Phase III was abatement of amosite ceiling tile on the 11th floor. Phase IV will provide for the installation of sprinklers and alarm system for the 1st through the 9th, and 12th floors. Spot asbestos abatement is not required on the 6th and 7th floors due to prior asbestos abatement.

Justification: This facility currently does not comply with Council Ordinance O-17172 requiring sprinkler retrofitting for high-rise buildings.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Centre City Community Plan and is in conformance with the City's General Plan.

Scheduling: Phases I, II and III were completed in Fiscal Years 2000, 2002, and 2003, respectively. Phase IV will be scheduled when funds are identified.

Summary of Project Changes: Phase IV construction will be scheduled upon identification of funding. The total estimated project cost has increased \$250,000 due to inflation.

Facilities - Eng

Martin Luther King Jr Community Park - Recreation Center Roof Replacement 29-914.0 / S-00765

Council District: 4

Community Plan: Southeastern San Diego

Description: This project provides for the replacement of approximately 11,000 square feet of asphalt concrete shingle roof at the Martin Luther King Junior Community Park Recreation Center.

Justification: This project provides for the necessary roof replacement to prevent further water damage, during inclement weather, to the Martin Luther King Junior Community Park Recreation Center.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Southeastern San Diego Community Plan and it is in conformance with the City's Progress Guide and General Plan.

Scheduling: This project is anticipated to be completed in Fiscal Year 2010.

Summary of Project Changes: This project is completed.

Storm Drains/Flood Control

Carmel Country Road Low Flow Channel 12-162.0 / S-00969

Council District: 1

Community Plan: Carmel Valley

Description: This project provides a permanent hard bottom low flow channel from Carmel Country Road to the first drop structure west.

Justification: This project will provide for relief of water ponding under the Carmel Country Road Bridge and to the east of the bridge on the Palacio Del Mar property. This condition has created a health and safety issue for area residents.

Operating Budget Effect: None

Relationship to General and Community Plans: This project is consistent with the Carmel Valley Public Facilities Financing Plan and is in conformance with the City's General Plan.

Scheduling: Design was scheduled to begin in Fiscal Year 2009. Construction is scheduled to begin in Fiscal Year 2010.

Summary of Project Changes: Project cost and schedule have been updated to reflect the most recent Carmel Valley Public Facilities Financing Plan. This is a newly created project per Council Resolution (R-303600) on April 24, 2008.

Storm Drains/Flood Control

Famosa Slough Salt Marsh Restoration 12-152.0 / S-00605

Council District: 2

Community Plan: Peninsula

Description: This project provides for 0.64 acres of tidal salt marsh habitat and associated upland buffer as mitigation for impacts to 0.1 acres of coastal salt marsh by the Sorrento West channel clearing project resulting from the El Nino storms of 1997. The mitigation site is located on the tidal channel that is north of West Point Loma Boulevard. The high area adjacent to an access road will be graded to the elevation of the existing salt marsh habitat and will be planted with salt marsh plant species.

Justification: The 0.64 acre mitigation project in Famosa Slough is required by the Army Corps of Engineers, Coastal Commission, and California Department of Fish and Game permits and agreements. The Famosa Slough was chosen as the mitigation site because opportunities for coastal salt marsh mitigation in the Los Peñasquitos Lagoon have been exhausted. This option utilizes an available, City-owned site within the Coastal Zone and is consistent with the 1993 Famosa Slough Enhancement Plan.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Peninsula Community Plan and the Famosa Slough Enhancement Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2004 and was completed in Fiscal Year 2005. Construction was completed in Fiscal Year 2005. The five year maintenance and monitoring period began in Fiscal Year 2006 and is anticipated to end in Fiscal Year 2011.

Summary of Project Changes: TransNet funding of \$22,000 in Fiscal Year 2010 has been identified to fund the final year of the mitigation .

Storm Drains/Flood Control

Fashion Valley Road River Crossing 13-502.0 / S-00610

Council District: 6

Community Plan: Mission Valley

Description: This project provides for the replacement of the failed corrugated metal pipes under the roadway at the San Diego River Crossing and for the restoration of the roadway.

Justification: The road collapsed on December 30, 2004 due to the failure of six corrugated metal pipes under the roadway. The road is located in the floodplain zone and is, therefore, subject to inundation during heavy flows in the river as a result of high intensity rainfall. The road was repaired and in operation before the end of October 2005. The project is eligible for FHWA reimbursement.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Mission Valley Community Plan and is in conformance with the City's General Plan.

Scheduling: This project is anticipated to be completed in Fiscal Year 2010.

Summary of Project Changes: No change to this project for Fiscal Year 2010.

Storm Drains/Flood Control

La Jolla Ecological Reserve Area of Special Biological Significance 12-160.0 / S-00607

Council District: 1

Community Plan: La Jolla

Description: This project provides low flow diversion systems for four storm drain outfalls that discharge directly into the La Jolla Ecological Reserve Area of Special Biological Significance (ASBS 29).

Justification: This project will address the stringent storm drain discharge water quality standards required by the California Ocean Plan's Areas of Special Biological Significance requirements in the La Jolla Shores area.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2008. Construction is scheduled to begin in Fiscal Year 2010.

Summary of Project Changes: It is proposed to allocate \$700,000 from the Storm Water Department's operating budget to this project for Fiscal Year 2010 to fund construction.

Storm Drains/Flood Control

Ransom Street and Darwin Way Storm Drain 11-302.0 / S-00601

Council District: 8

Community Plan: Otay Mesa/Nestor

Description: This project provides for a replacement storm drain pipe at Darwin Way and Ransom Street. Approximately 490 feet of 42-inch and 610 feet of 24 inch corrugated metal pipe will be replaced with reinforced concrete pipe.

Justification: The existing corrugated metal pipe under Darwin Way and Ransom Street is badly corroded and has created sinkholes on Ransom Street. Replacement is needed to prevent flooding of the streets.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa/Nestor Community Plan and is in conformance with the City's General Plan.

Scheduling: Design is complete. Construction was scheduled to begin in Fiscal Year 2009 and to be completed in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Storm Drains/Flood Control
Storm Station Improvements 12-127.0 / S-00604
Council District: 2

Community Plan: Mission Beach

Description: This project provides for eliminating the submerged outfall and for relocating and/or modifying the existing control system at the storm water pumping station at Santa Clara Point in Mission Beach.

Justification: This station has not operated reliably. This project will improve the reliability of the pump station, thus preventing potential flooding of City streets.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Mission Beach Community Plan and is in conformance with the City's General Plan.

Scheduling: This project is anticipated to be completed in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Storm Drains/Flood Control

Talbot Street Slope 13-501.0 / S-00609

Council District: 2

Community Plan: Peninsula

Description: This project provides for the stabilization of the slope adjacent to Talbot Street at Martinez Street.

Justification: The winter storms of 2004 and 2005 eroded the steep slope adjacent to Talbot Street and threatened the houses at the top of the slope. This project is eligible for Federal Highways Administration (FHWA) reimbursement.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Peninsula Community Plan and is in conformance with City's General Plan.

Scheduling: Design began in Fiscal Year 2008 and is scheduled to be completed in Fiscal Year 2009. Construction is scheduled to begin in Fiscal Year 2010 and will be completed in early Fiscal Year 2011.

Summary of Project Changes: Total project has increased by \$2,132,157 to \$3,448,157 due to escalated construction costs and increased scope which includes the construction of a tie-back wall and infrastructure improvements on Talbot Street. \$132,157 of the increase has been received from Caltrans. It is proposed to allocate the balance of \$2,000,000 in TransNet funds to this project for Fiscal Year 2010.

Storm Water Program

Beach Area Sewage Interception/Low Flow Storm Drain Diversion 12-124.0 / S-00603

Council District: 1, 2

Community Plan: La Jolla, Pacific Beach

Description: This project provides for the beach area interception and diversion of sewer spills and storm drain low-flows. Federal grants are available for 55 percent of the construction costs for Phase II, which has 10 sites and Phase III, which has 11 sites. Sewer funds are available as City match for the construction of Phase II and the design and construction of Phase III.

Justification: This project provides for returning dry weather sewer overflows and low flow storm runoff to the sewer, preventing pollution in the beach areas.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the La Jolla/La Jolla Shores and Pacific Beach Community Plans and is in conformance with the City's General Plan.

Scheduling: Phase I, completed construction. Phase II, design completed in Fiscal Year 2004 and construction was completed in early Fiscal Year 2008. Phase III, design and construction will continue through Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Streets and Bridges

34th and 35th at Madison Avenue - Curb, Gutter and Sidewalk (CD3 Sidewalk) 52-774.0 / S-00922

Council District: 3

Community Plan: Mid-City, Uptown

Description: This project provides for the reconstruction of the curb, gutter and sidewalk on 34th and 35th Streets from Adams Avenue to Madison Avenue, and on Madison Avenue from Felton Street to 35th Street.

Justification: This project is required in order to mitigate drainage problems and reduce flooding.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Mid-City and the Uptown Community Plans and is in conformance with the City's General Plan.

Scheduling: Preliminary work on this project is scheduled for Fiscal Year 2009, design is scheduled for Fiscal Year 2010, and construction is scheduled for Fiscal Year 2011.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Streets and Bridges
38th Street Improvements 52-782.0 / S-00930
Council District: 3

Community Plan: Mid-City

Description: This project provides full street improvements on 38th Street from Dwight Street north to terminus. Improvements will include curb, gutter, driveways, sidewalk, pedestrian ramps, pavement, drainage facilities, angled on-street parking, etc. The improvements will comply with current local, state and federal safety and accessibility codes and regulations.

Justification: Street improvements are needed to comply with the City's design guides for the improvement of public right of way.

Operating Budget Effect: None.

Relationship to General and Community Plans: The project is consistent with the Mid-City Community Plan and is in conformance with the City's General Plan.

Scheduling: Preliminary engineering and feasibility studies began in Fiscal Year 2008 and will continue through Fiscal Year 2010. Design and construction will be scheduled upon completion of the preliminary engineering and feasibility studies.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Streets and Bridges

43rd Street and Logan/National Avenue Intersection 52-409.0 / S-00845

Council District: 4

Community Plan: Southeastern San Diego

Description: This project provides for realigning the intersection at 43rd Street and National Avenue. This project will make necessary traffic enhancements to handle the increased daily traffic associated with the residential, industrial and commercial development of the State Route 252 Corridor (approximately 66 acres).

Justification: This project is a major component in the development of the State Route 252 Corridor within the Southcrest Project. The street currently handles approximately 12,000 weekday trips. Once development on the corridor is complete, the number of trips will increase significantly. The Southeastern San Diego Community Plan recommends improvement to four lanes to handle the current capacity.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Southeastern San Diego Community Plan and is in conformance with the City's General Plan.

Scheduling: Design and land acquisition began in Fiscal Year 2002 and was completed in Fiscal Year 2009. Construction was scheduled to begin and to be completed in Fiscal Year 2009 and has been rescheduled to Fiscal Year 2010 to accommodate changes to scope and funding.

Summary of Project Changes: \$3.0 million in TransNet funds have been allocated to this project for Fiscal Year 2010.

Streets and Bridges

62nd to 65th Street Channel Improvements 52-778.0 / S-00926

Council District: 4

Community Plan: Southeastern San Diego

Description: This project provides for the installation of an upgraded fence along the existing drainage channel between 62nd and 65th Streets.

Justification: This project is required in order to prevent unauthorized access to the drainage channel.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with Southeastern San Diego Community Plan and is in conformance with the City's General Plan.

Scheduling: The project description is preliminary and the scope of work is not established, only planning and other preliminary activities have been performed to date. The project schedule for design and construction will be established, once the scope of work is approved. It is anticipated that work will begin and be completed in FY10.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Aldine Drive and Fairmount Avenue - Slope Restoration 52-592.0 / S-00865

Council District: 3

Community Plan: Mid-City

Description: This project provides for the evaluation, design and construction of slope stability improvements for two slope areas. The first area is Fairmount Avenue slope north of Meade Avenue and south of Aldine Drive. The second area is the Aldine Drive south slope between Fairmount Avenue and Adams Avenue.

Justification: The slope on the east side of Fairmount Avenue and south side of Aldine Drive is eroding and failing in some locations due to heavy winter rains.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project implements the Mid-City Community Plan and is in conformance with the City's General Plan.

Scheduling: Design was completed in Fiscal Year 2009. Construction is scheduled for Fiscal Year 2010.

Summary of Project Changes: Total estimated project has been increased to \$3,706,643 due to increased scope and revised construction cost estimate. It is proposed to allocate \$1,100,000 in TransNet funding to this project for Fiscal Year 2010. Additionally, grant funding in the amount of \$196,845 was received in Fiscal Year 2009.

Alvarado Canyon Road Realignment 52-713.0 / S-00894

Council District: 7

Community Plan: Navajo

Description: This project provides for the realignment of Alvarado Canyon Road from 380 feet east of the Fairmount Avenue and Camino Del Rio North intersection to the Fairmount Avenue and Mission Gorge Road intersection. Improvements for this two-lane collector street will include a structure over the existing concrete drainage channel, removal of some existing pavement, re-grading of affected private parcels and traffic signal modifications.

Justification: This project will improve the traffic flow at the Interstate 8, Fairmount Avenue and Mission Gorge Road interchange.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is in conformance with the City's General Plan. The proposed realignment requires an amendment to the Navajo Community Plan. This proposed change is being processed by the Metropolitan Transit Development Board (MTDB) as part of an amendment to identify the Mission Valley East Light Rail alignment through the corridor.

Scheduling: Preliminary Engineering and the Environmental Process began in Fiscal Year 2009 and is scheduled to continue in Fiscal Year 2010. Design is scheduled in Fiscal Year 2011. Construction will be scheduled upon identification of funding. Land acquisition will begin when the alignment is defined.

Summary of Project Changes: It is anticipated that Redevelopment funds will be available for this project in Fiscal Years 2011.

Annual Allocation - Preliminary Engineering for Congestion Relief Projects 59-023.0 / A-ID.00003

Council District: Citywide

Community Plan: Citywide

Description: This annual allocation provides funding for the planning and preliminary design work for potential future transportation projects submitted by City Council, City departments, constituents, and other agencies.

Justification: This project funds required work by City staff to evaluate, plan and perform preliminary design as requested.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Projects will be scheduled on a priority basis.

Summary of Project Changes: The total project cost for annual allocation projects is reflective of the Fiscal Year 2010 budget only. In addition, annual allocations do not show prior year appropriations in the annual budget.

Annual Allocation - Sidewalks - Citywide 52-715.0 / A-IK.00001

Council District: Citywide

Community Plan: Citywide

Description: This annual allocation provides for the construction of sidewalks at locations where none exist in order to provide safe routes for pedestrians and to provide access routes for school children. Potential locations include: Candlelight Drive from Candlelight Place to Van Nuys (east and west sides) and Viewridge Drive from Balboa Avenue to Ridgehaven Court (east and west sides).

Justification: This project provides permanent sidewalks along streets in areas where children are required to walk to school and contributes to the City's ongoing efforts to promote walking as a mode of transportation.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Projects will be scheduled on a priority basis.

Summary of Project Changes: The total project cost for annual allocation projects is reflective of the Fiscal Year 2010 budget only. In addition, annual allocations do not show prior year appropriations in the annual budget.

Annual Allocation - Transportation Grant Matches 59-021.0 / A-ID.00002

Council District: Citywide

Community Plan: Citywide

Description: This annual allocation provides funding for matching fund obligations for various types of transportation grants. Grants may require City matching funds as a condition of approval.

Justification: In order to qualify for future additional grant funds, the city may be required to ensure that matching funds are available.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Funding will be allocated to projects as grants are secured.

Summary of Project Changes: The total project cost for annual allocation projects is reflective of the Fiscal Year 2010 budget only. In addition, annual allocations do not show prior year appropriations in the annual budget.

Azalea Park Roadway Improvements and Neighborhood Identification 39-086.0 / S-00699

Council District: 3

Community Plan: Mid-City

Description: This project provides for the construction of new vehicular and pedestrian improvements, including raised medians, sidewalks and curb ramps, enhanced crosswalks and curb-extensions, (which are to be funded by Development Impact Fees), neighborhood identification signs (which are to be funded by Community Development Block Grants), and seating areas. This project is part of a community revitalization effort outlined in the Azalea Park-Hollywood Park Revitalization Action Program. The specific locations of this portion of the project are the intersections of Poplar Street and Fairmount Avenue and Poplar Street and Tulip Street.

Justification: These improvements will benefit the community by increasing safety, improving the flow of traffic, enhancing pedestrian access, and promoting community identification.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project implements the recommendations found in the Mid-City Community Plan and the Azalea Park-Hollywood Park Revitalization Action Program and is in conformance with the City's General Plan.

Scheduling: The preliminary design process for the raised medians, neighborhood identification signs and seating areas, which included neighborhood residents' involvement, has been completed. With completion of the conceptual design phase in early Fiscal Year 2006, work is in progress to complete design and actual construction. Design began in Fiscal Year 2007 and was completed in Fiscal Year 2009. Construction is scheduled to begin and to be completed in Fiscal Year 2010.

Summary of Project Changes: \$60,000 of TransNet funding allocated in Fiscal Year 2010 will provide for the construction of roadway improvements.

Balboa Avenue Corridor Improvements 52-274.0 / S-00831

Community Plan: Kearny Mesa, Clairemont Mesa

Council District: 6

Description: This project provides for improvements to the former State Route 274, which is Balboa Avenue. This project is divided into two phases. Phase I begins at Interstate 5 and ends at Interstate 805. Phase II begins at Interstate 805 and ends at Interstate 15. Improvements to both phases consist of roadway widening, construction of new curbs, gutters, and sidewalks, reconstruction of existing sidewalks and medians, installation of a new traffic signal(s), modification of existing traffic signals, and new bicycle routes.

Justification: This project is funded by a state contribution agreement as part of the relinquishment of State Route 274 to the City of San Diego.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Clairemont Mesa and Kearny Mesa Community Plans and is in conformance with the City's General Plan.

Scheduling: Phase I - Preliminary engineering was completed in Fiscal Year 2005. Design began in Fiscal Year 2005 and was completed in Fiscal Year 2006. Construction began in Fiscal Year 2008 and was completed in Fiscal Year 2009. Phase II - Preliminary engineering began in Fiscal Year 2009 and design is scheduled for Fiscal Year 2010. Construction is scheduled to begin in Fiscal Year 2010 and to be completed in Fiscal Year 2011.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Bird Rock Coastal Traffic Flow Improvements 52-717.0 / S-00896

Council District: 1

Community Plan: La Jolla

Description: This project provides traffic calming measures to reduce speed and improve safety and walkability on La Jolla Boulevard. The project includes three modern roundabouts on La Jolla Boulevard and three mini roundabouts on connecting residential streets. La Jolla Boulevard will be reduced from four to two lanes. The project also includes 20 additional traffic calming measures on connecting residential streets.

Justification: This project will reduce traffic speed and improve traffic flow and safety on La Jolla Boulevard. The project also reduces speed and minimizes traffic on surrounding area streets. This project is in accordance with the La Jolla Public Facilities Financing Plan, Project T-13.

Operating Budget Effect: A Maintenance Assessment District was approved by City Council Resolution R-300744 on 8-02-05 to maintain landscaping and other improvements.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's Progress Guide and General Plan.

Scheduling: Design began in Fiscal Year 2004 and was completed in Fiscal Year 2007. Construction will be scheduled in two phases. Phase I construction was completed in Fiscal Year 2008 and Phase II was completed in Fiscal Year 2009.

Summary of Project Changes: City Council Resolution R-303898, dated August 6, 2008, transferred \$770,000 in TransNet funding to this project to complete construction.

Bridge Preventative Maintenance Assessment Program 53-062.0 / S-00940

Council District: Citywide

Community Plan: Citywide

Description: This project provides for the development of bridge preventive maintenance assessments. It will provide an evaluation of 318 existing vehicular bridges, analyze current industry practices, and determine the cost benefits of program implementation.

Justification: Bridges identified in this assessment will be considered for participation in a future preventive maintenance construction contract.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plan and is in conformance with the City's General Plan.

Scheduling: The program began in Fiscal Year 2007 and will continue through Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Camino del Sur - Carmel Mountain Road to 1,600 Feet North of Park Village Road 52-653.0 / S-00872

Council District: 1

Community Plan: Rancho Penasquitos, Torrey Highlands

Description: This project provides for the construction of Camino del Sur (formerly Camino Ruiz) as a four-lane major street with Class II bicycle lanes from Carmel Mountain Road to 1,600 feet north of Park Village Road.

Justification: Camino del Sur is the major street connecting the southwest corner of Rancho Penasquitos to the future Carmel Mountain Road extension and to State Route 56.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Rancho Penasquitos Community Plan and the Torrey Highlands Subarea Community Plan and is in conformance with the City's General Plan.

Scheduling: The Environmental Impact Report was completed in Fiscal Year 2006. Design will be completed Fiscal Year 2010. Construction is scheduled to occur in conjunction with anticipated development in Fiscal Year 2011.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Camino del Sur - Widen to Six Lanes Northerly of State Route 56 52-725.0 / S-00899

Council District: 1

Community Plan: Torrey Highlands

Description: This project provides for the construction of Camino del Sur between State Route 56 and Carmel Valley Road as a two-lane interim roadway (40-foot paved width) within the right-of-way for a future six-lane facility. Additional lanes may be required in the immediate vicinity of the interchange. This project will be constructed by the developer who will be reimbursed.

Justification: This project will accommodate the increase in vehicular traffic caused by development in the area and is funded by development within Torrey Highlands.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Torrey Highlands Community Plan and is in conformance with the City's General Plan.

Scheduling: This project is complete and reimbursement to developers is pending, due to rate of fees collected within the community.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Camino Ruiz - Gold Coast Dr to Jade Coast and Miralani Dr to Miramar Road 52-389.0 / S-01018

Council District: 5

Community Plan: Mira Mesa

Description: This project provides for widening Camino Ruiz from Gold Coast Drive to the east leg of Jade Coast Road and from the northern most boundaries of Miralani Business Park to Miramar Road, widening Camino Ruiz to a modified six-lane major street/primary arterial. The project includes Class II bike lanes between Mira Mesa Boulevard and Gold Coast Drive and within the project limits.

Justification: Widening this portion of Camino Ruiz will accommodate increased vehicular traffic generated by the Mira Mesa Community.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Mira Mesa Community Plan and is in conformance with the City's General Plan.

Scheduling: Preliminary design is scheduled in Fiscal Year 2011. Design is scheduled to begin in Fiscal Year 2012. Construction is scheduled to begin in Fiscal Year 2013. This schedule is contingent upon the rate of development and fees collected in the community.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Streets and Bridges

Carmel Mountain Road - Neighborhood 10 Boundary to Del Mar Mesa Road 52-411.0 / S-00846

Council District: 1

Community Plan: Del Mar Mesa

Description: This project provides for the construction of Carmel Mountain Road as a two-lane collector street from the Carmel Valley Neighborhood easterly boundary to Little McGonigle Ranch Road (formerly Del Mar Mesa Road). The 4,050 linear feet of half-width road (FBA funded) which traverses open space will be 40-foot/62-foot. Also included as part of this project is a wildlife crossing under Carmel Mountain Road. The remainder (sub-divider funded) will be both 40-foot/62-foot and 50-foot/72-foot and will include left-turn lanes at intersections and major driveways as needed. A multi-use trail will be constructed as part of this project along the entire project length.

Justification: This project is required to accommodate the additional traffic generated as a result of development in Del Mar Mesa.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Del Mar Mesa Community Plan and is in conformance with the City's General Plan.

Scheduling: In accordance with Reimbursement Agreement and based upon schedule determined, the developer will complete land acquisition, design, and construction.

Summary of Project Changes: Project cost and schedule have been updated to reflect the most recent Del Mar Mesa Public Facilities Financing Plan.

Streets and Bridges

Carmel Valley Road - 300 Feet East of Portofino Drive to Del Mar 52-517.0 / S-00859

Council District: 1

Community Plan: Torrey Pines

Description: This project provides for improving Carmel Valley Road to a modified two-lane collector street from 300 feet east of Portofino Drive to the Del Mar city limits. The improvements include construction of curb, gutter, sidewalks and drainage improvements as well as construction of a Class II bicycle lane on both sides of Carmel Valley Road.

Justification: This project will improve traffic flow and turning movements on this roadway and provide bike paths on Carmel Valley Road.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Torrey Pines Community Plan and is in conformance with the City's General Plan.

Scheduling: Design and construction of the project is complete. The five year mitigation and monitoring program began in Fiscal Year 2008.

Summary of Project Changes: It is proposed to allocate \$75,000 inTransNet funds to this project for Fiscal Year 2010 for mitigation and monitoring costs.

Streets and Bridges

Carmel Valley Road - Four/Six lanes southerly of Street A 52-733.0 / S-00900

Council District: 1

Community Plan: Pacific Highlands Ranch, Torrey Highlands

Description: This project provides for the design and construction of Carmel Valley Road from the Camino Santa Fe Interchange to Pacific Highlands Ranch Parkway as a six-lane facility within a 146 foot right-of-way transitioning to a four-lane facility within a 122 foot right-of-way (4,000 linear feet). The expanded right-of-way will permit widening of up to 24 additional feet for a future transit oriented facility. In the interim, these two-lanes shall be landscaped and incorporated into the center median improvements.

Justification: Due to anticipated traffic volumes on Carmel Valley Road, the portion between SR-56 and Del Mar Heights Road will be constructed as a six lane facility, in two phases, as required by the Transportation Phasing. See Project T- 4.2 and Torrey Highlands Public Facilities Financing Plan Project T- 4.5.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Pacific Highlands Ranch and Torrey Highlands Public Facilities Financing Plans and is in conformance with the City's General Plan.

Scheduling: The developer (Pardee) provided advanced funding for this project and will be reimbursed from the Pacific Highlands Ranch Facilities Benefit Assessment under the terms of a reimbursement agreement.

Summary of Project Changes: Project funding has been revised consistent with the Pacific Highlands Ranch Public Facilities Financing Plan. The total project cost has increase by \$4.0 million consistent with the Pacific Highlands Ranch Public Facilities Financing Plan.

Streets and Bridges

Carmel Valley Road - Street A to Neighborhood Parkway 52-747.0 / S-00906

Council District: 1

Community Plan: Pacific Highlands Ranch

Description: This project provides for design and construction of Carmel Valley Road from Street "A" to the Neighborhood Parkway as a four-lane facility within a 122 foot right-of-way that can accommodate six lanes in the future. The two internal lanes will be left unimproved for future expansion to accommodate six lanes of traffic or another transit oriented facility. In the interim, these two lanes shall be landscaped and incorporated into the center median improvements. This section of Carmel Valley Road includes the pedestrian undercrossing at the Neighborhood Parkway. See Project T-4.3 in the Pacific Highlands Ranch Public Facilities Financing Plan. This project will be built by the developer who will be reimbursed.

Justification: Due to anticipated traffic volumes on Carmel Valley Road, the section between Street "A" and Neighborhood Parkway will be constructed as a four-lane facility that can be expanded to six lanes in the future.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Pacific Highlands Ranch Community Plan and is in conformance with the City's General Plan.

Scheduling: Reimbursement to the developer will be made in accordance with the agreement. The anticipated completion date is Fiscal Year 2012.

Summary of Project Changes: Project funding has been revised to reflect the most current Pacific Highlands Ranch Public Facilities Financing Plan.

Streets and Bridges

Carmel Valley Road - Via Albutura to Camino Del Sur 52-466.0 / S-00854

Council District: 1

Community Plan: Torrey Highlands

Description: This project provides for widening Carmel Valley Road between via Albutura and Camino Ruiz into a four-lane street. This project will be built by the developer who will be reimbursed.

Justification: This facility is required to accommodate traffic generated by new development in Black Mountain Ranch and surrounding communities as well as existing sub-regional traffic needs.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Torrey Highlands Community Plan and is in conformance with the City's General Plan.

Scheduling: Completed.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Streets and Bridges

Carroll Canyon Road - Interstate 15 to Maya Linda Road 52-421.0 / S-01019

Council District: 5

Community Plan: Mira Mesa

Description: This project provides for widening the south side of Carroll Canyon Road from Interstate 15 to 150 feet east of Maya Linda Road in order to provide a right-turn lane with a Class II bike lane. See Project Number 7A in the Mira Mesa Public Facilities Financing Plan.

Justification: Due to growth in the community, increases to traffic volumes will require an exclusive right-turn lane to southbound Interstate 15 to maintain and improve service levels.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Mira Mesa Community Plan and is in conformance with the City's General Plan.

Scheduling: Preliminary engineering was completed in Fiscal Year 2009. Land acquisition is scheduled for Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Streets and Bridges

Carroll Canyon Road - Sorrento Valley Road to Scranton Road 52-392.0 / S-00841

Council District: 5

Community Plan: Mira Mesa

Description: This project provides for a modified four-lane collector street from Sorrento Valley Road, under Interstate 805 to Scranton Road as part of a joint project with Caltrans. Carroll Canyon Road will include Class II bike lanes and direct access ramps onto I-805 from Carroll Canyon Road to the I-5 interchange.

Justification: Carroll Canyon Road is necessary in accordance with the community plan and the average daily trip forecast is 25,000 a year.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Mira Mesa Community Plan and is in conformance with the City's General Plan.

Scheduling: Land acquisition was scheduled in Fiscal Year 2005 and rescheduled to Fiscal Year 2009 due to changes in scope and alignment. Design was scheduled to be completed in Fiscal Year 2009. Construction is scheduled to begin in Fiscal Year 2010.

Summary of Project Changes: Caltrans will administer the construction of the project. Funding in Fiscal Year 2010 represents a part of the City's share of the project. The City's share of the total estimated project cost has decreased due to additional regional funds allocated to Caltrans to construct the project. Additionally, it is proposed to allocate Regional Transportation Congestion Improvement Program fees to this project for Fiscal Year 2010.

Streets and Bridges

Clairemont Mesa Boulevard/SR-163 Improvements 52-745.0 / S-00905

Council District: 6

Community Plan: Kearny Mesa

Description: This project provides for improving Clairemont Mesa Boulevard/State Route 163 to six-lane prime arterial standards. Phase I of the project consists of bridge widening and ramp realignment on the eastern side of the interchange. Phase II consists of ramp realignment on the western side. The interchange will be re-configured to eliminate existing loop on-ramps. The ramps will be re-configured to intersect Clairemont Mesa Boulevard at standard signalized intersections. High-occupancy vehicle/bus bypass lanes will be incorporated on the on-ramps and preemption for emergency vehicles and bus priority will be included on the traffic signals.

Justification: These improvements will eliminate existing pedestrian/bike high-speed crossings and all vehicle, bike and pedestrian moves will be controlled, thus improving safety. Transit movement through the interchange area will be greatly enhanced.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Kearny Mesa Community Plan and is in conformance with the City's General Plan.

Scheduling: Phase I construction was completed in Fiscal Year 2008. Phase II design began in Fiscal Year 2008 and construction is scheduled for Fiscal Year 2011.

Summary of Project Changes: It is proposed to allocate \$8.0 million in TransNet funding to this project in Fiscal Year 2011.

Debt Service for TransNet Commercial Paper Funded Projects 52-683.0 / S-00883

Council District: Citywide

Community Plan: Citywide

Description: This annual allocation provides for debt service on TransNet Commercial Paper funded projects.

Justification: Debt service payments for TransNet Commercial Paper issuances are required annually.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Planned Commercial Paper issuances in Fiscal Year 2010 will require annual payments through Fiscal Year 2014.

Summary of Project Changes: Debt service payments have been updated to reflect the planned issuance of \$12 million in Commercial Paper in Fiscal Year 2010.

Del Mar Heights Road - Four to Six Lanes 52-739.0 / S-00903

Council District: 1

Community Plan: Pacific Highlands Ranch

Description: This project provides for construction of Del Mar Heights Road from Old Carmel Valley Road to the new alignment of Carmel Valley Road as a modified five-lane roadway within a 122 foot right-of-way for a future six-lane facility. The project includes an eastbound third lane as the roadway approaches Carmel Valley Road. This project includes the bridge crossing over the open space corridor. This is the second phase of the project and will provide local access to the central area of development. The developer will advance funding for this project and be reimbursed from the Pacific Highlands Ranch Facilities Benefit Assessment under the terms of a reimbursement agreement.

Justification: This facility is required to accommodate traffic being generated by new development in Pacific Highlands Ranch as well as by existing sub-regional traffic needs.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Pacific Highlands Ranch Community Plan (Project T-3.2) and is in conformance with the City's General Plan.

Scheduling: Reimbursements to the developer will continue through Fiscal Year 2012.

Summary of Project Changes: The total estimated project cost and funding in all years has been updated consistent with the most recent Pacific Highlands Ranch Public Facilities Financing Plan.

Del Mar Heights Road Median - Mango Drive to City Limits 52-686.0 / S-00884

Council District: 1

Community Plan: Torrey Pines

Description: This project provides for raised center decorative concrete medians on Del Mar Heights Road, between Mango Drive and the San Diego city limits. The future landscaping area is to be covered with landscape fabric and mulch above top soil, and irrigation sleeves under the vehicular area.

Justification: Construction of the median is required to control turning movements and reduce traffic conflicts.

Operating Budget Effect: Maintenance of medians will be funded through Maintenance Assessment District (MAD) funds.

Relationship to General and Community Plans: This project is consistent with the Torrey Pines Community Plan and is in conformance with the City's General Plan.

Scheduling: Design was completed in Fiscal Year 2004. Construction will be scheduled when remaining funding is identified and a new maintenance assessment district is created.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Del Mar Heights Road North of Neighborhood #4 Park and School 52-478.0 / S-00855

Council District: 1

Community Plan: Carmel Valley

Description: This project provides for reimbursing the developer for constructing the half-width improvement of Del Mar Heights Road north of the proposed site of the neighborhood park to a six-lane major arterial with Class II bike lanes.

Justification: The developer is required to build this road and will be reimbursed from Facilities Benefit Assessment funding by agreement. See Project Number 27 in the Carmel Valley Public Facilities Financing Plan.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Carmel Valley Community Plan and is in conformance with the City's General Plan.

Scheduling: This project was constructed in prior years by the developer and reimbursement is scheduled for Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Del Mar Mesa Road - Carmel Country Road to Carmel Mountain Road 52-712.0 / S-00893

Council District: 1

Community Plan: Del Mar Mesa

Description: This project provides for the construction of Del Mar Mesa Road as a two-lane rural residential road from Carmel Country Road to the future Carmel Mountain Road. The improvements also include a 16-inch water line and a multi-use trail. This roadway will provide access to the east until other road improvements are in place. This project was formerly named Shaw Ridge Road. This project will be constructed by three developers under three separate reimbursement agreements.

Justification: This project is required to accommodate the additional traffic generated as a result of development in Del Mar Mesa. See Project Number 43-3 in the Del Mar Mesa Public Facilities Financing Plan.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Del Mar Mesa Specific Plan and is in conformance with the City's General Plan.

Scheduling: This project was constructed by developers in Fiscal Years 1999 through 2003. Reimbursements will be made from the Del Mar Mesa Facilities Benefit Assessment fund as scheduled in the Public Facilities Financing Plan.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Streets and Bridges

Del Sol Boulevard - Central 52-492.0 / S-00858

Council District: 8

Community Plan: Otay Mesa

Description: This project provides for construction of the central section of Del Sol Boulevard from the eastern boundary of Palm Ridge through the Multiple Species Conservation Program (MSCP) open space, and along the frontage of the proposed community park, elementary and middle school site. The roadway will consist of 800 linear feet of a two-lane collector and 2,000 linear feet of a four-lane collector street.

Justification: The transportation element of the Otay Mesa Community Plan suggests that an integrated transportation network will provide mobility and accessibility for the residents and business travelers to, from and through the community. See companion projects T-4.1 and T-4.2 in the Otay Mesa Public Facilities Financing Plan.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Community Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2009. Construction is scheduled in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Streets and Bridges

Dennery Road - East 52-657.0 / S-10018

Council District: 8

Community Plan: Otay Mesa

Description: This project provides for constructing approximately 2,900 lineal feet as a two-lane collector street northerly of Palm Avenue within the Dennery Ranch Precise Plan area. Multiple Species Conservation Program frontage is to be funded from Facilities Benefit Assessment.

Justification: This project is required to accommodate the additional traffic generated as a result of development in the Otay Mesa community.

Operating Budget Effect: None

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Community Plan and is in conformance with the City's General Plan.

Scheduling: Design is scheduled in Fiscal Year 2010. Construction is scheduled in Fiscal Year 2011.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Streets and Bridges

Eastgate Mall - Miramar Road to San Diego Gas and Electric (SDG&E) Easement 52-417.0 / S-00848

Council District: 1

Community Plan: University

Description: This project provides for widening Eastgate Mall to a four-lane collector street between Miramar Road and the San Diego Gas and Electric (SDG&E) easement. In addition, this project provides for Class II bicycle lanes.

Justification: These improvements will enhance traffic flow at this location. See project Number 34 in the North University City Public Facilities Financing Plan.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the North University City Public Facilities Financing Plan and is in conformance with the City's General Plan.

Scheduling: The project description is preliminary and the scope of work is not established; only planning and other preliminary activities have been performed to date. The project schedule for the design and construction will be established once the scope of work is approved.

Summary of Project Changes: Total project cost has been revised to reflect the most current North University City Public Facilities Financing Plan adopted by City Council per Resolution 304535, dated December 5, 2008.

Streets and Bridges

El Camino Real - San Dieguito Road to Via de la Valle 52-479.0 / S-00856

Council District: 1

Community Plan: Subarea II Future Urbanizing Area,
Fairbanks Ranch Country Club

Description: This project provides for reconstruction and widening of the existing two-lane bridge to a four-lane bridge. It provides for widening the existing two-lane roadway to a modified four-lane major road and includes improvements on eastbound Via de la Valle as far as northbound El Camino Real.

Justification: The Fairbanks Ranch Country Club and Via de la Valle Precise Plans identify El Camino Real as a four-lane major road.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Fairbanks Ranch Country Club Specific Plan and the North City Future Urbanizing Area Framework Plan and is in conformance with the City's General Plan.

Scheduling: The environmental review process began in Fiscal Year 2007 and is scheduled to be completed in Fiscal Year 2010. Design began in Fiscal Year 2009 and is scheduled to continue through Fiscal Year 2010. Land acquisition is scheduled in Fiscal Year 2011. Construction is scheduled for Fiscal Year 2012.

Summary of Project Changes: It is proposed to allocate \$300,000 in TransNet funding to this project for Fiscal Year 2010 and to allocate \$500,000 in TransNet funding to this project for Fiscal Year 2011.

Streets and Bridges

El Camino Real Widening 52-767.0 / S-00916

Council District: 1

Community Plan: Pacific Highlands Ranch, Black Mountain Ranch

Description: This project provides for completion of the construction of the existing El Camino Real between Half Mile Drive and San Dieguito Road as a four-lane major street within the existing, graded right of way. The estimated cost includes environmental analysis and alignment studies for the entire length of El Camino Real (Half Mile Drive to Via de la Valle). The developer will advance funding for this project and be reimbursed.

Justification: This project is required in order to accommodate the additional traffic generated as a result of development in the surrounding communities, including Pacific Highlands Ranch, as well as the existing sub-regional traffic needs.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Pacific Highlands Ranch and Black Mountain Ranch Public Facilities Financing Plans and is in conformance with the City's General Plan.

Scheduling: This project is scheduled to be completed in Fiscal Year 2014.

Summary of Project Changes: Project cost has been revised to include Black Mountain Ranch Public Facilities Financing Plan Project T-29.1.

Streets and Bridges

Euclid Avenue Improvements - Home Avenue to Thorn Street 52-699.0 / S-00886

Council District: 3, 4, 7

Community Plan: Mid-City

Description: This project provides for the completion of street improvements recommended in the Euclid Avenue Revitalization Program and the Mid-City Community Plan. Improvements will extend from Home Avenue to Thorn Street and will include curb, gutter, sidewalk, landscaping, paving, and traffic calming installations.

Justification: Euclid Avenue carries a traffic volume in excess of its design capacity, resulting in significant congestion, which impacts neighboring properties. Traffic speed, volume, and a deficiency in pedestrian infrastructure compromise pedestrian safety.

Operating Budget Effect: Landscape maintenance district pending.

Relationship to General and Community Plans: This project is consistent with the Mid-City Community Plan and is in conformance with the City's General Plan.

Scheduling: This project is anticipated to be closed in Fiscal Year 2010.

Summary of Project Changes: Remaining work contingent upon approval of the Maintenance Assessment District (MAD) Funds.

Streets and Bridges

First Avenue Bridge over Maple Canyon - Rehabilitation 52-554.0 / S-00862

Council District: 3

Community Plan: Uptown

Description: This project provides for seismic retrofit to the abutments, expansion joints and bracing of the First Avenue bridge and for replacement of corroded rivets. Miscellaneous painting is required to prevent rusting.

Justification: This bridge needs extensive hardware restoration and replacement, miscellaneous painting, and seismic upgrades to prevent collapse during a catastrophic earthquake.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project implements the Uptown Community Plan and is in conformance with the City's General Plan.

Scheduling: An initial study began in late Fiscal Year 1993. Design began in Fiscal Year 1996 and was completed Fiscal Year 2007. Construction will be completed in Fiscal Year 2010.

Summary of Project Changes: Total project cost is \$13,367,953. This revision reflects Highway Bridge Program (HBP-Seismic and HBP-Paint) funds received in Fiscal Year 2008 per Ordinance 19764 dated June 26, 2008. An increase of \$400,000 in Development Impact Funds was added in Fiscal Year 2010.

Streets and Bridges

Genesee Avenue - Interstate 5 to Eastgate Mall 52-594.0 / S-00866

Council District: 1

Community Plan: University

Description: This project provides for a median closure at Fez Street and dual left-turn lanes in the southbound direction at the Eastgate Mall intersection.

Justification: This project will improve traffic circulation in the University community. See Project Number G in the North University City Public Facilities Financing Plan.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Scheduling: Preliminary design began in Fiscal Year 2002. Design began in Fiscal Year 2003 and was completed in Fiscal Year 2009. Construction began in Fiscal Year 2009 and is scheduled to be complete in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Streets and Bridges

Genesee Avenue - Nobel Drive to State Route 52 52-458.0 / S-00852

Council District: 1

Community Plan: University

Description: This project provides for widening Genesee Avenue from Nobel Drive to State Route 52 to a modified six-lane major street north of Decoro Street and a modified six-lane primary arterial south of Decoro Street. The project includes a right-turn lane, eastbound to southbound, at the Genesee Avenue/Nobel Drive intersection; additional left turn lane, including a traffic signal at State Route 52 interchange; and Class II bicycle lanes.

Justification: This project is needed to increase the capacity of this facility. See Project Number A in the North University City Public Facilities Financing Plan.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Scheduling: City Council initiated a community plan amendment to delete this project from the the community plan (R-301787, August 21, 2006). City Council Resolution R-302497, April 2, 2007, stipulates deletion of the project pending the preparation, consideration and certification of a project level Environmental Impact Report. This project will remain in the financing plan until the EIR is completed.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Streets and Bridges

Genesee Avenue - Widen Interstate 5 Crossing 52-372.0 / S-00839

Council District: 1

Community Plan: University

Description: This project provides for widening Genesee Avenue to six lanes plus dual turn lanes with a 26-foot median (800 feet on each side of overcrossing); replacing the existing Genesee Avenue overcrossing with a higher, wider (124-foot) structure; and replacing the existing Voigt Drive bridge on the University of California San Diego campus with a longer, wider (60-foot) structure. The project also includes modification of existing ramps and auxiliary lanes on both sides of the freeway. The project scope has been increased to include Interstate 5 Corridor (freeway) improvements, which will be constructed with regional funds. A separate project (CIP 52-373.0) is scheduled for widening Genesee Avenue from Interstate 5 to Campus Point Drive.

Justification: This project is needed to improve traffic flow. It is included in the Council-approved North University City Public Facilities Financing Plan as Project Number 24.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Scheduling: Design and land acquisition were scheduled to begin in Fiscal Year 1996. Land acquisition was rescheduled in Fiscal Year 2008 due to required environmental documentation. Design continued through Fiscal Year 2008 due to increased scope. Construction of Phase I of the project (replace overcrossing) is rescheduled for Fiscal Year 2010. The remaining Phases of work (freeway improvements) will be scheduled pending identification of funding. It is anticipated that regional funding will be made available for Phase II of the project. This schedule is contingent upon the rate of development and fees collected in the community and identification of funding.

Summary of Project Changes: No significant change to this project for Fiscal Year 2010.

Streets and Bridges

Georgia Street Bridge/University Avenue Improvements 52-555.0 / S-00863

Council District: 3

Community Plan: Greater North Park

Description: This project provides for improvements of the bridge, the adjacent retaining walls, and the corresponding guardrails along the bridge walls.

Justification: This bridge has severe spalling due to age and has severe height limitations which need to be corrected. Trucks continue to hit the low arches of the bridge. The retaining walls on either side are an integral part of the bridge and also need restoration or replacement. The guardrails of the bridge and adjacent walls are deteriorating.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project implements the Greater North Park Community Plan and is in conformance with the City's General Plan.

Scheduling: The environmental review process and design will continue in Fiscal Year 2010 due to environmental and funding delays. Construction will be scheduled following completion of the environmental process and final design. The project is scheduled to be completed in Fiscal Year 2012.

Summary of Project Changes: This project was revised to reflect a decrease of \$250,000 in TransNet Commercial Paper funding and an increase of \$250,000 in TransNet cas resulting from the annual programmatic reprioritization and reallocation of Commercial Paper, consistent with the City's cash management policies, utilizing available cash in lieu of issuing new debt. The remaining \$421,000 in Commercial Paper allocations are reprogrammed in Fiscal Year 2010.

Streets and Bridges

Interstate 5/State Route 56 North Freeway Connectors 52-311.0 / S-00707

Council District: 1

Community Plan: Pacific Highlands Ranch, Black Mountain Ranch

Description: This project provides for the preparation of a project report and environmental document (PR/ED) for northerly connections of the Interstate 5 and State Route 56 freeways. Alternatives under consideration include direct freeway to freeway connectors from westbound State Route 56 to northbound Interstate 5 and southbound Interstate 5 to eastbound State Route 56, an auxiliary lane alternative which proposes providing operational improvements on Interstate 5 between Del Mar Heights Road and Carmel Valley Road, on Carmel Valley Road between Interstate 5 and State Route 56 and on State Route 56 west of Carmel Country Road. The third alternative includes the direct freeway connectors from westbound State Route 56 to northbound Interstate 5 and the auxiliary lane alternative improvements on southbound Interstate 5, eastbound Carmel Valley Road and eastbound State Route 56.

Justification: State Route 56 opened to traffic in July 2004 and provides a new east/west connection between Interstates 5 and 15. This will introduce a significantly new volume of traffic to the Interstate 5 corridor in Carmel Valley, some of which will need to go to or from the north. This project will provide the improvements necessary to make these moves most efficiently and avoid the heavy use of local streets.

Operating Budget Effect: None. These facilities are operated by the State of California.

Relationship to General and Community Plans: This project is consistent with the Pacific Highlands Ranch and Black Mountain Ranch Community Plans and is in conformance with the City's General Plan.

Scheduling: Preparation of the PR/ED began in Fiscal Year 2004 and is scheduled to continue through Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Streets and Bridges

Jackson Drive Median Replacement 52-760.0 / S-10084

Council District: 7

Community Plan: Navajo

Description: This project provides removal of the existing asphalt paved medians and replacement with new decorative stamped concrete medians.

Justification: The existing asphalt cover is deteriorated. This project will substantially upgrade the appearance of the medians.

Operating Budget Effect: None

Relationship to General and Community Plans: This project is consistent with the Navajo Community Plan and is in conformance with the City's General Plan.

Scheduling: Design will begin as funding becomes available. Construction will be scheduled upon identification of funding.

Summary of Project Changes: No significant change has been made to this project for Fiscal year 2010.

La Jolla Mesa Drive Sidewalk 52-780.0 / S-00928

Council District: 1

Community Plan: La Jolla

Description: This project provides for the construction of a curb, gutter, and sidewalk on the east side of La Jolla Mesa south of Deer Hill Court.

Justification: This project is required in order to provide safer pedestrian access.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Scheduling: Design was scheduled for Fiscal Year 2009. Construction is scheduled to begin in Fiscal Year 2010.

Summary of Project Changes: No significant change to this project for Fiscal Year 2010.

Streets and Bridges

La Jolla Village Drive - Torrey Pines Road to Villa La Jolla Drive 52-452.0 / S-00850

Council District: 1

Community Plan: La Jolla, University

Description: This project provides for Phase III of widening La Jolla Village Drive from Torrey Pines Road to Interstate 805, and for widening the bridge over Gilman Drive to six lanes. It widens La Jolla Village Drive to six lanes from Torrey Pines Road to Gilman Drive, and to six lanes with two auxiliary lanes from Gilman Drive to Villa La Jolla Drive. It also adds a fourth westbound lane from Interstate 5 to Villa La Jolla Drive. The project reconstructs some portions of the existing roadway, improves drainage at the Villa La Jolla/La Jolla Village Drive intersection, and improves the North Torrey Pines Road/Torrey Pines Road/La Jolla Village Drive intersection, including a right-turn lane to Torrey Pines Road along eastbound North Torrey Pines Road from Expedition Way funded by a developer's contribution.

Justification: Widening La Jolla Village Drive will enhance traffic flow. See Project Number 47 in the North University City Public Facilities Financing Plan.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the La Jolla/La Jolla Shores and University Community Plans and is in conformance with the City's General Plan.

Scheduling: This project is anticipated to be completed in Fiscal Year 2010.

Summary of Project Changes: This project, which provided for the widening La Jolla Village Drive from Torrey Pines Road to Interstate 805, and for widening the bridge over Gilman Drive to six lanes, is complete.

Streets and Bridges

La Jolla Village Drive and Regents Road 52-595.0 / S-00867

Council District: 1

Community Plan: University

Description: This project provides for a southbound-to-westbound right-turn lane at the La Jolla Village Drive/Regents Road intersection. A Class II bike lane is included for southbound bicyclists. Additional right-of-way will be acquired from the University of California San Diego at no cost.

Justification: This project is needed to improve traffic flow at this intersection per the North University Public Facilities Financing Plan - Project 41.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Scheduling: Design is scheduled to be completed in Fiscal Year 2010. Construction is rescheduled to begin upon completion of the property exchange with UCSD in Fiscal Year 2010 and is scheduled to be completed in Fiscal Year 2010.

Summary of Project Changes: It is proposed to increase total project cost to \$1,280,000 in accordance with the North University City Public Facilities Financing Plan adopted per City Council Resolution R-304535 on December 5, 2008.

Streets and Bridges

La Jolla Village Drive/Interstate 805 Interchange Ramps 52-485.0 / S-00857

Council District: 1

Community Plan: University

Description: This project converts the existing La Jolla Village Drive/Interstate 805 full cloverleaf interchange configuration to a partial cloverleaf configuration, including widening the overpass structure and approaches to provide three through lanes with an auxiliary lane in each direction. The project also provides for widening La Jolla Village Drive to eight lanes and constructing three lanes to the southbound on-ramp. Bike lanes will be included.

Justification: This project is needed to improve traffic circulation and safety in the University community per the North University City Public Facilities Financing Plan - Project C.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Scheduling: Design and land acquisition began in Fiscal Year 2001. Design continued in Fiscal Year 2004. Construction began in Fiscal Year 2008 and is scheduled to continue through Fiscal Year 2010.

Summary of Project Changes: Construction was rescheduled to incorporate changes in the design plans to meet the current State of California stormwater and traffic design standards. Total project cost has been increased by \$5,000,000 as a result of design changes and escalated construction costs.

Streets and Bridges

Laurel Street (Cabrillo) Bridge over Hwy 163-Structural Rehab. and Retrofit 53-061.0 / S-00939

Council District: 3

Community Plan: Balboa Park

Description: This project provides for the maintenance, rehabilitation, and seismic retrofitting of the Laurel Street (Cabrillo) Bridge over Highway 163.

Justification: This bridge has been identified by Caltrans as requiring maintenance and rehabilitation and is also seismically deficient.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Balboa Park Master Plan and is in conformance with the City's General Plan.

Scheduling: The environmental process began in Fiscal Year 2008 and continued through Fiscal Year 2009. Design is scheduled to begin in Fiscal Year 2010 and will continue through Fiscal Year 2011. Construction is scheduled to begin in Fiscal Year 2012. Caltrans is lead agency for this project. The city share may not exceed current appropriation. Revisions to schedule are consistent with Caltrans Project Study Report.

Summary of Project Changes: No significant change to this project for Fiscal Year 2010.

Streets and Bridges

Linda Vista Road at Genesee Avenue 52-754.0 / S-00907

Council District: 6

Community Plan: Linda Vista

Description: This project provides for lengthening the Genesee Avenue westbound left-turn lanes to 300 feet of vehicle storage and re-striping Genesee Avenue to provide an exclusive eastbound right-turn lane. It will also widen Linda Vista Road to provide an exclusive northbound right-turn lane.

Justification: This project will improve the traffic flow through the intersection.

Operating Budget Effect: The operating budget effect will be determined upon completion of the design phase. Operating budget effect estimate will be provided with the City Council action authorizing the construction contract.

Relationship to General and Community Plans: This project is consistent with the Linda Vista Community Plan and is in conformance with the City's General Plan.

Scheduling: The project description is preliminary and the scope of work is not established; only planning and other preliminary activities have been performed to date. The project schedule for design and construction will be established once the scope of work is approved.

Summary of Project Changes: No significant change to this project for Fiscal Year 2010.

Streets and Bridges

Little McGonigle Ranch Road - Del Mar Mesa Road to State Route 56 52-723.0 / S-00898

Council District: 1

Community Plan: Del Mar Mesa

Description: This project provides construction of Little McGonigle Ranch Road and will be completed in two phases. Phase I provides for the construction of Little McGonigle Ranch Road (formerly Camino Santa Fe) (45'/65') from the northerly terminus of Carmel Mountain Road at Del Vino Court, northwesterly to the easterly terminus of Del Mar Mesa Road. The project includes a multi-use trail adjacent to the roadway. Phase II provides for the construction of Little McGonigle Ranch Road (40'/62') from Del Mar Mesa Road to State Route 56. The project will include a 100-foot bridge. A multi-use trail will also be constructed adjacent to the roadway.

Justification: This project is required to accommodate additional traffic in Del Mar Mesa and will provide access from Del Mar Mesa to adjoining communities.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Del Mar Mesa Specific Plan and is in conformance with the City's General Plan.

Scheduling: Land acquisition, design and construction were completed by the developer. Reimbursement to developer contingent upon rate of fees collected in the community.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Streets and Bridges

Mira Sorrento Place - Scranton Road to Vista Sorrento Parkway 52-676.0 / S-00878

Council District: 5

Community Plan: Mira Mesa

Description: This project provides for widening and extending Mira Sorrento Place to a four-lane collector street between Scranton Road and Vista Sorrento Parkway. It includes widening the Mira Sorrento Place/Scranton Road intersection.

Justification: This project is needed to improve traffic flow and is included in the Council-approved Mira Mesa Community Financing Plan and Facilities Benefit Assessment Document. See Project Number 56 in the Mira Mesa Public Facilities Financing Plan.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Mira Mesa Community Plan and is in conformance with the City's General Plan.

Scheduling: Design and land acquisition were completed in Fiscal Year 2002. Construction began in Fiscal Year 2004 and was completed in Fiscal Year 2008. The project will be in a five year biological monitoring period through Fiscal Year 2011.

Summary of Project Changes: \$60,000 in TransNet funding was allocated to this project for biological monitoring in Fiscal Years 2010 and 2011.

Miramar Road - Interstate 805 Easterly Ramps to 300 Feet East of Eastgate Mall 52-679.0 / S-00880

Council District: 1

Community Plan: University

Description: This project provides for widening Miramar Road to eight lanes from the Interstate 805 easterly on and off-ramps to 300 feet east of Eastgate Mall. It includes dual left-turn lanes at Eastgate Mall.

Justification: This project is needed to improve traffic flow, and is included in the Council approved North University City Community Plan and Facilities Benefit Assessment Document per the North University City Public Facilities Financing Plan - Project 50.

Operating Budget Effect: None

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Scheduling: Design and land acquisition began in Fiscal Year 2002 and continued through Fiscal Year 2005. Construction began in Fiscal Year 2006 and is scheduled to be completed in Fiscal Year 2010.

Summary of Project Changes: Project funding was revised in Fiscal Year 2009 to reflect the most recent North University City Public Facilities Financing Plan approved by City Council on December 5, 2008 on Resolution R-304535. No significant change has been made to this project for Fiscal Year 2010.

Streets and Bridges

Mission City Parkway Bridge over San Diego River 53-053.0 / S-00936

Council District: 6

Community Plan: Mission Valley

Description: This project provides for a new two-lane bridge extending Mission City Parkway from the intersection of Camino Del Rio North to the north over the San Diego River. Mission City Parkway would connect to Fenton Parkway, which was constructed by a developer as part of the Mission City Development. This project also provides for an additional entrance to QUALCOMM Stadium. This project description is preliminary and the amounts shown below only reflect the funding currently programmed. The total funding needs of the project will be determined once a final scope of work is established.

Justification: The bridge is part of the approved Mission City Plan and is being constructed from funding provided by H. G. Fenton as part of the settlement with the City implementing the Mission City Development, specifically for the construction of the bridge and roadway.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Mission Valley Community Plan and is in conformance with the City's General Plan.

Scheduling: The project description is preliminary and the scope of work is not established; only planning and other preliminary activities have been performed to date. The project schedule for the design and construction will be established once the scope of work is approved and the remaining funding identified.

Summary of Project Changes: No significant change to this project for Fiscal Year 2010.

Streets and Bridges

Napa Street Traffic Improvements 52-430.0 / S-00849

Council District: 6

Community Plan: Linda Vista

Description: This project provides for improved traffic flow at the Napa Street/Linda Vista Road intersection.

Justification: Napa Street is classified as a major street in the Linda Vista Community Plan. Current traffic volumes in excess of 19,000 average daily trips are beyond the desirable capacity of the existing facility. The proposed design would eliminate congestion.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Linda Vista Community Plan and is in conformance with the City's General Plan.

Scheduling: The project description is preliminary and the scope of work is not established; only planning and other preliminary activities have been performed to date. The project schedule for the design and construction will be established once the scope of work is approved and the remaining funding identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Streets and Bridges

Nobel Drive Extension and Interstate 805 Interchange 52-362.0 / S-00709

Council District: 1

Community Plan: University

Description: This project provides for construction of Nobel Drive as a six-lane primary arterial from Shoreline Drive to Interstate 805, and as a four-lane major street from Interstate 805 to Miramar Road. It includes construction of one-half of a diamond interchange with ramps to and from the south at Nobel Drive and Interstate 805. The new overcrossing will provide four through-lanes plus dual left-turn lanes, bike lanes, and sidewalk on both sides. Two traffic signals will be constructed at both ramp terminals with Nobel Drive. Auxiliary lanes will be constructed on Interstate 805 from north of Governor Drive to Nobel Drive. The existing bridge over the AT&SF railroad tracks will be widened to accommodate these two additional auxiliary lanes on Interstate 805.

Justification: This project will improve traffic circulation in the University Community. See Project Number 21 in the North University City Public Facilities Financing Plan.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Scheduling: It is anticipated that this project will be completed in Fiscal Year 2010.

Summary of Project Changes: This project which provided for construction of Nobel Drive as a six-lane primary arterial from Shoreline Drive to Interstate 805, is now complete. Project funding has been revised to reflect the most recent North University City Public Facilities Financing Plan approved by City Council on December 5, 2008 on Resolution R-304535.

Normal Street Median Improvements 52-769.0 / S-00918

Council District: 3

Community Plan: Uptown

Description: This project provides for improvements to traffic circulation in order to prevent illegal u-turns, and enhance pedestrian safety on Normal Street between Blaine Avenue and University Avenue. New landscaped medians will include aesthetic enhancements that provide for the creation of additional parking spaces.

Justification: This project will improve traffic circulation and provide additional parking spaces.

Operating Budget Effect: The operating budget effect will be determined upon completion of the design phase. Operating budget effect estimate will be provided with City Council action authorizing the construction contract.

Relationship to General and Community Plans: This project is consistent with the Uptown Community Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2008. Construction began in Fiscal Year 2009 and will be complete in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Streets and Bridges

North Harbor Drive Bridge over Navy Estuary 53-038.1 / S-00728

Council District: 2

Community Plan: Peninsula

Description: This project provides for the seismic retrofit of the North Harbor Drive Bridge, which will consist of stabilizing the existing piers and joining the paired piers together at the waterline to increase support during seismic events.

Justification: The North Harbor Drive Bridge over Navy Estuary has been identified as a seismically deficient bridge by Caltrans.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Peninsula Community Plan and is in conformance with the City's General Plan.

Scheduling: Design was completed in Fiscal Year 2007. Construction began in Fiscal Year 2009 and is scheduled to be completed in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Streets and Bridges

North Torrey Pines Road - Genesee Avenue to Torrey Pines State Reserve Boundary 52-616.0 / S-00868

Council District: 1

Community Plan: University

Description: This project provides for median curb, gutter, drainage and landscaping improvements, from 600 feet north of Genesee Avenue to the State Reserve boundary including the Callan Road intersection.

Justification: This project will improve safety and drainage on North Torrey Pines Road per the North University City Public Facilities Financing Plan - Project D.

Operating Budget Effect: Eligible maintenance activities will be funded by the Genesee Avenue/North Torrey Pines Road Maintenance Assessment District.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Scheduling: Preliminary design was completed in Fiscal Year 2004. Design began in Fiscal Year 2008. Construction is scheduled for Fiscal Year 2010.

Summary of Project Changes: It is proposed to allocate \$3,010,750 to this project in FBA funds consistent with the most recent NUC PFFB adopted by City Council Resolution R-304535, dated December 5, 2008. Additionally, \$500,000 from the Genesee Avenue/North Torrey Pines Road Maintenance Assessment District has been allocated to the project to fund eligible maintenance activities.

Streets and Bridges

North Torrey Pines Road Bridge over Los Penasquitos Creek 53-050.0 / S-00935

Council District: 1

Community Plan: Torrey Pines

Description: This project provides for demolishing and reconstructing the North Torrey Pines Road Bridge over Los Penasquitos Creek and for transitionally widening both road approaches from approximately 770 feet south of the bridge to 1,100 feet north of the bridge.

Justification: This project is needed to replace the structurally deficient and functionally obsolete bridge.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Torrey Pines Community Plan and is in conformance with the City's General Plan.

Scheduling: Environmental review was completed in Fiscal Year 2000. Design began in Fiscal Year 2000 and was completed in Fiscal Year 2003. Construction was completed in Fiscal Year 2006. Environmental mitigation and monitoring began in Fiscal Year 2006 and will continue until Fiscal Year 2012.

Summary of Project Changes: Caltrans required additional construction on the bridge in order to move forward with a request for additional HBRR funding for mitigation and monitoring. It is anticipated that these funds will be received in Fiscal Year 2010. Additionally, it is proposed to allocate \$25,000 in TransNet funding to the project in Fiscal Year 2010 as the City's annual share of the mitigation and monitoring requirement.

Streets and Bridges

Ocean Front Walk Reconstruction - San Fernando Place to Ventura Place 52-671.0 / S-00875

Council District: 2

Community Plan: Mission Beach

Description: This project provides for the removal and replacement of the existing pile cap, parapet wall, lights, and walkway along Ocean Front Walk between San Fernando Place and Ventura Place to their original 1925 appearance, in accordance with the Secretary of the Interior Standard for the Treatment of Historic Properties.

Justification: These structures are significant to the history of San Diego. They were constructed in 1925 to protect and complement the John D. Spreckels Amusement Center, now named Belmont Park. Extensive patching of spalled concrete and asphalt overlay of the walkway have robbed these structures of their character. Patching is no longer an option to restore and preserve these structures.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Mission Beach Precise Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2001 and continued in Fiscal Year 2007 using continuing appropriations. Construction will be scheduled upon identification of funding.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Ocean View Hills Parkway Improvements 52-681.0 / S-00882

Council District: 8

Community Plan: Otay Mesa

Description: This project provides for reimbursing the developer for the City's share of the design and construction of Ocean View Hills Parkway (Phases II and III) from Dennery Road to Otay Mesa Road. The project includes approximately 5,200 lineal feet of a four-lane major street and 4,900 lineal feet of a six-lane major street per the Otay Mesa Public Facilities Financing Plan - Projects T 2.1, T 2.2, and T 2.3.

Justification: The transportation element of the Otay Mesa Community Plan suggests that an integrated transportation network will provide mobility, accessibility and safety for the residences and businesses traveling to, from and through the community.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Community Plan and is in conformance with the City's General Plan.

Scheduling: It is anticipated that this project will be completed in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Streets and Bridges

Old Otay Mesa Road - Westerly 52-642.0 / S-00870

Council District: 8

Community Plan: Otay Mesa

Description: This project provides for design and construction of Old Otay Mesa Road from the intersection of B Street, as shown on the Remington Hills Tentative Map, easterly to the intersection with Otay Mesa Road (Town Center Drive Extension South), per the Otay Mesa Public Facilities Financing Plan - Project T-50.2. This project includes approximately 2,400 lineal feet of a two-lane collector street.

Justification: The transportation element of the Otay Mesa Community Plan suggests that an integrated transportation network will provide mobility, accessibility and safety for persons traveling to, from and through the community. This project is being funded with Facilities Benefit Assessment Fees funding because there is either no project fronting this roadway or the projects fronting the roadway are also public facility projects, e.g., school, park. Should the adjacent properties be developed, these properties shall reimburse the Facilities Benefit Assessment Fees Fund for the actual cost of the project as a condition of approval of their developments.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is required in and consistent with the Otay Mesa Community Plan and is in conformance with the City's General Plan.

Scheduling: Design was scheduled to begin in Fiscal Year 2008. Construction is scheduled in Fiscal Year 2011. This schedule is contingent upon the rate of development and fees collected in the community.

Summary of Project Changes: It is proposed to transfer \$200,000 of TransNet funding from CIP 52-775.0, Old Otay Mesa Road Sidewalk, into this project as these two projects will be combined. The original proposed scope for the Old Otay Mesa Road project did not fully address community needs. A professional firm will be acquired to consider all needs through the design phase. This action will increase the total estimated project to \$6,200,000.

Streets and Bridges

Otay Truck Route Widening Phase III & IV 52-682.1 / S-00724

Council District: 8

Community Plan: Otay Mesa

Description: Phase III adds an emergency lane and paved shoulder from Drucker Lane to the port of entry. The phase IV project provides for the construction of an additional lane to the existing Otay Truck Route from La Media Road to Drucker Lane and for the extension of the Truck Route (two lanes) from Britannia Boulevard to La Media Road and along Britannia Boulevard from the border to Britannia Court.

Justification: The Phase IV additional lane and extension of the Truck Route will remove cargo traffic from local streets and further expedite international truck traffic. The Phase III additional lane will provide a dedicated emergency lane for Border Patrol, Police and other emergency vehicles.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Community Plan and is in conformance with the City's General Plan.

Scheduling: Phase III design was completed in Fiscal Year 2009 and construction began in Fiscal Year 2009 and is scheduled to be completed in Fiscal Year 2010. The environmental process for Phase IV is scheduled for Fiscal Year 2010. Design and right-of-way acquisition is scheduled to begin in Fiscal Year 2010 and be completed in Fiscal Year 2011. Construction for Phase IV is scheduled to begin in Fiscal Year 2011.

Summary of Project Changes: The total project cost for both Phase III and Phase IV is \$20,700,000. Phase III is estimated at \$3,800,000 and Phase IV is estimated at \$16,900,000. The increase to Phase IV is due to right-of-way acquisition, environmental studies, and the design and construction accommodating the natural drainage course. It is proposed to allocate \$4,000,000 in TransNet funding to this project for Fiscal Year 2010 to complete Phase III construction funding for Phase IV of this project has been identified through SANDAG and the SAFETEA-LU program. It is anticipated that this funding will be received in Fiscal Year 2011.

Palm Avenue Roadway Improvements 52-764.0 / S-00913

Council District: 8

Community Plan: Otay Mesa/Nestor

Description: This project provides for vehicular and traffic safety improvements on Palm Avenue from Beyer Way to Interstate 805. The improvements include installation of raised center medians, turn pockets, traffic signals, a pedestrian refuge area, crosswalks, landscaping, striping and signage. Subsequent phases of this project may include further analysis of the pedestrian and streetscape aspects of the project area.

Justification: These improvements will benefit the community by increasing the safety and flow of traffic.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa-Nestor Community Plan and is in conformance with the City's General Plan.

Scheduling: Preliminary project planning began in Fiscal Year 2007 and was completed in Fiscal Year 2008. Design was scheduled to be completed in Fiscal Year 2009. Construction is scheduled to begin in Fiscal Year 2010.

Summary of Project Changes: It is proposed to allocate \$300,000 in TransNet funding to this project for Fiscal Year 2010.

Streets and Bridges

Palm Avenue/Interstate 805 Interchange 52-640.0 / S-00869

Council District: 8

Community Plan: Otay Mesa, Otay Mesa/Nestor

Description: This project provides for improving the Palm Avenue/Interstate 805 interchange in three phases. The first phase has been completed. The second phase consists of repairs to the bridge approaches and abutments; bridge widening to the south; installation of sidewalk and signal; restriping; and signage modifications. The third stage consists of bridge widening to the north, relocation of north bound on and off-ramp, and widening of the two on-ramps. All three phases of the project provide improvements per the Otay Mesa Public Facilities Financing Plan - Projects T1.1, 1.2, 1.3, and 1.4.

Justification: This project is required to accommodate the additional traffic generated as a result of development in the Otay Mesa Community. Improvements to this interchange will also help to reduce traffic volumes on State Route 905.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa and Otay Mesa/Nestor Community Plans and is in conformance with the City's General Plan.

Scheduling: Phase I is complete. Phase II design will be completed in Fiscal Year 2011 and construction is scheduled in Fiscal Year 2011. Phase III environmental study is scheduled in Fiscal Year 2009, and design is scheduled in Fiscal Year 2013. Construction for Phase III will be scheduled upon identification of funding. This schedule is contingent upon the rate of development and fees collected in the community.

Summary of Project Changes: The State determined that the current environmental exemption and project study report is not valid. Project will need to have a new environmental determination and project study report prepared.

Pershing Drive/Redwood Street Intersection 52-696.0 / S-00885

Council District: 3

Community Plan: Greater North Park

Description: This project provides for intersection improvements at Pershing Drive and Redwood Street. This project originally proposed to reconfigure the intersection to an all way stop controlled "T" configuration. The Community and Council District preferred a roundabout. An interim striping plan was implemented. The City was awarded a \$150,000 State Community-Based Transportation Planning Grant for preliminary engineering activities.

Justification: The re-configuration of this intersection will improve traffic control and safety.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the East Mesa Precise Plan and the Greater North Park Community Plan and is in conformance with the City's General Plan.

Scheduling: Preliminary design was completed in Fiscal Year 2009. Design was scheduled to begin in Fiscal Year 2009 and to be completed in Fiscal Year 2010. Construction is scheduled to begin in Fiscal Year 2011.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Potomac Street Improvements 52-777.0 / S-00925

Council District: 4

Community Plan: Skyline/Paradise Hills

Description: This project provides for installation of a concrete sidewalk on Potomac Street along the west side of the road adjacent to the Paradise Hills Community Park.

Justification: The surrounding streets to the Paradise Hills Community Park, Potomac Street and Paradise Valley Road, have existing sidewalk except for the segment in front of the park site. The concrete sidewalk will improve pedestrian access to the park.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Skyline/Paradise Hills Community Plan and is in conformance with the City's General Plan.

Scheduling: Design is scheduled to be completed in Fiscal Year 2009. Construction is scheduled to be completed in Fiscal Year 2010.

Streets and Bridges

Prospect Street/Silverado Street Roundabout 52-776.0 / S-00924

Council District: 1

Community Plan: La Jolla

Description: This project provides for intersection improvements at Prospect Street and Silverado Street.

Justification: The arrangement of the existing intersection does not meet current geometric standards. This makes effective traffic circulation and pedestrian usage difficult. This project will address these issues through the installation of a roundabout or similar improvement.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Scheduling: Design and environmental documentation were scheduled to begin in Fiscal Year 2009. Construction is scheduled for Fiscal Year 2010.

Summary of Project Changes: City Council Resolution R-303989, dated July 29, 2008 authorized the transfer of \$770,000 in TransNet funds from this project to the Bird Rock Coastal Traffic Flow Improvements project. It is proposed to allocate \$891,000 in TransNet funding to this project for Fiscal Year 2010. Project cost increase is due to estimated construction cost increases.

Streets and Bridges

Rancho Bernardo Street and Sidewalk Improvements 52-700.0 / S-00887

Council District: 5

Community Plan: Rancho Bernardo

Description: This project provides for improvements to streets and sidewalks throughout the Rancho Bernardo community, as needed. Other improvements may include installation of landscaping and irrigation systems and construction of retaining and sound walls.

Justification: Additional street and sidewalk improvements are required as a result of continuing development in the area.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Rancho Bernardo Community Plan and is in conformance with the City's General Plan.

Scheduling: As of Fiscal Year 2008, Sublet 52-700.1 of this stand alone project has replaced landscaping and irrigation in the parkway on Rancho Bernardo Road between West Bernardo Drive to West of Matinal Road. Construction will begin when funding is identified.

Summary of Project Changes: \$80,000 of TransNet Commercial Paper funding was deappropriated from this project via the Mayor's May Revision.

Streets and Bridges

Regents Road - Executive Drive to Genesee Avenue 52-680.0 / S-00881

Council District: 1

Community Plan: University

Description: This project provides for widening Regents Road to a modified four-lane major street from Genesee Avenue to Executive Drive, relocation of the Genesee Avenue/Regents Road intersection to the east, and bike lanes. This project description is preliminary and the amounts shown below only reflect the funding currently programmed. The total funding needs of the project will be determined once a final scope of work is established.

Justification: This project is needed to improve traffic flow and is included in the Council-approved North University City Community Financing Plan - Project 13 and Facilities Benefit Assessment Document.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Scheduling: Design was completed in Fiscal Year 2009. The project schedule for construction will be established once the remaining costs are identified and following the pending land acquisition from UCSD.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Streets and Bridges

Regents Road Bridge 53-044.0 / S-00729

Council District: 1

Community Plan: University

Description: This project provides for an 870-foot bridge spanning the AT&SF Railroad and a portion of the flood plain. Additionally, this project provides for a four-lane major street with Class II bike lanes on Regents Road from the AT&SF railroad bridge to 100 feet north of Lahitte Court as well as widening the existing half width street to a four-lane major street from 100 feet north of Lahitte Court to Governor Drive, including Class II bike lanes. The project includes the Limited Roadway Changes, which are the widening of westbound Governor Drive to provide an additional left-turn lane to southbound and a right-turn lane to northbound Regents Road. The project also provides for widening of the southbound portion of Regents Road at the State Route 52 eastbound entrance ramp, an additional left-turn lane for traffic entering the eastbound ramp an additional right-turn lane from the park access to the ramp, and the widening of the southbound portion of Genesee Avenue at the State Route 52 eastbound ramp to provide an additional left-turn lane for traffic entering the eastbound ramp. In addition, the project provides recreational improvements in the canyon, which include limiting noise to the greatest extent possible, traffic calming, walkability, profile/light penetration structure design, habitat restoration, recreational improvements for pedestrians, and bike access trails.

Justification: This project will complete Regents Road and provide continuous access to northern communities. This project is included in the Council-approved North University City Financing Plan and Facilities Benefit Assessment Plan - Project NUC-18.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2008. Land acquisition has been scheduled for Fiscal Year 2009 and construction is scheduled to begin in Fiscal Year 2012.

Summary of Project Changes: Construction has been rescheduled from Fiscal Year 2010 to Fiscal Year 2012 due to environmental issues. Project funding has been revised to reflect the most recent North University City Public Facilities Financing Plan approved by City Council on December 5, 2008 on Resolution R-304535.

Reo Drive Streetscape 39-233.0 / S-00829

Council District: 4

Community Plan: Skyline/Paradise Hills

Description: This project provides for a vision and implementation strategy for rehabilitating an older commercial strip development on Reo Drive between Albemarle Street and Cumberland Street in the heart of Paradise Hills. Phase I added crosswalks, pop-outs, and surface improvements on Reo Drive between Albemarle Street and Cumberland Drive. Phase II will widen Reo Drive from 60 to 80 feet, including diagonal parking, and surface improvements between Albemarle Street and Cumberland Drive.

Justification: Revitalization of this strip will encourage commercial opportunities in this underserved community.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Skyline/Paradise Hills Community Plan and is in conformance with the City's General Plan.

Scheduling: This project is currently in construction and will be completed in Fiscal Year 2011.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Rosecrans Street Corridor Improvements 52-209.0 / S-00830

Council District: 2

Community Plan: Midway/Pacific Highway Corridor,
Peninsula

Description: This project provides for improvements to the former State Route 209, which includes all or parts of Camino del Rio West, Rosecrans Street, Canon Street, Catalina Boulevard, and Cabrillo Memorial Drive. Camino del Rio West will be widened from an existing six-lane major street between Sports Arena Boulevard and Interstate 5 to an eight-lane primary arterial. Other improvements consist of upgrading the sidewalk facilities, including installation of pedestrian ramps and traffic signal modifications, and construction of turn pocket and signal modifications on Rosecrans at Midway.

Justification: Redevelopment in the area resulted in increased traffic and pedestrian activity.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Peninsula and Midway Community Plans and is in conformance with the City's General Plan.

Scheduling: Phase I of the project which includes traffic signal modifications, and installation of turn pockets is scheduled to begin construction in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Saturn Boulevard - Palm Avenue to Coronado Avenue 52-553.0 / S-00861

Council District: 8

Community Plan: Otay Mesa/Nestor

Description: This project provides for widening the west side of Saturn Boulevard to a four-lane collector street from Palm Avenue to Coronado Avenue. Improvements include construction of concrete curb, gutter, sidewalk, drainage facilities, asphalt concrete pavement, and landscaping as necessary.

Justification: This project is needed to widen the existing southbound traffic lanes to a four-lane collector and to standardize the street width to accommodate the increase in traffic volume.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa/Nestor Community Plan and is in conformance with the City's General Plan.

Scheduling: Preliminary design was completed in Fiscal Year 1995 and design was completed in Fiscal Year 2002. Construction is scheduled to begin upon identification of funding.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Scripps Ranch Boulevard - Carroll Canyon Road to Aviary Drive 52-357.0 / S-00837

Council District: 5

Community Plan: Scripps Miramar Ranch

Description: This project provides for constructing a 14-foot landscaped center median with left-turn pockets and additional pavement in the unimproved median area from Carroll Canyon Road to Aviary Drive. The street will be striped to include bike lanes and parking on both sides.

Justification: The general community plan is currently being amended to reflect Scripps Ranch Boulevard as a two-lane connector road. This project will complete this section of roadway per the Scripps Miramar Ranch Public Facilities Financing Plan - Project 34-1.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Scripps Miramar Ranch Community Plan and is in conformance with the City's General Plan.

Scheduling: Preliminary design occurred in previous years. Design was completed in Fiscal Year 2009. Construction was scheduled to begin in Fiscal Year 2009 and will be completed in Fiscal Year 2010.

Summary of Project Changes: Project cost has been increased by \$40,000 due to increased scope to include curb cuts. Funding for this increase was made available per memo from the Council Office dated September 8, 2008.

Scripps Ranch/Mira Mesa Boulevard Medians 52-358.0 / S-00838

Council District: 5

Community Plan: Scripps Miramar Ranch

Description: This project provides for median improvements, including landscaping, on Scripps Ranch Boulevard between Hibert Street and Mira Mesa Boulevard and on Mira Mesa Boulevard from Interstate 15 to Scripps Ranch Boulevard. Bike lanes will also be added along Mira Mesa Boulevard.

Justification: This portion of Scripps Ranch Boulevard and Mira Mesa Boulevard is classified as a four-lane major street. The median improvement will improve vehicle access and operations per the Scripps Miramar Ranch Public Facilities Financing Plan - Project 34-2A.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Scripps Miramar Ranch Community Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2004 and continued into Fiscal Year 2009. Construction is scheduled to begin in Fiscal Year 2010. This schedule is contingent upon the rate of development and fees collected in the community.

Summary of Project Changes: The total estimated project cost has increased by \$25,000 due to expanded scope which includes curb cuts.

Sea World Drive Widening and Interstate 5 Interchange Improvements 52-706.0 / S-00888

Council District: 2, 6

Community Plan: Mission Bay Park

Description: This project provides for interchange improvements at Interstate 5 and Sea World Drive. Improvements utilizing the existing raised median on Sea World Drive to provide additional storage for left turn demand onto the northbound Interstate 5 on-ramp. The southbound off-ramp is realigned to remove the existing free right turn; an exclusive right turn lane is added to the approach to the southbound on-ramp, and adding signal coordination along Sea World Drive between Friars Road and Interstate 5. In addition, when funding is identified, Sea World Drive will be widened to six lanes between Sea World Way and Interstate 5.

Justification: Widening Sea World Drive to six lanes and improving the Sea World Drive/Interstate 5 interchange are necessary to meet existing and forecasted traffic volumes.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the 1985 Mission Bay South Shores Master Plan and Mission Bay Park Community Plan and is in conformance with the City's General Plan.

Scheduling: Project study report was completed in Fiscal Year 2009. Design and preparation of the environmental document began in Fiscal Year 2009. Construction is scheduled to begin in Fiscal Year 2014. Sea World Drive widening will be scheduled once funding is identified from future developments and other sources.

Summary of Project Changes: Funding from Sea World's Fair Share contribution is expected to be received in Fiscal Year 2010.

Skyline at Cardiff Improvements 52-779.0 / S-00927

Council District: 4

Community Plan: Skyline/Paradise Hills

Description: This project provides for a pop-out on the northwest corner of Skyline and Cardiff.

Justification: This project is required in order to provide traffic calming and safer pedestrian crossing.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Skyline/Paradise Hills Community Plan and is in conformance with the City's General Plan.

Scheduling: It is anticipated that this project will be closed in Fiscal Year 2010.

Summary of Project Changes: It is proposed to combine the funding in this project with CIP 52-763.0, Skyline Drive Median & Parkway Improvements.

Skyline Drive Median & Parkway Improvements 52-763.0 / S-00912

Council District: 4

Community Plan: Skyline/Paradise Hills

Description: This project provides for improvements along Skyline Drive from Sears Avenue to 58th Street. These improvements include landscaped medians, trees, pavement enhancements, street lights, bus stops, pedestrian crossing improvements, traffic calming, and community signs.

Justification: The landscaped medians, street lighting, and other proposed improvements will provide reduction in vehicle travel delay at many intersections. In addition, the proposed improvements will increase pedestrian and vehicular safety, particularly near many schools along the corridor. The project will also improve corridor walkability and add bicycle lanes that will provide connectivity to existing bicycle lanes.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Skyline/Paradise Hills Community Plan and is in conformance with the City's General Plan.

Scheduling: Preliminary Design was completed in Fiscal Year 2008. Design began in Fiscal Year 2009 and is scheduled to be completed in Fiscal Year 2010. Construction is scheduled to begin in Fiscal Year 2010 and to be completed in Fiscal Year 2011.

Summary of Project Changes: It is proposed to program \$800,000 in SAFETEA-LU funds in Fiscal Year 2011 for the construction of the project. Additionally, it is proposed to transfer \$25,000 of TransNet funding to this project from CIP 52-779.0, Skyline at Cardiff Improvements. This change is reflected in continuing appropriations. Total project cost has been increased to \$2,240,000.

Soledad Mountain Road Emergency Repair 52-805.0 / S-00932

Council District: 2

Community Plan: Pacific Beach

Description: This project provides for the reconstruction of Soledad Mountain Road. On October 3, 2007, a landslide occurred on Mt. Soledad and destroyed a large section of the 5700 block of Soledad Mountain Road and Desert View Drive Alley.

Justification: Soledad Mountain Road is classified as a 4-lane major street with approximately 8,470 average daily traffic volume. The road is heavily utilized as a through access to and from La Jolla.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Pacific Beach Community Plan and is in conformance with the City's General Plan.

Scheduling: The construction of Soledad Mountain Road was partially completed and re-opened for traffic on October 16, 2008. The road is open to traffic. The landslide affecting Desert View Alley (a subset of this project) is not complete.

Summary of Project Changes: Construction funding became available through FHWA (Federal Highway Administration) and OES (California Office of Emergency Services).

Sorrento Valley Road & Interstate 5 Interchange 52-765.0 / S-00914

Council District: 1

Community Plan: Torrey Pines

Description: This project provides for a new freeway interchange to address traffic congestion. The project will be constructed in coordination with Caltrans and the Federal Highway Administration. Land acquisition is required.

Justification: Traffic is at Level of Service I and is severely impacted by stoppage for trains at the Coaster Station.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Torrey Pines Community Plan and is in conformance with the City's General Plan.

Scheduling: Preliminary design began in Fiscal Year 2007 and was completed in Fiscal Year 2008. Design began Fiscal Year 2009 and is scheduled to continue through Fiscal Year 2010. Construction schedule is contingent upon identification of funding.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Streets and Bridges

Sports Arena Boulevard - Rosecrans Street to Midway Drive 52-503.0 / S-00721

Council District: 2

Community Plan: Midway/Pacific Highway Corridor

Description: This project provides for modifying the intersection of Sports Arena Boulevard, Rosecrans Street and Camino del Rio West and widening Sports Arena Boulevard to a six-lane major street between Midway Drive and Rosecrans Street by modifying the median and restriping the street. This project description is preliminary and the amounts shown below only reflect the funding currently programmed. The total funding needs of the project will be determined, once a final scope of work is established.

Justification: The eastbound traffic on Sports Arena Boulevard will be able to continue eastbound through the intersection of Sports Arena Boulevard/Rosecrans Street/Camino del Rio. Widening Sports Arena Boulevard will improve the traffic circulation. The average number of daily trips forecast for this segment of Sports Arena Boulevard is 50,000.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Midway/Pacific Highway Corridor Community Plan and is in conformance with the City's General Plan.

Scheduling: The project description is preliminary and the scope of work is not established; only planning and other preliminary activities have been performed to date. The project schedule for the design and construction will be established once the scope of work is approved and funding identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Engineering & Capital Projects

Streets and Bridges

Spring Canyon Road between Scripps Ranch Boulevard and Pomerado Road 52-307.0 / S-00832

Council District: 5

Community Plan: Scripps Miramar Ranch

Description: This project provides for the installation of traffic signals at three locations and the construction of raised medians at a number of intersections to reduce cut-through traffic on local collector streets. The project includes interconnection of the traffic signals in the segment. Specific locations will be determined by a traffic study which is included in this scope of work.

Justification: The traffic signals will allow pedestrians to cross at controlled intersections. The raised medians at the three intersections will provide additional control of the traffic movements. The additional raised medians at specific intersections will reduce cut-through traffic on local collector streets. Interconnecting the traffic signals will be an effective means of controlling traffic speeds without sacrificing roadway capacity.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Rancho Encantada Precise Plan and Scripps Miramar Ranch Community Plan, and is in conformance with the City's General Plan.

Scheduling: The traffic study was scheduled for Fiscal Year 2008, design was scheduled for Fiscal Year 2009, and construction is scheduled for Fiscal Year 2010. These improvements will be assured by the City Engineer concurrent with the construction of the first residential units in Rancho Encantada.

Summary of Project Changes: This project is on hold pending resolution of issues related to the traffic study.

Engineering & Capital Projects

Streets and Bridges

State Route 163 and Friars Road 52-455.0 / S-00851

Council District: 6

Community Plan: Mission Valley

Description: This project provides for construction of a new southbound State Route 163 to westbound Friars Road off-ramp, widening of the Friars Road overcrossing structure to eight lanes extending to Frazee Road, construction of a third westbound lane on Friars Road to Fashion Valley Road, the addition of an exclusive right-turn lane on southbound Frazee Road to westbound Friars Road, other modifications to the existing on and off-ramps, and improvements to the existing State Route 163 southbound travel lanes to improve the weaving problems. This project also includes an auxiliary lane on southbound State Route 163 from Genesee Avenue to westbound Interstate 8, which requires major structural work to widen the bridge over the San Diego River. Additionally, over 5,300 feet of retaining walls will need to be constructed along State Route 163 and Friars Road, including one that is over 30 feet high. Friars Road widening and ramp improvements at Friars Road will be constructed with Phase I.

Justification: This project will alleviate some of the severe traffic delays along Friars Road due to new development in Mission Valley and the backup that occurs on the existing southbound off-ramp because of the weaving situation with the southbound on-ramp.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Mission Valley Community Plan and is in conformance with the City's General Plan.

Scheduling: Preliminary engineering was completed in Fiscal Year 1996. Phase I design began in Fiscal Year 2002 and continued through Fiscal Year 2009. Right of way will be acquired in Fiscal Year 2010. Construction for Phase I is scheduled for Fiscal Year 2013 due to an extended and complex design process. Phase II and Phase III are scheduled to be constructed in Fiscal Years 2017 and 2019.

Summary of Project Changes: It is proposed to allocate TransNet funding in the amount of \$2,500,000 to this project for Fiscal Year 2010. The total estimated project cost has been increased to \$143.5 million. It is anticipated that federal funds will be made available for the project.

Streets and Bridges

State Route 56 - Carmel Valley Road to Black Mountain Road 52-463.0 / S-00853

Council District: 1, 5

Community Plan: Los Penasquitos Canyon Preserve,
Sabre Springs, Rancho Penasquitos,
Torrey Hills, Pacific Highlands Ranch,
Torrey Highlands

Description: This project provides for the State Route 56 freeway between the Carmel Valley and Rancho Penasquitos communities. A four-lane freeway will be constructed with interchanges at Black Mountain Road, Camino Santa Fe and Camino Del Sur. This project will provide the necessary right-of-way and prepare the grade for the ultimate six-lane freeway. In addition, this project provides for the bikepath through the State Route 56 corridor, and a future project is planned for a bikepath interchange at Camino Del Sur. The preparation of project report and environmental document for the remaining Interstate 5/State Route 56 connector ramps is budgeted under CIP 52-311.0, Interstate 5/State Route 56 Freeway Connectors.

Justification: This project is needed to provide an east-west connection between Interstate 5 and Interstate 15.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Los Penasquitos Canyon Preserve Park Plan and with the Sabre Springs, Rancho Penasquitos, Torrey Highlands, Pacific Highlands Ranch, and Sorrento Hills Community Plans and is in conformance with the City's General Plan.

Scheduling: This project is anticipated to be completed in Fiscal Year 2010.

Summary of Project Changes: This project, which provided for construction of the State Route 56 freeway between the Carmel Valley and Rancho Penasquitos communities, is complete.

Engineering & Capital Projects

Streets and Bridges

State Route 56/Interstate 15 Interchange Improvements 52-771.0 / S-00920

Council District: 1

Community Plan: Pacific Highlands Ranch

Description: This project provides for the design and construction of the missing loop ramp in the southeast quadrant of SR-56 at I-15 in Rancho Penasquitos for eastbound to northbound movements to eliminate the need for making left turns at the existing traffic signal. It will also widen the southbound to westbound ramp and the eastbound to southbound ramp per the Pacific Highlands Ranch Public Facilities Financing Plan - T-1.6 and the Black Mountain Ranch Public Facilities Financing Plan - Project T-56.

Justification: This facility is required to accommodate the additional traffic generated as a result of development in the I-15 Corridor, with Pacific Highlands Ranch contributing its fair share based on percentage of increased traffic.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Pacific Highlands Ranch Public Facilities Financing Plan and is in conformance with the City's General Plan.

Scheduling: Construction was scheduled to be complete in Fiscal Year 2009.

Summary of Project Changes: The project schedule and cost have been revised to reflect the most recent Pacific Highlands Ranch Community Plan.

Streets and Bridges

Streamview Drive Improvement - 54th Street to College Avenue 52-588.0 / S-00864

Council District: 7

Community Plan: Mid-City

Description: This project provides for street improvements on Streamview Drive from 54th Street to College Avenue to reduce excessive speeds, increase safety, and enhance visual impacts.

Justification: A study is required to determine solutions to several problems on Streamview Drive. Design solutions and construction, predicated on the study, will address these problems.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Mid-City Communities Plan and is in conformance with the City's General Plan.

Scheduling: The project description is preliminary and the scope of work is not established; only planning and other preliminary activities have been performed to date. The project schedule for design and construction will be established once the scope of work is approved.

Summary of Project Changes: Per the Mayor's May Revision, the proposed TransNet funding allocation was removed for Fiscal Year 2010.

Streets and Bridges

Ted Williams Parkway Pedestrian Bridge at Shoal Creek Drive 54-012.0 / S-00941

Council District: 5

Community Plan: Carmel Mountain Ranch

Description: This project provides for construction of a pedestrian bridge along Shoal Creek Drive to facilitate crossing Ted Williams Parkway. This phase of the project includes design and environmental studies.

Justification: The intersection is in close proximity to Shoal Creek Elementary School and has a high volume of children crossing Ted Williams Parkway. This project will increase pedestrian safety and was requested by City Council and the community.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Carmel Mountain Ranch Community Plan and is in conformance with the City's General Plan.

Scheduling: Design and preparation of environmental documents began Fiscal Year 2008. Construction is scheduled to begin in Fiscal Year 2011 upon identification of funding.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Thorn Street Median Improvements 52-406.0 / S-00844

Council District: 3

Community Plan: Greater North Park

Description: This project provides for the construction of a landscaped median along Thorn Street between 33rd Street and Felton Street in Greater North Park.

Justification: This project provides for traffic calming.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Greater North Park Community Plan and is in conformance with the City's General Plan.

Scheduling: Design was completed for Fiscal Year 2009. Construction is scheduled for Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Torrey Meadows Drive Overcrossing 52-815.0 / S-10015

Community Plan: Torrey Highlands

Council District: 1

Description: This project provides for the design and construction of a two-lane overcrossing of Torrey Meadows Drive over State Route 56. This project will include the bridge approaches on each side of the bridge, approximately 200 linear feet of two-lane local collector, together with any right-of-way not previously acquired as part of the State Route 56 project.

Justification: This two-lane connection will provide access to the neighborhood park, elementary and high schools, and the local mixed use zone for those properties south of State Route 56 and will help to alleviate traffic congestion on the Camino Del Sur Interchange.

Operating Budget Effect: None

Relationship to General and Community Plans: This project is consistent with the Torrey Highlands Public Facilities Financing Plan (Project T-9) and is in conformance with the City's General Plan.

Scheduling: Design and the environmental review process are scheduled to begin in Fiscal Year 2010.

Summary of Project Changes: This newly published project will provide for the design and construction of a two-lane overcrossing of Torrey Meadows Drive over State Route 56. Western Pacific (developer) has made a fair share contribution to this project.

Torrey Pines Road - Slope Reconstruction 52-674.0 / S-00877

Council District: 1

Community Plan: La Jolla

Description: This project provides for reconstructing a 350-foot section of earthen slope along the south side of Torrey Pines Road between Lookout Drive and Roseland Drive.

Justification: The existing slope is eroding. This project will eliminate the possibility of soil slough landing in the travel lane of a primary arterial street.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Scheduling: Design has been completed. Construction will be scheduled upon identification of funding.

Summary of Project Changes: Project cost has been increased by \$20,000 due to inflation. Total project cost is \$1,276,220.

Triple Pipe Crossing - Dennery Road 52-641.0 / S-10017

Community Plan: Otay Mesa

Council District: 8

Description: This project provides for constructing a triple pipe arch culvert beneath Dennery Road where the road spans Dennery Canyon to maintain the continuity of the Dennery Canyon Open Space link with the Otay River Valley and to accommodate the existing wildlife movement.

Justification: The alignment of Dennery Road will bisect a key wildlife corridor within the Otay Mesa Community. In order to minimize the disturbance, a wildlife undercrossing is proposed to provide an unobstructed corridor for wildlife movement between Dennery Canyon and the Otay River Valley.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Community Plan and is in conformance with the City's General Plan.

Scheduling: Design is scheduled in Fiscal Year 2010. Construction is scheduled in Fiscal Year 2011. The design and construction of the triple pipe crossing shall be performed by the subdivider responsible for the construction of Dennery Ranch Road and reimbursed from Facilities Benefit Assessment funding.

Summary of Project Changes: Reimbursements are scheduled for Fiscal Year 2010 and 2011.

University Avenue and Front Street Pop-Out 52-759.0 / S-00909

Council District: 3

Community Plan: Uptown

Description: This project will provide for pedestrian improvements at the corner of University Avenue and Front Street and will include the construction of a pop-out on the southwest corner and a new curb ramp on the north side of the intersection. The Council District and Transportation Engineering Operations Division are proposing the addition of an additional pop-out on the north side of University Avenue.

Justification: Installation of the pop-out will shorten the crossing distance on both University Avenue and Front Street, and make pedestrians more visible to vehicular traffic travelling east on University Avenue. The pop-out will also sharpen the angle at the southwest corner of the intersection, which should result in slower speeds for eastbound right turning vehicles and provide a safer walking environment for the community.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Uptown Community Plan and is in conformance with the City's General Plan.

Scheduling: Preliminary design will begin Fiscal Year 2009. Construction is scheduled to begin in Fiscal Year 2010. This project is on hold pending acquisition of funding and the resolution of possible scope changes.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

University Avenue Mobility Project 52-766.0 / S-00915

Council District: 3

Community Plan: Greater North Park

Description: The University Avenue Mobility Project-Phase I (UAMP-Phase I) is a subset of the improvements planned in the larger University Avenue Mobility Plan. Since funding for the entire project is not available at this time, the Phase I project was developed by combining selected portions of the UAMP that would provide the greatest benefits, focusing on the commercial core of the corridor. The major elements of the UAMP-Phase I are restriping to provide a painted median, left turn pockets at signalized intersections and improved lane widths, installation of raised landscaped medians in the core area, installation of enhanced pedestrian crosswalks, repainting of existing crosswalks, removal of parallel on-street parking, and re-striping to provide angle parking on both sides of the street.

Justification: This project will significantly improve safety and mobility along the corridor for pedestrians, bicyclists, transit, and automobile traffic.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Greater North Park Community Plan and is in conformance with the City's General Plan.

Scheduling: Preliminary design began in Fiscal Year 2007. The Environmental process began in Fiscal Year 2009. Design is scheduled to begin in Fiscal Year 2010 and is scheduled to be completed in Fiscal Year 2012. Construction is scheduled to begin in Fiscal Year 2012. Later phases of the UAMP will be determined as additional funding is appropriated.

Summary of Project Changes: This project will receive \$2 million from a Smart Growth Grant per Council Resolution R-300698, dated July 25, 2005. A portion of the grant was received during Fiscal Year 2008 and the balance is scheduled to be received for construction in Fiscal Year 2012. The cost estimate to implement the entire UAMP is approximately \$10 million. The cost estimate for the Phase I portion is \$2.8 million.

Streets and Bridges

University Avenue Sidewalk from 54th St to 68th St 52-761.0 / S-00910

Council District: 7

Community Plan: Mid-City

Description: This project provides for the installation of approximately 16,000 feet of new concrete sidewalk on both sides of University Avenue from 54th Street to 68th Street.

Justification: The existing sidewalk has settled and cracked necessitating replacement in order to provide safe pedestrian access. Portions of University Avenue within the limits of this project are without sidewalks. New sidewalk will be constructed in these areas.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Mid-City Communities Plan and is in conformance with the City's General Plan.

Scheduling: Preliminary engineering was scheduled for Fiscal Year 2009. Design is scheduled for Fiscal Year 2010 and construction is scheduled for Fiscal Year 2011.

Summary of Project Changes: It is proposed to allocate Redevelopment Agency funding to this project for Fiscal Years 2010, 2011 and 2012.

Streets and Bridges

University Avenue Street Lights from 54th Street to 68th Street 52-762.0 / S-00911

Council District: 7

Community Plan: Mid-City

Description: This project provides for the installation of approximately 47 additional street lights on both sides of University Avenue from 54th Street to 68th Street.

Justification: The existing street lighting within the project limits does not meet the current City standard for transit corridor lighting requirements.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Mid-City Communities Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2008 and is scheduled to be completed in Fiscal Year 2010. Construction is scheduled to begin and to be completed in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Streets and Bridges

Village Loop Road - Carmel Valley Road East to Property Line 52-770.0 / S-00919

Council District: 1

Community Plan: Pacific Highlands Ranch

Description: This project provides for construction of Village Loop Drive, from the intersection of Del Mar Heights Road and Carmel Valley Road easterly to the property line (approximately 2,000 linear feet), as a four-lane collector roadway within a 108 foot right-of-way route providing access to the high school site and the core residential areas.

Justification: This project is dependent upon the development of the high school, community park, and core residential area including the village area of the community.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Pacific Highlands Ranch Public Facility Financing Plan and is in conformance with the City's General Plan.

Scheduling: The developer (Pardee) advanced funding for this project and will be reimbursed from the Pacific Highlands Ranch Facilities Benefit Assessment (FBA) under the terms of a reimbursement agreement. Reimbursement is programmed from Fiscal Years 2006 through 2010.

Summary of Project Changes: Project cost and schedule have been updated to reflect the most recent Pacific Highlands Ranch Public Facilities Financing Plan.

Streets and Bridges

West Mission Bay Drive Bridge over Mission Bay Channel Seismic Retrofit 53-055.0 / S-00937

Council District: 2

Community Plan: Mission Bay Park

Description: This project provides for the seismic retrofit which will consist of stabilizing the existing piers and joining the paired piers together at the waterline to increase support during seismic event.

Justification: The West Mission Bay Drive Bridge over Mission Bay Channel has been identified as a seismically deficient bridge by Caltrans.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the "Mission Bay Park" Community Plan and is in conformance with the City's General Plan.

Scheduling: It is anticipated that this project will be completed in Fiscal Year 2010.

Summary of Project Changes: \$19,278 in TransNet funding was transferred to this project per City Council Resolution R-303006, dated 4/27/2009, to provide required grant match. Total project cost increases to \$9,076,769.

Streets and Bridges

West Mission Bay Drive Bridge over San Diego River 52-643.0 / S-00871

Council District: 2

Community Plan: Midway/Pacific Highway Corridor,
Mission Bay Park, Peninsula

Description: This project provides for replacing the existing four-lane West Mission Bay Drive bridge with a six-lane bridge.

Justification: A six-lane facility is needed to accommodate both the existing and the projected future traffic volumes. It was determined that a bridge replacement was more cost effective than widening the existing bridge.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Mission Bay Park Plan and is in conformance with the City's General Plan.

Scheduling: Preliminary engineering was scheduled to begin in Fiscal Year 1998, however the scope changed from bridge widening to bridge replacement. Feasibility and environmental studies began in Fiscal Year 2001. Preliminary engineering began in Fiscal Year 2009. Design is scheduled to begin in Fiscal Year 2012 and is scheduled to continue through Fiscal Year 2014. Construction is scheduled to begin in Fiscal Year 2014. This schedule is contingent upon availability of funding.

Summary of Project Changes: It is proposed to allocate \$100,000 in TransNet funding to this project for Fiscal Year 2010.

Traffic Control

25th Street Renaissance Project 62-332.0 / S-00985

Council District: 3

Community Plan: Greater Golden Hill

Description: This project provides for the construction of pedestrian amenities, traffic calming, streetscape improvements and parking along 25th Street from Highway 94 to Balboa Park. The focus of the improvements is between Broadway and B Street.

Justification: This project will provide traffic calming and improve pedestrian safety.

Operating Budget Effect: None. A maintenance assessment district is in place.

Relationship to General and Community Plans: This project is consistent with the Greater Golden Hill Community Plan and is in conformance with the City's General Plan.

Scheduling: Preliminary design began in Fiscal Year 2009. Design is expected to be completed in Fiscal Year 2011. Project construction is expected to begin in Fiscal Year 2012.

Summary of Project Changes: This project has been awarded a Pilot Smart Growth Incentive Program Grant in the amount of \$1,425,000. \$469,000 of the grant will be allocated in Fiscal Year 2010 for the design phase of the project.

Traffic Control

Annual Allocation - Traffic Control/Calming Measures 61-001.0 / A-IL.00001

Council District: Citywide

Community Plan: Citywide

Description: This annual allocation provides for installing traffic control measures at locations in "Smart Growth" areas on an as-needed basis where sudden changes in the character of traffic, such as increased volumes and new route patterns, make it necessary to provide traffic control measures to respond to a variety of traffic concerns in residential neighborhoods, such as speeding motorists and shortcutting traffic. Solutions used include the construction of flashing beacons and geometric design features such as road humps and traffic islands.

Justification: This annual allocation is needed to improve safety by mitigating traffic problems on streets such as speeding, shortcutting traffic, and the need for increased pedestrian safety.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Projects are scheduled on a priority basis.

Project Scheduled in Fiscal Year: Potential locations include:

La Jolla Mesa at Van Nuys

Adams Avenue at Hamilton Street

Summary of Project Changes: TransNet funding has been allocated to this project through Fiscal Year 2015.

Traffic Control

Annual Allocation - Traffic Signal Interconnect Projects 62-331.0 / A-IL.00002

Council District: Citywide

Community Plan: Citywide

Description: This annual allocation provides for the installation of, and modifications to, traffic signal interconnect systems citywide.

Justification: This project provides for increased traffic signal coordination which will reduce traffic congestion.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Projects will be scheduled on a priority basis.

Project Scheduled in Fiscal Year: Balboa Avenue Fiber Optic Interconnect

Summary of Project Changes: TransNet funding has been allocated to this project through Fiscal Year 2015.

Traffic Control

Annual Allocation - Traffic Signals - Citywide 68-010.0 / A-IL.00004

Council District: Citywide

Community Plan: Citywide

Description: This annual allocation provides for the installation of traffic signals at high-priority locations and the City's share of the costs of traffic signals undertaken in cooperation with others.

Justification: The City maintains an inventory of candidate intersections which are periodically surveyed for significant changes in operating conditions. Installing traffic signals in select intersections provides for the orderly movement of traffic, increased traffic handling capacity, reduced frequency of accidents, and for improved traffic flow. Signals also permit vehicles and pedestrians from a minor street to enter or cross continuous traffic on the major street. The criteria for installing traffic signals are governed by Council Policy 200-6.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the applicable community plans and is in conformance with the City's General Plan.

Scheduling: Projects are scheduled on a priority basis.

Summary of Project Changes: TransNet funding has been allocated to this project through Fiscal Year 2015.

Traffic Control

Annual Allocation - Traffic Signals - Cooperative Projects 68-001.0 / A-IL.00003

Council District: Citywide

Community Plan: Citywide

Description: This annual allocation provides for the City's share of the cost of traffic signal improvements undertaken in cooperation with others.

Justification: It is often beneficial for the City to share in the cost of traffic signal improvements undertaken in cooperation with other agencies. The most common situation involves the intersection of a City street with a State highway, County road, or street that is the responsibility of another city. This project provides the flexibility necessary for timely initiation of these improvements.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Projects are scheduled on a priority basis.

Summary of Project Changes: It is proposed to not allocate funding to this project for Fiscal Year 2010.

Traffic Control

Annual Allocation - Traffic Signals - Modifications/Modernization 68-011.0 / A-IL.00005

Council District: Citywide

Community Plan: Citywide

Description: This annual allocation provides for upgrading existing traffic signals as necessary to improve traffic flow and promote safety. Improvements may include conversion from post-mounted to mast-arm-mounted indicators, addition of pedestrian signals, and additional phases to accommodate separate turning moves.

Justification: The City maintains an ongoing program to promote safety within the public right-of-way. Analysis of accident patterns at a particular location often shows that some minor improvement would help to reduce the number and/or severity of accidents. In addition, increasing traffic volumes and changing traffic patterns typically reduce the effectiveness and efficiency of existing traffic signal controls at certain intersections, warranting upgrades.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Projects are scheduled on a priority basis.

Project Scheduled in Fiscal Year: Potential locations include:

Traffic signals upgrades on Ash Street at 9th, 7th, 6th, 5th, 4th, 3rd, 2nd, 1st, Front, Union, State, Columbia and Kettner.

Summary of Project Changes: TransNet funding has been allocated to this project through Fiscal Year 2015.

Traffic Control

Del Mar Heights Road Traffic Signal Interconnect 62-328.0 / S-00745

Council District: 1

Community Plan: Carmel Valley, Torrey Pines

Description: This project provides for the installation of traffic signal interconnect systems on Del Mar Heights Road from Mango Drive to Carmel Canyon Road, El Camino Real from Half Mile Drive to High Bluff Drive, and Carmel Country Road from Del Mar Heights Road to Townsgate Drive. The system will provide central communication to 16 traffic signals, improving traffic control.

Justification: This project will accommodate the need to centrally control heavily-traveled arterials and provide constant surveillance for efficient traffic signal operation and maintenance. The benefits include reduced stops, delays, fuel consumption and emissions.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Carmel Valley and Torrey Pines Community Plans and is in conformance with the City's General Plan.

Scheduling: It is anticipated that this project will be completed in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Traffic Control

Del Mar Heights Road West of Seagrove Street - Flashing Beacon 62-924.0 / S-00987

Council District: 1

Community Plan: Carmel Valley

Description: This project provides for the necessary street and traffic improvements to include, but are not limited to, flashing beacons, curb ramps, and traffic calming projects within the Carmel Valley Community. The current project will install a flashing beacon facing eastbound traffic on Del Mar Heights Road approximately 500 feet west of Seagrove Street.

Justification: The project provides for traffic safety improvements.

Operating Budget Effect: None

Relationship to General and Community Plans: This project is consistent with the Carmel Valley Public Facilities Financing Plan (Project T-2) and is in conformance with the City's General Plan.

Scheduling: Design and construction were scheduled to begin in Fiscal Year 2009.

Summary of Project Changes: This is a newly published project for Fiscal Year 2010. This project was established by Council Resolution R-303600 on April 24, 2008.

Five Points Neighborhood Pedestrian Improvements 64-005.0 / S-00988

Council District: 2

Community Plan: Midway/Pacific Highway Corridor,
Uptown

Description: This project provides for public improvements to include pedestrian curb ramps, curb extensions, and a pedestrian countdown timer signal.

Justification: This project is needed to address public concerns including parking shortages and circulation problems in the Five Points Neighborhood.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Midway Pacific Highway Corridor and Uptown Community Plans and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2009. Construction is scheduled to begin in Fiscal Year 2010.

Summary of Project Changes: This newly published project was approved by City Council Resolution R-303694, dated May 13, 2008.

Florence Griffith Joyner Elementary School - Safe Route to School 62-337.0 / S-10061

Council District: 3

Community Plan: Mid-City

Description: This project will provide for the installation of new sidewalks, intersection bulb-outs to decrease the street crossing distances, road humps, pedestrian ramps, and a new traffic signal.

Justification: Located in the City Heights Community, Florence Griffith Joyner Elementary School serves students in grades kindergarten through fifth, who walk or bike to school, and are faced with crossing several wide intersections in the vicinity of the school.

Operating Budget Effect: None

Relationship to General and Community Plans: This project is consistent with the City Heights-Mid City Community Plan and is in conformance with the City's General Plan.

Scheduling: Design and construction are scheduled to begin in Fiscal Year 2010.

Summary of Project Changes: This newly published project was authorized by City Council Resolution R-303994, dated July 29, 2008.

Traffic Control

Imperial Avenue Street Lights - from 61st to 69th Streets 61-203.1 / S-00983

Council District: 4

Community Plan: Southeastern San Diego

Description: This project will provide for the installation of twenty-one mid-block, high-pressure sodium streetlights on Imperial Avenue.

Justification: Installation of the additional streetlights will facilitate safe operation of traffic, give pedestrians a safer traveling environment, promote nighttime use of sidewalks, public transportation and commercial shopping areas.

Operating Budget Effect: None

Relationship to General and Community Plans: This project is consistent with the Southeastern Community Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2009. Construction is scheduled for Fiscal Year 2010.

Summary of Project Changes: This newly published project was authorized by City Council Resolution R-303781, dated May 27, 2008.

Traffic Control

Navajo Road Traffic Signal Interconnect 62-329.0 / S-00746

Council District: 7

Community Plan: Navajo

Description: This project provides for traffic signal communication between seven traffic signals on Navajo Road from Park Ridge Boulevard to Lake Murray Boulevard. Wireless interconnect systems will be used in order to avoid street trenching.

Justification: This project will accommodate the need to centrally control heavily-traveled arterials and provide constant surveillance for efficient traffic signal operation and maintenance. The benefits include reduced stops, delays, fuel consumption and emissions.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Navajo Community Plans and is in conformance with the City's General Plan.

Scheduling: It is anticipated that this project will be completed in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Pacific Highlands Ranch Traffic Signals 68-020.0 / S-01062

Council District: 1

Community Plan: Pacific Highlands Ranch

Description: This project provides for installing up to 16 different traffic signals within the Pacific Highland Ranch Community.

Justification: These signals will be installed as a part of the traffic control system for the Pacific Highlands Ranch community. They are needed to accommodate the increase in traffic generated by this community.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Pacific Highlands Ranch Subarea Plan and is in conformance with the City's General Plan.

Scheduling: Traffic signal installation will be scheduled as the community develops.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Safe Routes to School - Central Elementary School 62-267.0 / S-00741

Council District: 3

Community Plan: Mid-City

Description: This project provides for pedestrian improvements in the vicinity of Central Elementary School. Proposed improvements include enhanced paved crosswalks, new pedestrian signals, and new sidewalk.

Justification: Improvements in the vicinity of Central Elementary School will provide traffic calming elements to reduce traffic.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Mid-City Communities Plan and is in conformance with the City's General Plan.

Scheduling: Design was completed in Fiscal Year 2009. Construction is scheduled to begin in Fiscal Year 2010.

Safe Routes to School Program - Willow Elementary School 62-266.0 / S-00740

Council District: 8

Community Plan: San Ysidro

Description: This project provides for improved pedestrian safety around Willow Elementary School. The scope includes the construction of new sidewalks, curb ramps, an enhanced school entry crosswalk, and pedestrian countdown timers.

Justification: The area surrounding Willow Elementary School has high automobile, bicycle, and pedestrian injury rates. This project will provide a safer walking environment for both students and members of the community.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the San Ysidro Community Plan and is in conformance with the City's General Plan.

Scheduling: Design was completed in Fiscal Year 2009. Construction is scheduled to begin in Fiscal Year 2010.

Summary of Project Changes: The total estimated project cost increased by \$150,000 following the allocation of State Proposition 1B funding. The total project cost is \$650,000 in Fiscal Year 2010.

Via Capri Traffic Calming Project 62-333.0 / S-00986

Council District: 1

Community Plan: La Jolla

Description: This project provides for the construction of curb pop-outs on Via Capri at Hidden Valley Road and a traffic circle on Via Capri at Senn Way. This project will include excavation, tree removal, and installation of new curb, gutter, sidewalk, pavement, and landscaping.

Justification: This project will increase the level of safety in the community of La Jolla by reducing automobile traffic speed.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Scheduling: It is anticipated that this project will be completed in Fiscal Year 2010.

Summary of Project Changes: This project, which provided for the construction of curb pop-outs on Via Capri at Hidden Valley Road and a traffic circle on Via Capri at Senn Way, is complete.

Bikeways		Unfunded Needs List
		Engineering & Capital Projects
CIP		Funding
Number	Project Title	Required in Future Years
58-162.0	Coastal Rail Trail	\$ 21,087,100
	This project provides for construction of a bicycle route between the San Diego-Del Mar city limit and Downtown San Diego. The total estimated project cost of \$22.5 million includes an unfunded amount of \$21.1 million.	
58-150.0	Friars Road to Pacific Highway Bike Path	\$ 625,000
	This project provides for designing and constructing a Class I bike path connecting Friars Road to Pacific Highway. The total estimated project cost of \$714,518 includes an unfunded amount of \$625,000.	
58-209.0	Interstate 5 Underpass - Bikeway/Pedestrian Connection	\$ 1,116,000
	This project will provide the (missing) link between two existing bike/pedestrian paths: the regional bike connection that runs parallel to State Route 56 corridor, and the Sorrento Valley Road multi-use bike/pedestrian path, and will pass under Interstate 5, just south of the Carmel Mountain Road interchange. The total estimated project cost of \$1.7 million includes an unfunded amount of \$1.1 million.	
58-147.0	Rose Creek Bikeway	\$ 5,000,000
	This project provides for a pedestrian/bicycle bridge across Rose Creek and a paved Class I bike path to connect the westerly end of the new bridge to Pacific Beach Drive. The total estimated project cost of \$6.8 million includes an unfunded amount of \$5.0 million.	
58-191.0	San Diego River Multi-Use Path	\$ 900,000
	This project provides for a Class I bicycle and pedestrian path from Hazard Center Drive to Fashion Valley Mall. The total estimated project cost of \$1.4 million includes an unfunded amount of \$900,000. Funding has been identified through SANDAG and the SAFETEA-LU program, but are shown as unidentified until received.	
58-171.0	State Route 56 Bike Interchanges	\$ 6,822,940
	This project provides at-grade or grade-separated bicycle path interchange facilities along State Route 56. The total estimated project cost of \$11.4 million includes an unfunded amount of \$6.8 million.	
Bikeways Subtotal		\$ 35,551,040

52-782.0 38th Street Improvements **\$ 1,500,000**

This project provides full street improvements on 38th Street from Dwight Street north to terminus. The total estimated project cost of \$3.3 million includes an unfunded amount of \$1.5 million.

52-713.0 Alvarado Canyon Road Realignment **\$ 5,140,000**

Construction funding in the amount of \$5.1 million has not been identified for this project. Total project cost is estimated to be \$6.7 million.

52-338.0 Annual Allocation - Beach Access Reconstruction **\$ 270,000**

This annual allocation would provide for reconstructing and protecting stairs, walkways, bridges, and walls located in non-park areas which provide beach access in the public right-of-way. The annual funding needs of \$30,000 are entirely unfunded.

52-519.0 Annual Allocation - Bridge Rehabilitation - Citywide **\$ 3,000,000**

This annual allocation provides for the City's match to grant funding for miscellaneous bridge rehabilitation projects. The total estimated cost of \$3.0 million includes annual unfunded needs of \$500,000 in Fiscal Years 2014 and beyond.

37-200.0 Annual Allocation - Consultant Services/Right-Of-Way Projects **\$ 180,000**

This annual allocation would provide for miscellaneous engineering and architectural services by consultants for the improvement of streets. The annual funding needs of \$20,000 are entirely unfunded.

52-715.0	Annual Allocation - Sidewalks - Citywide	\$	3,300,000
	This annual allocation provides for the construction of walkways at locations where none exist in order to provide safe routes for pedestrians and in the vicinity of school areas. The total estimated cost of \$5.4 million includes annual unfunded needs of \$550,000 in Fiscal Years 2015 and beyond.		
52-653.0	Camino del Sur - Carmel Mountain Road to 1,600 Feet North of Park Village Road	\$	293,600
	This project provides for the construction of Camino del Sur as a four-lane major street with class II bicycle lanes from Carmel Mountain Road to 1,600 feet north of Park Village Road. The total estimated project cost of \$10.6 million includes an unfunded amount of \$293,600.		
52-773.0	Cherokee Street Improvements	\$	1,100,000
	This project provides for the reconstruction of the curb, gutter, and sidewalk on Cherokee Street from Monroe Avenue to East Mountain View. The total estimated project cost of \$2.4 million includes an unfunded amount of \$1.1 million.		
52-545.0	Coastal Erosion Affecting City Streets	\$	3,500,000
	This annual allocation would provide for corrections of miscellaneous erosion problems along the shorelines that affect City streets. The annual funding needs of \$500,000 are entirely unfunded.		
52-686.0	Del Mar Heights Road Median - Mango Drive to City Limits	\$	2,000,000
	This project provides for raised medians on Del Mar Heights Road. The total estimated project cost of \$2.5 million includes an unfunded amount of \$2.0 million.		
52-347.0	Division Street - Interstate 5 to 43rd Street	\$	1,200,000
	This project provides for widening Division Street to a modified four-lane roadway from Interstate 5 to 43rd Street. The total estimated project cost of \$1.5 million includes an unfunded amount of \$1.2 million.		
53-037.0	Earthquake Restrainers for Bridges	\$	180,000
	This annual allocation would provide for seismic restraining units on City bridges that are susceptible to damage during strong earthquakes. The annual funding needs of \$30,000 are entirely unfunded.		
52-479.0	El Camino Real - San Dieguito Road to Via de la Valle	\$	9,021,959
	This project provides for reconstruction and widening of the existing two-lane bridge to a four-lane bridge and widening the existing two-lane roadway to a modified four-lane major road. The total estimated project cost of \$28.6 million includes an unfunded amount of \$9.0 million.		
52-743.0	Euclid Avenue Corridor Improvements	\$	2,250,000
	The total estimated project cost of \$2.6 million includes an unfunded amount of \$2.3 million.		
52-372.0	Genesee Avenue - Widen Interstate 5 Crossing	\$	365,700,000
	This project provides for widening Genesee Avenue and Interstate 5 Corridor improvements. The total estimated project cost of \$390.0 million includes an unfunded amount of \$365.7 million.		
52-810.0	Hollister Street Widening	\$	1,975,000
	This project provides for improvements to the west side of the 900 block of Hollister Street. The total estimated project cost of \$2.3 million includes an unfunded amount of \$2.0 million.		
52-349.0	Interstate 8/Fairmount Avenue/Mission Gorge Road Interchange Improvements	\$	750,000
	The total estimated project cost of \$750,000 is entirely unfunded.		

Unfunded Needs List

Engineering & Capital Projects

Streets and Bridges

CIP Number	Project Title	Funding Required in Future Years
---------------	---------------	--

52-729.0 Juan Street Reconstruction **\$ 3,000,000**

This project provides for the replacement of the existing concrete pavement, curb, gutter and sidewalk on Juan Street from Taylor Street to Sunset Road. Reconstruction will be done in two phases. Phase I (Taylor Street to Harney Street) will provide new asphalt cement and cement treated base pavement. Phase II (Harney Street to Sunset Road) will provide new Portland cement concrete pavement. The total estimated project cost of \$3.0 million is entirely unfunded.

52-485.0 La Jolla Village Drive/Interstate 805 Interchange Ramps **\$ 5,000,000**

Construction was rescheduled to incorporate changes in the design plans to meet the current State of California stormwater and traffic design standards. Total project cost has been increased by \$5.0 million as a result of design changes and escalated construction costs. This amount is unfunded.

53-053.0 Mission City Parkway Bridge over San Diego River **\$ 7,270,497**

This project provides for a new two-lane bridge extending Mission City Parkway from the intersection of Camino Del Rio North to the north over the San Diego River and connecting to the extension of Mission City Parkway being constructed as part of the Mission City Development. This project also provides for an additional stadium entrance. The total estimated project cost of \$10.2 million includes an unfunded amount of \$7.3 million.

52-430.0 Napa Street Traffic Improvements **\$ 5,104,260**

This project provides for improved traffic at the Napa Street/Linda Vista Road intersection. The total estimated project cost of \$5.8 million includes an unfunded amount of \$5.1 million.

52-436.0 National Avenue - State Route 15 to 43rd Street **\$ 5,158,000**

This project provides for drainage improvements and widening of National Avenue. The total estimated project cost of \$6.6 million includes an unfunded amount of \$5.2 million.

52-671.0 Ocean Front Walk Reconstruction - San Fernando Place to Ventura Place **\$ 3,437,000**

The project provides for returning the walkway along Ocean front Walk to the original 1925 appearance. The total estimated project cost of \$4.0 million includes an unfunded amount of \$3.4 million.

52-642.0 Old Otay Mesa Road - Westerly **\$ 2,750,000**

This project provides for design and construction of a portion of Old Otay Mesa Road. The total estimated project cost of \$6.2 million includes an unfunded amount of \$2.8 million.

52-682.1 Otay Truck Route Widening Phase III & IV **\$ 10,332,144**

The total project cost for both Phase III and Phase IV is \$20.7 million, of which \$10.3 million is currently unidentified funding.

58-007.0 Overhead/Other City Costs for Streets Projects **\$ 525,000**

This annual allocation provides for the portion of the City overhead charges that a grantee does not allow to be charged to grant-funded street and right-of-way projects. This annual allocation also funds other costs incurred by City forces on grant-funded projects and other design streets projects. This project is unfunded.

52-764.0 Palm Avenue Roadway Improvements **\$ 3,801,000**

This project provides for vehicular and traffic safety improvements on Palm Avenue from Beyer Way to Interstate 805. The total estimated project cost of \$4.7 million includes an unfunded amount of \$3.8 million.

52-700.0	Rancho Bernardo Street and Sidewalk Improvements	\$	65,800
	This project provides for improvements to streets and sidewalks, installation of landscaping and irrigation systems, and construction of retaining and sound walls in the Rancho Bernardo Community. The total estimated project cost of \$357,500 includes an unfunded amount of \$65,800.		
52-680.0	Regents Road - Executive Drive to Genesee Avenue	\$	1,100,000
	This project provides for widening Regent Road to a modified four-lane major street from Genesee Avenue to Executive Drive. The total estimated project cost of \$6.8 million includes an unfunded amount of \$1.1 million.		
53-044.0	Regents Road Bridge	\$	15,825,051
	This project provides for a bridge, street improvements, and bike lanes on Regent Road. The total estimated project cost of \$46.6 million includes an unfunded amount of \$15.8 million.		
52-553.0	Saturn Boulevard - Palm Avenue to Coronado Avenue	\$	1,115,955
	This project provides for widening the west side of Saturn Boulevard to a four-lane collector street from Palm Avenue to Coronado Avenue. The total estimated project cost of \$1.4 million includes an unfunded amount of \$1.1 million.		
52-358.0	Scripps Ranch/Mira Mesa Boulevard Medians	\$	21,000
	This project provides for median improvements on Scripps Ranch Boulevard and Mira Mesa Boulevard. The total estimated project cost of \$1.1 million includes an unfunded amount of \$21,000.		
52-706.0	Sea World Drive Widening and Interstate 5 Interchange Improvements	\$	7,424,775
	This project provides for interchange improvements at Interstate 5 and Sea World Drive. The total estimated project cost of \$17.4 million includes an unfunded amount of \$7.4 million.		
52-765.0	Sorrento Valley Road & Interstate 5 Interchange	\$	47,000,000
	This project provides for a new freeway interchange to address traffic congestion. The total estimated project cost of \$50.3 million includes an unfunded amount of \$47.0 million.		
52-455.0	State Route 163 and Friars Road	\$	122,700,000
	This project provides for reconfiguration of the State Route 163 and Friars Road on and off-ramps and other Friars Road improvements. The total estimated project cost of \$144.0 million, of which \$130.0 million is unidentified funding. It is anticipated that federal funds will be made available for the project.		
54-012.0	Ted Williams Parkway Pedestrian Bridge at Shoal Creek Drive	\$	2,554,080
	The total project cost is estimated to be \$4.4 million of which \$2.5 million of the amount is unidentified.		
52-674.0	Torrey Pines Road - Slope Reconstruction	\$	950,000
	This project provides for reconstructing a 350-foot section of earthen slope along the south side of Torrey Pines Road. Total project cost is \$1.3 million, of which \$950,000 is unidentified funding.		
52-643.0	West Mission Bay Drive Bridge over San Diego River	\$	55,643,000
	This project provides for replacing the existing four-lane West Mission Bay Drive bridge with a six-lane bridge. The total estimated project cost of \$62.3 million includes an unfunded amount of \$55.6 million.

Environmental Services

Environmental Services

Energy Program

Citywide Energy Improvements 37-041.0 / A-BT.00003

Council District: Citywide

Community Plan: Citywide

Description: This project provides for energy efficiency improvements in City facilities. Projects typically address lighting, air conditioning, chiller, pumping and fan systems. Newer, more efficient technologies greatly reduce energy consumption.

Justification: Energy efficiency improvements repay capital costs in one to nine years, depending upon the project. The energy savings continue each year thereafter. Energy audits are performed in a variety of City-owned facilities to identify opportunities for energy savings.

Operating Budget Effect: None

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: This project is still under design evaluation for Fiscal Year 2010. Construction is scheduled to begin in Fiscal Year 2010 and expect to be completed in Fiscal Year 2012.

Summary of Project Changes: The total estimated project cost increased by \$300,000 due to the anticipation of incentive funds, which will allow additional energy efficiency improvement projects to be pursued.

Underground Hazardous Materials Storage Tanks 33-084.0 / S-01086

Council District: Citywide

Community Plan: Citywide

Description: This project provides for implementing the Citywide Underground Hazardous Materials Storage Tank Master Plan. The Master Plan addresses the removal, installation, closure, site assessment and mitigation, replacement, testing, and rehabilitation of the 69 City-owned underground storage tanks (USTs). Site assessment and mitigation activities related to 32 unauthorized releases are ongoing to maintain regulatory compliance, eligibility for State reimbursement, protection of groundwater and public health and safety. In addition, 12 USTs are required to have Phase II Enhanced Vapor Recovery (EVR) systems in place by April 2009 per the State of California.

Justification: The State Underground Storage of Hazardous Substances Law (Sher Bill AB 1362) and SB989 established guidelines and regulations for the design, installation, rehabilitation, testing and maintenance, triennial integrity testing of secondary containment components, and monthly facility inspections by a "Designated UST Operator." Non-compliance with UST laws or site assessment and mitigation (SA/M) requirements may make the City ineligible for reimbursement of an estimated \$4.0 million in current and future SA/M costs as well as liable for civil penalties of up to \$25,000 per day per site.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Design, construction and Phase II EVR system upgrades occurred in Fiscal Years 1991 through 2008. The phase II EVR project was funded and designed in Fiscal Year 2008. Construction was completed in Fiscal Year 2009. No new projects are scheduled in Fiscal Year 2010. Aside from the Phase II EVR upgrade projects budgeted in Fiscal Year 2008, there are currently no regulatory mandate-driven projects on the horizon. Future design/construction will be scheduled when the remaining funding is identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Environmental Services Facilities Improvement 37-074.0 / S-01087

Council District: 6

Community Plan: Kearny Mesa

Description: This project provides for needed facility improvements for the Environmental Services Department. Facilities include the Ridgehaven building, Miramar Operations Station, and facilities at the Miramar Landfill.

Justification: The Ridgehaven Facility is scheduled for a heating, ventilation and air conditioning (HVAC) system replacement. No capital upgrades are required at this time for the Miramar Operations Station or facilities at the Miramar Landfill.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Kearny Mesa Community Plan and is in conformance with the City's General Plan.

Scheduling: This project began in Fiscal Year 2009. Construction is schedule be completed by Fiscal Year 2011 pending indentification of funding.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Environmental Services**Refuse Disposal****Annual Allocation - Groundwater Monitoring Network 32-017.0 / A-KC.00001****Council District:** Citywide**Community Plan:** Citywide

Description: This annual allocation provides for minor improvements to existing Groundwater Monitoring Networks at all closed and operating landfills managed by the City. Such improvements may include new facilities to monitor groundwater, preparation of reports necessary to modify the groundwater monitoring programs, or potential groundwater mitigation measures.

Justification: This project provides the flexibility necessary to respond to operational issues and possible changes in the Groundwater Monitoring Program required by Title 23, Chapter 15, Article 5 of the California Code of Regulations.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Projects are scheduled on a priority basis to meet regulatory requirements. Projects scheduled for Fiscal Year 2010 include construction of one groundwater well with investigational report and procurement and installation of one low flow sampling pump. Funding has been allocated to this project through Fiscal Year 2016.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Annual Allocation - Minor Landfill Requirements 37-004.0 / A-FA.00001

Council District: Citywide

Community Plan: Citywide

Description: This annual allocation provides for minor improvements to existing sanitary landfills to comply with operating permits and regulatory requirements. Such improvements may include fencing, access roads, drains, small structures, and environmental protection projects.

Justification: This project provides the flexibility for timely initiation of minor improvements and construction needed to meet operational and regulatory requirements.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Projects are scheduled on a priority basis to meet regulatory requirements. Projects scheduled for Fiscal Year 2010 include design and construction of multiple inlet structures and down drains, procurement and installation of 250 feet of rock gabion baskets and rip rap, and minor grading to promote positive drainage. Funding has been allocated to this project through Fiscal Year 2017.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Environmental Services**Refuse Disposal****Arizona Landfill - Closure 32-011.0 / S-00682****Council District:** 3**Community Plan:** Balboa Park

Description: This project provides for modifications to the existing landfill gas collection system and cover at the Arizona Landfill to enhance operations and maintain regulatory compliance.

Justification: Federal and State waste disposal legislation require proper environmental safeguards to control landfill gas.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Balboa Park Master Plan and is in conformance with the City's General Plan.

Scheduling: Design and construction began in Fiscal Year 1995 and will continue through each phase of the project. The project is scheduled to be completed in Fiscal Year 2016.

Summary of Project Changes: Additional \$400,000 is shown for cover enhancement necessary to maintain emissions in regulatory compliance.

Environmental Services Department Operations Yard Improvements 32-021.0 / S-01085

Council District: 5

Community Plan: University

Description: This project provides for improvements to the Environmental Services Operations Station (ESOS) Yard located at 8353 Miramar Place.

Justification: New pavement is needed to support heavy equipment and other upgrades necessary for yard security, safety and stormwater runoff. Continue upgrading of the refuse packers asphalt parking lot; widening of exit doors in the dispatch area of the administration building to meet Fire Code evacuation requirements; Make security upgrades to the Operations Yard and facilities to include replacing gate opening devices to allow only authorized vehicles automatic access to the Environmental Services Department Operations Yard, replacing the VCR security camera recording system with a system that will allow recording and storage to a computer hard drive, and install a bullet proof security glass at the customer service counter in the lobby and, a solid fire door at the entrance of the administration building. Upgrade parking lot lights.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and it is in conformance with the City's General Plan.

Scheduling: Design and construction of the ESOS Manual Wash and Storm Drain Projects, Replacement of concrete at the Marindustry Road entrance to the Operations Yard, Replacement of Heaters in the Motive Equipment Repair Building, and installation of permanent Patio Canopies occurred in Fiscal Year 2004 through 2009. Security and other facility upgrades, identified in the Justification section, will continue through Fiscal Year 2010.

Summary of Project Changes: Project last published in Fiscal Year 2006. The total project cost through Fiscal Year 2010 has increased by \$500,000.

Environmental Services**Refuse Disposal****Future Waste Management Disposal and Processing Facilities 37-254.0 / S-01088****Council District:** Citywide**Community Plan:** Citywide

Description: This project provides for the development and construction of solid waste disposal and processing options, which may include a new landfill and transfer facility. Strategic planning, potential land acquisition, design, construction, environmental review and potential purchase of mitigation property are all within the scope of the project.

Justification: The City must continue to have adequate disposal or processing facilities for the solid waste it generates each year. Technology to recover and/or convert portions of refuse material into an energy base is being explored and developed. However, it appears that there will always be a need for landfilling part of the generated waste stream and residue from other solid waste disposal facilities.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Ongoing efforts are being made to identify potential sites and funding for future solid waste facilities and are scheduled to continue through Fiscal Year 2016. The construction of a new solid waste handling and processing facility will begin during the Fiscal Year 2011-2012 time frame.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Miramar Landfill Greenery Expansion 37-057.0 / S-00975

Council District: None

Community Plan: No Community Planning Area

Description: This project provides for the expansion of the existing Miramar greenery operation currently located at the Miramar Landfill. The expansion of curbside greens collection to additional neighborhoods in the City will increase the tonnage coming into the facility, requiring additional acreage and equipment.

Justification: Expansion of curbside greens collection will increase the diversion of solid waste required by the State of California. The current facility is operating at maximum capacity. A larger facility is required to process the increased tonnage expected as a result of expanded curbside pickup.

Operating Budget Effect: None

Relationship to General and Community Plans: This project is located on federal property and there is no community planning area. This project is in conformance with the City's General Plan.

Scheduling: The project began with the relocation of utilities in Fiscal Year 2010, and is expected to be completed in Fiscal Year 2010.

Summary of Project Changes: Additional \$200,000 is shown for landfill cover enhancement necessary to support this facility for Fiscal Year 2010.

Unclassified Disposal/Burn Site Closures 32-010.0 / S-01084

Council District: Citywide

Community Plan: Citywide

Description: This project provides for preliminary assessments and remediation of various burn sites and unclassified disposal sites. These sites have been identified as potential health or environmental risks.

Justification: Assessments are required to determine potential impacts to public health and the environment. Sites that are determined to pose potential impacts must be remediated to prevent any impacts.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: It is anticipated that known burn sites will be addressed over the next five years. Future allocations are for potential improvement to these sites.

Summary of Project Changes: The total estimated project cost decreased by \$120,000 due to a revised scope of the project.

West Miramar Phase II - Landfill Gas System 32-014.0 / S-00774

Council District: None

Community Plan: No Community Planning Area

Description: This project provides for a landfill gas collection system for the West Miramar Phase II Landfill. Bio degradation of buried waste produces landfill gas. The landfill gas collection consists of a network of gas extraction wells connected by piping.

Justification: This improvement is required in order to maintain compliance with various State and federal regulatory requirements. By meeting regulatory compliance, the improvement will also prevent code violations and enhance public health and Safety.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is located on federal property and there is no community planning area. This project is in conformance with the City's General Plan.

Scheduling: Design and construction began in Fiscal Year 1996 and will continue through the life of the landfill. The landfill is anticipated to close in Fiscal Year 2017. Projected funding through Fiscal Year 2011 will ensure project improvements and regulatory compliance.

Summary of Project Changes: No significant change has been made to this project for Fiscal year 2010.

Refuse Disposal

West Miramar Refuse Disposal Facility - Phase II 37-056.0 / S-01074

Council District: None

Community Plan: No Community Planning Area

Description: This project provides for continuing development of the West Miramar Landfill, located southwest of Marine Corps Air Station Miramar. The facility will accommodate over 35 million cubic yards of refuse fill on 807 acres. Phase II will develop the second half of the facility, including design and construction of entry roads and drainage systems, excavation, federally-mandated liner systems, and stockpiling and spreading of earthen materials. This project also includes development of the General Development Plan elements for the entire site.

Justification: These improvements are required in order to ensure compliance with conditions set forth in the operations permit issued by the California Integrated Waste Management Board and the Regional Water Quality Control Board.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is located on federal property and there is no community planning area. This project is in conformance with the City's General Plan.

Scheduling: Engineering design and construction will continue through Fiscal Year 2016 in order to facilitate modular development as additional capacity is required.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Fire-Rescue

Fire-Rescue**Fire****Fire Station 1 Rehabilitation 33-093.0 / S-00786****Council District:** 2**Community Plan:** Centre City

Description: This project provides for the design and construction of modifications to rehabilitate Fire Station 1 which include different floor layouts, new electrical plans, ventilation and exhaust extraction system, new roll up doors, modified asbestos abatement plans to include only portions to be disturbed as part of other improvements, modified mechanical/ventilation system designed for the new configuration, kitchen area remodel and a new accessible restroom. On March 27, 2007, the City Council approved (R-302472 and 302473) a cooperation agreement with the Redevelopment Agency for funding improvements and authorize the expenditure of funds needed to rehabilitate Fire Station 1 in an amount not to exceed \$1.5 million.

Justification: This 29-year-old fire station is in need of repair and renovation in order to maintain a safe and livable facility. Many of the major components have exceeded their expected service life. The needs of modern technology and a diversified workforce also require changes in fire facility configuration.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Center City Community Plan and in conformance with the City's General Plan.

Scheduling: This project was redesigned and construction is scheduled in Fiscal Year 2010.

Summary of Project Changes: The project budget reflects revisions to the scope and is being funded by Center City Development Corporation. The total estimated project cost decreased by \$4.3 million.

Fire-Rescue

Fire

Fire Station 17 - Mid-City 33-080.0 / S-00783

Council District: 3

Community Plan: Mid-City

Description: This project provides for reconstructing the 50-year-old fire station at 4206 Chamoune Avenue in the Mid-City area. The station will accommodate up to ten personnel, two fire apparatus and one paramedic unit. This is one of 12 projects included in the Fire and Life Safety Services Facility Improvement Program approved by the Mayor and City Council on February 27, 2001 per Council Resolution R-294609 and amended by the Mayor and City Council on April 16, 2002 per Council Ordinance O-19054.

Justification: This is the sixth busiest engine company in the United States. The present station is in a state of deterioration. Restoration of Fire Station 17 will allow for assignment of one additional fire crew to divide emergency response between two units. Operation of additional unit will require 12.97 positions.

Operating Budget Effect: The square footage increase of this fire station will result in increased maintenance costs.

Relationship to General and Community Plans: This project is consistent with the Mid-City Communities Plan and is in conformance with the City's General Plan.

Scheduling: The project is currently on hold and the schedule will be revised once funding is identified.

Summary of Project Changes: The revenue source for this project is unidentified, contingent upon future bond financing. The project cost and schedule will be revised when funding is identified. No significant changes have been made to this project for Fiscal Year 2010.

Fire-Rescue**Fire****Fire Station 22 - Point Loma Reconstruction 33-102.0 / S-00787****Council District:** 2**Community Plan:** Peninsula

Description: This project provides for the expansion of Fire Station 22, located at 1055 Catalina Boulevard in Point Loma. This is one of 12 projects included in the Fire and Life Safety Services Facility Improvement Program approved by the Mayor and City Council on February 27, 2001 per Council Resolution R-294609 and amended by the Mayor and City Council on April 16, 2002 per Council Ordinance O-19054.

Justification: The existing fire station was built in the early 1940s and is now too small to accommodate new fire engines. Many of the major components have exceeded their expected service life. The needs of modern technology and a diversified workforce also require changes in fire facility configuration.

Operating Budget Effect: The square footage increase of this fire station will result in increased maintenance costs estimated at \$5,000.

Relationship to General and Community Plans: This project is consistent with the Peninsula Community Plan and is in conformance with the City's General Plan.

Scheduling: The project design is scheduled to be completed in Fiscal Year 2010. \$200,000 in Development Impact Funds was added in Fiscal Year 2010 for construction.

Fire-Rescue

Fire

Fire Station 45 - Mission Valley 33-090.0 / S-00688

Council District: 6

Community Plan: Mission Valley

Description: This project provides for a new station in Mission Valley (formerly named Fire Station 2). The station will accommodate up to 17 personnel, two engines, one aerial truck, two hazardous material apparatus, one paramedic ambulance, and one Battalion Chief vehicle. In addition, this project provides for a mini-park adjacent to Fire Station 45. This is one of 12 projects included in the Fire and Life Safety Services Facility Improvement Program approved by the Mayor and City Council on February 27, 2001 per Council Resolution R-294609 and amended by the Mayor and City Council on April 16, 2002 per Council Ordinance O-19054.

Justification: A fire station is needed to serve the Mission Valley community. This project is consistent with City Council policy to meet response time guidelines.

Operating Budget Effect: Staffing and maintenance costs for the temporary facility are reflected in the Fire-Rescue Department's Fiscal Year 2009 Final Budget. Additional staffing and maintenance will be needed for the permanent facility and adjacent mini-park.

Relationship to General and Community Plans: This project is in conformance with the City's General Plan; however, the Mission Valley Community Plan does not currently provide for this project. An amendment to the Community Plan may be required prior to implementation of this project.

Scheduling: Design is scheduled to completed in Fiscal Year 2010. Construction is scheduled to begin in Fiscal Year 2010 and completed when the remainder of funding is identified.. A temporary facility for one engine company is located in the QUALCOMM Stadium parking lot. The construction schedule for the permanent facility will be revised when additional funding is identified.

Summary of Project Changes: This project received \$3 million in Development Impact Fees (DIF) made eligible via the Mission Valley Financing Plan. The revenue source for the remainder of construction of the permanent facility is unidentified, contingent upon future bond financing.

Fire-Rescue**Fire****Fire Station 47 - Pacific Highlands Ranch 33-105.0 / S-00689****Council District:** 1**Community Plan:** Pacific Highlands Ranch, Del Mar
Mesa, Black Mountain Ranch

Description: This project provides for a 10,500 square foot fire station to serve the Pacific Highlands Ranch community. This station will have an engine and an aerial ladder truck. The project budget and funding reflect the Pacific Highlands Ranch Public Facilities Financing Plan for Fiscal Year 2006 as approved by the Mayor and City Council on December 7, 2004, per Resolution R-299980.

Justification: This is the second of three fire stations required to provide fire protection to the North City Planned Urbanizing Area.

Operating Budget Effect: The operation of Fire Station 47 will require an additional 12.97 positions to staff the station.

Relationship to General and Community Plans: This project is consistent with the applicable community plans and is in conformance with the City's General Plan.

Scheduling: Construction of Fire Station 47 is complete.

Summary of Project Changes: The total estimated project cost decreased by \$1.66 million due to a minimal use of contingency funds.

Fire

Fire Station 5 - Hillcrest 33-104.0 / S-00788

Council District: 3

Community Plan: Uptown

Description: This project provides for an approximate 10,500 square foot fire station located at 3902 9th Avenue. The existing fire station will be demolished and replaced by a new, modern fire station. This station will house a crew of eight and one Battalion Chief. It will accommodate one engine, one aerial truck, and one Battalion Chief vehicle. This is one of 12 projects included in the Fire and Life Safety Services Facility Improvement Program approved by the Mayor and City Council on February 27, 2001 per Council Resolution R-294609 and amended by the Mayor and City Council on April 16, 2002 per Council Ordinance O-19054.

Justification: The current station is 48 years old. The water and sewer service to the existing station is deteriorating and requires immediate repairs. The station is too small to accommodate a new style fire engine and the larger type of aerial ladder truck.

Operating Budget Effect: The square footage increase of this fire station will result in increased maintenance costs estimated at \$5,000.

Relationship to General and Community Plans: This project is consistent with the Uptown Community Plan and is in conformance with the City's General Plan.

Scheduling: The project is currently on hold and the schedule will be revised when funding is identified.

Summary of Project Changes: The revenue source for this project is unidentified, contingent upon future bond financing. The project cost and schedule will be revised when funding is identified.

Fire-Rescue**Fire****Fire Station Major Component Replacement and Rehabilitation 33-098.0 / A-BC.00001****Council District:** Citywide**Community Plan:** Citywide

Description: This project provides for the replacement and/or rehabilitation of major structural and construction components in older fire facilities throughout the City. Included are electrical service upgrades, heating, ventilating and air-conditioning (HVAC), roofs, dormitory remodels, kitchen remodels, driveway and parking paving, exterior finishes, and miscellaneous renovations. This is one of 12 projects included in the Fire and Life Safety Services Facility Improvement Program approved by the Mayor and City Council on February 27, 2001 per Council Resolution R-294609 and amended by the Mayor and City Council on April 16, 2002 per Council Ordinance O-19054.

Justification: The San Diego Fire-Rescue Department currently maintains 50 fire facilities. Over half of these facilities have been in service for more than 25 years. Many of the major components have exceeded their expected service life and must be replaced. The needs of modern technology and a diversified workforce also require changes in fire facility configuration with HVAC systems design and energy capacity.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Construction began in Fiscal Year 2007 and will continue when funding is identified.

Summary of Project Changes: The revenue source for this project is unidentified and contingent upon future bond financing. The project cost and schedule will be revised when funding is identified.

Otay Mesa and Otay Mesa/Nestor Fire Station 33-086.0 / S-00784

Council District: 8

Community Plan: Otay Mesa, Otay Mesa/Nestor

Description: This project provides for an approximate 11,000 square foot fire station to serve the Otay Mesa and Otay Mesa/Nestor Communities. The fire station or facility will be located near the intersection of Palm Avenue and Del Sol Boulevard and will serve the community in addition to Fire Station 6 located at 693 Twining Avenue. The fire station or facility will accommodate two fire apparatus and a paramedic ambulance.

Justification: A second fire station is needed to serve the Otay Mesa Community and is consistent with City Council policy to provide five minute response times to all residential areas. Funding is included in the Otay Mesa Public Facilities Financing Plan.

Operating Budget Effect: The operation of the Otay Mesa/Nestor Communities Fire Station will require an additional 12.97 positions for staff. Annualized costs were recieved for Fiscal Year 2009.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa and Otay Mesa/Nestor Community Plans and is in conformance with the City's General Plan.

Scheduling: Land acquisition is in progress. Design, construction and acquisition of furnishings and apparatus are scheduled to be begin in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Fire

Skyline North Fire Stations 33-089.0 / S-00687

Council District: 4

Community Plan: Skyline/Paradise Hills

Description: This project provides for an additional station to be located at 7180 Skyline Drive to better serve the growing community of Skyline/Paradise Hills. This is one of 12 projects included in the Fire and Life Safety Services Facility Improvement Program approved by the City Council on February 27, 2001 per Council Resolution R-294609 and amended by the City Council on April 16, 2002 per Council Ordinance O-19054.

Justification: An additional fire station is needed in this area to meet response time guidelines in this growing community.

Operating Budget Effect: The operation of the Skyline North Fire Station will require an additional 12.97 positions to staff.

Relationship to General and Community Plans: This project is consistent with the Skyline/Paradise Hills Community Plan and is in conformance with the City's General Plan.

Scheduling: Land acquisition is complete. The project is currently on hold and the schedule will be revised when funding is identified.

Summary of Project Changes: The revenue source for completion of this project is unidentified contingent upon future bond financing. The project cost and schedule will be revised when funding is identified.

Children's Pool - Lifeguard Station and Restroom Improvements 29-494.0 / S-00644

Council District: 1

Community Plan: La Jolla

Description: This project provides for a new lifeguard station and family restroom at the Children's Pool in La Jolla. This is one of ten lifeguard projects included in the Fire and Life Safety Services Facility Improvement Program approved by the City Council on April 16, 2002, per Council Resolution R-296359 and Ordinance O-19054.

Justification: The existing structure has been condemned along with the comfort station and does not meet the current or future needs of Lifeguard Services.

Operating Budget Effect: Personnel expenses are expected to increase by approximately \$162,000. Maintenance costs for the new facility are expected to increase by approximately \$5,000.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Scheduling: Design is currently in progress. Construction is scheduled to begin in Fiscal Year 2010 and the project schedule will be revised due to an increase of funding.

Summary of Project Changes: This project received \$700,000 in Development Impact Fees from the La Jolla Financing Plan. The project cost and schedule will be revised in this fiscal year.

La Jolla Cove Lifeguard Station 33-505.0 / S-00792

Council District: 1

Community Plan: La Jolla

Description: This project provides for the La Jolla Cove Lifeguard Station, located at 100 Coast Boulevard, which will be a year-round facility replacing the current station. The structure will include an observation tower, first aid room, and locker room/restroom areas for males and females. This project will also provide for an accessible ramp for the motlanding from the City right-of-way. This is one of ten lifeguard projects included in the Fire and Life Safety Services Facility Improvement Program approved by the City Council on April 16, 2002, per Council Resolution R-296359 and Ordinance O-19054.

Justification: The existing facility consists of a station constructed in the 1950s and an observation tower added in 1980. It is inadequate to accommodate staff or provide adequate water safety protection.

Operating Budget Effect: Personnel expenses are not expected to increase; however, non-personnel expenses for utilities and on-going maintenance are estimated to increase by approximately \$5,000.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Scheduling: Design is currently in progress. Construction is scheduled to begin in Fiscal Year 2010 and the project schedule will be revised due to an increase of funding.

Summary of Project Changes: The revenue source for this project is unidentified contingent upon future bond financing. The project cost and schedule will be revised in Fiscal Year 2010 due to an increase of \$200,000 in funding from Development Impact Fees.

Fire-Rescue**Lifeguard Services****La Jolla Shores Lifeguard Station 33-503.0 / S-00790****Council District:** 1**Community Plan:** La Jolla

Description: This project provides for the La Jolla Shores Lifeguard Station located at 8100 Camino del Oro, which will be a year-round facility replacing the current station. The structure will include an observation tower, first aid room, reception area, kitchen, locker room/restroom areas for males and females, and a separate facility for rescue vehicles and emergency equipment. This is one of ten lifeguard projects included in the Fire and Life Safety Services Facility Improvement Program approved by the Mayor and City Council on April 16, 2002, per Council Resolution R-296359 and Ordinance O-19054.

Justification: The existing facility was built in 1981 and is inadequate to accommodate current and future staff and to allow for adequate water safety protection to the public.

Operating Budget Effect: Personnel expenses are not expected to increase; however, non-personnel expenses for utilities and on-going maintenance are estimated to increase by approximately \$6,000.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Scheduling: Community approval, project design and permitting are complete. Construction will be scheduled when funds are identified. Delays in project funding will require the City to reapply for permits causing further project delays.

Summary of Project Changes: The revenue source for the completion of this project is unidentified contingent upon future bond financing. The project cost and schedule will be revised when funding is identified.

Lifeguard Services

Lifeguard Headquarters 33-508.0 / S-00794

Council District: 2

Community Plan: Mission Bay Park

Description: This project provides for construction of the Lifeguard Headquarters located at 2581 Quivira Court. The replacement facility will house lifeguards, mechanics, 24-hour, administrative, and training staff, and will provide an operation yard and storage for the rescue fleet. Construction of this lifeguard facility will occur in two phases. This is one of ten lifeguard projects included in the Fire and Life Safety Services Facility Improvement Program approved by the City Council on April 16, 2002, per Council Resolution R-296359 and Ordinance O-19054.

Justification: The existing facility was constructed in 1956 and is inadequate to accommodate staff and equipment. Many of the major components have exceeded their expected service life. The needs of modern technology and a diversified workforce also require changes in fire facility configuration.

Operating Budget Effect: Personnel expenses are not expected to increase; however, non-personnel expenses for utilities and on-going maintenance are estimated to increase by approximately \$8,000.

Relationship to General and Community Plans: This project is consistent with the Mission Bay Park Plan and is in conformance with the City's General Plan.

Scheduling: Design and construction of the Lifeguard Headquarters facility has been deferred due to lack of funds.

Summary of Project Changes: The revenue source for the completion of this project is unidentified contingent upon future bond financing. The Lifeguard Headquarters cost and schedule will be revised when funding is identified.

Mission Beach Lifeguard Station 33-507.0 / S-00793

Council District: 2

Community Plan: Mission Bay Park

Description: This project provides for remodeling the existing Mission Beach Station located at 3141 Oceanfront Walk. This is one of ten lifeguard projects included in the Fire and Life Safety Services Facility Improvement Program approved by the Mayor and City Council on April 16, 2002 per Council Resolution R-296359 and Ordinance O-19054.

Justification: The existing facility consists of a station constructed in 1974 and does not accommodate changing workforce demographics.

Operating Budget Effect: Personnel expenses are not expected to increase; however, non-personnel expenses for utilities or on-going maintenance are estimated to increase by approximately \$5,000.

Relationship to General and Community Plans: This project is consistent with the Mission Bay Park Master Plan and is in conformance with the City's General Plan.

Scheduling: Design is in progress and the schedule will be revised when funding is identified.

Summary of Project Changes: The revenue source for completion of this project is unidentified contingent upon future bond financing. The project cost and schedule will be revised when funding is identified.

Pacific Beach Lifeguard Tower and Grand Avenue Restroom 29-473.0 / S-00641

Council District: 2

Community Plan: Pacific Beach

Description: This project provides for the design of a permanent lifeguard tower, restroom and changing room facility, demolishing the existing 1968 combination structure, and constructing replacement facilities, separately, on the Pacific Beach oceanfront at the foot of Grand Avenue. This project has been consolidated with CIP 33-501.0, South Pacific Beach Lifeguard Station. This is one of ten lifeguard projects included in the Fire and Life Safety Services Facility Improvement Project approved by the Mayor and City Council on April 16, 2002 per Council Resolution R-296359 and Ordinance O-19054.

Justification: This combination facility was constructed at the foot of Grand Avenue in Pacific Beach in 1968 and is deteriorated, undersized, and non-compliance with the Americans with Disabilities Act. The garage is not large enough to fit modern lifeguard vehicles.

Operating Budget Effect: Personnel expenses are not expected to increase; however, non-personnel expenses for utilities or on-going maintenance are estimated to increase by approximately \$5,000.

Relationship to General and Community Plans: This project is consistent with the Pacific Beach Community Plan and is in conformance with the City's General Plan.

Scheduling: Construction was completed in Fiscal Year 2008.

Summary of Project Changes: Project construction is complete, however minor facility repairs are needed prior to project closing.

South Mission Beach Lifeguard Station 33-504.0 / S-00791

Community Plan: Mission Beach

Council District: 2

Description: This project provides for the South Mission Beach Station located at 700 North Jetty Road, which will be a year-round facility replacing the current station. The structure will include an observation tower, first aid room, reception area, kitchen, locker room and restroom areas for males and females, and a rescue vehicle and emergency equipment facility. This is one of ten lifeguard projects included in the Fire and Life Safety Services Facility Improvement Program approved by the Mayor and City Council on April 16, 2002 per Council Resolution R-296359 and Ordinance O-19054.

Justification: The existing facility was constructed in 1974 and was intended to be a temporary lifeguard station. It is inadequate to accommodate staff or to provide adequate water safety protection.

Operating Budget Effect: Personnel expenses are not expected to increase; however, non-personnel expenses for utilities and on-going maintenance are estimated to increase by approximately \$5,000.

Relationship to General and Community Plans: This project is consistent with the Mission Beach Community Plan and is in conformance with the City's General Plan.

Scheduling: The project schedule will be revised when funding is identified for construction.

Summary of Project Changes: The revenue source for this project is unidentified contingent upon future bond financing. The project cost and schedule will be revised when funding is identified.

Unfunded Needs List

Fire-Rescue

CIP Number	Project Title	Fire	
		Funding Required in Future Years	
33-066.0	Annual Allocation - Opticom Emergency Vehicle Preemption System	\$	250,000
	This project would provide for retrofitting signalized intersections with Opticom Emergency Vehicle Preemption System equipment. The total estimated project cost of \$250,000 is entirely unfunded.		
33-080.0	Fire Station 17 - Mid-City	\$	7,936,376
	This project provides for reconstructing the 50-year-old fire station at 4206 Chamoune Avenue in the Mid-City area. The total estimated project cost of \$8.7 million includes an unfunded amount of nearly \$7.9 million.		
33-102.0	Fire Station 22 - Point Loma Reconstruction	\$	5,029,839
	This project provides for the expansion of the fire station located at 1055 Catalina Boulevard in Point Loma. The total estimated project cost of \$5.8 million includes an unfunded amount of \$5.0 million.		
33-116.0	Fire Station 28 - Kearny Mesa Relocation and New Construction	\$	6,200,000
	This project would provide for the relocation and new construction of a fire station replacing the existing station located at 3880 Kearny Villa Road in Kearny Mesa. This fire station was built in 1958 and is too small and outdated to accommodate the growing needs of the community. The total estimated project cost of \$6.2 million is entirely unfunded.		
33-059.0	Fire Station 39 - Tierrasanta Relocation and New Construction	\$	5,701,022
	This project would provide for the relocation and new construction of a fire station replacing the existing station located at 4949 La Cuenta Drive in Tierrasanta. The fire station is too small and outdated to accommodate the growing needs of the community. The total estimated project cost of \$5.7 million is entirely unfunded.		
33-090.0	Fire Station 45 - Mission Valley	\$	8,037,708
	This project provides for a new station in central Mission Valley and provides for a mini-park adjacent to the fire station. The total estimated project cost of \$12.0 million includes an unfunded amount of \$8.0 million.		
33-104.0	Fire Station 5 - Hillcrest	\$	8,178,077
	This project provides for the construction of a new 10,200 square foot fire station replacing the existing station located at 3902 9th Avenue in Hillcrest. The total estimated project cost of \$9.1 million includes an unfunded amount of \$8.9 million.		
33-098.0	Fire Station Major Component Replacement and Rehabilitation	\$	1,730,464
	This project provides for the replacement and/or rehabilitation of major structural and construction components in older fire facilities throughout the City. The total estimated project cost of \$1.9 million includes an unfunded amount of \$1.7 million.		
33-121.0	Fire-Rescue Air Operations Base	\$	15,000,000
	This project would provide for a 30,000 square foot air operations base configured on 3 to 5 acres of land. The facility would include a helicopter hanger, crew quarters, and administrative space. The total estimated project cost of \$15.0 million is entirely unfunded.		
33-124.0	Fire-Rescue Headquarters	\$	45,000,000
	This project would provide for a 100,000 square foot modern Fire-Rescue administrative office complex. The total estimated project cost of \$45.0 million is entirely unfunded.		

Unfunded Needs List

Fire		Fire-Rescue
		Funding
CIP		Required in
Number	Project Title	Future Years
33-120.0	Fire-Rescue Logistics Facility	\$ 40,000,000
	This project would provide for a 100,000 square foot warehouse, storeroom, and administrative facility. The total estimated project cost of \$40.0 million is entirely unfunded.	
33-091.0	Paradise Hills/South Bay Terrace Fire Station	\$ 10,211,065
	This project provides for a new station in the Paradise Hills area to serve the Paradise Hills/South Bay Terrace area of San Diego. The total estimated project cost of \$10.3 million includes an unfunded amount of \$10.2 million.	
33-123.0	Regional Public Safety Communications Facility/System	\$ 140,000,000
	This project would provide for a regional public safety communication and disaster emergency management facility and technological equipment upgrade to meet current and anticipated needs. Significant portions of this have been identified in the Office of the CIO Wireless Communications Plan. The total estimated project cost of \$140.0 million is entirely unfunded.	
33-122.0	Regional Public Safety Training Facility	\$ 240,000,000
	This project would provide for a 70,000 square foot modern Fire-Rescue, law enforcement and medical training facility including classrooms, props, water reclamation, fire simulation, drill areas, and administration and storage. The facility would be located on approximately 15 acres and fill all public safety training needs. The total estimated project cost of \$240.0 million is entirely unfunded.	
33-089.0	Skyline North Fire Stations	\$ 8,257,149
	This project provides for a new station, in addition to the existing Fire Station 32 located at 484 Briarwood Road, to better serve the growing community of Skyline/Paradise Hills. The total estimated project cost of \$9.1 million includes an unfunded amount of \$8.3 million.	
33-101.0	Western Mission Valley Fire Station	\$ 3,040,000
	This project would provide for a new fire station to serve the Western Mission Valley community to meet response time guidelines consistent with City Council policy. The total estimated project cost of \$10.6 million includes an unfunded amount of \$3.0 million.

General Services

General Services**Facilities****Annual Allocation - City Facilities Improvements 37-068.0 / A-BT.00001****Council District:** Citywide**Community Plan:** Citywide

Description: This annual allocation provides for capital improvements at all City facilities. Potential improvements include roof; heating, ventilation, air-conditioning, and elevator replacements.

Justification: Several City-owned facilities are aged and in need of repair. High-priority repairs will be completed with this project. Funding for this annual allocation will ensure the facilities remain safe.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Projects will be scheduled on a priority basis. In addition to the funds reflected below, Council approved \$37.1 million of Capital Outlay and financing appropriations in Fiscal Years 2008 and 2009.

Summary of Project Changes: Fiscal Year 2010 funding is contingent upon the sale of City-owned property. This project has been updated to reflect the funding identified in the Five-Year Financial Outlook.

Fitting Facility Expansion 37-075.0 / S-10042

Council District: 4

Community Plan: College Area

Description: This project allows for the expansion of the existing vehicle fitting facility located at the Chollas Operations yard. The expansion will increase the facility from one service bay to six service bays and will include office space. The project will also provide equipment necessary for operations.

Justification: The fitting facility is responsible for outfitting new vehicles and placing them into service as well as preparing retired vehicles for auction. With the consolidation of the fleet to include Police and Fire vehicles, the workload has significantly increased. Additionally, as part of the fleet consolidation, the repair facility located at 20th & B was closed. The vehicles serviced at that location as well as the personnel were transferred to the repair facility at the Chollas Operations yard. In Fiscal Year 2010 it is anticipated that four Equipment Mechanics and one Welder will be assigned to the fitting section. The existing building does not have sufficient space to accommodate the personnel.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is in consistent with the College Area Community Plan and is in conformance with the City's General Plan.

Scheduling: It is anticipated that the bid process and award of the contract will be completed in FY 2010. The construction will begin in 2010 and will be completed in FY 2011.

Summary of Project Changes: This is a new project in Fiscal Year 2010.

Unfunded Needs List

Fire		General Services	
		Funding	
CIP		Required in	
Number	Project Title	Future Years	
33-119.0	Fire-Rescue Vehicle Maintenance Facility	\$	30,000,000
This project would provide for a 50,000 square foot facility properly sized, equipped and configured to efficiently maintain and repair Fire-Rescue's heavy fleet of apparatus. This facility would also include enough vehicle storage to maintain a ready fleet of replacement or pool vehicles and all associated staff and support functions. The total estimated project cost of \$30.0 million is entirely unfunded.			
33-069.0	Kearny Mesa Maintenance and Material Complex	\$	612,532
This project would provide for the repair and upgrade of the Fire-Rescue Department's Apparatus Repair Facility at 3870 Kearny Villa Road. This is one of 12 projects included in the Fire and Life Safety Services Facility Improvement Program. The total estimated project cost of \$612,532 is entirely unfunded.			
Fire Subtotal		\$	30,612,532
Fleet Services		General Services	
		Funding	
CIP		Required in	
Number	Project Title	Future Years	
37-077.0	Pavement Resurfacing Chollas and Fire Vehicle Maintenance Facilities	\$	503,000
This project would provide for estimated 184,000 square feet of asphalt resurfacing in the Chollas Operations Yard with an estimated cost of \$273,000. In addition, the project will provide for repair of portions of the concrete paving at the Heavy Fire apparatus repair facility in Kearny Mesa with an estimated cost of \$230,000. The total estimated project cost of \$503,000 is entirely unfunded.			
37-076.0	Renovation of Automated Vehicle Wash Facilities	\$	500,000
This project would provide for the repair/renovation of the automated vehicle washes located at multiple vehicle maintenance facilities. While the existing car washes have received routine maintenance, they have aged to a point where extensive repair and/or renovation are necessary to keep them operational. The total estimated project cost of \$500,000 is entirely unfunded.			
Fleet Services Subtotal		\$	1,003,000

		Funding	
CIP		Required in	
Number	Project Title	Future Years	
63-002.0	Traffic Signals - Replace Obsolete Controllers	\$	2,175,000
This annual allocation provides for replacing obsolete and/or out-of-production traffic signal controller units. The annual funding needs of \$225,000 in Fiscal Years 2011 through 2013 and \$300,000 in Fiscal Year 2014 and beyond are unfunded.			
Traffic Control Subtotal		\$	2,175,000
General Services Total		\$	33,790,532

Library

Description: This project provides for a new 15,000 square-foot branch library on the current site to replace the existing facility at 4255 Mount Abernathy. This project is part of the 21st Century Library System/Library Department Facility Improvements Program.

Justification: The existing undersized facility provides inadequate library services to the community. There are no meeting room facilities, no computer lab, nor adequate seating and collection space.

Operating Budget Effect: The personnel increase reflects the staffing necessary to meet the standard set in the Branch Facilities Report approved by City Council. The non-personnel increase is required to fund ongoing maintenance and contractual services for the additional square footage.

Relationship to General and Community Plans: This project is consistent with the Clairemont Mesa Community Plan and is in conformance with the City's General Plan.

Scheduling: Schematic design began in Fiscal Year 2003 and will continue through Fiscal Year 2010. Construction is estimated to begin in Fiscal Year 2010 and be completed when funding is identified. The estimated cost and schedule for this project were developed in Fiscal Year 2003 and will be revised this fiscal year.

Summary of Project Changes: This project received \$450,000 in Development Impact Fees (DIF) made eligible via the Clairemont Mesa Financing Plan.

Library

Library

Kensington-Normal Heights Library 35-065.0 / S-00795

Council District: 3

Community Plan: Mid-City

Description: This project provides for a 2,000 square-foot expansion of the existing building at 4121 Adams Avenue.

Justification: The Kensington/Normal Heights Branch Library is the smallest branch in the Library System. The community has expressed a desire for the library to remain at the same location.

Operating Budget Effect: The personnel increase reflects the staffing necessary to meet the standard set in the Branch Facilities Report approved by City Council. The non-personnel increase is required to fund ongoing maintenance and contractual services for the additional square footage.

Relationship to General and Community Plans: This project is consistent with the Mid-City Community Plan and is in conformance with the City's General Plan.

Scheduling: Preliminary design and site studies were performed in Fiscal Years 2002 through 2005. The estimated cost and schedule for this project were developed in Fiscal Year 2003 and will be revised when funding is identified.

Summary of Project Changes: No Significant change has been made to this project for Fiscal Year 2010.

Library

Library

Logan Heights Branch Library 35-101.0 / S-00807

Council District: 8

Community Plan: Southeastern San Diego

Description: This project provides for a new 25,000 square-foot library at 28th Street and Ocean View Boulevard to serve the Logan Heights Community between the elementary school and the Memorial Charter Middle School. This project was awarded a grant under the State Library Bond Act.

Justification: The Logan Heights Branch Library, located at 811 South 28th Street in the heart of Logan Heights, was built in 1927 and serves a community of 28,883. The 3,967 square foot building has no meeting rooms or a computer lab for its residents and work spaces for staff are very constrained. Updating the existing telecommunications infrastructure is not feasible in the existing facility due to its age and inadequate size. In addition, there is no on-site parking.

Operating Budget Effect: The personnel increase reflects the staffing necessary to meet the standard set in the Branch Facilities Report approved by City Council. The non-personnel increase is required to fund ongoing maintenance and contractual services for the additional square footage.

Relationship to General and Community Plans: This project is consistent with the Southeastern San Diego Community Plan and is in conformance with the City's General Plan.

Scheduling: Construction is scheduled to be completed in Fiscal Year 2010.

Summary of Project Changes: The total estimated project has increased by \$889,694, \$500,000 from the TOT Interim Funding for Library System Fund 102216 and \$389,694 from First Five Grant Fund No. 038030 per City Council Resolution that is pending for construction, to purchase books and fixtures, furnishings, and equipment for the project.

Library

Mission Hills Branch Library 35-096.0 / S-00804

Council District: 3

Community Plan: Uptown

Description: This project provides for a 15,000 square-foot library at a site adjacent to the Florence Elementary School, on a block bounded by Front Street, Washington Street, Albatross Street and University Avenue. This project will serve the Mission Hills and Hillcrest neighborhoods and is part of the 21st Century Library System/Library Department Facility Improvements Program.

Justification: The current facility is too small to provide adequate library services to the community. There are no meeting room facilities, no computer lab, nor adequate seating space.

Operating Budget Effect: The personnel increase reflects the staffing necessary to meet the standard set in the Branch Facilities Report approved by City Council. The non-personnel increase is required to fund ongoing maintenance and contractual services for the additional square footage.

Relationship to General and Community Plans: This project is consistent with the Uptown Community Plan and is in conformance with the City's General Plan.

Scheduling: Preliminary studies and design concepts began in Fiscal Year 2001. Land acquisition was completed in Fiscal Year 2004 and design work began in Fiscal Year 2006. The schedule for this project was developed in Fiscal Year 2003 and will be revised when funding is identified.

Summary of Project Changes: The project cost estimate was updated in Fiscal Year 2009 to \$19,046,000.

Library**Library****North Park Branch Library 35-104.0 / S-00809****Council District:** 3**Community Plan:** Greater North Park

Description: This project provides for a new 25,000 square-foot library at an unspecified site to replace the existing facility at 3795 31st Street. This project is part of the 21st Century Library System/Library Department Facility Improvements Program.

Justification: The existing facility is too small to provide adequate library services to the community. There are no meeting room facilities, no computer lab, nor adequate seating and collection space.

Operating Budget Effect: The personnel increase reflects the staffing necessary to meet the standard set in the Branch Facilities Report approved by City Council. The non-personnel increase is required to fund ongoing maintenance and contractual services for the additional square footage.

Relationship to General and Community Plans: This project is consistent with the Greater North Park Community Plan and is in conformance with the City's General Plan.

Scheduling: Preliminary studies and meetings with the community were completed in Fiscal Year 2004. A Request for Proposal process was completed in Fiscal Year 2005, but did not result in a redevelopment agreement. The estimated cost and schedule for this project were developed in Fiscal Year 2003 and will be revised when funding is identified.

Summary of Project Changes: Expenses previously planned for Fiscal Year 2010 have been rescheduled, pending identification of funding.

Otay East Branch Library 35-086.0 / S-10025

Council District: 8

Community Plan: Otay Mesa

Description: This project provides for a 15,000-square-foot branch library on an unspecified three-acre site to serve the Otay Mesa/East Community.

Justification: This project will provide branch library service to the Otay Mesa/East Community for future development and population.

Operating Budget Effect: The Personnel Operating Budget Effect is based on the increase in staffing necessary to bring the staffing level up to the standard set in the Branch Facilities Report approved by Council. The Non-Personnel Operating Budget Effect is based on an average amount per increased square footage necessary to fund ongoing maintenance and contractual services required to operate the facility.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Community Plan and is in conformance with the City's General Plan.

Scheduling: Community and project planning is schedule for Fiscal Year 2010. Land acquisition is scheduled for Fiscal Year 2011. Design is scheduled for Fiscal Years 2012-2013. Construction will follow in Fiscal Years 2013-2015. This schedule is contingent upon the rate of development and receipt of Facilities Benefit Assessment Fees.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

San Carlos Branch Library Expansion 35-088.0 / S-00800

Council District: 7

Community Plan: Navajo

Description: This project provides for the acquisition of a lot adjoining the existing branch library located at 7265 Jackson Drive and building a new 25,000 square-foot library. This project is part of the 21st Century Library System/Library Department Facility Improvements Program.

Justification: The existing library is too small to provide adequate library services. It does not have a computer lab and the meeting room, public seating and collection space is too small.

Operating Budget Effect: The personnel increase reflects the staffing necessary to meet the standard set in the Branch Facilities Report approved by City Council. The non-personnel increase is required to fund ongoing maintenance and contractual services for the additional square footage.

Relationship to General and Community Plans: This project is consistent with the Navajo Community Plan and is in conformance with the City's General Plan.

Scheduling: Preliminary design began in Fiscal Year 2004 and design was completed in Fiscal Year 2008. The cost estimate and schedule for this project were developed in Fiscal Year 2003 and will be revised when funding is identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Library

Library

San Diego Main Library 35-082.0 / S-00799

Council District: 2

Community Plan: Centre City

Description: This project provides for the design and construction of a new main library of approximately 500,000 square-feet, with approximately 250 underground parking spaces dedicated to library patrons. It will be large enough to accommodate library needs for 20 years and contain expansion space to accommodate growth for another 30 years. The expansion space will be leased as office space until required for library purposes. The lobby will open into a courtyard, which will contain an outdoor cafe, and there will be a 350-seat auditorium adjacent to the lobby. The top floor will house special collections and provide public amenities including an airy reading room, a 400-seat multi-purpose room, an art gallery, a small public meeting room, and a series of open terraces.

Justification: The existing library is too small to provide adequate library and informational services to the region, and cannot support the technological and programmatic needs of the future.

Operating Budget Effect: The operating budget effect has been estimated, but will be refined as the design is further developed. This need will be partially addressed by project-related revenue, which is incorporated in the costs of the project in the amount of \$1.8 million in Fiscal Year 2014, the first full year of operation. In Fiscal Year 2014 an additional \$5.7 million in operating and maintenance expense is estimated for the over 200,000 square foot size increase from the current Central Library. This includes \$1.1 million for 16.94 additional full-time equivalent positions and \$4.6 million in non-personnel expense.

Relationship to General and Community Plans: This project is consistent with the Centre City Community Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2001. Construction is scheduled to begin pending receipt of private funding.

Summary of Project Changes: The project schedule extended to allow more time for private fundraising to fund construction.

Library**Library****San Ysidro Branch Library 35-093.0 / S-00802****Council District:** 8**Community Plan:** San Ysidro

Description: This project provides for a 15,000 square-foot facility to serve the San Ysidro Community. Discussions are currently underway with the Redevelopment Agency of the City of San Diego to build the new library as part of a redevelopment project currently planned along San Ysidro Boulevard.

Justification: The existing library, built in 1924 and remodeled in 1983, is only 4,089 square feet. It contains no meeting rooms or computer lab, no on-site parking, and no separation of the children's area and quiet study areas.

Operating Budget Effect: The personnel increase reflects the staffing necessary to meet the standard set in the Branch Facilities Report approved by City Council. The non-personnel increase is required to fund ongoing maintenance and contractual services for the additional square footage.

Relationship to General and Community Plans: This project is consistent with the San Ysidro Community Plan and is in conformance with the City's General Plan.

Scheduling: The preliminary study, including siting a new library, is scheduled to be completed in Fiscal Year 2011. The estimated cost and schedule for this project were developed in Fiscal Year 2003 and will be revised when funding is identified.

Summary of Project Changes: Expenses previously planned for Fiscal Year 2010 have been rescheduled to Fiscal Year 2011, pending identification of funding.

Scripps Ranch Branch Library 35-112.0 / S-00811

Council District: 5

Community Plan: Scripps Miramar Ranch

Description: This project provides for an expansion of the Scripps Ranch Branch Library parking lot located at 10301 Scripps Lake Drive. This project is part of the 21st Century Library System/Library Department Facility Improvements Program.

Justification: The current facility is fully occupied and the current parking lot does not have the capacity to serve the needs of the community.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Scripps Miramar Ranch Community Plan and is in conformance with the City's General Plan.

Scheduling: Some preliminary inquiries were made of available properties in Fiscal Year 2004. The estimated cost and schedule for this project were developed in Fiscal Year 2003 and will be revised when funding is identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Community Plan: Skyline/Paradise Hills

Description: This project provides for a 15,000 square-foot library expansion to the existing facility located at 480 South Meadowbrook Drive. This project is part of the 21st Century Library System/Library Department Facility Improvements Program.

Justification: The existing facility is too small to provide adequate library services to the community. There are no meeting room facilities or computer lab, and limited collection space and patron seating.

Operating Budget Effect: The personnel increase reflects the staffing necessary to meet the standard set in the Branch Facilities Report approved by City Council. The non-personnel increase is required to fund ongoing maintenance and contractual services for the additional square footage.

Relationship to General and Community Plans: This project is consistent with the Skyline/Paradise Hills Community Plan and is in conformance with the City's General Plan.

Scheduling: Land acquisition was completed in Fiscal Year 2004. Schematic design is in progress. The schedule for this project was developed in Fiscal Year 2003 and will be revised when funding is identified.

Summary of Project Changes: The project cost estimate was updated in FY2009 to \$16,817,715.

Unfunded Needs List

Library		Library
CIP Number	Project Title	Funding Required in Future Years
35-102.0	Balboa Branch Library (Clairemont Mesa)	\$ 6,955,093
	This project provides for a new 15,000 square-foot branch library on the current site to replace the existing facility at 4255 Mount Abernathy. The total estimated project cost of \$7.3 million includes an unfunded amount of \$7.0 million.	
35-111.0	Carmel Mountain Ranch Branch Library	\$ 2,221,000
	This project would provide for a 2,000 square-foot expansion of the existing branch library located at 12095 World Trade Drive to better serve the Carmel Mountain Ranch community. This project is part of the 21st Century Library System/Library Department Facility Improvements Program. The total estimated project cost of \$2.2 million is entirely unfunded. The cost estimate and schedule for this project were developed in Fiscal Year 2003 and will be revised when funding is identified.	
35-065.0	Kensington-Normal Heights Library	\$ 2,396,530
	This project provides for a 2,000 square-foot expansion of the existing building at 4121 Adams Avenue. The total estimated project cost of \$2.5 million includes an unfunded amount of nearly \$2.4 million.	
35-103.0	Linda Vista Branch Library	\$ 2,275,000
	This project would expand the existing 10,000 square-foot facility located at 2160 Ulric Street by 5,000 square feet, adding a computer lab and additional patron and collection space. The total estimated project cost of \$2.3 million is entirely unfunded. The cost estimate was developed in Fiscal Year 2003 and will be revised when funding is identified.	
35-096.0	Mission Hills Branch Library	\$ 16,054,500
	This project provides for a 15,000 square-foot library at a site adjacent to the Florence Elementary School to better serve the Mission Hills and Hillcrest neighborhoods. The total estimated project cost of \$19 million includes an unfunded amount of \$16.0 million.	
35-104.0	North Park Branch Library	\$ 13,563,291
	This project provides for a new 25,000 square-foot library at an unspecified site to replace the existing facility at 3795 31st Street. The total estimated project cost of \$14.1 million includes an unfunded amount of \$13.6 million.	
35-100.0	Ocean Beach Branch Library	\$ 7,864,860
	This project provides for a 15,000 square-foot library using the current site and adjacent property to serve the Ocean Beach community. The total estimated project cost of \$10.2 million includes an unfunded amount of \$7.9 million.	
35-236.0	Pacific Highlands Ranch Library	\$ 5,213,168
	This project will provide for an 18,000 square-foot branch library on a three-acre site in Pacific Highlands Ranch to serve the Pacific Highlands Ranch, Torrey Highlands, Black Mountain Ranch, and Del Mar Mesa communities. The project is scheduled to begin in Fiscal Year 2013. The total estimated project cost of \$18.0 million includes an unfunded amount of \$5.2 million.	
35-106.0	Paradise Hills Branch Library	\$ 8,866,448
	This project provides for a new 15,000 square-foot library at an unspecified site to replace the existing facility located at 5922 Rancho Hills Drive. The total estimated project cost of \$8.9 million includes an unfunded amount of nearly \$8.9 million.	

Unfunded Needs List

Library		Library
CIP		Funding
Number	Project Title	Required in
		Future Years
35-114.0	Rancho Bernardo Library	\$ 3,467,682
	This project provides for a 2,500 square-foot expansion to the existing branch library at 17110 Bernardo Center Drive. The total estimated project cost of \$3.5 million includes an unfunded amount of nearly \$3.5 million.	
35-088.0	San Carlos Branch Library Expansion	\$ 8,526,582
	This project provides for the acquisition of a lot adjoining the existing branch library located at 7265 Jackson Drive and building a new 25,000 square-foot library. The total estimated project cost of \$9.3 million includes an unfunded amount of \$8.5 million.	
35-082.0	San Diego Main Library	\$ 109,029,197
	This project provides for the design and construction of a new main library of approximately 500,000 square-feet, with approximately 250 underground parking spaces dedicated to library patrons. The estimated total project cost of \$185 million includes an unfunded amount of \$109.0 million.	
35-093.0	San Ysidro Branch Library	\$ 11,870,000
	This project provides for a 15,000 square-foot facility to serve the San Ysidro Community. The total estimated project cost of \$14.7 million includes an unfunded amount of \$12.0 million.	
35-112.0	Scripps Ranch Branch Library	\$ 1,090,400
	This project provides for an expansion of the Scripps Ranch Branch Library parking lot located at 10301 Scripps Lake Drive. The total estimated project cost of \$1.1 million includes an unfunded amount of nearly \$1.1 million.	
35-107.0	Skyline Hills Branch Library	\$ 8,563,463
	This project provides for a 15,000 square-foot library expansion to the existing facility located at 480 South Meadowbrook Drive. The total estimated project cost of \$16.8 million includes an unfunded amount of \$8.5 million.	
35-113.0	South University Community Branch Library	\$ 5,972,000
	This project would provide for a 5,000 square-foot expansion of the existing facility at 4155 Governor Drive. This project is part of the 21st Century Library System/Library Department Facility Improvements Program. The total estimated project cost of \$6.0 million is entirely unfunded. The cost estimate was developed in Fiscal Year 2003 and will be revised when funding is identified.	
35-108.0	Tierrasanta Branch Library	\$ 4,382,000
	This project will provide for a 6,234 square-foot expansion to the existing branch library at 4985 La Cuenta Drive. This project is part of the 21st Century Library System/Library Department Facility Improvements Program. The total estimated project cost of \$4.4 million is entirely unfunded. The cost estimate was developed in Fiscal Year 2003 and will be revised when funding is identified.

Sewer - Metropolitan

Annual Allocation - Clean Water Program Pooled Contingencies 46-502.0 / A.BR.00004

Council District: Citywide

Community Plan: Citywide

Description: This annual allocation provides for Capital Improvements Program (CIP) contingency needs for Metropolitan Sewer projects.

Justification: This project will provide better CIP budget control. Project contingency needs (except annual allocation projects) will be met by this annual allocation.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the applicable community plans and is in conformance with the City's General Plan.

Scheduling: Pooled contingencies are used on an as needed basis.

Summary of Project Changes: The total project cost decreased in the Sewer Expansion funding by \$41,562 due to revised requirements. The total project cost for annual allocations is reflective of the Fiscal Year 2010 budget only. In addition, annual allocations do not show prior year appropriations in the annual budget.

Sewer - Metropolitan

Annual Allocation - Metro Treatment Plants 42-913.0 / A-BO.00001

Council District: 7

Community Plan: No Community Planning Area

Description: This annual allocation provides for minor renovation or replacement of facilities at Metro Treatment Plants (Point Loma Wastewater Plant, North City Water Reclamation Plant and South Bay Water Reclamation Plant) at the Metro Biosolids Center.

Justification: Various facilities require replacement due to increasing wastewater flows and to be compliant with current regulatory requirements. Since the start-up period, several projects will be required within this facility to enhance or maintain operation. This annual allocation will be considered an enhancement to the facility and does not include operation and maintenance.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is located on federal property and there is no community planning area. This project is in conformance with the City's General Plan.

Scheduling: Projects will be scheduled on a priority basis.

Summary of Project Changes: The total project cost increased in the Sewer Expansion funding by \$568,057 due to revised requirements. The total project cost for annual allocations is reflective of the Fiscal Year 2010 budget only. New sublets will be created under this Annual Allocation. In addition, annual allocations do not show prior year appropriations in the annual budget.

Annual Allocation - Metropolitan System Pump Stations 41-926.0 / A-BP.00002

Council District: 2, 8

Community Plan: Midway/Pacific Highway Corridor,
Barrio Logan

Description: This annual allocation provides for comprehensive upgrades, design modifications, and major renovations or replacement of major equipment, such as pumps, valves, tanks, controls, odor control systems, etc. at Metropolitan System Pump Stations (Pump Station 1, Pump Station 2, Otay and Grove).

Justification: These improvements will allow the pump stations to be run more efficiently and increase the reliability of the Metropolitan Wastewater System.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the applicable Community Plans and is in conformance with the City's General Plan.

Scheduling: Projects are scheduled on a priority basis.

Summary of Project Changes: The total project cost decreased in the Sewer Expansion and Replacement funding by \$6,162,541 due to revised requirements. The total project cost for annual allocations is reflective of the Fiscal Year 2010 budget only. One sublet was converted to a stand-alone project from this annual allocation due to projected costs exceeding \$8 million per sublet. In addition, annual allocations do not show prior year appropriations in the annual budget.

Bond Issuance CIP Reserve 45-922.0 / S-00342

Council District: Citywide

Community Plan: No Community Planning Area

Description: This project provides an emergency reserve for Metropolitan Wastewater Department capital improvement projects.

Justification: This reserve is required to comply with the stipulation from Bond Counsel.

Operating Budget Effect: None.

Relationship to General and Community Plans: None.

Scheduling: The reserve will be used on an as-needed basis, in conformance with Bond Counsel requirements.

Summary of Project Changes: No significant change has been made to this reserve for Fiscal Year 2010.

Environmental Monitoring and Technical Services Lab Esplanade and Stream Line 45-965.0 / S-00319

Council District: 2

Community Plan: Peninsula

Description: This project provides for design and construction of an esplanade (park) within an approximately 1.25 acre parcel located between the existing Metropolitan Wastewater Department laboratory and adjacent boat channel as well as under-grounding approximately 600 feet of an above ground stream line situated along the boat channel.

Justification: A new 40,000 square foot ocean monitoring laboratory was recently constructed and is now in operation. As a condition of our use of the site, MWWD is required to fund a portion of the esplanade improvements along our frontage. Also, to gain future unobstructed access to the boat channel, the existing stream line must be undergrounded.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Peninsula Community Plan and is in conformance with the City's General Plan.

Scheduling: Design was completed in Fiscal Year 2009. Construction is scheduled to begin in Fiscal Year 2011 and be completed in FY2012.

Summary of Project Changes: The total estimated project cost increased in the Sewer Expansion funding by \$88,000 due to a decrease of \$115,861 for land, a decrease of \$295,987 for design, and an increase of \$499,848 for construction.

MBC Biosolids Storage Silos 45-984.0 / S-00322

Council District: 7

Community Plan: No Community Planning Area

Description: This project provides for two additional biosolid storage silos (numbers 9 and 10).

Justification: When a silo is out of service, silo storage capacity is frequently exceeded. In order to accommodate such events and to restore adequate silo capacity, it is essential to build two more storage silos.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is located on federal property and there is no community planning area. This project is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2008 and is scheduled to be completed in Fiscal Year 2012. Construction is scheduled to begin in Fiscal Year 2011 and be completed in Fiscal Year 2013.

Summary of Project Changes: The total estimated project cost decreased in the Sewer Expansion funding by \$412,539 due to a decrease of \$1,728,723 for design, and an increase of \$1,316,184 for construction.

MBC Centrate Collection Upgrades 45-982.0 / S-00321

Council District: 7

Community Plan: No Community Planning Area

Description: This project provides for converting the existing foul air ducting into dual-use headers for centrate and foul air collection and will increase the size of the existing centrate collection headers.

Justification: This project replaces the foul air header ducts at the centrifuges to a material that will handle both centrate and foul air. These improvements will provide a bypass pipeline for the centrate flow during additional improvements. The additional improvements will upgrade the undersized centrate collection headers for future larger centrate flows and prevent on-going centrate backups into the foul-air duct headers and damage to the centrifuges.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is located on federal property and there is no community planning area. This project is in conformance with the City's General Plan.

Scheduling: This Design-build project began in Fiscal Year 2009. Construction began in Fiscal Year 2009 and is scheduled to be completed in Fiscal Year 2010.

Summary of Project Changes: No significant changes have been made to this project for Fiscal Year 2010.

Metro Biosolids Center Dewatering Centrifuges Replacement 45-983.0 / S-00339

Council District: 7

Community Plan: No Community Planning Area

Description: This project provides for the replacement of four existing dewatering centrifuges with four larger capacity units to handle larger future biosolids flows.

Justification: This project will increase the production capacity of the dewatering centrifuges to accommodate plant shutdowns for maintenance and construction, to accommodate future flows, and to address diverse types of constraining operational factors that limit current capacity. To achieve the required capacity, the existing dewatering centrifuge units must be replaced with larger units.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is located on federal property and there is no community planning area. This project is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2009 and is scheduled to be completed in Fiscal Year 2014. Construction is scheduled to begin in Fiscal Year 2011 and be completed in Fiscal Year 2014.

Summary of Project Changes: The total estimated project cost increased in the Sewer Expansion and Replacement funding by \$3,938,462 due to an increase for inflation.

Metro Biosolids Center Odor Control Facility Upgrades 45-989.0 / S-00323

Council District: 7

Community Plan: No Community Planning Area

Description: This project provides for upgrading the odor control system fans and ducting to reduce system headlosses and improve overall foul air collection efficiency at the various process areas. Access platforms will also be installed at monitoring instruments and damper locations.

Justification: Several areas at the Metro Biosolids Center (MBC) have been identified to cause significant odor problems due to foul air collection deficiencies because of insufficient fan capacity and high headlosses, including poorly located foul air collection registers. Installing access platforms at the monitoring instruments and air volume control dampers will provide safe and timely access for operation and maintenance needs.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is located on federal property and there is no community planning area. This project is in conformance with the City's General Plan.

Scheduling: Design is scheduled to begin in Fiscal Year 2010 and be completed in Fiscal Year 2010. Construction is scheduled to begin in Fiscal Year 2011 and be completed in Fiscal Year 2012.

Summary of Project Changes: The total estimated project cost decreased in the Sewer Expansion and Replacement funding by \$210,888 due to a decrease of \$438,107 for design, and an increase of \$227,219 for construction.

Metro Facilities Control System Upgrade 45-966.0 / S-00320

Council District: Citywide

Community Plan: Citywide

Description: This project provides for replacement and upgrade of existing control systems at various Metropolitan Wastewater treatment and pump station facilities. These include the Metro Biosolids Center, North City Water Reclamation Plant, Point Loma Treatment Plant, and South Bay Water Reclamation Plant.

Justification: This project is needed to provide replacement of existing control systems at various facilities. The existing control systems are microprocessor/computer-based. The life cycle of these systems is seven to ten years. The control systems at these facilities entered the life cycle replacement phase in Fiscal Year 2007. Replacement will also provide an upgrade in technology. The change in technology will provide the facilities with greater control system capabilities and are essential for future facility expansion.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Design and construction began in Fiscal Year 2007 and are scheduled to be completed in Fiscal Year 2018.

Summary of Project Changes: The total estimated project cost increased in the Sewer Expansion and Replacement funding by \$14,948,126 due to a decrease of \$5,471,891 for design, an increase of \$20,216,734 for construction, and an increase of \$203,283 for inflation.

NCWRP - EDR Enclosure 45-993.0 / S-00340

Council District: 1

Community Plan: University

Description: This project will provide an enclosure around the Electro Dialysis Reversal (EDR) at the North City Water Reclamation Plant (NCWRP) to prevent harmful ultraviolet rays and coastal high salinity environmental levels from attacking existing equipment.

Justification: When the EDR was constructed, it was supposed to be a temporary facility with no enclosure. As a result, the EDR's cartridge filters, pumps, piping and other associated equipment are currently open to the environment and therefore are prone to ultraviolet light attack and a high salinity environment. The EDR enclosure will prevent equipment from prematurely failing due to ultraviolet light attack.

Operating Budget Effect: None

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Scheduling: Design is scheduled to begin in Fiscal Year 2010 and be completed in Fiscal Year 2010. Construction is scheduled to begin in Fiscal Year 2010 and be completed in Fiscal Year 2011.

Summary of Project Changes: The total estimated project cost decreased in the Sewer Expansion funding by \$576,697 due to a decrease of \$88,348 for design, a decrease of \$531,417 for construction, and an increase of \$43,068 for inflation.

North City Water Reclamation Plant - Electro Dialysis Reversal Upgrade 45-992.0 / S-00324

Council District: 1

Community Plan: University

Description: This project provides for the upgrade of the electro dialysis reversal (EDR) equipment at the North City Water Reclamation Plant including piping, pumps and a chemical feed system.

Justification: The EDR was constructed to be a temporary facility with no enclosure. As a result, the EDR's cartridge filters, pumps, piping, and other associated equipment are currently open to the environment and are prone to ultraviolet light attack and a high salinity environment.

Operating Budget Effect: None

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Scheduling: Design and construction are scheduled to begin in Fiscal Year 2010 and be completed in Fiscal Year 2012.

Summary of Project Changes: The total estimated project cost decreased in the Sewer Expansion funding by \$335,111 due to an increase of \$218,030 for design, a decrease of \$591,487 for construction, and an increase of \$38,346 for inflation.

North City Water Reclamation Sludge Pump Station Upgrade 41-942.0 / S-00309

Council District: 1

Community Plan: University

Description: This project provides for correction of a vibration problem at the North City Water Reclamation Plant (NCWRP) Sludge Pump Station.

Justification: Excessive vibration of the pump and flywheel contribute to wear and tear of equipment. The vibration also generates tremendous heat. The excessive vibration and heat can cause premature failure of equipment, impact operational efficiency and have structural impacts at the facility.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2008 and is scheduled to be completed in Fiscal Year 2011. Construction is scheduled to begin in Fiscal Year 2010 and be completed in Fiscal Year 2011.

Summary of Project Changes: The total estimated project cost increased in the Sewer Replacement funding by \$56,580 due to an increase of \$41,533 for design, an increase of \$6,393 for construction, and an increase of \$8,654 for inflation.

Point Loma - Grit Processing Improvements 45-943.0 / S-00315

Council District: 2

Community Plan: Peninsula

Description: This project provides for upgrading the existing grit removal process at the Point Loma Wastewater Treatment Plant which includes new grit agitation blowers enclosed in a sound dampening facility and the associated air piping.

Justification: The Point Loma Wastewater Treatment Plant has six aerated grit removal tanks. Grit removal from influent flows was found to be more efficient when the two south grit tanks were not used. The plant is not achieving desirable grit removal because the existing grit processing equipment is unable to extract fine sand or silt. The grit accumulated downstream of the grit tanks reduces the efficiency of processing equipment and minimizes the biosolid treatment in the digesters.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Peninsula Community Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2001 and is scheduled to be completed in Fiscal Year 2014. Construction began in Fiscal Year 2006 and is scheduled to be completed in Fiscal Year 2014.

Summary of Project Changes: The total estimated project cost increased in the Sewer Replacement funding by \$4,074,114 due to an increase of \$2,794,870 for design, a decrease of \$92,422 for construction, and an increase of \$1,371,666 for inflation.

Point Loma - South Access Road Protection Project 45-960.0 / S-00316

Council District: 2

Community Plan: Peninsula

Description: This project provides for continued access to the Point Loma Wastewater Treatment Plant and investigates, and may implement, options to mitigate erosion at two sea coves adjacent to the plant's access road.

Justification: The treatment plant has only one access road as granted by the federal government and this project is needed to ensure continued access.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Peninsula Community Plan and is in conformance with the City's General Plan.

Scheduling: Phase I design began in Fiscal Year 2002 and was completed in Fiscal Year 2007. Based on reprioritization of projects, Phase II design is scheduled to begin in Fiscal Year 2018 and be completed in Fiscal Year 2018. Construction is scheduled to begin in Fiscal Year 2018 and be completed in Fiscal Year 2018.

Summary of Project Changes: The total estimated project cost decreased in the Sewer Replacement funding by \$3,316,500 due to a decrease of \$82,245 for land, a decrease of \$746,205 for design, a decrease of \$2,631,605 for construction, and an increase of \$143,555 for inflation.

Pump Station 2 Onsite Standby Power 45-915.0 / S-00312

Community Plan: Midway/Pacific Highway Corridor

Council District: 2

Description: This project provides for the replacement of two of the existing on-site substation transformers to 10 million volt-amp (MVA) capacity and the replacement of two existing engine pumps with two 3-megawatt engine generators. This will provide the station with four 50 percent utility feeds to comply with Environmental Protection Agency (EPA) power requirements.

Justification: The current utility power system does not meet the required EPA power requirements. Two of the existing utility feeds are only rated at 5 MVA with the third rated at 10 MVA. All feeds are limited to two pumps, except during emergency conditions, which provide less than 50 percent of the possible demand. By upgrading the two 5 MVA feeds to 10 MVA and installing a fourth 10 MVA feed, the station will have four 50 percent feeds which will comply with the EPA required two 100 percent feeds. This will also enhance station reliability by allowing any pump to be powered by the engine generators instead of pumps 4 and 5 as currently configured. This will provide the station with four 50 percent utility feeds to comply with (EPA) power requirements.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Midway/Pacific Highway Corridor Community Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2008 and is scheduled to be completed in Fiscal Year 2011. Construction will begin in Fiscal Year 2011 and is scheduled to be completed in Fiscal Year 2012.

Summary of Project Changes: The total estimated project cost increased in the Sewer Expansion funding by \$1,121,000 due to a decrease of \$54,080 for land, an increase of 1,254,601 for design, and a decrease of \$79,521 for construction.

South Bay Water Reclamation Plant Demineralization Facility Phases I & II 42-930.0 / S-00310

Council District: 8

Community Plan: Tia Juana River Valley

Description: This project provides for demineralization of reclaimed water. Phase I will construct a demineralization facility to provide 7.5 million gallons a day (mgd) of reclaimed water for conveyance to the users. Phase II will expand the facility to provide 15 mgd of reclaimed water.

Justification: The majority of reclaimed water is used for irrigation. Too high a level of total dissolved solids (TDS) in the reclaimed water can affect agronomic conditions. Demineralization will reduce the level of TDS in the reclaimed water.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Tia Juana River Valley Community Plan and is in conformance with the City's General Plan.

Scheduling: Phase I design began in Fiscal Year 2008 and is scheduled to be completed in Fiscal Year 2011. Phase I construction is scheduled to begin in Fiscal Year 2011 and be completed in Fiscal Year 2012. Phase II design is scheduled to begin in Fiscal Year 2013 and be completed in Fiscal Year 2016. Phase II construction is scheduled to begin in Fiscal Year 2015 and be completed in Fiscal Year 2016.

Summary of Project Changes: The total estimated project cost decreased in the Sewer Expansion funding by \$674,076 due to a decrease of \$1,695,902 for design and an increase of \$1,021,826 for inflation.

Wet Weather Storage Facility - Phase I 45-940.0 / S-00314

Community Plan: Citywide

Council District: 1, 2

Description: This project provides a seven-million gallon storage facility to intercept peak wet-weather flows generated in the Metropolitan Sewage System. This project also includes the study of intermittent stream discharge as an alternative to a storage facility.

Justification: The facility will reduce the risk of potential wet weather overflows, which may be caused by the capacity limitation of the Metro Pump Station 2 during extreme rainfall events.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the applicable community plans and is in conformance with the City's General Plan.

Scheduling: A feasibility study was conducted and completed in Fiscal Year 2000. Predesign was completed in Fiscal Year 2001. Design is scheduled to begin in Fiscal Year 2010 and be completed in Fiscal Year 2013. Construction is scheduled to begin in Fiscal Year 2012 for the facilities required for the intermittent stream discharge. Additional construction for a seven-million gallon storage facility is scheduled to begin in Fiscal Year 2014 and be completed in Fiscal Year 2018.

Summary of Project Changes: The total estimated project cost increased in the Sewer Expansion funding by \$1,660,399 due to a decrease of \$349,401 for design, a decrease of \$1,484,041 for construction, and an increase of \$3,493,841 for inflation.

Annual Allocation - CIP Contingencies 46-193.0 / A-BR.00001

Council District: Citywide

Community Plan: Citywide

Description: This annual allocation provides for Capital Improvements Program (CIP) contingency needs for Municipal Sewer projects.

Justification: This project will provide better CIP budget control. Project contingency needs (except annual allocation projects) will be met by this annual allocation.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the applicable community plans and is in conformance with the City's General Plan.

Scheduling: Pooled contingencies are used on an as needed basis.

Summary of Project Changes: The annual project cost increased in the Sewer Expansion and Sewer Replacement funding by \$2,134,385 due to revised requirements.

Annual Allocation - Pipeline Rehabilitation 46-050.0 / A-JA.00002

Council District: Citywide

Community Plan: Citywide

Description: This annual allocation provides for the rehabilitation and repair of sewers and manholes at various locations within the City.

Justification: This annual allocation provides for the extension of the useful life of sewers and manholes, improvements in the level of service to the residents of San Diego, and compliance with regulatory agencies' standards by reducing the impact of sewer spills.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the applicable community plans and is in conformance with the City's General Plan.

Scheduling: Projects will be scheduled on a priority basis.

Summary of Project Changes: The annual project cost increased in the Sewer Replacement funding by \$993,519 due to revised requirements.

Annual Allocation - Pump Stations 64, 65, Penasquitos and East Mission Gorge 41-927.0 / A-BP.00003

Council District: 1, 7

Community Plan: Mission Trails Regional Park, Navajo,
University

Description: This annual allocation provides for the comprehensive upgrades, design modifications, and major/minor renovations or replacement of equipment, such as pumps, valves, tanks, controls, and odor control systems at the pump stations.

Justification: These improvements will allow the pump stations to run more efficiently and increase the reliability of the Municipal Wastewater System.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the applicable community plans and is in conformance with the City's General Plan.

Scheduling: Projects will be scheduled on a priority basis.

Summary of Project Changes: The annual project cost decreased in the Sewer Expansion and Replacement funding by \$1.6 million due to revised requirements.

Annual Allocation - Sewer Main Replacements 44-001.0 / A-JA.00001

Council District: Citywide

Community Plan: Citywide

Description: This annual allocation provides for the replacement of sewer mains at various locations within the City.

Justification: This annual allocation provides for the replacement of sewer mains that are in a deteriorated condition or are undersized.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the applicable community plans and is in conformance with the City's General Plan.

Scheduling: Projects will be scheduled on a priority basis.

Summary of Project Changes: The estimated total project cost increased in the Sewer Expansion and Replacement funding by \$15,935,602 to reflect rescheduling of Sewer Replacement and Expansion of \$13,865,852 and by \$2,069,750 due to inflation. The total project cost for annual allocations is reflective of the Fiscal Year 2010 budget only. In addition, annual allocations do not show prior year appropriations in the annual budget.

Annual Allocation - Sewer Pump Station Restorations 46-106.0 / A-BP.00001

Council District: Citywide

Community Plan: Citywide

Description: This annual allocation provides for the replacement of deteriorated pumping equipment and/or pipeline appurtenances.

Justification: Many existing sewer pump stations have reached or exceeded their anticipated service life of 40 years. However, because of the widely varying actual lengths of service life, the scheduling for pump station restorations is difficult. This project allows flexibility in replacing deteriorated pumping equipment.

Operating Budget Effect: None.

Relationship to General and Community Plans: This annual allocation is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Projects will be scheduled on a priority basis.

Summary of Project Changes: The annual project cost increased in the Sewer Expansion and Replacement funding by \$1.1 million due to revised requirements.

Carmel Valley Trunk Sewer - East of Interstate 5 46-136.0 / S-00325

Council District: 1

Community Plan: Carmel Valley

Description: This project provides for replacement of the existing Carmel Valley Trunk Sewer east of Interstate 5.

Justification: The existing sewer has experienced a significant number of structural failures. Continuing development within the area tributary to the existing trunk sewer will also create the need for greater capacity than the existing sewer can provide. CalTrans will replace a portion of the existing trunk sewer in conjunction with its work on the State Route 56/Interstate 5 interchange. This project is included in the proposed City/Environmental Protection Agency Consent Decree.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Carmel Valley Community Plan; and it is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 1999 and was completed in Fiscal Year 2005. Construction began in Fiscal Year 2004 and was completed in Fiscal Year 2007. The developer has taken over this project and scheduled to close at the end of Fiscal Year 2010.

Summary of Project Changes: There has been no significant changes to this project for Fiscal Year 2010. The developer has taken over this project and scheduled to close at the end of Fiscal Year 2010.

Council District: 7

Community Plan: Mira Mesa, University

Description: This project provides for the replacement and upgrade of the Miramar Trunk Sewer.

Justification: This project provides for upgrading the existing 15-inch diameter pipe to 18-inch diameter pipe in order to accommodate the flow from the Marine Corps Air Station, Miramar.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the University and Mira Mesa Community Plans and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2001 and was completed in Fiscal Year 2007. Construction began in Fiscal Year 2007 and was completed in Fiscal Year 2008. Environmental mitigation is scheduled to be completed in Fiscal Year 2010.

Summary of Project Changes: The total estimated project cost decreased in the Sewer Replacement funding by \$2,036,669 with \$930 for inflation.

Montezuma Trunk Sewer 46-196.9 / S-00332

Council District: 7

Community Plan: College Area

Description: This project provides for the replacement and upgrade of a portion of the Montezuma Trunk Sewer. The project involves the relocation of approximately 1,610 feet of pipe at Camino Del Rio South and Fairmount Avenue.

Justification: A portion of this trunk sewer will be upgraded with a larger pipe placed in the right-of-way, which will increase flow capacity.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the College Area Community Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2004 with final design modifications scheduled to be completed in Fiscal Year 2011. Construction for this project will begin in Fiscal Year 2011.

Summary of Project Changes: The total estimated project cost decreased in the Sewer Replacement funding by \$176,426, which \$104,457 is for inflation. The delay in construction was due to priority scheduling for the Metropolitan Biosolids Center Centrate Collection Upgrades project (45-982.0).

Otay Mesa Trunk Sewer 40-930.0 / S-00301

Council District: 8

Community Plan: Otay Mesa

Description: In order to provide adequate sewage capacity and accommodate future growth in the Otay Mesa community, the City of San Diego and developers have entered into cooperative agreements to design and construct the Otay Mesa Trunk Sewer project. This is a multi-phased, major trunk sewer system to serve the Otay Mesa area as described in the 2004 Otay Mesa Sewer Master Plan and Alignment Study. The project constructs all sewer pipes 18-inches and larger and upgrades the existing pump station 23T. Phase 2A1 constructs 2,634 feet of 42-inch pipe in Old Otay Mesa Road. Phase 2A2 constructs a continuation of the pipe for another 4,282 feet. Phase 2B1 constructs a continuation of the pipe for another 6,180 feet to connect to the San Ysidro Trunk Sewer

Justification: The project will provide service for the future wastewater flows in the Otay Mesa Area.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Community Plan and is in conformance with the City's General Plan.

Scheduling: Design for Phases 2A1 and 2A2 began in Fiscal Year 2001 and was completed in Fiscal Year 2010. Design for Phase 2B1 began in Fiscal Year 2001 and is scheduled to be completed in Fiscal Year 2010. Construction for 2A1 and 2A2 began in Fiscal Year 2004 and has been completed. The construction of 2B1 will be scheduled pending continued development.

Summary of Project Changes: The total estimated project cost decreased in the Sewer Expansion funding by \$6 million, which includes \$240,000 for inflation. Completion of the project has been delayed due to private development in the area.

Pipeline Rehabilitation G-1 46-050.6 / S-10003

Council District: Citywide

Community Plan: Citywide

Description: This project provides for the rehabilitation and repair of 20 miles of sewer pipe.

Justification: This project will help meet EPA requirements to reduce sewer spills while reducing maintenance costs and extending the service life of sewer mains.

Operating Budget Effect: None

Relationship to General and Community Plans: This project is consistent with the applicable community plans and is in conformance with the City's General Plan.

Scheduling: Construction is anticipated to be completed in Fiscal Year 2010.

Summary of Project Changes: This project is newly published for Fiscal Year 2010. This project was converted to a stand-alone project (46-050.6 - Pipeline Rehabilitation Phase G-1) from an annual allocation due to costs exceeding \$8 million per sublet.

Pump Station 84 Upgrade and Pump Station 62 Abandonment 41-939.0 / S-00308

Council District: 1, 5

Community Plan: Rancho Bernardo, Rancho Penasquitos

Description: This project provides for the possible elimination of Sewer Pump Station 62 through the installation of various pipelines and the upsizing of Sewer Pump Station 84, or upgrades to both pump stations depending on the most feasible option.

Justification: This project is needed to optimize the sewage system and possibly to eliminate Sewer Pump Station 62.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Rancho Bernardo and Rancho Penasquitos Community Plans and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2007 and is scheduled to be completed in Fiscal Year 2011. Construction is scheduled in Fiscal Year 2011.

Summary of Project Changes: The total estimated project cost increased in the Sewer Replacement funding by \$73,965 for inflation.

Pump Station Upgrades 41-929.0 / S-00303

Council District: Citywide

Community Plan: Citywide

Description: This project provides for the upgrade of 23 pump stations, divided into four groups, located throughout San Diego. The upgrades involve providing new and backup pumps and motors, new control panels, new generators, redundant force mains, underground storage tanks, and miscellaneous civil work.

Justification: This project will provide for the upgrading of deteriorated pump stations, improvement of the level of service to the residents of San Diego, and compliance with regulatory agencies by reducing the impact of sewer spills.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the applicable community plans and is in conformance with the City's General Plan.

Scheduling: Group I design began in Fiscal Year 2003 and was completed in Fiscal Year 2009. Construction began in Fiscal Year 2009 and is scheduled to be completed in Fiscal Year 2010.

Group II design began in Fiscal Year 2005 and is scheduled to be completed in Fiscal Year 2010. Construction is scheduled to begin in Fiscal Year 2010 and be completed in Fiscal Year 2011.

Group III design began in Fiscal Year 2005 and is scheduled to be completed in Fiscal Year 2011. Construction is scheduled to begin in Fiscal Year 2011.

Group IV design was completed in Fiscal Year 2008. Construction began in Fiscal Year 2008 and is scheduled to be completed in Fiscal Year 2011.

Summary of Project Changes: The total estimated project cost increased in the Sewer Replacement funding by \$10.3 million, which includes \$561,840 for inflation.

Sewer Pump Station 41 Rehabilitation 46-602.0 / S-00337

Community Plan: Mission Bay Park

Council District: 2, 6

Description: This project provides for constructing a new pump station, emergency overflow storage structure, 2,200 linear feet of primary and secondary force main to be located in the right-of-way. The project includes the abandonment of the original pump station and existing force main currently located within the recreational space of Mission Bay Park.

Justification: The existing pump station and force main were built in 1953 and have exceeded their service life. The project's goal is to restore and improve the reliability of the pump station and bring it up to current standards and regulations. This project is mandated by the Environmental Protection Agency.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Mission Bay Park Community Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2000 and is scheduled to be completed in Fiscal Year 2011. Construction began in Fiscal Year 2009 and is scheduled to be completed in Fiscal Year 2011.

Summary of Project Changes: The total estimated project cost increased in the Sewer Replacement funding by \$56,674 due to inflation.

South Mission Valley Trunk Sewer 40-931.0 / S-00302

Council District: 6

Community Plan: Mission Valley

Description: This project provides for Phase I replacement of the existing trunk sewer in Mission Valley and installing a larger trunk along approximately 3,500 feet of Taylor Street.

Justification: This project will increase the flow capacity of the South Mission Valley Trunk Sewer.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Mission Valley Community Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2002 and was completed in Fiscal Year 2009. Construction began in Fiscal Year 2009 and is scheduled to be completed in Fiscal Year 2011.

Summary of Project Changes: The total estimated project cost increased in the Sewer Expansion and Replacement Funding by \$13.4 million with a decrease of \$220,00 for inflation.

Metropolitan Wastewater**Sewer - Municipal****United States International University (USIU) Trunk Sewer 46-197.6 / S-00334****Council District:** 7**Community Plan:** Scripps Miramar Ranch

Description: This project provides for the replacement of the existing 2.2-mile trunk sewer and installation of maintenance access pathways and a junction structure at the United States International University. The trunk sewer starts on the west side of Interstate 15, proceeds east through Horse Ranch Canyon, and continues east on the edge of Pomerado Road to 400 feet east of Avenida Magnifica.

Justification: This project will provide for the upsizing of the trunk sewer to meet build-out capacity.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Scripps Miramar Ranch Community Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2002 and is scheduled to be completed in Fiscal Year 2012. Construction is scheduled to begin in 2010 and be completed in 2012.

Summary of Project Changes: The total estimated project cost increased in the Sewer Replacement funding by \$1.3 million which includes a decrease of \$12,477 for inflation. In addition, project completion has been rescheduled for Fiscal Year 2012.

Park & Recreation**Balboa Park****Balboa Park - Florida Canyon Evaluation and Repair of Broken Storm Drain 21-876.0 / S-01064****Council District:** 3**Community Plan:** Balboa Park

Description: This project provides for evaluation, design, and construction to repair a damaged storm drain that leads from Park Boulevard and the San Diego Zoo Parking Lot into the Florida Canyon creek bed.

Justification: The damaged storm drain has caused a large erosion gully that fully spans the entire length of Florida Canyon from Park Boulevard east to the creek bed. This project will repair the storm drain to prevent further erosion and allow a north-south trail access to continue through the west side of Florida Canyon.

Operating Budget Effect: This facility will likely not require any additional on-going operational budget for personnel and non-personnel expenses. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Balboa Park Master Plan and is in conformance with the City's General Plan.

Scheduling: Design was completed in Fiscal Year 2009. Construction began in Fiscal Year 2009 and will continue through Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Balboa Park - Marston Point Evaluation and Repair of Collapsed Storm Drain 21-877.0 / S-10062

Council District: 3

Community Plan: Balboa Park

Description: This project provides for evaluation, design and construction to repair a damaged storm drain in the Marston Point parking lot area.

Justification: The damaged storm drain causes a portion of the Marston Point parking lot area to flood and remain under water for several days after rain events. This project will repair the damaged storm drain to prevent future flooding.

Operating Budget Effect: This facility will likely not require any additional on-going operational budget for personnel and non-personnel expenses. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Balboa Park Master Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2009. Construction will be scheduled upon identification of funding.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Description: This project provides for evaluation, design and construction to repair a damaged storm drain in the western tennis court area of Morley Field.

Justification: The damaged storm drain causes heavy debris flow after rain events into the parking lot of the off-leash dog park. This project is needed to repair the damaged storm drain to prevent future debris flow.

Operating Budget Effect: This facility will likely not require any additional on-going operational budget for personnel and non-personnel expenses. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Balboa Park Master Plan and is in conformance with the City's General Plan.

Balboa Park Improvements 21-865.0 / S-00619

Council District: 3

Community Plan: Balboa Park

Description: This project provides for permanent public capital improvements and deferred maintenance of existing facilities in Balboa Park in accordance with Ordinance 0-19113 and Municipal Code section 22.0229.

Justification: Balboa Park, as well as open spaces and coastal beaches, helps define the City's identity, enriches quality of life and serves as a visitor attraction that strengthens the local economy. This regional treasure is threatened by increasing use and a backlog of needed improvements.

Operating Budget Effect: This facility will likely not require any additional on-going operational budget for personnel and non-personnel expenses. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Balboa Park Master Plan and is in conformance with the City's General Plan.

Scheduling: Phase I of this project provided for televising, repair, and replacement of sewer laterals in 20 buildings. Phase II will televise, repair, and replace the laterals in the next 20 buildings. Phase III will continue with the remaining 20 buildings. The project is currently on hold in Fiscal Year 2010 pending coordination with the Metropolitan Wastewater Department on televising and re-routing of sewer laterals within Balboa Park.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Park & Recreation**Economic Development****North Ocean Beach - Streetscape Enhancement 39-220.0 / S-01057****Council District:** 2**Community Plan:** Ocean Beach

Description: This project provides for streetscape improvements such as hardscape plaza, street trees, ornamental lighting, landscaping, sidewalk repairs, bicycle facilities, signage, and ADA improvements. The first phase of improvements is focused on the area at and adjacent to the intersection of Sunset Cliffs Boulevard and West Point Loma Boulevard, one of the main entries into the Ocean Beach community.

Justification: The North Ocean Beach entryway has been identified as a location for streetscape improvements by Council District 2 and by the community. The goals are to increase safety and security, enhance the community image, and contribute positively to the commercial revitalization of the affected area.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Ocean Beach Community Plan and is in conformance with the City's General Plan.

Scheduling: Development of a master plan was completed in Fiscal Year 1999. The Anthony's Pizza site, at the northwest corner of Sunset Cliffs and West Point Loma Boulevards, was acquired and street trees and other streetscape improvements were installed on Voltaire Street and Sunset Cliffs Boulevard in Fiscal Year 2000. A pedestrian plaza design was completed in Fiscal Year 2006 utilizing the Anthony's Pizza site. Environmental documents and permits were submitted in Fiscal Year 2009. Future funding will be needed to complete construction of the plaza and pathways.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Switzer Canyon/30th Street Bridge Enhancement Program 39-011.0 / S-10054

Council District: 3

Community Plan: Greater North Park

Description: This project provides for bridge landscaping, hardscape, tree planting, signage, sidewalk, median, design of traffic calming devices, and pedestrian safety features for the Switzer Canyon/30th Street Bridge.

Justification: This project provides for a variety of improvements within the boundaries of the Greater North Park Maintenance Assessment District (MAD), which will provide visual neighborhood enhancements and support commercial revitalization.

Operating Budget Effect: The North Park MAD will maintain this enhanced area. Maintenance of this area is identified as an improvement in the North Park MAD Assessment Engineer's Report.

Relationship to General and Community Plans: This project is consistent with the Greater North Park Community Plan and is in conformance with the City's General Plan.

Scheduling: Preliminary design began in Fiscal Year 2001. Design will continue and construction will begin when sufficient funds are available.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Park & Recreation**Economic Development****Talmadge Streetscape and Lighting Improvements 39-010.0 / S-00820****Council District:** 3**Community Plan:** Mid-City

Description: This project provides for improvements within the Talmadge Maintenance Assessment District (MAD) including historic metal gate restoration and replacement; landscaping of the existing traffic circle located at 49th Street and Lorraine Drive; lighting improvements; and new signage, sidewalk, curb, and gutter upgrades. The MAD is divided into two zones (east and west). Ornamental lighting improvements are planned for Zone 1 (east). Upgrades and improvements to the existing lighting infrastructure are planned for Zone 2 (west).

Justification: This project provides for a variety of improvements within the boundaries of the Talmadge MAD which will provide visual neighborhood enhancements and support commercial revitalization.

Operating Budget Effect: The Talmadge MAD will maintain the enhanced street lights and other improvements installed through this project. Maintenance of this area is identified as an improvement in the Talmadge MAD Assessment Engineer's Report and the Talmadge Master Plan.

Relationship to General and Community Plans: This project is consistent with the Mid-City Community Plans and is in conformance with the City's General Plan.

Scheduling: Initial restoration and replacement of the historic gates have been completed. Additional landscaping, lighting improvements, new signage, sidewalk, curb, and gutter upgrades are ongoing.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

North Park Lighting Improvement Project 39-092.0 / S-00823

Council District: 3

Community Plan: Greater North Park

Description: This project provides for the installation of approximately 150 street lights within the boundaries of the North Park Maintenance Assessment District (MAD).

Justification: This project provides for street lights within the boundaries of the North Park MAD in accordance with the Assessment Engineer's Report.

Operating Budget Effect: The North Park MAD will provide for the maintenance and energy costs associated with the enhanced street lighting. Maintenance of the street lights is identified as an improvement in the North Park MAD Assessment Engineer's Report.

Relationship to General and Community Plans: This project is consistent with the Greater North Park Community Plan and is in conformance with the City's General Plan.

Scheduling: Light installation began in Fiscal Year 2004 and will continue through Fiscal Year 2010.

Summary of Project Changes: The total estimated project cost increased by \$101,520 due to revised project scope.

Park & Recreation**Golf Course****Annual Allocation - Balboa Park Golf Course 25-025.0 / A-EA.00002****Council District:** 3**Community Plan:** Balboa Park

Description: This annual allocation provides for unexpected replacement of minor capital assets on an as-needed basis at the City's Municipal Golf Course - Balboa Park.

Justification: This annual allocation will provide for a capital assets cost-avoidance program allowing for timely replacement of unanticipated failure of golf capital assets.

Operating Budget Effect: This program may result in a reduction of on-going operational personnel and non-personnel expenses resulting from a reduction in interim repair solutions needed for maintaining golf capital assets.

Relationship to General and Community Plans: This project is consistent with the Balboa Park Community Plan is in conformance with the City's General Plan.

Scheduling: Design and replacement of minor capital assets will be implemented on an as-needed basis.

Summary of Project Changes: Minor capital replacements may include minor replacement existing golf course building structures and golf course fairway and green systems. This is a newly published project for Fiscal Year 2010.

Golf Course

Balboa Park Golf Course - Clubhouse and Parking Lot 21-843.0 / S-00614

Council District: 3

Community Plan: Balboa Park

Description: This project provides for a master plan, design, and construction of a new clubhouse and a parking lot at the Balboa Park Golf Course.

Justification: Currently the clubhouse is inadequate and there is insufficient parking available to serve users of the golf course.

Operating Budget Effect: This park will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been completed or approved, therefore, the current cost estimate is not available. Operational costs for the project will be developed as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Balboa Park Master Plan, East Mesa Precise Plan, and is in conformance with the City's General Plan.

Scheduling: Preliminary assessments are complete. Design is scheduled to begin in Fiscal Year 2010. Construction will be scheduled when the remaining funding is identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Park & Recreation**Golf Course****Balboa Park Golf Course - Irrigation System - Upgrades 25-019.0 / S-00632****Council District:** 3**Community Plan:** Balboa Park

Description: This project provides for a new irrigation system for the 18-hole golf course at Balboa Park.

Justification: This project provides for replacement of the existing, antiquated, deteriorated, and inefficient irrigation system.

Operating Budget Effect: This facility will likely not require any additional on-going operational budget for personnel and non-personnel expenses. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Balboa Park Master Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2009 and will continue in Fiscal Year 2010 using Continuing Appropriations. A full study of the existing water mains needs to be completed to determine whether or not a new larger water main is needed. Construction will be scheduled after the completion of the study.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Balboa Park Golf Course: Concrete Step and Hand Railing Replacement 25-008.0 / S-00626

Council District: 3

Community Plan: Balboa Park

Description: This project provides for replacement of wooden steps with concrete steps and hand railings on the 18-hole golf course at Balboa Park.

Justification: Replacement of existing, worn wooden steps with concrete steps and hand rails is needed for safety precautions.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Balboa Park Master Plan and is in conformance with the City's General Plan.

Scheduling: Construction began in Fiscal Year 2008 and is scheduled to be completed in Fiscal Year 2010.

Summary of Project Changes: The total estimated project cost increased by \$150,000 in order to complete the project. The scope of the project has not changed. However, the original appropriation for the project was \$100,000 while the original project cost was estimated to be \$250,000.

Mission Bay Golf Course - Driving Range Upgrade 25-021.0 / S-10043

Council District: 6

Community Plan: Kearny Mesa, Mission Bay Park

Description: This project provides for upgrade of the existing driving range. Improvements include relocating light poles, replacing underground wiring, demolition of the existing Driving Range Building, and construction and relocation of a new Driving Range Building.

Justification: The existing driving range at Mission Bay Golf Course and Practice Center is outdated and in need of total overhaul. This project will provide for upgrade needed to bring this facility up to acceptable golfing standards.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Kearney Mesa and the Mission Bay Park Community Plans and in conformance with the City's General Plan.

Scheduling: Design and construction are scheduled to begin in Fiscal Year 2010.

Summary of Project Changes: This is a newly published project for Fiscal Year 2010.

Golf Course

Mission Bay Golf Course and Practice Center - New Landscaping 25-014.0 / S-01089

Council District: 6

Community Plan: Mission Bay Park

Description: This project provides for new landscaping at the Mission Bay Golf Course and Practice Center.

Justification: Some areas of the existing landscaping within Mission Bay Golf Course and Practice Center are aged and dying and therefore are in need of augmentation. This project is needed to address the impacted areas to provide a more uniform and healthy plant material.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$75,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Mission Bay Park Community Plan and is in conformance with the City's General Plan.

Scheduling: Design was completed in Fiscal Year 2008. Construction began in Fiscal Year 2009 and is scheduled to be completed in Fiscal Year 2010.

Golf Course

Torrey Pines Golf Course Cart Paths - North and South Course 25-024.0 / S-10045

Council District: 1

Community Plan: Torrey Pines

Description: This project provides for replacement of damaged portions of the existing cart paths within Torrey Golf Course. This project also provides for construction of the mission paths and reconstruction of portions of the paths that are too narrow for motorized carts.

Justification: The original cart paths were constructed decades ago for use by manual golf carts. Today's golf courses including Torrey Pines Golf Course use motorized golf carts which are wider and heavier than their original counterparts. As a result of years of use, some portions of the existing cart paths within Torrey Pines Golf Course are cracked, severely worn out and otherwise damaged beyond repair. This project will remove and reconstruct the damaged portions of the cart paths. In addition, some portions of the existing cart paths are too narrow and need to be widened to accommodate today's golf carts. This project is needed to address these areas.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Torrey Pines Community Plan and is in conformance with the City's General Plan.

Scheduling: Design and construction are scheduled to begin in Fiscal Year 2010.

Summary of Project Changes: This is a newly published project for Fiscal Year 2010.

Park & Recreation**Mission Bay****Annual Allocation - Mission Bay Improvements 22-965.0 / A-GF.00004****Council District:** 2, 6**Community Plan:** Mission Bay Park

Description: This annual allocation provides for permanent public capital improvements and deferred maintenance of existing facilities in Mission Bay Park pursuant to the Mission Bay Park Master Plan and in accordance with City Charter, Article V, Section 55.2.

Justification: Mission Bay Park, as well as other regional parks, open spaces and coastal beaches, helps define the City's identity, enriches quality of life and serves as a visitor attraction that strengthens the local economy. This regional treasure is threatened by increasing use and a backlog of needed improvements.

Operating Budget Effect: The operating budget effect will be determined upon completion of each sub-project.

Relationship to General and Community Plans: This project is consistent with the Mission Bay Park Master Plan and is in conformance with the City's General Plan.

Scheduling: Design and construction will be scheduled in accordance with the scope of various sub-projects.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Park & Recreation

Mission Bay

Fiesta Island Infrastructure Improvements 22-960.0 / S-00991

Council District: 6

Community Plan: Mission Bay Park

Description: This project provides for design and construction of recreational improvements at Fiesta Island consistent with the general development plan and Mission Bay Park Master Plan, including an expanded causeway that has been identified as a high priority, turfed multi-purpose areas, parking lots, playgrounds, comfort stations, walkways, a personal watercraft launching and service area, relocation of the sand area, south beach jetty, coastal landscaping, and additional utilities infrastructure.

Justification: This project provides infrastructure necessary to support future recreational facilities.

Operating Budget Effect: This park will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been completed or approved, therefore the current cost estimate is not available. Operational costs for the project will be developed as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Mission Bay Park Master Plan and is in conformance with the City's General Plan.

Scheduling: Design and construction will be scheduled in phases as funding is identified and upon completion of the Mission Bay-Fiesta Island General Development Plan (CIP 22-959.0).

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Park & Recreation**Mission Bay****Mariner's Point Road Curbs and Parking Lot - Improvements 22-968.0 / S-10070****Council District:** 2**Community Plan:** Mission Bay Park

Description: This project provides for the design and construction of roadway curbs and a new parking lot on Mariner's Point Road.

Justification: These improvements will provide additional parking, stabilize the existing roadway edge, and reduce maintenance requirements.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$20,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Mission Bay Park Master Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2009. Construction is scheduled to begin in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Mission Bay

Mission Bay - Fiesta Island General Development Plan 22-959.0 / S-00624

Council District: 6

Community Plan: Mission Bay Park

Description: This project provides for the refinement and design development of the general development plan for Fiesta Island as proposed in the Mission Bay Park Master Plan Update.

Justification: General development plan refinement and design development will provide the next necessary step prior to preparation of construction documents for Fiesta Island development, which will implement the recommendations of the Mission Bay Master Plan Update.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Mission Bay Park Master Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2006 and is scheduled to be complete in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Mission Point/Bayside Walk Security Lighting - Upgrade 22-970.0 / S-10078

Council District: 2

Community Plan: Mission Bay Park

Description: This project provides for the design, construction, and/or replacement of existing security lighting bollards located on approximately two miles of the Bayside Walk between Fanuel Street and Mission point.

Justification: The bollards, which are over 15 years old, are deteriorated and inefficient.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Mission Bay Park Master Plan and is in conformance with the City's General Plan.

Scheduling: Design and construction began in Fiscal Year 2009.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Park & Recreation**Mission Bay****North Crown Point Gazebos - Replacement 22-972.0 / S-10020****Community Plan:** Mission Bay Park**Council District:** 2

Description: This project provides for the demolition of the four existing gazebos, the design and construction of a new picnic shelter area, including concrete pad, site furniture, and one or multiple shelters, and upgrades to the existing associated paths of travel at North Crown Point.

Justification: The existing gazebos have termite damage and the wood frames have been partially removed. Site improvements are necessary to comply with federal and State safety and accessibility guidelines.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$7,500 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Mission Bay Park Master Plan and is in conformance with the City's General Plan.

Scheduling: The project design is estimated to be completed by July 2010 and construction to be completed by June 2011.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Park & Recreation**Other Parks****252 Corridor (Dorothy Petway) Neighborhood Park 29-458.0 / S-00640****Council District:** 8**Community Plan:** Southeastern San Diego

Description: This project provides for a 2.72 useable acre neighborhood park in the former State Route 252 corridor, including amenities such as a playground, turf and landscaping, picnic shelter, security lighting and a parking lot.

Justification: This project will contribute to satisfying the population-based park acreage requirements set forth in the City's Progress Guide and General Plan.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The current cost estimate of \$27,000 is based on the Park and Recreation Departments typical cost to maintain various landscape areas. The O&M was approved in 2007 when the park was opened and was approved and included in departments General Fund.

Relationship to General and Community Plans: This project is consistent with the Southeastern San Diego Community Plan and is in conformance with the City's General Plan.

Scheduling: Design was completed in Fiscal Year 2004. Construction began in Fiscal Year 2005 and completed before the park was opened to the public in Fiscal Year 2007. Additional State funds allowed for a pedestrian bridge to be built over Chollas Creek. The bridge was completed in Fiscal year 2008.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Park & Recreation

Other Parks

252 Corridor Park Improvements - Phase II 29-970.0 / S-01071

Council District: 8

Community Plan: Southeastern San Diego

Description: This project provides for design and construction of an approximately 5.8 gross acre, 2.0 useable acre, neighborhood park in the Southcrest Neighborhood of the Southeastern Community Plan Area. Improvements may include picnic shelters, children's play area, hardcourts, walkways, fencing, amphitheater, open turf areas, security lighting, and site furnishings.

Justification: This project provides for additional park land in an extremely park deficient area.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$20,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Southeastern Community Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2009 and is scheduled to be completed in Fiscal Year 2010. Construction is scheduled to begin in Fiscal Year 2010 and is scheduled to be completed in Fiscal Year 2011.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Park & Recreation**Other Parks****Angier Elementary School - Joint Use Improvements 29-901.0 / S-00762****Council District:** 6**Community Plan:** Serra Mesa

Description: This project provides for the design and construction of approximately 3.95 acres at Angier Elementary School for joint use facilities to supplement existing park acreage in the Serra Mesa Community. Improvements may include turfed multi-purpose sports fields, multi-purpose courts, walkways, landscaping, a comfort station, and accessibility upgrades.

Justification: This project will contribute to satisfying the population-based park acreage requirements set forth in the City's General Plan in an area that is park deficient. In addition, this project would also include improvements to multi-purpose sports fields and associated infrastructure that would provide the community with safer park conditions.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$134,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Kearny Mesa and Serra Mesa Community Plans and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2009. Construction is scheduled to begin in Fiscal Year 2010 and be completed in Fiscal Year 2011.

Summary of Project Changes: Funding previously estimated which was provided by the subdivider is reflected as unidentified funding.

Azalea Neighborhood Park Recreation Center - Improvements 29-969.0 / TBD

Council District: 3

Community Plan: Mid-City

Description: This project provides for replacement of the existing 1,790 square foot recreation center at Azalea Park with a 5,000 square foot building to expand programmed uses for the City Heights area of the Mid-City Communities consistent with a revised General Development Plan for the park.

Justification: The project will provide an expanded recreation center which is fully compliant with current State code and safety regulations, and State & Federal accessibility requirements. The project will also allow for expanded park and recreation programming within park-deficient Mid City.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$5,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Mid-City Community Plans and is in conformance with the City's General Plan.

Scheduling: Design will be scheduled when adequate funding is identified. Construction will be scheduled as funding becomes available.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Park & Recreation**Other Parks****Beyer Community Park 29-852.0 / S-00752****Council District:** 8**Community Plan:** Otay Mesa, San Ysidro

Description: This project provides for the acquisition, design, and construction of approximately 12.6 useable acres, out of approximately 43 total acres, for a community and neighborhood park on Beyer Boulevard.

Justification: This project provides population-based park acreage in accordance with the City's General Plan standards to accommodate the park and recreational needs of the residents within the Otay Mesa and San Ysidro communities.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$127,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa and San Ysidro Community Plans and is in conformance with the City's General Plan.

Scheduling: Land acquisition was completed in Fiscal Year 2002. Preliminary design was completed in Fiscal Year 2008. Design and construction schedules are dependent upon the actual rate of development within the Otay Mesa and San Ysidro communities. Design and construction will be scheduled and completed when funding is identified.

Summary of Project Changes: The project cost and schedule have been updated to reflect the most recent Otay Mesa Public Facilities Financing Plan, including a \$13 million increase in total estimated project cost.

Birney Elementary School Joint Use Improvements 29-919.0 / S-00678

Council District: 3

Community Plan: Uptown

Description: This project is Birney Elementary School Joint Use Field Improvements.

Justification: The Community has a deficit of population based park area according to the Citywide standards. This will add additional recreational area to an underserved Community.

Operating Budget Effect: None for Construction. Approximately \$21,000 a year for maintenance of the field after construction is completed. The City will split maintenance costs with the School District after parity is reached per terms of the Joint Use agreement with the School District.

Relationship to General and Community Plans: This project is consistent with the Greater North Park Community Plan and is in conformance with the City's General Plan.

Scheduling: Phase I design completion date is July 2009 and construction completion date is December 2010. Future phases will be scheduled when funding is identified.

Summary of Project Changes: This is a new project for Fiscal Year 2010. An increase of \$30,000 of Development Impact Funds was added in Fiscal Year 2010.

Black Mountain Ranch Community Park - Acquisition and Development 29-427.0 / S-00639

Council District: 1

Community Plan: Torrey Highlands, Black Mountain Ranch

Description: This project provides for the acquisition, design and construction of a 30 useable-acre community park serving the Black Mountain Ranch and Torrey Highlands communities. Phase I includes the construction of 13 acres, including the athletic fields and a parking lot. Phase II will complete the remaining 17 acres and its associated amenities. The project costs are dependent upon all developments within the Black Mountain Ranch and Torrey Highlands communities providing their fair share toward the costs of the park.

Justification: This project will contribute to satisfying the population-based park acreage requirements set forth in the City's General Plan and provide additional park acreage in a community that is deficient of park land. The community park will provide for additional recreational opportunities to the community.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$268,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Black Mountain Ranch and Torrey Highlands Subarea Plans and is in conformance with the City's General Plan.

Scheduling: Phase I construction was completed in Fiscal Year 2006. Phase II of this project is scheduled to begin in Fiscal Year 2011.

Summary of Project Changes: The project cost and schedule have been updated to reflect the most recent cost information available, including a \$200,000 increase in the total estimated project cost for the addition of a traffic signal.

Park & Recreation

Other Parks

Cabrillo Heights Neighborhood Park - Improvements 29-902.0 / S-00763

Council District: 6

Community Plan: Serra Mesa

Description: This project provides for improvements at Cabrillo Heights Neighborhood Park. Phase I improvements may consist of development of an off-leash dog area on a 0.32 acre portion of the park; paving of approximately 700 feet of the road located along the north property line; tree planting or landscape buffering along the entire 1,200-foot length of the north road; ballfield area furnishings, including benches and drinking fountains; and accessibility upgrades. Phase II improvements may include a group picnic shelter.

Justification: This project will contribute to satisfying the population-based park acreage requirements set forth in the City's General Plan. The project will enhance the quality of the Cabrillo Heights Neighborhood Park through a variety of improvements providing the community with a more pleasing park-like atmosphere.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$4,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Serra Mesa Community Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2009 and will be completed in Fiscal Year 2010. Construction is scheduled to begin in and be completed by Fiscal Year 2011.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Park & Recreation**Other Parks****Camino Ruiz - Median Improvements from Aquarius to Jade Coast Road 29-991.0 / S-10041****Council District:** 5**Community Plan:** Mira Mesa

Description: This project provides for the installation of landscape and stamped concrete to replace asphalt medians in this transportation corridor.

Justification: This project is an identified improvement in the Mira Mesa Maintenance Assessment District. The existing asphalt medians are old and damaged and the community wishes to replace them with landscape and stamped concrete median, consistent with other median improvements along Mira Mesa Boulevard and Black Mountain Road.

Operating Budget Effect: Sweeping and upkeep of medians will continue to be funded by the Mira Mesa Maintenance Assessment District.

Relationship to General and Community Plans: This project is consistent with the Mira Mesa Community Plan and it is in conformance with the City's General Plan.

Scheduling: Design and construction are scheduled to begin in Fiscal Year 2010.

Summary of Project Changes: This newly published project will provide for the replacement of existing asphalt medians with landscape and stamped concrete medians.

Description: This project provides for a multi-use trail connection from Del Mar Mesa to Neighborhood 10 Precise Plan.

Justification: The construction of the identified trails or trail connections will contribute to completion of connectivity with the existing City and Regional trail system, providing benefits to the community, including increased recreational opportunities, protection of sensitive natural resources, and alternate transportation opportunities to residents and visitors.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$20,000 is based upon the Park and Recreation Department's current cost to maintain various open space areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Carmel Valley Community Plan and the Carmel Valley Neighborhood 10 Precise Plan, and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2007. Construction began in Fiscal Year 2009. This schedule is contingent upon the rate of development and fees collected in the community. The project is expected to be completed in Fiscal Year 2010. Completion is dependent on development construction build out.

Summary of Project Changes: Project cost and schedule are updated to reflect the most recent Carmel Valley Community Public Facilities Financing Plans, including a \$40,600 increase in total estimated project cost.

Carmel Valley Neighborhood Park - Neighborhood #8 29-482.0 / S-00642

Council District: 1

Community Plan: Carmel Valley

Description: This project provides for acquiring and developing a four useable acre neighborhood park in Carmel Valley. Amenities may include a play area, picnic facilities, open turf area, and landscaping. Frontage road improvement will be provided by another project.

Justification: This project will provide the community with additional recreational opportunities as well enhance the visual quality of the area.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$36,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Carmel Valley Community Plan, the Carmel Valley Neighborhood 8 Precise Plan, and is in conformance with the City's General Plan.

Scheduling: The land was acquired as part of the Carmel Valley Restoration and Enhancement Project. Design and construction will be scheduled contingent upon the actual rate of development fees collected within the community and the identification of funding. Design began in Fiscal Year 2009 and is to be completed in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Park & Recreation**Other Parks****Carmel Valley Skate Park 29-887.0 / S-00758****Council District:** 1**Community Plan:** Carmel Valley

Description: This project provides for the design and construction of a 33,000 square foot skate park in Carmel Valley, which will include a 13,500 square foot skating surface area, a concessions and restroom building, lighting for night-time use, and landscaping. The skate park is proposed to be located on City-owned land.

Justification: This project provides additional park improvements within Carmel Valley which will increase the recreational activities available to the community.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The current cost estimate of \$150,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas and facilities. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Carmel Valley Community Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2007 and construction began in Fiscal Year 2009. Construction is estimated to be completed by Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Carson Elementary School - Joint Use Improvements 29-514.0 / S-00646

Council District: 6

Community Plan: Linda Vista

Description: This project provides for the improvement of approximately 1.8 acres of existing fields at Carson Elementary School for joint use purposes. The improvements may include turfing for multi-use ball fields and back stops.

Justification: This project will contribute to satisfying the population-based park acreage requirements set forth in the City's General Plan.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The current cost estimate of \$22,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Linda Vista Community Plan and is in conformance with the City's General Plan.

Scheduling: Design was completed in Fiscal Year 2007. Construction is scheduled to be completed in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Park & Recreation**Other Parks****Central Avenue Mini Park-Acquisition and Development 29-002.0 / S-00992****Council District:** 3**Community Plan:** Mid-City

Description: This project provides for the acquisition of an approximately 16,000 square foot parcel, remaining from the construction of the Interstate 15 freeway through Mid-City at the corner of Central Avenue and Landis Street, to be developed as a mini park. Amenities may include an open turf area, children's play area, skate park, seating areas, walkways, and security lighting.

Justification: This project will contribute to satisfying the population-based park acreage requirements set forth in the City's General Plan to serve residents in this park-deficient community.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$3,500 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Mid-City Community Plans and is in conformance with the City's General Plan.

Scheduling: Land acquisition was completed in Fiscal Year 2008. Design and construction will be scheduled contingent upon identification of funding.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Chollas Lake Accessible Fishing Pier 28-006.0 / S-10019

Council District: 4

Community Plan: Skyline/Paradise Hills

Description: This project provides for a new ADA accessible fishing pier, ADA accessible path from the parking lot to the fishing pier and some ADA parking lot upgrades.

Justification: The heavily used park currently does not have a convenient path from the parking lot to the lake for people with disabilities. This project will provide a convenient path and an accessible fishing pier out into the lake.

Operating Budget Effect: This project will not impact the overall maintenance costs for the park.

Relationship to General and Community Plans: This project is consistent with the Mid-City community plan and is consistent with the City's General Plan.

Scheduling: Design will begin in Fiscal Year 2010 and construction should be complete in Fiscal Year 2012.

Summary of Project Changes: This is a new project for Fiscal Year 2010.

City Heights Mini-Park Development 29-956.0 / S-01070

Community Plan: Mid-City

Council District: 3

Description: This project provides for the design and construction of an approximately 5,348 SF (0.123 acre) public mini-park, in the City Heights area of the Mid City Community. Improvements may include amenities such as seating, walkways, picnic areas, landscaping, irrigation, and security lighting.

Justification: This project will contribute to satisfying population-based park acreage requirements set forth in the City's General Plan in a community currently deficient in population-based parks per General Plan guidelines.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved; therefore the current cost estimate of \$1,158 is based upon the Park and Recreation Department's current cost to maintain various landscape areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Mid City Community Plans and is in conformance with the City's General Plan.

Scheduling: Project design is scheduled to begin in Fiscal Year 2010.

Summary of Project Changes: This is a newly published project for Fiscal Year 2010.

Coastal Bluff Erosion and Access 29-913.0 / A-GF.00006

Council District: Citywide

Community Plan: Citywide

Description: This project provides partial funding for coastal infrastructure improvements at 71 sites, from Sunset Cliffs Park to Torrey Pines State Beach, that were identified and prioritized in a 2003 Coastal Erosion Assessment Survey. High priority sites are those that present potential public hazards.

Justification: This project provides improvements to coastal erosion sites that present potential public hazards.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$65,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Shell Beach and Sea Ridge were completed in Fiscal Year 2008. Design for the next six locations began in Fiscal Year 2008 and was completed in Fiscal Year 2009. Future design and construction will be scheduled as funding becomes available.

Summary of Project Changes: The total estimated project cost has decreased by \$914,665 due to a revised scope.

Cypress Canyon Neighborhood Park - Phase II 29-706.0 / S-10046

Council District: 5

Community Plan: Scripps Miramar Ranch

Description: This project provides for Phase II of the plan to develop a 12 useable acre neighborhood park. Approximately eight useable acres were developed in 1991 as part of Phase I. This phase calls for the development of an additional four useable acres.

Justification: This project provides population-based park acreage in accordance with the City's General Plan standards to accommodate the park and recreational needs of the residents within the Cypress Canyon Subdivision.

Operating Budget Effect: The operating budget effect will be determined upon completion of the project.

Relationship to General and Community Plans: This project is consistent with the Scripps Miramar Ranch Community Plan, and it is in conformance with the City's General Plan.

Scheduling: Schedule is contingent upon coordination of site development with adjacent private development.

Summary of Project Changes: This newly published project would provide for Phase II of the plan to develop a 12 useable-acre neighborhood park. Project cost and schedule have been updated to reflect the most recent Scripps Miramar Ranch Public Facilities Financing Plan.

Description: This project provides for the design and construction of accessibility upgrades and improvements to the children's play area and to the park site, including accessible paths of travel to meet current accessibility standards.

Justification: This project is needed to upgrade existing site improvements and play area facilities to meet current federal and State safety and accessibility regulations.

Operating Budget Effect: Operational costs will not change because the proposed improvements replace existing facilities.

Relationship to General and Community Plans: This project is consistent with the Navajo Community Plan and is in conformance with the City's General Plan.

Scheduling: Design and construction is scheduled to begin in Fiscal Year 2010.

Summary of Project Changes: This is a new project for Fiscal Year 2010.

Del Mar Mesa Multiple Species Conservation Program Land Acquisition 29-617.0 / S-00998

Council District: 1

Community Plan: Del Mar Mesa

Description: This project provides for land acquisition in the Del Mar Mesa community planning area for the Multiple Species Conservation Program (MSCP).

Justification: The MSCP Implementing Agreement, Section 10(a), Take Authorization of the Endangered Species Act, mandates a statutory responsibility on the part of the City to assemble the MSCP preserve. This responsibility includes acquisition of public land to be used for wildlife habitat.

Operating Budget Effect: This park will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been completed or approved, therefore, the current cost estimate is not available. Operational costs for the project will be developed as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Del Mar Mesa Specific Plan and is in conformance with the City's General Plan.

Scheduling: Property acquisition began in Fiscal Year 2002 and will continue through Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Park & Recreation

Other Parks

Del Mar Mesa Northern Hiking/Equestrian Trail 52-711.0 / S-00892

Council District: 1

Community Plan: Del Mar Mesa

Description: This project provides for an eight-foot wide hiking and equestrian trail, 8,000 feet long, extending northerly from the Carmel Mountain Road and Del Mar Mesa Road intersection area, then westerly in the developable area along open space. The trail will continue to the westerly end of Del Mar Mesa Road. This project also includes improvements to a 1,000-foot long existing trail that extends northerly into Carmel Valley Neighborhood 8.

Justification: This project provides additional recreational opportunities in Del Mar Mesa.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$20,000 is based upon the Park and Recreation Department's current cost to maintain various open space areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Del Mar Mesa Specific Plan and is in conformance with the City's General Plan.

Scheduling: Design was completed in Fiscal Year 2007. Construction began in Fiscal Year 2007 and is scheduled to be completed in Fiscal Year 2010; however, it is contingent upon construction development.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Del Mar Terrace - Street Improvements 29-988.0 / S-10038

Council District: 1

Community Plan: Torrey Pines

Description: This project will provide for the resurfacing and slurry sealing of residential streets within the Del Mar Terrace Maintenance Assessment District. Additional improvements may include upgrades to asphalt berms and concrete curb and gutter installation.

Justification: This project is an identified improvement in the Del Mar Terrace Maintenance Assessment District which includes slurry seal maintenance every five years and resurfacing every 15 years.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Torrey Pines Community Plan and it is in conformance with the City's General Plan.

Scheduling: The project is scheduled to begin in Fiscal Year 2010 and to be completed in Fiscal Year 2011.

Summary of Project Changes: This newly published project will provide for the resurfacing and slurry sealing of residential streets within the Del Mar Terrace Maintenance Assessment District.

Park & Recreation**Other Parks****Del Sur Neighborhood Park North (Black Mountain Neighborhood Park North) 29-688.0 / TBD****Council District:** 1**Community Plan:** Black Mountain Ranch

Description: This project provides for the acquisition and development of a five acre useable neighborhood park adjacent to a proposed elementary school site. This project includes the cost of half-width street improvements for the local roadway adjacent to the project.

Justification: This project will contribute to satisfying the population-based park acreage requirements set forth in the City's General Plan.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The current cost estimate of \$37,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Black Mountain Ranch Community Plan and is in conformance with the City's General Plan.

Scheduling: The scheduling of this project is dependent upon the actual rate of development within Black Mountain Ranch. Project construction is scheduled to be completed in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Dennery Ranch Neighborhood Park - Acquisition and Construction 29-408.0 / S-00636

Council District: 8

Community Plan: Otay Mesa

Description: This project provides for acquisition, design, and construction of an 11 useable acre park site in the Otay Mesa Community Plan and the Dennery Ranch Precise Plan area. The park may include a multi-purpose court, restroom, children's play area, picnic area and facilities, open turf area, staging area, and trail with connectivity to the Otay Valley Regional Park.

Justification: This project provides population-based park acreage in accordance with the City's General Plan standards to accommodate the park and recreational needs of the residents within the Dennery Ranch Subdivision.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$134,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Community Plan and the Dennery Ranch Precise Plan, and is in conformance with the City's General Plan.

Scheduling: Acquisition, design and construction will be scheduled contingent upon the rate of development and fees collected in the community.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Park & Recreation**Other Parks**

Dingeman Elementary School - Spring Canyon Neighborhood Park Improvements 29-907.0 / S-01067
Council District: 5 **Community Plan:** Miramar Ranch North

Description: The project provides for improvements on the turf multi-sports areas at the Spring Canyon Park. Improvements include replacing irrigation sprinkler heads for more uniformity, bringing in top soil and laser leveling entire multi-sports turfed areas to fill in low spots and provide better drainage, and place Bermuda stolens to fill in bare and worn areas for a safer playing area.

Justification: Improvements to the turf multi-sports areas at the Spring Canyon Park is needed due to excessive use from youth and adult groups from a variety of sports. Improvements will provide for a safer playing area for the community.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Miramar Ranch North Community Plan and is in conformance with the City's General Plan.

Scheduling: Construction began in Fiscal Year 2008 and is scheduled to be completed in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Park & Recreation

Other Parks

Hickman Fields 29-795.0 / S-00751

Council District: 6

Community Plan: Kearny Mesa

Description: This project provides for the development of a 44-acre athletic area to include multi-purpose fields, a 15,000-17,000 recreation center, an aquatic complex (if space permits), pedestrian and vehicular parking and circulation, children's play areas, and comfort stations/concession stands in compliance with federal, State and local accessibility guidelines and regulations to serve residents in the Kearny Mesa, Clairemont Mesa and Serra Mesa Communities. The proposed improvements will be phased with Phase I consisting of preparation of a General Development Plan Amendment, and implementation of infrastructure improvements, such as irrigation and parking lot upgrades. Future phases will be determined based on the revised General Development Plan and funding availability.

Justification: This project provides park and recreational facilities to serve the needs of existing and proposed residents within the Kearny Mesa, Clairemont Mesa and Serra Mesa Communities in accordance with the City's General Plan.

Operating Budget Effect: The existing recreational facilities are operated and maintained by the Hickman Youth Association pursuant to a lease agreement. The operating budget effect for the future recreation building and aquatic center will be determined once project design has been completed.

Relationship to General and Community Plans: This project is consistent with the Kearny Mesa Community Plan and is in conformance with the City's General Plan.

Scheduling: Phase I design is scheduled to begin in Fiscal Year 2010. Phase I construction will be determined upon completion of the General Development Plan Amendment. Design and construction of future phases will be determined as funding becomes available.

Summary of Project Changes: Project cost and schedule are updated to reflect the most recent Kearny Mesa Public Facilities Financing Plan. \$1.4 million of Development Impact Fees were added as a source of funding in Fiscal Year 2010.

Hilltop Community Park - Development, Phases I, II & III 29-282.1 / S-00634

Council District: 1

Community Plan: Rancho Penasquitos

Description: This project provides for the development of a community park in Rancho Penasquitos on approximately 34 acres, of which approximately 14 are useable-acres. Phase I comprised approximately 12 acres of improvements including a recreation building, basketball courts, open play areas, picnic areas, a comfort station, and utilities. Phase II will provide for the development of the remaining two acres and will potentially include additional parking, children's play area, open grass area, irrigation system, picnic area, security lighting, concrete walkways, and shade structures. Phase III will include a soccer and roller hockey arena.

Justification: This project will contribute to satisfying the population-based park acreage requirements set forth in the City's General Plan.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$50,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project implements the recommendations found in the Rancho Penasquitos Community Plan and is in conformance with the City's General Plan.

Scheduling: Phase I construction of Hilltop Community Park is complete. Construction of Phase II began in Fiscal Year 2008 and was completed in Fiscal Year 2009. Phase III construction will be scheduled when funding becomes available.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Park & Recreation**Other Parks****Home Avenue Neighborhood Park - Development 29-865.0 / S-00673****Council District:** 4**Community Plan:** Mid-City

Description: This project provides for the design and construction of a new six acre neighborhood park with approximately two useable acres, enhancements to Chollas Creek, and associated traffic improvements on Home Avenue for pedestrian crossing.

Justification: This project will contribute to satisfying the population-based park acreage requirements set forth in the City's General Plan.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$19,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Mid-City Community Plans and is in conformance with the City's General Plan.

Scheduling: Design was completed in Fiscal Year 2009. Construction will be scheduled when funding is identified.

Summary of Project Changes: A proposed allocation of \$150,000 in TransNet is scheduled for this project for Fiscal Year 2010.

Hourglass Field Community Park - Field House 29-738.0 / S-01003

Council District: 5

Community Plan: Mira Mesa

Description: This project provides for a joint use field house including a gymnasium, shower locker facilities, multi-purpose rooms, and meeting rooms at Hourglass Field Community Park.

Justification: This project will contribute to satisfying the population-based park acreage requirements set forth in the City's General Plan.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The current cost estimate of \$300,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Mira Mesa Community Plan and is in conformance with the City's General Plan.

Scheduling: Field house construction began in Fiscal Year 2007 and is scheduled to be completed in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Hourglass Field House Parking Areas 29-918.0 / S-00677

Community Plan: Mira Mesa

Council District: 5

Description: This project provides for reimbursing the San Diego College District for building and providing parking areas for the public that visit the Hourglass Field House, a joint-use facility with Mira Mesa City College.

Justification: This project will contribute to satisfying the population-based park acreage requirements set forth in the City's General Plan.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The current cost estimate of \$27,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Mira Mesa Community Plan and is in conformance with the City's General Plan.

Scheduling: Construction began in Fiscal Year 2008. Reimbursement to the San Diego College District will be completed in Fiscal Year 2010.

Summary of Project Changes: The project cost and schedule have been updated to reflect the most recent Mira Mesa Public Facilities Financing Plan, including a \$400,000 decrease in the total estimated project cost.

Joint Use Improvements - Citywide 29-889.0 / A-GF.00003

Council District: Citywide

Community Plan: Citywide

Description: This project provides for design and construction of miscellaneous improvements on joint use facilities throughout the City. The improvements include replacement and upgrades to turf, irrigation, fencing, and disabled access.

Justification: This project will provide necessary improvements which have been identified through the joint use agreement renewal process. In order to upgrade the joint use facilities to meet current codes, regulations and standards, and to endure another 25 years of use pursuant to the terms of the joint use agreements, improvements have been identified by individual, on-site inspections and cost estimates.

Operating Budget Effect: These parks require an on-going operational budget for personnel and non-personnel expenses. The individual site final designs have not been completed or approved, therefore, the current cost estimates are not available. Operational costs for the projects will be developed as the projects are refined.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is conformance with the City's General Plan.

Scheduling: Sub-projects will be scheduled individually based on priority, school schedules, and league use of the fields. Design of some projects was completed in Fiscal Year 2009 and construction will be completed in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Park & Recreation**Other Parks****Kumeyaay Lakes Berm Restoration and Dredging 29-671.0 / S-00655****Council District:** 7**Community Plan:** Mission Trails Regional Park

Description: This project provides for the dredging of two lakes and reconstruction of a lake berm within the Kumeyaay Lake system at Mission Trails Regional Park.

Justification: A berm that surrounds the lakes was breached during the 1995-96 rainy season. Since that time, the San Diego River's flow has been redirected through the Kumeyaay Lakes, to the detriment of the lakes. Impacts include sedimentation of the lakes, the introduction of exotic invasive aquatic plants and the decline of an adjacent state wetland mitigation site through which the river once flowed. Dredging of the Lakes to remove accumulated sediments and unwanted plant materials will restore the health and vitality of the lakes and the adjacent mitigation site, which depends upon a flowing water source.

Operating Budget Effect: This facility will likely not require any additional on-going operational budget for personnel and non-personnel expenses. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Mission Trails Regional Park Master Development Plan and is in conformance with the City's General Plan.

Scheduling: Planning began in Fiscal Year 2003. Design and construction will be scheduled upon identification of funding.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

La Jolla Valley Bike Path 29-904.0 / TBD

Council District: 1

Community Plan: Black Mountain Ranch

Description: This project provides for construction of 1.7 miles of 8 feet wide, asphalt bike path along the south side of La Jolla Valley, between Carmel Valley Road and Camino Del Sur, within the area of Black Mountain Ranch to be dedicated for public use. Completion of connections will require design and construction of approximately 4,000 feet of paved path from the northwest and southwest extensions of paved roads within the Santa Luz Development to connect to Carmel Valley Road northwest, and Camino del Sur southeast. This project is to be completed under the terms of development agreement, extraordinary benefits.

Justification: The construction of the identified trails or trail connections will contribute to completion of connectivity with the existing City and Regional trail system, providing benefits to the community, including increased recreational opportunities, protection of sensitive natural resources, and alternate transportation opportunities to residents and visitors.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$20,000 is based upon the Park and Recreation Department's current cost to maintain various open space areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Black Mountain Ranch Community Plan, the Black Mountain Ranch Development Agreement, and is in conformance with the City's General Plan.

Scheduling: The project schedule is dependent upon the actual rate of development within the Black Mountain Ranch Community.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

La Jolla Valley Trail 29-536.0 / TBD

Council District: 1

Community Plan: Carmel Mountain Ranch, Black Mountain Ranch

Description: This project provides for the design and construction of a 3.6 mile multi-use unpaved trail, meeting City trail standards, within the open space to be granted to the City by the Black Mountain Ranch community. The trail will extend from the City limits to Black Mountain Park.

Justification: The construction of the identified trails or trail connections will contribute to completion of connectivity with the existing City and Regional trail system, providing benefits to the community, including increased recreational opportunities, protection of sensitive natural resources, and alternate transportation opportunities to residents and visitors.

Operating Budget Effect: This project is estimated to affect the Operating Budget by approximately \$5,000 each year after completion.

Relationship to General and Community Plans: This project is consistent with the Black Mountain Ranch Community Plan, the Carmel Mountain Ranch Master Plan, and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2007 and is scheduled to be completed in Fiscal Year 2010. Completion is dependent on development construction.

Summary of Project Changes: The project cost and schedule have been updated to reflect the most recent cost information available, including a \$115,000 decrease in total estimated project cost.

La Jolla Valley Trail - North Loop 29-538.0 / TBD

Council District: 1

Community Plan: Black Mountain Ranch

Description: This project provides for the design and construction of a 6.6 mile multi-use trail, meeting City standards, located along the northern and western City boundary and southerly to the La Jolla Valley Trail.

Justification: The construction of the identified trails or trail connections will contribute to completion of connectivity with the existing City and Regional trail system, providing benefits to the community, including increased recreational opportunities, protection of sensitive natural resources, and alternate transportation opportunities to residents and visitors.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$20,000 is based upon the Park and Recreation Department's current cost to maintain various open space areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Black Mountain Ranch Community Plan, the Black Mountain Ranch Development Agreement, and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2007 and is scheduled to be completed in Fiscal Year 2010. Completion is dependent on development construction.

Summary of Project Changes: The project cost and schedule have been updated to reflect the most recent cost information available, including a \$278,000 decrease in total estimated project cost due to a revised scope of work.

Language Academy/Montezuma Elementary School - JU Improvements 29-941.0 / S-00972

Council District: 7

Community Plan: College Area

Description: This project provides for design and construction of approximately 1.37 acres at the Language Academy (formerly Montezuma Elementary School) for joint use facilities to supplement existing park acreage in the College Area Community. Improvements may include artificially-turfed multi-purpose sports fields, multi-purpose courts, walkways, landscaping and Americans with Disability Act (ADA)/accessibility upgrades.

Justification: This project will contribute to satisfying population-based park acreage requirements set forth in the City's General Plan.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$16,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the College Area Community Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2009 and construction is scheduled for Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Park & Recreation

Other Parks

Linda Vista Terrace Park 29-997.0 / S-10049

Council District: 6

Community Plan: Linda Vista

Description: This project provides for the design and construction of approximately 2.93 acre for a public mini park within the Linda Vista Community, of which 2.20 acres is within the San Diego Gas & Electric utilities easement, and .73 acre is within the Pacific Ridge Apartment Homes Development. Improvements may include amenities such as children's play area, open turf area, walkways, picnic facilities, site furnishings, landscaping, and security lighting and all associated American Disabilities Act (ADA)/Title 24 requirements to comply with all State and federal accessibility guidelines and City standards.

Justification: This project will contribute to satisfying population-based park acreage requirements set forth in the City's General Plan and the Site Development Permit to serve the new residents to be generated by the Pacific Ridge residential development. This project is a turn-key project to be implemented by the developer.

Operating Budget Effect: This facility will require an on-going maintenance and operational budget for personnel and non-personnel expense. The project has not been designed, therefore the cost estimate of \$26,370 annually is based on the Park and Recreation Department's current cost to maintain similar facilities. Maintenance and operational costs for the project will be revised when the project is designed.

Relationship to General and Community Plans: This project is consistent with the Linda Vista Community Plan and is in conformance with the City's General Plan.

Scheduling: Project design began in Fiscal Year 2009 and is scheduled to be completed in Fiscal Year 2010. Construction is scheduled to begin in Fiscal Year 2010.

Summary of Project Changes: This is a newly published project for Fiscal Year 2010.

Marshall Elementary School - Joint Use Improvements 29-973.0 / TBD

Council District: 7

Community Plan: Mid-City

Description: This project provides for design and construction of approximately 1.46 acres of Marshall Elementary School for joint use facilities to supplement existing park acreage in the City Heights area of the Mid-City Communities. Improvements may include turfed multi-purpose sports fields, multi-purpose courts, walkways, landscaping, and Americans with Disability Act (ADA)/accessibility upgrades.

Justification: This project will contribute to satisfying population-based park acreage requirements set forth in the City's General Plan to serve residents in this park-deficient community.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$14,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Mid-City Community Plans and is in conformance with the City's General Plan.

Scheduling: Design and construction will be scheduled as funding becomes available.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

McAuliffe Community Park - Development 29-727.0 / S-00664

Council District: 5

Community Plan: Mira Mesa

Description: This project provides for design and construction of park improvements on approximately three useable acres at McAuliffe Community Park, located at the west end of Winterwood Lane in the Mira Mesa Community Plan area. Improvements may consist of open turf area, parking areas, picnic facilities, a children's play area, trails and walkways, interpretive overlooks, security lighting and, comfort station.

Justification: This project provides population-based park acreage in accordance with the City's General Plan standards to accommodate the park and recreational needs of the residents of subdivisions within a 1½ mile radius from the park.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$70,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Mira Mesa Community Plan and is in conformance with the City's General Plan.

Scheduling: Completion of design has been delayed due to environmental constraints. Construction was scheduled to begin in Fiscal Year 2012, but will begin as soon as design has been completed. The project schedule will be updated when environmental constraints have been resolved.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Park & Recreation**Other Parks****Memorial Pool Improvements 29-893.0 / S-00970****Council District:** 8**Community Plan:** Southeastern San Diego

Description: This project provides for the demolition of an existing pool and the design and construction of a new pool.

Justification: This project will address deterioration of the existing pool decking and piping due to age.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Southeastern San Diego Community Plan and is in conformance with the City's General Plan.

Scheduling: Design and construction are scheduled to begin in Fiscal Year 2010.

Summary of Project Changes: An increase of 1,000,000 of Development Impact Funds was added in Fiscal Year 2010.

Park & Recreation

Other Parks

Mira Mesa Community Park - Expansion (Carroll Neighborhood Park - Dev) 29-757.0 / S-00667

Council District: 5

Community Plan: Mira Mesa

Description: This project provides for developing approximately 11 useable acres of the former Carroll School parksite across the street from Mira Mesa Community Park. Amenities include a comfort station and ballfields. The Mira Mesa Community Park will also be upgraded to include a pool complex, improved recreation center, and skate plaza. The street between the two sites will include parking and street calming. This project will be phased as funding becomes available. Phase I includes the ballfields and street calming. Phase II includes the pool complex and skate plaza. Phase III includes recreation center improvements.

Justification: This project will contribute to satisfying the population-based park acreage requirements set forth in the City's General Plan.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$171,000 for Phase I is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project implements the recommendations found in the Mira Mesa Community Plan and is in conformance with the City's General Plan.

Scheduling: Park design was completed in Fiscal Year 2008. The scheduling of construction cannot proceed as planned until funding is identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Park & Recreation**Other Parks****Mission Bay Athletic Area Comfort Station Modernization 28-007.0 / S-10021****Council District:** 2**Community Plan:** Pacific Beach

Description: This project provides for the removal and replacement of the existing comfort station/concession stand at the Mission Bay Athletic Area. It will also provide an accessible path of travel from Grand Ave. to the comfort station and the center of the ball field complex.

Justification: These improvements are necessary to provide ADA accessibility to the comfort station and concession stand which are not currently accessible and to provide an accessible path of travel from the public way to the new facility.

Operating Budget Effect: This project will reduce overall maintenance by replacing an old, outdated facility with a new facility with lower maintenance requirements. Water efficient plumbing fixtures will help reduce water costs and conserve water.

Relationship to General and Community Plans: This project is consistent with the Mission Bay Park Master Plan and is in conformance with the City's General Plan.

Scheduling: Design will begin in Fiscal Year 2010 and construction should be complete in Fiscal Year 2012.

Summary of Project Changes: This is a new project for Fiscal Year 2010.

Mission Beach - Boardwalk Widening 52-533.0 / S-00860

Council District: 2

Community Plan: Mission Beach, Pacific Beach

Description: This project increases public accessibility of the beach areas in Pacific and Mission Beach. Phase I of this project completed the widening of 1.34 miles of boardwalk along Oceanfront Walk and Ocean Boulevard from Ventura Place to Santa Rita Place. This included widening of the existing concrete boardwalk by nine feet and the creation of a three foot wide landscape buffer zone immediately to the east of, and adjacent to, the boardwalk. Phase II, which is complete, was a safety study. Phase III provides for the acquisition of the right-of-way at Santa Rita Place and from Pacific Beach Drive to Oliver Avenue. Phase IV will complete the widening from Santa Rita Place to Thomas Avenue.

Justification: This project will enhance public access to this section of beach.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Mission Beach Precise Plan, Pacific Beach Community Plan, and is in conformance with the City's General Plan.

Scheduling: Phase I was completed in Fiscal Year 2004 and the phase II follow-up safety study was completed in the summer of 2003. Phases III and IV will be scheduled when funding is identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Park & Recreation**Other Parks****Mission Beach Bulkhead Preservation 52-719.0 / S-00726****Community Plan:** Mission Beach, Pacific Beach**Council District:** 2

Description: This project provides for preserving the life of the historic Mission Beach bulkhead from Balboa Court to Pacific Beach Drive. The project includes replacing the concrete deck, restoring the wall backfill, and replacing the parapet.

Justification: This project will preserve the life of the 1928 bulkhead.

Operating Budget Effect: This facility will likely not require any additional on-going operational budget for personnel and non-personnel expenses. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Mission Beach Precise Plan and is in conformance with the City's General Plan.

Scheduling: Two sections of walkway have been removed and replaced, a total of 900 lineal feet. Design has begun on the next phase to remove and replace another 500-600 lineal feet.

Summary of Project Changes: TransNet Commercial Paper will be de-appropriated in Fiscal Year 2009 and re-appropriated when needed in Fiscal Year 2010, consistent with the City's cash management policy to use available cash in lieu of issuing new debt.

Park & Recreation

Other Parks

Mission Trails Regional Park Cowles Mountain Trail Rehabilitation 29-966.0 / S-10065

Council District: 7

Community Plan: Navajo, Tierrasanta

Description: This project provides for design, engineering, construction, and installation of structures, as well as the rehabilitation and installation of appropriate material to re-establish approximately 2,000 linear feet of existing trail. This project is to supplement existing and increased recreational activity of hikers and the increase of sensitive resource impacts caused by hikers leaving the official trail. When completed, this trail rehabilitation will improve safety and reduce or eliminate loss of sensitive natural resources due to visitor use and erosion. Improvements will include minimal pruning and hand crew installation of materials. No grading will be done; however, some hand tool manipulation of existing soils may occur. This project will also provide funding to improve existing Americans with Disabilities Act (ADA) facilities at the trailhead at Golfcrest Drive and Navajo Road. The remainder of this trail is not ADA accessible.

Justification: This project will benefit the community by increasing safety for hikers and protect sensitive natural and cultural resources.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$20,000 is based upon the Park and Recreation Department's current cost to maintain various open space areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Mission Trails Regional Park Master Plan, the Navajo and Tierrasanta Community Plans, and is in conformance with the City's General Plan.

Scheduling: Design and construction are scheduled to begin in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Park & Recreation**Other Parks****Mission Trails Regional Park Master Plan Update and Natural Resource Mgmt Plan 29-943.0 / S-01014****Council District:** 7**Community Plan:** Navajo, Tierrasanta

Description: This project provides for an update to the 1985 Mission Trails Regional Park (MTRP) Master Development Plan to identify completed capital projects and to guide future development and preservation within the park. A Natural Resource Management Plan will also be prepared and incorporated into the master plan document to provide City park rangers with information and tools to manage the Park's sensitive resources.

Justification: MTRP faces numerous challenges and issues due to the high number of visitors and the Park's location within a densely populated area. Extensive recreational use, illegal off-road vehicle activity, erosion, urban runoff, and invasive non-native plants are potential threats to the continued health of the Park's natural resources. The MTRP Natural Resource Management Plan is a part of the implementation task of the City of San Diego's Multiple Species Conservation Program (MSCP). The MSCP was officially adopted on March 18, 1997, with the United States Fish and Wildlife Service and the California Department of Fish and Game approving the plan on July 17, 1997.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Navajo and Tierrasanta Community Plans and is in conformance with the City's General Plan.

Scheduling: Planning began in Fiscal Year 2008 and completion of the document is scheduled for Fiscal Year 2010. This project is being combined with the Mission Trails Regional Park (MTRP) Master Plan.

Summary of Project Changes: Total project cost has increased by \$472,000 due to the incorporation of the master plan update scope of work, which is reflected in Fiscal Year 2010. Additionally, \$170,000 from CIP No. 20-010.3 will be moved into the CIP project via 1472, which will further increase the total project cost to \$790,000.

Park & Recreation

Other Parks

Mission Trails Regional Park Trail Realignments 29-967.0 / S-10066

Council District: 7

Community Plan: Navajo, Tierrasanta

Description: This project provides for design, engineering and construction of approximately 5,000 linear feet of new (realignment) trail and rehabilitation of approximately 3,500 linear feet of existing trail. This is to supplement existing and increased recreational activity of all visitor user groups (hikers, bikes, equestrian) and to stabilize and protect sensitive habitat and natural resources currently impacted by poor trail alignment. Improvements will include vegetation pruning and trimming, as well as hand crew manipulation of soils for "best location" of trails that will meet City Trail Standards (safety, sustainability). Locations of these trail realignments have been roughly engineered on-site but will require environmental review and approval. No grading is anticipated. No trails in this area are Americans with Disabilities Act (ADA) accessible and this realignment would not provide (ADA) opportunities due to lack of access.

Justification: New realignment will provide for improved safety to visitors and protection of sensitive resources.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$20,000 is based upon the Park and Recreation Department's current cost to maintain various open space areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Mission Trails Regional Park Master Plan, the Navajo and Tierrasanta Community Plans, and is in conformance with the City's General Plan.

Scheduling: Design and construction began in Fiscal Year 2009 and is scheduled to be completed in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal year 2010.

Park & Recreation

Other Parks

Montgomery Academy - Joint Use Improvements 29-954.0 / S-00973

Council District: 6

Community Plan: Linda Vista

Description: This project provides for the construction of approximately 3.0 acres of joint use play fields at the Montgomery Academy and associated Americans with Disabilities Act (ADA) improvements to comply with all State and federal accessibility guidelines and City standards. Phase I amenities may include a turfed multi-purpose sports field, security lighting, decomposed granite running track, accessibility improvements, signage and site furnishings, and miscellaneous landscaping. Phase II amenities may include picnic shelters and site furnishings, accent plantings, and enhanced gateway treatments.

Justification: Development of this project is a Site Development Permit condition of the Pacific Ridge Apartment Homes to satisfy population-based park acreage requirements in accordance with the City's General Plan standards for the anticipated population generated by the residential development. Additionally, it provides joint use recreational facilities in a community deficient in population-based park and recreation facilities.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$36,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Linda Vista Community Plan and is in conformance with the City's General Plan.

Scheduling: Design is complete. Construction will begin in Fiscal Year 2010 and will be completed in Fiscal Year 2010.

Summary of Project Changes: This project received \$300,000 in Development Impact Fees (DIF) made eligible via the Linda Vista Financing Plan for Fiscal Year 2010.

Montgomery-Waller Community Park Sports Field Lighting & Park Improvements 29-866.0 / S-00754
Council District: 8 **Community Plan: Otay Mesa/Nestor**

Description: This project provides for lighting and park improvements at the Montgomery-Waller Community Park. Phase I of this project provides for the addition of lighting to the existing multi-purpose softball, soccer, and football field; Phase II will replace the comfort station.

Justification: This project will provide needed facilities to expand the hours of use at the park and provide safer access for park users.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$10,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa/Nestor Community Plan and is in conformance with the City's General Plan.

Scheduling: Phase I was completed in Fiscal Year 2006. Phase II design began in Fiscal Year 2007 and is scheduled to be completed in Fiscal Year 2011.

Summary of Project Changes: The scope of the project for phase II has changed from constructing additional parking to replacing the comfort station because street parking was identified to accommodate additional vehicles.

Park & Recreation

Other Parks

North Chollas Community Park - Improvements 29-667.0 / S-00654

Council District: 4

Community Plan: Mid-City

Description: This project provides for the design and development of North Chollas Community Park, located on College Grove Drive midway between 54th Street and College Avenue. Phase I improvements consist of a sports field, parking area, access road, tot lot, and comfort station with concession area. Future phases may include additional sports and multi-purpose fields, a play area, basketball courts, picnic areas, additional parking areas, creek enhancement, trails, a gymnasium, and a dog off-leash area.

Justification: This project will provide a park and athletic facility to serve the greater community. The surrounding area is not currently served by a community park and the region is deficient in sports facilities and open park areas.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$50,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Mid-City Community Plans and is in conformance with the City's General Plan.

Scheduling: The multi-purpose ballfield is complete. Remaining Phase II improvements and additional phases will be scheduled as funding is identified.

Summary of Project Changes: The total estimated project cost increased by \$6.8 million due to a revised project cost estimate.

Park & Recreation**Other Parks**

North Park Main Street Sidewalk Improvement at 30th Street and University Avenue 29-990.0 / S-10040
Council District: 3 **Community Plan:** Greater North Park

Description: The project provides for the replacement of existing red sidewalk and decorative tile pavement along 30th Street and University Avenue near the "Main Street" area of North Park.

Justification: The project will replace existing red sidewalk and decorative tiles that are cracked, deteriorated, and missing.

Operating Budget Effect: Sidewalk cleaning will continue to be funded by the Greater North Park Maintenance Assessment District.

Relationship to General and Community Plans: This project is consistent with the Greater North Park Community Plan and is in conformance with the City's General Plan.

Scheduling: Design and construction are scheduled to begin in Fiscal Year 2010.

Summary of Project Changes: This is a newly published project for Fiscal Year 2010.

Park & Recreation

Other Parks

North Park Mini-Park and Streetscape Improvements 29-897.0 / S-10050

Council District: 3

Community Plan: Greater North Park

Description: This project provides for the design and construction of an approximately 0.50 useable acre, urban mini-park to be located behind the recently renovated North Park Theatre. The project may include public art, plaza areas, specialty/enhanced paving areas for performances and events, an amphitheater or audience seating area, a gazebo/shade structure, a water feature, unique site furniture, walkways, seat walls, security and decorative lighting, and landscape and irrigation. This project also provides for the design and construction of approximately 1,800 linear feet of streetscape which may include enhanced street/pedestrian paving and walkways, street trees with tree grates, landscaping, irrigation, unique street furniture including benches and trash receptacles, security and decorative lighting, pedestrian ramps, curbs and gutters.

Justification: The community is currently deficient in population-based park requirements set forth in the City's General Plan. This project will add population-based park acreage to the community, thus contributing to satisfying population-based park requirements. The project will also create an urban park/plaza and streetscape system for the benefit of pedestrians, automobiles and community members.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$5,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Greater North Park Community Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2009. Construction will be scheduled as funding becomes available.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Park & Recreation**Other Parks****Old Mission Dam Preservation 20-100.3 / S-00611****Council District:** 7**Community Plan:** Mission Trails Regional Park

Description: This project provides for dredging behind the Old Mission Dam for the purpose of removing silt buildup.

Justification: This project will protect the structural integrity of the historic dam and improve water quality.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with Mission Trails Regional Park Master Plan and is in conformance with the City's General Plan.

Scheduling: Construction was completed in Fiscal Year 2008. Wetland mitigation began in Fiscal Year 2008 and will continue in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Park & Recreation

Other Parks

Olive Street Park Aquisition and Development 29-998.0 / S-10051

Council District: 2

Community Plan: Uptown

Description: This project provides for the acquisition, design, and construction of approximately 0.36 acre of unimproved property contiguous with the south end of the existing Olive Street Park. The project will expand useable park acreage in the Uptown Community. Improvements may include amenities, such as multi-purpose turf areas, a children's play area, seating, walkways, landscaping, and security lighting.

Justification: This project will contribute to satisfying population-based park acreage requirements set forth in the City's General Plan in a community currently deficient in population-based parks per General Plan guidelines.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved; therefore the current cost estimate of \$3,515.00 is based upon the Park and Recreation Department's current cost to maintain various landscape areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Uptown Community Plan and is in conformance with the City's General Plan.

Scheduling: Project acquisition is scheduled to begin in Fiscal Year 2010. Design and construction will be scheduled when funding becomes available.

Summary of Project Changes: This is a newly published project for Fiscal Year 2010.

Park & Recreation**Other Parks****Open Space Improvements 29-910.0 / A-GG.00001****Council District:** Citywide**Community Plan:** Citywide

Description: This project provides for developing public facilities within the City's resource-based open space parks. Improvements may include rehabilitation of Cowles Mountain Trail, drainage improvements within Tecolote Open Space, San Diego River improvements, Arizona Landfill reclamation test plot, and North Chollas Open Space enhancement.

Justification: This project is needed to preserve and enhance the City's open space areas. Enhancement may include removal of exotic, invasive and non-native plant material and re-vegetation with native plants of the areas susceptible to erosion.

Operating Budget Effect: This park will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been completed or approved, therefore, the current cost estimate is not available. Operational costs for the project will be developed as the project is refined.

Relationship to General and Community Plans: This project is consistent with applicable community plans and the concepts relative to specific open space systems, and is in conformance with the City's General Plan.

Scheduling: The Arizona Landfill is currently in design. North Chollas Open Space enhancement is ongoing. Design for improvements at Cowles Mountain and Tecolote began in Fiscal Year 2009. Florida Canyon Riparian Restoration will begin after the completion of the Florida Canyon drainage project.

Summary of Project Changes: Regional Park Improvement Funds previously anticipated are now reflected as unidentified funding in Fiscal Year 2011.

Park & Recreation

Other Parks

Otay Valley Regional Park-Beyer Way Equestrian & Regional Staging Area & Trail 29-942.0 / S-00769

Council District: 8

Community Plan: Otay Mesa

Description: This project provides for design of the regional staging area in Otay Valley Regional Park and will include grading, drainage, utilities, restroom, security lights, interpretive kiosk, horse corals, a project sign, drinking fountain, and trails for hiking, biking, and equestrian users.

Justification: This project will provide equestrian, hiking, and biking access to the Otay Valley Regional Park.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$150,000 is based upon the Park and Recreation Department's current cost to maintain various open space areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Otay River Regional Park Concept Plan, the Otay River Valley Natural Resource Management Plan, and the Otay Mesa-Nestor Community Plan and is in conformance with the City's General Plan.

Scheduling: Design and construction will be scheduled upon identification of funding.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Park & Recreation

Other Parks

Pacific Breezes Community Park (Ocean View Hills Community Park) 29-541.0 / S-00649

Council District: 8

Community Plan: Otay Mesa

Description: This project provides for the acquisition, design and construction of the Pacific Breezes Community Park. This park will be 15 acres with an additional 5 acres of joint-use with the adjacent Ocean View Hills Elementary School. Amenities may include tennis courts, lighted ballfields, a comfort station, a children's play area, and other improvements. A recreation center and pool complex are also scheduled to be developed at this site as separate future projects.

Justification: This project will provide the community with additional recreational opportunities and will enhance the visual quality of the area.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$20,000 is based upon the Park and Recreation Department's current cost to maintain various open space areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Community Plan and the Ocean View Hills Precise Plan and is in conformance with the City's General Plan.

Scheduling: Preliminary design was completed in Fiscal Year 2007. Final design and construction began in Fiscal Year 2008 and is dependent upon the actual rate of development within the residential community. However, construction has been delayed due to pending property acquisition and a reimbursement agreement.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Pacific Highlands Ranch Community Park Acquisition and Development 29-543.0 / TBD

Council District: 1

Community Plan: Pacific Highlands Ranch

Description: This project provides for the acquisition, design and construction of a 20 useable acre community park to serve the residents of Pacific Highlands Ranch and Del Mar Mesa Communities. The proposed location, in Pacific Highlands Ranch, is immediately east and adjacent to the proposed senior high/middle school.

Justification: This project provides population-based park acreage in accordance with the City's General Plan standards to accommodate the park and recreational needs of the residents within the Pacific Highlands Ranch and Del Mar Mesa Communities.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$230,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Pacific Highlands Ranch Subarea Plan and the Del Mar Mesa Specific Plan and is in conformance with the City's General Plan.

Scheduling: The schedule of this project is dependent upon the actual rate of development in the Pacific Highlands Ranch community.

Summary of Project Changes: The total estimated project cost decreased by \$2.4 million to reflect the most recent Pacific Highlands Ranch Public Facilities Financing Plan.

Paradise Hills Community Park Picnic Shelter 28-008.0 / S-10023

Council District: 4

Community Plan: Skyline/Paradise Hills

Description: This project provides for a new picnic shelter near the skate park within Paradise Hills Community Park. The ADA accessible path of travel from the existing parking lot to the new picnic shelter will also be upgraded.

Justification: The picnic shelter was identified by the community as an amenity they wanted to add to the park by utilizing the telecom site access fee funds when additional funds were available to supplement the telecom site access fee fund.

Operating Budget Effect: This project will not impact the overall maintenance costs for the park.

Relationship to General and Community Plans: This project is consistent with the Skyline/Paradise Hills community plan and is consistent with the City's General Plan.

Scheduling: Design will begin in Fiscal Year 2010 and construction should be complete in Fiscal Year 2012.

Summary of Project Changes: This is a new project for Fiscal Year 2010.

Rancho Penasquitos Parks - Playground Upgrades 29-864.0 / S-00671

Council District: 1

Community Plan: Rancho Penasquitos

Description: This project provides for upgrades to the play area and replacement of playground equipment at Rancho Penasquitos Park.

Justification: This project will provide for play area upgrades and replacement of playground equipment to meet current State and federal safety and accessibility requirements.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Rancho Penasquitos Community Plan and is in conformance with the City's General Plan.

Scheduling: The first upgrade was completed in Fiscal Year 2006. Future upgrades will be scheduled when funding is identified. Construction was completed on the second upgrade in Fiscal Year 2009.

Summary of Project Changes: Project cost and schedule have been updated to reflect the most recent Rancho Penasquitos Public Facilities Financing Plan.

Park & Recreation**Other Parks****Regional Park Improvements 29-909.0 / A-GF.00005****Council District:** Citywide**Community Plan:** Citywide

Description: This annual allocation provides funding for permanent public capital improvements, planning, deferred maintenance, and land acquisitions for San Diego regional parks in accordance with City Charter, Article V, Section 55.2.

Justification: San Diego's regional park system contains recreation resources unique to the City. Parks such as Balboa Park, Mission Bay Park, Mission Trails Regional Park, Otay River Valley Park, and San Diego River Park, as well as open spaces and coastal beaches, help define the City's identity, enrich the quality of life for residents, and serve as visitor attractions that strengthen the local economy. These regional treasures are threatened by increasing use and a backlog of needed improvements.

Operating Budget Effect: The operating budget effect will be determined upon completion of each project.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Design and construction will be scheduled in accordance with the scope of the various sub-projects.

Summary of Project Changes: The total estimated project cost decreased by \$200,000 due to actual revenue collected which was less than anticipated in FY2008.

Park & Recreation

Other Parks

Riviera Del Sol Neighborhood Park - Acquisition and Development 29-651.0 / S-00999

Council District: 8

Community Plan: Otay Mesa

Description: This project provides for land acquisition and development of a 4.9 useable acre neighborhood park at a site located in the Riviera del Sol subdivision.

Justification: This project provides population-based park acreage in accordance with the City's General Plan standards to accommodate the park and recreational needs of the residents within the Riviera del Sol Subdivision.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$46,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Community Plan, the Riviera del Sol Precise Plan, and is in conformance with the City's General Plan.

Scheduling: Land acquisition began in Fiscal Year 2008 and is scheduled to be completed in Fiscal Year 2010. Design and construction is scheduled to begin in Fiscal Year 2010. This schedule is dependent upon the actual rate of development within the community.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Park & Recreation**Other Parks****Roosevelt Junior High School - Joint Use Improvements 29-896.0 / S-00761****Council District:** 3**Community Plan:** Uptown

Description: This project provides for the design and construction of joint-use athletic fields at Roosevelt Junior High School. Phase I of the project provides for 1.8 useable acres of joint-use and decomposed granite path surrounding the field area. Future phases will provide an additional 1.9 useable acres of joint-use artificial turf, joint-use parking, a comfort station, overhead shade structures, and other amenities.

Justification: This project will contribute to satisfying the population-based park acreage requirements set forth in the City's General Plan.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$17,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Uptown Community Plan and is in conformance with the City's General Plan.

Scheduling: Phase I design began in Fiscal Year 2007 and construction will begin in Fiscal Year 2010.

Summary of Project Changes: An increase of \$190,000 in Development Impact Funds was added in Fiscal Year 2010.

San Diego River Park Master Plan 29-666.0 / S-01001

Council District: 2, 6, 7

Community Plan: Linda Vista, Midway/Pacific Highway Corridor, Mission Bay Park, Mission Beach, Mission Valley, Navajo, Ocean Beach, Tierrasanta, East Elliott

Description: This project provides for the development of a Master Plan, including preparation of an environmental document and an economic analysis for approximately 17 miles of the San Diego River within the City of San Diego.

Justification: This project will provide a policy document to guide development, preservation, enhancement and recreation along the river over the next 20 years.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: The project began in Fiscal Year 2004 and will be completed in Fiscal Year 2011.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Park & Recreation**Other Parks****Sefton Field Neighborhood Park (San Diego River Improvements) 29-911.0 / S-01012****Council District:** 2, 6**Community Plan:** Mission Valley, Navajo

Description: This project provides design and construction of improvements to enhance the 11 acre site currently maintained by the Presidio Little League. The improvements may include walkways, an entry monument, picnic areas, paved parking lots and roadways, landscaping, and irrigation upgrades for the existing athletic fields.

Justification: This project will preserve and enhance the areas along the San Diego River.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$5,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Mission Valley and Navajo Community Plans and is in conformance with the City's General Plan.

Scheduling: Design commenced in Fiscal Year 2007. Construction will be scheduled as funding is identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Park & Recreation

Other Parks

Sunroad Neighborhood Park - Development 29-996.0 / S-10048

Council District: 5

Community Plan: Kearny Mesa

Description: This project provides for the design and construction of an approximately two acre public mini park within the Kearny Mesa Community. Improvements may include amenities such as children's play area, open turf area, walkways, picnic facilities, site furnishings, landscaping and security lighting and all associated American Disabilities Act (ADA)/Title 24 requirements to comply with all State and federal accessibility guidelines and City standards.

Justification: This project will contribute to satisfying population-based park acreage requirements set forth in the City's General Plan and the Site Development Permit to serve the new residents to be generated by the Sunroad Centrum residential development. This project is a turn-key project to be implemented by the Sunroad developer pursuant to an approved park development agreement.

Operating Budget Effect: This facility will require an on-going maintenance and operational budget for personnel and non-personnel expense. The project has not been designed, therefore the cost estimate of \$18,000 annually is based on the Park and Recreation Department's current cost to maintain similar facilities. Maintenance and operational costs for the project will be revised when the project is designed.

Relationship to General and Community Plans: This project is consistent with the Kearny Mesa Community Plan and is in conformance with the City's General Plan.

Scheduling: Project design is scheduled to begin in Fiscal Year 2010. Construction is scheduled to begin in Fiscal Year 2011.

Summary of Project Changes: This is a newly published project for Fiscal Year 2010.

Sunset Cliffs Natural Park Hillside Section Improvements 29-980.0 / TBD

Council District: 2

Community Plan: Peninsula

Description: This project will complete improvements to the Hillside portion of the Sunset Cliffs Natural Park, consisting of final project design documents, environmental review and construction documents. Future Phases of this project may include construction of trails, habitat restoration, erosion control, removal of houses with the park, and the removal and return to natural vegetation of the softball field.

Justification: This project is needed to preserve and enhance the Sunset Cliffs Natural Park, one of the unique coastal environments in San Diego County. The project begins the implementation of the Sunset Cliffs Natural Park Master Plan which was approved in 2005.

Operating Budget Effect: This park will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been completed and therefore, operational costs for the project will be developed as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Peninsula Community Plan and is in conformance with the City's General Plan.

Scheduling: Design will begin in Fiscal Year 2010. Construction will be scheduled when the project and funding is fully identified.

Summary of Project Changes: This is a newly published project for Fiscal Year 2010.

Park & Recreation**Other Parks****Sunshine Berardini Fields Development 29-890.0 / S-00759****Community Plan:** Mid-City**Council District:** 4

Description: This project provides for a general development plan and design and development of the Sunshine Berardini Fields. The proposed improvements may include a comfort station, playground area, picnic area and amenities, landscaping, security and sport lighting, accessible parking and walkway, pedestrian bridge, ball field upgrades, and habitat restorations as part of the Chollas Creek Enhancement Program.

Justification: This project contributes to satisfying the population-based park acreage requirement set forth in the City's General Plan.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$30,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Mid-City Community Plans and is in conformance with the City's General Plan.

Scheduling: The general development plan will begin in Fiscal Year 2010. A consultant has been hired to prepare the gross domestic product (GDP) for the proposed park and increased staff time needed. Additional phases will be scheduled contingent upon identification of funding.

Summary of Project Changes: The total estimated project cost increased by \$5.7 million due to additional construction costs.

Park & Recreation**Other Parks****Views West Neighborhood Park - ADA Upgrades 28-010.0 / S-10031****Council District:** 1**Community Plan:** Rancho Penasquitos

Description: This project provides for ADA accessibility upgrades and improvements to the park site and to the children's play area. The project will provide for accessible paths of travel within the park, upgrades to the comfort station and concession stand, upgrades to existing site furnishings, and upgrades to the parking area. This project upgrades both play areas to meet current accessibility standard by providing new play equipment, safety surfacing, and upgrades seating near the play areas.

Justification: This project is needed to upgrade existing site improvements and play area facilities to meet current federal and State safety and accessibility regulations.

Operating Budget Effect: Operational costs will not change because the proposed improvements replace existing facilities.

Relationship to General and Community Plans: This project is consistent with the Rancho Penasquitos Community Plan and is conformance with the City's General Plan.

Scheduling: Design and construction is scheduled to begin in Fiscal Year 2010.

Summary of Project Changes: This is a newly published project for Fiscal Year 2010.

Park & Recreation**Other Parks****Wegeforth Elementary School - Joint Use Improvements 29-903.0 / S-00764****Council District:** 6**Community Plan:** Serra Mesa

Description: This project provides for the design and construction of approximately four acres at Wegeforth Elementary School for joint-use facilities to supplement existing park acreage in the Serra Mesa Community. Phase I joint-use improvements may include turfed multi-purpose sports fields, multi-purpose courts, walkways, landscaping, and accessibility upgrades. Phase II improvements may include a comfort station.

Justification: This project will contribute to satisfying the population-based park acreage requirements set forth in the City's General Plan.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$36,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Serra Mesa Community Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2009. Construction will be scheduled when the remaining funding is identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Welcome to Rancho Bernardo - Community Identification Sign 29-986.0 / S-10036

Council District: 5

Community Plan: Rancho Bernardo

Description: This project provides for replacement or renovation of the existing identification sign located on Rancho Bernardo Road east of Interstate 15 and west of Bernardo Center Drive within the Rancho Bernardo Community.

Justification: This project is an identified improvement in the Rancho Bernardo Maintenance Assessment District. The existing sign is old and in need of replacement or renovation. The Rancho Bernardo MAD Citizen's Advisory Committee has approved initial funding for this project.

Operating Budget Effect: Maintenance activities will be funded from the Rancho Bernardo Maintenance Assessment District.

Relationship to General and Community Plans: This project is consistent with the Rancho Bernardo Community Plan and it is in conformance with the City's General Plan.

Scheduling: Design and construction are scheduled to begin and end in Fiscal Year 2010.

Summary of Project Changes: This newly published project provides for replacement or renovation of the existing identification sign located on Rancho Bernardo Road.

Park & Recreation**Other Parks****West Lewis and Falcon Streets - Mini-Park 29-886.0 / S-00757****Community Plan:** Uptown**Council District:** 2

Description: This project provides for design and construction of a 0.35 acre mini-park within the West Lewis and Falcon Streets rights-of-way. Amenities may include walkways, landscaping, seating areas, and public art.

Justification: This project will contribute to satisfying the population-based park acreage requirements set forth in the City's Progress Guide and General Plan.

Operating Budget Effect: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$5,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Uptown Community Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2007 and is still continuing. Construction will be scheduled when remaining funding is identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Windansea Improvements 29-680.0 / S-00656

Council District: 1

Community Plan: La Jolla

Description: This project provides for beach access and parking lot improvements, and protection of cliffs and beaches through storm drain erosion control at Windansea Beach. The improvements will be completed in phases as funding becomes available. Phase I includes the construction of three sets of stairs. Phase II includes parking lot and drainage improvements. Future phases may be necessary to address the protection of cliffs and beaches through storm drain erosion control.

Justification: This project will provide stairs to the beach, coastal bluff stability, improve storm water protection through upgrades to the existing storm drain systems, and parking lot improvements.

Operating Budget Effect: This park will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been completed or approved, therefore, the current cost estimate is not available. Operational costs for the project will be developed as the project is refined.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan, the Local Coastal Program Land Use Plan, and is in conformance with the City's General Plan.

Scheduling: Phase I construction was completed in Fiscal Year 2004. Design for Phase II began in Fiscal Year 2008 and construction began in Fiscal Year 2009. Construction will be completed as funding is identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Storm Drains/Flood Control

San Diego River Dredging, Qualcomm Way to State Route 163 - Phase One 12-157.0 / S-00606

Council District: 6

Community Plan: Mission Valley

Description: This project provides for the first phase of dredging within the San Diego River between Qualcomm Way and State Route 163. The first phase will remove a small island of sediment located at the Murray Creek outfall near the western end of Hazard Center Drive. Other phases of dredging within the project area may be required in the future, pending funding identification.

Justification: This project will protect adjacent property from potential flooding during rain events.

Operating Budget Effect: Soundings of the river and other ancillary costs related to dredging are part of the maintenance obligations of the First San Diego River Improvement Project Maintenance Assessment District.

Relationship to General and Community Plans: This project is consistent with the Mission Valley Community Plan, the First San Diego River Improvement Project Natural Resource Management Plan and is in conformance with the City's General Plan.

Scheduling: Design and environmental studies for the removal of sediment from the Murray Creek outfall in the San Diego River are scheduled for completion in Fiscal Year 2010. Dredging of this area is scheduled to begin in Fiscal Year 2010.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Unfunded Needs List

Park & Recreation		Economic Development
CIP Number	Project Title	Funding Required in Future Years
39-220.0	North Ocean Beach - Streetscape Enhancement	\$ 500,000
	This project provides for streetscape improvements in North Ocean Beach. The total estimated project cost of \$1.4 million includes an unfunded amount of \$500,000.	
39-011.0	Switzer Canyon/30th Street Bridge Enhancement Program	\$ 175,000
	This project provides for bridge landscaping, hardscape, tree planting, signage, sidewalk, median, design of traffic calming devices, and pedestrian safety features for the Switzer Canyon/30th Street Bridge. The total estimated project cost of \$298,586 includes an unfunded amount of \$175,000.	
Economic Development Subtotal		\$ 675,000
Park & Recreation		Golf Course
CIP Number	Project Title	Funding Required in Future Years
21-843.0	Balboa Park Golf Course - Clubhouse and Parking Lot	\$ 6,900,000
	This project provides for a master plan, design and construction of a new clubhouse and a parking lot at the Balboa Park Golf Course. The total estimated project cost of \$8.0 million includes an unfunded amount of \$7 million.	
Golf Course Subtotal		\$ 6,900,000
Park & Recreation		Mission Bay
CIP Number	Project Title	Funding Required in Future Years
22-960.0	Fiesta Island Infrastructure Improvements	\$ 250,000,000
	This project provides for the design and construction of recreational improvements at Fiesta Island consistent with the general development plan and Mission Bay Park Master Plan, including an expanded causeway that has been identified as a high priority, turfed multi-purpose areas, parking lots, playgrounds, comfort stations, walkways, a personal watercraft launching and service area, sand area relocation, south beach jetty, coastal landscaping, and additional utilities infrastructure. The total estimated project cost of \$253.1 million includes an unfunded amount of \$250.0 million.	
22-966.0	West Ski Island - Shoreline Stabilization	\$ 2,000,000
	This project provides for the design and construction of shoreline stabilization at West Ski Island. The total estimated project cost of \$2.5 million includes an unfunded amount of \$2.0 million.	
Mission Bay Subtotal		\$ 252,000,000
Park & Recreation		Other Parks
CIP Number	Project Title	Funding Required in Future Years
29-901.0	Angier Elementary School - Joint Use Improvements	\$ 500,000
	This project provides for the design and construction of approximately 3.95 acres at Angier Elementary School for joint use facilities to supplement existing park acreage in the Serra Mesa Community. The total estimated project cost of \$2.2 million includes an unfunded amount of \$500,000.	
20-013.0	Annual Allocation-Park and Recreation Grant Match Funding	\$ 3,575,640
	The annual funding needs of \$446,955 are entirely unfunded.	

Unfunded Needs List

Other Parks		Park & Recreation
CIP Number	Project Title	Funding Required in Future Years
29-969.0	Azalea Neighborhood Park Recreation Center - Improvements	\$ 1,693,000
	This project provides for replacement of the existing 1,790 square foot recreation center at Azalea Park with a 5,000 square foot building to expand programmed uses for the City Heights Area. The total estimated project cost of \$1.8 million includes an unfunded amount of \$1.7 million.	
29-852.0	Beyer Community Park	\$ 13,000,000
	This project provides for the acquisition, design, and construction of approximately 12.6 useable acres for a community and neighborhood park on Beyer Boulevard. The total estimated project cost of \$15.0 million includes an unfunded amount of \$13.0 million.	
29-919.0	Birney Elementary School Joint Use Improvements	\$ 230,000
	This project would provide for the design and construction of joint-use athletic fields at Birney Elementary School. The total estimated project cost of \$260,000 has an unfunded amount of \$230,000.	
29-427.0	Black Mountain Ranch Community Park - Acquisition and Development	\$ 200,000
	This project provides for the acquisition, design and construction of a 30 useable-acre community park. The total estimated project cost of \$17.5 million includes an unfunded amount of \$200,000.	
29-902.0	Cabrillo Heights Neighborhood Park - Improvements	\$ 165,000
	This project provides for improvements at Cabrillo Heights Neighborhood Park. The total estimated project cost of \$843,000 includes an unfunded amount of \$165,000.	
29-689.0	Carmel Grove Mini-Park - Play Area Upgrade	\$ 39,467
	This project provides for the upgrade and replacement of playground equipment at the Carmel Grove Mini-Park to meet State and federal safety and accessibility requirements. The total estimated project cost of \$467,467 includes an unfunded amount of \$39,467.	
29-482.0	Carmel Valley Neighborhood Park - Neighborhood #8	\$ 1,179,350
	This project provides for acquiring and developing a four useable-acre neighborhood park in Carmel Valley, including a play area, picnic facilities, open turf area, and landscaping. The total estimated project cost of \$3.1 million includes an unfunded amount of \$1.2 million.	
29-002.0	Central Avenue Mini Park-Acquisition and Development	\$ 292,000
	This project provides for the acquisition of an approximately 16,000 square foot parcel, remaining from the construction of the Interstate 15 freeway through Mid-City at the corner of Central Avenue and Landis Street, to be developed as a mini park. The total estimated project cost of \$832,000 includes an unfunded amount of \$292,000.	
29-913.0	Coastal Bluff Erosion and Access	\$ 2,702,402
	This project provides partial funding for coastal infrastructure improvements at 71 sites, from Sunset Cliffs Park to Torrey Pines State Beach, that were identified and prioritized in a 2003 Coastal Erosion Assessment Survey. The total estimated project cost of \$3.3 million includes an unfunded amount of \$2.7 million.	
29-533.0	Del Mar Mesa Neighborhood Park	\$ 350,000
	This project provides for the acquisition, design, and construction of a four useable acre park to serve the Del Mar Mesa population. The total estimated project cost of \$3.8 million includes an unfunded amount of \$350,000; the design has been completed.	

Unfunded Needs List

Park & Recreation		Other Parks
CIP Number	Project Title	Funding Required in Future Years
52-708.0	Del Mar Mesa Southern Multi-Use Trail	\$ 150,000
	This project provides for a surfaced eight-foot wide multi-use trail, 2,000 feet long, extending southerly from the end of Del Mar Mesa Road, crossing the "Bougainvillea" entry road. The trail will then branch westerly to connect to the wildlife crossing under Carmel Country Road, and easterly to connect to the Shaw Valley and Neighborhood 10 trails in Carmel Valley. The total estimated project cost of \$260,300 includes an unfunded amount of \$150,000.	
29-795.0	Hickman Fields	\$ 30,000,000
	This project would provide for a 44 acre athletic area in the Kearny Mesa Community Planning Area to include multi-purpose fields, a recreation building, and a swimming pool. The total estimated project cost of \$31.5 million has an unfunded amount of \$30 million.	
29-535.0	Hidden Trails Neighborhood Park Acquisition and Development	\$ 680,000
	This project provides for the acquisition, design and construction of a four useable-acre neighborhood park serving the Otay Mesa community. The total estimated project cost of \$ 3.1 million includes an unfunded amount of \$680,000.	
29-865.0	Home Avenue Neighborhood Park - Development	\$ 2,600,000
	This project provides for the design and construction of a new six acre neighborhood park with approximately two useable-acres, enhancements to Chollas Creek, and traffic improvements on Home Avenue. The total estimated project cost of \$3.2 million includes an unfunded amount of \$2.6 million.	
29-889.0	Joint Use Improvements - Citywide	\$ 1,672,295
	This project provides for design and construction of miscellaneous improvements on joint-use facilities throughout the City, such as replacement and upgrades to turf, irrigation, fencing, and/or disabled access. The total estimated project cost of \$2.4 million includes an unfunded amount of \$1.7 million.	
29-671.0	Kumeyaay Lakes Berm Restoration and Dredging	\$ 9,840,000
	This project provides for the dredging of two lakes and reconstruction of a lake berm within the Kumeyaay Lake system at Mission Trails Regional Park. The total estimated project cost of \$10.0 million includes an unfunded amount of \$9.8 million.	
29-941.0	Language Academy/Montezuma Elementary School - JU Improvements	\$ 731,000
	This project provides for design and construction of approximately 1.37 acres at the Language Academy (formerly Montezuma Elementary School) for joint use facilities to supplement existing park acreage in the College Area Community. The total estimated project cost of \$1.4 million includes an unfunded amount of \$731,000.	
29-757.0	Mira Mesa Community Park - Expansion (Carroll Neighborhood Park - Dev)	\$ 200,000
	This project provides for developing approximately 11 useable-acres of the former Carroll School parksite across the street from Mira Mesa Community Park. The total estimated project cost of \$21.2 million includes an unfunded amount of \$200,000.	
52-533.0	Mission Beach - Boardwalk Widening	\$ 2,753,000
	This project increases public accessibility of the beach areas in Pacific and Mission Beach, including the acquisition of the right-of-way at Santa Rita Place and from Pacific Beach Drive to Oliver Avenue, and the widening of the boardwalk from Santa Rita Place to Thomas Avenue. The total estimated project cost of \$4.8 million includes an unfunded amount of \$2.8 million.	

Unfunded Needs List

Other Parks		Park & Recreation
CIP Number	Project Title	Funding Required in Future Years
52-719.0	Mission Beach Bulkhead Preservation	\$ 8,128,000
	This project provides for preserving the life of the Mission Beach bulkhead from Balboa Court to Pacific Beach Drive. The total estimated project cost of \$9.2 million includes an unfunded amount of \$8.1 million.	
29-954.0	Montgomery Academy - Joint Use Improvements	\$ 76,000
	This project provides for the construction of approximately three acres of joint use play fields at the Montgomery Academy and associated Americans with Disabilities Act (ADA) improvements. The total estimated project cost of \$1.3 million includes an unfunded amount of \$76,000.	
29-667.0	North Chollas Community Park - Improvements	\$ 26,343,967
	This project provides for the design and development of North Chollas Community Park. The total estimated project cost of \$29.6 million includes an unfunded amount of \$26.3 million.	
29-897.0	North Park Mini-Park and Streetscape Improvements	\$ 1,320,000
	This project provides for the design and construction of an approximately 0.50 useable acre, urban mini-park to be located behind the recently renovated North Park Theatre. The total estimated project cost of \$3.9 million includes an unfunded amount of \$1.3 million.	
29-998.0	Olive Street Park Aquisition and Development	\$ 720,000
	This project provides for acquisition, design and construction of approximately 0.36 acre of unimproved property contiguous with the south end of the existing Olive Street Park. The total estimated project cost of \$2.7 million includes an unfunded amount of \$720,000.	
29-910.0	Open Space Improvements	\$ 900,000
	This project provides for developing public facilities within the City's resource-based open space parks. The total estimated project cost of \$2.0 million includes an unfunded amount of \$900,000.	
29-942.0	Otay Valley Regional Park-Beyer Way Equestrian & Regional Staging Area & Trail	\$ 2,550,000
	This project provides for design of the regional staging area in Otay Valley Regional Park and will include grading, drainage, utilities, restroom, security lights, interpretive kiosk, a project sign, drinking fountain, and trails. The total estimated project cost of \$2.8 million includes an unfunded amount of \$2.6 million.	
29-923.0	Parkdale Neighborhood Park - Acquisition and Development	\$ 500,000
	This project would provide for the acquisition, design, and construction of a 5 useable-acre neighborhood park located at the south end of Parkdale Avenue in the vicinity of Osgood Way and Backer Road. Park amenities may include multi-purpose turf ed areas, children's play areas, multi-purpose courts, picnic facilities, walkways, security lighting, and landscaping. The park will also include an approximately 1,000 square foot interpretive center for an adjoining seven-acre vernal pool site. This project is scheduled to begin in Fiscal Year 2017. The total estimated project cost of \$6.4 million includes an unfunded amount of \$500,000.	
29-692.0	Public Roads Supporting Park Access	\$ 4,100,000
	This project provides funding for public roads that support park access. The annual funding needs of \$400,000 in Fiscal Years 2010 through 2014 and \$500,000 in Fiscal Years 2015 through 2018 are unfunded.	
29-864.0	Rancho Penasquitos Parks - Playground Upgrades	\$ 550,000
	This project provides for upgrades of the play area and the replacement of playground equipment at Rancho Penasquitos Park. The total estimated project cost of \$2.1 million includes an unfunded amount of \$550,000.	

Unfunded Needs List

Park & Recreation		Other Parks
CIP Number	Project Title	Funding Required in Future Years
29-922.0	Rattlesnake Canyon Neighborhood Park	\$ 1,050,000
	This project would provide for the design and construction of a 10 useable-acre neighborhood park, including a trail connection to Maddox Neighborhood Park. Park amenities may include multi-purpose sports fields, sports field lighting, multi-purpose turfed areas, children's play areas, multi-purpose courts, picnic facilities, walkways, security lighting, a comfort station and concessions facility, and landscaping. This project is scheduled to begin in Fiscal Year 2015. The total estimated project cost of \$5.7 million includes an unfunded amount of \$1.1 million.	
29-896.0	Roosevelt Junior High School - Joint Use Improvements	\$ 600,000
	This project provides for the design and construction of joint-use athletic fields at Roosevelt Junior High School. The total estimated project cost of \$1.2 million includes an unfunded amount of \$600,000.	
29-911.0	Sefton Field Neighborhood Park (San Diego River Improvements)	\$ 500,000
	This project provides for the design and construction of improvements to enhance the 11 acre site currently maintained by the Presidio Little League. The total estimated project cost of \$1.0 million includes an unfunded amount of \$500,000.	
29-871.0	Sunset Cliffs Natural Park - Drainage Study	\$ 90,000
	This project provides for a study to identify and analyze drainage and erosion issues at Sunset-Cliffs Natural Park, recommend solutions, and provide environmental review of the recommendations. The total estimated project cost of \$395,000 includes an unfunded amount of \$90,000.	
29-980.0	Sunset Cliffs Natural Park Hillside Section Improvements	\$ 1,900,000
	This project will complete improvements to the Hillside portion of the Sunset Cliffs Natural Park, consisting of final project design documents, environmental review and construction documents. The total estimated project cost of \$2.6 million includes an unfunded amount of \$1.9 million.	
29-890.0	Sunshine Berardini Fields Development	\$ 14,300,000
	This project provides for a general development plan and design and development of the Sunshine Berardini Fields. The total estimated project cost of \$14.5 million includes an unfunded amount of \$14.3 million.	
29-903.0	Wegeforth Elementary School - Joint Use Improvements	\$ 294,000
	This project provides for the design and construction of approximately four acres at Wegeforth Elementary School for joint use facilities. The total estimated project cost of \$2.3 million includes an unfunded amount of \$294,000.	
29-886.0	West Lewis and Falcon Streets - Mini-Park	\$ 180,000
	This project provides for design and construction of a 0.35 acre mini-park within the West Lewis and Falcon Streets rights-of way. The total estimated project cost of \$630,000 includes an unfunded amount of \$180,000.	
29-891.0	West Maple Canyon Mini-Park	\$ 200,000
	This project provides for the design and construction of a 0.25 acre mini-park to be located within the dedicated portion of the Maple Canyon Open Space. The total estimated project cost of \$575,000 includes an unfunded amount of \$200,000.

Police

Police and Fire Training Facility (Regional Public Safety Training Institute) 36-064.0 / S-00816**Council District:** 2**Community Plan:** Peninsula

Description: This project provides for a regional police and fire training facility (Regional Public Safety Training Institute [RPSTI]) in the Camp Nimitz area of the former Naval Training Center. Currently, law enforcement training takes place at Miramar College and Fire-Rescue training takes place in the aging existing buildings at Camp Nimitz. The Naval Training Center Reuse Plan, approved by the Navy and City Council, set aside 24.7 acres for this purpose. The City Council has also approved a Joint Powers Authority between the City of San Diego, County of San Diego, and San Diego Community College District for the development, financing and administration of the RPSTI. The City's projected share of the total cost of the project will be funded jointly by the San Diego Fire-Rescue and Police Departments.

Justification: The expansion of the campus at Miramar College would require the relocation of law enforcement training to the Camp Nimitz site. Construction of a regional state-of-the-art facility will satisfy current Peace Officer Standards and Training, State Fire Marshal's Office, and Standards for Corrections Training requirements and allow for consistent training of all emergency responders countywide. RPSTI will also provide a venue for training private security and State and other government agencies.

Operating Budget Effect: The impact on the Police Department's operating budget cannot be determined at this time due to the unavailability of detailed project information. The key elements of the project are yet to be determined, including the size of the facility, the total project cost, commitment of City staff and resources, etc. The actual impact will depend on the final design/program. This project would impact the operating budget of the Police and Fire-Rescue Departments by an equal amount.

Relationship to General and Community Plans: This project is consistent with the Peninsula Community Plan and is in conformance with the City's General Plan.

Scheduling: The project schedule will be determined upon completion of design, which is expected to be complete in Fiscal Year 2011. Preliminary construction will be scheduled when the remaining funding is identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010. The total estimated project cost decreased by \$5 million due to a revised scope of the project.

Unfunded Needs List

Police		Police
		Funding
CIP		Required in
Number	Project Title	Future Years
36-068.0	Otay Mesa Police Facility	\$ 30,000,000
	This project would provide for acquisition of land and construction of a police facility to serve the east Otay Mesa area. This facility would accommodate the need for increased police services due to population growth and development in this area. The total estimated project cost of \$30.0 million is entirely unfunded; however, the cost associated with construction will be offset by developer fees. The cost estimate will be revised when the final scope of work is established.	
36-069.0	Permanent Canine and SWAT Facility	\$ 6,000,000
	This project would provide for permanent Canine and SWAT facilities east of the Pistol Range at Federal Boulevard. In Fiscal Year 2006, the Police Vehicle Maintenance Facility was relocated to Federal Boulevard. As a result, the Canine and SWAT Units were relocated east of the Pistol Range and the initial project only included funding for temporary modular office space for the two units. This project would include public right-of-way improvements on the south side of Federal Boulevard. The total estimated project cost of \$6.0 million is entirely unfunded. The cost estimate will be revised when the final scope of work is established.	
36-074.0	Police Pistol Range Improvements	\$ 8,000,000
	This project would provide for improvements to the Police Pistol Range. The existing Police Pistol Range at 4000 Federal Boulevard has been in operation since the 1930s. Many modifications are needed to enhance its safety and usability, as well as comply with existing codes, while still maintaining the historic significance of the structures. This range is used by multiple law enforcement agencies, the training academy, the Community College District, and is open to the public through the Revolver Club. The total estimated project cost of \$8.0 million is entirely unfunded. The cost estimate will be revised when the final scope of work is established.	
36-055.0	Police Property Storage Facility	\$ 5,000,000
	This project would provide for additional evidence storage space in anticipation of future storage needs. An estimated 40,000 square feet of space would house property and evidence and eliminate the need to lease property storage space. The total funding needs of this project, currently estimated at \$5.0 million, will be determined once a final scope of work is established.	
36-064.0	Police and Fire Training Facility (Regional Public Safety Training Institute)	\$ 10,000,000
	This project provides for the Police and San Diego Fire-Rescue Department's shares of the Regional Public Safety Training Institute (RPSTI) in the Camp Nimitz area of the former Naval Training Center. The total estimated project cost of \$30.5 million includes an unfunded amount of \$30.0 million. The cost estimate will be revised when the final scope of work is established.	
Police Subtotal		\$ 59,000,000
Police Total		\$ 59,000,000

QUALCOMM Stadium

QUALCOMM Stadium**QUALCOMM Stadium****Annual Allocation - QUALCOMM Stadium Improvements 34-200.0 / A-BG.00001****Council District:** 6**Community Plan:** Mission Valley

Description: This annual allocation provides for needed improvements at QUALCOMM Stadium, including the electrical system, parking lot, and working press area.

Justification: As the stadium ages, regular upgrades and renovations are required for various components of the facility.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Mission Valley Community Plan and is in conformance with the City's General Plan.

Scheduling: Design and construction will be phased in accordance with the scope of various projects.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

OneSD Support

Council District: Citywide

Community Plan: Citywide

Description: Description: The OneSD project provides for the replacement of many legacy software systems currently in use by City departments with the business center of the Office of the Chief Financial Officer (CFO) and Business and Support Services. The System will replace the following major systems: AMRIS (General Ledger), ALVA (Financial Reporting), APIS (Accounts Payable), ARIS (Accounts Receivable), FMIS (Budgeting and Financial Management), FAMIS (Fixed Asset Management), OPIS (Purchasing), CAPPs (Payroll), and PATS (Applicant Tracking). Additionally, this integrated application will be used by all City departments for day-to-day business operations and human resource needs and is expected to support the City's information technology (IT) needs for the next 15 years.

Justification: Recommendations contained in the Kroll Report stated that due to their antiquated state, the City's major software systems require updating. The applications that support the departments under the Office of the Chief Financial Officer (CFO) and Business and Support Services no longer meet the requirements for responsible financial management, efficient human resources management, and IT operational efficiency.

Operating Budget Effect: Savings are anticipated after implementation of the system; however, the magnitude of the savings are yet to be determined.

Relationship to General and Community Plans: This project is in conformance with the City's General Plan.

Scheduling: The OneSD implementation is divided into the following phases and scheduled for full implementation on the following dates:

-Financial and Logistics (purchasing and contracting) applications - July 1, 2009

-Human Capital Management (HCM), which includes human resources/personnel, benefits and payroll functions - October 1, 2009

-Public Budget Formulation (PBF), November 1, 2009

-Accounts Receivable - January 1, 2010

- e-Recruit - June 30, 2010

Summary of Project Changes: The project schedule and Fiscal Year 2010 funding has been revised to include a third implementation phase to include PBF and e-Recruit.

Storm Water

Storm Water**Storm Drain Study****Uptown Community Storm Drainage 11-317.0 / S-10060****Community Plan:** Uptown**Council District:** 2, 3

Description: This project will provide for the installation, reconstruction, and upgrading of street pavement, curbs, gutters, and storm drains at various locations throughout the community. Also provided for is an initial study to specifically identify the required projects.

Justification: This project is needed to provide extensive improvements and increase the drainage capacity in the right-of-way.

Operating Budget Effect: None

Relationship to General and Community Plans: This project is part of the Uptown Community Plan and is in conformance with the City's General Plan.

Scheduling: Work on the initial study will begin in Fiscal Year 2010.

Summary of Project Changes: This is a newly published project for Fiscal Year 2010.

Storm Water

Storm Drains/Flood Control

Annual Allocation - Drainage Projects 13-005.0 / A-CA.00001

Council District: Citywide

Community Plan: Citywide

Description: This annual allocation provides for reconstructing or replacing failed drainage facilities citywide.

Justification: There are currently over 900 miles of storm drains in the City of San Diego. These storm drains can fail because of a variety of reasons (system material, age, earth movement, etc). The operation and maintenance section of the Storm Water Department regularly cleans these systems and performs minor repairs on them but they often come across storm drain systems that require redesign and reconstruction. These projects are a critical component of drain repair since the City does not staff itself to perform the repairs inhouse.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Design and construction are scheduled each year. In addition to the funds reflected below, Council approved \$15.8 million in Proposition 1B and financing appropriations in Fiscal Years 2008 and 2009.

Summary of Project Changes: Development Impact Fee funds have been allocated to this project for Fiscal Year 2010. This project has been updated to reflect the funding identified in the Five-Year Financial Outlook. The Mayor's May Revision removed Fiscal Year 2010 Transnet funding in the amount of \$600,000 from this project.

Storm Water
Storm Water Program

Annual Allocation - Watershed Water Quality Improvements 12-159.0 / A-CC.00001

Council District: Citywide

Community Plan: Citywide

Description: This project provides for the design and construction of Watershed Capital Projects. These projects, in conjunction with non-structural water quality projects, address storm drain discharge water quality standards.

Justification: These projects satisfy watershed-based water quality activity requirements in the Regional Water Quality Control Board's Municipal Storm Water National Pollutant Discharge Elimination System (NPDES) permit.

Operating Budget Effect: Maintenance cost of the structural watershed Best Management Practice (BMP's) needs to be estimated and included in the storm drain infrastructure operating budget.

Relationship to General and Community Plans: This project is in conformance with the City's General Plan.

Scheduling: Projects will be scheduled on a priority basis.

Summary of Project Changes: This newly published project was authorized by City Council Resolution R-302590, dated May 7, 2007. It is proposed to allocate \$259,149 to this project for Fiscal Year 2010 for stormwater quality projects.

Expenditures by Revenue Source

Storm Water

Storm Water Program

Rose and Tecolote Creeks Water Quality Improvements 32-050.0 / S-10002

Council District: 1, 2, 6, 7

Community Plan: Linda Vista, Pacific Beach, University,
Clairemont Mesa

Description: This project provides for improvements to the water quality in the Rose and Tecolote Creek watersheds. Utilizing existing storm water monitoring data, best management practices (BMPs) will be developed to address pollutants of concern within these watersheds. BMPs are structural controls, such as vegetated swales and strips, infiltration basins, wet ponds, constructed wetlands, and filtration systems. Initially, entire watersheds will be evaluated to identify potential areas for water quality enhancement. These areas will then be prioritized and a few locations will be selected for implementation of structural controls, including baseline and post-construction water quality monitoring. The City completed the construction of the first BMP in Fiscal Year 2006 and a baffle-box was installed in the Tecolote Creek sub-watershed. A second BMP includes a right-of-way landscape infiltration project in the Clairemont Mesa community in the Tecolote Creek sub-watershed.

Justification: This project addresses pollutants of concern within the Rose and Tecolote Creek watersheds which satisfies the watershed-based water quality activity requirements in the Regional Water Quality Board's Municipal Storm Water Permit.

Operating Budget Effect: Maintenance cost will impact operating budget.

Relationship to General and Community Plans: This project is consistent with the Clairemont Mesa, Linda Vista, Pacific Beach and University Community Plans and is in conformance with the City's General Plan.

Scheduling: Construction of the first BMP was completed in Fiscal Year 2006. Design of the second BMP is scheduled to be completed in Fiscal Year 2010 and construction is scheduled to begin in Fiscal Year 2011.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Water

Alvarado Water Treatment Plant -Upgrade and Expansion 73-261.3 / S-00021

Council District: 7

Community Plan: Mission Trails Regional Park, Navajo

Description: This project increases the treatment capacity of the Alvarado Water Treatment Plant from 150 million gallons of water per day (mgd) to 200 mgd and upgrades the existing treatment plant facilities to replace aged equipment to comply with new drinking water regulations. This project is split into multiple construction projects and will be phase funded. The major project components consist of the construction of two new sedimentation basins, the rehabilitation of existing 1950's-era sedimentation basins, the rehabilitation of the mechanical equipment and controls on the filters, ozone generation, and treatment facilities. Various site and landscaping improvements will also be made.

Justification: The Safe Drinking Water Act, Environmental Protection Agency regulations, and a Department of Public Health Compliance Order dictate the need to upgrade the treatment plant process and equipment. Anticipated future demands within the Alvarado Water Service Area also require the plant to be expanded to 200 mgd, allowing for better utilization of the raw water storage in the San Vicente and El Capitan Reservoirs.

Operating Budget Effect: The upgrade from chlorine to ozone, as the primary disinfectant, will have a significant impact on the electrical and chemical consumption of the plant (an increase of approximately of \$1.6 million annually at completion). The increase in treated water capacity and the technical aspect of the equipment will also impact the cost for maintaining and operating the plant.

Relationship to General and Community Plans: This project is consistent with the Mission Trails Regional Park Plan and the Navajo Community Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 1999 and has continued through subsequent phases of work. Construction began on the initial phase of work in Fiscal Year 2004 and is scheduled to be completed in Fiscal Year 2013.

Summary of Project Changes: The total estimated project cost decreased by \$347,000 due to lower than expected construction contract bid for Ozone project Phase IV.

Water

Municipal Water

Annual Allocation - CIP Contingencies 73-331.0 / A-BS.00001

Council District: Citywide

Community Plan: Citywide

Description: This annual allocation provides for the Water Department's Municipal Water Capital Improvements Program contingency needs.

Justification: To provide better project budget control, CIP stand alone project contingency needs will be met by this annual allocation.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is in conformance with the City's General Plan.

Scheduling: Projects are scheduled on a priority basis as contingency needs arise.

Summary of Project Changes: The total project cost for annual allocation projects is reflective of the Fiscal Year 2010 budget only. In addition, annual allocations do not show prior year appropriations in the budget. The budget in Fiscal Year 2010 increased from \$6.5 million to \$7.0 million due to an increase in phase funded construction projects awarded in Fiscal Year 2009.

Council District: Citywide

Community Plan: Citywide

Description: This annual allocation provides for renovating or replacing deteriorating corrosion control and monitoring systems throughout the City.

Justification: Deteriorating corrosion control and monitoring systems are in need of rehabilitation. This annual allocation provides for an ongoing program to rehabilitate over 600 existing corrosion protection stations.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Projects are scheduled on a priority basis. There are two Otay II Groundbed Replacement projects planned for Fiscal Year 2010.

Summary of Project Changes: The total project cost for annual allocations is reflective of the Fiscal Year 2010 proposed budget only. In addition, annual allocations do not show prior year appropriations in the budget. The budget in Fiscal Year 2010 increased to \$100,000 from \$0. Otay II Groundbed Replacement projects are scheduled for Fiscal Year 2010.

Annual Allocation - Dams and Reservoirs 74-925.0 / A-BK.00001

Council District: Citywide

Community Plan: Citywide

Description: This annual allocation provides for rehabilitating and reconstructing improvement projects at reservoirs and dams. Projects include resurfacing access roads, reconstructing berms, installing lighting around dams, and sandblasting and shotcreting all exposed surfaces of the dams.

Justification: The rehabilitation and reconstruction of access roads and the upgrading of berms, lighting, and all exposed surfaces of the dams are necessary to maintain access to and safety in the dam area. The State required improvements will also serve to satisfy a portion of the Division of Safety of Dams.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Projects are scheduled on a priority basis. Modifications to Lake Hodges Dam will begin in Fiscal Year 2010. Emergency Storage Project-San Vicente Reservoir Marina was started in Fiscal Year 2009 and will be completed in Fiscal year 2013.

Summary of Project Changes: The total project cost of annual allocation projects is reflective of the Fiscal Year 2010 Proposed Budget. In addition, annual allocations do not show prior year appropriations in the annual budget. The budget for Fiscal Year 2010 increased from \$250,000 to \$691,014 due to re-prioritization of projects and cash availability.

Annual Allocation - Freeway Relocation 73-024.0 / A-KB.00002

Council District: Citywide

Community Plan: Citywide

Description: This annual allocation provides funding to relocate water lines in conflict with the State Department of Transportation highway construction zones.

Justification: Waterline relocation is necessitated by the State Department of Transportation's effort to expand the State Highway System. Relocation projects are accomplished in conjunction with highway projects scheduled by the State Department of Transportation.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Projects are scheduled on a priority basis, based on Caltrans requests.

Summary of Project Changes: The total project cost for annual allocation projects is reflective of the Fiscal Year 2010 budget only. In addition, annual allocations do not show prior year appropriations in the budget.

Annual Allocation - Groundwater Asset Development Program 75-932.0 / A-BM.00001

Council District: Citywide

Community Plan: Citywide

Description: This project provides for investigation work related to legal, technical, regulatory, and water quality issues; and for the planning, design, and construction of groundwater facilities to increase the local water supply.

Justification: The City imports 90 percent of its water from the Colorado River and the State Water Project. The City has access to nine under-utilized groundwater assets that could be developed to supply new yield, seasonal storage or carryover storage.

Operating Budget Effect: None

Relationship to General and Community Plans: This project is in compliance with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Research, exploration and demonstration began in Fiscal Year 2001 and will continue through Fiscal Year 2010. Design and construction of sub-projects identified in the research/exploration/demonstration phase are anticipated to begin in Fiscal Year 2010 and continue through Fiscal Year 2019 and beyond.

Summary of Project Changes: This project was converted from a stand alone project to an annual allocation for the Fiscal Year 2010 budget and future years. The scope and schedule of this project are still preliminary. Initially the program was defined as a single phase project including research, planning, design, and construction starting at 2001 through 2019. Currently, the program is being implemented in two distinct phases. The first phase (2001-2010) includes research, planning, pilot and demonstration. The second phase (2010 - 2019) is the project implementation /construction phase, which results in producing new water. The total project cost for annual allocation projects is reflective of the Fiscal Year 2010 budget only. In addition, annual allocations do not show prior year appropriations in the budget.

Annual Allocation - Pressure Reduction Facility Upgrades 73-900.0 / A-KA.00002

Council District: Citywide

Community Plan: Citywide

Description: This annual allocation provides for replacing existing pressure reducing stations, or expanding pressure capacities to meet present and future water demands.

Justification: Increasing demands for water throughout the City dictate the need to better control water pressure throughout the City's system. This annual allocation will continue to fund the replacement and expansion of pressure reduction facilities.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Projects are scheduled on a priority basis. Pressure regulating station upgrade projects in the areas of Texas Street, Upas & Hawk, 30th & Thorn, and 65th & Imperial are scheduled for Fiscal Year 2010.

Summary of Project Changes: The total project cost of annual allocation projects is reflective of the Fiscal Year 2010 Budget. In addition, annual allocations do not show prior year appropriations in the annual budget.

Annual Allocation - Seismic Upgrades 73-910.0 / A-KB.00004

Council District: Citywide

Community Plan: Citywide

Description: This annual allocation provides for seismic retrofits and upgrades to existing facilities to protect the water system in case of an earthquake.

Justification: Many existing facilities throughout the City have serious structural and seismic defects. This annual allocation provides funding to upgrade these facilities to meet current compliance requirements and guidelines. This project allows City crews the ability to rapidly restore water services to affected areas after a large earthquake.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Projects are scheduled on a priority basis. Fault crossing retrofits to large pipelines and Landslide/Liquefaction pipeline mitigation projects began in Fiscal Year 2009.

Summary of Project Changes: The total project cost for annual allocation projects is reflective of the Fiscal Year 2010 budget only. In addition, annual allocations do not show prior year appropriations in the budget. The budget in Fiscal Year 2010 increased from \$1million to approximately \$1.7 million.

Annual Allocation - Standpipe and Reservoir Rehabilitations 73-277.0 / A-BL.00001

Council District: Citywide

Community Plan: Citywide

Description: This annual allocation provides for reconstructing standpipes and reservoirs to improve operations and extend their useful life.

Justification: Many existing standpipes and reservoirs in the water system have deteriorated to a point where they must be reconstructed or replaced to meet the current Occupational Safety and Health Act and Environmental Protection Agency safety and water quality standards.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is in conformance with the City's General Plan.

Scheduling: Projects are scheduled on a priority basis. Design is scheduled for the Pomerado Park Reservoir Upgrade project in Fiscal Year 2010. Construction of the San Carlos Reservoir Interior Enhancement and Catalina Pipeline projects are scheduled for Fiscal Year 2010.

Summary of Project Changes: The budget for Fiscal Year 2010 increased from \$514,072 to \$2,488,080 due to design and construction phases scheduled for the Pomerado Park Reservoir Upgrade, San Carlos Reservoir Interior Enhancement, and Catalina Standpipe projects. The total project cost for annual allocation projects is reflective of the Fiscal Year 2010 budget only. In addition, annual allocations do not show prior year appropriations in the budget.

Annual Allocation - Water Main Replacements 73-083.0 / A-KB.00003

Council District: Citywide

Community Plan: Citywide

Description: This annual allocation allows for the replacement of water mains at various locations throughout the City.

Justification: Water mains require replacement due to their deteriorated condition or size limitation. The existing cast-iron system is either approaching or has exceeded its expected life of 40 years. Breaks are now occurring at the rate of over 200 annually.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Projects are scheduled on a priority basis.

Summary of Project Changes: The Fiscal Year 2010 budget decreased by \$5,536,000 due to the conversion of Water Group 790, CIP 73-868.1, to a standalone project in Fiscal Year 2010. The total project cost for annual allocation projects is reflective of the Fiscal Year 2010 budget only. In addition, annual allocations do not show prior year appropriations in the budget.

Annual Allocation - Water Pump Station Rehabilitations 73-263.0 / A-BJ.00001

Council District: Citywide

Community Plan: Citywide

Description: This annual allocation provides for replacing deteriorated pumping equipment and appurtenances or expanding pumping capacities to meet present and future water demands.

Justification: Many existing water pump stations have reached or exceeded their anticipated service life or demands have exceeded their maximum pumping capacity. However, because of the widely varying actual lengths of service life, scheduling for pump station restoration is difficult.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is in conformance with the City's General Plan.

Scheduling: Projects are scheduled on a priority basis. Planning for the Tierrasanta (Via Dominique) Pump Station scheduled to begin in Fiscal Year 2010.

Summary of Project Changes: The budget for Fiscal Year 2010 decreased from \$500,000 to \$468,433 due to re-prioritization of projects. The Planning phase of the Tierrasanta (Via Dominique) Pump Station is scheduled to begin in Fiscal Year 2010. The total project cost for annual allocation projects is reflective of the Fiscal Year 2010 budget only. In addition, annual allocations do not show prior year appropriations in the budget.

Barrett Flume Cover 75-937.0 / S-10013

Council District: None

Community Plan: No Community Planning Area, Otay Mesa

Description: This project will provide a covering for the 10 to 12 mile open channel delivering water from the Barrett Reservoir to the Lower Otay Reservoir

Justification: Each year golden eagles, deer, and other wildlife drown in the open channel sections of the Berrett Flume. There is also an excessive maintenance burden to keep soil and sediment out. Additionally, there is a slight algae build up due to sunlight. Covering the open flume sections is necessary to prevent fines and sanctions from the resource agencies, to maintain water quality, and to reduce maintenance and down time.

Operating Budget Effect: None

Relationship to General and Community Plans: This project is outside of the City limits and there is no community planning area. This project is in conformance with the City's General Plan.

Scheduling: Planning will begin Fiscal Year 2010. Design is scheduled to begin Fiscal Year 2011. Construction is estimated to begin in Fiscal Year 2013.

Summary of Project Changes: It is proposed to increase the total project costs by \$2.8 million in Water Replacement funding to reflect changes to the initial cost estimated.

Community Plan: No Community Planning Area

Description: This project provides for upgrades to the electrical and operating systems and the replacement of outlet tower ladders, valves and platforms to the Barrett Reservoir Outlet Tower.

Justification: The aging outlet tower components are in need of replacement for safety and ease of operation. The electrical and operating systems need to be upgraded to meet current standards and provide better control, safety and accessibility.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is outside of the City limits and there is no community planning area. This project is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2001, was on hold for three years, and was completed in Fiscal Year 2006. Construction began in Fiscal Year 2007 and was completed in Fiscal Year 2009.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Carmel Mountain Road Water Transmission Line - South of Carmel Valley Road 70-983.0 / S-00071

Council District: 1

Community Plan: Carmel Valley

Description: This project provides for construction of a transmission waterline east of I-15, along the alignment of Carmel Mountain Road to the eastern boundary of the Carmel Valley Community Plan area.

Justification: The waterline is required in order to develop the southern portion of Carmel Valley in accordance with the community plan.

Operating Budget Effect: None

Relationship to General and Community Plans: This project is consistent with the Carmel Valley Community Plan and is in conformance with the City's Progress Guide and General Plan.

Scheduling: The portion of the transmission potable water pipeline along Carmel Mountain Road west of Canter Heights Drive and east of Timber Brook Lane has been constructed and is in-service. The remaining portion east of Timber Brook Lane easterly along Carmel Mountain Road to the eastern Carmel Valley Community Boundary is now under construction.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

El Capitan Pipeline No. 2 70-959.0 / S-10005

Council District: None

Community Plan: No Community Planning Area

Description: This project provides for a pipeline parallel to the existing 48-inch El Capitan Pipeline with 41,490 linear feet of new 54-inch pipeline.

Justification: This project would provide an additional outlet capacity of 75 million gallons per day (MGD) from El Capitan Reservoir to the Lakeside Pump Station. The combined capacity of the two pipelines would be 130 MGD. This would enable the Lakeside Pump Station to deliver 110 MGD to the Alvarado Water Treatment Plant and 20 MGD to the Helix Water District.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is outside of the City limits and there is no community planning area. This project is in conformance with the City's General Plan.

Scheduling: Design is scheduled to begin in Fiscal Year 2010. Construction is scheduled to begin in Fiscal Year 2012.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

El Monte Pipeline No. 2 70-960.0 / S-10008

Council District: 7

Community Plan: Navajo

Description: This project would build a new 60-inch pipeline with a capacity of 150 million gallons per day (MGD) between the Lakeside Pump Station and the Alvarado Water Treatment Plant.

Justification: This project is necessary to ensure that future water demands are met in the Alvarado service area.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Navajo Community Plan and is in conformance with the City's General Plan.

Scheduling: Design is scheduled to begin in Fiscal Year 2010. Construction is scheduled to begin in Fiscal Year 2012.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Harbor Drive Pipeline 70-957.0 / S-00019

Council District: 2

Community Plan: Ocean Beach, Old San Diego, Peninsula

Description: This project replaces 4.4 miles of water pipeline along Harbor Drive.

Justification: These improvements are necessary to prevent water pipe breaks and to ensure a continuous water supply to the Ocean Beach, Fleetridge, Old San Diego, and Peninsula community planning areas.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Ocean Beach, Old San Diego, and Peninsula Plans and is in conformance with the City's General Plan.

Scheduling: Design phase will begin in Fiscal Year 2010. Construction is scheduled to begin in Fiscal Year 2012 and will be completed in Fiscal Year 2013.

Summary of Project Changes: The scope and schedule of this project are still preliminary. The total estimated project cost increased by \$7.3 million due to the increased scope of the project.

Kearny Mesa Pipeline Upgrade 70-961.0 / S-10011

Council District: 6

Community Plan: Kearny Mesa

Description: This project provides for the replacement of the Kearny Mesa Pipeline.

Justification: This upgrade is necessary to prevent water pipe breaks, and to assure a continuous water supply to the Kearny Mesa community.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Kearny Mesa Community Plan and is in conformance with the City's General Plan.

Scheduling: Design is scheduled to begin in Fiscal Year 2010. Construction is scheduled to begin in Fiscal Year 2012 and completed in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Council District: 3

Community Plan: Mid-City

Description: This project will install two pressure regulating stations at the Kensington Park Villas in order to provide more consistent water pressure throughout the community.

Justification: The pressure regulating station will provide more consistent water pressure throughout the community and decrease pipe ruptures or other problems due to over pressurizing.

Operating Budget Effect: None

Relationship to General and Community Plans: This project is consistent with the Mid-City Community Plan and is in conformance with the City's General Plan.

Scheduling: Design for this project was completed in 2004. The construction is scheduled for Fiscal Year 2011.

Summary of Project Changes: This project replaces CIP 73-246.1, Kensington Pressure Regulator, and is a newly published project for Fiscal Year 2010.

Lindbergh Field 16" Cast Iron Main Replacement 73-355.0 / S-10055

Council District: 2

Community Plan: Midway/Pacific Highway Corridor

Description: This project's water main must be relocated from underneath the tarmac (landing strip) at Lindbergh Field to a location that is more accesible for operation and maintenance.

Justification: In case of a pipe failure requiring Water Operations to work emergency repair the pipeline must be relocated to a location that is more accesible for operation and maintenance.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Midway/Pacific Highway Corridor Plan and is in conformance with the City's General Plan.

Scheduling: Design is schedule to begin in Fiscal year 2010. Construction is estimated to begin fiscal year 2013

Summary of Project Changes: It is proposed to increase the total project costs by \$1.1 million in Water Replacement funding to reflect changes to the initial cost estimated.

Lower Otay Reservoir - Emergency Outlet Improvements 73-343.0 / S-00044

Council District: None

Community Plan: No Community Planning Area

Description: This project provide for the installation of two sluice gates on the auxiliary spillway to improve draw-down capacity.

Justification: The State Department of Safety of Dams requires an emergency draw-down capability of 10 percent of reservoir capacity in 10 days. Lower Otay Reservoir (backed up by Savage Dam) requires 56 days for 10 percent draw-down in order to prevent a risk of dam failure.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is outside of the City llmits and there is no community planning area. This project is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2001 and will be completed in Fiscal Year 2010. Construction is scheduled to begin in Fiscal Year 2010 and be completed in Fiscal Year 2011.

Summary of Project Changes: It is proposed to decrease the total project costs by \$335,492 to reflect changes to the initial cost estimated.

Miramar Pipeline Monitoring & Reinspection 70-910.7 / S-00083

Council District: 5

Community Plan: Mira Mesa

Description: This project provides for monitoring and reinspection of 26,870 linear feet of existing 66"- 51" diameter pre-stressed concrete cylinder pipe on Mira Mesa Boulevard from Pacific Heights Boulevard eastward to the Miramar Water Treatment Plant. A pipeline condition assessment will be performed prior to initiating design.

Justification: These improvements are necessary to prevent water pipe breaks and to assure a continuous water supply to the Mira Mesa Community.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Mira Mesa Community Plan and is in conformance with the City's General Plan.

Scheduling: The Miramar Pipeline reinspection started in Fiscal Year 2009 and is scheduled to be completed in Fiscal Year 2012.

Summary of Project Changes: Total estimated project cost decreased by \$106,730 due to a change in project estimates.

Miramar Water Treatment Plant - Upgrade and Expansion 73-284.0 / S-00024

Council District: 5

Community Plan: Scripps Miramar Ranch

Description: This project provides for upgrades to and the expansion of the Miramar Water Treatment Plant, including construction of state-of-the-art filters, rapid mix and de-aeration facilities, chlorine and chemical facilities, four flocculation and sedimentation basins, an ozone structure with generation equipment, site paving, landscaping, and an administration building.

Justification: The Safe Drinking Water Act, mandated by the Environmental Protection Agency and the Department of Public Health, dictates the need to upgrade the existing treatment plant. Increasing demands on the plant by the rapidly growing North City area also necessitate its expansion.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Scripps Miramar Ranch Community Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 1997 and will continue through subsequent phases of work. Construction began on the initial phase of work in Fiscal Year 2001 and is scheduled to be completed in Fiscal Year 2012.

Summary of Project Changes: The budget for Fiscal Year 2010 has increased by \$3.5 million due to re-prioritization of phases. Landscape and Site Improvement phase of project will be accelerated from Fiscal Year 2011 to Fiscal Year 2010. Construction for the SD Flow Control Facilities phase of project was delayed, and is anticipated to begin end of Fiscal Year 2010 and completed in Fiscal Year 2011.

Morena Reservoir Outlet Tower Upgrade 73-321.0 / S-00041

Council District: None

Community Plan: No Community Planning Area

Description: This project provides for upgrading the electrical system and replacing the outlet tower pipes, valves, and platforms.

Justification: The aging outlet tower components are in need of replacement for safety and ease of operation. Furthermore, the electrical system needs to be upgraded to meet current standards, provide better control, and provide safety and better accessibility.

Operating Budget Effect: None

Relationship to General and Community Plans: This project is outside of the City limits and there is no community planning area. This project is in conformance with the City's Progress Guide and General Plan.

Scheduling: Design is estimated to be completed in Fiscal Year 2011 and construction is estimated to begin in Fiscal Year 2012.

Summary of Project Changes: It is proposed to increase the total project costs by \$374,860 in Water Replacement funding to reflect changes to the initial cost estimated and project scope.

Otay Second Pipeline Improvements 73-286.0 / S-00032
Community Plan: Skyline/Paradise Hills, Southeastern
San Diego

Council District: 4, 8

Description: This project provides funding to evaluate the condition of existing pipelines and to make appropriate upgrades and replacements to the water pipeline.

Justification: This pipeline was originally installed in 1928 and has exceeded its useful life expectancy of 60 years. Breaks in the pipeline have revealed severe pipe corrosion in certain locations, requiring upgrades and replacement.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Skyline/Paradise Hills and Southeastern San Diego Community Plans and is in conformance with the City's General Plan.

Scheduling: Engineering studies and design began in Fiscal Year 1999 and were completed in Fiscal Year 2007. Construction began in Fiscal Year 2008 and is scheduled to be completed in Fiscal Year 2015. However, this scheduling is contingent on the assessed condition of the pipeline.

Summary of Project Changes: The total estimated project cost increased by \$1.8 million due to unforeseen conditions, such as conflicts with several underground utilities owned by AT&T and SDG&E and the high costs of dewatering and some design and specification conflict with the actual project condition. Total appropriations for the Cathodic Protection phase were reduced by \$14,660 and moved to O&M for Environmental monitoring

Otay Water Treatment Plant - Upgrade and Expansion 73-285.0 / S-00030

Council District: None

Community Plan: No Community Planning Area

Description: This project provides for upgrading the treatment processes at the Otay Water Treatment Plant to comply with the Safe Drinking Water Act standards. The Safe Drinking Water Act is a federal act, enforced by the State of California.

Justification: New standards required by the Safe Drinking Water Act dictate the need to upgrade the existing water treatment plant standards.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is outside of the City limits and there is no community planning area. This project is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2001 and will continue through subsequent phases of work. Construction began on the initial phase of work in Fiscal Year 2008 and is scheduled to be completed in Fiscal Year 2016.

Summary of Project Changes: The total estimated project cost decreased by \$1.3 million due to lower than expected construction contract bids.

Pomerado Pipeline Number 2 73-248.0 / S-00072

Council District: 5, 7

Community Plan: Scripps Miramar Ranch, Tierrasanta

Description: This project provides for negotiating an agreement with the San Diego County Water Authority for the disposition of the City's share of the Pomerado Pipeline.

Justification: Currently, The City and the San Diego County Water Authority jointly own the Pomerado Pipeline. The agreement will determine the long-term disposition of the pipeline. Negotiations with the San Diego County Water Authority are expected to continue throughout 2009.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Scripps Miramar Ranch and Tierrasanta Community Plans and is in conformance with the City's General Plan.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Rancho Bernardo Reservoir Rehabilitation 73-328.0 / S-00042

Council District: 5

Community Plan: Rancho Bernardo

Description: This project rehabilitates the ten million gallon concrete reservoir to better meet operational needs and seismic codes.

Justification: This rehabilitation project will extend the service life of the existing reservoir and reduce the maintenance required to keep it in safe operating condition.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Rancho Bernardo Community Plan and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2000 and was completed in Fiscal Year 2007. Construction began in Fiscal Year 2008 and was completed in Fiscal Year 2009.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Rancho Penasquitos Pump Station 73-342.0 / S-00043

Council District: 1, 5

Community Plan: Mira Mesa, Rancho Penasquitos

Description: This project provides for the construction of a new water pump station in Rancho Penasquitos.

Justification: This plant is required to deliver treated water from the Miramar Water Treatment Plant to the service area of Rancho Bernardo and most of Rancho Penasquitos and will include Black Mountain Ranch development. This delivery of Miramar Water Treatment Plant water will reduce dependency on imported filtered water and will support future development and growth.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Mira Mesa and Rancho Penasquitos Community Plans and is in conformance with the City's General Plan.

Scheduling: The planning phase started in Fiscal Year 2001. The project was then put on hold until funding could be identified. Presently, the project will be designed and built under a Design-Build delivery process. The Design-Build project started in Fiscal Year 2008 and is scheduled to be completed in Fiscal Year 2010.

Summary of Project Changes: The total estimated project cost increased by \$950,976 due to in-house engineering, consultants, and administrative costs for developing the scope and award of Design/Build contract. Project reflects an \$80,000 adjustment to continue appropriations in Fiscal Year 2009.

South County Raw Water Reservoir Intertie Study 75-939.0 / S-00066

Council District: Citywide

Community Plan: Citywide

Description: This study will coordinate the connection of four outlying reservoirs (Loveland, Murray, San Vicente, and El Capitan) to more efficiently operate our raw water reservoirs. The study will be performed in conjunction with the Secretary of the Interior and the Sweetwater Authority. These funds will be the City's share of a match to the federal funding.

Justification: This study will look for ways to improve the water supply reliability and operational efficiencies of the existing reservoirs.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Planning is scheduled to begin in Fiscal Year 2009. Project is on hold pending study. Future scheduling would be dependent upon the outcome of the study.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Contact: Becky Weber

E-Mail: bweber@sandiego.gov

Phone: 858-614-5716

Council District: Citywide

Community Plan: Citywide

Description: This is phase II of a two-phase program to install a modern Supervisory Control and Data Acquisition (SCADA) system. The SCADA system monitors and controls all critical water distribution sites. Phase I included the central control and operations component, as well as Remote Control Panels (RCPs) at 42 of the water distribution sites. Due to additional work that had been identified, phase II was divided into five parts, phases IIa, IIb, IIc, IId, and IIe. Phase IIa included the installation of RCPs to control 60 additional water distribution sites. Phase IIb included remediation work at 36 existing sites. Phase IIc included installation of RCPs at 29 large meter sites. Phase IId included installation of RCPs at 72 sites, an operating efficiency assessment, a communication network upgrade, and intranet functionality for data access. Phase IIe included the work identified in the Water Operations Optimization plan.

Justification: Although electronic monitoring systems are currently in operation, City crews have no ability to remotely control the water system, and crews must still personally visit various system locations to turn valves and control pumps manually in emergencies. With recent technological advances, new telemetry installations can provide versatility and flexibility. The new SCADA system will upgrade and centralize all telemetry controls into one location to facilitate the control, monitoring and tracking of data. Improved service and quick emergency control over the entire water system will be the ultimate result.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Design began in Fiscal Year 2000 and was completed in Fiscal Year 2001. Construction began in Fiscal Year 2000 and is scheduled to be completed in June of Fiscal Year 2009.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2010.

Torrey Pines Road/La Jolla Boulevard Water Main Replacement 70-953.0 / S-00003

Council District: 1

Community Plan: La Jolla

Description: This project provides for the replacement of approximately 31,496 linear feet of aged 16-inch cast iron pipe along Torrey Pines Road and La Jolla Boulevard.

Justification: This pipeline improvement project is necessary to prevent water pipe breaks and to ensure a continuous water supply to the La Jolla community.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Scheduling: This project was scheduled with multiple phases. Construction of the Fay Avenue Realignment segment was completed in Fiscal Year 2002. Construction of Phase I was completed in Fiscal Year 2006. The Pacific Beach Water Main Accelerated Replacement construction was completed in Fiscal Year 2006. Phase II construction was completed in Fiscal Year 2007. Design of the La Jolla Shores Drive 16" Water Main Replacement (Phase III) was put on hold in Fiscal Year 2006 at 90% completion due to funding issues. The remaining 10% design is scheduled for Fiscal Year 2010, with construction anticipated to begin in Fiscal Year 2011 and completed in Fiscal Year 2013.

Summary of Project Changes: The total estimated project cost increased \$285,671 due to restart of the remaining 10% design of the La Jolla Shores Drive 16" Water Main Replacement (Phase III) scheduled for Fiscal Year 2010. Construction for this phase is anticipated to begin in Fiscal Year 2011 and completed in Fiscal Year 2013.

Water CIP Reserve 75-926.0 / S-00048

Council District: None

Community Plan: No Community Planning Area

Description: This reserve provides for an emergency reserve for Capital Improvement projects.

Justification: This reserve is required to comply with the stipulation in the bond covenants.

Operating Budget Effect: None.

Relationship to General and Community Plans: This reserve is in conformance with the City's General Plan.

Scheduling: The reserve was budgeted in Fiscal Year 1999, and will be held as a continuing appropriation.

Municipal Water

Water Department Security Upgrades 75-931.0 / S-00050

Council District: Citywide

Community Plan: Citywide

Description: This project provides for the design and installation of miscellaneous security systems at various facilities.

Justification: This project provides deterrence, detection and apprehension of unauthorized personnel.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Implementation began in Fiscal Year 2001 and will continue through Fiscal Year 2011.

Summary of Project Changes: No significant change has been made to this project in Fiscal Year 2010.

**Water
Municipal Water**

Water Group 790 73-868.1 / S-10004

Council District: 1, 4

Community Plan: La Jolla, Skyline/Paradise Hills

Description: This project is for the replacement, abandonment and realignment of 2-inch through 12-inch cast iron (CI), wrought iron (WI) and asbestos cements (AC) water mains in Skyline-Paradise Hills (1.3 miles replacement of 8-inch CI water mains in la Jolla area). This project replaces approximately 4 miles of water pipeline along Jamacha Road, 68th Street, Guthrie Way, Cardiff Street, San Vicente Street, Sawtelle Avenue, Skyline Drive, Nautilus Street, Michael John Dr, Aranda Avenue, Avenida Manana, Via Barranca, and Avenida de Las Pescas.

Justification: These improvements are necessary to prevent water pipe breaks and to ensure a continuous water supply to the La Jolla, Skyline-Paradise Hills, and Lomita communities.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the La Jolla and Skyline/Paradise Hills Community Plans and is in conformance with the City's General Plan.

Scheduling: Planing phase began in Fiscal Year 2008. Construction is schedule to begin in Fiscal Year 2010 and will be completed in Fiscal Year 2011.

Summary of Project Changes: This project was converted from a sublet of Annual Allocation - Water Main Replacements to a stand alone project in Fiscal Year 2010, and is a newly published project for Fiscal Year 2010.

Water

Reclaimed Water

Annual Allocation - CIP Contingencies - Reclaimed Water Dist System/RWDS 70-942.0 / A-BS.00002

Council District: Citywide

Community Plan: Citywide

Description: This annual allocation provides for the Water Department's Reclaimed Water Capital Improvements Program project contingency needs.

Justification: To provide better project budget control, reclaimed water project contingency needs (except for annual allocation projects) will be met by this annual allocation.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Projects are scheduled on a priority basis. Carmel Valley, Camino Del Sur, and Los Penasquitos Canyon Reclaimed Water projects began in Fiscal Year 2009.

Summary of Project Changes: The total project cost for annual allocation projects is reflective of the Fiscal Year 2010 budget only. In addition, annual allocations do not show prior year appropriations in the budget. The budget in Fiscal Year 2010 increased from \$250,000 to \$500,000 due to an anticipated increase in reclaimed water projects that will award construction contracts in Fiscal Year 2010.

E-Mail: bweber@sandiego.gov

Phone: 858-614-5716

Description: This project continues to expand service for recycled water produced at the North City Water Reclamation Treatment Plant. The expanded recycled water distribution system will ultimately increase total pipeline from 76-miles to approximately 114-miles. With the expansion, Olivenhain Water District, Santaluz, North Villages and Pacific Highlands Development will be some of the largest customers served. Grants provided through Proposition 13, and 50 and the Bureau of Reclamation (BOR) have been identified for this project.

Justification: Recycled water pipelines have been constructed by private developers or Caltrans. The City needs to construct the gaps to complete the system and start delivering recycled water. The City also needs to expand the distribution system to customers already retrofitted to use recycled water.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the Rancho Penasquitos Community Plan and is in conformance with the City's General Plan.

Scheduling: Planning, design and construction began in Fiscal Year 2001 and will be completed in Fiscal Year 2014. Carmel Valley Reclaimed Water Pipeline, Camino Del Sur Reclaimed Water Pipeline, and Los Penasquitos Canyon/Camino Ruiz Reclaimed Water projects are scheduled for Fiscal Year 2010.

Summary of Project Changes: This project was converted from a stand alone project to an annual allocation for the Fiscal Year 2010 Budget and future years. The total project cost for annual allocation projects is reflective of the Fiscal Year 2010 budget only. In addition, annual allocations do not show prior year appropriations in the budget. The budget for Fiscal Year 2010 decreased by \$1,388,251 due to re-prioritization.

Water

Reclaimed Water

Annual Allocation - Reclaimed Water Extension 70-949.0 / A-HC.00001

Council District: 1

Community Plan: University

Description: This annual allocation provides for pipeline extensions of the City's Recycled Water Distribution System.

Justification: This project provides recycled water to customer's served by the pipeline extensions.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Scheduling: Projects are scheduled on a priority basis. The Sorrento Mesa and Black Mountain Road Recycled Water Pipeline Extension projects are planned for Fiscal Year 2010.

Summary of Project Changes: The budget for Fiscal Year 2010 increased by \$2,652,199 due to the Sorrento Mesa and Black Mountain Road Recycled Water Pipeline Extension projects planned for Fiscal Year 2010.

Expenditures by Revenue Source

**Water
Reclaimed Water**

Recycled Water System Upgrades 75-943.0 / S-10010

Council District: 1, 5, 7

Community Plan: Miramar Ranch North, Mira Mesa,
Carmel Valley, University, Black
Mountain Ranch

Description: This project is needed to ensure that spills from the recycled water system flow into the sewer rather than the storm water system. This project would include 14 Pressure Reducing Station vaults to be retrofitted to divert the drainage inside the vault from storm drain to sewer system, as required by Regional Water Quality Control Board requirements.

Justification: This project is needed to comply with the latest regulatory requirements that recycled water be drained to the sewer system rather than the storm drain system when emergency spills or main breaks occur inside the vaults.

Operating Budget Effect: O&M staff will be assigned to periodically inspect and maintain the storm drain system inside the vault once installed.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Scheduling: Design and construction are scheduled to begin and completed in FY2010.

Summary of Project Changes: This project is a newly published project in Fiscal Year 2010.

Water

Reclaimed Water

South Bay Reclamation System 70-956.0 / S-00018

Council District: 8

Community Plan: San Ysidro, Tia Juana River Valley

Description: This project acquires a pipeline that was installed by the Metropolitan Wastewater Department at Dairy Mart Road. It is approximately 4,145 linear feet of 30" diameter, ductile iron pipe, polyurethane lined and coated. A cathodic protection system is in place on this project. Subsequently, additional sub-projects will be created to form a distribution system for reclaimed water produced at the South Bay Water Reclamation Plant.

Justification: One of the requirements of the Consent Decree Agreement between the City, the State of California and the Environmental Protection Agency is the Beneficial reuse of Title 22 reclaimed water.

Operating Budget Effect: None

Relationship to General and Community Plans: This project is consistent with the San Ysidro and Tia Juana River Valley Community Plans, and it is in conformance with the City's General Plan.

Scheduling: All pipelines for this project have been completed. Final phase consist of installation of a mag-meter assembly to facilitate recycled water billings to the Otay Water District.

Summary of Project Changes: Funding fo Fiscal Year 2009 and Fiscal Year 2010 are for the purchase of a 12 inch mag-meter assembly, to replace the existing 30 inch insertion meter for the Otay Water District for recycled water.
