Capital Budget Introduction

In keeping with the City of San Diego's continued efforts to provide greater transparency for the general public, elected officials, and other City departments, this budget publication has been refined for Fiscal Year 2014. New information has been added or existing material has been reorganized in order to further increase clarity or to aid in locating specific content. This budget publication has been designed to provide the user with project-to-date information for the published 472 standalone and annual allocation type projects managed by 13 asset-owning departments. In order to further advance the goal of transparency, a CIP webpage (<http://www.sandiego.gov/cip/>) was developed by the Public Works - Engineering & Capital Projects Department which provides capital project information that is readily available to the public.

The **Fiscal Year 2014 Adopted Budget Summary** (page 5) focuses on activity anticipated to occur in the upcoming fiscal year. This section explains how the allocation of budget is based on a fund source analysis that take into account project needs and priorities. To assist with the explanation of available resources, this section is broken down by funding source, descriptions, and specific projects included in the Adopted CIP Budget.

The **Profile of the City of San Diego's CIP** (page 29) details the City's Budgeting Best Practices which provides an overview of the multi-year program in accordance with the City's budget policy; the CIP prioritization process; available funding options; operating budget impacts and total project cost estimates. In addition, this section explains how the CIP budget is developed in conjunction with the City's operating budget which follows the timeline established by the City Charter [Section 69]. In addition to existing procedures, a new **Public Input Process** (page 31) for CIP budget development has been incorporated. Through public outreach efforts, the City received 225 project recommendations from the Community Planning Groups via the Community Planning Committee.

A **Fiscal Year 2013 Budget Update** (page 47) details changes made to the CIP since the Fiscal Year 2013 Adopted Budget was published. Of note are new projects added to the Capital Improvements Program; projects closed and no longer published; a breakdown of expenditures by fiscal year; and contracts awarded.

To aid in understanding the development of the CIP budget, descriptions of the **Project Prioritization** process (page 53), **Project Types** (page 67), **Funding Sources** (page 71), and a **Glossary** (page 671) of terms have been included. The **Community Planning** section (page 77) provides additional details and maps of the City's planning areas. A **Guide to the Capital Improvement Projects** (page 81) details areas found on each project page. Each asset-owning department's narrative and project pages follow the Guide. Finally, **Indexes** (page 677) will help guide the user to specific projects.

Page Intentionally Left Blank

Capital Improvements Program

Fiscal Year 2014 Adopted Budget Summary

The Fiscal Year 2014 Adopted Capital Improvements Program (CIP) Budget is \$179.4 million. This Adopted budget allocates existing funds and anticipated revenues to both new and continuing projects in the City's \$5.75 billion multi-year CIP. The Adopted allocation of funds is based upon an analysis of available funding sources as well as a review of project needs and priorities. The City's CIP needs often outweigh available resources; therefore, the Adopted CIP budget is constrained by the availability of funds. The Fiscal Year 2014 Adopted CIP Budget, as summarized in **Table 1** below, is funded by a variety of sources, including water and sewer enterprise funds, TransNet, development impact fees, and facilities benefit assessments. Further details on these funding sources and the specific projects included in the Fiscal Year 2014 Adopted CIP Budget can be found later in this section, beginning on 8.

Table 1: Fiscal Year 2014 Adopted CIP Budget

Funding Source	FY2014 Adopted Budget	Percent of Total CIP Budget
Airport Funds	\$ 2,400,000	1.3%
Bus Stop Improvement Fund	100,000	0.1%
Developer Funding	1,348,749	0.8%
Development Impact Fees	7,560,675	4.2%
Donations	76,000	0.0%
Energy Conservation Program Fund	200,000	0.1%
Environmental Growth Funds	401,885	0.2%
Facilities Benefit Assessments	7,774,824	4.3%
General Fund	(116,541)	-0.1%
Golf Course Enterprise Funds	4,055,000	2.3%
Grant Fund - State	846,950	0.5%
Maintenance Assessment Districts	1,324,919	0.7%
Mission Bay Improvements Fund	3,114,678	1.7%
Park Service District Fund	156,300	0.1%
Proposition 42 - Transportation Relief Fund	2,000,000	1.1%
QUALCOMM Stadium Fund	750,000	0.4%
Refuse Disposal Fund	605,000	0.3%
Regional Park Improvements Fund	3,000,000	1.7%
Regional Transportation Congestion Improvement Program Fund	750,000	0.4%
Sewer Funds	72,217,229	40.2%
TransNet Funds	22,277,719	12.4%
Trench Cut/Excavation Fee Fund	2,000,000	1.1%
Water Fund	46,596,937	26.0%
Total	\$ 179,440,324	

Capital Improvements Program

Fiscal Year 2014 Adopted Budget Summary

An additional \$132.6 million of funding is anticipated to be received during Fiscal Year 2014. This anticipated funding is not included in the Adopted budget amount of \$179.4 million because the funding sources either require additional City Council approval, such as debt financing and grants, or the funding sources are more tentative and staff will request City Council approval to appropriate when the funds have been received. Anticipated funding includes a variety of funding such as donations, grants, developer funding, and facilities benefit assessments, as well as a third deferred capital bond issuance anticipated to be considered by City Council in the near future. It should be noted that the \$35.0 million in bond proceeds approved by City Council in Fiscal Year 2013 but received in July 2013 for CIP projects is included in the anticipated funding due to the timing of the receipt of the bond proceeds.

The Fiscal Year 2014 Adopted CIP Budget of \$179.4 million will support various types of projects, as displayed in **Figure 1**, such as water and sewer facilities, buildings, and transportation projects. Because the allocation of resources is primarily driven by the availability of funds, the distribution of the Adopted CIP Budget is concentrated on those project types with dedicated funding sources. The Water and Sewer Funds account for the majority of the Adopted CIP Budget and support water and wastewater project types. In addition, 86 percent of the Adopted CIP Budget allocation for City buildings is for buildings that are maintained and operated by the Public Utilities Department and are funded by the Water and Sewer Funds. Transportation projects are primarily funded by TransNet, which may also fund transportation components of other project types in the right-of-way. Landfills, airports, and golf project types are funded by enterprise funds. Parks, and other building projects such as police, fire, and library buildings, compete for scarce resources, including development impact fees and the City's General Fund.

Figure 1: Percent of Projects by Project Type

Capital Improvements Program

Fiscal Year 2014 Adopted Budget Summary

The City's multi-year CIP includes assets which are maintained and operated by a variety of City departments, as shown below in **Table 2**. The largest funding allocation in the Fiscal Year 2014 Adopted CIP Budget is for the Public Utilities Department's projects, receiving \$118.8 million, or 66.2 percent, of the Adopted CIP Budget. The next largest portion is for the Transportation & Storm Water Department's projects, with \$38.9 million, or 21.7 percent, of the Adopted CIP Budget. This distribution of funding for each department's projects is primarily dependent upon the availability of funding for the types of assets maintained by each department, combined with the amount, size and condition of those assets. Project pages for each asset-owning department can be found later in this volume, beginning on page 89.

Table 2: Multi-Year CIP

Department	Prior Fiscal Years	FY2014 Adopted Budget	Future Fiscal Years	Total
Airports	\$ 15,944,843	\$ 2,400,000	\$ 12,000,000	\$ 30,344,842
Department of Information Technology	1,100,000	-	-	1,100,000
Environmental Services	83,586,825	805,000	15,314,251	99,706,076

Special Promotional Programs	2,732,728	-	-	2,732,728
Transportation & Storm Water	843,267,732	38,873,751	1,421,702,087	2,303,843,570
Total	\$ 2,537,346,656	\$ 179,440,324	\$ 3,029,990,058	\$ 5,746,777,038

The Fiscal Year 2014 Adopted CIP Budget will add \$179.4 million to the City's \$5.75 billion multi-year CIP, as reflected in **Table 2**. City Council previously approved \$2.54 billion towards projects that are continuing from previous fiscal years. An estimated \$3.03 billion of additional funding will be needed in future years to complete the projects currently in the City's CIP and to fund annual ongoing capital expenses, such as road resurfacing and pipe replacements. The City's CIP does not include all of the City's unfunded CIP needs or new projects which may be added in future years. For more information about the City's multi-year CIP, please refer to the Profile of the City of San Diego's CIP section, beginning on page 29.

The Fiscal Year 2014 Adopted CIP Budget development process took into consideration community input from public outreach efforts conducted by the Public Works Department. In addition to existing pre-established procedures, the City worked with the Community Planning Committee (CPC) to create another process for which the public could have an opportunity to recommend projects for the Fiscal Year 2014 Adopted CIP Budget. Immediately following approval of last year's CIP Budget, the Public Works Department initiated efforts to develop a process to gain community input prior to development of the City's Fiscal Year 2014 CIP Budget. The CPC agreed to partner with City departments in this effort. During the month of August, a core group of CPC members met with

Capital Improvements Program

Fiscal Year 2014 Adopted Budget Summary

representatives from the Public Works-Engineering & Capital Projects Department, Financial Management Department, and Office of the Independent Budget Analyst to develop a plan to gather CIP project recommendations from the 42 Community Planning Groups. It was important to the CPC and each community that the project requests be made at the community level to reflect the unique needs of each community throughout the City. In September, the City hosted three training sessions providing an overview of the City's CIP processes, funding constraints, and project identification. During October and November the Community Planning Groups held public meetings and gathered input. In November, the CPC compiled all of the input and submitted it to the City's Public Works Department. The City's Public Works Department then distributed the public's requests to each of the asset-owning departments for consideration in development of the Fiscal Year 2014 Adopted CIP Budget. As a result of this new effort, the City received input from 29 of the Community Planning Groups which included requests for 225 new projects in addition to prioritizing existing projects.

Funding Sources for the Fiscal Year 2014 Adopted CIP Budget

The Fiscal Year 2014 Adopted CIP Budget of \$179.4 million was developed by evaluating available funding sources for new and continuing CIP projects. The following discussion identifies the funding sources which have been allocated to projects for Fiscal Year 2014 and describes each funding source's purpose and constraints. Some funding sources are very flexible and can be used for a variety of projects while other funding sources are restricted, in some cases to certain types of projects or areas of the community. Further, funds to support capital projects are limited, requiring that project needs and priorities be evaluated within the requirements of the funding source. For more information on the more common funding sources used in the CIP, refer to the Funding Sources section of this volume beginning on page 71. While projects are prioritized within project types, funding sources may be constrained by other factors, such as geographic region or specific contractual agreements. Therefore, projects with low priority scores may be proposed to receive funding because they are the highest scoring projects that meet the requirements of a particular funding source.

The Fiscal Year 2014 Adopted CIP Budget includes funding for 112 projects, 16 of which are new this year. Most of the projects are standalones, limited to a single asset or set of assets with a clear scope for project completion, while others are annual allocation projects which receive funding each year to provide for ongoing repair and replacement of a certain asset type.

Included with the description of each funding source is a list of the projects that are proposed to receive funding in Fiscal Year 2014. Projects are listed in alphabetical order along with the project's page number, an indication of whether the project is new for Fiscal Year 2014 or continuing from a prior year, the project's priority score and category, and the Fiscal Year 2014 Adopted Budget amount. Annual allocation projects and projects in construction are not scored. Refer to the Project Prioritization section on page 53 for more information on the scoring process.

Airport Funds

The Airport Funds are enterprise funds that support the Montgomery and Brown Field Airports. These funds receive revenue from the operations of the airports, which in turn are used to fund capital projects that improve and/or maintain the condition of the airports. Projects for both Montgomery and Brown Field received additional funding in Fiscal Year 2014, for a total Airport Funds allocation of \$2.4 million, as shown in **Table 3**.

Capital Improvements Program

Fiscal Year 2014 Adopted Budget Summary

Table 3: Airport Funding

Project	Page No.	Project Status	Priority Score	Priority Category	FY2014 Adopted
Brown Field / AAA00002	95	Continuing	Annual	Annual \$	1,400,000
Montgomery Field / AAA00001	96	Continuing	Annual	Annual	1,000,000
Total				\$	2,400,000

Bus Stop Improvement Fund

The City receives revenue for advertisements on bus benches and bus shelters. This funding is restricted to making capital improvements to roadways adjacent to bus stops. Fiscal Year 2014 revenues in this fund are budgeted for installing concrete bus pads. The Adopted CIP Budget for Fiscal Year 2014 is \$100,000, as shown in **Table 4**.

Table 4: Bus Stop Improvement Fund

Project	Page No.	Project Status	Priority Score	Priority Category	FY2014 Adopted
Bus Stop Improvements / AID00007	527	Continuing	Annual	Annual \$	100,000
Total				\$	100,000

Developer Funding

Contributions may be received from developers to support City CIP projects. These funds are provided in order to satisfy conditions placed on development and are usually restricted to certain projects, or types of projects, in specific areas. For Fiscal Year 2014, \$1.3 million of developer funding is to be added to the CIP budget for two continuing projects as shown in **Table 5**.

Table 5: Developer Funding

Project	Page No.	Project Status	Priority Score	Priority Category	FY2014 Adopted
Montgomery Academy Joint Use Improvements / S00973	279	Continuing	N/A	N/A \$	396,000
Via de la Valle Widening / RD11001	659	Continuing	N/A	N/A	952,749
Total				\$	1,348,749

Development Impact Fees

Development impact fees (DIFs) are assessed to mitigate the impacts of development on a community. These funds are then used to expand existing City facilities or build new facilities to support the increased population. DIFs are assessed within a specific community and must be used for expanded or new facilities within the same community. A total of \$7.6 million in DIF funding has been added to CIP projects in Fiscal Year 2014. A summary of these amounts by community is provided in **Table 6**.

Table 6: Development Impact Fees by Community

Community	FY2014 Adopted Budget
Barrio Logan	\$ 475,000
Clairemont Mesa	75,000
College Area	570,000

Capital Improvements Program

Greater North Park	200,000
Greater North Park SPF	2,198,675
La Jolla	135,000
Linda Vista	70,000
Mid City Park	1,200,000
Mid City	52,000
Midway/Pacific Highway	300,000
Otay Mesa/Nestor	190,000
San Ysidro	900,000
Uptown	800,000
Total	\$ 7,560,675

Available DIF funding is one of the most competitive funding sources in the CIP. The needs of most urbanized communities outweigh the availability of funds. A total of 14 projects have received DIF funding in Fiscal Year 2014 as shown in **Table 7**. The Americans with Disabilities Improvements, Traffic Signals - Citywide, and Traffic Signals Modifications annual allocation projects will provide improvements throughout many different communities and, as a result, will receive funding from the various DIF communities in which the projects are taking place. The other DIF funded projects are located within individual DIF communities.

Table 7: Development Impact Fees

Capital Improvements Program

Fiscal Year 2014 Adopted Budget Summary

Donations

The City may accept donations from private sources, such as residents, private organizations, and businesses to support City CIP projects. For Fiscal Year 2014, \$76,000 in donations has been added to the CIP budget to support one new project, as shown in **Table 8**.

Table 8: Donations

Project	Page No.	Project Status	Priority Score	Priority Category	FY2014 Adopted
Ocean Beach Veterans Memorial / S14012	290	New	37	Low \$	76,000
Total				\$	76,000

Energy Conservation Program Fund

The Energy Conservation Program Fund is an internal service fund that receives funding from other City departments to support energy costs at City facilities and to implement conservation programs. The fund also receives grants and rebates to implement energy efficiency improvements at City facilities. For Fiscal Year 2014, \$200,000 has been added to the CIP budget, as shown in **Table 9**.

Table 9: Energy Conservation Program Fund

Project	Page No.	Project Status	Priority Score	Priority Category	FY2014 Adopted
Citywide Energy Improvements / ABT00003	114	Continuing	Annual	Annual \$	200,000
Total				\$	200,000

Environmental Growth Funds

A portion of franchise fee revenue from the transmission and distribution of gas, electricity, and steam is allocated to the Environmental Growth Fund in accordance with City Charter Article VII, Section 103.1a. Funds are used exclusively for the purpose of preserving and enhancing the environment of the City of San Diego. For Fiscal Year 2014, \$401,885 has been allocated to three projects, as shown in **Table 10**.

Table 10: Environmental Growth Funds

Resource-Based Open Space Parks / AGE00001	309	Continuing	Annual	Annual	126,885
Total				\$	401,885

Facilities Benefit Assessments

A Facilities Benefit Assessment (FBA) generally provides 100 percent of funds for public facilities projects which service a designated area of benefit and are identified in the Public Facilities Financing Plan (PFFP). The dollar amount of the assessment is based upon the cost of each public facility equitably distributed over a designated area of benefit in the community planning area. Fees will be paid on the actual development when permits are issued. A total of \$7.8 million has been added to the Fiscal Year 2014 Adopted Budget as shown in **Table 11**.

Capital Improvements Program

Total					\$ 7,774,824

General Fund

The City's General Fund supports core community services, such as public safety, parks, libraries, refuse collection, and roadway maintenance. The largest funding sources for the General Fund are taxes, such as property, sales, and transient occupancy taxes, and franchise fees. Because the General Fund is the primary funding source for basic City services and those funds are limited, General Fund monies are only used for the most urgent capital projects that do not have any other available funding sources. The use of General Fund monies for CIP impacts the operational budgets of the departments requesting these funds. The General Fund CIP budget for Fiscal Year 2014 is (\$116,541), as shown in **Table 12**.

Table 12: General Fund

Sidewalk Repair and Reconstruction / AIK00003	630	Continuing	Annual	Annual	400,000
Total					\$ (116,541)

Golf Course Enterprise Funds

The Golf Course Enterprise Funds support the City's three municipal golf courses: Balboa Park, Mission Bay, and Torrey Pines. These funds receive revenue from the operations of the golf courses, which are in turn used to fund capital projects that improve and/or maintain the condition of the courses. Projects for Balboa Park, Mission Bay, and Torrey Pines Golf Courses received additional funding in Fiscal Year 2014, for a total Golf Course Enterprise Funds allocation of \$4.1 million as shown in **Table 13**.

Table 13: Golf Course Enterprise Funds

Capital Improvements Program

Fiscal Year 2014 Adopted Budget Summary

Grant Fund - State

Some projects are entirely or partially funded by grants and reimbursements from the State and federal governments and other agencies. For Fiscal Year 2014, \$846,950 in grant funding has been added to the CIP budget to support one new project, as shown in **Table 14**.

Table 14: Grant Fund - State

Project	Page No.	Project Status	Priority Score	Priority Category	FY2014 Adopted
Central Avenue Mini Park Phase II Skate Plaza / S14010	222	New	57	Medium \$	846,950
Total				\$	846,950

Maintenance Assessment Districts

Property owners in Maintenance Assessment Districts (MADs) assess themselves in order to pay for enhanced improvements, maintenance, services, and activities in their community. If those improvements are capital in nature, they are included in the CIP budget. Listed below in **Table 15** are the \$1.3 million of MAD-funded projects requested by the respective districts for inclusion in the Fiscal Year 2014 Adopted CIP Budget.

Mission Bay Improvements Fund

The Mission Bay Improvements Fund receives revenue from Mission Bay rents and concessions in accordance with San Diego City Charter Article V, Section 55.2. These funds may only be spent in the Mission Bay Park for capital improvements. The Adopted budget of \$3.1 million is based on current projections of the revenue for Fiscal Year 2014. Once the revenue is received, the Park & Recreation Department will work with the Mission Bay Park Improvement Fund Oversight Committee to identify specific sub-projects based on the actual amount of available revenue. The Adopted CIP Budget of \$3.1 million has been placed in the Mission Bay Improvements annual allocation, as shown in **Table 16**, to support the dredging of Mission Bay.

Capital Improvements Program

Fiscal Year 2014 Adopted Budget Summary

Table 16: Mission Bay Improvements Fund

Project	Page No.	Project Status	Priority Score	Priority Category	FY2014 Adopted
Mission Bay Improvements / AGF00004	272	Continuing	Annual	Annual \$	3,114,678
Total				\$	3,114,678

Park Service District Funds

Park Service District Funds were established to support park facilities. The funds must be used for capital improvements within the district in which the funds were collected. These funds are no longer earning revenue and have been replaced with development impact fees and facilities benefit assessments, which include a park component in the fees. In an effort to allocate remaining funds, \$156,300 of Park Service District funds have been added to the Adopted CIP Budget for Fiscal Year 2014 as shown in **Table 17**.

Table 17: Park Service District Funds

Project	Page No.	Project Status	Priority Score	Priority Category	FY2014 Adopted
San Ysidro Athletic Area & Larsen Field Lighting / S11013	315	Continuing	83	High \$	156,300
Total				\$	156,300

Proposition 42 - Transportation Relief Fund

The State of California imposes taxes on the sale of fuel. Effective July 1, 2010, the State repealed the sales tax on fuel, effectively eliminating Proposition 42, and replaced it with an excise tax (Highway Users Tax - Section 2103). Funds from the new excise tax are restricted by Article XIX of the California State Constitution and Streets and Highways Code Section 2101 to the research, planning, construction, improvement, maintenance, or operation of the public right-of-way and related facilities. In Fiscal Year 2014, the Highway Users Tax - Section 2103 rate per gallon is \$0.215. The City allocates the majority of these revenues for slurry seal; however, in Fiscal Year 2014, \$1,500,000 is budgeted to reconstruct concrete streets and \$500,000 is budgeted for the repair and reconstruction of sidewalks. The fuel excise tax collected under Highway Users Tax Sections 2104-2108 of \$0.18 per gallon of unleaded fuel and \$0.13 per gallon of diesel fuel is budgeted within the City's Gas Tax Fund. For Fiscal Year 2014, \$2,000,000 has been allocated to two annual allocations, as shown in **Table 18**.

Table 18: Proposition 42 - Transportation Relief Fund

Project	Page No.	Project Status	Priority Score	Priority Category	FY2014 Adopted
Concrete Streets / AID00006	541	Continuing	Annual	Annual \$	1,500,000
Sidewalk Repair and Reconstruction / AIK00003	630	Continuing	Annual	Annual	500,000
Total				\$	2,000,000

QUALCOMM Stadium Fund

The Qualcomm Stadium Fund receives revenue from a variety of hosted events at Qualcomm Stadium. As the Stadium ages, regular upgrades and renovations are required for various components of the facility. The annual allocation for capital improvements provides for those needed improvements. For Fiscal Year 2014, \$750,000 has been allocated to one annual allocation, as shown in **Table 19**.

Capital Improvements Program

Total				\$	750,000

Refuse Disposal Fund

The Refuse Disposal Fund is an enterprise fund that is used to operate the City's Miramar Landfill and maintain the City's inactive landfills. Most of the capital projects supported by this fund are focused on ensuring regulatory compliance at these landfills. Projects are funded and prioritized based on deferred capital and regulatory requirements. For Fiscal Year 2014, \$605,000 has been allocated to two annual allocations, as shown in **Table 20**.

Table 20: Refuse Disposal Fund

Minor Improvements to Landfills / AFA00001	119	Continuing	Annual	Annual	330,000
Total				\$	605,000

Regional Park Improvements Fund

The Regional Park Improvements Fund receives revenue from Mission Bay rents and concessions in accordance with San Diego City Charter Article V, Section 55.2. These funds may only be spent on capital improvements in the City's regional parks, including Balboa Park, Chollas Lake Park, Mission Trails Regional Park, Otay River Valley Park, Presidio Park, San Diego River Park, open space parks, and coastal beaches and contiguous coastal parks. The Adopted budget of \$3.0 million is based on current projections of the revenue and estimated fund balance for Fiscal Year 2014. Once the revenue is received, the Park & Recreation Department will work with the San Diego Regional Parks Improvement Fund Oversight Committee to identify specific sub-projects based on the actual amount of available revenue. The Fiscal Year 2014 Adopted CIP Budget of \$3.0 million from the Regional Park Improvements Fund, as shown in **Table 21**, will add funding to one new and five continuing projects, which includes two annual allocations.

Table 21: Regional Park Improvements Fund

Capital Improvements Program

Fiscal Year 2014 Adopted Budget Summary

Regional Transportation Congestion Improvement Program Fund

The Regional Transportation Congestion Improvement Program (RTCIP) is an element of the TransNet Extension Ordinance requiring the City to collect an exaction for new residential developments. RTCIP Fees are to be spent only on improvement to the Retinal Arterial System (RAS) to mitigate development impact. For Fiscal Year 2014, \$750,000 has been added to the CIP budget, as shown in **Table 22**.

Table 22: Regional Transportation Congestion Improvement Program Fund

Total				\$	750,000

Sewer Funds

The Sewer Funds are enterprise funds that support the Municipal and Metropolitan Sewer Systems. Funding for sewer capital projects is provided by a variety of sources, including sewer rates, bond financing, state revolving fund loans, and grants. A total of \$72.2 million in Sewer Funds is added to the CIP budget for Fiscal Year 2014, as shown in **Table 23**. This funding will support Environmental Protection Agency (EPA) Consent Decree projects as well as projects to meet the requirements of the Clean Water Act and projects to replace and/or rehabilitate the aging sewer system infrastructure.

TransNet Funds

TransNet is a one-half cent local sales tax that can only be used for projects in the City's right-of-way. The primary goal of TransNet funding is to reduce traffic congestion. In addition to roadway improvements, the funds can be used for bicycle facilities, bridges, pedestrian facilities and traffic signals. The City's transportation needs greatly outweigh the availability of funds. Projects are

Capital Improvements Program

Fiscal Year 2014 Adopted Budget Summary

considered for inclusion in the budget based on community needs and the individual project's priority score. Efforts are made to distribute funding among all transportation assets types, such as roadways, traffic signals and calming, and bike facilities. Priority scores vary among the transportation asset types which results in funding some projects that are scored lower within the overall transportation category but highest within the individual asset type. The Fiscal Year 2014 Adopted CIP Budget of \$22.3 million, as shown in **Table 24**, adds funding to 19 continuing projects, which includes nine annual allocations.

Trench Cut/Excavation Fee Fund

Pavement deterioration studies show that pavement excavations will significantly degrade and shorten pavement life. Street Damage Fees are collected from excavators to recover the increased repaving and reconstruction costs incurred by the City as a result of trenching. In conjunction with the Streets Preservation Ordinance adopted in January 2013, Council approved a graduated increase in fees towards full cost recovery. Fees depend on the size of the trench, the age of the pavement, and the type of utility. For Fiscal Year 2014, \$2,000,000 has been allocated to one annual allocation, as shown in **Table 25**.

Fiscal Year 2014 Adopted Budget Summary

Water Fund

The Water Fund is an enterprise fund that supports the City's Water System. Funding for water capital projects is provided by a variety of sources, including water rates, bond financing, state revolving fund loans, and grants. The Fiscal Year 2014 Adopted CIP Budget of \$46.6 million from the Water Fund, as shown in **Table 26**, includes projects contained in the Compliance Order from the California Department of Public Health as well as projects to meet the requirements of the federal Safe Drinking Act and projects to replace and/or rehabilitate the aging water system infrastructure.

Projects to Fund with Other Project Savings

Following, in **Table 27**, is a list of underfunded projects that are proposed to receive funding during Fiscal Year 2014, pending availability of funds from other project closures. This list is organized in priority order by project and includes the project's page number and priority score along with the phase or activity that would be funded and the amount of funding needed for that phase of the project. If approved, these projects will be eligible to receive a budget increase without returning to City Council during the fiscal year. If another project is completed and closed with budget remaining, it may be transferred to the first eligible project on this list, rather than returning the unspent money to fund balance. By receiving City Council approval for these budget transfers in advance, these projects can be accelerated as soon as funding becomes available. If the first project is not eligible

Capital Improvements Program

Fiscal Year 2014 Adopted Budget Summary

for the available funding source, or if available funds exceed the amount requested for the project, the amount not allocated to the first project would move on to the next project on the list and so forth. This budgetary authority is included in the Fiscal Year 2014 Appropriations Ordinance.

Developer Credits

Pursuant to the Municipal Code and City of San Diego RTCIP Funding Program, the City may accept public facilities improvements as consideration in lieu of the FBA, DIF, or RTCIP. In these cases a developer provides capital improvements as credit against current and future fees. The amount of the credit is based on the final cost of the capital improvements as verified by the City. A credit is only available based upon an executed reimbursement agreement which has been approved by City Council and pursuant to the RTCIP Credit Policy. Because the City does not receive cash as reimbursement for capital improvements provided by the developer, FBA credits are not included as a funding source in the department's CIP project pages. Therefore, in order to show the contribution of FBA credits to the Capital Improvement Program, a list of projects receiving developer credits are listed below in **Table 28**.

Note: The Credit listings above are exclusive to those projects which are being funded through FBA, DIF, and RTCIP credits and is not inclusive of the entire funding program.

¹ PFFP stands for Public Facilities Financing Plan.

² A full description of each project is contained in the respective Public Facilities Financing Plans.

³ The timing of the funding for this project has been pushed back; therefore, previous FY 2013 anticipated funding has been combined into Future Years Credit.

⁴ This is a completed project with remaining FBA credits scheduled for future years.

⁵ A full description of each project is contained in the Quarry Falls Transportation Phasing Plan Project No. 49068.

Planned Construction Contracts

In late Fiscal Year 2012, City Council approved increases in the Mayor's CIP contract execution thresholds. As a result, most CIP projects are able to proceed with awarding construction contracts without returning to City Council for additional authorization, as long as City Council has approved the project's budget and the contract is under \$30 million. This is estimated to reduce project execution timelines by three to 12 months. Since the individual contracts will no longer be brought before City Council prior to award, they are provided here. The list of projects anticipated to move forward to bid and award construction contracts during Fiscal Year 2014 is shown in Table 29; any changes to the list (i.e., added/deleted projects or contracting method) throughout the fiscal year will be communicated to the City Council. The list is organized by department and then alphabetically by project and includes the construction contract delivery method and estimated amount of the contract.

Capital Improvements Program

Fiscal Year 2014 Adopted Budget Summary

Conclusion

The Fiscal Year 2014 Adopted CIP Budget provides a \$179.4 million increase to the City's multi-year CIP. This budget will establish 16 new projects and add funding to 112 continuing projects spanning a variety of departments and project types. The Fiscal Year 2014 Adopted CIP Budget also includes a list of underfunded projects which are Adopted to receive funding if other projects have savings at project completion, and a list of projects which are anticipated to be entering into construction contracts during the fiscal year. City Council approved the \$179.4 million increase to the City's CIP (**Tables 3-26**), the projects to fund when other projects close (**Table 27**) and the planned construction contracts (**Table 29**) for Fiscal Year 2014.

Profile of the City of San Diego's CIP

Budgeting Best Practices

The City of San Diego's Capital Improvements Program (CIP) is a multi-year forecast of capital needs which includes new construction projects and planned improvements of existing facilities. The CIP establishes structure and consistency by identifying, prioritizing, approving, and funding capital improvement projects through coordination of the participating City departments and the Mayor's Capital Improvements Program Review and Advisory Committee (CIPRAC). Implementation of CIP projects is based on the City's adopted General Plan and applicable community plans.

In accordance with the City's budget policy (City Council Policy 000-02), CIP descriptions clearly establish that a project is capital in nature. Projects include, but are not limited to, the construction, purchase, or major renovation of buildings, utility systems, and other facilities; in addition to land acquisition and roadway projects. Each capital project is represented by a City department and categorized by project type and improvement type. Project types provide a categorized breakdown of the type of facility being constructed or improved. Improvement types describe the project's impact on existing assets and may be identified as providing betterment, expansion, replacement, or widening of an existing City asset or the project may result in a new asset to the City. Project types are discussed in greater detail beginning on page 67.

The City's CIP prioritization process establishes guidelines for project selection and an objective process for ranking projects which then allows decision-makers a basis for optimizing the use of available funding resources. City Council Policy 800-14 details the purpose, process, and implementation of the City's prioritization process. For further information on priority scores and policies see the Project Prioritization section on page 53.

Funding for the CIP is programmed from a variety of sources, such as: sewer and water fees, a one half-cent local sales tax for transportation improvements, development impact fees, facilities benefit assessments, private donations, the sale of City-owned property, and State and federal grants. Financing in the form of bonds may be utilized for large and/or costly projects, and deferred capital project needs.

Additionally, funding options utilizing the available resources are taken into consideration in the programming of projects. Annual allocations are budgeted each year and allow the City to better plan for the expansion, renovation, reallocation, or replacement of facilities, as well as providing for emergency and accelerated construction needs. This type of financial planning allows the City to better address State and federal standards. Phase funding provides a process by which large projects are budgeted in an efficient manner that maximizes the use of available funds. This method of funding allows the contract or project to be divided into clearly defined phases which are contracted for independently, allowing the funds to be phased into the project based on the timing of expenses.

Identification of unfunded needs, or unidentified funding, provides a method for communicating resource requirements of projects that are not fully funded and for which a fund source has not yet been identified. Some CIP project schedules indicate an undetermined timeline with unfunded needs as a mechanism to communicate intent or community support for improvements.

The operating budget impact included on most CIP projects provides a reasonable estimate of a capital project's effect on the operating budget of the asset-owning department. New or expanded capital projects can lead to increased programs which require additional personnel and non-personnel expenditures. Conversely, capital enhancements, such as energy efficiencies, may

Capital Improvements Program

Profile of the City of San Diego's CIP

reduce on-going operating or maintenance expenditures. Explanation of the operating budget impact establishes the connection between the construction of an asset and the required operational needs following project completion.

CIP project cost estimates are developed by City departments based on capital asset type and commonly accepted methodology to determine a project cost that is complete, reliable, attainable, and easily verified. Project budgets consist of identified or potential funding sources and previously allocated funding. City departments are responsible for the regular monitoring of expenditures, encumbrances, and continuing appropriations of authorized CIP budgets in order to ensure accuracy and accountability within each project. Financial data referenced in the budget includes total costs and fund allocations since project inception.

The CIP budget is the mechanism that implements the CIP and fulfills a requirement of the City Charter (Section 69). The City Council annually approves the CIP budget and the allocation of funds for the included projects via the Appropriations Ordinance (AO) which establishes capital spending limits for a given fiscal year. These limits include appropriations carried forward from prior years as authorized in the City Charter (Section 84). Although the budget includes a provision for current year anticipated funding, these funds are not included in the AO as they are either not certain to be received within the fiscal year or the appropriation of the funds will require additional legal authority. Spending limits, based on updated information, can be amended during the year through City Council action. For example, a grant may be shown as anticipated until all related documents are fully executed. The agreements must be accepted and the funding appropriated via an approved Council resolution.

CIP Streamlining and Transparency

In accordance with Council Policy 000-31, Capital Improvements Program Transparency, the Fiscal Year 2014 Adopted CIP Budget document includes the following information.

- A list of underfunded projects which are proposed to receive funding if other projects have savings at project completion is provided on page 19.
- A list of projects entering into construction contracts is provided on page 22 so that City Council may review the contracts as part of the budget process, rather than requiring a project to return to City Council later in the fiscal year.
- All projects in the Fiscal Year 2014 Adopted CIP Budget have been organized into four project status categories as shown in **Table 2** at the end of this section on page 35. The project status categories are:
 - *New*: projects that are newly established as part of the Fiscal Year 2014 Adopted Budget
 - *Continuing*: projects initiated in Fiscal Year 2013, or in a prior year, and are currently in progress
 - *Warranty*: projects that are technically completed, and the asset has been put into service, but have not yet been closed
 - *Underfunded*: projects that are on hold due to lack of funding
- Details of funding sources and Adopted Fiscal Year 2014 allocations for City Council approval can be found in the Fiscal Year 2014 Adopted CIP Budget Summary (pages 5-28).
- Department narratives have been included for each asset-owning department in conjunction with a list of that department's projects and precede each department's project pages.

Capital Improvements Program Profile of the City of San Diego's CIP

- A CIP webpage (<http://www.sandiego.gov/cip/>) was created last year by the Public Works - Engineering & Capital Projects Department which provides project information that is readily available to the public.

New Public Input Process for CIP Budget

The Fiscal Year 2014 Adopted CIP Budget development process took into consideration community input from public outreach efforts conducted by the Public Works Department. In addition to existing pre-established procedures, the City worked with the Community Planning Committee to create another process for which the public could have an opportunity to recommend projects for the Fiscal Year 2014 Adopted CIP Budget. Immediately following approval of last year's CIP Budget, the Public Works Department initiated efforts to develop a process to gain community input prior to development of the City's Fiscal Year 2014 CIP Budget. The Community Planning Committee (CPC) agreed to partner with City departments in this effort. During the month of August, a core group of CPC members met with representatives from the Public Works-Engineering & Capital Projects Department, Financial Management Department, and Office of the Independent Budget Analyst to develop a plan to gather CIP project recommendations from the 42 Community Planning Groups. It was important to the CPC and each community that the project requests be made at the community level to reflect the unique needs of each community throughout the City. In September, the City hosted three training sessions providing an overview of the City's CIP processes, funding constraints, and project identification. During October and November the Community Planning Groups held public meetings and gathered input. In November, the CPC compiled all of the input and submitted it to the City's Public Works Department. The City's Public Works Department then distributed the public's requests to each of the asset-owning departments for consideration in development of the Fiscal Year 2014 CIP Budget. As a result of this new effort, the City received input from 29 of the Community Planning Groups which included requests for 225 new projects in addition to prioritizing existing projects.

CIP Performance Measures

In order to evaluate the success of the execution of the City's entire Capital Improvements Program, the following performance measures will be tracked and reported to the Infrastructure Committee twice a year as part of the State of the CIP Report. These seven measures were designed to give an accurate and transparent account of ongoing CIP activity.

- The total amount expended on CIP projects.
- The percentage of available budgeted CIP funds that have been expended.
- The value of CIP contracts awarded for construction.
- The value of CIP construction work-in-place.
- The average number of days from bid opening to construction contract award for CIP projects. The target is 80 calendar days.
- The number of notices of award for CIP construction contracts.
- The percentage of all CIP funds awarded through construction and consultant contracts that are restricted to SLBE/ELBE certified firms. The program target is to have 15 percent of all such funds awarded to SLBE/ELBE certified firms.

Multi-Year CIP Program

The City's multi-year CIP plan is a five-year program that incorporates five fiscal years of budget data. It includes all on-going projects with details of current budget-to-date and expended/encumbered funding, while also detailing future revenue estimates and forecasting future needs.

Capital Improvements Program

Profile of the City of San Diego's CIP

The multi-year program serves as a planning tool for balancing anticipated funding with community needs and requests. The five-year CIP not only shows the current Adopted budget but is a reflection of future intent. Projected budgets shown for the next four fiscal years are not a part of the annual Appropriations Ordinance adopted by City Council.

Future year funding is based upon estimated revenue from various sources. For example, Facilities Benefit Assessments (FBA) are dependent upon the rate of development in communities. Although current projections show that revenue should be received, in reality a certain portion of these fees may not be collected at the rate assumed in the five-year plan. FBA funded project budgets should mirror the project as represented in Public Facilities Financing Plans. TransNet revenue estimates are based upon sales tax projections provided by the San Diego Association of Governments (SANDAG). These estimates are utilized in preparation of the TransNet five-year program of projects as required by SANDAG for compliance with the Regional Transportation Improvement Program. These and all other revenue sources are carefully monitored throughout the year and will be adjusted as needed. The City's enterprise funds are received directly from fees and charges to users. These funding sources are reflected in the Airports, Environmental Services, Park & Recreation, and Public Utilities Departments. Anticipated funding from these sources is based on revenue trends and fees or rate schedules. Other funding sources may be included in the multi-year program. For projects without sufficient identified funding, the balance required to fulfill the engineer's cost estimate is included on the unfunded needs list. It should also be noted that project cost estimates reflect uninflated dollars and are not adjusted for market volatility.

Table 1 provides expected revenues in major fund source categories for the current budget year and following four years of the multi-year CIP.

Table 1: Five-Year CIP by Funding Source (in thousands of dollars)

Funding Source	FY2014						Total by Source	
	FY2014	Anticipated	FY2015	FY2016	FY2017	FY2018		
Bond Financing ¹	\$	- \$	115,000 \$	81,000 \$	90,000 \$	84,200 \$	84,200 \$	454,400

Mission Bay & Regional Park Improvements Fund	6,115	-	7,395	8,117	8,856	9,615	-	40,097
Special Revenue Funds	5,608	(345)	-	-	-	-	-	5,263
TransNet	22,278	-	20,353	13,727	16,720	750	-	73,828
Total by Year	\$	179,440 \$	132,635 \$	501,431 \$	427,020 \$	396,696 \$	310,186 \$	1,947,409

Note: This table does not include unidentified funding of \$1.01 billion or \$251.5 million of funding expected in Fiscal Year 2019 or beyond.

¹ Fiscal Year 2014 Anticipated Bond Financing includes \$35.0 million in CIP bonds, which were approved by City Council in Fiscal Year 2013 and proceeds received in July 2013, and a third deferred capital bond issuance of \$80.0 million to be considered in early calendar year 2014.

² Public Utilities Enterprise funding has been separated from other enterprise funding sources due to the magnitude of the sewer and water programs.

Capital Improvements Program

Profile of the City of San Diego's CIP

Projects within the multi-year CIP are required to include estimates of the project's impact on the City's operating budget. Operating impacts are provided for the first year, or the annualized portion of the first year, an asset is anticipated to be put into service. Full-year projections are also provided for each year in the five-year plan. Operating impacts include both personnel and non-personnel expenditures and are critical for departments proposing new facilities with ongoing staffing needs which will require increased expenditures in the City's General Fund.

Following is a sample of important projects in the five-year program with significant milestones expected in Fiscal Year 2014:

- The San Diego New Central Library will open as scheduled in September 2013. This highly anticipated building will become a symbol of downtown's redevelopment and will serve the public for many years.
- The Fire Station Alerting project will replace the current 21-year old outdated system at all City fire stations.
- The expansion of the San Diego Convention Center will enable San Diego to host events requiring larger space, increase attendance and provide significant economic benefits.
- The Memorial Community Park swimming pool will be completely reconstructed in Fiscal Year 2014. The size of the pool will be enlarged to accommodate more aquatic recreation activities, including high school water polo. The project also includes a larger deck area and a children's splash play area.
- The iconic California Tower in Balboa Park will begin the first phase of seismic retrofit construction. The California Tower is one of the most photographed structures in San Diego and has been standing for almost 100 years.
- The Public Utilities Department continues to evaluate the water pipeline replacement program for the remaining 90 to 100 miles of cast iron water pipe and initiate a condition assessment program of approximately 2,100 miles of asbestos cement water pipeline to determine the replacement rate for the next 10 years.

Many programs will continue throughout the multi-year program, including:

- Resurfacing of the City's roadways
- Undergrounding of utilities
- Bond financing for deferred capital projects
- Improvements for compliance with the Americans with Disabilities Act

Budget Process

The CIP budget is developed in conjunction with the City's operating budget and follows the timeline established by the City Charter. Development of the CIP budget begins earlier than that of the operating budget and is initiated by a review of project status and community needs conducted by Public Works - Engineering & Capital Projects in coordination with City's asset-owning departments.

The CIP budget process considers project priorities and funding availability.

September - October: The City's Community Planning Committee and 42 Community Planning Groups gather community-recommended CIP projects and submit to the Public Works Department for review in conjunction with the City's asset-owning departments.

Capital Improvements Program

Profile of the City of San Diego's CIP

October - February: Budget development training on the budgeting system and the current CIP budget process is provided to City departments with CIP project responsibilities. Departments develop fiscal year needs based on community input and submit proposed CIP funding requests to Financial Management which are then brought to Capital Improvements Program Review and Advisory Committee (CIPRAC) for approval. During this timeframe, Financial Management also confirms the availability of funds to support the budget to be considered by CIPRAC. The CIP budget development and CIPRAC approval calendar is established by Financial Management and Public Works - Engineering & Capital Projects.

February - March: In coordination with asset-owning departments, Financial Management reviews all project pages and prepares the proposed budget publication.

April: The Mayor releases the Proposed Budget to the public by April 15 in compliance with the City Charter [Article XV, Section 265, Item (b) (15)].

May: During the month of May, the City Council holds a series of public budget hearings. Council members may recommend changes to the Proposed CIP Budget. Additionally, the Mayor's May Revision to the Proposed Budget is released. This report recommends changes to specific CIP projects' budgets based on updated information.

June: City Council reviews final modifications and approves the budget in June. The Mayor's veto period follows City Council's initial approval. Once the budget is approved, the final changes are implemented. The Change Letter will be created to summarize the May Revision and Council Action changes to the CIP Budget.

July: The annual Appropriations Ordinance is presented to the City Council and adopted in July authorizing expenditure of the CIP budget.

Fiscal Year 2013 Budget Update

Project Changes

The Fiscal Year 2013 Adopted Capital Improvements Program budget published 598 ongoing and new standalone and annual allocation projects. Since publication, 152 of these projects have been closed or cancelled and 25 projects have been initiated. The Fiscal Year 2014 Adopted Budget includes 472 standalone and annual allocation projects. **Table 1** lists the 26 newly published projects which includes 16 new projects for Fiscal Year 2014 and other projects which have been added via City Council resolution during Fiscal Year 2013.

¹ New projects for Fiscal Year 2014.

² FY14 Anticipated Budget of \$2 million is included in the \$35 million capital bond approved by City Council in Fiscal Year 2013.

³ Newly published project receiving funding for the first time in Fiscal Year 2014.

It is important to note that although the published number of projects is 472, the total number of active projects being managed is nearly 1,800. This number includes all active sublets of annual allocations in addition to all standalone projects.

Project Progress

In accordance with Council Policy 000-31, Capital Improvements Program Transparency, all published projects in the CIP budget have been categorized by four progress categories - *New*, *Continuing*, *Warranty* or *Underfunded*. The complete list of categorized projects can be found in the Profile of the City's CIP section on page 35. The current breakdown is shown in **Figure 1** below.

Figure 1: Projects by Progress Status

In Fiscal Year 2013, 152 projects have been closed or cancelled. Approximately \$34.8 million in a variety of sources was returned to fund balances or transferred to other projects as a result of these closures. Not all projects resulted in completed assets; some of the projects were cancelled or abandoned resulting in the budget being removed. **Table 2** at the end of this section lists the projects that have been closed and are no longer published.

Capital Improvements Program

Fiscal Year 2013 Budget Update

Project Expenditures

Since Fiscal Year 2010, \$1.29 billion dollars has been added to the Capital Improvements Program budget and \$1.34 billion has been expended. The chart below shows a significant budget surplus in Fiscal Year 2010 due in part to the addition of deferred capital bond financing. Budget added annually supports the on-going needs of the CIP and multi-year life of projects. Expenditures of funds appropriated in one year may occur over a number of years. For Fiscal Year 2013, the largest portion of CIP dollars were spent on City buildings, transportation, water, and wastewater projects. These four project types represent 95 percent of the \$353.9 million CIP expenditures during this time.

Figure 2: Budget Added and Expended by Year

*Fiscal Year 2012 Adopted CIP Budget has been predominantly reduced by project closures.

Contracts Awarded

Consultant and construction contracts account for a significant portion of annual CIP expenditures. The Public Works-Engineering & Capital Projects Department, is responsible for the bid and award process for CIP contracts. For Fiscal Year 2013, 143 consultant and construction contracts, totaling \$204.2 million, were awarded.

One goal of City Council Policy 000-31, Capital Improvements Program Transparency, is the streamlining of the contract award process. By publishing a list of projects expecting to enter into contracts in the budget document, City Council has the opportunity to review the contracts as part of the budget process, rather than requiring a project to return to City Council later in the fiscal year. This is expected to reduce the project execution time by three to 12 months. The list of projects expecting to enter into contracts during Fiscal Year 2014 can be found on page 22.

Windansea Erosion Control Plan / S00656	Park & Recreation

Capital Improvements Program

Project Prioritization

Priority Scores are given to projects as a way to compare them to other similar projects of the same project type within the Capital Improvements Program (CIP). Since the implementation of the Prioritization Policy, it has been the goal of the CIP to refine and expand the method in which projects are scored and ranked.

Prioritization Policy

Council Policy 800-14, CIP Prioritization, outlines the process for scoring and prioritizing projects. The intent of the Prioritization Policy is to establish an objective process for ranking CIP projects for funding. The policy was adopted for transportation projects in Fiscal Year 2007 and revised in Fiscal Year 2008 to incorporate the prioritization of all capital projects.

Briefly, the policy states that:

- Projects within restricted funding categories will compete only with projects within the same funding category.
- Projects will compete only with projects within the same asset type (project type).
- Projects will compete only with projects within the same level of completion or project development phase (planning, design, and construction).
- Project Priority Scores will be updated as the condition of the project changes or other information becomes available.
- Low scoring projects may proceed due to unique funding source restrictions.

In addition, projects that were in construction or had completed construction as of Fiscal Year 2012 have not been scored. These projects are noted as not applicable (N/A). Annual allocation project types, funded yearly for ongoing repair and replacement of smaller projects, are not scored and are noted as Annual.

Priority Scoring

Table 1 lists, in order of importance, the prioritization factors taken into consideration when projects are scored. Projects receive points for each category from a minimum of zero to a maximum equivalent to the weight of the category.

Table 1: Prioritization Factors

Non-Transportation Projects	Weight	Transportation Projects	Weight
Health and Safety Effects	25%	Health and Safety Effects	25%
Regulatory or Mandated Requirements	25%	Capacity and Service (Mobility)	20%
Implication of Deferring the Project	15%	Project Cost and Grant Funding Opportunity	20%
Annual Recurring Cost or Increased Longevity of the Capital Asset	10%	Revitalization, Community Support and Community Plan Compliance	15%
Community Investment	10%	Multiple Category Benefit	10%
Implementation	5%	Annual Recurring Cost or Increased Longevity of the Capital Asset	5%
Project Cost and Grant Funding Opportunity	5%	Project Readiness	5%
Project Readiness	5%		
Total	100%	Total	100%

Capital Improvements Program

Project Prioritization

Priority Categories

Priority Scores for CIP projects, within each major asset category, have been grouped into the following Priority Categories. However, major asset types with six or fewer scored projects are defaulted to Medium.

- High: Priority Scores in the upper one-third, or the highest 33-percent, of priority scores by major asset type category.
- Medium: Priority Scores in the middle one-third, or the middle 33-percent, of all priority scores by major asset type category.
- Low: Priority Scores in the lower one-third, or the lowest 33-percent, of all priority scores by major asset type category.

Table 2 groups all active projects by major asset category. The projects are then listed by priority score.

Table 2: Capital Improvement Projects by Project Type and Priority Scores

Project	Page No.	Project Status	Priority Score	Priority Category
Airport Assets

Capital Improvements Program

Project Types

The Capital Improvements Program (CIP) uses a variety of project types, which are a more specific manner of categorizing the kind of improvement provided by each project. Below is a description of each of the major project types along with a summary schedule of their budgets.

Airport Assets

Airport Assets include anything related to the two airports that the City of San Diego oversees, Montgomery and Brown Field Airports. These assets are managed by the Airports Division and the Airport Assets Project Types can be seen below in **Table 1**.

Table 1: Airport Assets Project Types

Project Type	Prior Fiscal Years	FY2014 Adopted	Future Fiscal Years	Project Type Total
Airport Assets	\$ 15,944,843	\$ 2,400,000	\$ 12,000,000	\$ 30,344,843
Airport Assets Total	\$ 15,944,843	\$ 2,400,000	\$ 12,000,000	\$ 30,344,843

Buildings

Buildings projects refer to the construction, expansion, or capital upgrade of any building the City owns regardless of the department that operates it. They are further broken down into more descriptive asset types that often describe the department that manages the asset as well as a more specific building type which can be seen below in **Table 2**.

Table 2: Buildings Project Types

Project Type	Prior Fiscal Years	FY2014 Adopted	Future Fiscal Years	Project Type Total
Bldg - Libraries	\$ 216,691,111	\$ 1,135,000	\$ 97,759,877	\$ 315,585,988

Capital Improvements Program

Project Types

Drainage

Drainage projects are related to the storm water system which consists of channels, pump stations, and storm drain piping. These assets are primarily managed by the Transportation & Storm Water Department and the Drainage Project Types can be seen below in **Table 3**.

Table 3: Drainage Project Types

Project Type	Prior Fiscal Years	FY2014 Adopted	Future Fiscal Years	Project Type Total
Drainage - Best Mgt Practices (BMPs)	\$ 16,669,294	\$ -	\$ 36,301,792	\$ 52,971,086
Drainage - Channels	1,422,000	-	-	1,422,000
Drainage - Storm Drain Pipes	39,341,584	-	208,522,688	247,864,272
Drainage Total	\$ 57,432,878	\$ -	\$ 244,824,480	\$ 302,257,358

Golf

Golf projects are related to the three golf courses owned by the City of San Diego which are: Torrey Pines Golf Course, Balboa Golf Course, and Mission Bay Golf Course and Practice Center. These assets are managed by the Park & Recreation Department and the Golf Project Types can be seen below in **Table 4**.

Table 4: Golf Project Types

Project Type	Prior Fiscal Years	FY2014 Adopted	Future Fiscal Years	Project Type Total
Golf Courses	\$ 9,987,565	\$ 4,055,000	\$ 12,000,000	\$ 26,042,565
Golf Total	\$ 9,987,565	\$ 4,055,000	\$ 12,000,000	\$ 26,042,565

Landfills

Landfill projects take place at landfills owned by the City of San Diego and are managed by the Environmental Services Department and the Landfills Project Types can be seen below in **Table 5**. Some typical projects include operations yard improvements, groundwater monitoring projects, and other landfill improvements to maintain regulatory compliance.

Table 5: Landfills Project Types

Project Type	Prior Fiscal Years	FY2014 Adopted	Future Fiscal Years	Project Type Total
Landfills	\$ 45,497,735	\$ 605,000	\$ 1,545,000	\$ 47,647,735
Landfills - Supporting Fac / Struct	25,318,164	-	13,769,251	39,087,415
Landfills Total	\$ 70,815,899	\$ 605,000	\$ 15,314,251	\$ 86,735,150

Parks

The Park & Recreation Department manages a wide variety of park projects. They are further broken down into more descriptive asset types such as a mini park (1-acre to 3-acres without a comfort station) to a community park (at least 13 acres, meant to serve a population of 25,000 with comfort stations and parking). These project types and more can be seen below in **Table 6**.

Table 6: Parks Project Types

Project Type	Prior Fiscal Years	FY2014 Adopted	Future Fiscal Years	Project Type Total
Parks - Community	\$ 24,212,926	\$ 989,000	\$ 2,124,000	\$ 27,325,926
Parks - Mini Parks	5,688,436	2,268,675	524,367	8,481,478

Capital Improvements Program Project Types

Parks Total	\$ 148,286,626	\$ 12,459,488	\$ 184,827,548	\$ 345,573,662

Reclaimed Water System

The Reclaimed Water System is made up of pipelines and reservoirs widely identified by their utilization of purple pipes that transport water that was once seen as waste and has undergone treatment to make the water usable for tasks such as landscaping. These assets are managed by the Public Utilities Department and the Reclaimed Water System Project Types can be seen below in **Table 7**.

Table 7: Reclaimed Water System Project Types

Project Type	Prior Fiscal Years	FY2014 Adopted	Future Fiscal Years	Project Type Total
Reclaimed Water System - Pipelines	\$ 18,383,755	\$ -	\$ -	\$ 18,383,755
Reclaimed Water System - Reservoirs	791,984	-	108,016	900,000
Reclaimed Water System Total	\$ 19,175,739	\$ -	\$ 108,016	\$ 19,283,755

Transportation

Transportation projects include a variety of different project subtypes. Some of these include: roadways, traffic signals, sidewalks, bridges, and bicycle facilities. These assets are primarily managed by the Transportation & Storm Water Department and the Transportation Project Types can be seen below in **Table 8**.

Table 8: Transportation Project Types

Project Type	Prior Fiscal Years	FY2014 Adopted	Future Fiscal Years	Project Type Total
Trans - Bicycle Facilities (All Class.)	\$ 29,259,831	\$ 639,000	\$ 32,696,047	\$ 62,594,878

Capital Improvements Program

Project Types

Wastewater

Wastewater project types largely consist of mains and trunk sewers which are used to transport and treat waste for nearly 2.5 million customers in the City of San Diego and surrounding areas. The assets are managed by the Public Utilities Department and the Wastewater Project Types can be seen below in **Table 9**.

Table 9: Wastewater Project Types

Project Type	Prior Fiscal Years	FY2014 Adopted	Future Fiscal Years	Project Type Total
Wastewater - Collection Sys - Main	\$ 213,137,334	\$ 48,306,271	\$ 306,306,731	\$ 567,750,336
Wastewater - Collection Sys - Trunk Swr	118,168,562	-	30,832,752	149,001,314
Wastewater Total	\$ 331,305,896	\$ 48,306,271	\$ 337,139,483	\$ 716,751,650

Water

Water project types include distribution and transmission systems that allow the City to provide water to approximately 1.3 million customers in the City of San Diego. These assets are managed by the Public Utilities Department and the Water Project Types can be seen below in **Table 10**.

Table 10: Water Project Types

Project Type	Prior Fiscal Years	FY2014 Adopted	Future Fiscal Years	Project Type Total
Water - Distribution Sys - Distribution	\$ 204,874,034	\$ 19,950,000	\$ 305,381,466	\$ 530,205,500
Water - Distribution Sys - Transmission	30,545,092	4,442,253	163,093,764	198,081,109
Water Total	\$ 235,419,126	\$ 24,392,253	\$ 468,475,230	\$ 728,286,609

Capital Improvements Program

Funding Sources

The Capital Improvements Program (CIP) uses a variety of funding sources to support projects. This section outlines some of the more common funding sources used in the CIP.

Bond Financing

Bond financing is a long-term borrowing tool used to meet the City's cash flow needs and to provide funds for capital projects. In Fiscal Years 2009, 2012, and 2013, the City Council approved financing to provide funding for ongoing and deferred capital projects throughout the City. The list of deferred capital projects includes improvements to City streets, buildings, and storm drains.

Capital Outlay

Capital Outlay Funds are used exclusively for the acquisition, construction, and completion of permanent public improvements or real property; replacement or reconstruction of public facilities; and other improvements of a permanent character. Repair or maintenance expenditures cannot be made from the Capital Outlay Funds. Revenue for the Capital Outlay Fund is derived primarily from the sale of City-owned property but may also come from other sources per Section 77 of the San Diego City Charter. In addition, San Diego City Ordinance No. 12685 (New Series) further specifies that all proceeds from sales or leases of the Pueblo Lands of San Diego be utilized to finance police substations and other permanent improvements for police purposes.

Development Impact Fees

Development Impact Fees (DIFs) are collected to mitigate the impact of new development in urbanized communities that are near build-out. The amount of DIF is based on a portion of the financing needed for identified public facilities. Property being developed is assessed the fee(s) at the time the building permit is issued.

Donations and Developer Funding

Projects may be funded by contributions and/or donations from private sources, such as residents, developers, private organizations, and businesses. Contributions by developers and vendors may be reimbursed with City funds in future years.

Enterprise Funds

Enterprise Funds account for specific services that are funded directly by fees and charges to users. These include the services provided by Public Utilities, Environmental Services, Airports, and Golf Courses. These funds are intended to be fully self-supporting and are not typically subsidized by any general revenue or taxes. Within each Enterprise Fund, budgets are developed which are sufficient to fund current year operations and maintenance expenses, as well as provide for current and future years' upgrade, replacement, and expansion-related capital construction requirements.

Facilities Benefit Assessments

Facilities Benefit Assessments (FBAs) provide 100 percent of funding for public facilities projects that service a designated area of benefit and are identified in the public facilities financing plan. The dollar amount of the assessment is based upon the cost of each public facility equitably distributed over a designated area of benefit in the community planning area. Assessments are recorded as liens with the County Assessor's Office. Property being developed is assessed at the time the building permit is issued. The amount of the assessment is determined by the type and size of the development.

Capital Improvements Program

Funding Sources

General Fund

The General Fund is the City's main operating fund that pays for basic City services that use most of the City's tax revenue, such as public safety, parks, and library services. The General Fund is also supported by fees from licenses and permits, fines, and investment earnings. Some allocations to the CIP budget are allocated from the operating budget of General Fund departments.

Grants

Some projects are entirely or partially funded by grants and reimbursements from the State and federal government and other agencies. The receipts of certain grants and reimbursements typically follow the award of contracts; therefore, other City funding is programmed for front-end financing of the total estimated project costs. Grant funding includes State and federal grants and grants from proceeds from State bond issuances. For example, Community Development Block Grant (CDBG) funding is programmed in accordance with Council Policy 700-2 (amended November 24, 2009). CIP priorities are developed irrespective of whether or not CDBG funding is to be received by the City. CDBG funding is to be used to supplement the City's CIP program and not as a substitute for other City funding.

Internal Service Funds

Internal Service Funds are established for the financing of goods or services provided by one City department to another City department on a cost-reimbursement basis. Examples of Internal Service Funds used in the CIP budget are the Energy Conservation Program Fund and the Fleet Services Internal Service Fund.

Maintenance Assessment Districts

Maintenance Assessment Districts (MADs) are established by the City of San Diego as a means of providing property owners with the opportunity to assess themselves to pay for enhanced improvements, maintenance, services, and activities. Certain projects requested by a district may be capital in nature and are funded by the specific MAD. MAD budgets are developed with sufficient funding for current year maintenance and capital projects.

Mission Bay and Regional Park Improvements Funds

Mission Bay rents and concessions revenue is allocated to the Mission Bay and Regional Park Improvements Funds in accordance with the San Diego City Charter, Article V, Section 55.2. The funds in the Mission Bay Improvements Fund may only be expended in Mission Bay Park for permanent or deferred capital improvements of existing facilities, as well as to improve environmental conditions consistent with the Mission Bay Park Master Plan. The funds in the Regional Parks Improvements Fund may only be expended for permanent or deferred capital improvements in San Diego's regional parks. The City of San Diego's regional parks include Chollas Lake Park, Balboa Park, Mission Trails Regional Park, Otay River Valley Park, Presidio Park, San Diego River Park, open space parks, and coastal beaches and parks.

Park Service District Funds

Park Service District Funds were established by the City of San Diego for park and recreation purposes. Proceeds from these funds are to be used for park and recreational facilities within the district areas from which the funds were collected. Funds may be used for the purchase of land and construction of facilities; purchase of previously constructed facilities; rehabilitation of existing park facilities or purchase of new equipment when such rehabilitation or purchase allows for expanded uses; and to reimburse those who have donated land or constructed improvements. Park Service District Funds no longer collect revenues and have been replaced by Facilities Benefit Assessments and Development Impact Fees which now include a park component.

Capital Improvements Program

Funding Sources

Special Revenue Funds

Special Revenue Funds account for revenue received for specifically identified purposes. Examples of Special Revenue Funds used in the CIP budget are the Environmental Growth Fund, Fire/Emergency Medical Services Transport Fund, QUALCOMM Stadium Fund, Bus Stop Capital Improvement Fund, Trench Cut/Excavation Fee Fund, and OneSD/ERP Funds.

TransNet Funds

TransNet, a one-half cent local sales tax, is used for traffic congestion relief and transportation improvements. In addition to roadway enhancements, TransNet Funds are utilized for bikeway and pedestrian projects. TransNet includes a Maintenance of Effort (MOE) provision to guarantee that the City spends a certain amount of discretionary funds on the maintenance and improvement of the public right-of-way. The City utilizes TransNet cash for projects as much as possible in an attempt to minimize the issuance of bonds due to added costs of debt service. TransNet Commercial Paper is a borrowing tool that can be used to raise cash needed to cover cash-flow deficits and is generally viewed as a lower-cost alternative to bank loans. In an attempt to further minimize debt service costs, the issuance of TransNet Commercial Paper may be utilized when feasible.

Utilities Undergrounding Program Fund

This fund provides for the undergrounding of City utilities. San Diego Gas & Electric (SDG&E), AT&T, and the cable companies all contribute funds for the purpose of undergrounding overhead facilities. This amount is deposited with the City to be used solely for the undergrounding of electrical lines and associated activities.

A complete list of funding sources in the CIP and their budgets are provided below in **Table 1**.

Table 1: Capital Improvements Program by Funding Source

Funding Source	Prior Fiscal Years	FY2014 Adopted	Future Fiscal Years	Funding Source Total

Community Planning

The City's General Plan

The City of San Diego General Plan (2008) sets out a long-range vision and policy framework for how the City should plan for projected growth and development, provide public services, and maintain the qualities that define San Diego over the next 20 to 30 years.

The General Plan provides guidance on how to design both infill and remaining new growth development, and emphasizes the need to reinvest in existing communities. It has a strong sustainability focus through policies addressing transit/land use coordination; climate change; healthy, walkable communities; green buildings; clean technology industries; water and energy conservation and management; and urban forestry. In addition, the General Plan features protections for prime industrial lands, strategies for providing urban parks, “toolboxes” to implement mobility strategies, and policies designed to further the preservation of San Diego’s historical and cultural resources. The General Plan was structured to work in concert with the City’s community plans.

The General Plan includes the City of Villages strategy to focus growth into mixed-use villages that are pedestrian-friendly districts, of different scales, linked to the transit system. Each village is envisioned as unique to the community in which it is located, yet all villages would be pedestrian-friendly and characterized by inviting, accessible and attractive streets and public spaces. Individual villages are intended to offer a variety of housing types and affordability levels. The strategy draws upon the character and strengths of San Diego’s natural environment, distinctive neighborhoods, and activity centers that together form the City as a whole.

The General Plan is comprised of an introductory Strategic Framework section and the following elements: Land Use and Community Planning; Mobility; Economic Prosperity; Public Facilities, Services, and Safety; Urban Design; Recreation; Historic Preservation; Conservation; and Noise. The Housing Element update was adopted separately in 2013 and is provided under separate cover from the rest of the 2008 General Plan. The policies within each element were developed with ten guiding principles in mind. These principles are to achieve:

- An open space network formed by parks, canyons, river valleys, habitats, beaches, and ocean;
- Diverse residential communities formed by the open space network;
- Compact and walkable mixed-use villages of different scales within communities;
- Employment centers for a strong economy;
- An integrated regional transportation network of walkways, bikeways, transit, roadways, and freeways that efficiently link communities and villages to each other and to employment centers;
- High quality, affordable, and well-maintained public facilities to serve the City’s population, workers, and visitors;
- Historic districts and sites that respect our heritage;
- Balanced communities that offer opportunities for all San Diegans and share citywide responsibilities;
- A clean and sustainable environment; and,
- A high aesthetic standard.

The Public Facilities, Services, and Safety Element of the General Plan includes policies on the prioritization and provision of public facilities and services, evaluation of new growth, guidelines for implementing a financing strategy, and guidelines for the provision of specific facilities. This element

Capital Improvements Program

Community Planning

discusses City challenges, including a public facilities deficit, and recommends that facilities deficiencies be remedied through diverse funding strategies such as joint-use, more-efficient resource allocations, and fiscal reform efforts that provide equitable redistribution of revenues to the City from the state.

Implementation of the General Plan is being accomplished through a broad range of legislative and regulatory actions that influence private and public development. The General Plan Action Plan identifies measures and timeframes for implementing General Plan policies. The Action Plan highlights eight key initiatives which are critical to General Plan implementation, as follows: Community Plan Updates, Climate Change Initiatives, Water Supply and Conservation Efforts, Land Development Code (LDC) Amendments, Public Facilities Finance Strategy, Economic Development Strategic Plan, Parks Master Plan, and Historic Preservation Incentives. In addition, the General Plan is consistent with the Regional Comprehensive Plan prepared by the San Diego Association of Governments (SANDAG).

Community Plans

The City's community plans contain additional detailed planning guidance and are a part of the General Plan. Community plans establish specific recommendations and objectives in a given community for future land uses and public improvements. The community plan provides a long range physical development guideline for elected officials and citizens engaged in community development. Citizen involvement has been a long-standing concept in the City of San Diego. In the 1960s and 1970s, the City Council adopted policies that established and recognized community planning groups as formal mechanisms for community input in the decision-making processes. Community planning groups provide citizens with an opportunity for involvement in advising the City Council, the Planning Commission, and other decision makers on development projects, community plan amendments, rezoning projects, and public facilities. The recommendations of the planning groups are integral components of the planning process.

The General and community plans are policy documents, which require regulatory tools and programs to help implement their goals and standards. The implementation tools for planning documents include the Municipal Code, the Multiple Species Conservation Program (MSCP), zoning, Neighborhood Code Compliance, facilities financing plans, and others. These regulations and programs help guide land use, development, and design.

CIP Conformance to the City's General Plan and Community Plans

The capital improvement project information in the current budget was reviewed by City planners for conformance with the City's General Plan and community plans, as required by Council Policy 000-02 and General Plan Policy PF.A.4.a. These capital improvement projects were found to be consistent with the General Plan, relevant community plans, and facilities financing plans.

Community Planning Areas by Council District

Capital Improvements Program

Guide to the Capital Improvement Projects

The CIP project pages are designed to provide accurate and informative financial and logistical information for projects. All active projects as of June 2013 are included in addition to new projects scheduled to begin in Fiscal Year 2014. Within the Capital Improvement Projects section, CIP project pages are organized by asset-owning department, then alphabetically by project title. Refer to the Indexes beginning on page 677 to locate a specific project page.

Each asset-owning department section begins with a Budget Narrative which introduces the department and highlights Fiscal Year 2013 accomplishments and Fiscal Year 2014 goals. Following the narrative is an alphabetical list of the department's projects including budgeted amounts and total project cost.

Project Attributes

Fire-Rescue

Fire Station No. 45 - East Mission Valley / S00688

Department, Project Title, and Project Number

The department listed is the department that will be responsible for operating or maintaining the asset once complete. Each department's CIP is organized by project title. The project's title and unique identification number are listed below the department name. The first character of the project number indicates the type of project. The following list describes the characteristics of each type of project:

A: Annual Allocation - These projects provide for ongoing repair and replacement requiring funding on an annual basis. Individual projects funded by an annual allocation are typically smaller projects that are expected to be completed in a short time frame. The funding information provided for annual allocation projects aggregates all funding in existing sub-projects and will fluctuate as individual projects are completed and new projects are added.

L: Large - These projects are a combination of multiple assets into a single project in order to achieve efficiencies. Each individual asset will be capitalized as that portion of the project is completed. As a result, the total estimated project cost will be reduced as each asset is completed.

RD: Reimbursement to Developer - These projects allocate funding to reimburse developers for projects privately constructed in accordance with approved financing plans or other regulatory documents.

S: Standalone - These projects are typically limited to a single asset and may be of any size and duration.

Capital Improvements Program

Guide to the Capital Improvement Projects

Project Type

Project Types are a more specific manner of categorizing the type of improvement provided by each project. A complete listing of Project Types is available on page 67. On the project pages, the Project Type is listed to the right of the Project Title and Number. Some Project Types, such as Buildings, are used in several departments.

Council District

This identifies the City Council District in which a project is located. Projects that have a Citywide impact or are outside the City limits are also noted. This is the first year City Council District 9 has been included. For a map of all Council Districts, refer to the Community Planning section on page 77.

Community Plan

This component lists affected community planning area(s). Projects that have a Citywide impact or are outside the City limits are also noted. For additional information on community planning areas, refer to the Community Planning section on page 77.

Project Status

The Project Status serves as an indicator of project progress. Below is a description of these statuses:

New - This indicates that the project is newly established as part of the Fiscal Year 2014 Adopted Budget.

Continuing - This indicates that the project was initiated in Fiscal Year 2013, or in a prior year, and is currently in progress.

Warranty - This indicates that the project is technically completed and the asset has been put into service but has not yet been closed.

Underfunded - This indicates that the project is on hold due to lack of funding.

Duration

Duration is the estimated starting and ending fiscal years for each project.

Improvement Type

This component describes the project's impact on existing assets. A project may provide betterment, expansion, replacement, or widening of an existing City asset, or may result in a new asset to the City.

Priority Score

Projects are scored to establish an objective process for ranking CIP projects. Project scores range from 0-100. Projects that were in construction or had completed construction as of Fiscal Year 2012 have not been scored and are noted as not applicable (N/A). Annual allocation projects are noted as

Capital Improvements Program

Guide to the Capital Improvement Projects

Annual and are not scored. For additional information, refer to the Prioritization Policy section on page 53.

Priority Category

The priority category indicates if the project is scored within the upper one-third (High), middle one-third (Medium), or lower one-third (Low) of the priority scores within the same major asset type category. Projects that were in construction or had completed construction as of Fiscal Year 2012 have not be categorized and are noted as not applicable (N/A). Annual allocation projects are categorized as Annual. For additional information, refer to the Prioritization Policy section on page 53.

Contact Information

This provides the name, phone number, and e-mail address of the project manager or designated point of contact, at the time of publication.

Project Description

Description: This project provides for an updated fire station in Mission Valley. The station will accommodate up to 18 personnel, two engines, one aerial truck, two hazardous material apparatus, one paramedic ambulance, and one Battalion Chief vehicle.

Justification: A fire station is needed to serve the Mission Valley community. This project is consistent with City Council policy to meet response time guidelines.

Operating Budget Impact: Staffing and maintenance costs for the temporary facility are reflected in the Fire-Rescue Department's Fiscal Year 2013 Adopted Budget. The operation of the permanent facility will require additional positions equivalent to \$1.9 million per year if the facility is fully staffed in Fiscal Year 2014. Non-personnel costs to operate a new station are approximately \$300,000. These funds will need to be added permanently to the Fire-Rescue budget after the project is complete.

Relationship to General and Community Plans: This project is in conformance with the City's General Plan; however, the Mission Valley Community Plan does not currently provide for this project. An amendment to the Community Plan may be required prior to implementation of this project.

Schedule: Design was completed in Fiscal Year 2013. Construction is scheduled to begin in Fiscal Year 2014. Construction is anticipated be completed in Fiscal Year 2015.

Summary of Project Changes: This project will receive \$3.7 million in bond funding in Fiscal Year 2014.

Description

This component provides a brief statement explaining what the project is, where it is located, and its impact on the surrounding neighborhood(s).

Justification

This component explains why a project is needed and describes any legal requirements for the project, including State or federal mandates.

Operating Budget Impact

This component describes any ongoing operating expenses anticipated upon completion of the project and the impact on the City's operating budget. An Operating Budget Impact table may be included to provide additional detail and is described later in this section. Operating budget impacts include additional funding requirements to support both the operation and maintenance of the building, facility, park, or other infrastructure once it is put into service.

Relationship to General and Community Plans

This component indicates whether a project is consistent with the affected community plan(s) and is in conformance with the City's General Plan. Additional information can be found in the Community Planning section on page 77.

Capital Improvements Program

Guide to the Capital Improvement Projects

Schedule

This component describes the anticipated project timeline and includes the years when design, construction, and other phases are expected to begin and end.

Summary of Project Changes

This component explains any changes that have occurred since publication of the Fiscal Year 2013 Adopted Budget. Changes may have resulted from modifications to the project scope, City Council action to modify funding (resolutions and/or ordinances), updated total project cost estimates, and changes in project schedule.

Project Funding

Expenditure by Funding Source Table

This table lists the funding sources, expended/encumbered amounts, continuing appropriations, and an estimated budget timeline through project completion. The total estimated project cost includes project activity since inception through current and future fiscal years. Descriptions of common funding sources for the CIP can be found in the Funding Sources section on page 71.

Expenditure by Funding Source												
Fund Name	Fund No	Exp/Enc	Con Appn	FY 2014	FY 2014 Anticipated	FY 2015	FY 2016	FY 2017	FY 2018	Future FY	Unidentified Funding	Project Total
Deferred Maint Revenue 2009A-Project	400624	\$ 160,000	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ 160,000
Mission Valley-Urban Comm.	400135	534,099	5,465,901	-	-	-	-	-	-	-	-	6,000,000
Other Bond Financing	9302	-	-	-	3,700,000	-	-	-	-	-	-	3,700,000
PFFA-FLSF 2002B-Const.	400157	978,692	-	-	-	-	-	-	-	-	-	978,692
Total		\$ 1,672,791	\$ 5,465,901	\$ -	\$ 3,700,000	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ 10,838,692

Expended and Encumbered (Exp/Enc) - Projects initiated prior to Fiscal Year 2014 may have incurred expenditures and encumbrances in a prior fiscal year. Amounts shown include all funds that have been expended in the project, as well as any contractual or other obligations, as of June 30, 2013. The expended and encumbered amount is cumulative since project inception.

Continuing Appropriations (Con Appn) - Funding budgeted prior to Fiscal Year 2014, but not yet expended or encumbered, is reflected as continuing appropriations. Continuing appropriations are a cumulative amount of unexpended and unencumbered budget since project inception through June 30, 2013.

FY 2014 - This is the amount of funding approved for the Fiscal Year 2014 Adopted CIP Budget. This amount, as approved by City Council, is included in the annual Appropriations Ordinance, which gives the City the authority to expend from the capital improvement project.

FY 2014 Anticipated - Funding that is uncertain to be received during Fiscal Year 2014 is reflected as anticipated funding. Anticipated funding may include sources, such as grants, that require additional City Council approval prior to budgeting, or that are unpredictable revenue streams, such as land sale proceeds. The City is not legally bound to any Fiscal Year 2014 Anticipated funding because it is not included in the annual Appropriations Ordinance.

Outlying Fiscal Years - Projects that will extend beyond Fiscal Year 2014 may include future year cost estimates based on project scheduling and projected funding availability. The City is not legally

Capital Improvements Program

Guide to the Capital Improvement Projects

bound to any projections made beyond Fiscal Year 2014 because they are not included in the annual Appropriations Ordinance. Revisions and refinements of project scope, cost estimates, scheduling, and funding may affect the unidentified funding estimate.

Unidentified Funding - This reflects the portion of the total estimated project cost for which a funding source has not yet been identified. This amount is based upon the current estimated total project cost and funding schedule. Revisions and refinements of project scope, cost estimates, scheduling, and funding may affect the unidentified funding estimate.

Project Total - The project total by funding source is an estimate of the total project cost from project inception through the current and future fiscal years, to project completion.

Operating Budget Impact Table

The Operating Budget Impact table provides estimated operational and maintenance costs that will be incurred upon completion of the project. This table supports the Operating Budget Impact description that was discussed earlier in this section. Not every published project will have an Operating Budget Impact table. This data is required for any project with anticipated impacts to a department's operating budget within the next five fiscal years. Operating budget impacts are provided for each impacted department and fund.

Operating Budget Impact						
Department - Fund		FY 2014	FY 2015	FY 2016	FY 2017	FY 2018
Fire-Rescue - GENERAL FUND	FTEs	0.00	18.00	18.00	18.00	18.00
	Total Impact \$	- \$	2,297,476 \$	2,439,318 \$	2,467,597 \$	2,516,645

Full-time Equivalents (FTEs) - The decimal equivalent of the number of positions required to be added to the budget to operate and maintain the asset.

Total Impact - The estimated amount of personnel and non-personnel expenses required to be added to the budget to operate and maintain the asset upon completion, net of any additional anticipated revenue. Personnel expenses are expenditures related to employee compensation including salaries and wages, fringe benefits, retirement, and special pays such as shift differentials. Non-personnel expenses are expenditures related to supplies and services, information technology, energy, utilities, and outlay.

Unfunded Needs List

The Unfunded Needs List for each department provides a summary of projects with insufficient funding to complete an active project. Projects are listed by the percent of the project that is unfunded and include the total estimated project cost, unidentified funding amount, and the percent of the project that is unfunded. Also included is a brief description of the project and what components are unfunded. Unfunded Needs Lists follow the project pages within each department's section. For a complete list of all projects with unfunded needs, refer to page 75.

Capital Improvements Program

Guide to the Capital Improvement Projects

Fire-Rescue

Unfunded Needs List

Project	Project Total	Unidentified Funding	Percent Unfunded	Description
Children's Pool Lifeguard Station / S00644	\$ 3,857,067	\$ 50,000	1.3%	This project provides for a new lifeguard station and family restroom at the Children's Pool in La Jolla. Construction phase is currently unfunded.
La Jolla Cove Lifeguard Station / S00792	2,104,627	250,000	11.9%	This project provides for the design and construction of the La Jolla Cove Lifeguard Station and will include an observation tower, first aid room, and locker room/restroom areas.
Fire Station No. 01 - Downtown / S00786	2,000,000	1,482,884	74.1%	This project provides for asbestos removal, dormitory remodel, and a new exhaust extraction system at the fire station located at 1222 First Avenue in Downtown. The total estimated project cost of \$6.3 million includes an unfunded amount of \$5.8 million that would be used for reconstruction. Modified/Reduced remodel scope has been completed for Phase 1 and unidentified funds are still needed for a full Phase 2 remodel unless a new fire station is constructed as part of the new Civic Center.
Fire Station No. 22 - Point Loma / S00787	6,770,000	5,761,839	85.1%	This project provides for the reconstruction of Fire Station 22, located at 1055 Catalina Boulevard in Point Loma. Construction phase is currently unfunded.
Skyline-Paradise Hills / S00687	9,153,325	8,162,149	89.2%	This project provides for a new station, in addition to the existing Fire Station 32 located at 484 Briarwood Road, to better serve the growing community of Skyline/Paradise Hills. This project is currently unfunded and on hold until funding has been identified.
Fire Station No. 05 - Hillcrest / S00788	9,040,000	8,128,077	89.9%	This project provides for an approximate 10,500 square foot fire station located at 3902 9th Avenue. The existing fire station will be demolished and replaced by a new, modern fire station. Construction phase is currently unfunded.
North Pacific Beach Lifeguard Station / S10119	6,763,347	6,185,444	91.5%	This project provides for the North Pacific Beach Lifeguard Station located at the foot of Chalcedony Street, which will be a year-round facility replacing the current seasonal station. Construction phase is currently unfunded.
South Mission Beach Lifeguard Station / S00791	4,612,190	4,230,064	91.7%	This project provides for a new year-round South Mission Beach Station located at 700 North Jetty Road which replaces the current station. Construction phase is currently unfunded.
Fire Station No. 17 - Mid-City / S00783	12,015,000	11,186,376	93.1%	This project provides for reconstruction of Fire Station 17, located at 4206 Chamoun Avenue in the Mid-City area. Construction phase is currently unfunded.
Fire Station No. 54 - Paradise Hills / S00785	10,295,000	10,211,065	99.2%	This project provides for a new station in the Paradise Hills area to serve the Paradise Hills/Skyline area of San Diego. Design and construction phases are currently unfunded.
Ocean Beach Lifeguard Station / S10121	4,560,000	4,550,000	99.8%	This project provides for the Ocean Beach Station located at 1950 Abbott Street. Funding for design and construction of the facility is unidentified.

Page Intentionally Left Blank

Airports

The Real Estate Assets Department/Airports Division manages Brown and Montgomery Fields which comprise of a combined 1,330 acres. These two general aviation airports contain nearly eight miles of runways and taxiways, which safely accommodate over 300,000 annual aircraft operations, including those of the military, U.S. Border Patrol, San Diego Police, San Diego Fire-Rescue, Cal-Fire, Sheriff, and Medi-Evacs, as well as business and recreation sectors. The most critical factor associated with airport management is maintaining safety. The Capital Improvements Program plays an important role by rehabilitating and repairing the pavement and lighting of its runways, taxiways, and aircraft ramp areas. These capital improvements are funded by Federal Aviation Administration (FAA) grants and enterprise funds.

2014 CIP Goals

The annual CIP Goals of the Airports Division are to maintain public safety through continued compliance with federal, State, and local regulations and policies. To achieve compliance in Fiscal Year 2014, Airports Division mitigates break-fix capital issues or identifies needed capital enhancements through as-needed sub projects on a priority basis.

Council District: 8	Priority Score: Annual
Community Plan: Otay Mesa	Priority Category: Annual
Project Status: Continuing	Contact Information: Maria, Michael
Duration: 2002 - 2020	619-533-4688
Improv Type: Betterment	mmaria@sandiego.gov

Description: This annual allocation provides for as-needed improvements within the City's Brown Field Airport; which can include, but is not limited to, pavement, drainage, striping, and signage condition assessments for scheduled rehabilitation in order to meet current Federal Aviation Administration (FAA) standards.

Justification: This project maintains an airport which promotes the safe use of the runways as required by the FAA, Caltrans (Division of Aeronautics), and compliance with federal and State ADA regulations.

Operating Budget Impact: None

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: There are four primary projects anticipated for the Brown Field Airport, which are: [A] the Rehabilitation of Runway 8L/26R project - The design of the Rehabilitation of 8L/26R began in Fiscal Year 2013 and will be completed in Fiscal Year 2014, with the construction anticipated to start in Fiscal Year 2015 and be completed in Fiscal Year 2016; [B] the Brown Field Airport's terminal building and parking lots ADA upgrades - The design of the Brown Field Airport's terminal building and parking lots ADA upgrades are scheduled to begin and will be completed in Fiscal Year 2014, with the construction starting and be completed in Fiscal Year 2014; [C] the Rehabilitation of Taxiway A and Run-Up Pads and Taxiway C - The design and construction will commence in Fiscal Year 2014 and be completed in Fiscal Year 2016; and [D] the rehabilitation of the deteriorated pavement sections of the Brown Field North parking lot will commence and be completed in Fiscal Year 2014.

Summary of Project Changes: Funding for this project has been adjusted to \$1.4 million for Fiscal Year 2014 and beyond. No other significant change has been made to this project for Fiscal Year 2014.

Montgomery Field Rehabilitation / S00680

Council District: 7	Priority Score: 100
Community Plan: Kearny Mesa	Priority Category: Medium
Project Status: Continuing	Contact Information: Cetin, Elif
Duration: 2008 - 2014	619-533-4640
Improv Type: New	ecetin@sandiego.gov

Description: This project will provide for a consultant to assess Montgomery Field (MYF) Airport's current conditions of Runway 10L/28R. The consultant will present a design to make the runway comply with Federal Aviation Administration (FAA) guidelines. Construction work to rehabilitate the pavement of Runway 10L/28R will be primarily funded out of this standalone project and portions out of the Montgomery Field annual allocation.

Justification: This project is primarily grant-funded in order to restore the existing 40-year-old runway pavement. This planned restoration is required to ensure safety, meet Federal Aviation Administration (FAA) standards, and diminish the possibility of aircraft accidents as well as City liability.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Kearny Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: Construction commenced in Fiscal Year 2013 and is anticipated to be completed in early Fiscal Year 2014. The 1-year warranty begins after completion, which will conclude in early Fiscal Year 2015.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Department of Information Technology

Page Intentionally Left Blank

Department of Information Technology

The Department of Information Technology is responsible for providing technologies and applications to the City in support of citywide processes.

2013 CIP Accomplishments

In Fiscal Year 2013, the Department of Information Technology, in partnership with the Purchasing & Contracting Department, planned to implement the Supplier Relationship Management (SRM) module of SAP in order to simplify and automate the registration of vendors, communication of bid opportunities, and awarding of contracts to vendors. After a thorough evaluation of the software, the Department determined that the SRM module was not the best solution for the City's needs, and instead a software-as-a-service called PlanetBids was selected to provide the functionality.

In a citywide effort, the Purchasing & Contracting Department worked with PlanetBids to implement the solution for the City. This effort is managed by the Public Works - Engineering & Capital Projects Department in cooperation with the Purchasing & Contracting Department.

2014 CIP Goals

The Enterprise Asset Management (EAM) CIP project in the Department of Information Technology is scheduled to be implemented in conjunction with the Public Utilities Department's EAM CIP project. The Department of Information Technology's EAM CIP project will deliver work order management integration into the City's financial and Human Resources systems. General Fund Departments currently using work order management systems in SAP will benefit from the results of this project as the Public Utilities Department's implementation will establish best practices and set the baseline for all future enterprise asset management systems citywide.

Project Status:	Continuing	Contact Information:	Rubi, Gabriel
Duration:	2013 - 2016		619-533-3465
Improv Type:	Betterment		rubig@sandiego.gov

Description: This project will consolidate and merge the Enterprise Asset Management (EAM) Systems, Applications, and Products (SAP) system into the Industry Solution for Public Sector (ISPS) SAP system and allow for one managed instance and full integration with ISPS processes. ISPS is used for Financials (General Ledger, Accounts Payable, Cost Accounting, Accounts Receivables, Fixed Assets), Materials Management, Funds/Grants Management, Human Capital Management, Procurement, Contracts Accounting, and Project Systems.

Justification: This project will reduce the size of the EAM technological infrastructure while providing full integration with the ISPS business processes in one SAP system.

Operating Budget Impact: None.

Relationship to General and Community Plans: Not applicable.

Schedule: This project schedule will follow the Accelerated SAP (ASAP) methodology for the project's life-cycle. It will use the standardized work breakdown structure (WBS) that provides the foundation for defining implementation project work in a deliverable-oriented, hierarchical manner in order to manage the project work to completion. The project duration is estimated at three years.

Summary of Project Changes: No significant changes have been made to this project for Fiscal Year 2014.

Environmental Services

Page Intentionally Left Blank

Environmental Services

The Environmental Services Department ensures that all residents of the City of San Diego are provided with a clean, safe, and ecologically-sound environment. The Department operates a full-service landfill and maintains eight closed landfills and eight inactive burn sites, all of which require sustained improvements related to landfill gas systems, groundwater monitoring networks, and grading and slope work. The Department also manages the City's energy use and a variety of programs focused on implementing innovative alternatives to increase energy efficiency at City facilities. Through the Capital Improvements Program, the Department identifies and dedicates Refuse Disposal Fund resources to projects that focus on providing reliable solid waste management. In addition, State and federal energy grants are provided to projects that focus on resource conservation and environmental protection to preserve public health and ensure sustainable communities for future generations.

2013 CIP Accomplishments

The Department has continued to dedicate capital improvement resources towards its mission of providing reliable solid waste management, resource conservation, and environmental protection to preserve public health and ensure sustainable communities for future generations.

The Department's Energy, Sustainability, and Environmental Protection Division completed projects for Fiscal Year 2013 included:

- The installation of a 350 kilowatt permanent backup power generator at the Ridgehaven Court Facility. This project provides the City of San Diego with a backup location for the City's Downtown Emergency Operation Center. The installed generator system will provide emergency power for critical operations and allow City staff to maintain core City functions.
- An energy efficiency upgrade project at the Fire Communications Center replaced old heating, ventilation, and air conditioning equipment with newer more efficient equipment. This included the installation of 14 fan coils, two air handler units, a room air conditioner, and new digital controls replacing pneumatic controls and integrating into the existing direct digital control system. The upgrades are anticipated to save 119,421 kilowatt hours and \$17,800 in annual utility costs.
- Installation of the Broad Spectrum Street Lights replaced 35,000 cobra head street lights with induction lights that will reduce energy consumption and save 16 million kilowatt hours and \$1.8 million in utility costs annually.

The Department also conducted improvements at landfills throughout the City.

- Finalized the Long-Term Resource Management Options Strategic Plan that identified several alternatives for managing the City's waste stream through 2045.
- Completed several drainage, groundwater, and landfill gas system upgrades at Arizona Street, South Chollas, and Miramar Landfills to ensure operational and solid waste regulatory compliance.
- Developed preliminary grading and drainage improvement structure plans for the South Chollas Landfill.

2014 CIP Goals

The Department will continue to promote sustainability and public health through its effective delivery of capital improvement projects. Most of the Department's capital improvement projects are focused

Environmental Services

on ensuring regulatory compliance at the Miramar Landfill and inactive landfills throughout the City. The following are the Department's goals for Fiscal Year 2014:

- Continue construction on energy improvements to City facilities resulting in the installation of more efficient technologies, such as lighting and air conditioning, in order to reduce energy consumption.
- Award the Broad Spectrum Street Lighting design-build contract for the replacement of 5,000 decorative pedestrian post-top street lights and begin installation.
- Award design contract and begin the permitting process for the Resource Recovery Center project, a source separation facility at the Miramar Landfill in which self-haul landfill customers will separate their materials for recycling and/or disposal. This project will divert recyclable material that would have gone into the landfill preserving landfill capacity and increasing the City's overall diversion rate.
- Complete the installation of gas extraction wells and landfill gas system upgrades at the South Chollas Landfill in an effort to mitigate landfill gas migration.
- Begin construction on landfill gas collection system additions and upgrades at the Miramar Landfill in order to mitigate landfill gas migration and surface emissions.

Improv Type: New	mcoleman@sandiego.gov

Description: This annual allocation provides for operational yard improvements necessary to support heavy equipment and other upgrades related to yard security, safety, and stormwater runoff to the Environmental Services Operations Station (ESOS) Yard.

Justification: Operational yard improvements are required to support heavy equipment. Other upgrades will improve yard security, safety, and ensure regulatory compliance with stormwater runoff.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Mira Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: Projects will be scheduled on a priority basis.

Summary of Project Changes: Refuse Disposal CIP funding in the amount of \$275,000 has been allocated to this project for Fiscal Year 2014. Projects scheduled for Fiscal Year 2014 include the continued drainage study at the Miramar Operations Yard as well as the implementation of the resulting drainage Best Management Practices.

Future Waste Mgmt Disposal & Processing Facilities / S01088

Landfills - Supporting Fac / Struct

Council District: Citywide	Priority Score: 92
Community Plan: Citywide	Priority Category: High
Project Status: Continuing	Contact Information: Castillo-Corbin, Sylvia
Duration: 1989 - 2018	858-492-5032
Improv Type: New	smcastillo@sandiego.gov

Description: This project provides for the development and construction of solid waste disposal and processing facilities. Strategic planning, design, construction, environmental review, and potential purchase of mitigation property are all within the scope of the project.

Justification: The City must continue to have adequate disposal or processing facilities for the solid waste it generates each year. Technology to recover and/or convert portions of refuse material is being explored and developed. It appears that there will always be a need for landfilling part of the generated waste stream and residue from other solid waste disposal facilities.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Ongoing efforts are being made to identify solid waste processing and disposal options. The project is scheduled to continue through Fiscal Year 2017.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Minor Improvements to Landfills / AFA00001

Council District: Citywide	Priority Score: Annual
Community Plan: Citywide	Priority Category: Annual
Project Status: Continuing	Contact Information: Castillo-Corbin, Sylvia
Duration: 2010 - 2020	858-492-5032
Improv Type: New	smcastillo@sandiego.gov

Description: This annual allocation provides for minor improvements to existing sanitary landfills to comply with operating permits and regulatory requirements. Such improvements may include fencing, access roads, drains, small structures, and environmental protection projects. This project also provides for minor improvements to existing groundwater monitoring networks at all closed and operating landfills managed by the City. Improvements include new facilities as well as engineering reports and/or design specifications necessary to mitigate groundwater issues or modify groundwater monitoring programs.

Justification: This project provides the flexibility for timely initiation of minor improvements and construction needed to meet operational and solid waste regulatory mandates such as drainage, grading, and groundwater monitoring improvements.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis to meet regulatory requirements. Projects scheduled for Fiscal Year 2014 include the continued design and construction of multiple down drains, perimeter drainage channels, and minor grading to promote positive drainage.

Summary of Project Changes: Refuse Disposal CIP funding in the amount of \$330,000 has been allocated to this project for Fiscal Year 2014. A total of \$1.7 million will be allocated to this project through Fiscal Year 2018.

Miramar Landfill Greenery Expansion / S00975

Landfills

Council District:	Citywide	Priority Score:	53
Community Plan:	Citywide	Priority Category:	Low
Project Status:	Warranty	Contact Information:	Thompson, Michael
Duration:	2009 - 2013		858-492-6151
Improv Type:	Betterment		mthompson@sandiego.gov

Description: This project provides for the expansion of the existing Miramar Greenery currently located at the Miramar Landfill. The expansion of curbside greens collection to additional neighborhoods in the City will increase the tonnage coming into the facility, requiring additional acreage and equipment.

Justification: Expansion of curbside greens collection will increase the diversion of solid waste required by the State of California. A larger facility is required to process the increased tonnage expected as a result of expanded curbside pickup.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is located on federal property and there is no community planning area. This project is in conformance with the City's General Plan.

Schedule: This project is complete and will be closed by the end of the fiscal year.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Ridgehaven Backup Generator Project / S10133

Bldg - Other City Facility / Structures

Council District: 6	Priority Score: N/A
Community Plan: Kearny Mesa	Priority Category: N/A
Project Status: Continuing	Contact Information: Reddy, Chandra
Duration: 2012 - 2014	858-492-6002
Improv Type: New	creddy@sanidiego.gov

Description: This project provides for the installation of the emergency backup generator and associated equipment at the Ridgehaven Court facility and will be used as Homeland Security alternate Emergency Operations Center. The generator has been purchased and is on-site waiting to be installed.

Justification: This project will serve the requirements of Homeland Security Emergency Operations.

Operating Budget Impact: The operating budget impact is approximately \$5,000 annually for fuel and maintenance costs.

Relationship to General and Community Plans: This project is consistent with the Kearny Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: This project is complete and awaiting capitalization.

Summary of Project Changes: This project will be closed by the end of the fiscal year.

Project Status: Continuing	Contact Information: Castillo-Corbin, Sylvia
Duration: 2000 - 2018	858-492-5032
Improv Type: Replacement	smcastillo@sandiego.gov

Description: This project provides for cover material, grading, drainage, and site improvements at the inactive South Chollas Landfill.

Justification: This project is required to maintain compliance with various State and federal regulatory requirements and to avoid code violations.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Mid-City: Eastern Area Community Plan and it is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis to meet regulatory requirements. This includes the evaluation of existing landfill cover, the construction of drainage systems and utilities, and the preliminary design and engineering of approximately five separate areas of the landfill including the Chollas Operations Yard.

Summary of Project Changes: No significant change has been made to this project in Fiscal Year 2014. A total of \$550,000 will be allocated to this project through Fiscal Year 2018 for continued drainage and site improvements at South Chollas Landfill.

Underground Tank Program / AFA00002

Landfills

Council District:	Citywide	Priority Score:	Annual
Community Plan:	Citywide	Priority Category:	Annual
Project Status:	Continuing	Contact Information:	Fergusson, Craig
Duration:	2010 - 2020		858-627-3311
Improv Type:	New		cfergusson@sandiego.gov

Description: This project provides for implementation of the Citywide Underground Hazardous Materials Storage Tank Master Plan. The plan addresses the removal, installation, closure, site assessment and mitigation, replacement, testing, and rehabilitation of the 69 City-owned underground storage tanks (USTs). Site assessment and mitigation activities related to 26 unauthorized releases are ongoing to maintain regulatory compliance, eligibility for State reimbursement, protection of groundwater, and public health and safety.

Justification: The State Underground Storage of Hazardous Substances Law (Sher Bill AB 1362) and SB989 established guidelines and regulations for the design, installation, rehabilitation, testing and maintenance, and monthly facility inspections by a Designated UST Operator. Non-compliance with UST laws or site assessment and mitigation (SA/M) requirements may make the City ineligible for reimbursement of an estimated \$4 million in current and future SA/M costs as well as liable for civil penalties of up to \$25,000 per day per site.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: There are no regulatory mandate-driven projects foreseen in Fiscal Year 2014. Future funding needs will be identified as new regulatory mandates arise.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

West Miramar Landfill - Phase 2 / S00774

Bldg - Other City Facility / Structures

Council District:	Citywide	Priority Score:	N/A
Community Plan:	Citywide	Priority Category:	N/A
Project Status:	Continuing	Contact Information:	Purtee, Ray
Duration:	1996 - 2020		858-573-1208
Improv Type:	Betterment		rpurtee@sandiego.gov

Description: This project provides for a landfill gas collection system for the West Miramar Phase II Landfill. Bio-degradation of buried waste produces landfill gas. The landfill gas collection system consists of a network of gas extraction wells connected by piping.

Justification: This improvement is required to maintain compliance with various State and federal regulatory requirements. It will also prevent code violations and enhance public health and safety.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is located on federal property and there is no community planning area. This project is in conformance with the City's General Plan.

Schedule: Design and construction began in Fiscal Year 1996 and will continue through the life of the landfill. The landfill is anticipated to close in Fiscal Year 2022.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

West Miramar Refuse Disposal Facility - Phase 2 / S01074

Council District: Citywide	Priority Score: 89
Community Plan: Citywide	Priority Category: High
Project Status: Continuing	Contact Information: Thompson, Michael
Duration: 1988 - 2021	858-492-6151
Improv Type: Betterment	mthompson@sandiego.gov

Description: This project provides for continuing development of the West Miramar Landfill, located south-west of Marine Corps Air Station Miramar. The facility will accommodate over 35 million cubic yards of refuse on 807 acres. Phase II will develop the second half of the facility, including design and construction of entry roads and drainage systems, excavation, federally-mandated liner systems, and stockpiling and spreading of earthen materials. This project also includes development of the General Development Plan elements for the entire site.

Justification: Improvements are required in order to ensure compliance with conditions set forth by the operations permit issued by the California Integrated Waste Management Board and the Regional Water Quality Control Board. In addition, the funding will provide for improvements related to drainage and stormwater run-off to ensure National Pollutant Discharge Elimination System regulatory compliance.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is located on federal property and there is no community planning area. This project is in conformance with the City's General Plan.

Schedule: Engineering design and construction will continue through Fiscal Year 2016 in order to facilitate modular development as additional capacity is required.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Fire-Rescue

Page Intentionally Left Blank

Fire-Rescue

The City of San Diego's Fire-Rescue Department is committed to replacing and rehabilitating Fire-Rescue facilities in order to serve a population of 1.3 million within a 343 square mile area. The Capital Improvements Program (CIP) plays a vital role in providing the much needed infrastructure for fire and lifeguard station facilities, while addressing the ongoing capital needs of the existing stations. These facilities and the associated infrastructure are an important component in providing emergency responses throughout the City. The Department has 47 fire stations, a fire communications center, an air rescue facility, a training facility, nine lifeguard stations, a boat dock, and 48 seasonal lifeguard towers. These facilities are designed and maintained for the use of our firefighters and lifeguards who in turn benefit the public by responding to emergencies. Fire-Rescue CIPs include the rehabilitation and construction of existing stations to ensure that older stations are well-maintained to extend the life of the facility for long-term cost savings and meet the department's current operational needs, while new stations achieve good quality design and construction that enhances the overall urban design of the communities it serves. The Department continually seeks funding for capital improvements to preserve and extend the life-cycle of its facilities such as roof and HVAC replacements, driveway repairs, and other necessary facility maintenance projects that affect health and safety. Funding for the Department's projects come from a variety of sources such as development impact fees, facilities benefit assessments, developer reimbursement agreements, deferred capital project bond financing, grants, and the General Fund.

2013 CIP Accomplishments

In Fiscal Year 2013, the Fire-Rescue Department completed many capital improvements that included:

- Exterior repair, stucco painting, window trims, and screen replacement was completed for Fire Station 42.
- The kitchen countertop was replaced at Fire Station 45.
- Mission Beach Lifeguard Station's flooring was replaced in offices and the break room.
- Ocean Beach comfort station design/build project accommodated lifeguard's storage for operational needs.
- The kitchen flooring, dining room, and ready room were replaced at Fire Station 10.
- Vernal pool studies were conducted at Montgomery Field for the future Air Operations facility permanent site as identified in the Airports Master Plan.
- Development & environmental permits for design/build of the Children's Pool Lifeguard Station Project Construction were obtained and the design/build construction contract was awarded.
- The Notice of Completion of the Lifeguard Headquarters' ADA Improvement project was submitted. The work consisted of new ADA ramps, access, and restrooms.
- Interior apparatus painting and lighting retrofit was completed at Fire Station 38.
- Proposed Telecom infrastructure designs were completed at Fire Stations 22 and 31.
- Minor and major construction was completed at various fire stations such as driveway repair/replacement at Fire Stations 32, 35, and 42.
- Met major milestone of 90% design and construction drawings for the new Fire Stations 2, 5, 17, and 38 expansions.
- Programming, design development, and schematic design was completed for the new North Pacific Beach lifeguard station.
- Met major milestone of 80% design and construction drawings for Fire Station 22 and South Mission Beach lifeguard station.

Fire-Rescue

- In the process of obtaining building permits in preparation of bid documents for the construction of Fire Station 45, and the La Jolla Children's Pool and La Jolla Cove Lifeguard Stations.
- Capital improvement projects under construction include Mission Beach Lifeguard Station locker room remodel and expansion, and the new La Jolla Shores Lifeguard Station.
- Systems upgrade & commissioning to the existing Fire Communications Center's HVAC were implemented for optimum performance.
- Fire Stations 9 and 38 completed its HVAC and roof replacement to extend the life of the facilities.
- Initiated a capital improvement project for the construction of the new North University City Fire Station.
- Initiated capital improvement projects for Fire Stations 8 and 15 for new partial building construction to meet current operational needs.
- Progress continued of interim updates and amendments are in process for various Community Plans, Public Facilities Financing Plans, General Plan, and the California Environmental Quality Act proposed developments, which aid in identifying and prioritizing future capital improvement projects, helping to implement the Department's Citygate Study and its 5-year Implementation Plan.
- Lifeguard Station Design and Construction Standards and the ongoing updates to the Fire Station Design and Construction Standards were drafted.

2014 CIP Goals

The San Diego Fire-Rescue Department is looking forward to initiating and implementing the following capital improvement projects based on funding availability:

- Project design of Fire Station 15 (Ocean Beach) will include the design and construction of the facility's ready room and dining room to meet functional and operational needs.
- Project design of Fire Station 8 (Mission Hills) will include the design and construction of the kitchen, ready room, and watch room to meet the full functionality of the fire station requirements.
- The Station Alerting project will provide for the replacement of the current Fire In-Station Alerting System at fire stations Citywide. The current alerting system technology is 21 years old and is currently relying on a back-up system.
- Fire Stations 5 (Hillcrest) and 17 (City Heights) projects will provide for the demolition, design, and construction of the new stations that meet current operational needs.
- Construction of the La Jolla Children's Pool and La Jolla Cove Lifeguard Stations is anticipated to begin.
- Construction of the La Jolla Shores Lifeguard Station is expected to be completed.
- The redesign of Fire Station 22 (Pt. Loma) will be completed. The existing fire station was built in the early 1940s and is now too small to accommodate new fire engines.
- Future funds will be identified for the design of the new fire station site at Skyline North.
- The reconstruction of Fire Station 38's expansion of dorms and the captain room is anticipated to be completed.
- Construction is scheduled to begin for Fire Station 45 (East Mission Valley).
- The design phase of the South Mission Beach Lifeguard Station will be completed.

Fire-Rescue

Children's Pool Lifeguard Station / S00644

Bldg - Pub Safety - Lifeguard Stations

Council District: 1	Priority Score: 93
Community Plan: La Jolla	Priority Category: High
Project Status: Continuing	Contact Information: Cetin, Elif
Duration: 2000 - 2015	619-533-4640
Improv Type: Replacement	ecetin@sandiego.gov

Description: This project provides for a new lifeguard station and family restroom at the Children's Pool in La Jolla.

Justification: The existing Lifeguard Tower structure is no longer safe and has been abandoned. It does not meet the current or future needs of Lifeguard Services. The existing facility does not provide adequate safety to the employees, and can no longer keep up with the growing community of La Jolla and the larger number of visitors every year. The scope of this project is also to remodel the existing public restrooms facilities.

Operating Budget Impact: Personnel expenses are expected to increase by approximately \$161,000 during construction only. Maintenance costs for the new facility are expected to increase by approximately \$5,000 annually due to the increased square footage of the new facility.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Schedule: Conceptual design is completed and approved. Building contract documents are currently in progress. A design-build contract is scheduled to be issued in Fiscal Year 2014. Construction is scheduled to begin in Fiscal Year 2014 and to be completed in Fiscal Year 2015.

Summary of Project Changes: The total project cost increased by \$558,000 due to revised estimates.

Fire-Rescue

Fire Station Major Component Replacement Rehab / ABC00001

Bldg - Pub Safety - Fire Fac / Struct

Council District:	Citywide	Priority Score:	Annual
Community Plan:	Citywide	Priority Category:	Annual
Project Status:	Continuing	Contact Information:	Cetin, Elif
Duration:	2010 - 2020		619-533-4640
Improv Type:	Replacement - Rehab		ecetin@sandiego.gov

Description: This project provides for the replacement and/or rehabilitation of major structural and construction components in older fire facilities throughout the City. Included are electrical service upgrades, heating, ventilating and air-conditioning (HVAC), roofs, dormitory remodels, kitchen remodels, driveway and parking paving, exterior finishes, and miscellaneous renovations.

Justification: The San Diego Fire-Rescue Department currently maintains 50 fire facilities. Over half of these facilities have been in service for more than 25 years. Many of the major components have exceeded their expected service life and must be replaced. The needs of modern technology and a diversified workforce also require changes in fire facility configuration, HVAC systems distribution, and energy capacity.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects will be scheduled on a priority basis.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Fire-Rescue

Fire Station No. 01 - Downtown / S00786

Bldg - Pub Safety - Fire Fac / Struct

Council District: 3	Priority Score: N/A
Community Plan: Centre City	Priority Category: N/A
Project Status: Continuing	Contact Information: Cetin, Elif
Duration: 2009 - 2017	619-533-4640
Improv Type: Replacement	ecetin@sandiego.gov

Description: This project provides for the design and construction of modifications to rehabilitate Fire Station 1 which include different floor layouts, new electrical plans, ventilation and exhaust extraction system, new roll-up doors, modified asbestos abatement plans to include only portions to be disturbed as part of other improvements, modified mechanical/ventilation system designed for the new configuration, kitchen area remodel, and a new accessible restroom.

Justification: This 29-year-old fire station is in need of repair and renovation in order to maintain a safe and livable facility. Many of the major components have exceeded their expected service life. The needs of modern technology and a diversified workforce also require changes in fire facility configuration.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Centre City Community Plan and is in conformance with the City's General Plan.

Schedule: This project was redesigned and construction started in Fiscal Year 2010. The remodeling (Phase 1) is complete. Phase 2 consists of reconstruction of the portion of the station that was not remodeled. The schedule for Phase 2 will be established when funding is identified.

Summary of Project Changes: The total project cost was reduced by \$4.3 million due to a more accurate construction estimate, developed during the remodeling phase.

Fire-Rescue

Fire Station No. 05 - Hillcrest / S00788

Bldg - Pub Safety - Fire Fac / Struct

Council District: 3	Priority Score: 80
Community Plan: Uptown	Priority Category: Medium
Project Status: Continuing	Contact Information: Cetin, Elif
Duration: 2009 - 2018	619-533-4640
Improv Type: New	ecetin@sandiego.gov

Description: This project provides for an approximately 10,500 square foot fire station located at 3902 9th Avenue. The existing fire station will be demolished and replaced by a new, modern fire station. This station will house a crew of eight and one Battalion Chief. It will accommodate one engine, one aerial truck, and one Battalion Chief vehicle.

Justification: The current station is 49 years old. The water and sewer service to the existing station is deteriorating and requires immediate repairs. The station is too small to accommodate a new style fire engine and the larger type of aerial ladder truck. The current station is inadequate to serve future population growth.

Operating Budget Impact: Once built, the operation of the Hillcrest Fire Station will require additional positions estimated at \$1.9 million per year. The square footage increase of this fire station will also result in increased maintenance costs estimated at \$5,000 annually. The cost of the project includes the purchase of a new Fire Engine valued at \$800,000.

Relationship to General and Community Plans: This project is consistent with the Uptown Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2011 and is scheduled to be completed in Fiscal Year 2014. Construction is scheduled to begin when funding is identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Fire-Rescue

Fire Station No. 08 - Mission Hills / S10029

Bldg - Pub Safety - Fire Fac / Struct

Council District: 2	Priority Score: 81
Community Plan: Uptown	Priority Category: Medium
Project Status: Continuing	Contact Information: Antoun, Nevien
Duration: 2013 - 2016	619-533-4852
Improv Type: Betterment	nantoun@sanidiego.gov

Description: This station is located at 3974 Goldfinch Street and it serves Mission Hills and surrounding areas. This project provides for the design and construction of the facility's working areas to provide the full functionality of the fire station operational requirements.

Justification: The current facility does not provide sufficient space to allow full functionality. This project will allow to better serve the community and to provide more efficient responses.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Uptown Community Plan and is in conformance with the City's General Plan.

Schedule: The design phase has been completed and construction is anticipated to be completed in Fiscal Year 2016.

Summary of Project Changes: Development Impact Fees in the amount of \$200,000 are being allocated to this project in Fiscal Year 2014.

Fire-Rescue

Fire Station No. 15 - Expansion / S13011

Bldg - Pub Safety - Fire Fac / Struct

Council District: 2	Priority Score: 44
Community Plan: Ocean Beach	Priority Category: Low
Project Status: Continuing	Contact Information: Antoun, Nevien
Duration: 2013 - 2015	619-533-4852
Improv Type: Betterment	nantoun@sanidiego.gov

Description: Fire Station 15 serves the community of Ocean Beach and surrounding areas and is located at 4711 Voltaire Street. The project provides for the expansion of the existing fire station facility to meet current department standards and operational needs (meeting room or dorm rooms) to serve the growing population.

Justification: Expansion of the existing station is needed to keep up with increased operational activity over the years. The project provides for the expansion of the existing fire station facility to meet current department standards and operational requirements to serve the needs of the community.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Ocean Beach Community Plan and is in conformance with the City's General Plan.

Schedule: Project began in Fiscal Year 2013 and is scheduled to be completed in Fiscal Year 2015.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Fire-Rescue

Fire Station No. 17 - Mid-City / S00783

Bldg - Pub Safety - Fire Fac / Struct

Council District: 9	Priority Score: 80
Community Plan: City Heights (Mid-City)	Priority Category: Medium
Project Status: Continuing	Contact Information: Cetin, Elif
Duration: 2009 - 2018	619-533-4640
Improv Type: Replacement	ecetin@sandiego.gov

Description: This project provides for reconstructing the 50-year-old fire station at 4206 Chamoune Avenue in the Mid-City area. The station will accommodate up to ten personnel, two fire vehicles, and one paramedic unit.

Justification: Fire Station 17 is one of the busiest engine companies in the United States and is currently in a state of deterioration. Reconstruction of Fire Station 17 will allow for assignment of one additional fire crew to divide emergency response between two units.

Operating Budget Impact: The square footage increase of this fire station will result in increased maintenance costs of \$5,000. The cost of one additional fire engine is included in the project cost estimate. Also, the cost of one crew estimated at \$1.9 million annually will need to be added as an operating impact.

Relationship to General and Community Plans: This project is consistent with the Mid-City: City Heights Community Plan and is in conformance with the City's General Plan.

Schedule: The project is scheduled to complete design in Fiscal Year 2014. Construction will be scheduled when funding is identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Bldg - Pub Safety - Fire Fac / Struct

Council District: 2	Priority Score: 81
Community Plan: Peninsula	Priority Category: Medium
Project Status: Continuing	Contact Information: Cetin, Elif
Duration: 2009 - 2018	619-533-4640
Improv Type: Replacement	ecetin@sandiego.gov

Description: This project provides for the demolition of an existing and reconstruction of a new station located at 1055 Catalina Boulevard in Point Loma.

Justification: The existing fire station was built in the early 1940s and is now too small to accommodate new fire engines. Many of the major components have exceeded their expected service life. The needs of modern technology and a diversified workforce also require changes in fire facility configuration.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Peninsula Community Plan and is in conformance with the City's General Plan.

Schedule: The project design is scheduled to be completed in Fiscal Year 2014. Construction will be scheduled when funding is identified.

Summary of Project Changes: The total project cost has increased by \$1.1 million due to an increase in the estimated construction cost.

Fire Station No. 38 - Mira Mesa Remodel / S10006

Bldg - Pub Safety - Fire Fac / Struct

Council District: 6	Priority Score: 81
Community Plan: Mira Mesa	Priority Category: Medium
Project Status: Continuing	Contact Information: Cetin, Elif
Duration: 2010 - 2017	619-533-4640
Improv Type: Betterment	ecetin@sandiego.gov

Description: This project provides for design and construction of approximately 500 square feet to expand the existing fire station to accommodate Emergency Medical Services (EMS) staff living quarters and increased operational needs.

Justification: The existing facility does not accommodate staff adequately. This project will provide for the housing of two medics who are currently housed in a rented trailer/modular building. This project will ensure consistency with the Citygate Report's recommendations.

Operating Budget Impact: None

Relationship to General and Community Plans: This project is consistent with the Mira Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: Design is scheduled to be completed in Fiscal Year 2014 and construction is projected to begin in Fiscal Year 2014 and completed in Fiscal Year 2016.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Fire-Rescue

Fire Station No. 45 - East Mission Valley / S00688

Bldg - Pub Safety - Fire Fac / Struct

Council District: 7	Priority Score: 92
Community Plan: Mission Valley	Priority Category: High
Project Status: Continuing	Contact Information: Cetin, Elif
Duration: 1994 - 2019	619-533-4640
Improv Type: New	ecetin@sandiego.gov

Description: This project provides for an updated fire station in Mission Valley. The station will accommodate up to 18 personnel, two engines, one aerial truck, two hazardous material apparatus, one paramedic ambulance, and one Battalion Chief vehicle.

Justification: A fire station is needed to serve the Mission Valley community. This project is consistent with City Council policy to meet response time guidelines.

Operating Budget Impact: Staffing and maintenance costs for the temporary facility are reflected in the Fire-Rescue Department's Fiscal Year 2013 Adopted Budget. The operation of the permanent facility will require additional positions equivalent to \$1.9 million per year if the facility is fully staffed in Fiscal Year 2014. Non-personnel costs to operate a new station are approximately \$300,000. These funds will need to be added permanently to the Fire-Rescue budget after the project is complete.

Relationship to General and Community Plans: This project is in conformance with the City's General Plan; however, the Mission Valley Community Plan does not currently provide for this project. An amendment to the Community Plan may be required prior to implementation of this project.

Schedule: Design was completed in Fiscal Year 2013. Construction is scheduled to begin in Fiscal Year 2014 and is anticipated to be completed in Fiscal Year 2015.

Summary of Project Changes: This project will receive \$3.7 million in bond funding in Fiscal Year 2014.

Fire Station No. 47 - Pacific Highlands Ranch / S00689

Bldg - Pub Safety - Fire Fac / Struct

Council District: 1	Priority Score: 81
Community Plan: Pacific Highlands Ranch	Priority Category: Medium
Project Status: Warranty	Contact Information: Cetin, Elif
Duration: 2005 - 2011	619-533-4640
Improv Type: New	ecetin@sandiego.gov

Description: This project provides for a 10,500 square foot fire station to serve the Pacific Highlands Ranch community. This station provides one engine and one aerial ladder truck. The project budget and funding reflect the Pacific Highlands Ranch Public Facilities Financing Plan for Fiscal Year 2006 as approved by the Mayor and City Council on December 7, 2004, per Resolution R-299980.

Justification: This is the second of three fire stations providing fire protection and emergency medical response in accordance with the requirements of the North City Planned Urbanizing Area.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Pacific Highlands Ranch Community Plan and is in conformance with the City's General Plan.

Schedule: Construction of Fire Station 47 was completed in Fiscal Year 2010. The project will remain active until the developer is reimbursed, which is expected to occur in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Fire-Rescue

Fire Station No. 49 - Otay Mesa / S00784

Bldg - Pub Safety - Fire Fac / Struct

Council District: 8	Priority Score: 81
Community Plan: Otay Mesa - Nestor, Otay Mesa	Priority Category: Medium
Project Status: Continuing	Contact Information: Cetin, Elif
Duration: 2002 - 2018	619-533-4640
Improv Type: New	ecetin@sandiego.gov

Description: This project provides for an approximately 10,500 square foot double-house fire station to serve the Otay Mesa and Otay Mesa/Nestor Communities. The fire station will be located across the intersection of Ocean View Hills Parkway and Sea Fire Point and will serve the community in addition to Fire Station 6 located at 693 Twining Avenue. The fire station will accommodate two fire apparati and a paramedic ambulance.

Justification: A second fire station is needed to serve the Otay Mesa Community and it will ensure consistency with the Citygate Report's recommendations.

Operating Budget Impact: The operation of the Otay Mesa/Nestor Communities Fire Station will require additional positions equivalent to approximately \$3.9 million beginning in the first year of operation. Non-personnel costs to operate the new station are approximately \$600,000. These funds will need to be added permanently to the Fire-Rescue operating budget after the project is complete. Additionally, the one-time cost of \$800,000 for one fire engine is included in the first year operating expenses.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa and Otay Mesa/Nestor Community Plans and is in conformance with the City's General Plan.

Schedule: Land acquisition, design, construction, and acquisition of furnishings and apparatus will be scheduled once developer funding is identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Project Status: Continuing	Contact Information: Cetin, Elif
Duration: 2010 - 2018	619-533-4640
Improv Type: New	ecetin@sandiego.gov

Description: This project provides for a new fire station in the Paradise Hills area to serve the Paradise Hills/Skyline area of San Diego. The site for this project has not been identified.

Justification: This station is needed to serve the Paradise Hills/Skyline community and will ensure consistency with the Citygate Report's recommendations.

Operating Budget Impact: The operation of the Paradise Hills/Skyline double-house station will require additional positions equivalent to approximately \$3.9 million. Additionally, a new fire truck and engine will need to be purchased for \$2 million. Non-personnel costs to operate a new double-house station are approximately \$600,000.

Relationship to General and Community Plans: This project is consistent with the Skyline/Paradise Hills Community Plan and is in conformance with the City's General Plan.

Schedule: Design and construction will be scheduled when funding is identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Fire-Rescue

La Jolla Cove Lifeguard Station / S00792

Council District: 1	Priority Score: 93
Community Plan: La Jolla	Priority Category: High
Project Status: Continuing	Contact Information: Cetin, Elif
Duration: 2009 - 2016	619-533-4640
Improv Type: Replacement	ecetin@sandiego.gov

Description: This project provides for the La Jolla Cove Lifeguard Station, located at 1100 Coast Boulevard, which will be a year-round facility replacing the current station. The structure will include an observation tower, first aid room, and locker room/restroom areas. This project will also provide for an accessible ramp for the mid-landing.

Justification: The existing facility consists of a station constructed in the 1950s and an observation tower added in 1980, which is inadequate to accommodate staff or provide adequate water safety protection.

Operating Budget Impact: Personnel expenses are not expected to increase; however, non-personnel expenses for utilities and on-going maintenance are estimated to increase by approximately \$5,000 per year due to an expanded facility area.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Schedule: Design was completed in Fiscal Year 2013. Construction is scheduled to begin in Fiscal Year 2014 and anticipated to be completed in Fiscal Year 2016.

Summary of Project Changes: The total project cost decreased by \$130,000 from Fiscal Year 2013 due to revised project estimates.

Council District: 1	Priority Score: N/A
Community Plan: La Jolla	Priority Category: N/A
Project Status: Continuing	Contact Information: Cetin, Elif
Duration: 2009 - 2014	619-533-4640
Improv Type: Replacement	ecetin@sandiego.gov

Description: This project provides for the La Jolla Shores Lifeguard Station located at 8100 Camino del Oro, which will be a year-round facility replacing the current station. The structure will include an observation tower, first aid room, reception area, kitchen, locker room/restroom areas, and a separate facility for rescue vehicles and emergency equipment.

Justification: The existing facility was built in 1981 and is inadequate to accommodate current and future staff and to allow for adequate water safety protection to the public.

Operating Budget Impact: Personnel expenses are not expected to increase; however, non-personnel expenses for utilities and on-going maintenance are estimated to increase by approximately \$5,000 annually due to increased footage in the new facility.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Schedule: Final design was completed during Fiscal Year 2010. Construction began in Fiscal Year 2011 and is scheduled to be completed in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Mission Beach Lifeguard Station / S00793

Bldg - Pub Safety - Lifeguard Stations

Council District: 2	Priority Score: 71
Community Plan: Mission Beach	Priority Category: Low
Project Status: Continuing	Contact Information: Cetin, Elif
Duration: 2009 - 2015	619-533-4640
Improv Type: Replacement	ecetin@sandiego.gov

Description: This project provides for remodeling the existing Mission Beach Lifeguard Station located at 3141 Oceanfront Walk.

Justification: The existing facility consists of a lifeguard station constructed in 1974 and does not accommodate changing workforce demographics. Mission Beach historically accommodates the highest attendance within the City of San Diego and remodeling the station is necessary to accommodate the large and growing community.

Operating Budget Impact: Personnel expenses are not expected to increase; however, non-personnel expenses for utilities or on-going maintenance are estimated to increase by approximately \$5,000 annually due to the new and expanded facilities.

Relationship to General and Community Plans: This project is consistent with the Mission Beach Precise Plan and is in conformance with the City's General Plan.

Schedule: Design was completed in Fiscal Year 2012. Construction began in Fiscal Year 2013 and is anticipated to be completed in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Fire-Rescue

North Pacific Beach Lifeguard Station / S10119

Bldg - Pub Safety - Lifeguard Stations

Council District: 2	Priority Score: 83
Community Plan: Pacific Beach	Priority Category: High
Project Status: Continuing	Contact Information: Cetin, Elif
Duration: 2011 - 2021	619-533-4640
Improv Type: Replacement	ecetin@sandiego.gov

Description: This project provides for the North Pacific Beach Lifeguard Station located between the foot of Chalcedony Street and Law Street, which will be a year-round facility replacing the current seasonal station. The structure will include an observation tower, first aid room, reception area, kitchen, locker room/restroom areas, and a garage for rescue vehicles and emergency equipment.

Justification: North Pacific Beach has become a highly frequented beach over the years and new facilities will benefit both the public and the employees. Lifeguards are currently operating from a seasonal tower structure supported by a container-type of facility where medical aids and other daily activities like food preparation take place. This can create health issues for both the public and the employees.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Pacific Beach Community Plan and is in conformance with the City's General Plan

Schedule: Design began in Fiscal Year 2013 and is scheduled to be completed during Fiscal Year 2014. Construction will be scheduled upon identification of funding.

Summary of Project Changes: No significant changes to this project were made for Fiscal Year 2014.

North University City Fire Station / S13021

Bldg - Pub Safety - Fire Fac / Struct

Council District: 1	Priority Score: 74
Community Plan: University	Priority Category: Medium
Project Status: Continuing	Contact Information: Antoun, Nevien
Duration: 2013 - 2017	619-533-4852
Improv Type: New	nantoun@sanidiego.com

Description: This new facility will provide support to the University City area and will provide emergency response times that meet City and national standards. This project will include land acquisition (if a privately owned site is identified), design, construction, and equipment for a new fire station to accommodate up to 11 crew members, a fire engine, service aerial truck, and ambulance. The size of the station will be approximately 10,500 square feet. The site has not been determined. On June 26, 2012, City Council approved R-307508 authorizing this project.

Justification: An additional fire station is needed in this area to ensure consistency with the Citygate Report's recommendations.

Operating Budget Impact: This station will require additional staffing and non-personnel expenditures of approximately \$3.9 million.

Relationship to General and Community Plans: The building design will comply with San Diego Fire-Rescue Department's Design and Construction Standards and will be consistent with the North and South University Community Plan, Council Policy 900-14 on Sustainable Building Policy, LEED requirements and with the City's General Plan.

Schedule: Design is scheduled to be initiated in Fiscal Year 2014. Construction is anticipated to be completed in Fiscal Year 2017.

Summary of Project Changes: This is a newly published project for Fiscal Year 2014.

Ocean Beach Lifeguard Station / S10121

Bldg - Pub Safety - Lifeguard Stations

Council District: 2	Priority Score: 79
Community Plan: Ocean Beach	Priority Category: Medium
Project Status: Underfunded	Contact Information: Cetin, Elif
Duration: 2011 - 2015	619-533-4640
Improv Type: Replacement	ecetin@sandiego.gov

Description: This project provides for the Ocean Beach Lifeguard Station located at 1950 Abbott Street. This will be a year-round facility replacing the current station. The structure will include an observation tower, first aid room, reception area, kitchen, locker room/restroom areas, and a garage for rescue vehicles and emergency equipment.

Justification: The existing facility consists of a station constructed in 1980. Since that time, the beach has become a very popular area for swimming and surfing. The existing station is inadequate to accommodate staff and equipment. This project will result in a more effective deployment of lifeguard personnel and equipment, therefore improving the safety of the public and the community.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Ocean Beach Community Plan and is in conformance with the City's General Plan.

Schedule: Project is temporarily on hold. A revised design and construction schedule will be determined once funding is identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Council District: Citywide	Priority Score: 79
Community Plan: Citywide	Priority Category: Medium
Project Status: Continuing	Contact Information: Cetin, Elif
Duration: 2012 - 2015	619-533-4640
Improv Type: Replacement	ecetin@sandiego.gov

Description: This project will provide for the replacement of the Fire In-Station Alerting System at fire stations Citywide. The current alerting system technology is 21 years old and is no longer in service forcing the department to rely upon a back-up system.

Justification: This project will help address General Plan recommended revisions. To treat medical patients and control small fires, the first-due unit should arrive within 7.5 minutes, 90 percent of the time from the receipt of the 911 call in fire dispatch.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Replacement of the system Citywide began in Fiscal Year 2013 and is estimated to be completed in Fiscal Year 2015.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Fire-Rescue

Skyline-Paradise Hills / S00687

Bldg - Pub Safety - Fire Fac / Struct

Council District: 4	Priority Score: 81
Community Plan: Skyline - Paradise Hills	Priority Category: Medium
Project Status: Underfunded	Contact Information: Cetin, Elif
Duration: 2002 - 2019	619-533-4640
Improv Type: Betterment	ecetin@sandiego.gov

Description: This project provides for an additional station, to be located at 7180 Skyline Drive, to better serve the growing community of Skyline/Paradise Hills.

Justification: An additional fire station is needed in this area to meet General Plan recommended revisions. To treat medical patients and control small fires, the first-due unit should arrive within 7.5 minutes, 90 percent of the time from the receipt of the 911 call in fire dispatch.

Operating Budget Impact: Once built, the operation of the Skyline North Fire Station will require additional positions equivalent to approximately \$1.9 million per year. Non-personnel costs to operate a new station are approximately \$300,000. A new fire engine will also need to be purchased for a cost of \$800,000. These funds will need to be added permanently to the Fire-Rescue operating budget after the project is complete.

Relationship to General and Community Plans: This project is consistent with the Skyline/Paradise Hills Community Plan and is in conformance with the City's General Plan.

Schedule: Land acquisition was completed in Fiscal Year 2010. Underground tank assessment is completed. The project is currently on hold and the schedule will be revised when funding is identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Fire-Rescue

South Mission Beach Lifeguard Station / S00791

Bldg - Pub Safety - Lifeguard Stations

Council District: 2	Priority Score: 81
Community Plan: Mission Beach	Priority Category: Medium
Project Status: Underfunded	Contact Information: Cetin, Elif
Duration: 2009 - 2019	619-533-4640
Improv Type: Replacement	ecetin@sandiego.gov

Description: The project provides for the South Mission Beach Station located at 700 North Jetty Road which will be a year-round facility replacing the current station. The new structure will include an observation tower, first aid room, reception area, kitchen, locker room and restroom areas, and a rescue vehicle and emergency equipment facility.

Justification: The existing facility was constructed in 1974 and was intended to be a temporary lifeguard station. It is inadequate to accommodate staff or to provide adequate water safety protection.

Operating Budget Impact: Personnel expenses are not expected to increase; however, non-personnel expenses for utilities and on-going maintenance are estimated to increase by approximately \$5,000 annually due to increased area of the new facility.

Relationship to General and Community Plans: This project is consistent with the Mission Beach Precise Plan and is in conformance with the City's General Plan.

Schedule: Design is scheduled to be completed in Fiscal Year 2014. Construction will be scheduled once funding is identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Unfunded Needs List

Project	Project Total	Unidentified Funding	Percent Unfunded	Description
Children's Pool Lifeguard Station / S00644	\$ 3,857,067	\$ 50,000	1.3%	This project provides for a new lifeguard station and family restroom at the Children's Pool in La Jolla. Construction phase is currently unfunded.
La Jolla Cove Lifeguard Station / S00792	2,104,627	250,000	11.9%	This project provides for the design and construction of the La Jolla Cove Lifeguard Station and will include an observation tower, first aid room, and locker room/restroom areas.
Fire Station No. 01 - Downtown / S00786	2,000,000	1,482,884	74.1%	This project provides for asbestos removal, dormitory remodel, and a new exhaust extraction system at the fire station located at 1222 First Avenue in Downtown. The total estimated project cost of \$2.0 million includes an unfunded amount of \$1.5 million that would be used for reconstruction. Modified/Reduced remodel scope has been completed for Phase 1 and unidentified funds are still needed for a full Phase 2 remodel unless a new fire station is constructed as part of the new Civic Center.
Fire Station No. 22 - Point Loma / S00787	6,770,000	5,761,839	85.1%	This project provides for the reconstruction of Fire Station 22, located at 1055 Catalina Boulevard in Point Loma. Construction phase is currently unfunded.
Skyline-Paradise Hills / S00687	9,153,325	8,162,149	89.2%	This project provides for a new station, in addition to the existing Fire Station 32 located at 484 Briarwood Road, to better serve the growing community of Skyline/Paradise Hills. This project is currently unfunded and on hold until funding has been identified.
Fire Station No. 05 - Hillcrest / S00788	9,040,000	8,128,077	89.9%	This project provides for an approximate 10,500 square foot fire station located at 3902 9th Avenue. The existing fire station will be demolished and replaced by a new, modern fire station. Construction phase is currently unfunded.
North Pacific Beach Lifeguard Station / S10119	6,763,347	6,185,444	91.5%	This project provides for the North Pacific Beach Lifeguard Station located at the foot of Chalcidony Street, which will be a year-round facility replacing the current seasonal station. Construction phase is currently unfunded.
South Mission Beach Lifeguard Station / S00791	4,612,190	4,230,064	91.7%	This project provides for a new year-round South Mission Beach Station located at 700 North Jetty Road which replaces the current station. Construction phase is currently unfunded.
Fire Station No. 17 - Mid-City / S00783	12,015,000	11,186,376	93.1%	This project provides for reconstruction of Fire Station 17, located at 4206 Chamoune Avenue in the Mid-City area. Construction phase is currently unfunded.
Fire Station No. 54 - Paradise Hills / S00785	10,295,000	10,211,065	99.2%	This project provides for a new station in the Paradise Hills area to serve the Paradise Hills/Skyline area of San Diego. Design and construction phases are currently unfunded.
Ocean Beach Lifeguard Station / S10121	4,560,000	4,550,000	99.8%	This project provides for the Ocean Beach Station located at 1950 Abbott Street. Funding for design and construction of the facility is unidentified.
Total - Fire-Rescue	\$ 60,197,898

Page Intentionally Left Blank

Library

The Library Department serves a population of over 1.3 million residents of the City of San Diego. Creating and maintaining facilities that are valued for their accessibility, comfort, and beauty is a high priority of the Department. The Capital Improvements Program plays an important role in providing new facilities and addressing the capital needs of existing facilities. The Library System includes the Central Library and 35 branch libraries. The premier project for the Library Department is the San Diego New Central Library. This will be an iconic facility, large enough to accommodate the needs of the citizens of San Diego for 20 years, with space to accommodate an additional 30 years of growth. The grand opening of the New Central Library is scheduled for Saturday, September 28, 2013.

2013 CIP Accomplishments

In Fiscal Year 2013, the Library Department successfully accomplished:

- The San Diego New Central Library construction successfully continues with anticipated completion and opening in Fiscal Year 2014.
- American's with Disabilities Act (ADA) upgrades at the San Carlos Branch Library, which included the reconfiguration of the parking area, accessibility path to/from the building entrance, and other interior modifications (such as restroom and kitchen ADA improvements).
- North Park Library Parking Lot, which included the removal, replacement, and restriping of the asphalt and concrete parking area.

2014 CIP Goals

The Library Department is looking forward to Fiscal Year 2014 with the following goals:

- The Library Department will shift its focus to identifying funding for projects at branch libraries including the Skyline Hills Branch Library expansion project, the new San Ysidro Branch Library project, and the new Mission Hills-Hillcrest Branch Library project which will provide needed resources to their respective communities.
- In Fiscal Year 2014, the Library Department will begin the process to select and hire a Design-Builder for the Skyline Hills Branch Library. Notice to Proceed for dual-phased design and construction is anticipated to be issued in January 2014.

Council District: 6	Priority Score: 62
Community Plan: Clairemont Mesa	Priority Category: Low
Project Status: Warranty	Contact Information: Gilbert, Stephanie
Duration: 2010 - 2015	619-236-5889
Improv Type: Betterment	sgilbert@sandiego.gov

Description: This project provides for a new 15,000 square-foot branch library on the current site to replace the existing facility at 4255 Mount Abernathy. This project is part of the 21st Century Library System/Library Department Facility Improvements Program.

Justification: The existing undersized facility has no meeting room, computer lab, nor adequate seating to provide adequate library services to the community.

Operating Budget Impact: Operational costs for the project will be determined once funding is identified and a new project is created.

Relationship to General and Community Plans: This project is consistent with the Clairemont Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: The original schematic design began in Fiscal Year 2003 and was completed in Fiscal Year 2006; however, was abandoned due to higher than anticipated total project cost. The scope, cost, and schedule (including construction) will be revised once a new schematic design is developed, approved by the community, and funding is identified.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year. A new project will be created when funding is identified. No other significant change has been made to this project for Fiscal Year 2014.

Project Status: Continuing	Contact Information: Gilbert, Stephanie
Duration: 2004 - 2017	619-236-5889
Improv Type: Betterment	sgilbert@sandiego.gov

Description: This project provides for a 2,000 square-foot expansion of the existing building at 4121 Adams Avenue. This project will benefit the Kensington/Normal Heights residents.

Justification: The expansion is to provide adequate library services to the community. The Kensington/Normal Heights Branch Library is the smallest branch in the Library System. The community has expressed a desire for the library to remain at the same location.

Operating Budget Impact: The non-personnel increase in Fiscal Year 2018 is required to fund ongoing maintenance and contractual services for the additional square footage.

Relationship to General and Community Plans: This project is consistent with the Kensington-Talmadge (Mid-City) Community Plan and is in conformance with the City's General Plan.

Schedule: Preliminary design and site studies were performed in Fiscal Years 2002 through 2005. The estimated cost and schedule for this project were developed in Fiscal Year 2003 and will be revised when funding is identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Library Collection Conversion to RFID / \$12000

Bldg - Libraries

Council District:	Citywide	Priority Score:	46
Community Plan:	Citywide	Priority Category:	Low
Project Status:	Continuing	Contact Information:	Gage, Robyn
Duration:	2012 - 2016		619-236-5973
Improv Type:	Replacement		rgage@sandiego.gov

Description: This project provides for re-labeling all library materials with Radio Frequency Identification (RFID) tags, purchasing self-checks and security gates that will detect the RFID tags/signals, and where cost effective, modify existing equipment to detect the RFID tag/signal.

Justification: All library materials that are checked out to the public are currently labeled with barcodes. RFID technology offers enhanced security, ergonomic benefits, and lends itself better to automation and self-service in libraries; all critical considerations for the Library. Barcodes were once the industry standard for labeling items; however, libraries are increasingly adding RFID tags/signals. Increased efficiency and better customer service are primary reasons for adopting RFID technology. RFID increases the speed of circulation as multiple items can be checked out/checked in simultaneously, rather than one-by-one as in barcode technology. Hand-held RFID readers can also assist staff in the stacks allowing for faster processing of holds, weeding the collection, and performing materials inventory tasks. RFID technology coupled with materials handling systems enhances the speed with which items are back on the shelf and available for check-out.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: There are no design and construction schedules associated with this project. Phase 1 involved the conversion of the Central Library and Centralized Services which was completed in Fiscal Year 2013. Phase 2 will involve the conversion of the Branch Library collection, and is scheduled to begin in Fiscal Year 2014 for completion in Fiscal Year 2016.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Project Status: Warranty	Contact Information: Cetin, Elif
Duration: 2010 - 2011	619-533-4640
Improv Type: Betterment	ecetin@sandiego.gov

Description: This project provides for a new 25,000 square-foot library at 28th Street and Ocean View Boulevard to serve the Logan Heights Community between Logan Elementary School and Memorial Charter Middle School. This project was awarded a grant under the State Library Bond Act.

Justification: The Logan Heights Branch Library, located at 811 South 28th Street in the heart of Logan Heights, was built in 1927 and serves a community of 28,883. The 3,967 square foot building has no meeting rooms or a computer lab for its residents and work spaces for staff are very constrained. Updating the existing telecommunications infrastructure is not feasible in the existing facility due to its age and inadequate size. In addition, there is no on-site parking.

Operating Budget Impact: Operation and maintenance funding for this facility was previously included in the Library Department's budget.

Relationship to General and Community Plans: This project is consistent with the Southeastern San Diego Community Plan and is in conformance with the City's General Plan.

Schedule: Project was initiated in Fiscal Year 2001. Design started in Fiscal Year 2002 and was completed in Fiscal Year 2007. Phase I construction started in Fiscal Year 2005 and was completed in Fiscal Year 2006. Phase II construction started in Fiscal Year 2007 and was completed in Fiscal Year 2009.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Project Status: Warranty	Contact Information: Cetin, Elif
Duration: 2009 - 2017	619-533-4640
Improv Type: Replacement	ecetin@sandiego.gov

Description: This project provides for a 20,000 square-foot library at a site adjacent to the Florence Elementary School, on a block bounded by Front Street, Washington Street, Albatross Street, and University Avenue. This project will serve the Mission Hills and Hillcrest neighborhoods and is part of the 21st Century Library System/Library Department Facility Improvements Program.

Justification: The existing facility has no meeting room, computer lab, nor adequate seating and collection space to provide adequate library services to the community.

Operating Budget Impact: Operational costs for the project has been merged into S13022, Mission Hills-Hillcrest Branch Library.

Relationship to General and Community Plans: The project is consistent with the Uptown Community Plan for promoting a high level of library services, but will require a technical amendment to re-designate the site from Commercial-Mixed use to Institutional-Library. This will be included during the Uptown Community Plan Update process.

Schedule: Preliminary studies and design concepts began in Fiscal Year 2001. Land acquisition was completed in Fiscal Year 2004 and design work began in Fiscal Year 2006. The project cost and schedule were initially developed in Fiscal Year 2013; however, the scope, cost, and schedule (including construction) will be revised once funding is identified.

Summary of Project Changes: A City Council action was approved in Fiscal Year 2013 to close this project, and merge into S13022, Mission Hills-Hillcrest Branch Library. This project will be closed by the end of the fiscal year.

Project Status: Continuing	Contact Information: Gilbert, Stephanie
Duration: 1992 - 2018	619-236-5889
Improv Type: Betterment	sgilbert@sanidiego.gov

Description: This project provides for land acquisition, planning, design, and construction of a new 25,000 square-foot library to replace the existing facility at 3795 31st Street. This project is part of the 21st Century Library System/Library Department Facility Improvements Program.

Justification: The existing facility does not have a computer lab or additional seating. A collection space would enhance service to the community.

Operating Budget Impact: The personnel increase in Fiscal Year 2018 reflects the staffing necessary to meet standards set in the Branch Libraries Facilities Report approved by City Council. The non-personnel increase is required to fund ongoing maintenance and contractual services for the additional square footage.

Relationship to General and Community Plans: This project is consistent with the Greater North Park Community Plan and is in conformance with the City's General Plan.

Schedule: Preliminary studies and community meetings were completed in Fiscal Year 2004. This project is on hold. The project cost and schedule were initially developed in Fiscal Year 2013; however, the scope, cost, and schedule (including construction) will be revised once funding is identified.

Summary of Project Changes: A City Council action was approved in Fiscal Year 2012 to close S00809, North Park Library, and merge into this project. Consequently, \$450,816 was transferred from the closed project into this project.

Project Status: Warranty	Contact Information: Gilbert, Stephanie
Duration: 2009 - 2017	619-236-5889
Improv Type: Betterment	sgilbert@sandiego.gov

Description: This project provides for a 15,000 square-foot library using the current site and adjacent property to serve the Ocean Beach community. This project is part of the 21st Century Library System/Library Department Facility Improvements Program.

Justification: The existing facility was originally built in 1927 and has no meeting room, computer lab, nor adequate seating and collection space to provide adequate library services to the community.

Operating Budget Impact: The personnel increase in Fiscal Year 2018 reflects the staffing necessary to meet the standard set in the Branch Facilities Report approved by City Council (R-296900). The non-personnel increase is required to fund ongoing maintenance and contractual services for the additional square footage.

Relationship to General and Community Plans: This project is consistent with the Ocean Beach Community Plan and is in conformance with the City's General Plan.

Schedule: Preliminary studies and design concepts began in Fiscal Year 2001. Property acquisition and design were completed in Fiscal Year 2005. Revision of the design documents is in progress. The project cost and schedule were initially developed in Fiscal Year 2013; however, the scope, cost, and schedule (including construction) will be revised once funding is identified.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year. A new project will be created when funding is identified. No other significant change has been made to this project for Fiscal Year 2014.

Description: This project provides for a 15,000 square foot branch library on a three-acre site to serve the Otay Mesa/East Community.

Justification: This project will provide branch library service to the Otay Mesa/East Community for future development and population.

Operating Budget Impact: The personnel increase in Fiscal Year 2018 reflects the staffing necessary to meet standards set in the Branch Libraries Facilities Report approved by Council. The non-personnel increase is to fund ongoing maintenance and contractual services required to operate the facility.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: The project schedule will be developed once Facilities Benefit Assessment (FBA) funding has been identified and received.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Library

San Diego New Central Library / S00799

Bldg - Libraries

Council District: 3	Priority Score: N/A
Community Plan: Centre City	Priority Category: N/A
Project Status: Continuing	Contact Information: Meinhardt, Cynthia
Duration: 1996 - 2014	619-533-5259
Improv Type: Betterment	cmeinhardt@sandiego.gov

Description: This project provides for the design and construction of a new Central Library of approximately 500,000 square feet, with approximately 250 underground parking spaces dedicated to library patrons. It will be large enough to accommodate library needs for 20 years and contain expansion space to accommodate growth for an additional 30 years. The expansion space will be leased for 40 years by San Diego Unified School District for a Charter High School. The lobby will be open to the courtyard, which will contain an outdoor café, and there will be a 350-seat auditorium adjacent to the lobby. The top floor will house special collections and provide public amenities including an airy reading room, a 400-seat multi-purpose room, an art gallery, a small public meeting room, and a series of open terraces.

Justification: The existing Library is too small to provide adequate library and informational services to the library system and the region, and cannot support the technological and programmatic needs of the future.

Operating Budget Impact: The operating budget impact has been estimated. One additional staff is requested as a result of organizational changes, efficiencies, and technologies that can be implemented in the new facility. In Fiscal Year 2014 an additional \$2.7 million will be needed to cover the non-personnel costs of the larger building which is over 200,000 square feet more than the current Central Library. These operating costs will be offset through a combination of revenues from building and parking use in the amount of \$825,000 per year, and contributed revenue from the Library Foundation of \$2 million per year for the first five years of operation for a total of \$2.8 million.

Relationship to General and Community Plans: This project is consistent with the Centre City Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2001 and was completed in Fiscal Year 2010. Construction began in Fiscal Year 2011 and is scheduled to be completed in early Fiscal Year 2014. The grand opening is scheduled for Saturday, September 28, 2013.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Project Status: Continuing	Contact Information: Cetin, Elif
Duration: 2010 - 2014	619-533-4640
Improv Type: Betterment	ecetin@sandiego.gov

Description: This project provides for a 15,000 square-foot facility to serve the San Ysidro Community. This project is part of the 21st Century System/Library Department Facility Improvements Program.

Justification: The existing 4,089 square foot library was built in 1924 and was remodeled in 1983. It contains no meeting rooms or computer lab, no on-site parking, and no separation of the children's area and quiet study areas to serve the current and projected needs of the community.

Operating Budget Impact: The personnel increase in Fiscal Year 2018 reflects the staffing necessary to meet the standard set in the Branch Libraries Facilities Report approved by City Council (R-296900). The non-personnel increase is required to fund ongoing maintenance and contractual services for the additional square footage.

Relationship to General and Community Plans: This project is consistent with the San Ysidro Community Plan and is in conformance with the City's General Plan.

Schedule: The preliminary study began in Fiscal Year 2010. The project cost and schedule were initially developed in Fiscal Year 2013; however, the scope, cost, and schedule (including construction) will be revised once funding is identified.

Summary of Project Changes: This project will receive \$3 million in bond funding in Fiscal Year 2014. Development Impact Fee funding in the amount of \$885,000 has been allocated to this project in Fiscal Year 2014.

Project Status: Continuing	Contact Information: Gilbert, Stephanie
Duration: 2003 - 2015	619-236-5889
Improv Type: Betterment	sgilbert@sandiego.gov

Description: This project provides for an expansion of the Scripps Ranch Branch Library parking lot located at 10301 Scripps Lake Drive. This project is part of the 21st Century Library System/Library Department Facility Improvements Program.

Justification: The current facility is fully occupied and the current parking lot does not have the capacity to serve the needs of the community.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Scripps Miramar Ranch Community Plan and is in conformance with the City's General Plan.

Schedule: Preliminary inquiries were made of available properties in Fiscal Year 2004. The estimated construction cost and schedule for this project were developed in Fiscal Year 2003 and will continue once funding is identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Community Plan: Skyline - Paradise Hills	Priority Category: Low
Project Status: Continuing	Contact Information: Cetin, Elif
Duration: 2003 - 2017	619-533-4640
Improv Type: New	ecetin@sandiego.gov

Description: This project provides for a 15,000 square-foot library expansion to the existing facility located at 480 South Meadowbrook Drive. This project is part of the 21st Century Library System/Library Department Facility Improvements Program.

Justification: The existing facility is too small to provide adequate library services to the community. There are no meeting room facilities or computer lab, and limited collection space and patron seating.

Operating Budget Impact: The personnel increase in Fiscal Year 2018 reflects the staffing necessary to meet the standard set in the Branch Libraries Facilities Report approved by City Council. The non-personnel increase is required to fund ongoing maintenance and contractual services for the additional square footage.

Relationship to General and Community Plans: This project is consistent with the Skyline/Paradise Hills Community Plan and is in conformance with the City's General Plan.

Schedule: Land acquisition was completed in Fiscal Year 2004. Design is anticipated to begin in Fiscal Year 2014 and Construction is anticipated to be completed by Fiscal Year 2017.

Summary of Project Changes: This project will receive \$5 million in bond funding in Fiscal Year 2014.

Park & Recreation

Page Intentionally Left Blank

Park & Recreation

The Park & Recreation Department oversees more than 40,000 acres of developed parks and open space throughout the City. The park system provides a wide-range of recreational opportunities for San Diego citizens and visitors alike. The Capital Improvement Program (CIP) plays an important role in providing new facilities and addressing deferred capital of existing facilities. In order to meet our goal of providing quality parks and programs, it is important to continually invest in capital improvements to keep park facilities available for recreational activities and safe to use. With 56 recreation centers, 13 aquatic centers, approximately 300 playgrounds in over 9,100 acres of developed parks, as well as over 26,000 acres of open space, the Department continually seeks funding for capital improvements ranging from roof replacements to playground upgrades to trail enhancements. The Department's three golf courses continually invest in capital improvements to keep the courses in an enjoyable and playable condition. Department CIP projects are funded by a variety of sources, including facilities benefit assessments, park development fees, development impact fees, maintenance assessment district fees, Mission Bay Park lease revenue, golf course enterprise funds, private donations, and State and federal grants.

2013 CIP Accomplishments

In Fiscal Year 2013, the Park and Recreation Department completed many capital improvements within the overall park system. These improvements included:

- The new Ocean Beach comfort station was completed and opened for summer beachgoers in 2013. The original comfort station had to be demolished because it had become unsafe due to structural deterioration. The new comfort station is open, airy, and designed to fit the unique character of Ocean Beach. This project received an Orchid award from the San Diego Architectural Foundation and an award from the San Diego Chapter of the American Institute of Architecture.
- Eight children's playgrounds in neighborhood and community parks were upgraded to meet current accessibility and safety standards. One of these was at Lake Murray Community Park which was a collaborative effort between the City and the Navajo Community after several years of fund-raising by the community.
- Three park facilities received ADA upgrades to make them easily accessible to park users with physical disabilities. These included Silver Wing Neighborhood Park, Views West Neighborhood Park, and Colina del Sol Community Park. The upgrades included new children's play structures at Silver Wing and Views West.
- A new joint-use facility with the San Diego Unified School District opened which includes a two-acre turf field with a perimeter running track. This facility will serve the children of Roosevelt Middle School during school hours and be opened to the public for recreational use on weekends and non-school hours.
- Construction was completed on West Lewis Mini Park in the Mission Hills community area. This project received an award from the San Diego Chapter of the American Society of Landscape Architects.
- Mission Trails Regional Park received a new comfort station for the Park's equestrian staging area.
- Centrum Neighborhood Park in Kearny Mesa was completed and opened. This park includes a children's playground, picnic tables, and a large open turf area for neighborhood activities.
- Roof repairs to the iconic Museum of Man dome in Balboa Park were completed.

Park & Recreation

2014 CIP Goals

The Park & Recreation Department will begin design and construction on a variety of capital improvement projects in Fiscal Year 2014, which include:

- The Memorial Community Park swimming pool will be completely reconstructed in Fiscal Year 2014. The size of the pool will be enlarged to accommodate more aquatic recreation activities, including high school water polo. The project also includes a larger deck area and a children's splash play area.
- The iconic California Tower in Balboa Park will begin the first phase of its seismic retrofit construction. The California Tower is one of the most photographed structures in San Diego and has been standing for almost 100 years.
- Two new joint-use sites with the San Diego Unified School District at Wegeforth and Angier Elementary Schools will begin construction.
- Improvements to several parks will be completed in Fiscal Year 2014. These include a new comfort station at Palisades Park, new security lighting at Silver Wing Neighborhood Park, new athletic lighting at Rancho Bernardo Community Park and San Ysidro Athletic Area (Larsen Field) as well as playground upgrades at five neighborhood parks.
- The design for Gonzales Canyon Neighborhood Park, Central Avenue Mini Park, North Park Mini Park, and Riviera del Sol Neighborhood Park will continue, and two playgrounds at Chollas Lake Park will be initiated in Fiscal Year 2014.
- Construction is to begin on the 15-acre Pacific Breezes Community Park in the Ocean View Hills community of Otay Mesa, and the Charles Lewis III Memorial Neighborhood Park in City Heights. The first phase of the Sunset Cliffs Natural Park Hillside Improvements project will also begin construction as the initial effort to control soil erosion and stabilize the sensitive coastal bluffs.
- A couple of significant open space projects will finish the design process and begin construction. These are the Los Peñasquitos Ranger Station to serve the Los Peñasquitos and Black Mountain open space preserves and the Trail for All People which will provide a quarter-mile accessible trail through natural habitat within the Black Mountain Open Space Park.
- The Balboa Park, Mission Bay, and Torrey Pines Golf Courses are scheduled to begin design and/or construction improvements to each facility. The design for the Torrey Pines Golf Course - North Course and the design for a new clubhouse at the Balboa Park Golf Course will continue into Fiscal Year 2014. The design for major infrastructure improvements at the Mission Bay Golf Course will be initiated. New cart paths throughout the 18-hole course at the Balboa Park Golf Course will be completed in Fiscal Year 2014.

 koliver@sandiego.gov

Description: This project provides for the design and construction of 3.95 acres at Angier Elementary School for joint-use facilities to supplement existing park acreage in the Serra Mesa Community. Improvements may include turfed multi-purpose sports fields, multi-purpose courts, walkways, landscaping, and accessibility upgrades.

Justification: This project will contribute to satisfying the population-based park acreage requirements set forth in the City's General Plan in an area that is park deficient. The project will provide multi-purpose sports fields and associated infrastructure that will provide the community with safer park conditions.

Operating Budget Impact: This facility will require an on-going operational budget for personnel and non-personnel expenses. The current cost estimate of \$46,117 is based upon the Park & Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as all amenities and unique site characteristics are refined.

Relationship to General and Community Plans: This project is consistent with the Serra Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: Design has been completed. Construction is scheduled to begin in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Balboa Park Arcade / AGF00002

Council District: 3	Priority Score: Annual
Community Plan: Balboa Park	Priority Category: Annual
Project Status: Warranty	Contact Information: Meredith Dawson
Duration: 2010 - 2020	619-525-8217
Improv Type: New	dawsonm@sandiego.gov

Description: This annual allocation provides for the reconstruction of historic structures in Balboa Park. Projects within this annual allocation include: reconstructing the historic West Arcade along the north side of El Prado between the Museum of Man and Museum of Art; restoring the historic ornamentation on the Museum of Man frontpiece and California Tower; restoring the historic ornamentation on the Museum of Art frontpiece and ten window surrounds; minor repairs to the reconstructed ornamentation on the Casa del Prado building and theater; construction of Phase 1 of the Veterans Memorial Garden on approximately one acre of park land adjacent to the Veterans Museum and Memorial Center; and conducting a study of the California Tower for seismic resistance, including construction documents, specifications, and cost estimates for construction.

Justification: This project will provide for the reconstruction of historic structures in Balboa Park which will enhance the structures and will improve park user experience.

Operating Budget Impact: None.

Relationship to General and Community Plans: These projects are consistent with the Balboa Park Master Plan, Central Mesa Precise Plan, and are in conformance with the City's General Plan.

Schedule: The West Arcade Reconstruction, Museum of Man/California Tower Ornamentation, Museum of Art Ornamentation, Veteran's Memorial Garden, California Tower Seismic Retrofit Study, and Casa del Prado Ornamentation projects are complete.

Summary of Project Changes: Project is complete and will be closed by the end of the fiscal year.

Duration: 2010 - 2020	858-552-1635
Improv Type: Betterment	abragado@sandiego.gov

Description: This annual allocation provides for unexpected replacement of minor capital assets on an as-needed basis at the City's Municipal Golf Course - Balboa Park which may include minor replacements of existing golf course building structures and golf course fairway and green systems.

Justification: This annual allocation will provide for a capital assets cost-avoidance program allowing for timely replacement of unanticipated failure of golf capital assets.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Balboa Park Master Plan and is in conformance with the City's General Plan.

Schedule: Design and replacement of minor capital assets will be implemented on an as-needed basis.

Summary of Project Changes: Golf course funding in the amount of \$655,000 is allocated to this project for Fiscal Year 2014.

Balboa Park Golf Course # Clubhouse / S00614

Golf Courses

Council District: 3	Priority Score: 44
Community Plan: Balboa Park	Priority Category: Medium
Project Status: Continuing	Contact Information: Oliver, Kevin
Duration: 1994 - 2016	619-533-5139
Improv Type: Betterment	koliver@sandiego.gov

Description: This project provides for revisions to the existing Balboa Park Master Plan to accommodate the design and construction of a new clubhouse, restoration of the existing historic clubhouse, and a new parking lot at the Balboa Park Golf Course.

Justification: Currently the clubhouse is inadequate and there is insufficient parking available to serve users of the golf course.

Operating Budget Impact: The operating budget impact for the additional parking, the restored clubhouse, and the new clubhouse will be determined as the design is finalized.

Relationship to General and Community Plans: This project is consistent with the Balboa Park Master Plan, East Mesa Precise Plan, and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2011 and is anticipated to be completed in Fiscal Year 2015. Construction is scheduled to begin in Fiscal Year 2016.

Summary of Project Changes: Golf Course Funding in the amount of \$1.1 million is being added to the project in Fiscal Year 2014 to continue design. Project schedule has been revised to completion of design in Fiscal Year 2015, and it is anticipated that \$9.5 million will be added to the project in Fiscal Year 2016 for construction.

Balboa Park Golf Course Irrigation System / S00632

Golf Courses

Council District: 3	Priority Score: N/A
Community Plan: Balboa Park	Priority Category: N/A
Project Status: Warranty	Contact Information: Darvishi, Ali
Duration: 2009 - 2013	619-533-5328
Improv Type: Betterment	adarvishi@sanidiego.gov

Description: This project provides for a new irrigation system for the 18-hole and 9-hole golf courses at Balboa Park.

Justification: The existing irrigation system is antiquated, deteriorated, and inefficient.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Balboa Park Master Plan and is in conformance with the City's General Plan.

Schedule: Design was completed in Fiscal Year 2011. Construction began in Fiscal Year 2011 and was completed in Fiscal Year 2012.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Bay Terraces Parkside-Greenbelt Lighting / S14008

Council District: 4	Priority Score: 48
Community Plan: Skyline - Paradise Hills	Priority Category: Medium
Project Status: New	Contact Information: Field, Andy
Duration: 2014 - 2016	619-685-1350
Improv Type: Betterment	afield@sandiego.gov

Description: This project provides for the installation of 13 street lights along a concrete walkway within an enhanced open space greenbelt in the Bay Terraces-Parkside neighborhood. This walkway connects several cul-de-sac streets located off Manos Drive and Parkside Avenue and links single-family dwelling units together near Parkside Neighborhood Park.

Justification: The addition of the street lights will decrease criminal activity within the neighborhood between dusk and dawn.

Operating Budget Impact: The 13 additional street lights are estimated to cost \$888 in energy costs annually. The operating and maintenance cost of these street lights is to be funded by the Bay Terraces Parkside Maintenance Assessment District.

Relationship to General and Community Plans: This project is consistent with the Skyline-Paradise Hills Community Plan and is in conformance with the City's General Plan.

Schedule: Design and construction are scheduled to begin in Fiscal Year 2014.

Summary of Project Changes: This is a newly published project for Fiscal Year 2014.

Beyer Park Development / S00752

Council District: 8
Community Plan: Otay Mesa, San Ysidro
Project Status: Underfunded
Duration: 2002 - 2019
Improv Type: New

Parks - Miscellaneous Parks

Priority Score: 12
Priority Category: Low
Contact Information: Greenstein, Howard
 619-525-8233
 hgreenstein@sandiego.gov

Description: This project provides for the acquisition, design, and construction of approximately 12.6 useable acres, out of approximately 43 total acres, for a community and neighborhood park on Beyer Boulevard.

Justification: This project provides population-based park acreage in accordance with the City's General Plan standards to accommodate the park and recreational needs of the residents within the Otay Mesa and San Ysidro Communities.

Operating Budget Impact: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved, therefore, the current cost estimate of \$147,000 is based upon the Park and Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the San Ysidro Community Plan and will be included in the Otay Mesa Community Plan as part of the community plan update process. The project is in conformance with the City's General Plan.

Schedule: Land acquisition was completed in Fiscal Year 2002. Preliminary design was completed in Fiscal Year 2008; however, this project will not be completed within the next five years. Design and construction schedules are dependent upon the actual rate of development within the Otay Mesa and San Ysidro Communities. Design and construction will be scheduled and completed when funding is available.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Project Status: Warranty	Contact Information: Qasem, Labib
Duration: 2011 - 2014	619-533-6670
Improv Type: New	lqasem@sandiego.gov

Description: This project will provide for the lighting of medians located within the Bird Rock Maintenance Assessment District.

Justification: Median street lighting will provide illumination of planting and trees within Bird Rock along La Jolla Boulevard. Street lighting within the boundaries of the Bird Rock Maintenance Assessment District is an identified improvement in accordance with the Assessment Engineer's Report.

Operating Budget Impact: The Bird Rock Maintenance Assessment District will provide for maintenance and energy costs associated with the enhanced street lighting.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and it is in conformance with the City's General Plan.

Schedule: Design has been completed. Construction began in Fiscal Year 2012 and was completed in Fiscal Year 2013.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Description: This project provides for improvements at Cabrillo Heights Neighborhood Park. Improvements will provide additional active and passive recreational opportunities. Proposed improvements may include: accessible tot lot play equipment, picnic shade structure, picnic tables, drinking fountains, trees, and barrier fencing along north fence of ball fields.

Justification: This project will contribute to satisfying the population-based park acreage requirements set forth in the City's General Plan. The project will enhance the quality of the Cabrillo Heights Neighborhood Park through a variety of improvements providing the community with a more pleasing park-like atmosphere.

Operating Budget Impact: This facility will require an on-going operational budget for personnel and non-personnel expenses. The current cost estimate of \$3,746 is based upon the Park & Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as all amenities and unique site characteristics are considered.

Relationship to General and Community Plans: This project is consistent with the Serra Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2009 and was completed in Fiscal Year 2013. Construction is anticipated to begin in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Council District: 3	Priority Score: N/A
Community Plan: Balboa Park	Priority Category: N/A
Project Status: Continuing	Contact Information: Darvishi, Ali
Duration: 2013 - 2019	619-533-5328
Improv Type: Betterment	adarvishi@sandiego.gov

Description: This project provides for the seismic retrofit of the historic California Tower within Balboa Park. As part of the tower seismic retrofit, the plan requires the structural re-enforcements of the walls of the electrical room located at the bottom floor of the tower. This room presently hosts the San Diego Gas & Electric (SDG&E) and the Museum of Man electrical transformers and control panels. Phase I of this project provides for the relocation of these electrical systems. Phase II of this project provides for the seismic system upgrade of the tower.

Justification: The California Tower was built in 1914. The last seismic upgrade was conducted in 1975. This additional seismic upgrade is required to bring the tower structure up-to-date with the current California Building Code.

Operating Budget Impact: None

Relationship to General and Community Plans: This project is consistent with the Balboa Park Master Plan, East Mesa Precise Plan, and is in conformance with the City's General Plan.

Schedule: Phase I design began in Fiscal Year 2013 and is scheduled to be completed in Fiscal Year 2014. Phase I construction is scheduled in Fiscal Year 2014. Phase II design and construction will be scheduled upon identification of funding.

Summary of Project Changes: Previously this project was a sublet of an annual allocation and has now been converted to a stand-alone project for Fiscal Year 2014.

Camino Santa Fe Median Improvements / S10037

Trans - Roadway - Enhance/Scape/Medians

Council District: 5	Priority Score: 41
Community Plan: Mira Mesa	Priority Category: Low
Project Status: Continuing	Contact Information: Field, Andy
Duration: 2011 - 2016	619-685-1350
Improv Type: Replacement	afield@sandiego.gov

Description: This project provides for the renovation and replacement of existing asphalt medians with stamped concrete medians.

Justification: This project is an identified improvement in the Camino Santa Fe Maintenance Assessment District (MAD). The existing medians are old and damaged and in need of renovation or replacement.

Operating Budget Impact: The Camino Santa Fe Maintenance Assessment District will be responsible for maintenance associated with the medians. No operating budget impact is anticipated as current sweeping and cleaning schedules would continue.

Relationship to General and Community Plans: This project is consistent with the Mira Mesa Community Plan and it is in conformance with the City's General Plan.

Schedule: Design is scheduled to be completed in Fiscal Year 2014 and construction is scheduled to be completed in Fiscal Year 2016.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Canyonside Community Park Improvements / S12004

Parks - Community

Council District: 6	Priority Score: 22
Community Plan: Rancho Penasquitos	Priority Category: Low
Project Status: Continuing	Contact Information: Calleran, Mark
Duration: 2012 - 2016	619-533-5197
Improv Type: Betterment	mcalleran@sandiego.gov

Description: This project provides for miscellaneous improvements to serve park users, such as drainage repair at the rear parking lot, and creation of a parking area along the north boundary to accommodate overflow parking needs at the Canyonside Community Park.

Justification: This project will provide upgraded and additional recreation amenities to serve the residents of Rancho Penasquitos which is park-deficient by General Plan standards.

Operating Budget Impact: This project provides for upgrades and expansion for an existing facility. These upgrades will require an on-going operational budget for personnel and non-personnel expenses. The current cost estimate of \$11,686 is based upon the Park & Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as all amenities and unique site characteristics are considered.

Relationship to General and Community Plans: This project is consistent with the Rancho Penasquitos Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2013 and is anticipated to be completed in Fiscal Year 2015. Construction is anticipated to begin in Fiscal Year 2015.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Project Status: Warranty	Contact Information: Palaseyed, Abi
Duration: 2010 - 2016	619-533-4654
Improv Type: Replacement	apalaseyed@saniego.gov

Description: This project provides for the installation of landscaping and accompanying stamped concrete to an unimproved median along Carmel Country Road.

Justification: The benefit of this project is to improve the visual quality and integrity of the street medians through street and landscaping improvements.

Operating Budget Impact: The existing unimproved median is currently maintained for trash and weed removal by the Carmel Valley Maintenance Assessment District. Once the project is completed, the additional landscape maintenance services will be funded by the District.

Relationship to General and Community Plans: This project is consistent with the Carmel Valley Community Plan and is in conformance with the City's General Plan.

Schedule: Construction was completed in Fiscal Year 2012.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Carmel Valley Landscaping and Irrigation / L14000

Trans - Roadway - Enhance/Scape/Medians

Council District:	1	Priority Score:	42
Community Plan:	Carmel Valley	Priority Category:	Medium
Project Status:	New	Contact Information:	Field, Andy
Duration:	2014 - 2018		619-685-1350
Improv Type:	Betterment		afield@sandiego.gov

Description: This project provides for the design and installation of multiple landscaping and irrigation enhancements along major roadways with landscaping maintained by the Carmel Valley Maintenance Assessment District. This phased project will include multiple locations with additional phases in future years as funding becomes available. The specific locations proposed for landscaping enhancement include, but are not limited to unimproved medians along El Camino Real from Carmel Valley Road and State Route 56 north to Valley Center Drive; various unimproved rights-of-way along Carmel Center Drive, Carmel Country Road, Carmel Knolls Drive, Carmel Park Road, Del Mar Heights Road, El Camino Real, Graydon Road, Seagrove Street, Torrey Bluff Drive, Townsgate Drive, and Worsch Road; asphalt walkway through City Open Space along San Diego Gas and Electric easement; and an open space trail between Del Mar Trails Road and Carmel Country Road.

Justification: This project will improve unplanted areas within the public right-of-way and unify the landscaping theme of Carmel Valley along various roadways north of State Route 56, west of Pacific Highlands Ranch, south of Gonzales Canyon, and east of Interstate 5. Improvements will include design, permitting, water meter, irrigation, and landscaping.

Operating Budget Impact: All landscaping improvements will be funded and maintained by the Carmel Valley Maintenance Assessment District (MAD). Each sub-project will be uniquely designed and calculated for its operating budget during the design process for each location.

Relationship to General and Community Plans: This project is consistent with the Carmel Valley Community Plan and is in conformance with the City's General Plan.

Schedule: Design of the initial group of sub-projects is anticipated to begin in Fiscal Year 2014. Depending on the timeline required for design for each sub-project, construction is anticipated to begin in Fiscal Year 2015.

Summary of Project Changes: This is a newly published project for Fiscal Year 2014.

Carmel Valley Neighborhood Park #8 / S00642

Parks - Neighborhood

Council District: 1	Priority Score: 55
Community Plan: Carmel Valley	Priority Category: Medium
Project Status: Continuing	Contact Information: Greenstein, Howard
Duration: 2007 - 2017	619-525-8233
Improv Type: New	hgreenstein@sandiego.gov

Description: This project provides for acquiring and developing a four useable acre neighborhood park in Carmel Valley. Amenities may include a play area, picnic facilities, open turf area, and landscaping. This project also provides for direct access to the park by way of a frontage road, estimated to be 850 feet long by 24 feet wide, from the easterly end of Tang Drive to the park entrance.

Justification: This project will provide the community with additional recreational opportunities as well enhance the visual quality of the area.

Operating Budget Impact: This facility will require an on-going operational budget for personnel and non-personnel expenses. The current cost estimate of \$46,687 is based upon the Park & Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as all amenities and unique site characteristics are considered.

Relationship to General and Community Plans: This project is consistent with the Carmel Valley Community Plan, the Carmel Valley Neighborhood 8 Precise Plan, and is in conformance with the City's General Plan.

Schedule: The land was acquired as part of the Carmel Valley Restoration and Enhancement Project. Design began in Fiscal Year 2009 and is anticipated to be completed once access to the park site is secured/acquired through the adjacent private property. Construction is anticipated to begin in Fiscal Year 2017 contingent upon the actual rate of fees collected within the community to fund this project.

Summary of Project Changes: No significant change to this project for Fiscal Year 2014.

Central Avenue Mini Park Acquisition/Development / S00992

Council District: 9	Priority Score: 39
Community Plan: City Heights (Mid-City)	Priority Category: Low
Project Status: Continuing	Contact Information: Mahmalji, Samir
Duration: 2005 - 2015	619-533-5301
Improv Type: Betterment	smahmalji@sandiego.gov

Description: This project provides for the acquisition of an approximate 16,000 square foot parcel, remaining from the construction of the Interstate 15 freeway through Mid-City at the corner of Central Avenue and Landis Street, to be developed as a mini park. Phase 1 shall include, but not limited to, a 2- to 5-year-old tot lot, a 5- to 12-year-old playground, small open turf area for passive recreation, a plaza with game tables, site furnishings, realignment of the existing walkway from the Interstate 15 pedestrian bridge, and park landscaping.

Justification: This project will contribute to satisfying the population-based park acreage requirements set forth in the City's General Plan to serve residents in this park-deficient community.

Operating Budget Impact: This facility will require an on-going operational budget for personnel and non-personnel expenses. The current cost estimate is \$3,844, based on the Park & Recreation Department's current cost to maintain various landscaped areas.

Relationship to General and Community Plans: This project is consistent with the Mid-City: City Heights Community Plan and is in conformance with the City's General Plan.

Schedule: Land acquisition was completed in Fiscal Year 2008. General Development Plan design began in Fiscal Year 2011 and was approved by the Park & Recreation Board mid-Fiscal Year 2013. Design began in late Fiscal Year 2013 and is anticipated to be completed in Fiscal Year 2014. Construction is anticipated to begin in Fiscal Year 2014.

Summary of Project Changes: Funding in the amount of \$1.2 million from Mid-City - Park Dev Fund is being allocated to this project for Fiscal Year 2014.

Description: This project provides for the design and construction of Phase II of the Central Avenue Mini Park in the City Heights community. This new 0.145 acre mini park will include an unsupervised concrete skateboard plaza area and related landscaping.

Justification: This project will contribute to satisfying the population-based park requirements set forth in the City's General Plan.

Operating Budget Impact: This facility will require an on-going operational budget for personnel and non-personnel expenses. The operating budget impact estimate is based on the Park & Recreation Department's current cost to maintain various landscape areas, which includes a full-time grounds maintenance worker. Operation costs for the project will be revised as the project is refined and construction is completed.

Relationship to General and Community Plans: This project is consistent with the Mid-City Community Plan and is in conformance with the City's General Plan.

Schedule: Design is scheduled to begin in Fiscal Year 2014 and construction is anticipated to be completed in Fiscal Year 2015.

Summary of Project Changes: This is a newly published project for Fiscal Year 2014.

Council District: 8	Priority Score: 57
Community Plan: Barrio Logan	Priority Category: Medium
Project Status: Continuing	Contact Information: Harkness, Jeffrey
Duration: 2013 - 2017	619-533-6595
Improv Type: Betterment	jharkness@sandiego.gov

Description: This project provides for accessibility upgrades at Chicano Park to accommodate persons with disabilities pursuant to State and federal accessibility guidelines and regulations, while respecting the park's cultural significance and attributes, and for the expansion of Chicano Park by approximately 2.0 acres through acquisition of ground lease, and development of adjacent and contiguous parcels as they become available or feasible, to serve future residents. Accessibility upgrades for existing park land may include parking areas, walkways, children's play areas, comfort station upgrades, drinking fountains, and park furniture. A skateboard plaza, park lighting, and sportsfield lighting would expand the use of the existing park.

Justification: This project will contribute to satisfying population-based park acreage requirements set forth in the General Plan to serve residents in this park-deficient community.

Operating Budget Impact: Operational costs will not change significantly because the proposed improvements replace existing facilities. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Barrio Logan Community Plan and is in conformance with the City's General Plan.

Schedule: Design is anticipated to begin in Fiscal Year 2015. Construction is anticipated to begin in Fiscal Year 2016.

Summary of Project Changes: \$300,000 in Development Impact Fee funding is being allocated to this project for Fiscal Year 2014.

Park & Recreation

Chollas Community Park / S00654

Parks - Resource Based

Council District:	4, 7	Priority Score:	49
Community Plan:	Eastern Area (Mid-City)	Priority Category:	Medium
Project Status:	Underfunded	Contact Information:	Winter, Jim
Duration:	1989 - 2021		619-235-5257
Improv Type:	New		jwinter@sandiego.gov

Description: This project provides for the design and development of North Chollas Community Park, located on College Grove Drive midway between 54th Street and College Avenue. Phase I improvements consist of a sports field, parking area, access road, tot lot, and comfort station with concession area. Phase II improvements could include such amenities as: additional sports and multi-purpose fields, a play area, basketball courts, picnic areas, additional parking areas, creek enhancement, trails, a gymnasium, and a dog off-leash area.

Justification: This project will provide a park and athletic facility to serve the greater community. The surrounding area is not currently served by a community park and the region is deficient in sports facilities and open park areas.

Operating Budget Impact: This facility will require an on-going operational budget for personnel and non-personnel expenses. The current cost estimate of \$84,000 is based upon the Park & Recreation Department's estimated cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined and all amenities and unique site characteristics are considered.

Relationship to General and Community Plans: This project is consistent with the Mid-City: Eastern Area Community Plan and is in conformance with the City's General Plan.

Schedule: Phase I improvements are complete. Phase II design and construction documents are complete and the project is ready to be advertised for bidding; however, the project is on hold until funding can be identified.

Summary of Project Changes: Redevelopment funding in the amount of \$839,389 was deappropriated due to the dissolution of the San Diego Redevelopment Agency and is now reflected in the unidentified funding column. The total estimated cost of this project remains as \$30.2 million.

Chollas Lake Park Playground Improvements / S14002

Parks - Community

Council District:	4	Priority Score:	40
Community Plan:	Mid-City: Eastern Area	Priority Category:	Low
Project Status:	New	Contact Information:	Harkness, Jeffrey
Duration:	2014 - 2016		619-533-6595
Improv Type:	Replacement		jharkness@sandiego.gov

Description: This project provides for the design and construction of two playgrounds at Chollas Lake Park to replace existing playgrounds which have surpassed their life expectancy and do not meet current Americans with Disabilities Act (ADA) and playground safety requirements. The new playgrounds will be fully ADA compliant and meet all safety guidelines for public playgrounds.

Justification: This project will replace the equipment within two children's playgrounds and provide new accessible safety surfacing. These playgrounds are approximately 30 years old and have reached the end of their service life.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Mid-City Community Plan and is in conformance with the City's General Plan.

Schedule: Design is scheduled to begin in Fiscal Year 2014 and construction is scheduled to be completed in Fiscal Year 2016.

Summary of Project Changes: This is a newly published project for Fiscal Year 2014.

City Heights Square Mini-Park / S01070

Parks - Mini Parks

Council District: 9	Priority Score: 76
Community Plan: City Heights (Mid-City)	Priority Category: High
Project Status: Continuing	Contact Information: Mahmalji, Samir
Duration: 2009 - 2015	619-533-5301
Improv Type: New	smahmalji@sandiego.gov

Description: This project provides for the design and construction of an approximately 5,348 square foot (0.123 acre) public mini-park, in the City Heights area of the Mid-City Community. Improvements will include amenities such as seating, walkways, picnic areas, landscaping, irrigation, and security lighting.

Justification: This project will contribute to satisfying population-based park acreage requirements set forth in the City's General Plan in a community currently deficient in population-based parks per General Plan guidelines.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Mid-City: City Heights Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2009 and was completed in Fiscal Year 2011. Construction began mid-Fiscal Year 2013 and is anticipated to be completed by mid-Fiscal Year 2014.

Summary of Project Changes: In Fiscal Year 2013, a Council Action (R-307747) was approved to appropriate \$200,000 from Mid-City Park Development Fund to offset the deappropriation of Redevelopment Agency Contributions to CIP funding. The total estimated cost of this project remains as \$931,500.

Improv Type: New

Parks - Miscellaneous Parks

Priority Score: Annual
Priority Category: Annual
Contact Information: Darvishi, Ali
 619-533-5328
 adarvishi@sandiego.gov

Description: This project provides partial funding for coastal infrastructure improvements at 71 sites, from Sunset Cliffs Park to Torrey Pines State Beach, that were identified and prioritized in a 2003 Coastal Erosion Assessment Survey. High priority sites are those that present potential public hazards.

Justification: This project provides improvements to coastal erosion sites that present potential public hazards.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Beach access to Shell Beach and at Sea Ridge Avenue were completed in Fiscal Year 2008. South Casa Beach access was completed in Fiscal Year 2011. Construction of Pescadero Avenue and Diamond Street Access is scheduled to be completed in Fiscal Year 2014. Design for the next three locations began in Fiscal Year 2008 and was completed in Fiscal Year 2009. Future design and construction will be scheduled as funding becomes available.

Summary of Project Changes: An additional \$310,000 in Regional Park Improvement funding is added to the Fiscal Year 2014 to fund the re-construction of three additional beach access locations along the shoreline.

Convert RB Medians-Asphalt to Concrete / L12000

Council District: 5
Community Plan: Rancho Bernardo
Project Status: Continuing
Duration: 2012 - 2015
Improv Type: Replacement

Trans - Roadway - Enhance/Scape/Medians

Priority Score: 50
Priority Category: Medium
Contact Information: Palaseyed, Abi
 619-533-4654
 apalaseyed@sandiego.gov

Description: This project provides for the conversion of asphalt medians to concrete medians along various roadways in the Rancho Bernardo community. The first two phases of this project converted medians along Pomerado Road near the intersection with Rancho Bernardo Road. Additional future locations include existing asphalt medians along Rancho Bernardo Road, Bernardo Center Drive, Pomerado Road, and other identified roadways within the Rancho Bernardo Maintenance Assessment District boundaries.

Justification: The community has requested streetscape improvements to major arterial corridors within Rancho Bernardo. This project allows certain medians to be enhanced by replacing deteriorating asphalt with decorative stamped concrete.

Operating Budget Impact: The existing hardscape medians are maintained by the Rancho Bernardo Maintenance Assessment District (sweeping, litter removal, and weed removal). There is no anticipated increase in maintenance costs as a result of this project.

Relationship to General and Community Plans: This project is consistent with the Rancho Bernardo Community Plan and is in conformance with the City's General Plan.

Schedule: Construction for the first and second phases of this project began and were completed in Fiscal Year 2012. Additional locations will be scheduled in Fiscal Year 2014.

Summary of Project Changes: An additional \$125,000 is allocated to this project in Fiscal Year 2014.

Cowles Mountain Access Road Rehabilitation / S14001

Parks - Open Space

Council District: 7	Priority Score: 48
Community Plan: Navajo	Priority Category: Medium
Project Status: New	Contact Information: Ball, Laura
Duration: 2014 - 2015	619-685-1301
Improv Type: Replacement - Rehab	lball@sandiego.gov

Description: This project provides for rehabilitation of approximately 1.6 miles of service/access road on the east side of Cowles Mountain within Mission Trails Regional Park. The rehabilitated road will provide safer access for recreational users (bikers/hikers), emergency personnel, and service providers for the communications antenna on top of the mountain.

Justification: This project will improve and prolong safe access to the top of the mountain for recreation users and service providers, as well as protecting a valuable park asset and lease revenue generators.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Mission Trails Regional Park Master Plan, the Navajo Community Plan, and is in conformance with the City's General Plan.

Schedule: Design and construction is anticipated to begin in Fiscal Year 2014 contingent upon the identification of additional funding.

Summary of Project Changes: This is a newly published project for Fiscal Year 2014.

Crest Canyon Resource Management Plan / S10067

Parks - Open Space

Council District: 1	Priority Score: N/A
Community Plan: Torrey Pines	Priority Category: N/A
Project Status: Continuing	Contact Information: Miller, Betsy
Duration: 2011 - 2016	619-685-1314
Improv Type: New	bmiller@sandiego.gov

Description: This project provides for the completion of an existing biology report, a literature review, data collection, and formulation of Area Specific Management Directives to manage the Multiple Species Conservation Program (MSCP) covered species within Crest Canyon.

Justification: This project will provide a management framework for sensitive resources within the plan area and ensure the City's compliance with MSCP.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Torrey Pines Community Plan and is in conformance with the City's General Plan.

Schedule: This project began in Fiscal Year 2012 and will be completed in Fiscal Year 2015.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Crystal Pier Improvements / S11014

Parks - Resource Based

Council District: 2	Priority Score: 70
Community Plan: Pacific Beach	Priority Category: High
Project Status: Continuing	Contact Information: Espinoza, Julian
Duration: 2011 - 2013	619-533-4384
Improv Type: Betterment	jespinoza@sandiego.gov

Description: This project will provide for the evaluation of the overall condition of the pier which is located in Pacific Beach and to make recommendations for repairs to ensure public safety. The pier was originally constructed in 1927. A storm demolished 240 feet of the pier in 1983 and this portion was reconstructed in 1987.

Justification: The purpose of this study is to evaluate the overall condition of the pier and recommend needed repairs. This will include an investigation of the structural integrity of the pier below the surface of the ocean.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Pacific Beach Community Plan and it is in conformance with the City's General Plan.

Schedule: The study was initiated in Fiscal Year 2012 and completed in Fiscal Year 2013. A long-term solution has yet to be determined. However, the pier replacement cost, which includes design and construction, is estimated to be \$11 million and is listed in the unidentified column.

Summary of Project Changes: The total project cost has increased by the amount of \$11 million in unidentified funding to reflect the estimated pier replacement cost. No other significant change has been made to this project for Fiscal Year 2014.

Del Mar Heights Road Multi-use Trail Undercrossing / RD12004

Parks - Trails

Council District:	1	Priority Score:	N/A
Community Plan:	Pacific Highlands Ranch	Priority Category:	N/A
Project Status:	Continuing	Contact Information:	January, Frank
Duration:	2012 - 2016		619-533-3699
Improv Type:	New		fjanuary@sandiego.gov

Description: This project provides for the construction of a trail undercrossing beneath Del Mar Heights Road as part of the hiking and riding trail system for Pacific Highlands Ranch. This is project P-10.2 in the Pacific Highlands Ranch Public Facilities Financing Plan (PFFP).

Justification: This project will allow pedestrian and equestrian activities to pass Underneath Del Mar Heights road near the westerly boundary of the community without impacting the roadway or imposing a safety risk for those engaged in equestrian activities. In addition, the project provides a connection of regional trails between Penasquitos Canyon and the San Dieguito River Valley.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Pacific Highlands Ranch Community Plan and is in conformance with the City's General Plan.

Schedule: The project will be completed in several phases over a number of years contingent upon the rate of development within the Pacific Highlands Ranch community.

Summary of Project Changes: Total project cost has been updated per the Pacific Highlands Ranch's PFFP.

Del Mar Mesa Acquisition / S00998

Council District: 1	Priority Score: N/A
Community Plan: Del Mar Mesa	Priority Category: N/A
Project Status: Continuing	Contact Information: Greenstein, Howard
Duration: 2002 - 2014	619-525-8233
Improv Type: New	hgreenstein@sandiego.gov

Description: This project provides for land acquisition in the Del Mar Mesa community planning area and surrounding future urbanizing area for the Multiple Species Conservation Program (MSCP).

Justification: The MSCP Implementing Agreement, Section 10(a), Take Authorization of the Endangered Species Act, mandates a statutory responsibility on the part of the City to assemble the MSCP preserve. This responsibility includes acquisition of public land to be used for wildlife habitat.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Del Mar Mesa Specific Plan and is in conformance with the City's General Plan.

Schedule: Land acquisition in Del Mar Mesa began in Fiscal Year 2002 and was substantially completed in Fiscal Year 2007 with available funding. However, additional land acquisition will continue using remaining and additional funding for land acquisitions in Del Mar Mesa and the future urbanizing area as long as lands within and adjacent to the Multiple Habitat Planning Area are available from willing sellers. It is anticipated these funds will be expended in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Project Status: Continuing	Contact Information: Ball, Laura
Duration: 2003 - 2014	619-685-1301
Improv Type: New	lball@sandiego.gov

Description: This project provides for the construction of a four-foot wide, one mile long multi-use trail, extending easterly from the northerly section of Carmel Mountain Road through the Lorenz Parcel, then south-erly into Penasquitos Canyon.

Justification: This project provides additional recreational opportunities in Del Mar Mesa.

Operating Budget Impact: This project will require an on-going operational budget for non-personnel expenses. The current cost estimate of \$2,000 is based upon the Park & Recreation Department's current cost to maintain trails.

Relationship to General and Community Plans: This project is consistent with the Del Mar Mesa Specific Plan and is in conformance with the City's General Plan.

Schedule: Design was completed in Fiscal Year 2005. This project is being completed in segments and is dependent upon the actual rate of development within the community.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Duration: 2003 - 2018	619-525-8233
Improv Type: New	hgreenstein@sandiego.gov

Description: This project provides for the acquisition, design and construction of a four useable acre neighborhood park to serve the Del Mar Mesa population. Improvements will include turf for active and passive recreation, a children's play area, and a prefabricated comfort station.

Justification: This project will contribute to satisfying the population-based park requirements set forth in the City's General Plan.

Operating Budget Impact: This facility will require an on-going operational budget for personnel and non-personnel expenses. The operating budget impact is based upon the Park & Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as all amenities and unique site characteristics are considered.

Relationship to General and Community Plans: This project is consistent with the Del Mar Mesa Specific Plan and is in conformance with the City's General Plan.

Schedule: Land acquisition was completed in Fiscal Year 2005 and design was completed in Fiscal Year 2007.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Improv Type: New	koliver@sandiego.gov

Description: This project provides for the design and construction of Del Mar Mesa Neighborhood Park in the community of Del Mar Mesa. This new 3.7 acre neighborhood park will include a children's play area, one-half basketball court, comfort station, parking lot, horse corral, picnic areas, turf, and landscaping.

Justification: This project will contribute to satisfying the population-based park requirements set forth in the City's General Plan.

Operating Budget Impact: This facility will require an on-going operation budget for personnel and non-personnel expenses. The operating budget impact estimate is based on the Park & Recreation Department's current cost to maintain various landscaped areas, which includes a part-time Grounds Maintenance Worker. Operation costs for the project will be revised as the project is refined and construction is completed.

Relationship to General and Community Plans: This project is consistent with the Del Mar Mesa Specific Plan and is in conformance with the City's General Plan.

Schedule: Design is scheduled to begin in Fiscal Year 2014. Construction is anticipated to be completed in Fiscal Year 2016.

Summary of Project Changes: This is a newly published project for Fiscal Year 2014.

Duration: 2002 - 2014	Contact Information: Ball, Laura
Improv Type: New	619-685-1301
	lball@sandiego.gov

Description: This project provides for an eight-foot wide hiking and equestrian trail, 8,000 feet long, extending northerly from the Carmel Mountain Road and Del Mar Mesa Road intersection area, then westerly in the developable area along open space. The trail will continue to the westerly end of Del Mar Mesa Road. This project also includes improvements to a 1,000-foot long existing trail that extends northerly into Carmel Valley Neighborhood 8.

Justification: This project provides additional recreational opportunities in Del Mar Mesa.

Operating Budget Impact: This project will require an on-going operational budget for non-personnel expenses. The current cost estimate of \$3,030 is based upon the Park & Recreation Department's current cost to maintain trails.

Relationship to General and Community Plans: This project is consistent with the Del Mar Mesa Specific Plan and is in conformance with the City's General Plan.

Schedule: Land acquisition and design began in Fiscal Year 2004. Construction began in Fiscal Year 2005. However, this project is being completed in segments and is dependent upon the actual rate of development within the community.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Del Mar Terrace Street Improvements / L14003

Council District: 1	Priority Score: 34
Community Plan: Rancho Bernardo	Priority Category: Low
Project Status: New	Contact Information: Field, Andy
Duration: 2014 - 2027	619-685-1350
Improv Type: Betterment	afield@sandiego.gov

Description: This project will provide for the resurfacing and slurry sealing of residential streets within the Del Mar Terrace Maintenance Assessment District (MAD). Additional improvements may include upgrades to asphalt berms and curb and gutter installation where needed.

Justification: This project is an indentified improvement in the Del Mar Terrace Maintenance Assessment District which includes slurry seal maintenance every five years and resurfacing every fifteen years.

Operating Budget Impact: None.

Trans - Roadway - Enhance/Scape/Medians

Relationship to General and Community Plans: This project is consistent with the Torrey Pines Community Plan and is in conformance with the City's General Plan.

Schedule: This project addresses on-going maintenance requirements. Project schedule is dependent upon funding availability.

Summary of Project Changes: This is a newly published project for Fiscal Year 2014. Del Mar Terrace MAD funding in the amount of \$65,000 has been re-allocated from S10038 - Del Mar Terrace Street Improvements to this project in order to establish a phase funded project.

Project Status: Continuing	Contact Information: Oliver, Kevin
Duration: 2011 - 2014	619-533-5139
Improv Type: Betterment	koliver@sandiego.gov

Description: This project provides for Americans with Disabilities Act (ADA) upgrades and improvements to the children's play area and path of travel within the park to comply with State and federal safety and accessibility guidelines. This project includes an accessible on-street parking space, curb ramp, site furniture, and accessible play area equipment and surfacing.

Justification: This project is needed to upgrade existing site improvements and play area facilities to meet current State and federal safety and accessibility regulations.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Carmel Valley (North City West) Community Plan and is in conformance with the City's General Plan.

Schedule: Construction began in Fiscal Year 2012 and is scheduled to be completed in Fiscal Year 2014.

Summary of Project Changes: No significant changes have been made to this project for Fiscal Year 2014.

Dennerly Ranch Neighborhood Park / S00636

Parks - Neighborhood

Council District:	8	Priority Score:	16
Community Plan:	Otay Mesa	Priority Category:	Low
Project Status:	Continuing	Contact Information:	Greenstein, Howard
Duration:	2005 - 2017		619-525-8233
Improv Type:	New		hgreenstein@sanidiego.gov

Description: This project provides for acquisition, design, and construction of a nine useable acre park site in the Otay Mesa Community Plan and the Dennerly Ranch Precise Plan areas. The park may include a multi-purpose court, multi-purpose sports fields, comfort station, children's play area, picnic area and facilities, open turf area, staging area, and trail with connectivity to the Otay Valley Regional Park.

Justification: This project provides population-based park acreage in accordance with the City's General Plan standards to accommodate the park and recreational needs of the residents within the Dennerly Ranch Subdivision.

Operating Budget Impact: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved; therefore, the current cost estimate of \$105,000 is based upon the Park & Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Community Plan and the Dennerly Ranch Precise Plan, and is in conformance with the City's General Plan.

Schedule: Acquisition, design, and construction will be scheduled contingent upon the rate of development and fees collected in the community.

Summary of Project Changes: The total project cost increased by \$4 million based on an updated Public Facilities Financing Plan (PFFP).

Park & Recreation

El Cajon Boulevard Streetscape Improvements / S00826

Trans - Roadway - Enhance/Scape/Medians

Council District:	3, 9	Priority Score:	46
Community Plan:	Normal Heights (Mid-City), Kensington - Talmadge (Mid-City), City Heights, North Park	Priority Category:	Medium
Project Status:	Continuing	Contact Information:	Lasaga, Fernando
Duration:	1994 - 2016		619-533-7406
Improv Type:	New		flasaga@sanidiego.gov

Description: This project provides for streetscape improvements which include the installation of street lights and replacement of sidewalks, curbs, and gutters along El Cajon Boulevard from Louisiana Street east to 54th Street, as well as the side streets adjacent to El Cajon Boulevard that are within the El Cajon Boulevard Maintenance Assessment District (MAD) boundaries.

Justification: The El Cajon Boulevard revitalization project began as a part of the Mid-City Commercial Revitalization Program which was originally funded by a Community Development Block Grant and TransNet. This project will continue the approved design along additional commercial blocks using funding from the El Cajon Boulevard MAD. The MAD Assessment Engineer's Report identifies streetscape improvements including street lighting as an improvement within the project area.

Operating Budget Impact: Those projects that are identified as improvements in the North Park MAD Assessment Engineer's Report and the El Cajon Boulevard MAD Assessment Engineer's Report will be maintained by each respective MAD. Each MAD will fund the maintenance and energy costs associated with the special benefit street lighting installed by this project. Since design of all phases of the street light element has not been completed, the actual number of street lights to be installed by this project and resultant operating budget effect is not known.

Relationship to General and Community Plans: This project implements the Mid-City and Greater North Park Communities' Plans and is in conformance with the City's General Plan.

Schedule: The project is divided into several subprojects. Design and construction of decorative lights within utility undergrounding blocks 3EE and 3FF (in coordination with the Talmadge Lighting Project S00820) began in Fiscal Year 2010 and continued in Fiscal Year 2013. Design and construction of the installation of street lighting along several side streets (Euclid Avenue, 46th Street, 44th Street, and 35th Street) began in Fiscal Year 2013. Design of a project to install double acorn, teal streetlights along El Cajon Boulevard is part of a future phase not yet scheduled. Design and construction of decorative lights within utility undergrounding block 3HH began in Fiscal Year 2013. Additional street lights and curb, sidewalk, and gutter improvements are planned when funding becomes available.

Summary of Project Changes: An additional \$150,000 in El Cajon Boulevard MAD funding is allocated to this project in Fiscal Year 2014.

El Cuervo Adobe Improvements / S14006

Parks - Open Space

Council District: 5	Priority Score: 53
Community Plan: Rancho Penasquitos	Priority Category: Medium
Project Status: New	Contact Information: Ball, Laura
Duration: 2014 - 2015	619-685-1301
Improv Type: Replacement - Rehab	lball@sandiego.gov

Description: This project provides for long-term protection of the physical remains of the historic El Cuervo Adobe located within the Rancho Penasquitos Community consistent with a 2004 Conditions Assessment Report. Improvements shall include stabilization activities to protect the remaining length of walls of the historic structure measuring thirty-one feet long by seven to nine feet tall.

Justification: The El Cuervo Adobe Ruins site has been designated historic by the City Historic Site Board, California Historic Resources Inventory, and the National Register of Historic Places. Only two of the original structural adobe walls remained until a portion of one wall (the north wall) collapsed in December 2011. This project will protect the historic resource consistent with National Park Service Standards and San Diego Municipal Code Section 143.0205(f).

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the City General Plan Historic Resources Element.

Schedule: Design is scheduled to begin in Fiscal Year 2014. Construction will begin after design has been completed.

Summary of Project Changes: This is a newly published project for Fiscal Year 2014.

Evans Pond Reclaimed Water Pipeline Installation / S13010

Council District: 5
Community Plan: Scripps Miramar Ranch
Project Status: Continuing
Duration: 2013 - 2016
Improv Type: New

Reclaimed Water System - Pipelines

Priority Score: 40
Priority Category: Medium
Contact Information: Darvishi, Ali
 619-533-5328
 adarvishi@sandiego.gov

Description: This project would provide for the installation of a reclaimed water pipeline and meter to service Evans Pond, a small pond located adjacent to Scripps Ranch Library (10301 Scripps Lake Drive). The reclaimed water pipe would connect an existing reclaimed water reservoir located in Meanley Park (just south of the Library) and extend northeast to the pond. An additive alternative would be to connect existing landscape irrigation systems surrounding the Library to reclaimed water. Scripps Ranch Maintenance Assessment District (MAD) maintains this pond via a Memorandum of Understanding (MOU) with the Library Department.

Justification: Evans Pond is currently fed by natural rainwater and runoff, but during summer months it loses depth and becomes shallow. Despite annual transfers of raw water from the nearby San Diego Aqueduct, there is insufficient water to maintain Evans Pond at an acceptable depth. The pond is home to a variety of plant and animal species, including water plants, turtles, ducks, and fish. This project would allow for a stable water source to keep the pond at an acceptable level throughout the year. A health/safety concern would be the use of reclaimed water in a pond environment, which has been accomplished at Torrey Pines Golf Course.

Operating Budget Impact: Currently, the Scripps Ranch Maintenance Assessment District funds a transfer of raw water from the San Diego Aqueduct once a year at a cost of approximately \$18,500. If this project is implemented, water costs are expected to decrease to approximately \$2,000 annually and under the reclaimed water rate rather than the potable water rate.

Relationship to General and Community Plans: This project is in compliance with the Scripps-Miramar Ranch Community Plan and in conformance with the City's General Plan.

Schedule: Planning began in Fiscal Year 2013. Design is scheduled to begin in Fiscal Year 2014. Construction is scheduled to begin and be completed in Fiscal Year 2015.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Project Status: Continuing	Contact Information: Shifflet, Robin
Duration: 1990 - 2015	619-533-4524
Improv Type: New	rshifflet@sandiego.gov

Description: This project provides for land acquisition of approximately three useable acres for a neighborhood park south of Pomerado Road in the Scripps Miramar Ranch area.

Justification: This project provides population-based park acreage in accordance with the City's General Plan standards to accommodate the park and recreational needs of the residents within the Fairbrook Subdivision.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Scripps Miramar Ranch Community Plan and is in conformance with the City's General Plan.

Schedule: Scheduling is contingent upon development of the subdivision. The City will acquire the property for the park subsequent to completion and approval of public infrastructure improvements.

Summary of Project Changes: No significant changes have been made to this project for Fiscal Year 2014.

Project Status: Continuing	Contact Information: Shifflet, Robin
Duration: 2008 - 2020	619-533-4524
Improv Type: New	rshifflet@sanidiego.gov

Description: This project provides for development of an approximately three useable acre neighborhood park south of Pomerado Road in the Scripps Miramar Ranch area. Rough grading, adjacent half-width street improvements, and utilities to serve the park are being provided by a developer per vesting tentative map (VTM) conditions.

Justification: This project provides population-based park acreage in accordance with the City's General Plan standards to accommodate the park and recreational needs of the residents within the Fairbrook Subdivision.

Operating Budget Impact: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved; therefore, the current cost estimate of \$35,100 is based upon the Park & Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Scripps Miramar Ranch Community Plan and is in conformance with the City's General Plan.

Schedule: Scheduling is contingent upon City's acquisition of the site from a private developer. The City will acquire the property for the park subsequent to completion of public infrastructure improvements by the private developer.

Summary of Project Changes: It is anticipated a reduction of programmed FBA funding in the amount of \$345,076 will be reflected for this project per the approved Scripps Ranch Miramar Ranch's Public Facilities Financing Plan (PFFP) for Fiscal Year 2014.

Park & Recreation

Famosa Slough Salt Marsh Creation / S00605

Drainage - Channels

Council District: 2	Priority Score: N/A
Community Plan: Peninsula	Priority Category: N/A
Project Status: Continuing	Contact Information: Deangelis, Jeannette
Duration: 2003 - 2014	619-533-5497
Improv Type: Betterment	jdeangelis@sandiego.gov

Description: The 0.64 acre mitigation project in Famosa Slough is required by the Army Corps of Engineers, Coastal Commission, and California Department of Fish and Game permits and agreements. The mitigation is a required component of the Transportation & Storm Water Department's channel clearing efforts to prevent flooding in the Sorrento Valley area, and restoration of this site will enhance the functions and values of this important biological resource consistent with a variety of City policies and objectives.

Justification: The 0.64 acre mitigation project in Famosa Slough is required by the Army Corps of Engineers, Coastal Commission, and California Department of Fish and Game permits and agreements. The Famosa Slough was chosen as the mitigation site because opportunities for coastal salt marsh mitigation in the Los Peñasquitos Lagoon have been exhausted. This option utilizes an available, City-owned site within the Coastal Zone and is consistent with the 1993 Famosa Slough Enhancement Plan.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Peninsula Community Plan and the Famosa Slough Enhancement Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2004 and was completed in Fiscal Year 2005. Construction was completed in Fiscal Year 2005. The five-year maintenance and monitoring period began in Fiscal Year 2006 and ended in Fiscal Year 2011. In order to obtain site approval from the Resource Agencies, two additional years of maintenance and monitoring were required due to soil conditions and below average rainfall.

Summary of Project Changes: The two additional years of maintenance and monitoring was completed at the end of Fiscal Year 2013 and the project will be closed by the end of the fiscal year. No other significant change has been made to this project for Fiscal Year 2014.

Council District:	1	Priority Score:	73
Community Plan:	Pacific Highlands Ranch	Priority Category:	High
Project Status:	Continuing	Contact Information:	Calleran, Mark
Duration:	2007 - 2016		619-533-5197
Improv Type:	New		mcalleran@sandiego.gov

Description: This project provides for the acquisition, design, and construction of a five useable acre neighborhood park adjacent to a planned elementary school in the Gonzales Canyon area of the Pacific Highlands Ranch Community. Park amenities will include a multi-purpose turf sports field, a children's play area, multi-purpose courts, picnic facilities, security lighting, landscape, and a comfort station.

Justification: This project provides population-based park acreage in accordance with the City's General Plan standards to accommodate the park and recreational needs of the residents within the Gonzales Canyon area of Pacific Highlands Ranch Subdivision.

Operating Budget Impact: This facility will require an on-going operational budget for personnel and non-personnel expenses. The current cost estimate of \$83,665 is based upon the Park & Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as all amenities and unique site characteristics are considered.

Relationship to General and Community Plans: This project is consistent with the Pacific Highlands Ranch Sub Area Plan and is in conformance with the City's General Plan.

Schedule: Land acquisition was completed in Fiscal Year 2011. Design began in Fiscal Year 2013 and construction is anticipated to begin in Fiscal Year 2015.

Summary of Project Changes: An additional \$1.3 million of Facilities Benefit Assessment (FBA) funding is anticipated for Fiscal Year 2014 per the Public Facilities Financing Plan (PFFP).

Description: This project provides for the acquisition, design, and construction of an approximately 4.0 useable acre neighborhood park serving the Ocean View Hills Community. Amenities may include an open turf area and children's play area, as well as off-site improvements to serve the park.

Justification: This project provides population-based park acreage in accordance with the City's General Plan standards to accommodate the park and recreational needs of the residents within the Hidden Trails Subdivision.

Operating Budget Impact: This facility will require an on-going operational budget for personnel and non-personnel expenses. The current cost estimate of \$48,000 is based upon the Park & Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Community Plan, the Hidden Trails Precise Plan, and is in conformance with the City's General Plan.

Schedule: Land acquisition began in Fiscal Year 2008 and was completed in Fiscal Year 2012. Design is anticipated to begin in late Fiscal Year 2014. Project construction is dependent upon the actual rate of development within the Otay Mesa Community.

Summary of Project Changes: The total project cost increased from Fiscal Year 2013 by \$1.6 million due to increased construction costs.

Project Status: Continuing	Contact Information: Ball, Laura
Duration: 2008 - 2014	619-685-1301
Improv Type: New	lball@sandiego.gov

Description: This project provides for a multi-use trail connection from Del Mar Mesa to Carmel Valley.

Justification: The construction of the identified trails or trail connections will contribute to completion of connectivity with the existing City and regional trail system, providing benefits to the community, including increased recreational opportunities, protection of sensitive natural resources, and alternate transportation opportunities to residents and visitors.

Operating Budget Impact: This project will require an on-going operational budget for non-personnel expenses. The current cost estimate of \$2,200 per year is based upon the Park & Recreation Department's current cost to maintain trails.

Relationship to General and Community Plans: This project is consistent with the Carmel Valley Community Plan and the Carmel Valley Neighborhood 10 Precise Plan, and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2007. Construction began in Fiscal Year 2009 in segments. The schedule is contingent upon the rate of development and fees collected in the community.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Description: This project provides for the construction of an unimproved multi-use trail, 8,000 feet long extending easterly from the end of Z Street to the San Diego Gas and Electric (SDG&E) easement. The trail will continue southerly within the easement into Penasquitos Canyon.

Justification: This project provides additional recreational opportunities in Del Mar Mesa.

Operating Budget Impact: Maintenance of the site will be the responsibility of SDG&E.

Relationship to General and Community Plans: This project is consistent with the Del Mar Mesa Specific Plan and is in conformance with the City's General Plan.

Schedule: Design was completed in Fiscal Year 2007. Construction began in Fiscal Year 2008 and is ongoing. Major trail segments are complete; however, construction of additional segments is dependent upon the actual rate of development within the community. The location is in an SDG&E easement corridor and work must be coordinated with SDG&E.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

 619-533-5301
 smahmalji@sandiego.gov

Description: This project provides for the design and construction of a new neighborhood park, enhancements to Chollas Creek, and associated traffic improvements on Home Avenue for pedestrian crossing.

Justification: This project will contribute to satisfying the population-based park acreage requirements set forth in the City's General Plan.

Operating Budget Impact: This facility will require an on-going operational budget for personnel and non-personnel expenses. The current cost estimate of \$17,595 is based upon the Park & Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Mid-City: City Heights Community Plan and is in conformance with the City's General Plan.

Schedule: Design was completed in Fiscal Year 2013. Construction is scheduled to begin and anticipated to be completed in Fiscal Year 2014.

Summary of Project Changes: Redevelopment bond funding in the amount of \$900,000 was deappropriated due to the dissolution of the San Diego Redevelopment Agency. TransNet funding in the amount of \$750,000 has been allocated to this project in Fiscal Year 2014 for the construction of traffic improvements on Home Avenue. This allocation will fully fund the project. The unidentified funding amount of \$600,000 has been removed. The revised total cost of this project is \$4.3 million.

Kumeyaay Lakes Berm Restoration and Dredging / S00655

Council District: 7	Priority Score: 27
Community Plan: Navajo	Priority Category: Low
Project Status: Continuing	Contact Information: Harkness, Jeffrey
Duration: 2002 - 2018	619-533-6595
Improv Type: Betterment	jharkness@sandiego.gov

Description: This project provides for the dredging of two lakes and reconstruction of a lake berm within the Kumeyaay Lake system at Mission Trails Regional Park.

Justification: A berm that surrounds the lakes was breached during the 1995-96 rainy season. Since that time, the San Diego River's flow has been redirected through the Kumeyaay Lakes, to the detriment of the lakes. Impacts include sedimentation of the lakes, the introduction of exotic invasive aquatic plants, and the decline of an adjacent state wetland mitigation site through which the river once flowed. Dredging of the lakes to remove accumulated sediments and unwanted plant materials will restore the health and vitality of the lakes and the adjacent mitigation site, which depends upon a flowing water source.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Mission Trails Regional Park Master Development Plan, the Navajo Community Plan, and is in conformance with the City's General Plan.

Schedule: Planning began in Fiscal Year 2003. Design and construction will be scheduled upon identification of funding.

Summary of Project Changes: No significant changes have been made to this project for Fiscal Year 2014.

Larsen Field ADA Improvements Phase II / S13004

Parks - Miscellaneous Parks

Council District: 8	Priority Score: 71
Community Plan: San Ysidro	Priority Category: High
Project Status: Continuing	Contact Information: Greenstein, Howard
Duration: 2013 - 2017	619-525-8233
Improv Type: Betterment	hgreenstein@sandiego.gov

Description: This project provides for a children's play area and associated path of travel upgrades to meet current accessibility requirements at Larsen Field.

Justification: This project is needed to bring the children's play area and associated paths of travel into conformance with current Americans with Disabilities Act (ADA) standards and to make the facilities accessible to people with disabilities.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the San Ysidro Community Plan and is conformance with the City's General Plan.

Schedule: Design is scheduled to begin in Fiscal Year 2014. Construction will be phased as funding is identified. The estimated project cost will be determined by the consultant during the design phase. Unidentified funding will be determined at that time.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Linda Vista Community Park Picnic Area / S01068

Council District: 7
Community Plan: Linda Vista
Project Status: Continuing
Duration: 2009 - 2014
Improv Type: New

Parks - Miscellaneous Parks

Priority Score: 71
Priority Category: High
Contact Information: Oliver, Kevin
 619-533-5139
 koliver@sandiego.gov

Description: This project will develop an accessible, shaded picnic area in the Linda Vista Community Park. The upgrades include a shade structure with concrete pad, picnic tables, barbecues, hot coal receptacles, drinking fountain, lighting, Americans with Disabilities Act parking modifications and accessible walkways, turfing, and irrigation system adjustments.

Justification: The picnic shelter was identified by the community as an amenity they wanted to add to the park. Park & Recreation staff secured a grant for partial funding.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Linda Vista Community Plan and is consistent with the City's General Plan.

Schedule: Design of the project is complete. Construction began in Fiscal Year 2013 and is anticipated to be completed in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Project Status: Warranty	Contact Information: Oliver, Kevin
Duration: 2010 - 2014	619-533-5139
Improv Type: Betterment	koliver@sandiego.gov

Description: This project provides for the design and construction/installation for the upgrade/replacement of existing playground equipment at Maddox Neighborhood Park and all associated Americans with Disabilities Act (ADA) and drainage improvements required to comply with all State and federal accessibility guidelines and City standards.

Justification: This project will upgrade the children's play areas to be fully compliant with current State safety regulations and federal ADA requirements.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is in conformance with the Mira Mesa Community Plan and the City's General Plan.

Schedule: Design began and was completed in Fiscal Year 2011. Construction began and was completed in Fiscal Year 2012.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

 lkuzminsky@sandiego.gov

Description: This project will provide for the construction of a cultural promenade area including pedestrian areas, fitness areas, seating, landscaping, community identification signs, artwork, utility relocation, new street section, retaining walls, and free-standing walls.

Justification: This project will provide for a cultural gathering area for educational and recreational activities.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Southeastern San Diego-Encanto Neighborhoods Community Plan, and is in conformance with the City's General Plan.

Schedule: Design is anticipated to begin in Fiscal Year 2014. Construction will begin once funding is identified.

Summary of Project Changes: This is a newly published project for Fiscal Year 2014. In Fiscal Year 2013, two Council Actions (R-307882 and R-308249) were approved to appropriate a combined amount of \$225,000 from CIP Contributions from General Fund. The total estimated cost of this project, including the unfunded construction phase, is \$1.2 million.

McKinley Elementary School Joint Use Improvements / S12001

Parks - Community

Council District:	3	Priority Score:	61
Community Plan:	Greater North Park	Priority Category:	Medium
Project Status:	Continuing	Contact Information:	Mahmalji, Samir
Duration:	2012 - 2017		619-533-5301
Improv Type:	New		smahmalji@sandiego.gov

Description: This project provides for design and construction of approximately 1.2 acres of joint-use facilities at McKinley Elementary School to supplement existing park acreage in the Greater North Park Community. Improvements will include natural or synthetic turfed multi-purpose sportsfields, multi-purpose courts, walkways, landscaping, and Americans with Disabilities Act (ADA) accessibility upgrades.

Justification: This project will contribute to satisfying population-based park acreage requirements set forth in the General Plan to serve residents in this park-deficient community.

Operating Budget Impact: This facility will require an on-going budget for personnel and non-personnel expenses. The project's final design has not been approved; therefore, the current cost estimate of \$14,000 is based on the Park & Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Greater North Park Community Plan and is in conformance with the City's General Plan.

Schedule: Conceptual design for a General Development Plan began in Fiscal Year 2013. Final design and construction will be scheduled to begin upon funding availability.

Summary of Project Changes: No significant changes have been made to the project for Fiscal Year 2014.

Memorial Pool Improvements / S00970

Council District: 8	Priority Score: 78
Community Plan: Southeastern San Diego	Priority Category: High
Project Status: Continuing	Contact Information: Mahmalji, Samir
Duration: 2009 - 2016	619-533-5301
Improv Type: New	smahmalji@sandiego.gov

Description: This project provides for the demolition of an existing pool and the design and construction of a new pool. The existing 40 year old pool suffers from deferred maintenance, cracked decking, outdated mechanical systems, and doesn't meet Americans with Disabilities Act (ADA) standards. It will be replaced with a larger pool that meets ADA standards.

Justification: This project will address deterioration of the existing pool decking and piping due to age.

Operating Budget Impact: This facility expansion will require an on-going operational budget for personnel and non-personnel expenses. The current cost estimate of \$107,983 is based on Park & Recreation Department's current cost to maintain an aquatic facility of this size.

Relationship to General and Community Plans: This project is consistent with the Southeastern San Diego Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2010 and was completed in Fiscal Year 2011. Construction is anticipated to begin in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Mira Mesa Community Park - Exp & Aquatic Complex / S00667

Council District: 6	Priority Score: 11
Community Plan: Mira Mesa	Priority Category: Low
Project Status: Continuing	Contact Information: Oliver, Kevin
Duration: 2004 - 2017	619-533-5139
Improv Type: Betterment	koliver@sandiego.gov

Description: This project provides for developing approximately 11 usable acres of the former Carroll School park site across the street from Mira Mesa Community Park. Amenities include a comfort station and ballfields. The Mira Mesa Community Park will also be upgraded to include a pool complex, improved recreation center, and skate plaza. The street between the two sites will include parking and street calming. This project will be phased as funding becomes available. Phase I includes the ballfields and street calming. Phase II includes the pool complex and skate plaza. Phase III includes recreation center improvements.

Justification: This project will contribute to satisfying the population-based park acreage requirements set forth in the City's General Plan.

Operating Budget Impact: This facility will require an on-going operational budget for personnel and non-personnel expenses. The current cost estimate of \$128,472 for Phase I is based upon the Park & Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project implements the recommendations found in the Mira Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: Park design was completed in Fiscal Year 2008. The scheduling of construction is contingent upon the rate of development and Facilities Benefit Assessment (FBA) fees collected in the community.

Summary of Project Changes: No significant change has been made to this project in Fiscal Year 2014.

Description: This project provides for the removal and replacement of the existing comfort station/concession stand at the Mission Bay Athletic Area. It will also provide an accessible path of travel from Grand Avenue to the comfort station and the center of the ball field complex.

Justification: These improvements are necessary to provide Americans with Disability Act (ADA) accessibility to the comfort station and concession stand which are not currently accessible.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Mission Bay Park Master Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2010 and was completed in Fiscal Year 2012. Construction will be scheduled pending identification of funding.

Summary of Project Changes: This project has increased by \$300,000 which is based on revised construction costs. No other significant change has been made to this project for Fiscal Year 2014.

Mission Bay Golf Course Practice Cntr Bldg Improve / S01090

Council District: 2	Priority Score: 60
Community Plan: Mission Bay Park	Priority Category: Medium
Project Status: Continuing	Contact Information: Oliver, Kevin
Duration: 2004 - 2016	619-533-5139
Improv Type: Betterment	koliver@sandiego.gov

Description: This project provides for the demolition of the existing, antiquated practice center and clubhouse buildings, and installation of temporary trailers/portables at the Mission Bay Golf Course until such time as the new clubhouse is constructed. The design and construction of a new practice center, parking lot, and clubhouse, which were originally part of this project, will be completed separately in the future, in conjunction with other projects proposed for the golf course.

Justification: These improvements are necessary to comply with current codes, address maintenance needs, and increase the viability of identifying potential future lessees.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Mission Bay Park Master Plan and is in conformance with the City's General Plan.

Schedule: Demolition of the existing facilities and design for the temporary trailers/portables is scheduled to begin in Fiscal Year 2014.

Summary of Project Changes: Golf Course funding in the amount of \$700,000 has been allocated to this project for Fiscal Year 2014.

Mission Bay Golf Course Renovation/Reconstruction / S11010

Council District: 2	Priority Score: 54
Community Plan: Mission Bay Park	Priority Category: Medium
Project Status: Continuing	Contact Information: Oliver, Kevin
Duration: 2011 - 2016	619-533-5139
Improv Type: Betterment	koliver@sandiego.gov

Description: This project provides for the design and construction of various improvements within Mission Bay Golf Course. Work will include renovation and reconstruction of the existing course and will consist of new landscaping and irrigation, upgraded electrical and lighting system, drainage improvements, installation of cart paths near tee boxes, upgraded tee boxes, improvements to signage, as well as other improvements relevant to the conditions of play will also be included.

Justification: This project is needed to provide the long awaited improvements to the 18-hole golf course. For example, the new computerized irrigation system will replace a system that is outdated, inefficient, and does not meet current or future water restriction requirements. These improvements will help bring the golf course to within industry standards for municipal golf courses.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Mission Bay Park Master Plan and is in conformance with the City's General Plan.

Schedule: Design is anticipated to be completed in Fiscal Year 2014. Construction is scheduled to begin in Fiscal Year 2015 and is anticipated to be completed in Fiscal Year 2016.

Summary of Project Changes: The total project cost decreased by \$1 million from Fiscal Year 2013 due to a revised scope of work.

Description: This annual allocation provides for permanent public capital improvements and deferred maintenance of existing facilities in accordance with City Charter, Article V, Section 55.2.

Justification: Mission Bay Park, as well as other regional parks, open spaces, and coastal beaches, helps define the City's identity, enriches quality of life, and serves as a visitor attraction that strengthens the local economy. This regional treasure is threatened by increasing use and a backlog of needed improvements.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Mission Bay Park Master Plan and is in conformance with the City's General Plan.

Schedule: Design and construction will be scheduled in accordance with the scope of various sublet projects.

Summary of Project Changes: Funding in the amount of \$3.1 million has been allocated to this project for Fiscal Year 2014 and will support the dredging of Mission Bay.

Duration: 2011 - 2015	619-533-6670
Improv Type: New	lqasem@sandiego.gov

Description: This project provides for the procurement and installation of decorative, acorn style, street lighting within the Mission Hills Historic Street Lighting Maintenance Assessment District.

Justification: This project is an identified improvement in the Mission Hills Historic Street Lighting Maintenance Assessment District and will be conducted in conjunction with an underground utility project.

Operating Budget Impact: The Mission Hills Historic Street Lighting Maintenance Assessment District will provide for the special benefit of maintenance and energy costs associated with the enhanced street lighting.

Relationship to General and Community Plans: This project is consistent with the Uptown Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2012 and was completed in Fiscal Year 2013. Construction is scheduled to begin in Fiscal Year 2014 and is anticipated to be completed in Fiscal Year 2015.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Mission Trails Regional Park Cowles Mountain Trail / S10065

Parks - Open Space

Council District: 7	Priority Score: 20
Community Plan: Navajo, Tierrasanta	Priority Category: Low
Project Status: Continuing	Contact Information: Ball, Laura
Duration: 2011 - 2014	619-685-1301
Improv Type: Betterment	lball@sandiego.gov

Description: This project provides for design, engineering, construction, and installation of structures, as well as the rehabilitation and installation of appropriate material to re-establish approximately 2,000 linear feet of existing trail. This project will supplement the existing and increasing recreational activities of hikers and the increase of sensitive resource impacts caused by hikers leaving the official trail. When completed, this trail rehabilitation will improve safety and reduce or eliminate loss of sensitive natural resources due to visitor use and erosion. Improvements will include minimal pruning and hand crew installation of materials. No grading will be done; however, some hand tool manipulation of existing soils may occur.

Justification: This project will benefit the community by increasing safety for hikers and protect sensitive natural and cultural resources.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Mission Trails Regional Park Master Plan, the Navajo and Tierrasanta Community Plans, and is in conformance with the City's General Plan.

Schedule: Construction began in Fiscal Year 2012 and is anticipated to be completed in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

 jharkness@sandiego.gov

Description: This project provides for an update to the 1985 Mission Trails Regional Park (MTRP) Master Development Plan to identify completed capital projects and to guide future expansion, development, and preservation of the park, as well as to provide an environmental document to determine potential impacts. A Natural Resource Management Plan will also be prepared and incorporated into the master plan document to provide park rangers with information and tools to manage the Park's sensitive resources.

Justification: MTRP faces numerous challenges and issues due to the high number of visitors and the Park's location within a densely populated area. Extensive recreational use, illegal off-road vehicle activity, erosion, urban runoff, and invasive non-native plants are potential threats to the continued health of the Park's natural resources. The MTRP Natural Resource Management Plan is a part of the implementation task of the City of San Diego's Multiple Species Conservation Program (MSCP). The MSCP was officially adopted on March 18, 1997; The United States Fish and Wildlife Service and the California Department of Fish and Game approved the plan on July 17, 1997.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Navajo, Tierrasanta, Rancho Encantada, and East Elliott Community Plans and is in conformance with the City's General Plan.

Schedule: Planning began in Fiscal Year 2008 and is anticipated to be completed in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Park & Recreation

Mission Trails Regional Park Trail Realignments / S10066

Council District: 7	Priority Score: 20
Community Plan: Navajo, Tierrasanta	Priority Category: Low
Project Status: Continuing	Contact Information: Ball, Laura
Duration: 2009 - 2014	619-685-1301
Improv Type: New	lball@sandiego.gov

Description: This project provides for design, engineering, and construction of approximately 5,000 linear feet of new (realignment) trail and rehabilitation of approximately 3,500 linear feet of existing trail. This is to supplement existing and increased recreational activity of all visitor user groups (hikers, bikes, equestrian) and to stabilize and protect sensitive habitat and natural resources currently impacted by poor trail alignment. Improvements will include vegetation pruning and trimming, as well as hand crew manipulation of soils for best location of trails that will meet City Trail Standards (safety and sustainability). Locations of these trail realignments have been roughly engineered on-site but will require environmental review and approval. No grading is anticipated. No trails in this area are Americans with Disabilities Act (ADA) accessible and this realignment would not provide ADA opportunities due to lack of access.

Justification: New realignment will provide for improved safety to visitors and protection of sensitive resources.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Mission Trails Regional Park Master Plan, the Navajo and Tierrasanta Community Plans, and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2009. Construction began in 2012 and is anticipated to be completed in Fiscal Year 2014.

Summary of Project Changes: No significant changes have been made to this project for Fiscal Year 2014.

Description: This project provides for a comfort station/service building at the Mission Trails Regional Park Equestrian Staging Area.

Justification: The project will provide a needed comfort station at the Mission Trails Regional Park Equestrian Staging Area where one does not currently exist.

Operating Budget Impact: Operation and maintenance funding for this project is included in the Park & Recreation budget.

Relationship to General and Community Plans: This project is consistent with the Navajo Community Plan, the Mission Trails Regional Park Master Development Plan, and is in conformance with the City's General Plan.

Schedule: Design was completed in Fiscal Year 2011 and construction was completed in Fiscal Year 2012.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Montgomery Academy Joint Use Improvements / S00973

Bldg - Other City Facility / Structures

Council District: 7	Priority Score: N/A
Community Plan: Linda Vista	Priority Category: N/A
Project Status: Continuing	Contact Information: Calleran, Mark
Duration: 2009 - 2016	619-533-5197
Improv Type: New	mcalleran@sandiego.gov

Description: This project provides for the construction of approximately three acres of joint-use play fields at the Montgomery Academy and associated Americans with Disabilities Act (ADA) improvements to comply with all State and federal accessibility guidelines and City standards. Phase I amenities may include a turf multi-purpose sports field, security lighting, decomposed granite running track, accessibility improvements, signage, site furnishings, and miscellaneous landscaping. Phase II amenities may include picnic shelters, site furnishings, accent plantings, and enhanced gateway treatments.

Justification: Development of this project is a Site Development Permit condition of the Pacific Ridge Apartment Homes to satisfy population-based park acreage requirements in accordance with the City's General Plan standards for the anticipated population generated by the residential development. Additionally, it provides joint-use recreational facilities in a community deficient in population-based park and recreation facilities.

Operating Budget Impact: This facility will require an on-going operational budget for personnel and non-personnel expenses. The current cost estimate of \$34,752 is based upon the Park & Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as all amenities and unique site characteristics are considered.

Relationship to General and Community Plans: This project is consistent with the Linda Vista Community Plan and is in conformance with the City's General Plan.

Schedule: Design will be completed in Fiscal Year 2013. Construction began in Fiscal Year 2013 and is anticipated to be completed in Fiscal Year 2014.

Summary of Project Changes: Developer contribution funds of \$396,000 have been added to this project for Fiscal Year 2014.

Project Status: Warranty	Contact Information: Ritter, Clark
Duration: 2005 - 2014	619-533-4601
Improv Type: New	lritter@sandiego.gov

Description: This project provides for lighting and park improvements at the Montgomery-Waller Community Park. Phase I of this project provides for the addition of lighting to the existing multi-purpose softball, soccer, and football field. Phase II will replace the comfort station.

Justification: This project will provide needed facilities to expand the hours of use at the park and provide safer access for park users.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa-Nestor Community Plan and is in conformance with the City's General Plan.

Schedule: Phase I was completed in Fiscal Year 2006. Phase II design began in Fiscal Year 2007 and was completed in Fiscal Year 2011. Phase II construction was completed in Fiscal Year 2012.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Project Status: Continuing	Contact Information: Mahmalji, Samir
Duration: 2011 - 2014	619-533-5301
Improv Type: Betterment	smahmalji@sandiego.gov

Description: This project provides for Americans with Disabilities Act (ADA) upgrades and improvements to the children's play area and path of travel within the park to comply with State and federal safety and accessibility guidelines, and will serve the needs of existing and future residents.

Justification: This project is needed to upgrade existing site improvements and play area facilities to meet current federal and State safety and accessibility regulations.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Southeastern San Diego Community Plan and is in conformance with the City's General Plan.

Schedule: Design was completed in Fiscal Year 2013 and construction is scheduled to begin in Fiscal Year 2014. However, it was determined as a result of the design, additional accessibility and street safety improvements were required. These additional improvements will be constructed in a subsequent phase upon funding availability.

Summary of Project Changes: The total project cost has increased by \$180,414 to reflect additional improvements which are currently unfunded.

Multiple Species Conservation / S01076

Parks - Open Space

Council District:	Citywide	Priority Score:	N/A
Community Plan:	Citywide	Priority Category:	N/A
Project Status:	Continuing	Contact Information:	Tracanna, John
Duration:	2000 - 2048		619-533-3682
Improv Type:	New		jtracanna@sandiego.gov

Description: This project provides for acquiring property in support of the Multiple Species Conservation Program (MSCP).

Justification: The Multiple Species Conservation Program (MSCP) Implementing Agreement, Section 10(a), Take Authorization of the Endangered Species Act, mandates a statutory responsibility on the part of the City to assemble the MSCP preserve. This responsibility includes public land acquisition to be used for wildlife habitat.

Operating Budget Impact: Operating Budget Impact to be determined as property is acquired.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Land acquisitions began in Fiscal Year 2000 and will continue as funding becomes available through Fiscal Year 2047. Per the City's MSCP Implementing Agreement (I.A.), preservation of 52,727 acres is to occur within the Multi-Habitat Planning Area (MHPA). To date, 49,004 acres (93%) have been conserved or obligated. The remaining 3,723 acres will be conserved through various means including mitigation, exactions, and acquisitions. Funding necessary to purchase the remaining 3,723 acres is estimated to be \$120.7 million without contributions through mitigation and exactions. It is anticipated that approximately one-third of this obligation will be met through mitigation and exactions as part of the development process. Grant funding will be pursued as a future funding source for acquisitions.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Council District: 3	Priority Score: 86
Community Plan: Balboa Park	Priority Category: High
Project Status: Continuing	Contact Information: Darvishi, Ali
Duration: 2011 - 2014	619-533-5328
Improv Type: Replacement - Rehab	adarvishi@sandiego.gov

Description: This project is intended to restore the integrity of the museum, stop the roof leakages, fix the museum ornamentation, restore the historic carports, protect the public safety, and minimize costly maintenance. Phase I scope of work includes the following: re-roof the Administration Building, re-roof the clay tile roof on the south side of the quadrangle (re-use existing tile), re-roof and partially reconstruct the carport between the north wing and the administration building (re-use existing tiles), re-roof the north wing of the main museum including the built-up roof, restore ornamentation, restore windows, repair and/or reseal tile domes, replace finial on western quadrangle entrance, and other miscellaneous restoration items including the replacement of two curb ramps. Phase II scope of work includes repairs to the interior caused by roof leakages.

Justification: This project will restore the integrity of the museum, stop the roof leakages, fix the museum ornamentation, restore the historic carports, protect the public safety, and minimize costly maintenance.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Balboa Park Plan and is in conformance with the City's General Plan.

Schedule: Phase I construction was completed in Fiscal Year 2013. Phase II is scheduled to be completed in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Description: This project will provide for the planning and design of a new aquatic facility center at Naval Training Center Park. The proposed facility will include, but will not be limited to, two competitive and recreational pools, a leisure pool with water playground features, spectator seating deck, bath house facility, and associated site improvements.

Justification: This project will contribute to satisfying the recreation facility requirement set forth in the City's General Plan.

Operating Budget Impact: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's design has not been completed or approved. Therefore, operational cost estimate will be available upon completion of the conceptual design.

Relationship to General and Community Plans: This project is consistent with the Peninsula Community Plan and is in conformance with the City's General Plan.

Schedule: Design work will begin upon completion of project feasibility and evaluation in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

North Ocean Beach Gateway Phase II / S12041

Parks - Community

Council District:	2	Priority Score:	35
Community Plan:	Ocean Beach	Priority Category:	Low
Project Status:	Continuing	Contact Information:	Cetin, Elif
Duration:	2013 - 2014		619-533-4640
Improv Type:	New		ecetin@sandiego.gov

Description: The scope of work will include design and construction of disabled accessible walkway with landings to comply with the current Americans with Disability Act requirements. The newly proposed walkway will connect the existing entry plaza to the north end of the project site which is adjacent to Robb Field. The scope will also include enhanced crosswalk improvements at the intersection of West Point Loma Boulevard and Sunset Cliffs Boulevard and a property line screen wall.

Justification: To provide disabled accessible walkway with landings to comply with the current Americans with Disability Act requirements, the newly proposed walkway will connect the existing entry plaza to the north end of the project site which is adjacent to Robb Field.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Ocean Beach Community Plan and is in conformance with the City's General Plan.

Schedule: Phase I of this project is complete. Design began in Fiscal Year 2013 and is anticipated to be completed in Fiscal Year 2014. Construction is anticipated to be completed in Fiscal Year 2014.

Summary of Project Changes: This is a newly published project for Fiscal Year 2014. \$150,000 was allocated to this project by City Council Resolution (R-307495) in Fiscal Year 2013.

Park & Recreation

North Park Mini-Park and Streetscape Improvements / S10050

Parks - Mini Parks

Council District:	3	Priority Score:	34
Community Plan:	Greater North Park	Priority Category:	Low
Project Status:	Continuing	Contact Information:	Oliver, Kevin
Duration:	2010 - 2015		619-533-5139
Improv Type:	New		koliver@sandiego.gov

Description: This project provides for the design and construction of an approximately 0.50 useable acre, urban mini-park to be located behind the recently renovated North Park Theatre. The project may include public art, plaza areas, specialty/enhanced paving areas for performances and events, an amphitheater or audience seating area, a gazebo/shade structure, walkways, seat walls, security/decorative lighting, and landscape and irrigation. This project also provides for the design of a Streetscape Master Plan for approximately 1,800 linear feet of streetscape which may include enhanced street/pedestrian paving and walkways, street trees with tree grates, landscaping, irrigation, unique street furniture including benches and trash receptacles, security and decorative lighting, pedestrian ramps, curbs, and gutters.

Justification: The community is currently deficient in population-based park requirements set forth in the City's General Plan. This project will add population-based park acreage to the community, thus contributing to satisfying population-based park requirements. The project also includes the design of a Streetscape Master Plan, incorporating a streetscape system for the benefit of pedestrians, automobiles, and community members.

Operating Budget Impact: This facility will require an on-going operational budget for personnel and non-personnel expenses. The current cost estimate of \$5,791 to maintain the mini-park is based upon the Park & Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined and construction document design is completed. Maintenance of future streetscape improvements will be determined as funding is allocated to these projects.

Relationship to General and Community Plans: This project is consistent with the Greater North Park Community Plan and is in conformance with the City's General Plan.

Schedule: Design of the General Development Plan for the mini-park and Streetscape Master Plan for the associated streetscapes began in Fiscal Year 2011 and was completed in Fiscal Year 2012. Construction document design for the mini-park is scheduled to begin in Fiscal Year 2014, with construction beginning in Fiscal Year 2015. The individual associated streetscapes (which are a part of the Streetscape Master Plan) will be implemented by Transportation and Storm Water Department (Transportation Engineering Operations Division) as funding for design, construction, and maintenance becomes available.

Summary of Project Changes: For Fiscal Year 2014, \$2.2 million of Park Development Funds have been allocated to this project. Design and construction of the various streetscapes which were part of the Streetscape Master Plan are being removed from this project. The individual associated streetscapes will be implemented by Transportation Engineering in the future as funds become available.

North Park/Main Street Sidewalk Improvements / S10040

Trans - Ped Fac - Sidewalks

Council District:	3	Priority Score:	47
Community Plan:	Greater North Park	Priority Category:	Medium
Project Status:	Continuing	Contact Information:	Johnson, Brad
Duration:	2010 - 2016		619-533-5120
Improv Type:	Betterment		bjohnson@sandiego.gov

Description: The project provides for the replacement of existing red sidewalk and decorative tile pavement along 30th Street and University Avenue near the Main Street area of North Park.

Justification: The project will replace existing red sidewalk and decorative tiles that are cracked, deteriorated, and missing.

Operating Budget Impact: Cleaning activities along the sidewalk including litter pick-up, sweeping, and steam cleaning will continue after the project is completed. Maintenance is funded by the North Park Maintenance Assessment District; no additional operating budget impact as a result of this project is anticipated.

Relationship to General and Community Plans: This project is consistent with the Greater North Park Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2012 and is anticipated to be completed in Fiscal Year 2014. Construction is scheduled to begin in Fiscal Year 2015 and is anticipated to be completed in Fiscal Year 2016.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Duration: 1997 - 2014
Improv Type: Betterment

Parks - Miscellaneous Parks

Priority Score: N/A
Priority Category: N/A
Contact Information: Oliver, Kevin
 619-533-5139
 koliver@sandiego.gov

Description: This project provides for streetscape improvements such as hardscape plaza, street trees, ornamental lighting, landscaping, sidewalk repairs, bicycle facilities, signage, and Americans with Disabilities Act (ADA) improvements. The first phase of improvements is focused on the area at and adjacent to the intersection of Sunset Cliffs Boulevard and West Point Loma Boulevard, one of the main entries into the Ocean Beach community.

Justification: The North Ocean Beach entryway has been identified as a location for streetscape improvements by Council District 2 and by the community. The goals are to increase safety and security, enhance the community image, and contribute positively to the commercial revitalization of the affected area.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Ocean Beach Community Plan and is in conformance with the City's General Plan.

Schedule: The project design was completed in Fiscal Year 2010. Construction began and was completed in Fiscal Year 2012.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Ocean Beach Veterans Memorial / S14012

Council District: 2	Priority Score: 37
Community Plan: Ocean Beach	Priority Category: Low
Project Status: New	Contact Information: Winter, Jim
Duration: 2013 - 2016	619-235-5257
Improv Type: New	jwinter@sandiego.gov

Description: This project provides for the demolition of the existing veterans memorial plaza at the foot of Newport Avenue and the installation of sidewalk pavers, veterans memorial wall, landscaping, lighting, and enhanced coastal access.

Justification: This project will restore the integrity of the veterans memorial plaza.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is not addressed in the current Ocean Beach Community Plan. It is consistent with the Recreation Element of the City's General Plan.

Schedule: This project is currently on hold until additional funding is available.

Summary of Project Changes: This is a newly published project for Fiscal Year 2014

Parks - Resource Based

Council District: 7	Priority Score: 53
Community Plan: Navajo, Tierrasanta	Priority Category: Medium
Project Status: Warranty	Contact Information: Deangelis, Jeannette
Duration: 1994 - 2017	619-533-5497
Improv Type: Replacement	jdeangelis@sanidiego.gov

Description: This project provides for dredging behind the Old Mission Dam for the purpose of removing silt buildup, the required mitigation and monitoring program, and obtaining the necessary permits for long-term preservation measures.

Justification: This project will protect the structural integrity of the historic dam and improve water quality within the San Diego River.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with Mission Trails Regional Park Master Plan, the Navajo and Tierrasanta Community Plans, and is in conformance with the City's General Plan.

Schedule: Construction was completed in Fiscal Year 2008. Wetland mitigation began in Fiscal Year 2008 and is anticipated to be completed in Fiscal Year 2014. This project's overall mitigation and monitoring is anticipated to be completed in Fiscal Year 2016.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Park & Recreation

Olive Street Park Acquisition and Development / S10051

Parks - Mini Parks

Council District: 3	Priority Score: 54
Community Plan: Uptown	Priority Category: Medium
Project Status: Continuing	Contact Information: Calleran, Mark
Duration: 2010 - 2017	619-533-5197
Improv Type: New	mcalleran@sandiego.gov

Description: This project provides for the acquisition, design, and construction of approximately 0.36 acre of unimproved property contiguous with the south end of the existing Olive Street Park. The project will expand useable park acreage in the Uptown Community. Improvements may include amenities, such as multi-purpose turf areas, a children's play area, seating, walkways, landscaping, and security lighting.

Justification: This project will contribute to satisfying population-based park acreage requirements set forth in the City's General Plan in a community currently deficient in population-based parks per General Plan guidelines.

Operating Budget Impact: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved; therefore the current cost estimate of \$4,100 is based upon the Park & Recreation Department's current cost to maintain various landscape areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Uptown Community Plan and is in conformance with the City's General Plan.

Schedule: Property acquisition has been completed. Design and construction will be scheduled when the City finalizes property issues.

Summary of Project Changes: In Fiscal Year 2013, this project was underfunded by \$730,000. However, the property was purchased for less than expected, leaving a balance in the project. As a result, this project is now fully funded.

Open Space Improvements / AGG00001

Parks - Open Space

Council District: Citywide	Priority Score: Annual
Community Plan: Citywide	Priority Category: Annual
Project Status: Continuing	Contact Information: Ball, Laura
Duration: 2010 - 2020	619-685-1301
Improv Type: New	lball@sandiego.gov

Description: This project provides funding for developing various public facilities within the City's resource-based open space parks. Improvements may include, but not be limited to, rehabilitation of Cowles Mountain Trail, drainage improvements within Tecolote Open Space, San Diego River improvements, Arizona Landfill reclamation test plot, and North Chollas Open Space enhancement.

Justification: This project is needed to preserve and enhance the City's open space areas. Enhancement may include removal of exotic, invasive, and non-native plant material and re-vegetation with native plants of the areas susceptible to erosion.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and the concepts relative to specific open space systems, and is in conformance with the City's General Plan.

Schedule: The Arizona Landfill is currently in design. North Chollas Open Space enhancement is ongoing. Florida Canyon Riparian Restoration is currently in the plant establishment and monitoring period. Construction on Cowles Mountain Trail was underway in Fiscal Year 2013.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Description: This project provides for the first staging area in Otay Valley Regional Park and will include hiking trails, a ranger station, and related amenities.

Justification: This project will provide access to the Otay Valley Regional Park.

Operating Budget Impact: Operation and maintenance funding for this facility was previously included in the Park & Recreation Department's operating budget.

Relationship to General and Community Plans: This project implements the recommendations found in the Otay River Valley Natural Resource Management Plan and the Otay Mesa-Nestor Community Plan, and is in conformance with the City's General Plan.

Schedule: Design was completed in Fiscal Year 2006. Construction was completed in Fiscal Year 2007. Mitigation monitoring will continue through Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Pacific Breezes (Ocean View Hills) Community Park / S00649

Parks - Community

Council District: 8	Priority Score: 62
Community Plan: Otay Mesa	Priority Category: Medium
Project Status: Continuing	Contact Information: Mahmalji, Samir
Duration: 2003 - 2017	619-533-5301
Improv Type: Betterment	smahmalji@sandiego.gov

Description: This project provides for the acquisition, design, and construction of the Pacific Breezes Community Park. This park will be 15 acres with an additional five acres of joint-use with the adjacent Ocean View Hills School. Amenities may include lighted ball fields, a comfort station, a children's play area, picnic areas, and other improvements. A recreation center and pool complex are also scheduled to be developed at this site as separate future projects.

Justification: This project will provide the community with additional recreational opportunities and will enhance the visual quality of the area.

Operating Budget Impact: This facility will require an on-going operational budget for personnel and non-personnel expenses. The current cost estimate of \$217,986 is based upon the Park & Recreation Department's current cost to maintain various park areas.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Community Plan and the California Terraces Precise Plan and is in conformance with the City's General Plan.

Schedule: Preliminary design was completed in Fiscal Year 2007. Final design and construction began in Fiscal Year 2008 and were dependent upon the actual rate of development within the residential community. Final design and construction were delayed due to pending property acquisition and a reimbursement agreement. Property acquisition was completed in Fiscal Year 2010. Final design began and was completed in Fiscal Year 2011. Construction is scheduled to begin in Fiscal Year 2014 and to be completed in Fiscal Year 2015.

Summary of Project Changes: No significant changes has been made to this project for Fiscal Year 2014.

Pacific Highlands Ranch Hiking & Biking Trails / RD12003

Parks - Trails

Council District: 1	Priority Score: N/A
Community Plan: Pacific Highlands Ranch	Priority Category: N/A
Project Status: Continuing	Contact Information: January, Frank
Duration: 2012 - 2020	619-533-3699
Improv Type: New	fjanuary@sandiego.gov

Description: This project provides for the design and construction of approximately 80,000 linear feet (15 miles) of hiking, equestrian, and biking trails to be located throughout the community in accordance with the Pacific Highlands Ranch subarea plan. The trail system will provide access into the multiple habitat planning area of McGonigle canyon; provide pathways along Del Mar Heights Road, Little McGonigle Ranch Road, Pacific Highlands Ranch Parkway, Lopelia Meadows Place, Old Carmel Valley Road Crossing under SR-56, and Carmel Valley Road alignments; and provide access into subarea II and the Rancho Penasquitos community. The project will also provide for the acquisitions, design, and construction of three trailheads/overlooks, including parking areas, benches, and signages.

Justification: This project will provide the community with additional recreational opportunities.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Park and Recreation budget.

Relationship to General and Community Plans: This project is consistent with the Pacific Highlands Ranch Subarea Plan, and is in conformance with the City's General Plan.

Schedule: This project is being completed in segments and is dependent upon the actual rate of development within the community.

Summary of Project Changes: This is a newly published project for Fiscal Year 2014.

 619-533-5328
 adarvishi@sanidiego.gov

Description: This project provides for the removal and replacement of the existing comfort station at Palisades Park at the foot of Law Street in Pacific Beach. Minor grading outside the limits of the building footprint is anticipated due to the improvement of the accessible path from the accessible parking to the comfort station. Major excavations will be carried out for the new retaining walls and building foundations. Because of the limited work areas, traffic control plans will be required during construction activities which will impact Ocean Boulevard.

Justification: These improvements are necessary to provide Americans with Disabilities Act (ADA) accessibility to the comfort station which is not currently accessible and to provide an accessible path of travel from the public way to the new facility.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Pacific Beach Community Plan, and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2010 and was completed in Fiscal Year 2012. Construction is expected to begin in Fiscal Year 2014.

Summary of Project Changes: In Fiscal Year 2013, the budget was decreased by \$285,000 in Community Development Block Grant per Council Action (Resolution 307972). The addition of \$45,000 from Americans with Disabilities Improvements, Capital Outlay Fund in Fiscal Year 2013 was not realized due to unavailability of funds. An increase of \$400,000 in Regional Park Improvements Fund is added to the Fiscal Year 2014 budget to fully fund construction of the comfort station.

 dawsonm@sandiego.gov

Description: This annual allocation provides for matching fund requirements and other unfunded needs for projects funded with alternative financing, which includes grants and private donations.

Justification: Grant match funding greatly enhances the Park & Recreation Department's ability to secure grants and donations to provide funding for projects.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Funds will be used as grants and alternative financing are identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Pomerado Rd Median Improvements-n/o of R Bernardo / S10035

Trans - Roadway - Enhance/Scape/Medians

Council District: 5	Priority Score: 28
Community Plan: Rancho Bernardo	Priority Category: Low
Project Status: Continuing	Contact Information: Johnson, Brad
Duration: 2010 - 2016	619-533-5120
Improv Type: Betterment	bjohnson@sandiego.gov

Description: This project provides for the renovation and replacement of existing asphalt medians along Pomerado Road north of Rancho Bernardo Road with landscape improvements and accompanying stamped concrete at various locations.

Justification: This project will enhance the appearance of the corridor through the replacement of deteriorating medians.

Operating Budget Impact: Newly planted medians will require additional maintenance which will be funded from the Rancho Bernardo Maintenance Assessment District. The estimated cost to maintain the enhanced medians will become known once design is completed.

Relationship to General and Community Plans: This project is consistent with the Rancho Bernardo Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2013. Construction is scheduled to begin in Fiscal Year 2014.

Summary of Project Changes: An additional \$255,090 of Rancho Bernardo Maintenance Assessment District funding has been allocated to this project in Fiscal Year 2014. The project scope includes medians north of Rancho Bernardo Road.

Project Status: Continuing	Contact Information: Oliver, Kevin
Duration: 2011 - 2014	619-533-5139
Improv Type: New	koliver@sandiego.gov

Description: This project provides for the design and construction of lighting systems for sports fields #5 and #6 at the Rancho Bernardo Community Park.

Justification: This project is needed to expand the hours of facility use and its capacity to serve the community's residential growth.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Rancho Bernardo Community Plan and is conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2011 and was completed in Fiscal Year 2012. Construction is anticipated to begin in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Rancho Bernardo Streetscape-Phase I / S12006

Trans - Roadway - Enhance/Scape/Medians

Council District: 5	Priority Score: 32
Community Plan: Rancho Bernardo	Priority Category: Low
Project Status: Continuing	Contact Information: Johnson, Brad
Duration: 2013 - 2015	619-533-5120
Improv Type: Betterment	bjohnson@sandiego.gov

Description: This project provides for streetscape improvements along arterial roadways within the Rancho Bernardo Maintenance Assessment District, including but not limited to the installation of decorative brick pavers, synthetic turf, decorative paving, and low water use demonstration planting projects.

Justification: The medians along arterial roadways in Rancho Bernardo Maintenance Assessment District were built in the late 1960s and are in need of refreshing. An existing brick median along Pomerado Road near Highland Valley Road is deteriorating. Existing turf medians may use more water than other landscaping applications; this project intends to reduce water usage.

Operating Budget Impact: These medians are currently maintained by the Rancho Bernardo Maintenance Assessment District (MAD). Any increased maintenance that results from a change in design to these medians will be funded by the Rancho Bernardo MAD.

Relationship to General and Community Plans: This project is consistent with the Rancho Bernardo Community Plan and is in conformance with the City's General Plan.

Schedule: Preliminary design and community input began in Fiscal Year 2012. Design and construction began in Fiscal Year 2013.

Summary of Project Changes: No significant changes are anticipated for this project in Fiscal Year 2014.

Rancho Bernardo Westwood Soundwall / S10033

Trans - Roadway - Enhance/Scape/Medians

Council District: 5	Priority Score: 28
Community Plan: Rancho Bernardo	Priority Category: Low
Project Status: Warranty	Contact Information: Palaseyed, Abi
Duration: 2010 - 2014	619-533-4654
Improv Type: New	apalaseyed@sandiego.gov

Description: This project provides for landscape infrastructure to irrigate native plant material within the north public right-of-way along Rancho Bernardo Road from west of West Bernardo Drive to just north of Matinal Road near an existing soundwall. This project may also include landscape enhancements.

Justification: Installation of a landscape infrastructure would provide for a permanent water source to ensure the viability of native plants.

Operating Budget Impact: This area is an identified area of maintenance for the Rancho Bernardo Maintenance Assessment District.

Relationship to General and Community Plans: This project is consistent with the Rancho Bernardo Community Plan and is in conformance with the City's General Plan.

Schedule: Water meter and irrigation system installation began in Fiscal Year 2012 and were completed in Fiscal Year 2013.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Rancho Encantada Park #2 / S00652

Council District: 5, 7	Priority Score: N/A
Community Plan: Rancho Encantada	Priority Category: N/A
Project Status: Continuing	Contact Information: Mahmalji, Samir
Duration: 2006 - 2015	619-533-5301
Improv Type: New	smahmalji@sandiego.gov

Description: This project provides for development of approximately six acres for a neighborhood park to include active and passive uses, parking lot, playground, comfort station, and lighted ball fields.

Justification: This park will provide additional amenities above the the population-based park acreage requirements set forth in the City's General Plan due to an extraordinary benefits agreement.

Operating Budget Impact: Maintenance and operations will be administered by a Maintenance Assessment District established in Fiscal Year 2007 specifically created for this park.

Relationship to General and Community Plans: This project is consistent with the Rancho Encantada Community Plan and is in conformance with the City's General Plan.

Schedule: Design was completed in Fiscal Year 2008. This is a turn-key park built by the developer team per a reimbursement agreement. Construction is anticipated to begin in Fiscal Year 2014.

Summary of Project Changes: The total project cost decreased by \$700,000 due to the revised Public Facilities Financing Plan (PFFP). This project is anticipated to receive \$365,000 of Facilities Benefit Assessment (FBA) funding for Fiscal Year 2014.

Rancho Penasquitos Monument Signs / S10032

Trans - Roadway - Enhance/Scape/Medians

Council District: 5, 6	Priority Score: 29
Community Plan: Rancho Penasquitos	Priority Category: Low
Project Status: Warranty	Contact Information: Palaseyed, Abi
Duration: 2010 - 2014	619-533-4654
Improv Type: New	apalaseyed@sanidiego.gov

Description: This project provides for five permanent monument signs to be located in center medians throughout the Rancho Penasquitos community. The monument signs will read Welcome to Rancho De Los Penasquitos and may include faux rocks and solar lighting.

Justification: The existing monument signs need to be replaced because the signs have been destroyed or damaged by vehicle accidents.

Operating Budget Impact: The signs will be installed in locations already maintained by the Park Village Maintenance Assessment District and Penasquitos East Maintenance Assessment District.

Relationship to General and Community Plans: This project is consistent with the Rancho Penasquitos Community Plan and is in conformance with the City's General Plan.

Schedule: Construction began in Fiscal Year 2012 and and was completed in Fiscal Year 2013.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

 jwinter@sandiego.gov

Description: This annual allocation provides funding for planning and implementation of permanent public capital improvements, including land acquisitions for San Diego regional parks in accordance with City Charter, Article V, Section 55.2.

Justification: San Diego's regional park system contains recreation resources unique to the City. Parks such as Balboa Park, Mission Bay Park, Mission Trails Regional Park, Otay River Valley Park, and San Diego River Park, as well as open spaces and coastal beaches, help define the City's identity, enrich the quality of life for residents, and serve as visitor attractions that strengthen the local economy. These regional treasures are threatened by increasing use and a backlog of needed improvements.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community and park master plans and is in conformance with the City's General Plan.

Schedule: Design and construction will be scheduled in accordance with the scope of the various sublet projects and as funds become available.

Summary of Project Changes: The Regional Park Improvements oversight committee approved \$3 million in Regional Park Improvements funds to be allocated to eligible Park & Recreation Department standalone projects.

Priority Score: Annual
Priority Category: Annual
Contact Information: Harwell, Steve
 619-533-6729
 sharwell@sandiego.gov

Description: This annual allocation provides for developing public facilities within the City's resource-based (Parks to Population Ratio - approximately 20 acres/1,000 people, Population Based: 2.8 acres, Resource Based/Open Space: 16.0 acres, Athletic Areas/Mini Parks: 1.6 acres) open space parks, including Los Penasquitos Canyon Preserve, Mission Trails Regional Park, Marian Bear Memorial Park, Tecolote Canyon Natural Park, Otay Valley Regional Park, Rose Canyon, and other open space parks such as Black Mountain. Other open space systems may be included as additional acquisitions are completed.

Justification: The City's open space acquisitions have resulted in increased interest by citizens, elected representatives, and government agencies in commencing development of open space public facilities, which are consistent with open space concepts such as trails, signs, historic site improvements, picnic facilities, and entry points.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Design and construction will be phased in accordance with the scope of various sub-projects.

Summary of Project Changes: An additional \$800,000 in Regional Park Improvements funding and \$126,885 Environmental Growth 1/3 funding has been allocated to this annual allocation for Fiscal Year 2014.

Project Status: Continuing	Contact Information: Mahmalji, Samir
Duration: 2006 - 2017	619-533-5301
Improv Type: New	smahmalji@sandiego.gov

Description: This project provides for land acquisition and development of a 4.9 useable acre neighborhood park at a site located in the Riviera del Sol Subdivision.

Justification: This project provides population-based park acreage in accordance with the City's General Plan standards to accommodate the park and recreational needs of the residents within the Riviera del Sol Subdivision.

Operating Budget Impact: This facility will require an on-going operational budget for personnel and non-personnel expenses. The current cost estimate of \$62,816 is based upon the Park & Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Community Plan, the Riviera del Sol Precise Plan, and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2011 and is ongoing. General Development Plan has been completed.

Summary of Project Changes: The total project cost increased by \$2.6 million from Fiscal Year 2013 due to unforeseen soil conditions and is reflected as unidentified funding.

Roosevelt Middle School Improvements / S00761

Council District: 3	Priority Score: 68
Community Plan: Balboa Park	Priority Category: High
Project Status: Continuing	Contact Information: Mahmalji, Samir
Duration: 2008 - 2014	619-533-5301
Improv Type: New	smahmalji@sandiego.gov

Description: This project provides for the design and construction of joint-use athletic fields at Roosevelt Junior High School. Phase I of the project provides for 1.8 useable acres of joint-use and paved walking path surrounding the field area. Future phases will provide an additional 1.9 useable acres of joint-use artificial turf, joint-use parking, a comfort station, overhead shade structures, and other amenities.

Justification: This project will contribute to satisfying the population-based park acreage requirements set forth in the City's General Plan.

Operating Budget Impact: Operation and maintenance funding for Phase I of this facility was previously included in the Park & Recreation Department's operating budget.

Relationship to General and Community Plans: This project is consistent with the Balboa Park Master Plan and is in conformance with the City's General Plan.

Schedule: Design was completed in Fiscal Year 2011. Construction began in Fiscal Year 2013 and is anticipated to be completed in Fiscal Year 2014. Future phases will be developed by the school district and additional funding requirements will be determined at that time.

Summary of Project Changes: The total project cost decreased by \$600,000 from Fiscal Year 2013 due to revised project costs.

 rshifflet@sandiego.gov

Description: This project provides for recreation improvements on 4.1 useable park acres and 2.0 useable joint-use acres at the Salk Elementary School within the Mira Mesa Community. Improvements may include a comfort station, turfed multi-purpose fields, and other park amenities as determined through a community input process.

Justification: This project is mitigation for the development of Salk Elementary School pursuant to an approved Memorandum of Understanding between the City of San Diego and the San Diego Unified School District dated October 5, 2009, and will contribute to satisfying population-based park acreage requirements set forth in the General Plan to serve residents in this park-deficient community.

Operating Budget Impact: This facility will require an on-going operating budget for personnel and non-personnel expenses. The current cost estimate of \$93,449 is based on the Park & Recreation Department's current cost to maintain various landscaped areas. Operation costs for the project will be revised as all amenities and unique site characteristics are considered.

Relationship to General and Community Plans: This project is consistent with the Mira Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: Design is scheduled to begin in Fiscal Year 2014. Construction is scheduled to be completed in Fiscal Year 2016.

Summary of Project Changes: This is a newly published project for Fiscal Year 2014.

Project Status: Continuing	Contact Information: Batta, Jamal
Duration: 2005 - 2015	619-533-7482
Improv Type: Betterment	jbatta@sandiego.gov

Description: This project provides for removal of a small island of sediment within the San Diego River near the Murray Creek outfall at the western end of Hazard Center Drive.

Justification: This project will protect adjacent property from potential flooding during rain events.

Operating Budget Impact: Soundings of the river and other ancillary costs related to maintaining the San Diego River channel between State Route 163 and Qualcomm Way are part of the maintenance obligations of the First San Diego River Improvement Project Maintenance Assessment District.

Relationship to General and Community Plans: This project is consistent with the Mission Valley Community Plan and the First San Diego River Improvement Project Natural Resource Management Plan and is in conformance with the City's General Plan.

Schedule: Design was completed in Fiscal Year 2013. Construction is anticipated to begin and be completed in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Description: This project provides for the development of a Master Plan, including preparation of an environmental document and an economic analysis for approximately 17 miles of the San Diego River within the City of San Diego.

Justification: This project will provide a policy document to guide development, preservation, enhancement, and recreation along the river over the next 20 years.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is, or will be, consistent with applicable community plans and is in conformance with the City's General Plan. Applicable community plans will be amended as needed for consistency with master plan recommendations.

Schedule: The project began in Fiscal Year 2004 and was completed in Fiscal Year 2013.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Description: This project provides for the design and construction of lighting systems for the two multi-purpose sports fields at the San Ysidro Athletic Area/Larsen Field.

Justification: This project is needed to expand the hours of facility use and its capacity to serve the community's residential growth.

Operating Budget Impact: This facility will require an on-going operational budget for non-personnel expenses. The current cost estimate of \$7,000 is based upon the Park & Recreation Department's current cost to maintain sports field lighting in various parks.

Relationship to General and Community Plans: This project is consistent with the San Ysidro Community Plan and is conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2012 and is anticipated to be completed in Fiscal Year 2014. Construction is scheduled to begin in late Fiscal Year 2014.

Summary of Project Changes: An additional \$15,000 in Development Impact Fees funding and \$156,300 in South Bay Major District Park Service District funding has been allocated for Fiscal Year 2014.

Sefton Field Improvements / S01012

Council District: 6	Priority Score: 27
Community Plan: Mission Valley	Priority Category: Low
Project Status: Underfunded	Contact Information: Oliver, Kevin
Duration: 2007 - 2014	619-533-5139
Improv Type: Betterment	koliver@sandiego.gov

Description: This project provides design and construction of improvements to enhance the 19.3-acre site currently maintained by the Presidio Little League. The improvements may include walkways, an entry monument, picnic areas, paved parking lots and roadways, landscaping, and irrigation upgrades for the existing athletic fields.

Justification: This project will contribute to satisfying population-based park acreage requirements set forth in the City's General Plan in a community currently deficient in population-based parks per General Plan Guidelines.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Mission Valley Community Plan and is in conformance with the City's General Plan. During preparation of the General Development Plan, the community expressed a concern regarding approval of the park plan without finalization of the draft San Diego River Master Plan. Therefore, approval of the Park General Development Plan was put on hold pending approval of the River Park Master Plan, at which time compliance with the document can be determined.

Schedule: Design began in Fiscal Year 2007 and is currently on hold. Approval of the Park General Development Plan is on hold pending approval of the River Park Master Plan. Construction will be scheduled as funding is identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Description: This project provides for the design and construction of multi-purpose sports fields and security lighting systems at the Silver Wing Neighborhood Park. The project will be phased with Phase I consisting of the lighting systems' design. Subsequent phases will be implemented as funding becomes available.

Justification: This project is needed to expand the hours of facility use and its capacity to serve the community's residential growth, and will provide a more secure facility.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Nestor Community Plan and is in conformance with the City's General Plan.

Schedule: Design was completed in Fiscal Year 2012. Construction funding has been identified for the security lighting portion of the project. Construction is expected to begin in Fiscal Year 2014 for security lighting. Sportsfield lighting construction will begin when funding has been identified.

Summary of Project Changes: An increase of Development Impact Fee funding in the amount of \$130,000 has been allocated to this project for Fiscal Year 2014. An additional \$170,000 has been added to unidentified funding due to revised project cost estimates.

Sixth Avenue Playground Improvements / S00616

Council District: 3	Priority Score: 65
Community Plan: Balboa Park	Priority Category: Medium
Project Status: Underfunded	Contact Information: Greenstein, Howard
Duration: 1998 - 2018	619-525-8233
Improv Type: Replacement	hgreenstein@sandiego.gov

Description: This project will replace an existing playground within Balboa Park's West Mesa along Sixth Avenue. It will include necessary improvements to comply with the American's with Disabilities Act, including upgrade or replacement of the existing comfort station, replacement of drinking fountains, and improvements to the paths of travel. Some play equipment was donated in 2012 but did not implement the full general development plan for the project; donated equipment will be incorporated into the new playground.

Justification: The existing playground equipment has reached the end of its useful life and needs to be replaced. A majority of the existing playground is not accessible to people with disabilities. This project will bring the playground into conformance with current accessibility standards.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project complies with the Balboa Park Master Plan and is in conformance with the City's General Plan.

Schedule: Design is complete. Construction will be scheduled when funding is identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Southcrest Trails (252 Corridor Pk Imp - Ph2) Park / S01071

Council District: 9	Priority Score: 59
Community Plan: Southeastern San Diego	Priority Category: Medium
Project Status: Continuing	Contact Information: Mahmalji, Samir
Duration: 2009 - 2017	619-533-5301
Improv Type: New	smahmalji@sandiego.gov

Description: This project provides for design and construction of an approximate 5.8 gross acre, 2.0 usable acre, neighborhood park in the Southcrest Neighborhood of the Southeastern Community Plan Area. Improvements may include picnic shelters, children's play area, hardcourts, walkways, fencing, amphitheater, open turf areas, security lighting, and site furnishings.

Justification: This project provides for additional park land in an extremely park deficient area.

Operating Budget Impact: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved; therefore, the current cost estimate of \$27,473 is based upon the Park & Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Southeastern Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2010 and is anticipated to be completed by mid-Fiscal Year 2014. Construction is scheduled to begin in Fiscal Year 2014 and is anticipated to be completed in Fiscal Year 2015.

Summary of Project Changes: This park is now a turn-key project with Civic San Diego (successor agency to South Eastern Development Corporation) managing the final design and construction of the park.

Sunset Cliffs Natural Pk Hillside Imp Preservation / S10091

Parks - Open Space

Council District: 2	Priority Score: 58
Community Plan: Peninsula	Priority Category: Medium
Project Status: Continuing	Contact Information: Darvishi, Ali
Duration: 2010 - 2015	619-533-5328
Improv Type: Betterment	adarvishi@sandiego.gov

Description: This project will complete improvements to the hillside portion of the Sunset Cliffs Natural Park, consisting of final project design documents, environmental review and construction documents. Future phases of this project may include construction of trails, habitat restoration, erosion control, removal of houses within the park, and the removal and return to natural vegetation of the softball field.

Justification: This project is needed to preserve and enhance the Sunset Cliffs Natural Park, one of the unique coastal environments in San Diego County. The project begins the implementation of the Sunset Cliffs Natural Park Master Plan which was approved in 2005.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Peninsula Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2010 and was completed in Fiscal Year 2013. Construction will be scheduled when the funding is identified.

Summary of Project Changes: A project cost increase of \$1.2 million reflects a revised engineer's estimate. An additional \$270,000 in Regional Parks Improvements Fund is added to the Fiscal Year 2014 budget for design and Phase I construction.

Switzer Canyon Bridge Enhancement Prog / S10054

Trans - Roadway - Enhance/Scape/Medians

Council District: 3	Priority Score: 38
Community Plan: Greater North Park	Priority Category: Low
Project Status: Continuing	Contact Information: Kuzminsky, Larry
Duration: 2013 - 2017	619-533-3065
Improv Type: Betterment	lkuzminsky@sandiego.gov

Description: This project provides for bridge landscaping, hardscape, tree planting, signage, sidewalk, median, design of traffic calming devices, and pedestrian safety features for the Switzer Canyon/30th Street Bridge.

Justification: This project provides for a variety of improvements within the boundaries of the Greater North Park Maintenance Assessment District (MAD), which will provide visual neighborhood enhancements and support commercial revitalization.

Operating Budget Impact: The North Park MAD will maintain this enhanced area. The operating budget impact of the improvement will become known after the project is designed. Maintenance of this area is identified as an improvement in the North Park MAD Assessment Engineer's Report.

Relationship to General and Community Plans: This project is consistent with the Greater North Park Community Plan and is in conformance with the City's General Plan.

Schedule: Preliminary design began in Fiscal Year 2010. Design and construction will be scheduled as funding becomes available.

Summary of Project Changes: An additional \$5,000 of North Park CIP funding has been allocated to this project in Fiscal Year 2014.

Talmadge Decorative Streetlight Restoration / S00978

Trans - Roadway - Street Lighting

Council District: 3	Priority Score: 36
Community Plan: Mid-City: Kensington — Talmadge	Priority Category: Low
Project Status: Warranty	Contact Information: Lasaga, Fernando
Duration: 2009 - 2015	619-533-7406
Improv Type: Betterment	flasaga@sandiego.gov

Description: This project provides for upgrades and improvements to the existing lighting infrastructure in Zone 2 (West) of the Talmadge Maintenance Assessment District.

Justification: This project provides for improvements within the boundaries of the Talmadge Maintenance Assessment District which will provide visual neighborhood enhancements.

Operating Budget Impact: The Talmadge Maintenance Assessment District will maintain the enhanced street lights. Maintenance of this area is identified as an improvement in the Talmadge MAD Assessment Engineer's Report and the Talmadge Master Plan.

Relationship to General and Community Plans: This project is consistent with the Mid-City: Kensington-Talmadge Community Plan and is in conformance with the City's General Plan.

Schedule: Street lighting installation was completed in Fiscal Year 2013.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Talmadge Historic Gates / L12001

Council District: 9	Priority Score: 55
Community Plan: Mid-City: Kensington — Talmadge	Priority Category: Medium
Project Status: Continuing	Contact Information: Mahmalji, Samir
Duration: 2012 - 2015	619-533-5301
Improv Type: Replacement	smahmalji@sandiego.gov

Description: This project provides for the restoration of existing Talmadge Historic Gates and installation of new gates along sidewalks in the Talmadge neighborhood. Initial funding provides for restoration of existing gates only; additional funds in future years will provide for installation of new gates at other locations throughout the neighborhood.

Justification: The neighborhood of Talmadge is defined by historic gates located along the south side of Monroe Avenue at intersecting streets. These gates have been in existence for decades and are in need of restoration. Some are in danger of failing due to corrosion and decay. The budgeted allocations will provide for the restoration of these existing gates. Future phases in upcoming years will provide for installation of new gates that have been removed over the years or were never installed.

Trans - Roadway - Enhance/Scape/Medians

Operating Budget Impact: Talmadge Maintenance Assessment District (MAD) funds the maintenance of these gates.

Relationship to General and Community Plans: This project is consistent with the Mid-City: Kensington-Talmadge Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2013 and is anticipated to be completed in Fiscal Year 2014. Construction is scheduled to begin and be completed in Fiscal Year 2015.

Summary of Project Changes: Funding in the amount of \$100,000 from the Talmadge MAD Fund has been allocated to this project for Fiscal Year 2014 with remaining outlying years funding removed.

Talmadge Street Improvements / S00820

Trans - Roadway

Council District: 3	Priority Score: 36
Community Plan: Kensington - Talmadge (Mid-City)	Priority Category: Low
Project Status: Warranty	Contact Information: Lasaga, Fernando
Duration: 2002 - 2014	619-533-7406
Improv Type: New	flasaga@sandiego.gov

Description: This project provides for streetscape and lighting improvements within the Talmadge Maintenance Assessment District (MAD). A prior phase of this project landscaped the traffic circle located at 49th Street, Adams Street, and Lorraine Drive. The current phase will install decorative street lighting throughout the neighborhood in conjunction with a utility undergrounding project. The MAD is divided into two zones (east and west). Ornamental lighting improvements are planned for Zone 1 (east). Upgrades and improvements to the existing lighting infrastructure are planned for Zone 2 (west). Companion projects are S00976, S00977, and S00978.

Justification: This project will enhance nighttime illumination, which should increase resident safety in Talmadge. Decorative elements in the lights will increase neighborhood identification and pride.

Operating Budget Impact: The Talmadge MAD will maintain the enhanced street lights and other improvements installed through this project. Maintenance of this area is identified as an improvement in the Talmadge MAD Assessment Engineer's Report and the Talmadge Master Plan.

Relationship to General and Community Plans: This project is consistent with the Mid-City: Kensington-Talmadge Community Plan and is in conformance with the City's General Plan.

Schedule: Street lighting installation began and was completed in Fiscal Year 2013.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Tierrasanta - Median Conversion / L14001

Council District: 7	Priority Score: 42
Community Plan: Tierrasanta	Priority Category: Medium
Project Status: New	Contact Information: Field, Andy
Duration: 2014 - 2016	619-685-1350
Improv Type: Betterment	afield@sandiego.gov

Description: This project provides for the conversion of asphalt medians to concrete medians along various roadways in the Tierrasanta community. The first two phases of this project will convert medians along Santo Road between Aero Drive and Tierrasanta Boulevard. Additional future locations will be determined within the Tierrasanta Maintenance Assessment District boundaries.

Justification: The community has requested streetscape improvements to major arterial corridors within Tierrasanta. This project allows certain medians to be enhanced by replacing deteriorating asphalt with decorative stamped concrete.

Operating Budget Impact: The existing hardscape medians are maintained by the Tierrasanta Maintenance Assessment District (sweeping, litter removal, and weed removal). There is no anticipated increase in maintenance costs as a result of this project.

Relationship to General and Community Plans: This project is consistent with the Tierrasanta Community Plan and is in conformance with the City's General Plan.

Schedule: Design and construction are scheduled to begin in Fiscal Year 2014.

Summary of Project Changes: This is a newly published project for Fiscal Year 2014.

Project Status: Continuing	Contact Information: Mahmalji, Samir
Duration: 2011 - 2014	619-533-5301
Improv Type: New	smahmalji@sandiego.gov

Description: This project provides for the design and construction of a lighting system for the multi-purpose sports fields at the Tierrasanta Community Park.

Justification: This project is needed to expand the hours of facility use and its capacity to serve the community's residential growth.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Tierrasanta Community Plan and is in conformance with the City's General Plan.

Schedule: This project is on hold pending availability of additional funding.

Summary of Project Changes: In Fiscal Year 2013 Open Space Funds 400219 and 400220 and Regency Hills Endowment Fund 400216 were identified as possible funding sources to fully fund the project, but it was later determined that these funds could not be used. As a result, the project is underfunded by approximately \$400,000.

Community Plan: Torrey Highlands	Priority Category: Low
Project Status: Continuing	Contact Information: Kuzminsky, Larry
Duration: 2013 - 2015	619-533-3065
Improv Type: New	lkuzminsky@sandiego.gov

Description: This project provides for community identification signage and enhancements within the Torrey Highlands Maintenance Assessment District (MAD).

Justification: This project is consistent with the Torrey Highlands Maintenance Assessment District Assessment Engineer's Report and will provide signage to identify the boundaries of the community.

Operating Budget Impact: Signs will be located in landscaped areas already maintained by the Torrey Highlands MAD. The additional maintenance impact should be minimal, although the design process may result in some minor increased cost associated with ongoing maintenance (such as sign lighting or focal landscaping around the sign). All additional costs will be funded by the Torrey Highlands MAD.

Relationship to General and Community Plans: This project is consistent with the Torrey Highlands Subarea Plan and it is in conformance with the City's General Plan.

Schedule: Community input and preliminary design were completed in Fiscal Year 2013. Design began and was completed in Fiscal Year 2013. Construction is scheduled to begin in Fiscal Year 2014 and to be completed in Fiscal Year 2015.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Project Status: Continuing	Contact Information: Calleran, Mark
Duration: 2003 - 2017	619-533-5197
Improv Type: New	mcalleran@sandiego.gov

Description: This project provides for the acquisition, design, and construction of a five useable acre neighborhood park in Torrey Highlands adjacent to a proposed elementary school, including half-width street improvements and a comfort station.

Justification: This project will contribute to satisfying the population-based park acreage requirements set forth in the City's General Plan.

Operating Budget Impact: This facility will require an on-going operational budget for personnel and non-personnel expenses. The current cost estimate of \$83,665 is based upon the Park & Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as all amenities and unique site characteristics are considered.

Relationship to General and Community Plans: This project is consistent with the Torrey Highlands Community Plan and is in conformance with the City's General Plan.

Schedule: Land Acquisition is complete. Design began in Fiscal Year 2013 and is anticipated to be completed in Fiscal Year 2014. Construction is scheduled to begin in Fiscal Year 2016.

Summary of Project Changes: In June 2013, \$4.1 million was allocated to this project as Council authorized (R-307857) by the approved Fiscal Year 2013 Torrey Highlands Public Facilities Financing Plan (PFFP).

Description: This project provides for Americans with Disabilities Act upgrades and improvements to the children's play area and path of travel within the park to comply with State and federal safety and accessibility guidelines. This project includes accessible parking, accessible site furnishings, accessible play area equipment and surfacing, accessible paths of travel as required, and accessibility upgrades to existing comfort station.

Justification: This project is needed to upgrade existing site improvements and play area facilities to meet current State and federal safety and accessibility regulations.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Carmel Valley (North City West) Community Plan and is in conformance with the City's General Plan.

Schedule: Construction is scheduled to begin in Fiscal Year 2014.

Summary of Project Changes: No significant changes has been made to this project for Fiscal Year 2014.

Project Status: Continuing	Contact Information: Williams, Charlette Stron
Duration: 2012 - 2014	619-533-3683
Improv Type: New	cswilliams@sandiego.gov

Description: Design and construction of approximately 35,000 linear feet (6.5 miles) of bicycle, hiking and equestrian trails to be located throughout the community in accordance with the Torrey Highlands Subarea Plan. The System will consist of a network of paved (8,000 L.F.) improved multi-use (13,000 L.F.) and unpaved (14,000 L.F.) trails, together with a footbridge at the bottom of McGonigle Canyon.

Justification: The system of trails has been incorporated as a critical component of the Torrey Highlands Subarea Plan.

Operating Budget Impact: None

Relationship to General and Community Plans: This project is consistent with the Torrey Highlands Subarea Plan and is in conformance with the City's General Plan.

Schedule: Funding has been phased to coincide with the acquisition and development of the right-of-way and open space parcels in which the trails will be located. Completion of this project will be concurrent with development build-out.

Summary of Project Changes: In June 2013, \$386,818 was allocated to this project as Council authorized (R-307857) by the approved Fiscal Year 2013 Torrey Highlands Public Facilities Financing Plan (PFFP).

Project Status: Continuing	Contact Information: Greenstein, Howard
Duration: 2013 - 2017	619-525-8233
Improv Type: New	hgreenstein@sandiego.gov

Description: This project provides for recreational improvements on four undeveloped acres within the Torrey Hills Neighborhood Park. Improvements may include a recreation center, parking area, and/or other park amenities as determined through a community input process.

Justification: This project will contribute to satisfying population-based park requirements set forth in the General Plan to serve residents in this park-deficient community.

Operating Budget Impact: This facility will require an on-going budget for personnel and non-personnel expenses. The project's final design has not been approved; therefore, the current cost estimate of \$46,447 is based on the Park & Recreation Department's current cost to maintain various developed park areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the Torrey Hills/Sorrento Hills Community Plan and is in conformance with the City's General Plan.

Schedule: Design is scheduled to begin in Fiscal Year 2014. Construction will be scheduled subsequent to General Development Plan completion.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Description: This project will provide for an enhancement of an easement area located under San Diego Gas and Electric (SDG&E) power transmission lines at the southwest corner of East Ocean Air Drive and Corte Mar Asombrosa within the Torrey Hills Maintenance Assessment District.

Justification: The community desires enhanced, natural planting at this location that would be similar to the other planted areas in Torrey Hills.

Operating Budget Impact: The Torrey Hills Maintenance Assessment District will provide for maintenance costs associated with this project. The operating budget impact will be determined upon completion of design.

Relationship to General and Community Plans: This project is consistent with the Torrey Hills Community Plan and is in conformance with the City's General Plan.

Schedule: Construction is scheduled to begin in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Torrey Pines City Park General Development Plan / S01015

Parks - Miscellaneous Parks

Council District: 1	Priority Score: N/A
Community Plan: University	Priority Category: N/A
Project Status: Underfunded	Contact Information: Harkness, Jeffrey
Duration: 2008 - 2014	619-533-6595
Improv Type: Betterment	jharkness@sandiego.gov

Description: This project provides for the preparation of a General Development Plan and associated environmental review for 44.0 acres of the 447.0 gross acre park located off North Torrey Pines Road. The General Development Plan will incorporate the Glider Port Leasehold and will provide guidance for the development and protection of the park's sensitive habitat and historic attributes. Amenities may include passive use areas, viewing platforms, access road, public parking lot, trail, beach access and accessibility improvements, two new public comfort stations, and park signage.

Justification: This project is required pursuant to a settlement agreement between the City of San Diego and the Coastal Law Enforcement Action Network for violations resulting from unapproved on-site grading activities by the Lessee. Additionally, the park site is located in a community deficient in parks and recreational facilities per the City's General Plan.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2009. General Development Plan was approved in Fiscal Year 2013. Construction will be scheduled pending funding availability.

Summary of Project Changes: Unidentified funding of \$9.8 million for construction was added to the total project cost for Fiscal Year 2014.

Trail for All People / S13001

Council District: 5	Priority Score: 54
Community Plan: Black Mountain Ranch	Priority Category: Medium
Project Status: Continuing	Contact Information: Darvishi, Ali
Duration: 2013 - 2015	619-533-5328
Improv Type: New	adarvishi@sanidiego.gov

Description: This project provides for design and construction of a 1,300 linear foot paved trail to accommodate people of all physical abilities. The trail will be located on an existing unpaved trail alignment within the Black Mountain Open Space Park off of Miner's Ridge Loop staging area. Associated amenities and support facilities may include a shaded viewing pavilion, wayfinding and interpretive signage/exhibits, information kiosks, and benches.

Justification: This project will provide a unique trail experience for park users, specifically persons with disabilities and is a high priority for the Black Mountain Ranch Open Space Park Citizen's Advisory Committee, as well as the Rancho Penasquitos Community Planning Group.

Operating Budget Impact: This facility will require an on-going operational budget for personnel and non-personnel expenses. Operational costs will be determined subsequent to design development.

Relationship to General and Community Plans: The project is consistent with the Black Mountain Open Space Natural Resource Management Plan, and is in conformance with the City's General Plan.

Schedule: Site design and permitting began in Fiscal Year 2013 and is schedule to be completed in Fiscal Year 2014. Construction is scheduled to begin in Fiscal Year 2014.

Summary of Project Changes: An additional \$231,000 in Regional Park Improvements funding is added to this project for Fiscal Year 2014.

Tubman Charter School Joint Use Improvements / S13000

Council District: 9	Priority Score: 31
Community Plan: College Area	Priority Category: Low
Project Status: Continuing	Contact Information: Mahmalji, Samir
Duration: 2013 - 2017	619-533-5301
Improv Type: New	smahmalji@sandiego.gov

Description: This project provides for design and construction of approximately 1.2 acres of joint-use facilities at Tubman Charter School to supplement existing park acreage in the College Area community. Improvements may include synthetic turf multi-purpose fields, multi-purpose hardcourts, walkways, landscaping, and accessibility upgrades.

Justification: This project will contribute to satisfying population-based park acreage requirements set forth in the General Plan to serve residents in this park-deficient community.

Operating Budget Impact: This facility will require an on-going budget for personnel and non-personnel expenses. The project's final design has not been approved; therefore, the current operating cost estimate of \$12,985 is based on the Park & Recreation Department's current cost to maintain various similar facilities.

Relationship to General and Community Plans: This project is consistent with the College Area community plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2013. Construction will be scheduled when funding is received from developer contributions.

Summary of Project Changes: Development Impact Fee funding in the amount of \$200,000 has been allocated to this project in Fiscal Year 2014. \$1.4 million in developer contributions is anticipated in Fiscal Year 2014.

Project Status: Continuing	Contact Information: Calleran, Mark
Duration: 2013 - 2019	619-533-5197
Improv Type: New	mcalleran@sandiego.gov

Description: This project provides for a new children's play area where no playground currently exists. The new play area would be geared toward children between 2 and 5 years of age, including path of travel accessibility improvements.

Justification: This project will contribute to satisfying population-based park requirements set forth in the General Plan to serve residents in this park-deficient community.

Operating Budget Impact: This facility will require an on-going budget for personnel and non-personnel expenses. The project's final design has not been approved; therefore, the current cost estimate of \$14,176 is based on the Park & Recreation Department's current cost to maintain various developed park areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Schedule: Design is scheduled to begin in Fiscal Year 2014. Construction will be scheduled when additional funding is identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Council District: 4	Priority Score: N/A
Community Plan: Southeastern San Diego	Priority Category: N/A
Project Status: Continuing	Contact Information: Harkness, Jeffrey
Duration: 2012 - 2016	619-533-6595
Improv Type: New	jharkness@sandiego.gov

Description: This project provides for the acquisition, design and construction of approximately 0.46 acres (composed of three separate parcels) of unimproved property. The project will expand useable park acreage in the Southeastern San Diego-Encanto Neighborhoods Community. Improvements will include amenities such as multi-purpose turf areas, a children's play area, seating, walkways, landscaping, and security lighting.

Justification: This project will contribute to satisfying population-based park acreage requirements set forth in the City's General Plan in a community currently deficient in population-based parks per General Plan guidelines.

Operating Budget Impact: This facility will require an on-going operational budget for personnel and non-personnel expenses. The project's final design has not been approved; therefore the current cost estimate of \$5,300 is based upon the Park & Recreation Department's current cost to maintain various landscape areas. Operational costs for the project will be revised as the project is refined.

Relationship to General and Community Plans: This project is consistent with recommendations of the Southeastern San Diego-Encanto Neighborhoods Community Plan, and is in conformance with the City's General Plan.

Schedule: Property acquisition was completed in Fiscal Year 2011. Design and construction of the project will be scheduled as funding is identified.

Summary of Project Changes: No significant changes have been made to this project for Fiscal Year 2014.

Project Status: Continuing	Contact Information: Calleran, Mark
Duration: 2010 - 2015	619-533-5197
Improv Type: Betterment	mcalleran@sandiego.gov

Description: This project provides for Americans with Disabilities Act (ADA) accessibility upgrades and improvements to the park site and to the children's play area. The project will provide for accessible paths of travel within the park, upgrades to the comfort station and concession stand, upgrades to existing site furnishings, and upgrades to the parking area. This project upgrades both play areas to meet current accessibility standard by providing new play equipment, safety surfacing, and upgrades seating near the play areas.

Justification: This project is needed to upgrade existing site improvements and play area facilities to meet current federal and State safety and accessibility regulations.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Rancho Penasquitos Community Plan and is in conformance with the City's General Plan.

Schedule: Construction began in Fiscal Year 2013 and is anticipated to be completed in Fiscal Year 2014.

Summary of Project Changes: Funding in the amount of \$305,100 in federal grant funding was appropriated into this project in Fiscal Year 2013 as approved by City Council (R-307552). Funding in the amount of \$275,000 in P&R Facilities funding was removed from this project and was offset by an increase in Facilities Benefit Assessment funding in Fiscal Year 2013.

Project Status: Continuing	Contact Information: Oliver, Kevin
Duration: 2010 - 2014	619-533-5139
Improv Type: Betterment	koliver@sandiego.gov

Description: This project provides Americans with Disabilities Act (ADA) upgrades and improvements to the childrens play area and path of travel within the park required to comply with all State and federal accessibility guidelines and City standards. This project includes a new accessible onstreet parking space, site furnishings, play area equipment, and surfacing.

Justification: The Americans with Disabilities Act (ADA) of 1995 requires that children's play areas provide like facilities for all children regardless of physical ability. This includes equipment, as well as a resilient surfacing which is accessible to persons with disabilities. This project will also upgrade the children's play areas to be fully compliant with current State safety regulations and Federal ADA requirements.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is in conformance with the Mira Mesa Community Plan and the City's General Plan.

Schedule: Construction began in Fiscal Year 2013 and is anticipated to be completed in Fiscal Year 2014.

Description: This project provides for the installation of a new neighborhood identification sign for the Webster neighborhood within a planted median located along the south side of Federal Boulevard between 48th Street and 50th Street.

Justification: This project will provide signage to identify the boundaries of the Webster neighborhood.

Operating Budget Impact: The sign will be located in a landscaped area already maintained by the Webster-Federal Boulevard Maintenance Assessment District (MAD). The additional maintenance impact should be minimal, although the design process may result in some minor increased cost associated with ongoing maintenance (such as sign lighting or focal landscaping around the sign). All additional costs will be funded by the Webster-Federal Boulevard MAD.

Relationship to General and Community Plans: This project is consistent with the Mid-City Community Plan and is in conformance with the City's General Plan.

Schedule: Design is scheduled to begin in Fiscal Year 2014 and construction is anticipated to begin in Fiscal Year 2015.

Summary of Project Changes: This is a newly published project for Fiscal Year 2014.

Description: This project provides for the design and construction of approximately four acres at Wegeforth Elementary School for joint-use facilities to supplement existing park acreage in the Serra Mesa Community. Proposed improvements include turf multi-purpose sports field, courts, walkways, landscaping, parking, security lights, drainage, comfort station, and accessibility upgrades.

Justification: This project will contribute to satisfying the population-based park acreage requirements set forth in the City's General Plan.

Operating Budget Impact: This facility will require an on-going operational budget for personnel and non-personnel expenses. The current cost estimate of \$74,877 is based upon the Park & Recreation Department's current cost to maintain various landscaped areas. Operational costs for the project will be revised as all amenities and unique site characteristics are refined.

Relationship to General and Community Plans: This project is consistent with the Serra Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2009 and is anticipated to be completed by mid-Fiscal Year 2014. Construction is scheduled to begin in Fiscal Year 2014.

Project Status: Continuing	Contact Information: Field, Andy
Duration: 2010 - 2016	619-685-1350
Improv Type: Betterment	afield@sandiego.gov

Description: This project provides for replacement of the destroyed identification sign located on Rancho Bernardo Road east of Interstate 15 and west of Bernardo Center Drive within the Rancho Bernardo Community.

Justification: This project is an identified improvement in the Rancho Bernardo Maintenance Assessment District. The previous sign was destroyed in a vehicle accident and is in need of replacement. The Rancho Bernardo MAD Citizen's Advisory Committee has approved full funding for this project to replace this sign (using proceeds from the insurance settlement).

Operating Budget Impact: Maintenance of the sign, including repair due to vandalism or vehicle accidents, removal of graffiti, general upkeep and cleaning, and ancillary landscaping and lighting, will be funded by the Rancho Bernardo Maintenance Assessment District.

Relationship to General and Community Plans: This project is consistent with the Rancho Bernardo Community Plan and is in conformance with the City's General Plan.

Schedule: Community input was received in Fiscal Year 2012 to determine the theme, logo, and font for the new sign. Design and construction began in Fiscal Year 2013.

Summary of Project Changes: No significant changes have been made to this project for Fiscal Year 2014.

Improv Type: Replacement	koliver@sandiego.gov

Description: This project provides for Americans with Disabilities Act upgrades and improvements to the children's play area and path of travel within the park to comply with State and federal safety and accessibility guidelines. This project includes accessible on-street parking, site furnishings, accessible play equipment, and surfacing.

Justification: This project is needed to upgrade existing site improvements and play area facilities to meet current federal and State safety and accessibility regulations.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Carmel Valley (North City West) Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2011 and has been completed. Construction began in Fiscal Year 2013 and is anticipated to be completed in Fiscal Year 2014.

Summary of Project Changes: Carmel Valley Consolidated Facilities Benefit Assessment (FBA) funding in the amount of \$69,142 is anticipated for Fiscal Year 2014.

Park & Recreation

Unfunded Needs List

Project	Project Total	Unidentified Funding	Percent Unfunded	Description
Windwood II Mini Park Play Area Upgrades / S11017	\$ 555,225	\$ 5,225	0.9%	This project provides for Americans with Disabilities Act (ADA) upgrades and improvements to the children's play area. Construction phase is currently unfunded.
Mountain View Neighborhood Park Area Upgrades / S11019	1,025,000	180,414	17.6%	This project provides for ADA upgrades and improvements to the children's play area and path of travel within the park to comply with State and federal safety and accessibility guidelines, and will serve the needs of existing and future residents. Construction phase is currently unfunded.
Carmel Valley Neighborhood Park #8 / S00642	6,139,350	1,179,350	19.2%	This project provides for acquiring and developing a four useable-acre neighborhood park in Carmel Valley, including a play area, picnic facilities, open turf area, and landscaping. A portion of the construction phase is currently unfunded.
Cabrillo Heights Neighborhood Park Improvements / S00763	843,000	165,000	19.6%	This project provides for improvements at Cabrillo Heights Neighborhood Park. The construction phase is currently unfunded.
Webster Neighborhood Identification Sign / S14005	55,000	15,000	27.3%	This project is anticipated to cost \$55,000, similar to the Rancho Bernardo Community Identification Signs project (S10036). Additional funding in the amount of \$15,000 is likely needed for this project pending completion of predesign and confirmation of total project cost.
University Village Park Tot Lot / S13005	450,253	150,000	33.3%	This project provides for a new children's play area where no playground currently exists. Construction phase is currently unfunded.
Cowles Mountain Access Road Rehabilitation / S14001	40,000	15,000	37.5%	This project provides for rehabilitation of approximately 1.6 miles of service/access road on the east side of Cowles Mountain within Mission Trails Regional Park. A portion of the construction phase is currently unfunded.
Tierrasanta Community Park Sports Field Lighting / S11011	1,003,876	400,000	39.8%	This project provides for the design and construction of a lighting system for the multi-purpose sports fields at the Tierrasanta Community Park. Construction phase is currently unfunded.
Riviera Del Sol Neighborhood Park / S00999	6,150,000	2,600,000	42.3%	This project provides for land acquisition and development of a 4.9 useable acre neighborhood park at a site located in the Riviera del Sol Subdivision. Construction phase is currently unfunded.
Hidden Trails Neighborhood Park / S00995	4,708,289	2,288,289	48.6%	This project provides for the acquisition, design, and construction of a four useable acre neighborhood park serving the Otay Mesa Community. Construction phase is currently unfunded.
Silver Wing Neighborhood Park Sports Fld & Sec Lgt / S11051	1,200,609	600,000	50.0%	This project provides for the design and construction of multi-purpose sports fields and security lighting systems at the Silver Wing Neighborhood Park. Construction phase is currently unfunded.
Sefton Field Improvements / S01012	1,000,000	500,000	50.0%	This project provides design and construction of improvements to enhance the 19.3 acre site currently maintained by the Presidio Little League. Construction phase is currently unfunded.
North Ocean Beach Gateway Phase II / S12041	401,000	201,000	50.1%	This project will provide for a disabled accessible walkway with landings to comply with the current Americans with Disability Act requirements. The construction phase is currently unfunded.

Park & Recreation

Unfunded Needs List

Project	Project Total	Unidentified Funding	Percent Unfunded	Description
El Cajon Boulevard Streetscape Improvements / S00826	2,449,800	1,269,800	51.8%	This project provides for streetscape improvements along El Cajon Boulevard from Louisiana Street east to 54th Street. The unfunded amount may change as additional street lighting and streetscape needs are identified along the corridor.
Del Mar Mesa Southern Multi-Use Trail / S00889	260,300	150,000	57.6%	This project provides for a surfaced eight-foot wide multi-use trail extending south-erly from the end of Del Mar Mesa Road to complete Neighborhood 10 Trail Con-nection. The next phase of construction is currently unfunded.
California Tower Seismic Retrofit / L12003	2,525,612	1,500,000	59.4%	This project provides for the seismic retrofit of the historic California Tower within Balboa Park. Phase I of this project provides for the relocation of electrical systems. Phase II of this project provides for the seismic system upgrade of the tower. Phase II of design and construction is currently unfunded.
Switzer Canyon Bridge Enhancement Prog / S10054	275,000	175,000	63.6%	This project provides for bridge landscaping, hardscape, tree planting, signage, sidewalk, median, design of traffic calming devices, and pedestrian safety features. Design and construction phases are currently unfunded.
Valencia Park Acquisition and Development / S11103	679,361	450,000	66.2%	This project provides for provision of population-based park land to serve the Encanto Neighborhood residents. Design and construction phases are currently unfunded.
Sunset Cliffs Natural Pk Hillside Imp Preservation / S10091	4,195,594	2,900,000	69.1%	This project will complete improvements to the hillside portion of the Sunset Cliffs Natural Park. Construction phase is currently unfunded.
Chicano Park ADA Upgrades / S13003	2,502,354	1,791,697	71.6%	This project provides for accessibility upgrades to accommodate persons with dis-abilities while respecting the park's cultural significance and attributes. Construc-tion phase is currently unfunded.
Coastal Erosion and Access / AGF00006	3,314,023	2,400,000	72.4%	This project provides partial funding for coastal infrastructure improvements at 71 sites, from Sunset Cliffs Park to Torrey Pines State Beach, that were identified and prioritized in a 2003 Coastal Erosion Assessment Survey.
Wightman Street Neighborhood Park / S00767	3,049,000	2,363,000	77.5%	This project provides for the design and development of Wightman Street Neigh-borhood Park on 0.9 acres of parkland. Construction phase is currently unfunded.
Mission Bay Athletic Area Comfort Stn Modernize / S10021	1,029,057	820,000	79.7%	This project provides for the removal and replacement of the existing comfort sta-tion/concession stand at the Mission Bay Athletic Area. It will also provide an accessible path of travel from Grand Avenue to the comfort station and the center of the ball field complex. Construction phase is currently unfunded.
Multiple Species Conservation / S01076	21,144,303	17,039,472	80.6%	This project will support the City's MSCP Implementing Agreement (I.A.), preser-vation of 52,727 acres within the Multi-Habitat Planning Area (MHPA). To date, 49,004 acres (93%) have been conserved or obligated. The remaining 3,723 acres, which is currently unfunded, will conserve, mitigate, exact, and acquire land per the Multiple Species Conservation Program Implementing Agreement.
Martin Luther King Jr. Promenade / S13020	1,230,000	1,005,000	81.7%	This project will provide for the construction of a cultural promenade area includ-ing pedestrian areas, fitness areas, seating, landscaping, community identification signs, artwork, utility relocation, new street section, retaining walls, and free-stand-ing walls. The construction phase currently is unfunded.

Park & Recreation

Unfunded Needs List

Project	Project Total	Unidentified Funding	Percent Unfunded	Description
McKinley Elementary School Joint Use Improvements / S12001	1,702,500	1,523,000	89.5%	This project provides for design and construction of approximately 1.2 acres of joint-use facilities at McKinley Elementary School to supplement existing park acreage in the Greater North Park Community. Construction phase is currently unfunded.
Chollas Community Park / S00654	30,175,562	27,183,356	90.1%	This project provides for the design and development of North Chollas Community Park. Design and construction of future phases of the park are currently unfunded.
Sixth Avenue Playground Improvements / S00616	2,000,000	1,880,000	94.0%	This project will replace an existing playground within Balboa Park's West Mesa along Sixth Avenue. Construction phase is currently unfunded.
Torrey Pines City Park General Development Plan / S01015	10,400,000	9,800,000	94.2%	This project provides for the preparation of a General Development Plan and associated environmental review for 44.0 acres of the 447.0 gross acre park located off North Torrey Pines Road. Construction phase is currently unfunded.
Crystal Pier Improvements / S11014	11,300,000	11,000,000	97.3%	This project will provide for the evaluation of the overall condition of the pier which is located in Pacific Beach and to make recommendations for repairs to ensure public safety. The pier was originally constructed in 1927. A storm demolished 240 feet of the pier in 1983 and this portion was reconstructed in 1987. Currently design and construction phases are unfunded.
Beyer Park Development / S00752	13,212,000	13,000,000	98.4%	This project provides for the acquisition, design, and construction of approximately 12.6 useable acres for a community and neighborhood park on Beyer Boulevard. Design and construction phases are currently unfunded.
Kumeyaay Lakes Berm Restoration and Dredging / S00655	10,000,000	9,840,000	98.4%	This project provides for the dredging of two lakes and reconstruction of a lake berm within the Kumeyaay Lake system at Mission Trails Regional Park. Design and construction phases are currently unfunded.
Total - Park & Recreation	\$ 114,389,603			

Police

Page Intentionally Left Blank

The San Diego Police Department (SDPD) serves approximately 1.3 million residents with professionalism, dependability, and integrity. In addition to the full-service headquarters building, the Department is represented by nine area commands located throughout the 329.6 square miles that are covered in the City of San Diego. San Diego is divided into 19 service areas which encompass 123 neighborhoods.

The dependability of SDPD can only be accomplished through the consistent management of its varied facilities which allows the practice of community-based policing and problem-solving, known as Neighborhood Policing. The two largest area command facilities are Central Division and Mid-City Division (24,000 square feet each). These facilities serve geographical areas of 9.7 square miles and 12.8 square miles, respectively. The largest geographical area of the city (103.8 square miles) is served by the Northeastern Area Station (16,533 square feet). SDPD's Capital Improvement Program plays an important role in addressing the needs of such existing facilities. Deferred capital bond funding has provided the means for department CIP projects to focus on keeping the facilities updated, dependable, and accessible. Future projects will be focused on deferred capital, energy efficiencies, facility overhauls, and development of regional assets.

2013 CIP Accomplishments

In Fiscal Year 2013, the Police Department accomplished the following:

- A major accomplishment this year was the much needed roof repairs and replacement of 18 energy-efficient HVAC (heating, ventilation, and air-conditioning) systems at Mid-City Division. Funding was made possible via deferred capital bond funding.
- Various small construction projects were completed which allowed for the removal and replacement of aged and highly damaged roofing material at six area command facilities, including Eastern, Traffic, Southeastern, Southern, Western and Northeastern. Deferred capital bond funding was utilized for these projects.
- The window re-sealing project at the Police Department's headquarters building was completed. This was necessary due to the age of previous window seals. Deferred capital bond funding was utilized for this project.
- Finalization of architectural design for the Police Shooting Range Refurbishment project and approval from Planning Commission.
- Completion of 28,000 square feet of roof replacement at the Police Department Headquarters building.
- Completion of electrical and plumbing upgrades at the Police Department Headquarters building, in addition to the replacement of front entrance doors to meet ADA requirements.
- Completion of interior and exterior electrical upgrades at Southeastern Police Sub-Station.

2014 CIP Goals

The San Diego Police Department, in Fiscal Year 2014, will design and/or complete a variety of projects that are funded through the CIP. The 2014 Fiscal Year goals include energy efficiency projects along with facility improvements, which include:

- Replacement of the Computer Aided Dispatch (CAD) system.
- Replacement of 26 year-old 911 HVAC chillers located at the Police Department Headquarters building.

Police

- Re-seal of approximately 600,000 square feet of asphalt parking lots at various Police Sub-Stations.
- Removal of existing “Trane” screw chillers at the Police Headquarters building and replace with new energy efficient Turbo Chillers.
- Upgrade existing outdated and inefficient 30 KW solar system at the Police Headquarters building.
- Implantation of Phase 1 of Police Shooting Range Recapitalization Project which includes: new bullet recovery systems; new retaining walls; ADA improvements to existing restrooms and walkways; replacement of the earthen embankments with tilt up walls; a trash collection facility; the addition of disabled parking spaces; drainage improvements; soil remediation; and restoration of the historical shade structures.
- Replacement of the roof at the Northern Division sub-station.
- Replacement of the roof at the Central Division sub-station.

CAD System Replacement Project / S13100

Bldg - Pub Safety - Police Fac / Struct

Council District: Citywide	Priority Score: N/A
Community Plan: Citywide	Priority Category: N/A
Project Status: Continuing	Contact Information: Newland, Daniel
Duration: 2013 - 2018	619-531-2926
Improv Type: Replacement	dnewland@sandiego.gov

Description: This project provides for the replacement of the Police Department Computer Aided Dispatch (CAD) system that will incorporate newer technologies available for emergency response, improve operational availability, and expand the tools available for the efficient dispatching of 9-1-1 calls.

Justification: The current CAD system does not meet acceptable industry standards for high availability or emergency site recovery. Over the past two-and-a-half decades, the CAD application has been modified numerous times, and technical support for the aging system has become difficult to acquire and has been increasingly expensive.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the applicable community plans and is in conformance with the City's General Plan.

Schedule: The project is scheduled to begin in Fiscal Year 2013 and be completed in Fiscal Year 2016.

Summary of Project Changes: This is a newly published project for Fiscal Year 2014. The project was approved in Fiscal Year 2013 by Council Resolution. The City Council approved the transfer of \$3 million back to the General Fund to support operations via the Fiscal Year 2014 Budget Resolution and Appropriation Ordinance.

Description: This project will replace existing engines and system components necessary to provide for system reliability.

Justification: This project will provide the facility with more reliable power during emergency operation events.

Operating Budget Impact: The maintenance contract to service the two engines plus absorber will cost approximately \$60,000 annually. Additional natural gas costs are estimated at \$10,000 annually.

Relationship to General and Community Plans: This project is consistent with the Centre City Community Plan and is in conformance with the City's General Plan.

Schedule: Installation of co-generation components is scheduled for Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Improv Type:	Replacement		agarcia@sanidiego.gov

Description: The City Council approved a Joint Powers Authority between the City of San Diego, County of San Diego, and San Diego Community College District for the development, financing, and administration of the Regional Public Safety Training Institute (RPSTI). This project provides for an Emergency Vehicle Operations Course (EVOC) training facility in the Camp Nimitz area of the former Naval Training Center. The Naval Training Center Reuse Plan, approved by the Department of the Navy and City Council, set aside 24.7 acres for the purpose of a public safety training facility. The City's projected share of the total cost of the project will be funded jointly by the San Diego Fire-Rescue and Police Departments.

Justification: The expansion of the campus at Miramar College has required the relocation of law enforcement training, specifically the EVOC training facility, to QUALCOMM Stadium. Construction of an EVOC will allow for consistent training of all emergency responders countywide.

Operating Budget Impact: The impact on the Police Department's operating budget cannot be determined at this time due to the unavailability of detailed project information. This project would impact the operating budget of the Police and Fire-Rescue Departments. Additional staffing may be established through the other Joint Powers Authority.

Relationship to General and Community Plans: This project is consistent with the Peninsula Community Plan and is in conformance with the City's General Plan.

Schedule: The project description is preliminary and the scope of work is not established; only planning and other preliminary activities have been performed to-date. The project schedule for the design and construction will be established once the scope of work is approved and the remaining funding identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Public Utilities

Page Intentionally Left Blank

Public Utilities

The Public Utilities Department provides water, wastewater, and recycled water services to approximately 1.3 million water customers and 2.5 million wastewater customers within the San Diego region. The Department's Capital Improvement Program (CIP) supports the infrastructure for reliable water supply and wastewater collection and treatment. The water system extends over 404 square miles with demands of approximately 172 million gallons per day (mgd). This system includes 49 water pump stations, 29 treated water storage facilities, three water treatment plants, and over 3,000 miles of pipelines. The Department also manages the recycled water system, which includes three pump stations and over 80 miles of purple pipe delivering an annual average of over 10 mgd for irrigation, manufacturing, and other non-potable uses. The wastewater system consists of the Municipal (Muni) System and Metropolitan (Metro) System. The Muni System consists of approximately 3,000 miles of pipelines and 79 sewer pump stations including East Mission Gorge Pump Station, Sewage Pump Station No. 64, Sewage Pump Station No. 65, and Penasquitos Pump Station, and is primarily used to collect and convey wastewater from residences and businesses in the City of San Diego. The Metro System consists of three wastewater treatment plants, one biosolids processing facility, four large pump stations, and two outfalls, and provides treatment and disposal services for the City and 12 other agencies and districts within a 450 square mile area stretching from Del Mar to the north, Alpine and Lakeside to the east, and San Ysidro to the south.

Funding for water and wastewater projects are provided by a variety of sources which can include bond financing, water and sewer rates, state revolving fund loans, and grants. Approximately 34 percent of all Metro Fund expenditures are funded by Participating Agencies. The CIP program includes water projects mandated in the Compliance Order from the California Department of Public Health (CDPH); these projects will meet the requirements of the federal Safe Drinking Water Act. The Environmental Protection Agency (EPA) Consent Decree projects for the wastewater system are expected to complete in Fiscal Year 2013. The Department, however, will continue to provide for the needed replacement/rehabilitation of aging infrastructure in compliance with the Clean Water Act.

2013 CIP Accomplishments

The Public Utilities Department, in cooperation with the Public Works Department- Engineering & Capital Projects, oversees the design and construction of water, wastewater, and recycled water projects. Fiscal Year 2013 project highlights included:

The Department is mandated by the CDPH Compliance Order to award 10 miles of cast iron water main replacement in Fiscal Year 2013, and mandated by the EPA Consent Decree to complete 450 miles of sewer main replacement/rehabilitation by June 2013. As of December 2012, a total of 9.01 miles of cast iron water mains have been awarded. With regard to the EPA Consent Decree mileage, as of June 30, 2012 the Department has exceeded the mandate by completing a total of 451.5 miles of sewer pipes. The Department awarded 23.5 miles of water main replacement and completed 53.0 miles of sewer mains in Fiscal Year 2013.

Construction began on the Lindbergh Field Pipeline project which consists of the replacement and relocation of 1.36 miles of 16-inch cast iron water main. The work will increase the reliability of the local water system and will improve access in case of an emergency by relocating the pipeline from the Airport's property.

Construction was completed on Sewer & Water Group Job 789 which consisted of replacing approximately 9,560 linear feet (1.81 miles) of existing 8-inch vitrified clay sewer mains and approximately 17,042 linear feet (3.23 miles) of existing 6-, 8-, 10-, 16-, and 20-inch cast iron water mains. The project also included re-plumbing of sewer laterals, installing curb ramps, and paving restoration. This

Public Utilities

project will improve service reliability, increase pipe strength, upgrade the system to current standards, reduce maintenance requirements, and decrease the chances of water main breaks and sewer main overflows.

Construction began on the AC (Asbestos Cement) Shawnee Road Emergency Project which consists of the replacement of approximately 2,450 linear feet of 12-inch AC water mains on Shawnee Road and Sumter Street. These improvements will increase service reliability, reduce water main breaks, and future maintenance costs.

Construction continued on the Point Loma Grit Improvements which consists of the demolition of the existing South Grit and Headworks Building and construction of the new South Grit Tanks and Grit Processing Building at the Point Loma Wastewater Treatment Plant. The project also includes the construction of an interim grit processing facility and modifications to existing influent channels, piping and electrical/instrumentation. The Point Loma Wastewater Treatment Plant has six aerated grit removal tanks. The plant is not achieving desirable grit removal because the existing grit processing equipment is unable to extract fine sand or silt. The grit accumulated downstream of the grit tanks reduces the efficiency of processing equipment and minimizes the biosolid treatment in the digesters. This project will increase grit removal efficiency.

Construction began on the Alvarado Trunk Sewer Phase III A project which will replace approximately 770 linear feet of existing 24-inch vitrified clay sewer main with a new 36-inch main and will provide for rehabilitation of approximately 240 linear feet of existing sewer main. Approximately half of the linear footage of pipe will be installed using trenchless methods. The improvements will increase capacity and service reliability, while reducing future maintenance costs.

In addition to the Capital Improvement Projects, the Department televised an additional 50.3 miles of sewer mains in Fiscal Year 2013. To date, over 1,700 miles of sewer mains have been televised and more than 570 miles have been identified for replacement or rehabilitation.

2014 CIP Goals

The Public Utilities Department's goal is to provide safe drinking water to the 1.3 million residents of San Diego, and regional wastewater treatment and disposal services for the 2.5 million wastewater customers in the San Diego region.

In order to improve aging infrastructure, the Department's replacement/rehabilitation goals are 45 miles of sewer pipeline and to award 30 miles of water pipeline.

The Department will continue to evaluate the water pipeline replacement program for the remaining 90-100 miles of distribution cast iron water mains and initiate a condition assessment program for the 2,100 miles of AC water pipeline to determine the appropriate replacement rate for the next 10 years. On the wastewater side, the Department will use the assessment data of 570 miles of sewer mains to determine the appropriate number of replacement miles per year.

The Department will continue a proactive condition assessment program to evaluate the condition of water transmission lines, reservoirs, and large size wastewater pipelines.

Additionally, the Department plans to award the design-build contract to install permanent back-up generators at: Pump Stations 1, 64, 65; Penasquitos Pump Station; North City Water Reclamation Plant (NCWRP); and the Environmental Monitoring & Technical Services (EMTS) Laboratory.

Public Utilities

30th Street Pipeline Replacement / S12010

Water - Distribution Sys - Transmission

Council District:	3, 8	Priority Score:	93
Community Plan:	Greater North Park, Greater Golden Hill, Southeastern San Diego	Priority Category:	High
Project Status:	Continuing	Contact Information:	Rubalcava, Eric
Duration:	2012 - 2018		858-654-4284
Improv Type:	Replacement		erubalcava@sandiego.gov

Description: This project will replace all cast iron sections of the 30th Street Pipeline south of Thorn Street in University Heights (390 Zone) with 16,397 linear feet of new 30-inch/16-inch distribution/transmission line, and reconnect all services to the new line. It will abandon all parallel cast iron distribution lines and reconnect all services to the new 16-inch line.

Justification: Because the pipeline has been paralleled by the newer 28th Street Pipeline south of Thorn Street and no longer serves as an important transmission route to University Heights (390 Zone), this project will replace the cast iron pipe, provide supply reliability to the south end of the 390 Zone, and improve water quality.

Operating Budget Impact: None

Relationship to General and Community Plans: This project is consistent with the Greater North Park and Greater Golden Hill Community Plans and is in conformance with the City's General Plan.

Schedule: Design is scheduled to begin in Fiscal Year 2014 and will be completed in Fiscal Year 2015. Construction is scheduled to begin in Fiscal Year 2016 and completed in Fiscal Year 2018.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

69th & Mohawk Pump Station / S12011

Bldg - Water - Pump Stations

Council District:	9	Priority Score:	96
Community Plan:	College Area	Priority Category:	High
Project Status:	Continuing	Contact Information:	Azar, Hossein
Duration:	2013 - 2018		858-533-4102
Improv Type:	Expansion		hazar@sandiego.gov

Description: This project will construct a new pump station at the corner of 69th Street and Mohawk Street. The new pump station will feed the 645 Redwood Village Zone. Suction to the pump station will come from the Mid-City Pipeline Phase II.

Justification: This project will replace the existing Montezuma Pump Station for Redwood Village which is reaching the end of its lifecycle.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with College Area and Mid City: Eastern Area Community Plans and is in conformance with the City's General Plan.

Schedule: Design began Fiscal Year 2013 and will be completed in Fiscal Year 2014. Construction is scheduled to begin in Fiscal Year 2015 and be completed in Fiscal Year 2016.

Summary of Project Changes: The total project cost increased by \$430,000 from Fiscal Year 2013 due to revised cost estimates.

Advanced Water Treatment Demo Plant (IPR/RA) / S10127

Bldg - Water - Laboratories

Council District: 1	Priority Score: N/A
Community Plan: University	Priority Category: N/A
Project Status: Warranty	Contact Information: Dorman, Amy
Duration: 2010 - 2014	619-533-5248
Improv Type: New	adorman@sandiego.gov

Description: This project explores the feasibility of the project's treatment technology to produce water that can be sent to a reservoir and later be treated again and distributed as drinking water. During the time the Demonstration Plant is in operation, the advanced treated water will be frequently tested to determine the effectiveness of the treatment equipment in removing contaminants; operational data will be gathered and analyzed to refine operation and maintenance estimates for a full-scale system; and tours will be conducted as part of the public outreach effort. The Demonstration Project is the second phase of a three phase program that could lead to implementation of full-scale Indirect Potable Reuse/Reservoir Augmentation (IPR/RA).

Justification: A rate increase to fund the Demonstration Project was approved on November 18, 2008, and went into effect on January 1, 2009 and ended on September 1, 2010. This project was established by Ordinance-19887 Section IV-A, with an initial budget of \$7.2 million.

Operating Budget Impact: None

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Schedule: Design, procurement, and installation was completed in Fiscal Year 2011. Data collection will continue through Fiscal Year 2014.

Summary of Project Changes: This project will be closed by the end of the fiscal year.

Alvarado 2nd PL Exten & Morena Blvd CI / S12013

Council District: 2, 7
Community Plan: Mission Valley, Linda Vista, Mission Bay Park
Project Status: Continuing
Duration: 2012 - 2021
Improv Type: Replacement

Water - Distribution Sys - Transmission

Priority Score: 92
Priority Category: Medium
Contact Information: Rubalcava, Eric
 858-654-4284
 erubalcava@sandiego.gov

Description: This project provides for replacement of the aging Kearny Mesa Pipeline transmission route with a new transmission route that uses the Alvarado 2nd Pipeline. It will replace 17,032 linear feet of existing 20-inch and 16-inch cast iron Morena Boulevard Pipeline with a new 36-inch Morena Boulevard Pipeline. This 36-inch line will run from the end of the 48-inch Alvarado 2nd Extension Pipeline and connect to the Kearny Mesa Pipeline at the north end, operating at a 536 Hydraulic Grade Line (HGL). It will also replace 15,598 linear feet of parallel 16-inch distribution line from Friars Road and Morena to Morena and Balboa Avenue. The new 16-inch line will operate at 390 HGL connecting to the existing 16-inch line on Friars Road and terminating at Morena and Bunker Hill Street. Additionally, it is proposed that 22,504 linear feet of new 48-inch Alvarado 2nd Extension Pipeline from the western terminus of the existing 48-inch Alvarado 2nd Pipeline (at Interstate 805 and Friars Road to Morena Boulevard and Napa Street) be built. The project will use existing surface streets in Mission Valley to avoid tunneling under the State Route 163 freeway and other bridge crossings.

Justification: This project will replace cast iron pipe; provide redundant transmission to the coastal zones of La Jolla and Pacific Beach for supply reliability; improve water quality; reduce energy waste at the Miramar County Water Authority Pump back facility; reduce peaking problems in the Miramar Water Treatment Plant service area; and provide supply flexibility (Alvarado vs. Miramar). This project is part of a larger plan to improve transmission reliability to the coastal Pacific Beach/La Jolla Zones by replacing the aging Kearny Mesa Pipeline as the lead supply, and adding a second transmission route to the coastal zones.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Mission Valley, Linda Vista, and Mission Bay Park Community Plans and is in conformance with the City's General Plan.

Schedule: Design is scheduled to begin in Fiscal Year 2016 and will be completed in Fiscal Year 2017. Construction is scheduled to begin in Fiscal Year 2018 and be completed in Fiscal Year 2021.

Summary of Project Changes: In Fiscal Year 2013 Council approved the deappropriation of \$250,000 (R-308249).

Alvarado Water Treatment Plant Upgrade & Expansion / S00021

Bldg - Water - Treatment Plants

Council District: 7	Priority Score: N/A
Community Plan: Navajo	Priority Category: N/A
Project Status: Continuing	Contact Information: Asgharzadeh, Iraj
Duration: 1999 - 2018	619-533-5105
Improv Type: Expansion	iasgharzadeh@sandiego.gov

Description: This project increases the treatment capacity of the Alvarado Water Treatment Plant (WTP) from 150 million gallons of water per day (mgd) to 200 mgd and upgrades the existing treatment plant facilities to replace aged equipment to comply with new drinking water regulations. This project is split into multiple construction projects and will be phase funded. The major project components consist of the construction of two new sedimentation basins, the rehabilitation of existing 1950s-era sedimentation basins, the rehabilitation of the mechanical equipment and controls on the filters, ozone generation, and treatment facilities. Various site and landscaping improvements will also be made.

Justification: The Safe Drinking Water Act, Environmental Protection Agency regulations, and a Department of Public Health Compliance Order dictate the need to upgrade the treatment plant process and equipment. Anticipated future demands within the Alvarado Water Service Area also require the plant to be expanded to 200 mgd, allowing for better utilization of the raw water storage in the San Vicente and El Capitan Reservoirs.

Operating Budget Impact: The upgrade from chlorine to ozone, as the primary disinfectant, will have a significant impact on the electrical and chemical consumption of the plant. The increase in treated water capacity and the technical aspect of the equipment will also impact the cost for maintaining and operating the plant.

Relationship to General and Community Plans: This project is consistent with the Navajo Community Plans and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 1999 and has continued through subsequent phases of work. Construction began on the initial phase of work in Fiscal Year 2004 and is scheduled to be completed in Fiscal Year 2013. Alvarado WTP - Flow Control Facility #12 has been postponed indefinitely until water demand increases.

Summary of Project Changes: Total project cost has decreased by \$26.0 million. \$16.0 million is attributed to the completion and closure of the Rehab Flocculation/Sedimentation Basins Phase 3 project and \$10.0 million in future years due to revised requirements. Additionally, in Fiscal Year 2013 Council approved the deappropriation of \$2.5 million (R-308249).

Backup Generators at Sewer PS's, TP, & EMTS / S12036

Council District: 1, 2, 5, 8
Community Plan: University, Miramar Ranch North, Barrio Logan, Torrey Pines
Project Status: Continuing
Duration: 2012 - 2014
Improv Type: New

Bldg - MWWd - Pump Stations

Priority Score: N/A
Priority Category: N/A
Contact Information: Alspaugh, Thomas
 858-654-4493
 talspaugh@sandiego.gov

Description: This project will purchase seven generators and provide a design-build contract to install the generators and associated equipment for permanent power connection to existing sewer Pump Stations 1, 64, 65, Penasquitos, North City Reclamation Plant, and Environmental Monitoring Technical Services laboratory. Approximately 34 percent of all Metro Sewer Utility Fund expenditures related to this project are funded by Participating Agencies.

Justification: This project is necessary to prevent environmental damage from sewer spills and prevention of permit violation issues when regional electrical black-outs occur.

Operating Budget Impact: None

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Engine procurement began in late Fiscal Year 2012 and is scheduled to be completed in Fiscal Year 2014. Design-build contract began in Fiscal Year 2013 and is scheduled to be completed in Fiscal Year 2014.

Summary of Project Changes: Total project cost has increased by \$6.8 million due to revised requirements.

Balboa Terrace Trunk Sewer / S12035

Wastewater - Collection Sys - Trunk Swr

Council District: 6	Priority Score: N/A
Community Plan: Clairemont Mesa	Priority Category: N/A
Project Status: Continuing	Contact Information: Gamboa, Wendy
Duration: 1999 - 2014	619-235-1971
Improv Type: Replacement	wgamboa@sandiego.gov

Description: Construction consists of the installation of 8-inch, 15-inch, and 21-inch sewer pipe via tunneling and open trench construction and all other work, and other appurtenances.

Justification: This project will upgrade the existing trunk sewer with a larger pipe to accommodate additional flow in the future.

Operating Budget Impact: None

Relationship to General and Community Plans: This project is consistent with the Clairemont Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2010 and was completed in Fiscal Year 2012. Construction began in Fiscal Year 2013 and is scheduled to be completed in Fiscal Year 2014.

Summary of Project Changes: In Fiscal Year 2013 Council approved the transfer of \$1.3 million in funds from other projects via R-307397 and later approved the deappropriation of \$900,000 (R-308249).

Barrett Flume Cover / S10013

Bldg - Water - Reservoirs/Dams

Council District: Non-city	Priority Score: 83
Community Plan: Non City	Priority Category: High
Project Status: Continuing	Contact Information: Rubalcava, Eric
Duration: 2010 - 2021	858-654-4284
Improv Type: Betterment	erubalcava@sandiego.gov

Description: This project will assess the 10 to 12 miles of open channel delivering water from the Barrett Reservoir to the Lower Otay Reservoir. Based on the assessment, the flume will be covered or replaced.

Justification: Each year golden eagles, deer, and other wildlife drown in the open channel sections of the Barrett Flume. There is also an excessive maintenance burden to keep soil and sediment out. Additionally, there is a slight algae build up due to sunlight. Covering the open flume sections is necessary to prevent fines and sanctions from the resource agencies, to maintain water quality, and to reduce maintenance and down time.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is outside of the City limits and there is no community planning area. This project is in conformance with the City's General Plan.

Schedule: Planning began in Fiscal Year 2013. Design is scheduled to begin in Fiscal Year 2015. Construction is estimated to begin in Fiscal Year 2017 and end in Fiscal Year 2021.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Description: This project acts as an emergency financial reserve for Wastewater Fund capital improvement projects.

Justification: This reserve is required to comply with the stipulation from Bond Counsel.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project acts as a reserve to fund projects on an as-needed basis. Projects utilizing this funding source are consistent with applicable community plans and are in conformance with the City's General Plan.

Schedule: The reserve will be used on an as-needed basis, in conformance with Bond Counsel requirements and will be held as a continuing appropriation.

Summary of Project Changes: No significant change has been made to this reserve for Fiscal Year 2014.

Catalina 12inch Cast Iron Mains / S12008

Council District: 2	Priority Score: 98
Community Plan: Peninsula	Priority Category: High
Project Status: Continuing	Contact Information: Rubalcava, Eric
Duration: 2014 - 2019	858-654-4284
Improv Type: Replacement	erubalcava@sanidiego.gov

Description: This project provides for replacement of 13,963 linear feet of 12-inch and 16-inch cast iron mains with a new 16-inch PVC pipe on Catalina Boulevard. The 16-inch pipe will consolidate the 12-inch cast iron line with the parallel 4-inch and 6-inch small distribution mains north of Garden Lane, and consolidate the dual 12-inch cast iron pipes south of Garden lane. The new pipeline will run parallel to the existing 12-inch pipeline alignment.

Justification: This project will replace cast iron pipe, provide supply reliability to the Catalina Pump Station service area, and improve water quality.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Peninsula Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2013 and will be completed in Fiscal Year 2014. Construction is scheduled to begin in Fiscal Year 2015 and be completed in Fiscal Year 2016.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Cielo & Woodman Pump Station / S12012

Council District: 4	Priority Score: 90
Community Plan: Southeastern (Encanto Neighborhoods)	Priority Category: High
Project Status: Continuing	Contact Information: Rubalcava, Eric
Duration: 2012 - 2019	858-654-4284
Improv Type: Expansion	erubalcava@saniego.gov

Description: This project provides for the replacement of the Cielo and Woodman Pump Station (PS) with a new PS with 12 million gallons per day (mgd) capacity to improve efficiency and reliability, and allow for substitution of Alvarado City water (536 Zone) which is now provided via the County Water Authority (CWA) #19 Paradise Mesa Crosstie. It will replace two 12-inch and 16-inch cast iron distribution mains. The first main is on Imperial and Woodman Street and the second main is on Skyline Drive to Cielo Drive. It will install a dedicated Alvarado 536 line from the intersection of Imperial Avenue and Woodman Street to the new upgraded Cielo and Woodman PS.

Justification: This project will replace a deteriorating pump station facility and cast iron mains that lead to the station. According to year 2030 demands, the Otay Water Treatment Plant (WTP) will not be able to supply enough suction head to the pump station. Thus, the pump station would need to be supplied from the Alvarado Water Treatment Plant (WTP).

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Southeastern (Encanto Neighborhoods) Community Plan and is in conformance with the City's General Plan.

Schedule: Design is scheduled to begin in Fiscal Year 2015 and will be completed in Fiscal Year 2016. Construction is scheduled to begin in Fiscal Year 2017 and be completed in Fiscal Year 2019.

Summary of Project Changes: In Fiscal Year 2013 Council approved the deappropriation of \$441,303 million (R-308249). This amount has been added to Fiscal Year 2016.

Expenditure by Funding Source

Project Status: Warranty	Contact Information: Amen, Rania
Duration: 2011 - 2014	619-533-5492
Improv Type: Replacement	ramen@sandiego.gov

Description: This project consists of the installation of approximately 1,199 linear feet of 16-inch water mains, 155.03 linear feet of 8-inch water mains, and relocation of several water services and fire hydrants within the following streets: Via Capri, Via Avola, Caminito Rialto, Caminito Avola, and within the existing water easement adjacent to the Colony Hill HOA Clubhouse.

Justification: This project is a result of a settlement agreement between the City of San Diego and the Colony Hill Home Owners Association (HOA) in July 2010. The City of San Diego is responsible to complete the construction within two years from the date of the settlement.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Schedule: Planning started in Fiscal Year 2011 and was completed in Fiscal Year 2012. Design and construction began in Fiscal Year 2012 and was completed in Fiscal Year 2013.

Summary of Project Changes: This project will be closed by the end of the year.

Project Status: Continuing	Contact Information: Hwang, Guann
Duration: 2010 - 2020	858-292-6476
Improv Type: Replacement	ghwang@sandiego.gov

Description: This annual allocation provides for renovating or replacing deteriorating corrosion control and monitoring systems throughout the City.

Justification: Deteriorating corrosion control and monitoring systems are in need of rehabilitation. This annual allocation provides for an ongoing program to rehabilitate over 600 existing corrosion protection stations.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects will be scheduled on a priority basis.

Summary of Project Changes: Total budget for Fiscal Year 2014 increased by \$200,000 over last fiscal year due to revised requirements.

Project Status: Continuing	Contact Information: Hwang, Guann
Duration: 2010 - 2021	858-292-6476
Improv Type: Replacement	ghwang@sandiego.gov

Description: This annual allocation provides for rehabilitating and reconstructing improvement projects at reservoirs and dams. Projects include resurfacing access roads, reconstructing berms, installing lighting around dams, and sandblasting and shotcreting all exposed surfaces of the dams.

Justification: The rehabilitation and reconstruction of access roads and the upgrading of berms, lighting, and all exposed surfaces of the dams are necessary to maintain access to and safety in the dam area. The State required improvements will also serve to satisfy a portion of the Division of Safety of Dams.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is in compliance consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects will be scheduled on a priority basis. Modifications to Lake Hodges Dam scheduled in Fiscal Year 2010 were deferred to Fiscal Year 2013.

Summary of Project Changes: Total budget for Fiscal Year 2014 decreased by \$774,304 over last fiscal year due to revised requirements.

Project Status: Continuing	Contact Information: Rubalcava, Eric
Duration: 2012 - 2018	858-654-4284
Improv Type: Expansion	erubalcava@sandiego.gov

Description: This project provides for the installation of 2,800 feet of 36-inch pipe segments and 3,668 feet of parallel pipeline between Mona Lane and Lopiella Meadows Place for redundancy.

Justification: This pipeline was built in 1961 and has experienced leaks. It is in poor condition and has no corrosion protection. The original pipe was a 30-inch Steel Cylinder Rod Wrapped (SCRW) pipeline. This size is too small to meet projected demand increases in the area.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Del Mar Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: Design is scheduled to begin in Fiscal Year 2014 and will be completed in Fiscal Year 2016. Construction is scheduled to begin in Fiscal Year 2017 and be completed in Fiscal Year 2018.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Project Status:	Continuing	Contact Information:	Wilson, Leonard
Duration:	2005 - 2016		858-654-4112
Improv Type:	Expansion		llwilson@sandiego.gov

Description: This project will provide for the relocation and upsizing of an existing 36-inch pipeline in the ultimate right-of-way for Carmel Valley Road. The existing Del Mar Heights Pipeline will no longer follow the alignment of Carmel Valley Road, once Carmel Valley Road is improved to four lanes.

Justification: Future maintenance of this facility is enhanced when it is in an accessible and convenient location such as a public street right-of-way. This project will relocate the pipeline so that it can be easily maintained, repaired, and serviced in the future.

Operating Budget Impact: None.

Water - Distribution Sys - Distribution

Relationship to General and Community Plans: This project is consistent with the Del Mar Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: Design was completed in Fiscal Year 2012. Phase 1 construction began in Fiscal Year 2013 and is scheduled to be completed in Fiscal Year 2016. Phase 2 is contingent upon Public Facilities Financing Program approval and is planned for future years.

Summary of Project Changes: The total project cost increased by the Pacific Highlands Ranch Community Facilities Benefit Assessment (FBA) funds of \$3.6 million and funding to be programmed in future fiscal years per the Public Facilities Financing Plans (PFFP).

EAM ERP Implementation / \$14000

Council District: Citywide
Community Plan: Citywide
Project Status: New
Duration: 2014 - 2014
Improv Type: Replacement

Bldg - Other City Facility / Structures

Priority Score: 85
Priority Category: High
Contact Information: Arnold, Jane
 858-614-4569
 jarnold@sandiego.gov

Description: This project provides for the establishment of an integrated, real-time SAP ERP Enterprise Asset Management (EAM) software solution that builds upon the existing Citywide SAP ERP platform. The major legacy maintenance and asset management systems to be replaced within scope of this project are SWIM, EMPAC, and PSTools. Approximately 34 percent of all Metro Sewer Utility Fund expenditures related to this project are funded by Participating Agencies.

Justification: A comprehensive maintenance management system is required to appropriately manage the complex asset infrastructure needed to provide water and wastewater services to the San Diego region and to provide sophisticated asset capital planning activities to ensure future needs are met. The SAP ERP EAM implementation is a strategic project for investment in, and support of, the Citywide SAP ERP System for the City of San Diego which will provide the cornerstone EAM solution, Citywide.

Operating Budget Impact: None

Relationship to General and Community Plans: This project is consistent with the applicable community plans and is in conformance with the City's General Plan

Schedule: The project schedule will follow the ASAP methodology for the project's lifecycle. It will use the standardized work breakdown structure (WBS) that provides the foundation for defining implementation project work in a deliverable-oriented, hierarchical manner in order to manage the project work to completion. The project duration is estimated at three years.

Summary of Project Changes: This is a newly published project for Fiscal Year 2014.

Public Utilities

EMT&S Boat Dock and Steam Line Relocation / S00319

Bldg - MWWD - Laboratories

Council District: 2	Priority Score: 81
Community Plan: Peninsula	Priority Category: Medium
Project Status: Continuing	Contact Information: Elling, Michael
Duration: 2012 - 2016	858-292-6477
Improv Type: Expansion	melling@sandiego.gov

Description: The Environmental Monitoring and Technical Services (EMTS) Laboratory Boat Dock and Steam Line Project provides for the design and construction of a boat dock located in the channel adjacent to the EMTS laboratory, as well as the installation of an esplanade and undergrounding of approximately 600 feet of an above-ground steam line situated along the frontage of the boat channel. Approximately 34 percent of all Metro Sewer Utility Fund expenditures related to this project are funded by Participating Agencies.

Justification: As part of a Public Benefit Conveyance (PBC) from the federal government, MWWD designed and constructed a 40,000 square foot ocean monitoring laboratory which is now in operation. The design of this project included a boat dock to service the laboratory. Permits obtained as part of the construction required Metro to fund a portion of a future park esplanade located adjacent to the laboratory frontage. To gain future unobstructed access to the boat dock, and to provide unobstructed access to the future esplanade, the existing steam line must be undergrounded. Public Utilities currently leases boat dock space at Driscoll's Wharf and this project would eliminate this ongoing expense.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Peninsula Community Plan and is in conformance with the City's General Plan.

Schedule: The dock was partially designed in Fiscal Year 2001, but was postponed due to ongoing issues related to the contamination and conveyance of the boat channel. The design is scheduled to begin and be completed in Fiscal Year 2014, with construction scheduled to begin in Fiscal Year 2015 and be completed in Fiscal Year 2016.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

East Mission Gorge Force Main Rehabilitation / S00326

Wastewater - Collection Sys - Trunk Swr

Council District: 7	Priority Score: 90
Community Plan: Navajo	Priority Category: Medium
Project Status: Continuing	Contact Information: Phung, Tung
Duration: 2004 - 2019	858-292-6425
Improv Type: Replacement	tphung@sandiego.gov

Description: This project provides for the rehabilitation of the East Mission Gorge force main due to deterioration of the pipeline concrete lining from sulfuric acid build-up.

Justification: This project provides for the rehabilitation of the force main in order to prevent breakage of the force main and prevent potential sewage spills.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Navajo Community Plan and is in conformance with the City's General Plan.

Schedule: Design is scheduled to begin in Fiscal Year 2015. This project is on hold pending the negotiation of a cost-sharing agreement with the Participating Agencies.

Summary of Project Changes: In Fiscal Year 2013 Council approved the deappropriation of \$600,000 (R-308249).

East Point Loma Trunk Sewer / S00329

Wastewater - Collection Sys - Trunk Swr

Council District: 2	Priority Score: N/A
Community Plan: Peninsula, Midway - Pacific Highway	Priority Category: N/A
Project Status: Warranty	Contact Information: Spier, Carl
Duration: 2001 - 2014	619-533-5126
Improv Type: Expansion	cspier@sandiego.gov

Description: Construction consists of the rehabilitation of approximately 4,932 feet of 27-inch & 3,229 feet of 30-inch trunk sewer mains, the rehabilitation of sewer manholes, and sewer laterals connections, and all other work and appurtenances necessary to complete the work. The affected streets are Nimitz Boulevard, Barnett Avenue, and Cushing Road between Nimitz Boulevard and Barnett Avenue.

Justification: The existing system is almost 60 years old and needs to be rehabilitated.

Operating Budget Impact: None

Relationship to General and Community Plans: This project is consistent with the Peninsula and Midway-Pacific Highway Corridor Community Plans and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2004 and was completed in Fiscal Year 2011. Construction began in Fiscal Year 2011 and is anticipated to be completed in Fiscal Year 2014.

Summary of Project Changes: In Fiscal Year 2013 Council approved the deappropriation of \$2.5 million (R-308249).

El Capitan Pipeline #2 Valves / S10005

Council District: Non-city	Priority Score: 67
Community Plan: Non City	Priority Category: Low
Project Status: Warranty	Contact Information: Asgharzadeh, Iraj
Duration: 2010 - 2013	619-533-5105
Improv Type: Replacement	iasgharzadeh@sandiego.gov

Description: This project previously provided for a pipeline parallel to the existing 48-inch El Capitan Pipeline with 41,490 linear feet of new 54-inch pipeline. Now the project will replace the existing 48-inch butterfly valve at station 16+00 with a 48-inch plug valve and a 48-inch energy dissipater valve. It will also replace the existing 30-inch plug valve at station 17+00 with a 30-inch plug valve and a 30-inch energy dissipater valve to assist with a thorough condition assessment of the pipeline.

Justification: The existing valves are leaking and need to be replaced. The valves are part of the emergency drawdown system required by Division Safety of Dams - State Department (DSOD) for El Capitan Reservoir.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is outside of the City limits and there is no community planning area. This project is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2012 and was completed in Fiscal Year 2013. Construction began and was completed in Fiscal Year 2013.

Summary of Project Changes: This project is complete and will be closed by the end of the year.

El Capitan Reservoir Road Improvements / S00040

Bldg - Water - Reservoirs/Dams

Council District:	Non-city	Priority Score:	14
Community Plan:	Non City	Priority Category:	Low
Project Status:	Continuing	Contact Information:	Rubalcava, Eric
Duration:	1999 - 2018		858-654-4284
Improv Type:	Replacement - Rehab		erubalcava@sanidiego.gov

Description: This project provides for repairing and widening the access road to El Capitan Reservoir.

Justification: The existing access road is narrow and has become a safety concern due to rain induced sloughing. Widening the road will improve accessibility to the reservoir, accommodate recreation activities, and assist maintenance efforts for the reservoir.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is outside of the City limits and there is no community planning area. This project is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2000 and was completed in Fiscal Year 2001. Construction has been re-scheduled to begin in Fiscal Year 2016 and to be completed in Fiscal Year 2018.

Summary of Project Changes: In Fiscal Year 2013 Council approved the deappropriation of \$89,564 (R-308249). This amount has been added to Fiscal Year 2016.

Council District: 7	Priority Score: 96
Community Plan: Navajo	Priority Category: High
Project Status: Continuing	Contact Information: Wong, Pete
Duration: 2010 - 2015	858-292-6475
Improv Type: Replacement - Rehab	pwong@sandiego.gov

Description: This project will perform a condition assessment on the existing 63,900 foot long 48-inch to 72-inch diameter pipeline between the Lakeside Pump Station and the Alvarado Water Treatment Plant.

Justification: This project is necessary to ensure that future water demands are met in the Alvarado service area.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Navajo Community Plan and is in conformance with the City's General Plan.

Schedule: Condition assessment began in Fiscal Year 2012 and is scheduled to be completed in Fiscal Year 2015.

Summary of Project Changes: Total project cost decreased by \$103.7 million for the planning, design, and construction component of the pipeline. This project is now for condition assessment of the pipeline only. A future project will be created to cover any design or construction of this pipeline, if deemed necessary by the condition assessment.

Contact Information: Hwang, Guann
 858-292-6476
 ghwang@sandiego.gov

Description: This annual allocation provides funding to relocate water lines in conflict with the State Department of Transportation highway construction zones.

Justification: Waterline relocation is required by the State Department of Transportation's effort to expand the State Highway System. Relocation projects are accomplished in conjunction with highway projects scheduled by the State Department of Transportation.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis per Caltrans requests.

Summary of Project Changes: Total budget for Fiscal Year 2014 decreased by \$100,000 over last fiscal year due to revised requirements.

Groundwater Asset Development Program / ABM00001

Bldg - Water - Wells

Council District: Citywide	Priority Score: Annual
Community Plan: Citywide	Priority Category: Annual
Project Status: Continuing	Contact Information: Adrian, George
Duration: 2010 - 2021	619-533-4680
Improv Type: Replacement	gadrian@sandiego.gov

Description: This annual allocation provides for investigation work related to legal, technical, regulatory, and water quality issues; and for the planning, design, and construction of groundwater facilities to increase the local water supply.

Justification: The City imports 90 percent of its water from the Colorado River and the State Water Project. The City has access to nine under-utilized groundwater assets that could be developed to supply new yield, seasonal storage, or carryover storage.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is in compliance with applicable community plans and is in conformance with the City's General Plan.

Schedule: Research, exploration, and demonstration began in Fiscal Year 2001 and will continue through Fiscal Year 2014. Design and construction of sub-projects identified in the research/exploration/demonstration phase began in Fiscal Year 2012 and continues through Fiscal Year 2021 and beyond.

Summary of Project Changes: Total budget for Fiscal Year 2014 decreased by \$500,000 over last fiscal year due to revised requirements. \$500,000 was also removed from outlying years. Additionally, in Fiscal Year 2013 Council approved the deappropriation of \$500,000 (R-308249).

Harbor Drive Trunk Sewer Replacement / S00336

Council District: 8	Priority Score: 90
Community Plan: Barrio Logan	Priority Category: Medium
Project Status: Continuing	Contact Information: Spier, Carl
Duration: 2000 - 2014	619-533-5126
Improv Type: Expansion	cspier@sandiego.gov

Description: This project provides for upgrading and replacing existing portions of 39-inch Harbor Drive Trunk Sewer with 48-inch pipelines.

Justification: The existing trunk sewer has a portion constructed of techite pipeline, which has been prone to structural failure.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Barrio Logan Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2002 and was completed in Fiscal Year 2011. Construction began in Fiscal Year 2012 and is scheduled to be completed in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

La Jolla Scenic Drive 16inch Main / S12009

Water - Distribution Sys - Transmission

Council District:	1	Priority Score:	82
Community Plan:	La Jolla	Priority Category:	Low
Project Status:	Continuing	Contact Information:	Rubalcava, Eric
Duration:	2012 - 2017		858-654-4284
Improv Type:	Replacement		erubalcava@sandiego.gov

Description: This project provides for replacement of 6-inch, 8-inch, and 12-inch pipelines with 15,635 linear feet of 16-inch pipe from the Soledad Reservoir that travels south along La Jolla Scenic Drive South; continues onto La Jolla Rancho Road, La Jolla Mesa Drive, Muirlands Drive, and El Camino Del Teatro; rejoins Muirlands Drive and Nautilus Street; and terminates at Fairway Road and the Muirlands Pump Station (PS). It will connect the Muirlands PS to the south Soledad Muirlands (725 Zone) to provide backup supply to the 725 Zone, and to solve fire flow deficiency and maintain peak pressures.

Justification: The current distribution grid has insufficient capacity to meet fire flow requirements, and is a bottleneck that leads to two isolated portions of the 725 Zone. If either of the pump/reservoir tandems that feed the zone go out of service, feed from the other tandem could not effectively be moved across the zone.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Schedule: Design is scheduled to begin in Fiscal Year 2014 and be completed in Fiscal Year 2015. Construction is scheduled to begin in Fiscal Year 2015 and be completed in Fiscal Year 2017.

Summary of Project Changes: In Fiscal Year 2013 Council approved the deappropriation of \$240,258 (R-308249). This amount has been added to Fiscal Year 2016.

Duration: 2010 - 2020	858-292-6476
Improv Type: Replacement	ghwang@sandiego.gov

Description: This annual allocation allows for the replacement of 16-inch and larger diameter water pipelines at various locations throughout the City.

Justification: This annual allocation provides for the replacement of large diameter pipelines that are in a deteriorated condition or have reached the end of their service life.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects will be scheduled on a priority basis.

Summary of Project Changes: This is a new annual allocation for Fiscal Year 2014.

Lindbergh Field 16" Cast Iron Main Replacement / S10055

Council District: 2, 3	Priority Score: 97
Community Plan: Midway - Pacific Highway	Priority Category: High
Project Status: Continuing	Contact Information: Azar, Hossein
Duration: 2010 - 2015	619-533-4102
Improv Type: Replacement	hazar@sandiego.gov

Description: This project replaces 1.34 miles of pipeline and relocates the 16-inch cast iron transmission main from adjacent to the departure taxiway at Lindbergh Field to the public street which is more accessible for operation and maintenance.

Justification: In case of a pipe failure requiring Water Operations to perform emergency repair, the pipeline must be relocated to a location outside the secured Airport property that is more accessible for operation and maintenance. The 12-inch and 16-inch cast iron pipe was installed in the 1940s.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Midway-Pacific Highway Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2010. Construction began in Fiscal Year 2013 and is scheduled to be completed in Fiscal Year 2014.

Summary of Project Changes: In Fiscal Year 2013 Council approved the deappropriation of \$2.5 million (R-308249).

Public Utilities

Little McGonigle Ranch Road Pipeline / S00069

Water - Distribution Sys - Transmission

Council District: 1	Priority Score: 70
Community Plan: Del Mar Mesa, Pacific Highlands Ranch	Priority Category: Low
Project Status: Continuing	Contact Information: Wilson, Leonard
Duration: 2004 - 2015	858-654-4112
Improv Type: Expansion	llwilson@sandiego.gov

Description: This project provides for the construction of approximately 15,800 linear feet of 30-inch diameter water transmission pipeline in Carmel Mountain Road and Little McGonigle Ranch Road within the Del Mar Mesa and Pacific Highlands Ranch communities to provide capacity for both Del Mar Mesa and Pacific Highlands Ranch.

Justification: The pipeline is required to provide capacity in the water system to adequately supply the demand resulting from the build-out of the Del Mar Mesa and Pacific Highlands Ranch communities.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Del Mar Mesa and Pacific Highlands Ranch Community Plans and is in conformance with the City's General Plan.

Schedule: Phases 1 and 2 are complete. The design of Phase 3 is not scheduled at this time. The design of Phases 4 and 5 are complete. Construction of Phases 4 and 5 are scheduled to be completed in Fiscal Year 2015, but are dependent upon the construction of the Shaw Lorenz Community.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Public Utilities

Lower Otay Outlet Tower / S12018

Council District: Non-city
Community Plan: Non City
Project Status: Continuing
Duration: 2012 - 2016
Improv Type: Betterment

Bldg - Water - Reservoirs/Dams

Priority Score: 90
Priority Category: High
Contact Information: Rubalcava, Eric
 858-654-4284
 erubalcava@sandiego.gov

Description: This project provides for the upgrade/replacement of the Lower Otay Outlet Tower.

Justification: Seismic analysis concluded that the tower's concrete has an overstress in flexural tension. Both the tower and the tower foundation are in danger of failure.

Operating Budget Impact: None

Relationship to General and Community Plans: This project is outside the City limits and there is no community planning area. This project is in conformance with the City's General Plan.

Schedule: Design is scheduled to begin in Fiscal Year 2014 and be completed in Fiscal Year 2015. Construction is scheduled to begin in Fiscal Year 2015 and be completed in Fiscal Year 2016.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Lower Otay Reservoir Emergency Outlet Improvements / S00044

Bldg - Water - Reservoirs/Dams

Council District:	Non-city	Priority Score:	75
Community Plan:	Non City	Priority Category:	Medium
Project Status:	Continuing	Contact Information:	Azar, Hossein
Duration:	2001 - 2015		619-533-4102
Improv Type:	Betterment		hazar@sandiego.gov

Description: This project provides for the installation of two sluice gates on the auxiliary spillway to improve draw-down capacity.

Justification: The State Department of Safety of Dams requires an emergency draw-down capability of 10 percent of reservoir capacity in 10 days. Lower Otay Reservoir (backed up by Savage Dam) requires 56 days for 10 percent draw-down in order to prevent a risk of dam failure.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is outside of the City limits and there is no community planning area. This project is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2001 and was completed in Fiscal Year 2010. Construction is scheduled to begin in Fiscal Year 2014 and be completed in Fiscal Year 2015.

Summary of Project Changes: Total project cost increased by \$618,572 due to revised requirements.

MBC Biosolids Storage Silos / S00322

Bldg - MWWD - Treatment Plants

Council District: 6	Priority Score: 74
Community Plan: Non City	Priority Category: Medium
Project Status: Continuing	Contact Information: Asgharzadeh, Iraj
Duration: 2007 - 2015	619-533-5105
Improv Type: Expansion	iasgharzadeh@sandiego.gov

Description: This project provides for two additional biosolid storage silos (numbers 9 and 10). Approximately 34 percent of all Metro Sewer Utility Fund expenditures related to this project are funded by Participating Agencies.

Justification: When a silo is out of service, silo storage capacity is frequently exceeded. In order to accommodate such events and to restore adequate silo capacity, it is essential to build two more storage silos.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is located on federal property and there is no community planning area. This project is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2009 and was completed in Fiscal Year 2013. Construction is scheduled to begin in Fiscal Year 2014 and be completed in Fiscal Year 2015.

Summary of Project Changes: Total project cost has increased by \$339,845 due to revised requirements.

Public Utilities

MBC Dewatering Centrifuges Replacement / S00339

Bldg - MWWD - Treatment Plants

Council District: 6	Priority Score: 83
Community Plan: Non City	Priority Category: High
Project Status: Continuing	Contact Information: Asgharzadeh, Iraj
Duration: 2009 - 2017	619-533-5105
Improv Type: Expansion	iasgharzadeh@sandiego.gov

Description: This project provides for the replacement of six of the eight existing dewatering centrifuges with six larger capacity units to handle larger future biosolids flows. The existing units are also near the end of their useful life. Approximately 34 percent of all Metro Sewer Utility Fund expenditures related to this project are funded by Participating Agencies.

Justification: This project will increase the production capacity of the dewatering centrifuges to accommodate plant shutdowns for maintenance and construction, to accommodate future flows, and to address diverse types of constraining operational factors that limit current capacity. To achieve the required capacity, the existing dewatering centrifuge units must be replaced with larger units.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is located on federal property and there is no community planning area. This project is in conformance with the City's General Plan.

Schedule: The schedule is based on a design/build (D/B) type of contract. Design is scheduled to be completed by Fiscal Year 2014, and installation of the six centrifuges is scheduled to be completed by Fiscal Year 2016.

Summary of Project Changes: Total project cost decreased by \$571,005 due to revised requirements.

Expenditure by Funding Source

MBC Odor Control Facility Upgrades / S00323

Bldg - MWWd - Treatment Plants

Council District: 6	Priority Score: 83
Community Plan: Non City	Priority Category: High
Project Status: Continuing	Contact Information: Asgharzadeh, Iraj
Duration: 2007 - 2016	619-533-5105
Improv Type: Expansion	iasgharzadeh@sandiego.gov

Description: This project provides for upgrading the odor control system fans and ducting to reduce system headlosses and improve overall foul air collection efficiency at the various process areas. Access platforms will also be installed at monitoring instruments and damper locations. Approximately 34 percent of all Metro Sewer Utility Fund expenditures related to this project are funded by Participating Agencies.

Justification: Several areas at the Metro Biosolids Center (MBC) have been identified to cause significant odor problems due to foul air collection deficiencies because of insufficient fan capacity and high headlosses, including poorly located foul air collection registers. Installing access platforms at the monitoring instruments and air volume control dampers will provide safe and timely access for operation and maintenance needs.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is located on federal property and there is no community planning area. This project is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2012 and is scheduled to be completed in Fiscal Year 2014. Construction began in Fiscal Year 2013 and is scheduled to be completed in Fiscal Year 2015.

Summary of Project Changes: Total project cost increased by \$1 million due to revised requirements.

Metro Facilities Control Systems Upgrade / L10000

Bldg - MWWD - Treatment Plants

Council District: 1, 2	Priority Score: 72
Community Plan: University, Peninsula	Priority Category: Low
Project Status: Continuing	Contact Information: Azar, Hossein
Duration: 2010 - 2015	619-533-4102
Improv Type: Replacement	hazar@sandiego.gov

Description: This project provides for replacement and upgrade of existing control systems at various Metropolitan Wastewater treatment and pump station facilities. These include Metro Biosolids Center (MBC), North City Water Reclamation Plant (NCWRP), and Point Loma Water Treatment Plant (PLWTP). Approximately 34 percent of all Metro Sewer Utility Fund expenditures related to this project are funded by Participating Agencies.

Justification: This project is needed to provide replacement of existing control systems at various facilities. The existing control systems are microprocessor/computer-based. The life cycle of these systems is seven to 10 years. Replacement will also provide an upgrade in technology. The change in technology will provide the facilities with greater control system capabilities and are essential for future facility expansion.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the University and Peninsula Community Plans, and is in conformance with the City's General Plan.

Schedule: Design and construction began in Fiscal Year 2010 and are scheduled to be completed in Fiscal Year 2015.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Metro Treatment Plants / ABO00001

Council District: 2, 6, 7, 8
Community Plan: Peninsula, University, Tijuana River Valley
Project Status: Continuing
Duration: 2010 - 2021
Improv Type: Replacement

Bldg - MWWD - Treatment Plants

Priority Score: Annual
Priority Category: Annual
Contact Information: Hwang, Guann
 858-292-6476
 ghwang@sandiego.gov

Description: This annual allocation provides for replacement or improvements of facilities at Metro Treatment Plants: Point Loma Wastewater Treatment Plant (PLWTP), North City Water Reclamation Plant (NCWRP), South Bay Water Reclamation Plant (SBWRP), and Metro Biosolids Center (MBC). Approximately 34 percent of all Metro Sewer Utility Fund expenditures related to this project are funded by Participating Agencies.

Justification: Various facilities require replacement due to increasing wastewater flows and to be compliant with current regulatory requirements. This annual allocation will be considered an enhancement to the facility and does not include operation and maintenance.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Peninsula, Tijuana River Valley, and University Community Plans and is in conformance with the City's General Plan.

Schedule: Projects will be scheduled on a priority basis.

Summary of Project Changes: Total budget for Fiscal Year 2014 decreased by \$1.7 million over last fiscal year due to revised requirements.

Metropolitan System Pump Stations / ABP00002

Bldg - MWWD - Pump Stations

Council District: Citywide	Priority Score: Annual
Community Plan: Citywide	Priority Category: Annual
Project Status: Continuing	Contact Information: Hwang, Guann
Duration: 2010 - 2021	858-292-6476
Improv Type: Replacement	ghwang@sandiego.gov

Description: This annual allocation provides for comprehensive upgrades, design modifications, and renovations or replacement of equipment such as pumps, valves, tanks, controls, odor control systems, etc. at Metropolitan System Pump Stations 1, 2, Otay River and Grove Avenue. Approximately 34 percent of all Metro Sewer Utility Fund expenditures related to this project are funded by Participating Agencies.

Justification: These improvements will allow pump stations to run more efficiently and increase the reliability of the Metropolitan Wastewater System.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects will be scheduled on a priority basis.

Summary of Project Changes: Total budget for Fiscal Year 2014 has decreased by \$100,000 over last fiscal year due to revised requirements. Additionally, in Fiscal Year 2013 Council approved the deappropriation of \$3.0 million (R-308249).

Description: This annual allocation provides for the replacement of trunk sewers at various locations, including canyons, within the City limits. Approximately 34 percent of all Metro Sewer Utility Fund expenditures related to this project are funded by Participating Agencies.

Justification: This annual allocation provides for the upgrading of trunk sewers, to improve the level of service to residents of the City of San Diego and to comply with regulatory agencies by reducing the possibility of sewer spills.

Operating Budget Impact: None

Relationship to General and Community Plans: This project is consistent with the applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects will be scheduled on a priority basis.

Summary of Project Changes: Total budget for Fiscal Year 2014 decreased by \$17.7 million over last fiscal year due to revised requirements.

Miramar Clearwell Improvements / S11024

Bldg - Water - Standpipes

Council District: 5	Priority Score: 100
Community Plan: Scripps Miramar Ranch	Priority Category: High
Project Status: Continuing	Contact Information: Asgharzadeh, Iraj
Duration: 2011 - 2019	619-533-5105
Improv Type: Replacement	iasgharzadeh@sandiego.gov

Description: This project will construct two new clearwells just west of the Miramar Water Treatment Plant and a lift station after the filters.

Justification: This project will replace the existing clearwells at Miramar Water Treatment Plant. The existing clearwells were determined to have significant structural issues. The lift station will improve filter performance and increase hydraulic grade line to 712 feet.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Scripps Miramar Ranch Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2013 and is scheduled to be completed in Fiscal Year 2014. Construction is scheduled to begin in Fiscal Year 2016 and to be completed in Fiscal Year 2019.

Summary of Project Changes: Total project cost increased by \$7.5 million due to revised requirements.

Miramar Contract A Roof System Redesign / S13016

Bldg - Water - Treatment Plants

Council District: 5	Priority Score: 90
Community Plan: Scripps Miramar Ranch	Priority Category: High
Project Status: Continuing	Contact Information: Garcia, Alex
Duration: 2013 - 2014	619-533-3634
Improv Type: Replacement - Rehab	agarcia@sandiego.gov

Description: This project is to replace and/or rehab the leaking roof systems on buildings at the Miramar Water Treatment Plant (WTP) facility.

Justification: The Miramar WTP is a key facility within the City's water system that supplies nearly 50 percent of the City of San Diego's treated water demand. Leaks from the failing roof systems could result in a water treatment plant shutdown, potentially leaving customers out of water service.

Operating Budget Impact: None.

Relationship to General and Community Plans: This plan is consistent with the Scripps Miramar Ranch Community Plan and is in conformance with the City's General Plan.

Schedule: Planning is complete. Design/build began in Fiscal Year 2013 and is scheduled to be completed in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Miramar Water Treatment Plant Upgrade & Expansion / S00024

Bldg - Water - Treatment Plants

Council District: 5	Priority Score: N/A
Community Plan: Scripps Miramar Ranch	Priority Category: N/A
Project Status: Warranty	Contact Information: Asgharzadeh, Iraj
Duration: 1993 - 2014	619-533-5105
Improv Type: Expansion	iasgharzadeh@sandiego.gov

Description: This project provides for upgrades to and expansion of the Miramar Water Treatment Plant, including construction of state-of-the-art filters, rapid mix and de-aeration facilities, chlorine and chemical facilities, four flocculation and sedimentation basins, an ozone structure with generation equipment, site paving, landscaping, and an administration building.

Justification: The Safe Drinking Water Act, mandated by the Environmental Protection Agency and the Department of Public Health, dictates the need to upgrade the existing treatment plant. Increasing demands on the plant by the rapidly growing North City area also necessitate its expansion.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Scripps Miramar Ranch Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 1997 and continued through subsequent phases of work. Construction began on the initial phase of work in Fiscal Year 2001. All sub-phases are completed, with the exception of the Miramar WTP Landscape and Site Improvement phase. This phase is scheduled to be completed in Fiscal Year 2014.

Summary of Project Changes: In Fiscal Year 2013 Council approved the deappropriation of \$100,000 (R-308249).

Montezuma Pipeline/Mid-City Pipeline Phase II / S11026

Water - Distribution Sys - Distribution

Council District:	7, 9	Priority Score:	98
Community Plan:	College Area, Eastern Area (Mid-City), Navajo	Priority Category:	High
Project Status:	Continuing	Contact Information:	Asgharzadeh, Iraj
Duration:	2011 - 2018		619-533-5105
Improv Type:	Expansion		iasgharzadeh@sandiego.gov

Description: This project will construct a new 66-inch pipeline from the Alvarado Water Treatment Plant Clearwells to the existing 48-inch Mid-City Pipeline, which crosses Highway 8. Approximate pipeline length is 6,505 linear feet.

Justification: This project will give complete redundancy to the Trojan Pipeline and will add transmission capacity to all of San Diego, south of Highway 8. The project will provide a back-up supply for the aging 54-inch Trojan Pipeline that currently supplies the Mid-City Pipeline west of the 63rd Street inter-tie, a second supply line to the largest region of the Alvarado Water Treatment Plant service area, and a back-up service that will allow the Trojan Pipeline to be removed from service for inspection. In addition, the project provides connections for a new 69th and Mohawk Pump Station to become the lead supply to the Redwood Village (645 Zone).

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the College Area, Navajo, and Eastern Area Community Plans and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2013 and is anticipated to be completed in Fiscal Year 2015. Construction is scheduled to begin in Fiscal Year 2016 and be completed in Fiscal Year 2018.

Summary of Project Changes: Total project cost increased by \$494,396 due to revised requirements.

Montezuma Trunk Sewer / S00332

Wastewater - Collection Sys - Trunk Swr

Council District: 7, 9	Priority Score: 90
Community Plan: College Area	Priority Category: Medium
Project Status: Continuing	Contact Information: Spier, Carl
Duration: 2002 - 2014	619-533-5126
Improv Type: Expansion	cspier@sandiego.gov

Description: This project provides for the replacement of approximately 6,769 feet of the existing 12-inch and 15-inch trunk sewer with 21-inch pipe.

Justification: This trunk sewer will be upgraded with a larger pipe to accommodate future flow capacity.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the College Area Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2004 with final design completed in Fiscal Year 2011. Construction began in Fiscal Year 2012 and is scheduled to be completed in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to the project in Fiscal Year 2014.

Morena Reservoir Outlet Tower Upgrade / S00041

Bldg - Water - Reservoirs/Dams

Council District:	Non-city	Priority Score:	90
Community Plan:	Non City	Priority Category:	High
Project Status:	Continuing	Contact Information:	Azar, Hossein
Duration:	2001 - 2016		619-533-4102
Improv Type:	Betterment		hazar@sandiego.gov

Description: This project upgrades the outlet tower to meet seismic requirements, replaces the electrical system and outlet tower piping, interior and exterior valves, and platforms. It will add a 100-foot long, 6-foot wide pedestrian bridge from the dam to the outlet tower and two sluice gates at the emergency spillway.

Justification: The aging outlet tower components are in need of replacement for safety and ease of operation. Furthermore, the electrical system needs to be upgraded to meet current standards, provide better control, and provide safety and better accessibility.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is outside of the City limits and there is no community planning area. This project is in conformance with the City's General Plan.

Schedule: Design phase began in Fiscal Year 2012. Construction is scheduled to begin in Fiscal Year 2014 and be completed in Fiscal Year 2015.

Summary of Project Changes: Total project cost decreased by \$522,324 due to revised requirements.

Municipal Facilities Control Systems Upgrade / L10001

Bldg - MWWD - Treatment Plants

Council District:	1, 5	Priority Score:	72
Community Plan:	Torrey Pines, Miramar Ranch North	Priority Category:	Low
Project Status:	New	Contact Information:	Azar, Hossein
Duration:	2014 - 2016		619-533-4102
Improv Type:	Replacement		hazar@sandiego.gov

Description: This project provides for replacement and upgrade of existing control systems at Pump Station 64 and Penasquitos Pump Station.

Justification: This project is needed to provide replacement of existing control systems at various facilities. The existing control systems are microprocessor/computer-based. The lifecycle of these systems is seven to 10 years. Replacement will also provide an upgrade in technology. The change in technology will provide the facilities with greater control system capabilities and are essential for future facility expansion.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Torrey Pines and Miramar Ranch North Plans, and is in conformance with the City's General Plan.

Schedule: Design and construction will begin in Fiscal Year 2014 and is scheduled to be completed in Fiscal Year 2015.

Summary of Project Changes: This project is newly published and was approved by the City Council in Fiscal Year 2012 per resolution R-306745.

NCWRP Sludge Pump Station Upgrade / S00309

Bldg - MWWD - Pump Stations

Council District: 1	Priority Score: 82
Community Plan: University	Priority Category: Medium
Project Status: Continuing	Contact Information: Azar, Hossein
Duration: 2006 - 2015	619-533-4102
Improv Type: Replacement	hazar@sandiego.gov

Description: This project provides for the correction of a vibration problem at the North City Water Reclamation Plant (NCWRP) Sludge Pump Station. Approximately 34 percent of all Metro Sewer Utility Fund expenditures related to this project are funded by Participating Agencies.

Justification: Excessive vibration of the pump and flywheel contribute to wear and tear of equipment. The vibration also generates tremendous heat. The excessive vibration and heat can cause premature failure of equipment, impact operational efficiency, and have structural impacts at the facility.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2008 and was completed in Fiscal Year 2013. Construction is scheduled to begin and be completed in Fiscal Year 2014.

Summary of Project Changes: Total project cost has increased by \$150,000 due to revised requirements.

Reclaimed Water System - Pipelines

Priority Score: Annual
Priority Category: Annual
Contact Information: Hwang, Guann
 858-292-6476
 ghwang@sandiego.gov

Description: This annual allocation provides recycled water to the Northern Service Area extending from Black Mountain Road west, along the I-56 corridor, to Carmel Valley. Portions of the recycled water pipeline expansion have been completed; bringing service to Olivenhain Municipal Water District and the communities of Black Mountain Ranch and Santa Luz. Recycled water pipelines are planned in Carmel Valley, Pacific Highlands, Los Penasquitos Canyon, and Camino Del Sur. State Proposition 50 (Integrated Regional Water Management Plan) and Bureau of Reclamation Title 16 Grant funds are anticipated for this project.

Justification: Segments of recycled water pipelines have been constructed by private developers or Caltrans. The City needs to construct the remaining portions to complete the system and start delivering recycled water. The City also needs to expand the distribution system to customers already retrofitted to use recycled water.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: No significant change has been made to this project in Fiscal Year 2014.

Otay 1st/2nd PPL Abandon East of Highland Avenue / S11027

Council District: 4, 9	Priority Score: 77
Community Plan: City Heights (Mid-City), Eastern Area (Mid-City)	Priority Category: Low
Project Status: Continuing	Contact Information: Asgharzadeh, Iraj
Duration: 2011 - 2016	619-533-5105
Improv Type: Replacement	iasgharzadeh@sandiego.gov

Description: This project will abandon approximately 13,630 feet of aged 30-inch and 36-inch pipes, identified as Otay 1st and 2nd water transmission pipelines. These pipelines sections will be abandoned from Highland Avenue and Wightman Street east to 54th Street. This project will also install approximately 8,120 feet of new 16-inch distribution mains from a 12-inch line at University Avenue and Winona Avenue to 54th Street and Chollas Station Road.

Justification: This project will abandon approximately 13,630 feet of existing Cast Iron Cement Lined, Reinforced Concrete Steel Cylinder and Cement Mortar Lined Coated Steel pipes in accordance with California Department of Public Health's compliance order 04-14-96CO-022. These pipelines, constructed as early as 1915, have reached the end of their lifecycle and have become a liability to the City. In order to provide system redundancy and maintain distribution needs, approximately 8,120 feet of new 16-inch distribution mains will be installed.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Mid-City: City Heights and Eastern Area Community Plans and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2012 and was completed in Fiscal Year 2013. Construction is scheduled to begin in Fiscal Year 2014 and be completed in Fiscal Year 2015.

Summary of Project Changes: No significant change has been made to this project in Fiscal Year 2014.

Otay 1st/2nd PPL Abandon West of Highland Avenue / S12016

Council District:	3, 9	Priority Score:	91
Community Plan:	Greater North Park, City Heights	Priority Category:	Medium
Project Status:	Continuing	Contact Information:	Rubalcava, Eric
Duration:	2012 - 2017		858-654-4284
Improv Type:	Replacement		erubalcava@sanidiego.gov

Description: This project provides for replacement of the Otay 1st and 2nd Pipeline (west of Highland Avenue, along the existing Otay 2nd alignment). It will replace 14,572 linear feet of existing cast iron Otay 2nd Pipeline with a new 42-inch Wightman Street Pipeline, primarily along existing Otay 2nd alignment from Highland Avenue and Polk Avenue to the University Heights Reservoir at Howard Avenue and Idaho Street. The reach on Highland Avenue includes replacement of 1,328 linear feet of the existing cast iron Otay 1st Pipeline. It will also replace 10,896 linear feet of the cast iron Otay 1st Pipeline from Highland and Polk to the University Heights Reservoir with a 16-inch distribution line.

Justification: This project will develop a replacement and/or abandonment plan to remove the existing cast iron segments of pipeline west of Highland Avenue. Cast iron reaches of the Otay 1st and 2nd Pipelines are neither safe nor reliable facilities, and may contribute to poor water quality.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the City Heights and Greater North Park Community Plans and is in conformance with the City's General Plan.

Schedule: Design is scheduled to begin and be completed in Fiscal Year 2014. Construction is scheduled to begin in Fiscal Year 2015 and be completed in Fiscal Year 2017.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Description: This project provides funding to evaluate the condition of existing water pipelines and to make appropriate upgrades and replacements to the pipeline.

Justification: This pipeline was originally installed in 1928 and has exceeded its useful life expectancy of 60 years. Breaks in the pipeline have revealed severe pipe corrosion in certain locations, requiring upgrades and replacement.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Skyline-Paradise Hills and Southeastern San Diego Community Plans and is in conformance with the City's General Plan.

Schedule: Engineering studies and design began in Fiscal Year 1999 and were completed in Fiscal Year 2007. Project scheduling is contingent on the assessed condition of the pipeline.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Community Plan:	Non City	Priority Category:	N/A
Project Status:	Continuing	Contact Information:	Asgharzadeh, Iraj
Duration:	1993 - 2014		619-533-5105
Improv Type:	Expansion		iasgharzadeh@sandiego.gov

Description: This project provides for upgrading the treatment processes at the Otay Water Treatment Plant (Phases 1 and 2) to comply with the Safe Drinking Water Act standards. The Safe Drinking Water Act is a federal act, enforced by the State of California.

Justification: New standards required by the Safe Drinking Water Act dictate the need to upgrade the existing water treatment plant standards.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is outside of the City limits and there is no community planning area. This project is in conformance with the City's General Plan.

Schedule: Otay Water Treatment Plant (WTP) Phases 1 and 2 were completed in Fiscal Year 2012. The design/build contract for the Otay WTP Concrete Work project began in Fiscal Year 2013 and is scheduled to be completed in Fiscal Year 2014.

Summary of Project Changes: Sub-phase Otay Water Treatment Plant Upgrade and Expansion - Phase 2 was completed and closed in Fiscal Year 2013. Additionally, in Fiscal Year 2013, Council approved the appropriation of \$766,431 (R-307852) due to revised requirements.

PS2 Power Reliability & Surge Protection / S00312

Council District: 2	Priority Score: 90
Community Plan: Midway - Pacific Highway	Priority Category: High
Project Status: Continuing	Contact Information: Azar, Hossein
Duration: 2005 - 2018	619-533-4102
Improv Type: Expansion	hazar@sandiego.gov

Description: This project will improve the reliability of the Pump Station 2. It will also provide the required surge protection and backup power against an electrical outage in compliance with the Environmental Protection Agency (EPA) recommendation of standby power for essential facilities. Approximately 34 percent of all Metro Sewer Utility Fund expenditures related to this project are funded by Participating Agencies.

Justification: Sewer Pump Station 2 currently has three feeds from San Diego Gas and Electric (SDG&E). Two of the feeds are fed from the same substation. Neither of the two SDG&E substations provides 100% power to Pump Station 2. EPA guidelines recommend that facilities like Pump Station 2 be equipped with two separate and independent sources of electrical power provided from either two separate utility substations or from a single substation and a plant base generator. The current pump station electrical configuration does not comply with the EPA recommendations. Besides satisfying the EPA guidelines, it is also required that force main surge protection be provided at all times during pump station operation and in the event of a total power failure.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Midway/Pacific Highway Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2013 and is scheduled to be completed in Fiscal Year 2014. Construction will begin in Fiscal Year 2015 and is scheduled to be completed in Fiscal Year 2017.

Summary of Project Changes: Total project cost decreased by \$30,000 due to revised requirements.

Pacific Beach Pipeline South (W) / S12015

Council District:	2, 6	Priority Score:	85
Community Plan:	Pacific Beach, Midway - Pacific Highway, Mission Bay Park	Priority Category:	Medium
Project Status:	Continuing	Contact Information:	Gamboa, Wendy
Duration:	2012 - 2019		619-235-1971
Improv Type:	Expansion		wgamboa@sandiego.gov

Description: Replacement of approximately 7.33 miles of existing transmission and distribution mains known as Pacific Beach Pipeline along Ingraham Street, West Mission Bay Drive, Sports Arena Boulevard, Midway Drive, Enterprise Street, Pacific Highway, Kurtz Street, Hancock Street, California Street, West Walnut Avenue, Vine Street, and Kettner Boulevard from the Buena Vista Street and Ingraham Street intersection through the Upas and Kettner Boulevard intersection. The project also includes demolition of the existing Pacific Beach Reservoir, abandonment of existing 16-inch pipeline from this reservoir through Tourmaline Street and Foothill Boulevard, and replacement of adjacent water mains along West Mission Bay Drive from Mission Boulevard through Ingraham Street, along Hancock Street from Estudillo Street through Noell Street, along West Washington Street from Hancock Street through Pacific Highway, and along Anna Avenue from Pacific Highway to Lovelock Street.

Justification: This project is needed to replace cast iron pipe, provide supply reliability to Pacific Beach, improve water quality, reduce energy waste at the Miramar County Water Authority Pumpback facility, reduce peaking problems in the Miramar Water Treatment Plant service area, and to provide supply flexibility (Alvarado vs. Miramar).

Operating Budget Impact: None

Relationship to General and Community Plans: This project is consistent with the Midway-Pacific Highway, Mission Bay Park, and Pacific Beach Community Plans and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2013 and is anticipated to be completed in Fiscal Year 2016. Construction is scheduled to begin in Fiscal Year 2016 and be completed in Fiscal Year 2019.

Summary of Project Changes: Total project cost decreased by \$3.2 million due to revised requirements.

Description: This annual allocation provides for the rehabilitation and repair of deteriorated sewers and manholes at various locations within the municipal wastewater system.

Justification: This annual allocation provides for the extension of the useful life of sewers and manholes, improvements in the level of service to the residents of San Diego, and compliance with regulatory agencies' standards by reducing the possibility of sewer spills.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects will be scheduled on a priority basis.

Summary of Project Changes: Total budget for Fiscal Year 2014 increased by \$9.3 million over last fiscal year due to revised requirements.

Point Loma Grit Processing Improvements / S00315

Bldg - MWWD - Treatment Plants

Council District: 2	Priority Score: N/A
Community Plan: Peninsula	Priority Category: N/A
Project Status: Continuing	Contact Information: Asgharzadeh, Iraj
Duration: 2001 - 2015	619-533-5105
Improv Type: Replacement	iasgharzadeh@sandiego.gov

Description: This project provides for upgrading the existing grit removal process at the Point Loma Wastewater Treatment Plant which includes new grit agitation blowers enclosed in a sound dampening facility and the associated air piping. Approximately 34 percent of all Metro Sewer Utility Fund expenditures related to this project are funded by Participating Agencies.

Justification: The Point Loma Wastewater Treatment Plant has six aerated grit removal tanks. The plant is not achieving desirable grit removal because the existing grit processing equipment is unable to extract fine sand or silt. The grit accumulated downstream of the grit tanks reduces the efficiency of processing equipment and minimizes the biosolid treatment in the digesters.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Peninsula Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2001 and was completed in Fiscal Year 2012. Construction began in Fiscal Year 2012 and is scheduled to be completed in Fiscal Year 2015.

Summary of Project Changes: Total project increased by \$4.6 million due to revised requirements.

Priority Category: Annual
Contact Information: Hwang, Guann
 858-292-6476
 ghwang@sanidiego.gov

Description: This annual allocation provides for replacing existing pressure reducing stations or expanding pressure capacities to meet present and future water demands.

Justification: Increasing demands for water throughout the City requires pressure reducing stations to better control water pressure throughout the City's system. This annual allocation will continue to fund the replacement and expansion of pressure reduction facilities.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects will be scheduled on a priority basis.

Summary of Project Changes: Total budget for Fiscal Year 2014 decreased by \$1 million over last fiscal year due to revised requirements. Additionally, in Fiscal Year 2013 Council approved the deappropriation of \$150,000 (R-308249).

Project Status: Continuing	Contact Information: Hwang, Guann
Duration: 2010 - 2021	858-292-6476
Improv Type: Replacement	ghwang@sandiego.gov

Description: This annual allocation provides for the replacement of deteriorated municipal pumping equipment and/or pipeline appurtenances.

Justification: Many existing sewer pump stations have reached or exceeded their anticipated service life. However, because of the widely varying actual lengths of service life, the scheduling of pump station restorations is difficult. This project allows flexibility in replacing deteriorated pumping equipment.

Operating Budget Impact: None.

Relationship to General and Community Plans: This annual allocation is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects will be scheduled on a priority basis.

Summary of Project Changes: Total budget for Fiscal Year 2014 increased by \$444,842 over last fiscal year due to revised requirements.

Project Status:	Continuing	Contact Information:	Azar, Hossein
Duration:	2003 - 2014		619-533-4102
Improv Type:	Replacement		hazar@sandiego.gov

Description: This project provides for the upgrade of 23 pump stations, divided into four groups, located throughout San Diego. The upgrades involve providing new and backup pumps and motors, new control panels, new generators, redundant force mains, underground storage tanks, and miscellaneous civil work.

Justification: This project will provide for the upgrading of deteriorated pump stations, improvement of the level of service to the residents of San Diego, and compliance with regulatory agencies by reducing the impact of sewer spills.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the applicable community plans and is in conformance with the City's General Plan.

Schedule: Group I design began in Fiscal Year 2003 and was completed in Fiscal Year 2009. Construction began in Fiscal Year 2009 and was completed in Fiscal Year 2012. Group II design began in Fiscal Year 2008 and was completed in Fiscal Year 2010. Construction started in Fiscal Year 2011 and is scheduled to be completed in Fiscal Year 2014. Group III design began in Fiscal Year 2005 and was completed in Fiscal Year 2011. Construction started in Fiscal Year 2012 and is scheduled to be completed in Fiscal Year 2014. Group IV design was completed in Fiscal Year 2008. Construction began in Fiscal Year 2008 and was completed in Fiscal Year 2009.

Summary of Project Changes: In Fiscal Year 2013 Council approved the deappropriation of \$1.0 million (R-308249).

 jcasamassima@sandiego.gov

Description: This annual allocation provides for pipeline extensions of the City's Recycled Water Distribution System to serve potential customers adjacent or in close proximity to the existing system.

Justification: This project provides recycled water to customers served by the pipeline extensions.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Planned Northern Service Area recycled water extension projects over the next five years include Black Mountain Road, north of Westview Parkway, Camino Del Sur and Via Azul. Tentative South Bay projects include Plantel Way and Dennery Road.

Summary of Project Changes: Total budget for Fiscal Year 2014 decreased by \$400,000 over last fiscal year due to revised requirements. Additionally, in Fiscal Year 2013 Council approved the deappropriation of \$250,000 (R-308249).

Contact Information: Casamassima, Jennifer
 619-533-7402
 jcasamassima@sandiego.gov

Description: This annual allocation provides for supplying city facilities with the proper connections and metering for the new reclaimed water distribution system.

Justification: The City of San Diego has embarked on an aggressive water reclamation program to provide reclaimed water to large users of potable water for irrigation purposes. This will allow the City to increase its available potable water to serve new potential customers.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects will be scheduled on a priority basis.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Priority Category: N/A
Contact Information: Azar, Hossein
 619-533-4102
 hazar@sandiego.gov

Description: This project is needed to ensure that spills from the recycled water system flow into the sewer rather than the storm water system. This project would include 14 Pressure Reducing Station vaults to be retro-fitted to divert the drainage inside the vault from the storm drain to the sewer system, as required by the Regional Water Quality Control Board.

Justification: This project is needed to comply with the latest regulatory requirements of the Regional Water Quality Control Board that recycled water be drained to the sewer system rather than the storm drain system when emergency spills or main breaks occur inside the vaults.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the University, Black Mountain Ranch, Mira Mesa, and Scripps Miramar Ranch Community Plans and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2011 and was completed in Fiscal Year 2012. Construction began in Fiscal Year 2013 and is scheduled to be completed in Fiscal Year 2015.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

 ghwang@sandiego.gov

Description: This annual allocation provides for the upgrade and replacement of recycled water system components as necessary.

Justification: Replacement and upgrades are necessary for the ongoing operation of the recycled water system.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: Total budget for Fiscal Year 2014 decreased by \$1.3 over last fiscal year million due to revised requirements.

Project Status: Continuing
Duration: 2012 - 2017
Improv Type: Replacement

Reclaimed Water System - Reservoirs

Priority Score: 26
Priority Category: Medium
Contact Information: Rubalcava, Eric
 858-654-4284
 erubalcava@sandiego.gov

Description: This project provides four recycled water tank drain modifications to comply with new regulatory requirements. The tanks being modified are the 9 million gallon (mg) Miramar Recycled Water Tank, the 9mg Tank Automated Chlorination Facility, and the 9mg Tank Reservoir Management System (two mixers inside the tank).

Justification: This project is needed in order to comply with the latest regulatory requirements of the Regional Water Quality Control Board that recycled water be drained to the sewer system rather than the storm drain system.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with Scripps Miramar Ranch, Rancho Penasquitos, and Tijuana River Valley Community Plans and is in conformance with the City's General Plan.

Schedule: Design is scheduled to begin in Fiscal Year 2014 and be completed in Fiscal Year 2015. Construction is scheduled to begin in Fiscal Year 2016 and be completed in Fiscal Year 2017.

Summary of Project Changes: Total project cost increased by \$20,594 due to revised requirements.

SBWR Plant Demineralization / S00310

Bldg - MWWd - Treatment Plants

Council District: 8	Priority Score: 77
Community Plan: Tijuana River Valley	Priority Category: Medium
Project Status: Continuing	Contact Information: Asgharzadeh, Iraj
Duration: 2006 - 2014	619-533-5105
Improv Type: Expansion	iasgharzadeh@sandiego.gov

Description: This project provides demineralization of reclaimed water using the Electrodialysis Reversal (EDR) process. The project will relocate two trailer mounted EDR units from the North City Water Reclamation Plant to the South Bay Water Reclamation Plant to reduce the Total Dissolved Solids (TDS) in the reclaimed water. Approximately 34 percent of all Metro Sewer Utility Fund expenditures related to this project are funded by Participating Agencies.

Justification: The majority of reclaimed water is used for irrigation. Demineralization will reduce the level of total dissolved solids in the reclaimed water.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Tijuana River Valley Community Plan and is in conformance with the City's General Plan.

Schedule: This design/build contract began in Fiscal Year 2013 and is anticipated to be completed in Fiscal Year 2014.

Summary of Project Changes: Total project decreased by \$12.7 million due to a scope reduction from building the demineralization facility to relocating two existing EDR units.

Bldg - Water - Pump Stations

Council District: 5	Priority Score: 80
Community Plan: Scripps Miramar Ranch, Miramar Ranch North	Priority Category: Medium
Project Status: Continuing	Contact Information: Asgharzadeh, Iraj
Duration: 2010 - 2014	619-533-5105
Improv Type: Expansion	iasgharzadeh@sandiego.gov

Description: This project provides for the construction of a new pump station with a total pump station capacity of 17.2 million gallons per day. This pump station will replace the Scripps Miramar pump as the lead pump to the 1020 zone (Scripps Ranch Pump Station).

Justification: The existing pump station is past its useful lifespan and has become inefficient and unreliable and lacks adequate fire flow capacity.

Operating Budget Impact: None.

Relationship to General and Community Plans: This plan is consistent with the Scripps Miramar Ranch and Miramar Ranch North Community Plans and is in conformance with the City's General Plan.

Schedule: Design/Build contract began in Fiscal Year 2012 and is scheduled to be completed in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Project Status: Continuing	Contact Information: Hwang, Guann
Duration: 2010 - 2021	858-292-6476
Improv Type: Replacement	ghwang@sandiego.gov

Description: This annual allocation provides for seismic retrofits and upgrades to existing facilities to protect the water system in case of an earthquake.

Justification: Many existing facilities throughout the City have serious structural and seismic deficiencies. This annual allocation provides funding to upgrade these facilities to meet current compliance requirements and guidelines. This project allows City crews the ability to rapidly restore water services to affected areas after a large earthquake.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: Total budget for Fiscal Year 2014 decreased by \$50,000 over last fiscal year due to revised requirements.

Reclaimed Water System - Pipelines

Priority Score: N/A
Priority Category: N/A
Contact Information: Phung, Tung
 858-292-6425
 tphung@sandiego.gov

Description: This project acquires a pipeline that was installed by the Metropolitan Wastewater Department at Dairy Mart Road. It is approximately 4,145 linear feet of 30-inch diameter, ductile iron pipe, polyurethane lined and coated. A cathodic protection system is in place on this project. Subsequently, additional sub-projects will be created to form a distribution system for reclaimed water produced at the South Bay Water Reclamation Plant.

Justification: One of the requirements of the Ocean Pollution Reduction Act Consent Decree Agreement between the City, the State of California, and the Environmental Protection Agency is the beneficial reuse of Title 22 reclaimed water.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the San Ysidro and Tijuana River Valley Community Plans, and is in conformance with the City's General Plan.

Schedule: All pipelines for this project have been completed. The final phase of this project was the installation of a mag-meter assembly to facilitate recycled water billings to the Otay Water District. Project construction began in Fiscal Year 2012 and was completed in Fiscal Year 2013.

Summary of Project Changes: This project will be closed by the end of the fiscal year.

Council District:	Citywide	Priority Score:	Annual
Community Plan:	Citywide	Priority Category:	Annual
Project Status:	Continuing	Contact Information:	Hwang, Guann
Duration:	2010 - 2021		858-292-6476
Improv Type:	Replacement		ghwang@sandiego.gov

Description: This annual allocation provides for reconstructing standpipes and reservoirs to improve operations and extend their service life.

Justification: Many existing standpipes and reservoirs in the water system have deteriorated to a point where they must be reconstructed or replaced to meet the current Occupational Safety and Health Act and Environmental Protection Agency safety and water quality standards.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is in compliance with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: Total budget for Fiscal Year 2014 decreased by \$5.1 million over last fiscal year due to revised requirements.

Project Status: Continuing	Contact Information: Azar, Hossein
Duration: 2010 - 2015	619-533-4102
Improv Type: Expansion	hazar@sandiego.gov

Description: This project provides for a new station with a total pump station capacity of 13.9 million gallons per day (MGD), and 2,900 feet of 16-inch transmission mains. It will replace the existing temporary Tierrasanta Pump Station and Via Dominique Pump Station, and will serve the Tierrasanta Norte 900 Zone and the Tierrasanta 752 Zone.

Justification: The existing pump stations are past their useful life and are heavily deteriorated and inefficient.

Operating Budget Impact: None.

Relationship to General and Community Plans: This plan is consistent with the Tierrasanta Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2013 and is scheduled to be completed in Fiscal Year 2014. Construction will begin in Fiscal Year 2014 and is scheduled to be completed in Fiscal Year 2015.

Summary of Project Changes: Total project cost increased by \$2.1 million due to revised requirements.

 erubalcava@saniego.gov

Description: This project provides for the replacement of approximately 31,496 linear feet of the existing 16-inch cast iron pipe along Torrey Pines Road and La Jolla Boulevard.

Justification: This project is necessary to prevent water pipe breaks and to ensure a continuous water supply to the La Jolla community.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Schedule: This project was scheduled with multiple phases. Construction of the Fay Avenue Realignment segment was completed in Fiscal Year 2002. Construction of Phase I was completed in Fiscal Year 2006. The Pacific Beach Water Main Accelerated Replacement construction was completed in Fiscal Year 2006. Phase II construction was completed in Fiscal Year 2007. Design of the La Jolla Shores Drive 16-inch Water Main Replacement (Phase III) was put on hold in Fiscal Year 2006 at 90% completion due to funding issues. In Fiscal Year 2009 the project restarted, however due to revised project requirements, the design was redone and completed in Fiscal Year 2011. Construction began in Fiscal Year 2012 and was completed in Fiscal Year 2013.

Summary of Project Changes: In Fiscal Year 2013 Council approved the deappropriation of \$300,000 (R-308249). This project is complete and will be closed by the end of the fiscal year.

Project Status: Warranty	Contact Information: Amen, Rania
Duration: 2002 - 2014	619-533-5492
Improv Type: Replacement	ramen@sandiego.gov

Description: This United States International University (USIU) Trunk Sewer project provides for the replacement of the existing 2.2-mile trunk sewer. The trunk sewer starts on the west side of Interstate 15, proceeds east through Scripps/Miramar Horse Ranch and continues east on the edge of Pomerado Road to 500 feet east of Avenida Magnifica.

Justification: This project will provide for the upsizing of the trunk sewer to meet build-out capacity.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Scripps Miramar Ranch and Mira Mesa Community Plans and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2002 and was completed in Fiscal Year 2011. Construction began in Fiscal Year 2011 and was completed in Fiscal Year 2013.

Summary of Project Changes: In Fiscal Year 2013 Council approved the deappropriation of \$1.0 million (R-308249). This project is complete and will be closed by the end of the year.

University Ave Pipeline Replacement / S11021

Water - Distribution Sys - Distribution

Council District: 3	Priority Score: 93
Community Plan: Uptown, Greater North Park	Priority Category: High
Project Status: Continuing	Contact Information: Asgharzadeh, Iraj
Duration: 2011 - 2017	619-533-5105
Improv Type: Replacement	iasgharzadeh@sandiego.gov

Description: This project replaces 23,072 linear feet of the existing cast iron University Avenue Pipeline with a new 16-inch distribution line along the entire alignment of the pipeline. This project will connect crossing distribution lines at all intersections, and re-connect all services, including lining or sleeving of freeway crossings, where necessary.

Justification: Cast iron reaches of the University Avenue Pipeline are neither safe nor reliable facilities and may contribute to poor water quality. An active approach is recommended because of high risks and consequences of pipe failure. The University Avenue Pipeline was built in 1912 and lined with concrete in 1974. The replacement of cast-iron pipes is mandated by the California Department of Public Health's (CDPH) Compliance Order.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Uptown and Greater North Park Community Plans and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2012 and is scheduled to be completed in Fiscal Year 2014. Construction is scheduled to begin in Fiscal Year 2015 and be completed in Fiscal Year 2017.

Summary of Project Changes: Total project cost increased by \$5.2 million due to revised requirements.

Description: This annual allocation provides for repair and replacement of municipal sewers in need of emergency or unscheduled repairs.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Justification: This annual allocation provides for emergency repairs and replacement of sewer pipeline to avoid failures of the Municipal Sewer System.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Operating Budget Impact: None.

Upas Street Pipeline Replacement / S11022

Council District: 2, 3	Priority Score: 93
Community Plan: Uptown, Greater North Park, Midway - Pacific Highway	Priority Category: High
Project Status: Continuing	Contact Information: Asgharzadeh, Iraj
Duration: 2011 - 2017	619-533-5105
Improv Type: Replacement	iasgharzadeh@sandiego.gov

Description: This project replaces 21,000 linear feet of existing cast iron Upas Street Pipeline with a new 16-inch and 30-inch line from 30th and Upas to Upas and Front Street. It will abandon 2,546 linear feet of existing cast iron Upas Street Pipeline from Upas and Front to West Upas and Ibis Street and replace 250 linear feet of cast iron Upas Street Pipeline with a new 8-inch line from West Upas and Ibis to West Upas and Jackdaw Street. It will also abandon 1,902 linear feet of Upas Street Pipeline from West Upas and Jackdaw to the west side of California Street and replace 249 linear feet of cast iron Upas Street Pipeline with new 16-inch lines from the Pacific Beach Pipeline west of California Street to the 12-inch connection west of Pacific Highway.

Justification: This project is needed because the cast iron reaches of the Upas Street Pipeline, and associated Pressure Regulating Stations, are neither safe nor reliable facilities, and may contribute to poor water quality. An active approach is recommended because of high risks and consequences of pipe failure. The Upas Street Pipeline was built in 1940. The replacement of cast iron pipes is mandated by the California Department of Public Health's (CDPH) Compliance Order.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Uptown, Greater North Park, and Midway-Pacific Highway Community Plans and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2012 and is scheduled to be completed in Fiscal Year 2014. Construction is scheduled to begin in Fiscal Year 2014 and be completed in Fiscal Year 2017.

Summary of Project Changes: Total project cost increased by \$3.6 million due to revised requirements.

Water - Distribution Sys - Distribution

Council District: 2	Priority Score: 90
Community Plan: Pacific Beach	Priority Category: Medium
Project Status: Continuing	Contact Information: Garcia, Alex
Duration: 2013 - 2018	619-533-3634
Improv Type: Expansion	agarcia@sandiego.gov

Description: This project is in the Pacific Beach Community and provides for the replacement of 30,879 linear feet of various pipe materials and sizes consisting of three, 184 linear feet of asbestos concrete (AC) 6-inch, 8-inch, 10-inch and 16-inch pipes, 27,514 linear feet of cast iron (CI) 8-inch, 10-inch and 16-inch pipes; and 181 linear feet of polyvinyl chloride (PVC) 12-inch pipe.

Justification: The majority of Pacific Beach Community pipelines are made of cast iron and are due for replacement in accordance with California Department of Public Health's (CDPH) Compliance Order 04-14-96CO-022. This project is intended to reduce maintenance and improve service.

Operating Budget Impact: None.

Relationship to General and Community Plans: This plan is consistent with the Pacific Beach Community Plan and is in conformance with the City's General Plan.

Schedule: Planning began in Fiscal Year 2012 and was completed in Fiscal Year 2013. Design began in Fiscal Year 2013 and is anticipated to be completed in Fiscal Year 2016. Construction is scheduled to begin in Fiscal Year 2016 and be completed in Fiscal Year 2018.

Summary of Project Changes: Fiscal Year 2014 funding decreased by \$1.15 million which was deferred until Fiscal Year 2017.

Project Status: Continuing	Contact Information: Spier, Carl
Duration: 2011 - 2014	619-533-5126
Improv Type: Replacement	cspier@sandiego.gov

Description: This project provides for the removal and replacement of 26,732 linear feet (5.3 miles) of 6-inch, 8-inch, 12-inch and 16-inch of cast iron mains (CI) and 1029 linear feet of asbestos concrete (AC) pipes in the 6-inch and 8-inch diameter range in the Mid-City areas of City Heights, Kensington-Talmadge and the Eastern Area communities. All of these mains are being replaced with polyvinyl chloride (PVC) pipelines.

Justification: Water mains require replacement due to their deteriorated condition or size limitation. The existing cast iron system is either approaching or has exceeded its expected life. The replacement of cast iron pipes is mandated by the California Department of Public Health's (CDPH) Compliance Order.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Mid-City City Heights, Kensington-Talmadge, and Eastern Area Community Plans and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2008 and was completed in Fiscal Year 2011. Construction began in Fiscal Year 2012 and is scheduled to be completed in Fiscal Year 2014.

Summary of Project Changes: In Fiscal Year 2013 Council approved the deappropriation of \$1.5 million (R-308249).

Wet Weather Storage Facility / S00314

Bldg - MWWD - Administration Struct

Council District:	1, 2, 6	Priority Score:	83
Community Plan:	University, Clairemont Mesa, Mission Bay Park, Peninsula	Priority Category:	High
Project Status:	Continuing	Contact Information:	Llagas, Margaret
Duration:	1999 - 2017		858-654-4494
Improv Type:	Expansion		mllagas@sanidiego.gov

Description: This project includes the implementation of the Emergency Live Stream Discharge of reclaimed water from the North City Reclamation Plant during heavy rain events to reduce the capacity demand on the downstream sewer system and facilities. This project also includes constructing a seven million gallon underground storage tank at Liberty Station to provide hydraulic relief to Pump Station 2, the South and North Metro Interceptors, and the major trunk sewers. Approximately 34 percent of all Metro Sewer Utility Fund expenditures related to this project are funded by Participating Agencies.

Justification: The facility will reduce the risk of potential wet weather overflows, which may be caused by the capacity limitation of Pump Station 2 during extreme rainfall events.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Peninsula, University, and Clairemont Mesa Community Plans, and Mission Bay Park Master Plan and is in conformance with the City's General Plan.

Schedule: A feasibility study for wet weather intermittent stream discharge was completed in Fiscal Year 2012. Construction of the facilities required for the wet weather intermittent stream discharge is scheduled to begin in Fiscal Year 2016 and be completed in Fiscal Year 2017.

Summary of Project Changes: Total project cost decreased by \$80 million due to revised requirements.

Public Works - General Services

Page Intentionally Left Blank

Public Works - General Services

The Public Works-General Services Department's Facilities Division provides repair, modernization, and improvement services to over 1,700 municipal facilities incorporating nine million square feet of floor space.

The Facilities CIP projects include the construction of new City structures and major improvements to existing buildings, including the backlog of General Fund deferred capital requirements. Other projects bring City buildings into compliance with the Americans with Disabilities Act (ADA). The Public Works-General Services CIP is funded by deferred capital bond proceeds, the Capital Outlay Fund, the General Fund, and federal grants.

The Fleet Services Division has a CIP project that will expand the existing fitting facility which is funded through its Equipment Division Fund.

2013 CIP Accomplishments

Projects throughout the City completed under the Department's City Facilities Improvements annual allocation included:

- Elevator modernization projects at the Air & Space Museum, Casa de Balboa, Casa del Prado, Old Globe Theater, and Rancho Bernardo Library.
- Heating, Ventilation, and Air Conditioning (HVAC) installations at the Martin Luther King (MLK) Recreation Center, Police Mid-City Communications Center, Casa del Balboa, and Museum of Man.
- Electrical systems upgrades.
- Plumbing systems upgrades to the Central Library.
- Fire sprinklers installation at the City Administration Building.
- Roof repairs at Police, Fire, Library, and Park & Recreation Department buildings.
- Roof replacement at the Eastern Police Station.

Projects throughout the City completed under the Department's Disability Services ADA annual allocation included:

- Police Storefront ADA Improvements.
- Silver Wing Recreation Center ADA Improvements.
- Mira Mesa Library ADA Improvements.
- Mission Valley Library ADA Improvements.
- Curb Ramps with obstruction in Greater North Park.
- Audible Signals in five Council Districts (1, 2, 3, 5, and 6).
- Missing Sidewalks, Curb Ramps, Audible/Accessible Pedestrian Signals & Sidewalks were installed with the City of San Diego as identified through the Disability Services' Complaint Database.

2014 CIP Goals

The ADA Improvements budget totaling \$1.2 million includes several barrier removal projects, many of which are anticipated to be completed in Fiscal Year 2014. In addition, HVAC upgrades to the Casa del Prado, plumbing system upgrades to the Spanish Village, and the Municipal Gymnasium roof replacement are scheduled to be completed in Fiscal Year 2014.

Americans with Disabilities Improvements / ABE00001

Bldg - Other City Facility / Structures

Council District: Citywide	Priority Score: Annual
Community Plan: Citywide	Priority Category: Annual
Project Status: Continuing	Contact Information: Madison, Susan
Duration: 2010 - 2020	619-236-5985
Improv Type: Replacement	smadison@sandiego.gov

Description: This annual allocation provides for City facilities and public right-of-way improvements related to the Americans with Disabilities Act (ADA).

Justification: ADA improvements will allow greater access to City facilities and the public right-of-way.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects will be scheduled on a priority basis. Since 2008, City Council has approved approximately \$39.4 million of land sale proceeds, Development Impact Fees (DIF), Community Development Block Grant (CDBG), and bond funding to support citywide ADA improvements.

Summary of Project Changes: An additional \$1.2 million in Development Impact Fees (DIF) funding is allocated to this project in Fiscal Year 2014.

City Administration Building / S00819

Bldg - Other City Facility / Structures

Council District: 3	Priority Score: N/A
Community Plan: Centre City	Priority Category: N/A
Project Status: Continuing	Contact Information: Cetin, Elif
Duration: 2000 - 2014	619-533-4640
Improv Type: Betterment	ecetin@sandiego.gov

Description: This project provides for the installation of a fire sprinkler system and upgrading the existing fire alarm system at the City Administration Building located at 202 C Street in Centre City. Phase I provided for the installation of fire sprinklers on the 10th, 14th, and 15th floors. Phase II provided for the installation of eight-inch stand pipes and eight-inch basement lateral pipes. Phase III provided for the installation of sprinklers in the basement and on the 11th and 13th floors and a fire alarm system in the basement and on the 10th, 11th, and 13th floors. Included in Phase III was abatement of amosite ceiling tile on the 11th floor. Phase IV will provide for the installation of sprinklers and alarm system for the 1st through the 9th, and 12th floors and installation of a new generator.

Justification: The project will provide much needed improvements necessary to ensure the safety of the building occupants.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Centre City Community Plan and is in conformance with the City's General Plan.

Schedule: Phases I, II, and III were completed in Fiscal Years 2000, 2002, and 2003, respectively. Phase IV began in Fiscal Year 2012 and is anticipated to be completed in Fiscal Year 2014.

Summary of Project Changes: Since Fiscal Year 2013, the total project cost was reduced by approximately \$925,000 of bond financing which was reallocated to other deferred maintenance projects. This project is fully funded and is anticipated to be completed in Fiscal Year 2014.

Description: This annual allocation provides for capital improvements at City facilities. Potential improvements include roof, heating, ventilation, air-conditioning, and elevator replacements.

Justification: Several City-owned facilities are aged and in need of repair. High-priority repairs will be completed with this project. Funding for this annual allocation will ensure the facilities remain safe.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects will be scheduled on a priority basis.

Summary of Project Changes: Approximately \$80.4 million of bond financing is scheduled for building projects through Fiscal Year 2018. Based on a General Fund supported buildings condition assessment conducted in November 2011, the City will need an estimated \$57.6 million of additional unidentified funding to address the remaining deferred capital needs. The City is planning to conduct a Citywide facilities condition assessment beginning in Fiscal Year 2014.

 adarvishi@sandiego.gov

Description: This project allows for the expansion of the existing vehicle fitting facility located at the Chollas Operations Yard. The expansion will increase the facility from one service bay to six service bays and will include office space. The project will also provide equipment necessary for operations.

Justification: The fitting facility is responsible for outfitting new vehicles and placing them into service as well as preparing retired vehicles for auction. With the consolidation of the fleet to include Police and Fire-Rescue vehicles, the workload has significantly increased. Additionally, as part of the fleet consolidation, the repair facility located at 20th and B was closed. The vehicles serviced at that location, as well as the personnel, were transferred to the repair facility at the Chollas Operations Yard. The existing building does not have sufficient space to accommodate the personnel or other operational needs.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Southeastern (Encanto Neighborhoods) Community Plan and is in conformance with the City's General Plan.

Schedule: This project is currently on hold pending a review of Fleet Services capital funding requirements and reprioritization of projects.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Duration: 2010 - 2020	619-525-8544
Improv Type: Betterment	jmontoya@sandiego.gov

Description: This annual allocation provides needed roof replacements at various City facilities. This project has funded various roof replacements including the Museum of Art, Museum of Man, Old Globe Theater, and Bud Kearns Pool.

Justification: This annual provides roof replacements for various city facilities that are beyond their life-cycle and are in need of total roof replacements. Leaky roofs damage other building infrastructure and building systems (electrical, interiors, carpets, etc.) increasing repair or replacement costs. Sustainable maintained roofs preserve the life-cycle expectancy of a building.

Operating Budget Impact: None

Relationship to General and Community Plans: This project is consistent with the applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

QUALCOMM Stadium

Page Intentionally Left Blank

QUALCOMM Stadium

Qualcomm Stadium is a 70,500 seat sports stadium that hosts the San Diego Chargers, San Diego State University Aztecs, the annual Holiday and Poinsettia Bowls, plus Supercross and monster truck events and major religious conventions. The Stadium hosts over one-million visitors every year. The 166-acre stadium site opened in 1967, and is now in its 46th year of operation. The Stadium parking lot spans 122 acres. The CIP budget supports the implementation of projects that keep the 46 year-old stadium in the type of condition that contributes to the fan experience and keeps San Diego in the forefront for large scale, national events. Funding for Capital Improvements Program projects comes from Qualcomm Stadium revenue.

2013 CIP Accomplishments

Capital improvements are vital to the continuing operation of the stadium. For Fiscal Year 2013, these improvements included:

- Modernization of an existing 42 year-old freight elevator.
- Emergency concrete repairs.

2014 CIP Goals

The CIP Goals for Fiscal Year 2014 remain as critical to stadium operations as ever. As the stadium continues to age, more investment in the upkeep of the venue will be required. To remain true to commitments to clients, vendors, and customers, the CIP budget will be needed to support:

- Back-up lighting replacement.
- Roof replacement.
- Transformer replacement.
- In-house audio and video system upgrades.
- Renovation of broadcast booths.

Improv Type: Betterment	lmedina@sandiego.gov

Description: This annual allocation provides for needed improvements at QUALCOMM Stadium, including the emergency back-up lighting system, training center HVAC and roof replacement, parking lot, and stadium seating areas.

Justification: QUALCOMM Stadium enriches the quality of life through a variety of hosted events, and serves as a visitor attraction that strengthens the local economy. As the stadium ages, regular upgrades and renovations are required for various components of the facility.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Mission Valley Community Plan and is in conformance with the City's General Plan.

Schedule: Design and construction will be phased in accordance with the scope of various projects.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Special Promotional Programs

Page Intentionally Left Blank

Special Promotional Programs

Special Promotional Programs are intended to advance the City's economy by promoting the City of San Diego as a visitor destination in the national and international market place. The Department also supports programs that increase hotel occupancy and develops and enhances visitor-related facilities. The Department's Capital Improvements Program project will expand the existing Convention Center to accommodate larger events, increase attendance, and provide significant economic benefits. Funding for the initiation of this project was made available by the Convention Center.

2014 CIP Goals

A concept design for the Convention Center expansion is anticipated to be completed by the end of the fiscal year.

Bldg - Other City Facility / Structures

Council District: 2	Priority Score: N/A
Community Plan: Centre City	Priority Category: N/A
Project Status: Continuing	Contact Information: Greenhalgh, Darren
Duration: 2012 - 2016	619-533-6600
Improv Type: Expansion	dgreenhalgh@sandiego.gov

Description: This project provides for the expansion of the existing San Diego Convention Center. The expansion will increase the existing leasable space by approximately 225,000 square feet of exhibit hall, 101,000 square feet of meeting rooms, and 80,000 square feet of ballrooms for an approximate total of 405,000 square feet.

Justification: The existing facility cannot accommodate some of the larger major events, which leads to the loss of events to other venues. The expansion is expected to increase the attendance and numbers of events held at the facility and provide significant economic benefits to the region such as tax revenues and permanent jobs.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Centre City community plan and is in conformance with the City's General Plan.

Schedule: Concept design work began prior to Fiscal Year 2012 and is anticipated to be completed by the end of the fiscal year. The estimated project total and schedule was developed prior to Fiscal Year 2012 by the Convention Center. The design and construction schedule will be revised when the financing plan is approved and funding becomes available.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Transportation & Storm Water

Page Intentionally Left Blank

Transportation & Storm Water

The Transportation & Storm Water Department's Capital Improvements Program includes roadway infrastructure and drainage improvements within the public right-of-way. The Department's Street Division manages the City's roadway infrastructure of 2,659 centerline miles of asphalt streets and 115 centerline miles of concrete streets. The Division is also responsible for the planning and programming of capital improvement projects which include resurfacing, reconstruction, and replacement of streets and sidewalks. The Department's Traffic Engineering Operations Division is responsible for engineering traffic systems to improve traffic flow and safety for motorists, pedestrians, and cyclists.

The Department's Storm Water Division leads the City's efforts to protect and improve water quality through capital improvement projects focused on providing the most efficient storm drain system and meeting Best Management Practices (BMPs) to capture or treat storm water runoff.

The Utilities Undergrounding Program plans for the removal of utility lines (electric, phone, cable) and affiliated poles from overhead for relocation underground. Although the City has been undergrounding overhead utility lines since 1970, the City's program expanded in 2003 following the California Public Utilities Commission approval of an undergrounding surcharge on San Diego residents' electricity bills. This surcharge is the primary funding source for the program. The expanded program is planning to underground a total of 1,439 miles. The Utilities Undergrounding Program also replaces curb ramps along the utility lines as part of the undergrounding process. During the last ten years, the Program replaced approximately 1,500 curb ramps.

Funding for the Department's projects comes from a variety of sources such as development impact fees, facilities benefit assessments, deferred capital project bond financing, TransNet, and grants.

2013 CIP Accomplishments

In Fiscal Year 2013, the Transportation & Storm Water Department initiated, and the Public Works Department completed, capital projects which included the construction of many pedestrian, roadway, and traffic improvement projects in addition to resurfacing approximately 75 miles of streets.

Completed transportation projects include the following:

- La Jolla Village Drive and I-805 Ramp project widened the overpass, added auxiliary lanes, bike lanes and reconfigured the interchange to provide greater capacity and traffic circulation improvements to this heavily used interchange.
- Carroll Canyon Road Extension located at I-805 extended Carroll Canyon Road from Scranton Road to Sorrento Valley via a modified four-lane collector. In a cooperative effort with Caltrans, this project also included Direct Access Ramps (DARs), which serve I-805 at pre-selected points.
- Sidewalk Group B replaced multiple sidewalks including 54th Street, Muir Street, and West Point Loma Boulevard.
- Skyline Drive Improvements enhanced traffic flow and corridor walkability.
- Several bikeway projects were completed at various locations.

To improve storm drain infrastructure, the Department completed the construction of 10 projects that included:

- Kellogg Park Green Lot was a large scale water quality improvement project designed to remove pollutants from storm water prior to entering sensitive ocean habitat off of La Jolla

Transportation & Storm Water

Cove. By the end of Fiscal Year 2013, the Storm Water Division was also able to complete another water quality improvements project which was the green street project along Mt. Abernathy Avenue.

- Via Esprillo Storm Drain Repair project was an emergency repair that installed new storm drain pipe and restored a failed slope in an industrial park. Other repair projects completed this year include: Arden Way, La Cresta Drive, Judy Lee Avenue, Nye Street, North Talmadge Drive, 46th Street, and Maryland Avenue.

The Utilities Undergrounding Program relocated 12.1 miles of overhead utilities in Fiscal Year 2013.

2014 CIP Goals

In Fiscal Year 2014, the Department plans to resurface 80 miles of roads, complete the construction of many pedestrian, roadway, and traffic improvements projects, and establish new transportation projects including sidewalks, traffic calming, signal modifications, street lights, bridge rehabilitation, and bicycle facilities.

Projects scheduled to be completed in Fiscal Year 2014 include:

- Palm Avenue Roadway Improvements to improve vehicular and traffic safety on Palm Avenue from Beyer Way to Interstate 805.
- Juan Street Concrete Street to replace existing concrete pavement on Juan Street from Taylor Street to Sunset Road.
- Cherokee Street Improvements to reconstruct the curbs, gutters, and sidewalks on Cherokee Avenue from Monroe Avenue to East Mountain View Drive.
- Ted Williams Pedestrian Bridge to increase pedestrian safety.
- Talbot Street Slope Restoration project to stabilize the eroded slope and protect Talbot Street.
- Azalea Park Artistic Enhancement is part of a community revitalization effort including pedestrian and vehicular enhancements as well as community identification signage.
- San Diego River Multi-Use Path to increase mobility and safety for bicyclists and pedestrians along the north side of the San Diego River from Hazard Center Drive to Fashion Valley.
- Poway Road Bicycle Path - Class 1 to construct a path for combined pedestrian and bicycle travel easterly along the south side of Poway Road from the Interstate 15 Poway Road interchange to Sabre Springs Parkway.
- Saturn Boulevard Roadway Improvements to widen the west side of Saturn Boulevard north of Grove Avenue.
- Clairemont Mesa Boulevard and State Route 163 westerly ramp reconfiguration.
- Juniper Street Sidewalk to construct a new sidewalk along the north side of Juniper Street between Fenton Street and Westland Avenue, remove and replace guardrails, and add three retaining walls.

In addition, the Storm Water Division is scheduled to complete the construction of 16 pipeline replacement and water quality projects. Projects in design that are planned to be completed in Fiscal Year 2014 are Avocado Place Storm Drain Replacement, Norma Drive Storm Drain Replacement, Princess View Drive Storm Drain Replacement, Fontaine Street Storm Drain Replacement, 34th Street Storm Drain Replacement, Manhasset Drive Storm Drain Replacement, San Remo Way Storm Drain Replacement, and repairs at Storm Water Pump Station D. In addition, the Division will implement the first of its kind storm drain pipe lining project. This project will rehabilitate deteriorated

Transportation & Storm Water

storm drain pipe by means of trenchless technology. Fiscal Year 2014 projects that will improve water quality are: Bannock Avenue Green Street, Low Flow Diversions near La Jolla Shores, Cabrillo Heights Rain Garden, Mira Mesa Library Green Lot, Beta Street Green Alley, and Allied Gardens Green Lot.

The Utilities Undergrounding Program plans to relocate 15 miles of overhead utilities in Fiscal Year 2014.

Transportation & Storm Water

25th Street Renaissance Project / S00985

Trans - Signals - Calming/Speed Abatemt

Council District: 3	Priority Score: 61
Community Plan: Golden Hill	Priority Category: High
Project Status: Continuing	Contact Information: Johnson, Brad
Duration: 2009 - 2014	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides for the construction of pedestrian amenities, traffic calming, streetscape improvements, and parking along 25th Street from Highway 94 to Balboa Park. The focus of the improvements is between E Street and B Street.

Justification: This project will provide traffic calming and improve pedestrian safety.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Golden Hill Community Plan and is in conformance with the City's General Plan.

Schedule: Preliminary design began in Fiscal Year 2009 and was completed in Fiscal Year 2011. Design began in Fiscal Year 2011 and was completed in Fiscal Year 2012. Project construction is scheduled to begin and to be completed in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

34th Street Storm Drain / S11001

Drainage - Storm Drain Pipes

Council District: 3	Priority Score: 48
Community Plan: Golden Hill	Priority Category: High
Project Status: Continuing	Contact Information: Batta, Jamal
Duration: 2011 - 2014	619-533-7482
Improv Type: Replacement	jbatta@sandiego.gov

Description: This project provides for improved flood control by upgrading the existing pipe and outfall along 34th Street.

Justification: This project will alleviate frequent flooding during normal storm events as a result of failure at the discharge end of the pipe.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Golden Hill Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2011 and was completed in Fiscal Year 2013. Project construction is scheduled to begin and to be completed in Fiscal Year 2014.

Summary of Project Changes: City Council Resolution, R-308098, adopted April 22, 2013, authorized the transfer of Deferred Capital bond funding for the construction of this project.

Project Status: Continuing	Contact Information: Johnson, Brad
Duration: 2008 - 2016	619-533-5120
Improv Type: Betterment	bjohnson@sandiego.gov

Description: This project provides for the reconstruction of the curb, gutter, and sidewalk on 34th and 35th Streets from Adams Avenue to Madison Avenue, and on Madison Avenue from Felton Street to 35th Street.

Justification: This project is required in order to mitigate drainage problems and reduce flooding.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mid-City: Normal Heights Community Plan and is in conformance with the City's General Plan.

Schedule: Preliminary work on this project was completed in Fiscal Year 2009. Design began in Fiscal Year 2010 and is anticipated to be completed in Fiscal Year 2014. Construction is anticipated to begin in Fiscal Year 2014.

Summary of Project Changes: TransNet funding in the amount of \$1,100,000 has been allocated to this project for Fiscal Year 2014. Project schedule has been revised accordingly.

Community Plan: Eastern Area (Mid-City)	Priority Category: N/A
Project Status: Continuing	Contact Information: Medina, Camille
Duration: 2006 - 2015	619-533-6742
Improv Type: Betterment	cmedina@sandiego.gov

Description: This project is the result of a relinquishment agreement between the City of San Diego and Caltrans and provides for the landscape maintenance of 36th Street between Imperial Avenue and Market Street.

Justification: This project was approved by the City Council Resolution No. R-300154 and will provide for plant establishment as defined in the standard specifications for the construction of local street and roads.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mid-City: Eastern Area Community Plan and is in conformance with the City's General Plan.

Schedule: Plant establishment began in Fiscal Year 2010 and was completed in Fiscal Year 2012. Ongoing evaluation will identify additional improvements to the project and is scheduled to continue through Fiscal Year 2015.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Project Status: Continuing	Priority Category: High
Duration: 2008 - 2015	Contact Information: Johnson, Brad
Improv Type: New	619-533-5120
	bjohnson@sandiego.gov

Description: This project provides full street improvements on 38th Street from Dwight Street north to terminus. Improvements will include curb, gutter, driveways, sidewalk, pedestrian ramps, pavement, drainage facilities, angled on-street parking, etc. The improvements will comply with current local, State, and federal safety and accessibility codes and regulations.

Justification: Street improvements are needed to comply with the City's design guides for the improvement of public right-of-way.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: The project is consistent with the Mid-City: City Heights Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2010 and was completed in Fiscal Year 2013. Construction is anticipated to be completed in Fiscal Year 2014.

43rd Street Widening / S00845

Trans - Roadway

Council District: 4, 9	Priority Score: 55
Community Plan: Southeastern San Diego	Priority Category: Medium
Project Status: Warranty	Contact Information: Palaseyed, Abi
Duration: 1989 - 2014	619-533-4654
Improv Type: Betterment	apalaseyed@sanidiego.gov

Description: This project provides for realigning the intersection at 43rd Street and National Avenue. This project will make necessary traffic enhancements to handle the increased daily traffic associated with the residential, industrial, and commercial development of the State Route 252 Corridor (approximately 66 acres).

Justification: This project is a major component in the development of the State Route 252 Corridor within the Southcrest Project. The street currently handles approximately 12,000 weekday trips. Once development on the corridor is complete, the number of trips will increase significantly. The Southeastern San Diego Community Plan recommends improvement to four lanes to handle the current capacity.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Southeastern San Diego Community Plan and is in conformance with the City's General Plan.

Schedule: Design and land acquisition began in Fiscal Year 2002 and were completed in Fiscal Year 2009. Construction began in Fiscal Year 2011 and was completed in Fiscal Year 2013.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Description: This project provides for the installation of Class II Bike Lanes on 54th Street between Trojan and Euclid Avenues and for Class III Bike Route signage and pavement markings along Euclid Avenue between 54th Street and Market Street.

Justification: This project will close a gap in bicycle routes between the College Area and Southeastern San Diego and its neighborhoods and provide a safer route for bicyclists.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Southeastern San Diego and College Area Community Plans and is in conformance with the City's General Plan.

Schedule: This project is part of a Design/Build contract. Design and construction began in Fiscal Year 2010. Construction was completed in Fiscal Year 2013.

Aldine Drive and Fairmount Drive Slope Restoration / S00865

Trans - Roadway - Erosion/Slope/Ret Wall

Council District: 9	Priority Score: 78
Community Plan: Kensington - Talmadge (Mid-City)	Priority Category: High
Project Status: Warranty	Contact Information: Batta, Jamal
Duration: 2006 - 2015	619-533-7482
Improv Type: Betterment	jbatta@sandiego.gov

Description: This project provides for the evaluation, design, and construction of slope stability improvements along the south side of Aldine Drive between Fairmont Avenue and Van Dyke Avenue.

Justification: The inordinate amount of rainfall from the 2004/2005 rainy season caused erosion of sections of the slope along the south side of Aldine Drive between Fairmont Avenue and Van Dyke Avenue.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project implements the Mid-City: Kensington-Talmadge Community Plan and is in conformance with the City's General Plan.

Schedule: Design began and was completed in Fiscal Year 2010. Construction began in Fiscal Year 2011 and was completed in Fiscal Year 2012. A 25-month maintenance period was initiated following construction and is anticipated to be completed in Fiscal Year 2014.

Summary of Project Changes: No significant change to this project for Fiscal Year 2014.

Community Plan: La Jolla	Priority Category: High
Project Status: Continuing	Contact Information: Batta, Jamal
Duration: 2010 - 2016	619-533-7482
Improv Type: Betterment	jbatta@sandiego.gov

Description: This project will repair the erosion and damage to the lower La Jolla Canyon bounded by Alta La Jolla Drive and the cul-de-sac at Vickie Drive.

Justification: This project is part of the settlement agreement and limited release entered into by the La Jolla Alta Master Council and the City of San Diego.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2010 and was completed in Fiscal Year 2013. Construction schedule is subject to receipt of State and federal permits.

Summary of Project Changes: In Fiscal Year 2013, Council approved the appropriation of \$200,000 (R-304951) due to revised requirements.

Alvarado Canyon Road Realignment / S00894

Trans - Roadway

Council District: 7	Priority Score: 59
Community Plan: Navajo	Priority Category: High
Project Status: Continuing	Contact Information: Johnson, Brad
Duration: 2006 - 2015	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides for the realignment of Alvarado Canyon Road from 380-feet east of the Fairmount Avenue and Camino Del Rio North intersection to the Fairmount Avenue and Mission Gorge Road intersection. Improvements for this two-lane collector street will include a structure over the existing concrete drainage channel, removal of some existing pavement, re-grading of affected private parcels, and traffic signal modifications.

Justification: This project will improve the traffic flow at the Interstate 8, Fairmount Avenue, and Mission Gorge Road interchange.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is in conformance with the City's General Plan. The proposed realignment requires an amendment to the Navajo Community Plan.

Schedule: Preliminary engineering began in Fiscal Year 2009 and continued through Fiscal Year 2010. Design will begin once the Navajo Community Plan Amendment is finalized.

Summary of Project Changes: TransNet funding previously identified in Fiscal Year 2014 has been removed. This project's scope will be re-evaluated by the asset-owning department.

Architectural Barrier Removal - DIF Funded / AII00001

Trans - Ped Fac - Accessibility Improve

Council District: Citywide	Priority Score: Annual
Community Plan: Citywide	Priority Category: Annual
Project Status: Continuing	Contact Information: Wolford, Mary
Duration: 2010 - 2020	619-236-7246
Improv Type: Betterment	mwolford@sandiego.gov

Description: This project provides for installing curb ramps at various locations throughout the City as funded by Development Impact Fees (DIF).

Justification: Persons with disabilities and many senior citizens find their mobility restricted by curbs, which they find difficult or impossible to negotiate.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the appropriate community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled contingent upon the rate of development and fees collected in the community.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Transportation & Storm Water

Avenida de la Playa Infrastructure - SD / S13018

Drainage - Storm Drain Pipes

Council District: 1	Priority Score: 73
Community Plan: La Jolla	Priority Category: High
Project Status: Continuing	Contact Information: Amen, Rania
Duration: 2009 - 2016	619-533-5492
Improv Type: Replacement	ramen@sandiego.gov

Description: This project will reduce flooding along Avenida de la Playa and will improve the capacity of the storm drain system and divert dry weather discharges. The improvements include the replacement of the low-flow diversion and outlet box, the addition of a hydrodynamic separator, and the upsizing of 650-linear feet of storm drain pipe.

Justification: Reports indicated the low flow diversion was not functioning as needed resulting in dry weather flow reaching the beach which is out of compliance with the California Oceans Plan. Additionally, the current pipe is vastly undersized which results in street flooding every year and which has, in the past, resulted in the flooding of local businesses.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Schedule: Preliminary engineering began and was completed in Fiscal Year 2009. Design began in Fiscal Year 2009 and was completed in Fiscal Year 2013. Construction is scheduled to begin and be completed in Fiscal Year 2014.

Summary of Project Changes: City Council Resolution R-307668, dated September 14, 2012, authorized the addition of this project to the Capital Improvements Program. This is a newly published project for Fiscal Year 2014.

Project Status: Warranty	Contact Information: Johnson, Brad
Duration: 2004 - 2014	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides for the construction of new vehicular and pedestrian improvements, including raised medians, sidewalks, curb ramps and curb-extensions (which are to be funded by Development Impact Fees), and neighborhood identification signage. This project is part of a community revitalization effort outlined in the Azalea Park-Hollywood Park Revitalization Action Program. The specific locations of this portion of the project are the intersections of Poplar Street and Fairmount Avenue.

Justification: These improvements will benefit the community by increasing safety, improving the flow of traffic, enhancing pedestrian access, and promoting community identification.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation and Storm Water budget.

Relationship to General and Community Plans: This project implements the recommendations found in the Mid-City Community Plan and the Azalea Park-Hollywood Park Revitalization Action Program and is in conformance with the City's General Plan.

Schedule: The preliminary design process for the raised medians, neighborhood identification signs, and seating areas, which included neighborhood residents' involvement, was completed. Design began in Fiscal Year 2007 and was completed in Fiscal Year 2013. Construction of vehicular and pedestrian improvements began in Fiscal Year 2011 and was completed in Fiscal Year 2012. The community identification sign was constructed in Fiscal Year 2013.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Improv Type: Betterment	jfuentes@sanidiego.gov

Description: This project provides for improvements to the former State Route 274, which is Balboa Avenue. This project is divided into three phases. Phase I begins at Interstate 5 and ends at Interstate 805. Phase II begins at Interstate 805 and ends at Interstate 15. Improvements to both phases consist of roadway widening, construction of new curbs, gutters, and sidewalks, reconstruction of existing sidewalks and medians, installation of a new traffic signal(s), modification of existing traffic signals, and new bicycle routes. Phase III will install community signs at the Kearny Mesa Community boundaries.

Justification: This project is funded by a State contribution agreement as part of the relinquishment of State Route 274 to the City of San Diego.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Clairemont Mesa and Kearny Mesa Community Plans and is in conformance with the City's General Plan.

Schedule: Phase I - Preliminary engineering was completed in Fiscal Year 2005. Design began in Fiscal Year 2005 and was completed in Fiscal Year 2006. Construction began in Fiscal Year 2008 and was completed in Fiscal Year 2009. Phase II - Preliminary engineering began in Fiscal Year 2009 and design began in Fiscal Year 2012 and was completed in Fiscal Year 2013. Construction began in Fiscal Year 2013 and is scheduled to be completed in Fiscal Year 2014. Phase III - Design started in Fiscal Year 2009 and was completed in Fiscal Year 2012. Construction began and was completed in Fiscal Year 2013.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Balboa Park/Florida Canyon Storm Drain Repairs / S01064

Drainage - Storm Drain Pipes

Council District: 3	Priority Score: N/A
Community Plan: Balboa Park	Priority Category: N/A
Project Status: Warranty	Contact Information: Darvishi, Ali
Duration: 2009 - 2017	619-533-5328
Improv Type: Betterment	adarvishi@sanidiego.gov

Description: This project provides for evaluation, design, and construction to repair a damaged storm drain that leads from Park Boulevard and the San Diego Zoo parking lot into the Florida Canyon creek bed.

Justification: This project repairs a damaged storm drain caused by erosion of a gully that spans the entire length of Florida Canyon, from Park Boulevard east to the creek bed. This project will repair the storm drain to prevent further erosion and allow a north-south trail access to continue through the west side of Florida Canyon.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Balboa Park Master Plan and is in conformance with the City's General Plan.

Schedule: Design was completed in Fiscal Year 2009. Construction began in Fiscal Year 2009 and was completed in Fiscal Year 2010. The five-year mitigation and monitoring requirements for this project began in Fiscal Year 2011 and is scheduled to be completed in Fiscal Year 2016.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Bayshore Bikeway / S00944

Council District: 8
Community Plan: Otay Mesa - Nestor
Project Status: Warranty
Duration: 2001 - 2018
Improv Type: New

Trans - Bicycle Facilities (All Class.)

Priority Score: 51
Priority Category: Medium
Contact Information: Schultz, Louis
 619-533-4668
 lschultz@sandiego.gov

Description: This project provides for constructing a Class I bikeway from the northern end of 13th Street to Main Street at the Interstate 5 interchange at the southeast corner of San Diego Bay. This project will include the construction of 2.7 acres of Coastal Sage Scrub restoration as mitigation for impacts from the Bayshore Bikeway Project.

Justification: This project completes the missing segment of the planned bike path around San Diego Bay from Point Loma to Coronado. When completed, this change will improve public use safety overall.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa/Nestor Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2004 and was completed in Fiscal Year 2008. Construction began in Fiscal Year 2009 and was completed in Fiscal Year 2010. Design of the mitigation restoration began in Fiscal Year 2011 and was completed in Fiscal Year 2013. Locating the mitigation site and design of the mitigation is scheduled to be completed in Fiscal Year 2014. A five-year mitigation maintenance period will continue into Fiscal Year 2018.

Summary of Project Changes: Total project cost has been increased by \$4.5 million to include prior year capital expenses. No other significant change has been made to this project for Fiscal Year 2014.

Project Status: Continuing	Contact Information: Batta, Jamal
Duration: 2010 - 2014	619-533-7482
Improv Type: Replacement	jbatta@sandiego.gov

Description: This project will replace a damaged section (approximately 55 feet long by 8.5 feet high) of the existing retaining wall that supports the side of Bear Drive.

Justification: This project is needed in order to maintain the roadway and provide public safety.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Uptown Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2011 and was completed in Fiscal Year 2013. Construction is scheduled to begin and be completed in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

 drhughes@sandiego.gov

Description: This project provides for the installation of bicycle detection of 20 intersections at various locations within the Balboa Park, Barrio Logan, Centre City, College Area, Mission Beach, Otay Mesa-Nestor, Skyline-Paradise Hills, Southeastern, and Uptown communities.

Justification: This project will promote bicycle safety and mobility by providing detection to enable bicycles to actuate traffic signals. All locations are in older parts of the City where the existing loop detection systems are not sensitive enough to detect bicycles.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Balboa Park, Barrio Logan, Centre City, College Area, Mission Beach, Otay Mesa-Nestor, Skyline-Paradise Hills, Southeastern, and Uptown Community Plans and with the City's General Plan (Mobility Element), and the City's Bicycle Master Plan.

Schedule: Design and construction began in Fiscal Year 2011. Construction was completed in Fiscal Year 2012.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Bus Stop Improvements / AID00007

Trans - Roadway

Council District:	Citywide	Priority Score:	Annual
Community Plan:	Citywide	Priority Category:	Annual
Project Status:	Continuing	Contact Information:	Celniker, Steve
Duration:	2010 - 2020		619-533-3611
Improv Type:	Betterment		scelniker@sandiego.gov

Description: This project will provide for the installation of concrete pads in the roadways at bus stops city-wide. The project is funded by the City's share of bus stop advertising revenue. Funding for the project was provided per terms of an agreement with San Diego Metropolitan Transit System in Fiscal Years 2011, 2012, and 2013.

Justification: Asphalt street pavement at bus stops may be damaged by rippling and potholing caused by friction from bus tires when buses decelerate, accelerate, or turn. This project provides for replacing asphalt paving at bus stops with concrete pads in the street that better withstand the wear from buses. This extends pavement life and reduces maintenance costs.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: City Council Resolution, R-307975, adopted February 13, 2013, authorized an increase of \$104,359 to this project.

Camino Del Sur (Bernardo Lakes / Lone Quail Rd) / RD11000

Trans - Roadway

Council District: 1	Priority Score: N/A
Community Plan: Black Mountain Ranch	Priority Category: N/A
Project Status: Continuing	Contact Information: Abeyta, Angela
Duration: 2011 - 2014	619-533-3674
Improv Type: New	aabeyta@sanidiego.gov

Description: This project provides for reimbursement to a developer for design and construction of a four-lane major roadway within a six-lane right-of-way. The project will be built in two phases. The first phase consists of the two northerly lanes between Bernardo Lakes Drive and Lone Quail Road that have been built as a subdivider improvement. The second phase consists of design and construction of the southerly two lanes and the median from Bernardo Lakes Drive to Lone Quail Road. This is project T-34.2 in the Black Mountain Ranch Public Facilities Financing Plan.

Justification: This facility is required to accommodate traffic generated by new development in Black Mountain Ranch and surrounding communities as well as existing sub-regional traffic needs.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Black Mountain Ranch Community Plan and is in conformance with the City's General Plan.

Schedule: Phase I has been completed and the developer reimbursed per the terms of a reimbursement agreement through the FBA credit program. Phase II began in Fiscal Year 2012 and is scheduled to be completed in Fiscal Year 2014. This is an FBA credit project. Funds budgeted are for city oversight and verification of final costs.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Camino Del Sur - SR-56 to Dormouse / S00872

Trans - Roadway

Council District: 1	Priority Score: 42
Community Plan: Rancho Penasquitos, Torrey Highlands	Priority Category: Medium
Project Status: Continuing	Contact Information: Johnson, Brad
Duration: 1998 - 2017	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides for the construction of Camino del Sur (formerly Camino Ruiz) as a four-lane major street with Class II bicycle lanes from State Route 56 to 1,600 feet north of Park Village Road.

Justification: Camino del Sur is the major street connecting the southwest corner of Rancho Penasquitos to the future Carmel Mountain Road extension and to State Route 56. This street is required to accommodate traffic generated in Rancho Penasquitos, Torrey Highlands, and surrounding communities.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: The project is consistent with the Rancho Penasquitos Community Plan, and Torrey Highlands Subarea Plan, projects T31A, 32A, 31B, and 32B and is in conformance with the City's General Plan.

Schedule: The Environmental Impact Report was completed in Fiscal Year 2006. Design is scheduled to begin in Fiscal Year 2014. Construction is anticipated to begin in Fiscal Year 2017.

Summary of Project Changes: In June 2013, \$10,076 in Torrey Highlands FBA funding was removed as Council authorized (R-307857) by the approved Fiscal Year 2013 Torrey Highlands Public Facilities Financing Plan (PFFP). The total project cost remains at \$17.2 million.

Project Status: Continuing	Contact Information: Palaseyed, Abi
Duration: 2009 - 2016	619-533-4654
Improv Type: New	apalaseyed@sandiego.gov

Description: This project provides for raising the elevation of an existing bike path crossing over Carmel Creek.

Justification: This project will provide for relief of water ponding under the Carmel Country Road Bridge and to the east of the bridge on the Palacio Del Mar property. This condition has created a health and safety issue for area residents.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Carmel Valley Public Facilities Financing Plan (Project W-3) and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2012 and was completed in Fiscal Year 2013. Advertise and award of the contract is scheduled for Fiscal Year 2014 with construction scheduled to begin in Fiscal Year 2014 and to be completed in Fiscal Year 2015.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Project Status:	Continuing	Contact Information:	Tracanna, John
Duration:	2003 - 2015		619-533-3682
Improv Type:	New		jtracanna@sandiego.gov

Description: This project provides for the construction of Carmel Mountain Road as a two-lane collector street from the Carmel Valley Neighborhood easterly boundary to Little McGonigle Ranch Road (formerly Del Mar Mesa Road). The 4,050 linear feet of half-width road (FBA funded) which traverses open space will be 40-feet/62-feet. Also included as part of this project is a wildlife crossing under Carmel Mountain Road. The remainder (sub-divider funded) will be both 40-feet/62-feet and 50-feet/72-feet and will include left-turn lanes at intersections and major driveways as needed. A multi-use trail will be constructed as part of this project along the entire project length.

Justification: This project is required to accommodate the additional traffic generated as a result of development in Del Mar Mesa.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Del Mar Mesa Specific (Community) Plan and is in conformance with the City's General Plan.

Schedule: Project design and construction are to be completed by the developer in accordance with a future Reimbursement Agreement (RA) which is anticipated to begin in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Transportation & Storm Water

Carmel Valley Rd-Del Mar Hts to Lopenia Meadows PI / S00906

Trans - Roadway

Council District: 1	Priority Score: N/A
Community Plan: Pacific Highlands Ranch	Priority Category: N/A
Project Status: Warranty	Contact Information: Tracanna, John
Duration: 2005 - 2010	619-533-3682
Improv Type: New	jtracanna@sandiego.gov

Description: This reimbursement project provides for design and construction of Carmel Valley Road from Del Mar Heights Road to Lopenia Meadows Place as a four-lane facility within a 122-foot right-of-way that can accommodate six lanes in the future. The two internal lanes will be left unimproved for future expansion to accommodate six lanes of traffic or another transit oriented facility. In the interim, these two lanes shall be landscaped and incorporated into the center median improvements. This section of Carmel Valley Road includes the pedestrian undercrossing at the Lopenia Meadows Place. See Project T-4.3 in the Pacific Highlands Ranch Public Facilities Financing Plan. This project will be built by the developer who will be reimbursed.

Justification: Due to anticipated traffic volumes on Carmel Valley Road, the section between Del Mar Heights Road and Lopenia Meadows Place will be constructed as a four-lane facility that can be expanded to six lanes in the future.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Pacific Highlands Ranch Community Plan and is in conformance with the City's General Plan.

Schedule: Reimbursement to the developer will be made in accordance with the existing reimbursement agreement. This project is complete.

Summary of Project Changes: The project title and description has been revised to reflect the true limits of the project. This project is complete and will be closed after final reimbursement to the developer.

Carmel Valley Rd-Lopelia Meadows to Via Abertura / S00934

Trans - Roadway

Council District: 1	Priority Score: 46
Community Plan: Pacific Highlands Ranch	Priority Category: Medium
Project Status: Continuing	Contact Information: Tracanna, John
Duration: 2008 - 2015	619-533-3682
Improv Type: New	jtracanna@sandiego.gov

Description: This project provides for reimbursement to a developer for the design and construction of Carmel Valley Road from Lopelia Meadows place to Via Abertura as a four-lane facility within a 122-foot right-of-way that can accommodate six lanes in the future (approximately 3,600 linear feet).

Justification: This project is in accordance with the Pacific Highlands Ranch Public Facilities Financing Plan, Project T-4.4. Companion Projects T-4.2 and T-4.3 are for the other phases of this project.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Pacific Highlands Ranch Community Plan and is in conformance with the City's General Plan.

Schedule: Phase I is scheduled to be completed in Fiscal Year 2014. Pardee agreed to advance funding and is anticipated to be reimbursed from the Pacific Highlands Ranch Facilities Benefit Assessment (FBA) under the terms of a reimbursement agreement. Reimbursement to the developer is programmed for Fiscal Year 2014-2017. Subsequent phases are anticipated with adjacent subdivision development with reimbursement estimated to occur in Fiscal Year 2018.

Summary of Project Changes: The total project cost has increased by \$4 million under the terms of a reimbursement agreement for Pacific Highlands Ranch Facilities Benefit Assessment (FBA).

Transportation & Storm Water

Carmel Valley Rd-Via Albutura to Camino Del Sur / S00854

Trans - Roadway

Council District:	1, 5	Priority Score:	55
Community Plan:	Torrey Highlands	Priority Category:	Medium
Project Status:	Continuing	Contact Information:	Tracanna, John
Duration:	2003 - 2012		619-533-3682
Improv Type:	New		jtracanna@sandiego.gov

Description: This project provides for the design and construction of two additional travel lanes in two increments. The first increment requires the widening along the frontage of the Torrey Del Mar development. The second increment completes the remainder of the widening. Timing of each increment of widening will be based on the rate of development in Torrey Highlands. See project T4.3 in the Torrey Highlands Public Facilities Financing Plan.

Justification: This facility is required to accommodate traffic generated by new development in Black Mountain Ranch, Torrey Highlands, and surrounding communities as well as existing sub-regional traffic needs.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Torrey Highlands Subarea Plan and is in conformance with the City's General Plan.

Schedule: Initial lanes have been completed. Widening to be completed by the two separate developers per terms of Reimbursement Agreement (RA). The RA and construction of the lanes adjacent to the Torrey Del Mar development were also completed in Fiscal Year 2013 (First Increment). The RA for the second increment has been completed. It is anticipated that the construction of the second increment will begin in Fiscal Year 2014.

Summary of Project Changes: In June 2013, \$2.4 million in Torrey Highlands FBA funding was added as Council authorized (R-307857) by the approved Fiscal Year 2013 Torrey Highlands Public Facilities Financing Plan (PFFP). The total project cost remains at \$15.2 million.

Community Plan:	Torrey Highlands, Pacific Highlands Ranch	Priority Category:	N/A
Project Status:	Continuing	Contact Information:	Tracanna, John
Duration:	2004 - 2017		619-533-3682
Improv Type:	New		jtracanna@sanidiego.gov

Description: This reimbursement project provides for the design and construction of Carmel Valley Road from the Camino Santa Fe Interchange to Del Mar Heights Road as a six-lane facility within a 146-foot right-of-way transitioning to a four-lane facility within a 122-foot right-of-way (4,000 linear feet). The expanded right-of-way will permit widening of up to 24 additional feet for a future transit-oriented facility. In the interim, these two-lanes shall be landscaped and incorporated into the center median improvements.

Justification: Due to anticipated traffic volumes on Carmel Valley Road, the portion between SR-56 and Del Mar Heights Road will be constructed as a six-lane facility, in two phases, as required by the Transportation Phasing. See Project T- 4.2 and Torrey Highlands Public Facilities Financing Plan Project T- 4.5.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Pacific Highlands Ranch and Torrey Highlands Public Facilities Financing Plans and is in conformance with the City's General Plan.

Schedule: The developer (Pardee) provided advanced funding for this project and will be reimbursed from the Pacific Highlands Ranch Facilities Benefit Assessment under the terms of a reimbursement agreement.

Summary of Project Changes: Total project cost has been increased by \$760,000. Reimbursement to the developer will continue under the terms of a reimbursement agreement. No other significant change has been made to this project for Fiscal Year 2014.

Project Status: Warranty	Contact Information: Palaseyed, Abi
Duration: 1997 - 2014	619-533-4654
Improv Type: Replacement - Rehab	apalaseyed@sanidiego.gov

Description: This project provides for improving Carmel Valley Road to a modified two-lane collector street from 300 feet east of Portofino Drive to the Del Mar city limits. The improvements include construction of curb, gutter, sidewalks, and drainage improvements as well as construction of a Class II bicycle lane on both sides of Carmel Valley Road.

Justification: This project will improve traffic flow and turning movements on this roadway and provide bike paths on Carmel Valley Road.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Carmel Valley Community Plan and is in conformance with the City's General Plan.

Schedule: Design and construction of the project are complete. Environmental monitoring will continue through Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Carroll Canyon Road/Sorrento Valley Road - Dist 1 / S00841

Trans - Bridge - Vehicular

Council District:	1, 6	Priority Score:	73
Community Plan:	Mira Mesa, Torrey Pines	Priority Category:	High
Project Status:	Continuing	Contact Information:	Palaseyed, Abi
Duration:	1988 - 2016		619-533-4654
Improv Type:	New		apalaseyed@sandiego.gov

Description: This project provides for a modified four-lane collector street from Sorrento Valley Road, under Interstate 805, to Scranton Road as part of a joint project with Caltrans. Carroll Canyon Road will include Class II bike lanes and direct access ramps onto Interstate 805 from Carroll Canyon Road to the Interstate 5 interchange.

Justification: The Carroll Canyon Road extension project is necessary in accordance with the community plan and the average daily trip forecast of 25,000 vehicles per day. Currently, there is no roadway and the traffic travels on Mira Mesa Boulevard which is over capacity. This project will improve traffic circulation in the area.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mira Mesa Community Plan and the Torrey Pines Community Plan and is in conformance with the City's General Plan.

Schedule: Land acquisition was scheduled in Fiscal Year 2005 and rescheduled to Fiscal Year 2009 due to changes in scope and alignment. Design was completed in Fiscal Year 2010. Construction began in Fiscal Year 2010 and is anticipated to be completed by Fiscal Year 2014, dependent upon the availability of State funding for the Caltrans portion of the project.

Summary of Project Changes: Construction end date was extended into Fiscal Year 2014 due to State funding limitations.

Project Status: Continuing	Contact Information: Giandoni, Mark
Duration: 2008 - 2015	619-533-4618
Improv Type: Betterment	mgiandoni@sandiego.gov

Description: This project provides for the reconstruction of the curbs, gutters, and sidewalks on Cherokee Street from Monroe Avenue to East Mountain View.

Justification: This project is required in order to mitigate drainage problems and reduce flooding.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mid-City: Normal Heights Community Plan and is in conformance with the City's General Plan.

Schedule: Preliminary engineering began in Fiscal Year 2009 and was completed in Fiscal Year 2010. Design began in Fiscal Year 2012 and is scheduled to be completed in Fiscal Year 2014. Construction is scheduled to occur in Fiscal Year 2014.

Summary of Project Changes: TransNet funding in the amount of \$1.1 million has been allocated to this project for Fiscal Year 2014. Project cost was increased due to revised scope which addresses the existing storm water ponding issues, additional curb ramps, alley aprons, and additional sidewalk replacement.

Improv Type: New	apalaseyed@sandiego.gov

Description: This project provides for identifying the best alignment for a bikeway route of approximately 10 miles between Sorrento Valley/Carmel Valley Road to the Gilman Drive/Interstate 5 Intersection.

Justification: This project is part of a larger multi-jurisdictional project, which proposes a bikeway along the coast in the cities of Oceanside, Encinitas, Solana Beach, Carlsbad, Del Mar, and San Diego. It is intended to provide regional connectivity for both commuting bicylists and recreational activities.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Torrey Pines and University Community Plans and is in conformance with the City's General Plan.

Schedule: Preliminary engineering began in Fiscal Year 2013. Design and environmental document are scheduled to begin in Fiscal Year 2014. Construction is expected to begin in Fiscal Year 2015. This schedule will be revised once funding is identified to complete the project.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Trans - Signals - Traffic Signals

Council District:	Citywide	Priority Score:	Annual
Community Plan:	Citywide	Priority Category:	Annual
Project Status:	Continuing	Contact Information:	Hughes, Duncan
Duration:	2010 - 2020		619-533-3141
Improv Type:	Replacement		drhughes@sandiego.gov

Description: This annual allocation provides for the City's share of the cost of traffic signal improvements undertaken in cooperation with others.

Justification: It is often beneficial for the City to share in the cost of traffic signal improvements undertaken in cooperation with other agencies. The most common situation involves the intersection of a City street with a State highway, County road, or street that is the responsibility of another jurisdiction. This project provides the flexibility necessary for timely initiation of these improvements.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: Future year funding will be allocated as sublet projects are identified. No other significant change has been made to this project for Fiscal Year 2014.

Transportation & Storm Water

Del Mar Heights Road Flashing Beacon / S00987

Trans - Signals - Calming/Speed Abatement

Council District: 5	Priority Score: 24
Community Plan: Carmel Valley	Priority Category: Low
Project Status: Continuing	Contact Information: Hughes, Duncan
Duration: 2009 - 2015	619-533-3141
Improv Type: New	drhughes@sandiego.gov

Description: This project will install a flashing beacon facing eastbound traffic on Del Mar Heights Road approximately 500 feet west of Seagrove Street.

Justification: The project provides for traffic safety improvements.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Carmel Valley Public Facilities Financing Plan (Included in Project T-2) and is in conformance with the City's General Plan.

Schedule: Design and construction have been rescheduled to begin in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Del Mar Heights Road-4/6 Lanes / S00903

Trans - Roadway

Council District: 1	Priority Score: N/A
Community Plan: Pacific Highlands Ranch	Priority Category: N/A
Project Status: Warranty	Contact Information: Tracanna, John
Duration: 2003 - 2014	619-533-3682
Improv Type: New	jtracanna@sandiego.gov

Description: This reimbursement project provides for construction of Del Mar Heights Road from Old Carmel Valley Road to the new alignment of Carmel Valley Road as a modified five-lane roadway within a 122-foot right-of-way for a future six-lane facility. The project includes an eastbound third lane as the roadway approaches Carmel Valley Road. This project includes the bridge crossing over the open space corridor. This is the second phase of the project and will provide local access to the central area of development. The developer will advance funding for this project and be reimbursed from the Pacific Highlands Ranch Facilities Benefit Assessment (FBA) under the terms of a reimbursement agreement.

Justification: This facility is required to accommodate traffic being generated by new development in Pacific Highlands Ranch as well as by existing sub-regional traffic needs.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Pacific Highlands Ranch Community Plan (Project T-3.2) and is in conformance with the City's General Plan.

Schedule: Construction of the project is complete. Reimbursements to the developer will continue through Fiscal Year 2014.

Summary of Project Changes: Total project cost has been increased by \$42,000 of FBA funding which is anticipated to become available for Fiscal Year 2014.

Transportation & Storm Water

Del Sol Boulevard-Central / S00858

Trans - Roadway

Council District: 8	Priority Score: 51
Community Plan: Otay Mesa	Priority Category: Medium
Project Status: Continuing	Contact Information: Johnson, Brad
Duration: 2004 - 2016	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides for construction of the central section of Del Sol Boulevard from the eastern boundary of Palm Ridge through the Multiple Species Conservation Program (MSCP) open space, and along the frontage of the proposed community park, elementary, and middle school site. The roadway will consist of 800 linear feet of a two-lane collector and 2,000 linear feet of a four-lane collector street.

Justification: The transportation element of the Otay Mesa Community Plan suggests that an integrated transportation network will provide mobility and accessibility for the residents and business travelers to, from, and through the community. See companion projects T-4.1 and T-4.2 in the Otay Mesa Public Facilities Financing Plan.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation and Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: Phase I will be constructed by the San Ysidro School District through a Facilities Benefit Assessment Reimbursement Agreement. Phase I will construct approximately 1,000 linear feet of new road along the frontage of a new school. Design of Phase I was completed in Fiscal Year 2012. Construction of Phase I began in Fiscal Year 2012 and was completed in Fiscal Year 2013. A two-year maintenance period is expected to be completed in Fiscal Year 2015. Phase I is scheduled to be closed in Fiscal Year 2015. Phase II will be designed and constructed by the City to complete the connection from Phase I to the existing westerly terminus.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Project Status: Continuing	Contact Information: January, Frank
Duration: 2010 - 2016	619-533-3699
Improv Type: New	fjanuary@sanidiego.gov

Description: This project provides for constructing approximately 2,900 linear feet as a two-lane collector street north of Palm Avenue within the Dennerly Ranch Precise Plan area. Multiple Species Conservation Program frontage is to be funded from the Otay Mesa Facilities Benefit Assessment.

Justification: This project is required to accommodate the additional traffic generated as a result of development in the Otay Mesa community.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: Design and construction have been completed. Per terms of an anticipated reimbursement agreement, the developer may be reimbursed contingent upon the rate of fees collected within the community.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Transportation & Storm Water

Drainage Projects / ACA00001

Drainage - Storm Drain Pipes

Council District:	Citywide	Priority Score:	Annual
Community Plan:	Citywide	Priority Category:	Annual
Project Status:	Continuing	Contact Information:	Matter, Gene
Duration:	2010 - 2020		858-541-4346
Improv Type:	New		rmatter@sandiego.gov

Description: This annual allocation provides for reconstructing or replacing failed drainage facilities citywide.

Justification: This project provides for the high priority redesign and reconstruction of existing storm drain structures. There are currently over 900 miles of storm drains in the City of San Diego. These storm drains can fail because of a variety of reasons (system material, age, earth movement, etc). The Operations and Maintenance Section of the Storm Water Division regularly cleans these systems and performs minor repairs; however, storm drain systems that require redesign and reconstruction are often encountered.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis as funding is identified.

Summary of Project Changes: Approximately \$121.4 million of additional bond financing is anticipated for drainage projects through Fiscal Year 2018. Based on a drainage condition assessment conducted in November 2011, the City will need an estimated \$87.1 million of additional unidentified funding to address the remaining deferred capital needs. Due to anticipated bond financing, TransNet funding in the amount of \$3.0 million has been removed and reallocated to other projects.

Transportation & Storm Water

El Camino Real - Half Mile to Via De La Valle / S00856

Trans - Bridge - Vehicular

Council District:	1	Priority Score:	53
Community Plan:	Future Urbanizing Area - Subarea 2	Priority Category:	Medium
Project Status:	Continuing	Contact Information:	Johnson, Brad
Duration:	1992 - 2018		619-533-5120
Improv Type:	Widening		bjohnson@sandiego.gov

Description: This project provides for replacing the existing two-lane bridge with a four-lane bridge and widening the existing two-lane roadway to a modified four-lane major road. This project will also provide for improvements on eastbound Via de la Valle as far as northbound El Camino Real.

Justification: This project will replace the existing bridge and modify the segment of El Camino Real between Via de la Valle and San Dieguito Road in order to ensure a structurally sound bridge over the San Dieguito river, alleviate problems associated with high flood events, improve pedestrian and vehicular access to nearby coastal and recreational resources, relieve traffic congestion, and improve consistency with the adopted land-use plan for the project area.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Fairbanks Ranch Country Club Specific Plan and the North City Future Urbanizing Area Framework Plan and is in conformance with the City's General Plan.

Schedule: The environmental review process began in Fiscal Year 2007 and is scheduled to be completed in Fiscal Year 2015. Design began in Fiscal Year 2013 and is scheduled to be completed in Fiscal Year 2014. Land acquisition is scheduled to begin in Fiscal Year 2015. Construction is scheduled to begin in Fiscal Year 2016 and anticipated to be completed in Fiscal Year 2018. Due to the complexity in obtaining environmental clearance, construction is anticipated to be advertised in Fiscal Year 2015, contingent upon identification of funding.

Summary of Project Changes: TransNet funding originally identified for Fiscal Year 2014 in the amount of \$3.2 million is being re-allocated to Fiscal Year 2015. No other significant change has been made to this project for Fiscal Year 2014.

El Camino Real Widening / S00916

Trans - Roadway

Council District: 1	Priority Score: N/A
Community Plan: Pacific Highlands Ranch, Black Mountain Ranch	Priority Category: N/A
Project Status: Warranty	Contact Information: Johnson, Brad
Duration: 2007 - 2014	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides for widening of the existing roadway of El Camino Real (between Half Mile Drive and San Dieguito Road) as a four-lane major street within the existing, graded right-of-way.

Justification: This project is required in order to accommodate the additional traffic generated as a result of development in the surrounding communities, including Pacific Highlands Ranch, as well as the existing sub-regional traffic needs.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Pacific Highlands Ranch and Black Mountain Ranch Public Facilities Financing Plans and is in conformance with the City's General Plan.

Schedule: This project was completed in Fiscal Year 2013.

Summary of Project Changes: This project is complete and will be closed after final reimbursement to the developer.

Euclid Avenue & Home Improvements / S00886

Trans - Roadway

Council District: 9	Priority Score: N/A
Community Plan: Normal Heights (Mid-City)	Priority Category: N/A
Project Status: Warranty	Contact Information: Batta, Jamal
Duration: 2002 - 2015	619-533-7482
Improv Type: New	jbatta@sandiego.gov

Description: This project provides for street improvements recommended in the Euclid Avenue Revitalization Program and the Mid-City Community Plan. Improvements will extend from Home Avenue to Thorn Street and will include curb, gutter, sidewalk, paving, traffic calming installations, and landscape.

Justification: Euclid Avenue carries a traffic volume in excess of its design capacity, resulting in significant congestion, which impacts neighboring properties. Traffic speed, volume, and a deficiency in pedestrian infrastructure compromise pedestrian safety.

Operating Budget Impact: The landscape maintenance will be the responsibility of the landscape maintenance assessment district (MAD).

Relationship to General and Community Plans: This project is consistent with the Mid-City: Normal Heights Community Plan and is in conformance with the City's General Plan.

Schedule: All construction improvements are complete except the landscape, which is pending formation of a maintenance assessment district. The street is operational and open for traffic.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Transportation & Storm Water

Five Points Neighborhood Pedestrian Improvements / S00988

Trans - Signals - Calming/Speed Abatement

Council District: 2, 3	Priority Score: 48
Community Plan: Uptown, Midway - Pacific Highway	Priority Category: Medium
Project Status: Continuing	Contact Information: Johnson, Brad
Duration: 2009 - 2015	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: The project provides for the construction of pedestrian curb extension, sidewalk, curb ramps, countdown pedestrian crossing signal system, and modifies traffic signage and signals to allow for safe pedestrian crossing at the intersections of Hancock Street and Washington Street and San Diego Avenue and Washington Street.

Justification: This project is needed to address public concerns regarding pedestrian safety in the Five Points Neighborhood.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Midway Pacific Highway Corridor and Uptown Community Plans and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2009 and was completed in Fiscal Year 2012. Project construction is scheduled to begin and to be completed in Fiscal Year 2014.

Summary of Project Changes: Funding in the amount of \$325,000 has increased the total project cost in order to reflect revised project scope which is to include one pop-out and four curb ramps at various locations along Washington Street.

Florence Griffith Joyner Elem Safe Route to School / S10061

Trans - Signals - Calming/Speed Abatement

Council District:	9	Priority Score:	52
Community Plan:	City Heights (Mid-City)	Priority Category:	Medium
Project Status:	Warranty	Contact Information:	Giandoni, Mark
Duration:	2010 - 2015		619-533-4618
Improv Type:	New		mgiandoni@sandiego.gov

Description: This project will provide for the installation of new sidewalks, intersection bulb-outs to decrease the street crossing distances, pedestrian ramps, and a new traffic signal.

Justification: Located in the City Heights Community, Florence Griffith Joyner Elementary School serves students from kindergarten through fifth grade who walk or bike to school, and are faced with crossing several wide intersections in the vicinity of the school. This project will provide traffic calming measures and will enhance pedestrian mobility.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mid-City: City Heights Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2011 and was completed in Fiscal Year 2013. Construction began in Fiscal Year 2013 and is scheduled to be completed in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Project Status: Continuing	Contact Information: Qasem, Labib
Duration: 2012 - 2014	619-533-6670
Improv Type: New	lqasem@sandiego.gov

Description: This project provides for the installation of median improvements on Florida Drive. Improvements include the installation of a concrete center median and street lighting to enhance safety conditions for vehicles, bicyclists, and other users of the roadway.

Justification: This project will enhance roadway conditions by reducing the occurrence of head-on collisions caused by vehicles crossing over the center median and adding street lights where none exist.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Balboa Park Master Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2012 and was completed in Fiscal Year 2013. Construction began in Fiscal Year 2013 and is scheduled to be completed in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Project Status: Warranty	Contact Information: Giandoni, Mark
Duration: 2011 - 2014	619-533-4618
Improv Type: New	mgiandoni@sandiego.gov

Description: This project will install pop-outs which will reduce walking distances at crosswalks and will install cross-walks to improve pedestrian safety. The improvements will enhance access to the pedestrian bridge at the west side of the intersection.

Justification: This project will increase safety for pedestrians.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Uptown Community Plan and is in conformance with the City's General Plan.

Schedule: In April 2013, the Transportation & Storm Water Department (TSDW) met with SANDAG to discuss the best way to coordinate the transfer of management, design and completion of this project. In June 2013, SANDAG agreed to provide pedestrian and bicycle improvements in the Fourth Avenue corridor which will be constructed in lieu of this project. The proposed Fourth Avenue and Quince Street improvements project is anticipated to be canceled in Fiscal Year 2014.

Summary of Project Changes: Transportation & Storm Water Department will be taking an action to Council to authorize the cancelation of this project.

Fund for the SR 56 expansion fr 4 to 6 lanes / RD14000

Trans - Roadway

Council District: 1	Priority Score: N/A
Community Plan: Torrey Highlands, Black Mountain Ranch, Pacific Highlands Ranch, Del Mar Mesa	Priority Category: N/A
Project Status: New	Contact Information: Tracanna, John
Duration: 2014 - 2020	619-533-3682
Improv Type: Expansion	jtracanna@sandiego.gov

Description: This project provides for the conversion of the four-lane freeway into a six-lane facility. High occupancy vehicle lanes can be accommodated within the center median at some point in the future once regional funding is identified. This project will be completed in multiple phases as funding becomes available.

Justification: Due to the regional servicing nature of this freeway, it is anticipated that federal, State, or other outside funding for this segment of SR-56 will be obtained. In the absence of these other funding sources, development within the individual subareas of the North City Future Urbanizing area may be required to advance the cost of this project. See Project Page T-1.2B in the Torrey Highlands Public Facilities Financing Plan.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Black Mountain Ranch, Del Mar Mesa, Pacific Highlands Ranch, and Torrey Highlands Subarea Plans, and is in conformance with the City's General Plan.

Schedule: The project's schedule will be developed as funding is identified.

Summary of Project Changes: This is a newly published project for Fiscal Year 2014.

Transportation & Storm Water

Genesee Avenue - Widen Interstate 5 Crossing / S00839

Trans - Bridge - Vehicular

Council District: 1	Priority Score: 44
Community Plan: University	Priority Category: Medium
Project Status: Continuing	Contact Information: Schultz, Louis
Duration: 1990 - 2016	619-533-4668
Improv Type: New	lschultz@sandiego.gov

Description: This project provides for widening Genesee Avenue to six lanes plus dual turn lanes and replacing the existing Genesee Avenue overcrossing with a higher, wider (124-foot) structure and the modification of the existing ramps. The environmental document will also clear additional Interstate 5 Corridor improvements including auxiliary lanes on both sides of the freeway, north and south of Genesee Avenue, and the replacement of the Voight Drive Overcrossing.

Justification: This project is needed to improve traffic flow. It is included in the Council-approved North University City Public Facilities Financing Plan (PFFP) as Project Number 24.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Schedule: The environmental document was completed in Fiscal Year 2011. Land acquisition and design were completed in Fiscal Year 2013. Construction of the Genesee Overcrossing and ramps began in Fiscal Year 2013. Caltrans has secured \$64 million in non-City funding for the construction phase of this project. When combined the total project cost is estimated at \$81million.

Summary of Project Changes: Facilities Benefit Assessment (FBA) funding in the project was decreased in accordance with the current North University City PFFP.

Genesee Avenue-Nobel Dr to SR 52 / S00852

Trans - Roadway - Enhance/Scape/Medians

Council District: 1	Priority Score: 13
Community Plan: University	Priority Category: Low
Project Status: Continuing	Contact Information: Palaseyed, Abi
Duration: 1992 - 2017	619-533-4654
Improv Type: Widening	apalaseyed@sandiego.gov

Description: This project provides for widening Genesee Avenue from Nobel Drive to State Route 52 to a modified six-lane major street north of Decoro Street and a modified six-lane primary arterial south of Decoro Street. The project includes a right-turn lane, eastbound to southbound, at the Genesee Avenue/Nobel Drive intersection; additional left-turn lane, including a traffic signal at State Route 52 interchange; and Class II bicycle lanes.

Justification: This project is needed to increase the capacity of this facility. See Project Number A in the North University City Public Facilities Financing Plan.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Schedule: City Council initiated a community plan amendment to delete this project from the community plan (R-301787, August 21, 2006). City Council Resolution R-302497, April 2, 2007, stipulates deletion of the project pending the preparation, consideration, and certification of a project-level Environmental Impact Report (EIR). This project will remain in the financing plan until the EIR is completed.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Council District: Citywide	Priority Score: Annual
Community Plan: Citywide	Priority Category: Annual
Project Status: Continuing	Contact Information: Fuentes, Julio
Duration: 2010 - 2020	619-533-3092
Improv Type: Replacement	jfuentes@sandiego.gov

Description: This annual allocation provides for installing new and replacing old guard rails along streets where needed.

Justification: The City maintains an ongoing program to promote safety within the public right-of-way. Analysis of accident patterns at a particular location will occasionally show that some minor improvements in the area would help to reduce the number and/or severity of accidents. This annual allocation provides the flexibility necessary for timely initiation of such improvements.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Holly Dr. Street Improvements / S11033

Trans - Roadway

Council District: 4	Priority Score: 37
Community Plan: Encanto Neighborhoods (Southeastern)	Priority Category: Low
Project Status: Continuing	Contact Information: Johnson, Brad
Duration: 2011 - 2014	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides for construction of curbs, gutters, sidewalks, driveways, curb ramps, and pavement on Holly Drive from South Willie James Jones Avenue to South Euclid Avenue.

Justification: This project will improve the street and sidewalk making them safer for pedestrians.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Encanto Neighborhoods Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2011 and was completed in Fiscal Year 2013. Construction is scheduled to begin and is anticipated to be completed in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

I-5 / SR-56 Fiberoptic Relocation / S00708

Trans - Roadway

Council District: 1	Priority Score: N/A
Community Plan: Carmel Valley	Priority Category: N/A
Project Status: Continuing	Contact Information: Johnson, Brad
Duration: 2004 - 2014	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: The Interstate 5/State Route 56 Fiber Optic Relocation project will abandon an existing fiber optic cable alignment adjacent and parallel to Interstate 5 between Carmel Valley Road and Del Mar Heights Road and will relocate the utility to the east of the existing alignment and into the public right-of-way.

Justification: The relocation is necessary to accommodate the future road widening of Interstate 5 that would affect the existing utility alignment.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Carmel Valley Community Plan and is in conformance with the City's General Plan.

Schedule: Construction began in Fiscal Year 2013 and is anticipated to be completed in Fiscal Year 2014.

Summary of Project Changes: Caltrans will be constructing the project utilizing federal funds. The City's share of the project is a contribution per terms of the cooperative agreement. No other significant change has been made to this project for Fiscal Year 2014.

Transportation & Storm Water

I-5 to SR-56 Freeway Connectors / S00707

Trans - Roadway

Council District: 1	Priority Score: N/A
Community Plan: Carmel Valley	Priority Category: N/A
Project Status: Continuing	Contact Information: Johnson, Brad
Duration: 2003 - 2016	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides for the preparation of a project report and environmental document (PR/ED) for northerly connections of the Interstate 5 and State Route 56 freeways. Alternatives under consideration include direct freeway-to-freeway connectors from westbound State Route 56 to northbound Interstate 5 and southbound Interstate 5 to eastbound State Route 56, an auxiliary lane alternative which proposes providing operational improvements on Interstate 5 between Del Mar Heights Road and Carmel Valley Road, on Carmel Valley Road between Interstate 5 and State Route 56, and on State Route 56 west of Carmel Country Road. The third alternative includes the direct freeway connectors from westbound State Route 56 to northbound Interstate 5 and the auxiliary lane alternative improvements on southbound Interstate 5, eastbound Carmel Valley Road, and eastbound State Route 56.

Justification: State Route 56 opened to traffic in July 2004 and provided a new east/west connection between Interstates 5 and 15. This introduced a significantly new volume of traffic to the Interstate 5 corridor in Carmel Valley, some of which needs to travel to or from the north. This project will provide the improvements necessary to make these moves most efficiently and avoid the heavy use of local streets.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Carmel Valley Community Plans and is in conformance with the City's General Plan.

Schedule: Preparation of the project report and environmental determination began in Fiscal Year 2004 and is scheduled to be completed in Fiscal Year 2014. Design and construction will be scheduled following completion of the prior phases.

Summary of Project Changes: The financial schedules have been updated for the programmed Facilities Benefit Assessment (FBA) funds per the Carmel Valley Public Facilities Financing Plan (PFFP).

Project Status: Continuing	Contact Information: Hughes, Duncan
Duration: 2010 - 2020	619-533-3141
Improv Type: Replacement	drhughes@sanidiego.gov

Description: This annual allocation provides for the installation of, and modifications to, traffic signal interconnect systems citywide.

Justification: This project provides for increased traffic signal coordination which will reduce traffic congestion.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects will be scheduled on a priority basis.

Summary of Project Changes: TransNet funding in the amount of \$100,000 and \$2.4 million in General Fund Contributions to the CIP Fund has been allocated to this project for Fiscal Year 2014 for a total project cost of \$3.3 million.

Installation of City Owned Street Lights / AIH00001

Trans - Roadway - Street Lighting

Council District: Citywide	Priority Score: Annual
Community Plan: Citywide	Priority Category: Annual
Project Status: Continuing	Contact Information: Hughes, Duncan
Duration: 2010 - 2020	619-533-3141
Improv Type: New	drhughes@sandiego.gov

Description: This annual allocation provides for installing City-owned safety street lights where needed.

Justification: Additional street lights will increase the level of lighting for motorists, bicyclists, and pedestrians on public streets.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: Available fund balance in the amount of \$634,000 from the original TransNet program has been allocated to this project in Fiscal Year 2014 (Fund 400156) and will be utilized for the installation of street lights in non-Smart Growth areas. The allocation of TransNet Extension funding of \$100,000 (Fund 400169) will address new street light requirements in Smart Growth areas. The one-time allocation General Fund contributions CIP funding of \$100,000 (Fund 400265) will address additional street lights within the City Heights, Southcrest, Mt. Hope, and Mountain View areas per the Mayor's Office direction.

Transportation & Storm Water

Interstate 5 Underpass - Bikeway/Ped Connector / S00982

Council District: 1

Community Plan: Carmel Valley

Project Status: Continuing

Duration: 2009 - 2018

Improv Type: New

Trans - Bicycle Facilities (All Class.)

Priority Score: 66

Priority Category: High

Contact Information: Landre, Thomas

619-533-3045

tlandre@sanidiego.gov

Description: This project will provide the (missing) link between two existing bike/pedestrian paths: the regional bike connection that runs parallel to State Route 56 corridor, and the Sorrento Valley Road multi-use bike/pedestrian path, and will pass under Interstate 5, just south of the Carmel Mountain Road interchange.

Justification: Currently, cyclists and pedestrians must use the shoulders of Carmel Valley Road to access the west side of Interstate 5. High traffic volumes coupled with commercial driveways and freeway ramps make it difficult for pedestrians and cyclists to travel from one side of the freeway to the other.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Carmel Valley Public Facilities Financing Plan (Project T-5) and is in conformance with the City's General Plan.

Schedule: Design was rescheduled to begin in Fiscal Year 2013; however, is now anticipated to begin in Fiscal Year 2014. Construction will be scheduled contingent upon timing/availability of funding. Caltrans may include this project as part of the Interstate 5 widening project.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Juan Street Concrete Street / S00602

Trans - Roadway

Council District: 3	Priority Score: 73
Community Plan: Old San Diego, Uptown	Priority Category: High
Project Status: Continuing	Contact Information: Palaseyed, Abi
Duration: 2010 - 2020	619-533-4654
Improv Type: Replacement	apalaseyed@sandiego.gov

Description: This project provides for the replacement of the existing concrete pavement on Juan Street from Taylor Street to Sunset Road. The improvements include construction of curb, gutter, curb ramps, sidewalks (east and west sides), underground utilities, and replacement of water main, as well as construction of new storm drain system.

Justification: This project is needed to reconstruct the roadway due to deterioration of the existing roadway. This project location is one of the lowest rated non-residential concrete streets within the City based on Overall Condition Index (OCI) rating.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Old San Diego and Uptown Community Plans and is in conformance with the City's General Plan.

Schedule: Environmental document began in Fiscal Year 2011 and was completed in Fiscal Year 2013. Design began in Fiscal Year 2011 and was completed in Fiscal Year 2012. Construction is scheduled to begin in Fiscal Year 2014.

Summary of Project Changes: No significant change to this project for Fiscal Year 2014.,

Kearny Villa Road Bike Lane Improvements / S00961

Trans - Bicycle Facilities (All Class.)

Council District: 6	Priority Score: 91
Community Plan: Kearny Mesa	Priority Category: High
Project Status: Warranty	Contact Information: Palaseyed, Abi
Duration: 2008 - 2014	619-533-4654
Improv Type: New	apalaseyed@sandiego.gov

Description: This project provides for the resurfacing and repair of damaged bicycle lanes on Kearny Villa Road between Miramar Way and State Route 163.

Justification: The deteriorating asphalt in the bicycle lane causes bicyclists to ride close to the main travel lanes, where there are high volumes of high-speed traffic. This project will replace the existing bicycle lane with new asphalt and provide a safer route of travel for bicyclists.

Operating Budget Impact: The operating and maintenance funding for this project is included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Kearny Mesa Community Plan and is conformance with the City's General Plan.

Schedule: This project is part of a Design/Build contract. Design and construction began in Fiscal Year 2010. Construction was completed in Fiscal Year 2013.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Trans - Ped Fac - Accessibility Improve

Council District: 4	Priority Score: 38
Community Plan: Southeastern San Diego	Priority Category: Low
Project Status: Continuing	Contact Information: Johnson, Brad
Duration: 2010 - 2015	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides the installation of bulbouts and an in-pavement lighted crosswalk on Kelton Road between Zircon Street and Luber Street, at the entrance to Johnson Elementary School.

Justification: This will provide traffic calming elements in the vicinity of Johnson Elementary School and will be designed to slow traffic speed. This will narrow the roadway, thus providing better visibility for pedestrians, bicyclists, and automobiles. This measure will also shorten actual distance crossing on streets, thus reducing children/pedestrians' exposure to traffic, reducing accidents.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Southeastern Community Plan and the City's General Plan.

Schedule: Design began in Fiscal Year 2011 and was completed in Fiscal Year 2013. Construction is scheduled to begin and to be completed in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Project Status: Continuing	Contact Information: Batta, Jamal
Duration: 2008 - 2015	619-533-7482
Improv Type: New	jbatta@sandiego.gov

Description: This project provides low-flow diversion systems for four storm drain outfalls that discharge directly into the La Jolla Ecological Reserve Area of Special Biological Significance (ASBS 29).

Justification: This project will divert non-storm water discharges during the dry season from reaching La Jolla Shores, which minimizes harmful pollutants from entering this significant biological and recreational resource.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Schedule: Design of the low-flow diversion system began in Fiscal Year 2008 and was completed in Fiscal Year 2012. Construction began in Fiscal Year 2012 and is scheduled to be completed in Fiscal Year 2014.

Summary of Project Changes: City Council resolution R-307668, dated September 24, 2012 authorized the transfer of \$1.8 million in State Grant funding from this project to the Avenida de la Playa Infrastructure project (S-13018). Total project cost was reduced to \$3.3 million. There are no significant changes anticipated for this project in Fiscal Year 2014.

Transportation & Storm Water

La Jolla Mesa Drive Sidewalk / S00928

Trans - Roadway

Council District: 1	Priority Score: 33
Community Plan: La Jolla	Priority Category: Low
Project Status: Continuing	Contact Information: Palaseyed, Abi
Duration: 2008 - 2016	619-533-4654
Improv Type: New	apalaseyed@sandiego.gov

Description: This project provides for the construction of a curb, gutter, and sidewalk on the east side of La Jolla Mesa south of Deer Hill Court.

Justification: This project is required in order to provide safer pedestrian access.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2009 and was completed in Fiscal Year 2013. Construction is scheduled to begin and to be completed in Fiscal Year 2015, pending identification of funding.

Summary of Project Changes: Total project cost has been increased by \$500,000 due to an updated project scope.

Transportation & Storm Water

La Jolla Village Drive - Interstate 805 Ramps / S00857

Trans - Bridge - Vehicular

Council District: 1	Priority Score: N/A
Community Plan: University	Priority Category: N/A
Project Status: Warranty	Contact Information: Palaseyed, Abi
Duration: 2001 - 2019	619-533-4654
Improv Type: Widening	apalaseyed@sandiego.gov

Description: This project converts the existing La Jolla Village Drive/Interstate 805 full cloverleaf interchange configuration to a partial cloverleaf configuration, including widening the overpass structure and approaches to provide three through lanes with an auxiliary lane in each direction. The project also provides for widening La Jolla Village Drive to eight lanes and constructing three lanes to the southbound on-ramp. Bike lanes will be included.

Justification: This project is needed to improve traffic circulation and safety in the University community per the North University City Public Facilities Financing Plan - Project C.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Schedule: Design and land acquisition began in Fiscal Year 2001. Design was completed in Fiscal Year 2004. Caltrans awarded the construction contract in Fiscal Year 2011. Road construction was completed in Fiscal Year 2013. There will be a five-year plant establishment and monitoring period through Fiscal Year 2018.

Summary of Project Changes: Construction completion was rescheduled from Fiscal Year 2012 to Fiscal Year 2013 due to unforeseen conditions during construction. There is no significant change anticipated for this project in Fiscal Year 2014.

Project Status: Continuing	Contact Information: Johnson, Brad
Duration: 1995 - 2015	619-533-5120
Improv Type: Betterment	bjohnson@sandiego.gov

Description: This project provides for a southbound-to-westbound right-turn lane at the La Jolla Village Drive/Regents Road intersection. A Class II bike lane is included for southbound bicyclists. Additional right-of-way will be acquired from the University of California San Diego (UCSD) at no cost.

Justification: This project is needed to improve traffic flow at this intersection per the North University Public Facilities Financing Plan - Project 41.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Schedule: Design and the property exchange with UCSD was completed in Fiscal Year 2013. Construction is scheduled to begin and is anticipated to be completed in Fiscal Year 2014.

Summary of Project Changes: Construction revised due to longer than anticipated process to obtain right-of-way from UCSD. No other significant change has been made to this project for Fiscal Year 2014.

Project Status: Continuing	Contact Information: Johnson, Brad
Duration: 2006 - 2017	619-533-5120
Improv Type: Widening	bjohnson@sandiego.gov

Description: This project provides for lengthening the Genesee Avenue westbound left-turn lanes to 300 feet and re-striping Genesee Avenue to provide an exclusive eastbound right-turn lane. It will also widen Linda Vista Road to provide an exclusive northbound right-turn lane.

Justification: This project will improve the traffic flow through the intersection.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Linda Vista Community Plan and is in conformance with the City's General Plan.

Schedule: The planning phase of this project was completed in Fiscal Year 2010. Design is scheduled to be completed in Fiscal Year 2014. Right-of-way acquisition is scheduled to begin in Fiscal Year 2014 and construction is scheduled to begin in Fiscal Year 2015 contingent upon receiving additional funds.

Summary of Project Changes: TransNet funding in the amount of \$50,000 has been allocated to this project for Fiscal Year 2014.

Manhasset Drive Storm Drain System Upgrade / S11005

Drainage - Storm Drain Pipes

Council District: 9	Priority Score: 43
Community Plan: College Area	Priority Category: Medium
Project Status: Continuing	Contact Information: Batta, Jamal
Duration: 2011 - 2015	619-533-7482
Improv Type: Betterment	jbatta@sandiego.gov

Description: This project provides for improved flood control by upgrading the existing pipe and inlet drains and adding new facilities along Manhasset Drive.

Justification: This project will alleviate frequent flooding during normal storm events as a result of the current undersized storm drain.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water Department budget.

Relationship to General and Community Plans: This project is consistent with the College Area Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2011 and was completed in Fiscal Year 2013. Construction began in Fiscal Year 2013 and is scheduled to be completed in Fiscal Year 2014.

Summary of Project Changes: Per City Council Resolution, R-307352, Deferred Capital-2 Bond financing in the amount of \$109,535 was allocated to this project in Fiscal Year 2013 for construction costs.

Midway Street Bluff Repair / S12005

Trans - Roadway - Erosion/Slope/Ret Wall

Council District: 1	Priority Score: 80
Community Plan: La Jolla	Priority Category: High
Project Status: Continuing	Contact Information: Darvishi, Ali
Duration: 2012 - 2015	619-533-5328
Improv Type: Betterment	adarvishi@sandiego.gov

Description: This project provides for the repair of the coastal bluff at the west end of Midway Street. Improvements will include enhanced support of the concrete paving and reconstruction of the protective barrier at the top of the bluff.

Justification: The coastal bluff at the west end of Midway Street in the Birdrock area eroded during the 2004-2005 storm season. The protective safety barriers at the bluff collapsed including portions of the concrete paving in the area. The area was temporarily barricaded to protect the public. This project provides for bluff repair and reconstruction of the protective barrier at the top of the bluff.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2013 and is anticipated to be completed in Fiscal Year 2014. Construction is scheduled to begin in Fiscal Year 2015.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Mira Mesa Community Transit Center / S00847

Trans - Roadway - Enhance/Scape/Medians

Council District:	5	Priority Score:	68
Community Plan:	Mira Mesa	Priority Category:	High
Project Status:	Continuing	Contact Information:	Abeyta, Angela
Duration:	1991 - 2015		619-533-3674
Improv Type:	New		aabeyta@sandiego.gov

Description: This project provides for installation of an off-street transit center at Hillery Drive and Interstate 15. Concrete pads, bus bays, a shelter, and a 300-space park-and-ride facility will be constructed. The Mira Mesa Facilities Benefit Assessment (FBA) Fund will contribute toward the project which is estimated to cost a total of \$6 million. The Metropolitan Transit Development Board (MTDB) will design and construct the facility.

Justification: The transit center will facilitate transfer activity between existing and planned routes, and will establish a central focal point for transit in the community. It may also tie into either the future Interstate 15 corridor rail or the high-speed express bus system, depending on the results of the Metropolitan Transit Development Board Interstate 15 advance planning study now underway.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Mira Mesa Community Plan, and is in conformance with the City's General Plan.

Schedule: Funding in the amount of \$692,000 in Mira Mesa FBA funds will contribute toward the MTDB project total, with an estimated total cost of \$6 million. MTDB funding in the amount of \$5.3 million in Trans-Net funds will design and construct the facility. Per MTDB project management, the construction began in Fiscal Year 2013 and is anticipated to be completed in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Mira Sorrento Place-Scranton to Vista Sorrento / S00878

Trans - Roadway

Council District: 6	Priority Score: N/A
Community Plan: Mira Mesa	Priority Category: N/A
Project Status: Warranty	Contact Information: Batta, Jamal
Duration: 1999 - 2014	619-533-7482
Improv Type: New	jbatta@sandiego.gov

Description: This project provides for widening and extending Mira Sorrento Place to a four-lane collector street between Scranton Road and Vista Sorrento Parkway. It includes widening the Mira Sorrento Place/Scranton Road intersection.

Justification: This project is needed to improve traffic flow and is included in the Council-approved Mira Mesa Community Financing Plan and Facilities Benefit Assessment Document. See Project Number 56 in the Mira Mesa Public Facilities Financing Plan.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget. Departmental maintenance for this project would be in addition to a long-term maintenance contract, if established, as noted in the schedule and summary of project changes.

Relationship to General and Community Plans: This project is consistent with the Mira Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: Design and land acquisition were completed in Fiscal Year 2002. Construction began in Fiscal Year 2004 and was completed in Fiscal Year 2008. The five-year biological monitoring period ended in Fiscal Year 2012. A possible long-term maintenance contract will be considered by Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Transportation & Storm Water

Mission Beach Boardwalk Bulkhead / S00726

Trans - Ped Fac - Sidewalks

Council District: 2	Priority Score: N/A
Community Plan: Mission Beach	Priority Category: N/A
Project Status: Continuing	Contact Information: Batta, Jamal
Duration: 2002 - 2015	619-533-7482
Improv Type: Replacement - Rehab	jbatta@sandiego.gov

Description: This project provides for preserving the life of the historic Mission Beach bulkhead from Ventura Place to the end of Belmont Park. The project includes replacing the concrete deck, restoring the wall back-fill, and replacing the parapet.

Justification: This project will preserve the life of the bulkhead which was built in 1928.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mission Beach Precise Plan and is in conformance with the City's General Plan.

Schedule: A study/evaluation report was prepared to determine the integrity of the existing Mission Beach Seawall from the southern limits at south Mission Beach jetty to Thomas Avenue, a distance of approximately 2.4 miles. The study was completed in March 2012. Design began in Fiscal Year 2012 and is scheduled to be completed in Fiscal Year 2014. Construction is scheduled to begin in Fiscal Year 2014 and is scheduled to be completed in Fiscal Year 2015.

Summary of Project Changes: This project is anticipated to receive additional funding of \$1.4 million from bond financing in Fiscal Year 2014. This allocation will fully fund the project.

Council District: 6	Priority Score: 69
Community Plan: Navajo, Mission Valley	Priority Category: High
Project Status: Continuing	Contact Information: Landre, Thomas
Duration: 2000 - 2015	619-533-3045
Improv Type: New	tlandre@sandiego.gov

Description: This project provides for various bikeway projects along the San Diego River Bike Path between Mission Trails and Mission Bay in the Mission Valley Community.

Justification: This project will provide safe, as-needed bikeways for bicyclists and pedestrians in the Mission Valley and Navajo communities.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mission Valley and Navajo Community Plans and is in conformance with the City's General Plan.

Schedule: Preliminary engineering has been completed. The project schedule and cost estimate for design and construction will be established once the scope of work is approved.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

North Harbor Drive Navy Estuary Seismic Retrofit / S00728

Trans - Bridge - Vehicular

Council District: 2	Priority Score: 74
Community Plan: Peninsula	Priority Category: High
Project Status: Warranty	Contact Information: Palaseyed, Abi
Duration: 1997 - 2015	619-533-4654
Improv Type: Replacement - Retrofit	apalaseyed@sanidiego.gov

Description: This project provides for the seismic retrofit of the North Harbor Drive Bridge, which will consist of stabilizing the existing piers and joining the paired piers together at the waterline to increase support during seismic events. Televising of the 87-inch force main is included.

Justification: The North Harbor Drive Bridge over Navy Estuary has been identified as a seismically deficient bridge by Caltrans. This project will provide safe-use of the bridge once retrofitted.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Peninsula Community Plan and is in conformance with the City's General Plan.

Schedule: Design was completed in Fiscal Year 2007. Construction began in Fiscal Year 2009 and was completed in Fiscal Year 2010. The project is scheduled to be closed in Fiscal Year 2015 after the five-year mitigation and monitoring period.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

North Park Lighting Improvements / S00823

Trans - Roadway - Street Lighting

Council District: 3	Priority Score: 38
Community Plan: Greater North Park	Priority Category: Low
Project Status: Warranty	Contact Information: Qasem, Labib
Duration: 2005 - 2014	619-533-6670
Improv Type: New	lqasem@sandiego.gov

Description: This project provides for the installation of the final set of street lights within the boundaries of the North Park Maintenance Assessment District (MAD).

Justification: This project provides streetlighting to promote safe pedestrian access and use.

Operating Budget Impact: The North Park MAD will provide for the maintenance and energy costs associated with the enhanced street lighting. Maintenance of the street lights is identified as an improvement in the North Park MAD Assessment Engineer's Report.

Relationship to General and Community Plans: This project is consistent with the Greater North Park Community Plan and is in conformance with the City's General Plan.

Schedule: North Park MAD-funded street light installation began in Fiscal Year 2004 and is anticipated to be completed in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Transportation & Storm Water

North Torrey Pines Road Bridge/ Los Penasquitos / S00935

Trans - Bridge - Vehicular

Council District: 1	Priority Score: 56
Community Plan: Torrey Pines	Priority Category: High
Project Status: Warranty	Contact Information: Palaseyed, Abi
Duration: 1992 - 2014	619-533-4654
Improv Type: Replacement - Retrofit	apalaseyed@sandiego.gov

Description: This project provides for demolishing and reconstructing the North Torrey Pines Road Bridge over Los Penasquitos Creek and for transitionally widening both road approaches from approximately 770 feet south of the bridge to 1,100 feet north of the bridge. Tidal action from Los Penasquitos Lagoon is compromising beach access. Tidal action has become an issue due to the new configuration of the bridge span over the lagoon. Scouring of the access point from the State parking lot is an issue for State maintenance vehicles and beach patrons.

Justification: This project provides the replacement of the structurally deficient bridge to promote safe access and regular use.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Torrey Pines Community Plan and is in conformance with the City's General Plan.

Schedule: Environmental review was completed in Fiscal Year 2000. Design began in Fiscal Year 2000 and was completed in Fiscal Year 2003. Construction was completed in Fiscal Year 2006. Environmental mitigation and monitoring began in Fiscal Year 2012 and will continue until Fiscal Year 2016. Due to environmental obligations, a post-construction ramp for access to Torrey Pines beach for state vehicles and beach patrons was completed in Fiscal Year 2013.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Transportation & Storm Water

North Torrey Pines Road at Genesee Avenue / S00720

Trans - Roadway

Council District: 1	Priority Score: N/A
Community Plan: University	Priority Category: N/A
Project Status: Warranty	Contact Information: Johnson, Brad
Duration: 1992 - 2014	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides for the reconstruction of Genesee Avenue at Torrey Pines Road and John Jay Hopkins Drive. The proposed changes include rebuilding the intersection of Genesee Avenue/North Torrey Pines Road, widening Genesee Avenue and North Torrey Pines Road north of Genesee Avenue to a six-lane primary arterial, and widening North Torrey Pines Road south of Genesee Avenue to a six-lane major street. The limits of the widening are easterly to John Jay Hopkins Drive, southerly to Torrey Pines Scenic Drive, and to 500 feet north of the North Torrey Pines Road/Genesee Avenue intersection. This project also provides for Class II bicycle lanes. See Project Number E in the North University City Public Facilities Financing Plan.

Justification: This project will improve sight distance through the intersection and provide additional left turn storage capacity on Genesee Avenue at John Jay Hopkins Drive and University of California entrance.

Operating Budget Impact: The operating and maintenance funding for this project is included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Torrey Pines and University Community Plans and the City's General Plan Guidelines.

Schedule: Design was scheduled in Fiscal Year 1992. Land acquisition was scheduled to begin in Fiscal Year 1992. Construction was scheduled to begin in Fiscal Year 1993 and be completed in Fiscal Year 1994. This project was reinstated in Fiscal Year 2004 to reflect budget and funding adjustments. All work associated with this project was completed in Fiscal Year 2006. The easement acquisition is anticipated to occur in Fiscal Year 2014, which will complete this project.

Summary of Project Changes: This project is nearing completion. Once easement acquisition occurs, the project will be complete and will be closed by the end of the fiscal year.

Transportation & Storm Water

Ocean View Hills Parkway / S00882

Trans - Roadway

Council District: 8	Priority Score: N/A
Community Plan: Otay Mesa	Priority Category: N/A
Project Status: Warranty	Contact Information: Tracanna, John
Duration: 2000 - 2014	619-533-3682
Improv Type: New	jtracanna@sandiego.gov

Description: This project provides for reimbursing the developer for the City's share of the design and construction of Ocean View Hills Parkway (Phases II and III) from Dennerly Road to Otay Mesa Road. The project includes approximately 5,200 linear feet of a four-lane major street and 4,900 linear feet of a six-lane major street. See projects T2.1, T2.2, and T2.3 in the Otay Mesa Public Facilities Financing Plan.

Justification: The transportation element of the Otay Mesa Community Plan recommends that an integrated transportation network will provide mobility, accessibility, and safety for the residences and businesses traveling to, from, and through the community.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: Phases I and II were completed in previous years with reimbursements to-date. Phase III design began and was completed in Fiscal Year 2005. Construction began in Fiscal Year 2006 and has been completed. Schedule is contingent upon the rate of development and fees collected in the community.

Summary of Project Changes: No other significant change is anticipated for this project in Fiscal Year 2014.

Old Otay Mesa Road- Westerly / S00870

Trans - Roadway

Council District: 8	Priority Score: 66
Community Plan: Otay Mesa, Otay Mesa - Nestor	Priority Category: High
Project Status: Continuing	Contact Information: Palaseyed, Abi
Duration: 2008 - 2015	619-533-4654
Improv Type: Widening	apalaseyed@sandiego.gov

Description: This project provides for design and construction of Old Otay Mesa Road from the Princess Park Subdivision (Crescent Bay Drive) to the Remington Hills Subdivision (Hawken Drive). This project includes approximately 2,400 linear feet of a two-lane collector street, sidewalks, curb, gutter, street lighting, new road-way sections, guardrail, and traffic calming facilities.

Justification: The transportation element of the Otay Mesa Community Plan suggests that an integrated transportation network will provide mobility, accessibility, and safety for persons traveling to, from, and through the community.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is required by, and is consistent with, the Otay Mesa and Otay Nestor Community Plans and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2008 and was completed in Fiscal Year 2013. Construction is scheduled to begin in Fiscal Year 2014. This schedule is contingent upon the rate of development and fees collected in the community.

Summary of Project Changes: TransNet funding of \$3 million has been allocated to this project in Fiscal Year 2014. Project total cost has been increased to \$8.3 million. This is \$1.5 million more than previously published based on revised cost estimate determined at 60 percent design. A portion of the construction phase is currently unfunded.

Otay Mesa Truck Route Phase 4 / S11060

Trans - Roadway

Council District: 8	Priority Score: 43
Community Plan: Otay Mesa	Priority Category: Medium
Project Status: Continuing	Contact Information: Li, David
Duration: 2010 - 2017	619-533-5164
Improv Type: New	dli@sandiego.gov

Description: This Phase IV project provides for the construction of an additional lane to the existing Otay Truck Route from La Media Road to Drucker Lane and for the extension of the Truck Route (two lanes) from Britannia Boulevard to La Media Road and along Britannia Boulevard from the border to Britannia Court.

Justification: The Phase IV additional lane and extension of the Truck Route will remove cargo traffic from local streets and further expedite international truck traffic southbound into Mexico at the Otay Mesa Port of Entry.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: The environmental process for Phase IV was completed in Fiscal Year 2012. Design began in Fiscal Year 2013 and is scheduled to be completed in Fiscal Year 2014. Right-of-way acquisition is scheduled for Fiscal Year 2014. Construction for Phase IV is scheduled to begin in Fiscal Year 2015.

Summary of Project Changes: Project total cost has been reduced to \$16.9 million due to revised project cost estimate and adjusted inflation.

Transportation & Storm Water

Pacific Beach Obstructed Curb Ramp Barrier Removal / S11048

Trans - Ped Fac - Accessibility Improve

Council District: 2	Priority Score: 62
Community Plan: Pacific Beach	Priority Category: High
Project Status: Continuing	Contact Information: Palaseyed, Abi
Duration: 2012 - 2015	619-533-4654
Improv Type: Betterment	apalaseyed@sandiego.gov

Description: This project will provide for curb ramps, curbs, gutters, sidewalks, street overlay, new curb inlets, cleanouts, Americans with Disabilities Act (ADA) pedestrian push buttons, a median curb, and traffic striping at the intersection of Pacific Beach Drive and Mission Boulevard.

Justification: This project location is in a heavily used area. One or more ADA complaints have been received. The improvements are needed for disabled access in the public right-of-way for compliance with current ADA standards.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Pacific Beach Community Plan and is in conformance with the City's General Plan.

Schedule: The project description is preliminary and the scope of work has not been established. Design and construction will be scheduled following definition of project scope.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Pacific Highlands Traffic Signals / S01062

Trans - Signals - Traffic Signals

Council District: 1	Priority Score: N/A
Community Plan: Pacific Highlands Ranch	Priority Category: N/A
Project Status: Continuing	Contact Information: January, Frank
Duration: 2004 - 2019	619-533-3699
Improv Type: New	fjanuary@sanidiego.gov

Description: This reimbursement project provides for installing up to 16 different traffic signals within the Pacific Highlands Ranch Community.

Justification: These signals will be installed as part of the traffic control system for the Pacific Highlands Ranch community. They are needed to accommodate the increase in traffic generated by this community.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Pacific Highlands Ranch Public Facilities Financing Plan and is in conformance with the City's General Plan.

Schedule: Traffic signal installation will be scheduled as the community develops.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Council District: 2	Priority Score: 66
Community Plan: Midway - Pacific Highway	Priority Category: High
Project Status: Continuing	Contact Information: Palaseyed, Abi
Duration: 2012 - 2015	619-533-4654
Improv Type: Betterment	apalaseyed@sandiego.gov

Description: This project will provide for curb ramps, curbs, gutters, sidewalks, a new storm drain inlet, streetlights, and traffic striping on Pacific Highway at Estudillo Street, Bandini Street, and Sutherland Street.

Justification: The project location is a highly used area. One or more Americans with Disabilities Act (ADA) complaints have been received. The improvements are needed for disabled access in public right-of-way for compliance with current ADA standards.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Midway Community Plan and the City's General Plan.

Schedule: Design and environmental document began in Fiscal Year 2013. Construction is scheduled to begin in Fiscal Year 2014.

Summary of Project Changes: An additional \$300,000 in Midway/Pacific Highway Urban Community funding is allocated to this project for Fiscal Year 2014. Total project cost has been increased to \$1.2 million.

Transportation & Storm Water

Palm Avenue Interstate 805 Interchange / S00869

Trans - Bridge - Vehicular

Council District: 8	Priority Score: 53
Community Plan: Otay Mesa, Otay Mesa - Nestor	Priority Category: Medium
Project Status: Continuing	Contact Information: Palaseyed, Abi
Duration: 2002 - 2017	619-533-4654
Improv Type: Widening	apalaseyed@sandiego.gov

Description: This project provides for improving the Palm Avenue/Interstate 805 Interchange in three phases. The first phase has been completed which included restriping of travel lanes and signal modification. The second phase consists of environmental determination and design of the project; construction repairs to the bridge approaches and abutments; bridge widening to the south; installation of sidewalk and signals; restriping; and signage modifications. The third phase consists of construction of the bridge widening to the north; relocation of north bound on/off ramps and widening of the two on-ramps. All three phases of the project improvements per the Otay Mesa Public Facility Financing Plan (Projects T1.1, 1.2, 1.3, and 1.4).

Justification: This project is required to accommodate the additional traffic generated as a result of development in the Otay Mesa Community. Improvements to this interchange will also help to reduce traffic volumes on State Route 905.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa and Otay Mesa/Nestor Community Plans and is in conformance with the City's General Plan.

Schedule: Phase I is complete. Phase II environmental studies and preliminary design considerations began in Fiscal Year 2010. Phase II design (southern side of bridge) will be completed in Fiscal Year 2015 and construction scheduled in Fiscal Year 2016. Phase III design (northern side of bridge) is scheduled to begin in Fiscal Year 2015. Construction for Phase III will be scheduled upon allocation of funding. This schedule is contingent upon the rate of development and fees collected in the community.

Summary of Project Changes: Total project cost has been decreased by \$6 million based on revised Facilities Benefit Assessment funding, which is contingent upon the rate of development and fees collected in the community.

Description: This project provides for vehicular and pedestrian safety improvements on Palm Avenue from Beyer Way to Del Cardo Avenue. The improvements include installation of raised center medians, turn pockets, traffic signals, pedestrian refuge areas, crosswalks, striping, and signage. Subsequent phases of this project may include further analysis of the pedestrian and streetscape aspects of the project area.

Justification: These improvements will benefit the community by increasing the safety and flow of traffic.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa-Nestor Community Plan and is in conformance with the City's General Plan.

Schedule: Preliminary project planning began in Fiscal Year 2007 and was completed in Fiscal Year 2008. Design began in Fiscal Year 2010 and is scheduled to be completed in Fiscal Year 2014. Construction is scheduled to begin and to be completed in Fiscal Year 2014.

Summary of Project Changes: TransNet funding of \$2.4 million has been allocated to this project in Fiscal Year 2014.

Poway Road Bicycle Path - Class I / S00943

Council District: 5	Priority Score: 56
Community Plan: Sabre Springs	Priority Category: High
Project Status: Continuing	Contact Information: Johnson, Brad
Duration: 1997 - 2015	619-533-5120
Improv Type: Widening	bjohnson@sandiego.gov

Description: This project provides for the construction of a Class I bicycle path (combined pedestrian and bicycle travel) easterly along the south side of Poway Road from the I-15/Poway Road interchange to Sabre Springs Parkway, approximately 1,950 feet in length. This project replaces the existing Class II bikeway located within the shoulder of Poway Road.

Justification: The Sabre Springs Community Plan encourages the development of a system of bikeways within the community, tying into the regional bicycle network.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Sabre Springs Community Plan and is in conformance with the City's General Plan.

Schedule: The Environmental Process began in Fiscal Year 2008 and was completed in Fiscal Year 2012. Design began in Fiscal Year 2012 and was completed in Fiscal Year 2013. Construction is scheduled to begin and to be completed in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

 619-533-4654
 apalaseyed@sanidiego.gov

Description: This project provides for the installation of three miles of Class II bike lanes on West Bernardo Drive from Rancho Bernardo Road to Aguamiel Road and on Bernardo Center Drive from West Bernardo Drive to Rancho Bernardo Road.

Justification: This project completes gaps in the Rancho Bernardo community bicycle network, and connects to regional bicycle facilities. It also improves bicycle access to a number of community facilities, including a transit center, library, and schools.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Rancho Bernardo Community Plan and is in conformance with the City's General Plan.

Schedule: This project is part of a Design/Build contract. Design and construction began in Fiscal Year 2010. Construction was completed in Fiscal Year 2013.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Regents Road Bridge / S00729

Trans - Bridge - Vehicular

Council District: 1	Priority Score: N/A
Community Plan: University	Priority Category: N/A
Project Status: Warranty	Contact Information: Palaseyed, Abi
Duration: 1992 - 2015	619-533-4654
Improv Type: New	apalaseyed@sanidiego.gov

Description: This project provides for an 870-foot bridge spanning the AT&SF Railroad and a portion of the flood plain. Additionally, this project provides for a four-lane major street with Class II bike lanes on Regents Road from the AT&SF railroad bridge to 100 feet north of Lahitte Court as well as widening the existing half width street to a four-lane major street from 100 feet north of Lahitte Court to Governor Drive, including Class II bike lanes. In addition, the project recreational improvements in the canyon, which include limiting noise to the greatest extent possible, traffic calming, walkability, profile/light penetration structure design, habitat restoration, recreational improvements for pedestrians, and bike access trails.

Justification: This project will complete Regents Road and provide continuous access to northern communities. This project is included in the Council-approved North University City Financing Plan and Facilities Benefit Assessment Plan (Project NUC-18).

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Schedule: Project is on indefinite hold due to a vote not to proceed by the Land Use and Housing Committee.

Summary of Project Changes: No significant change to this project for Fiscal Year 2014.

Project Status: Continuing	Contact Information: Johnson, Brad
Duration: 2003 - 2015	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides for widening Regents Road to a modified four-lane major street from Genesee Avenue to Executive Drive, relocation of the Genesee Avenue/Regents Road intersection to the east, and bike lanes.

Justification: This project is needed to improve traffic flow and is included in the Council-approved North University City Community Financing Plan - Project 13 and Facilities Benefit Assessment Document.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Schedule: The right-of-way phase of the project has been completed and the project design has been updated to meet new water quality requirements. Design began in Fiscal Year 2013 and is anticipated to be completed in Fiscal Year 2014. Construction is scheduled to begin in Fiscal Year 2015.

Summary of Project Changes: Total project budget has been revised to reflect the addition of \$430,000 in North University City-FBA funds that were received in Fiscal Year 2013. The donation of \$600,000 in Fiscal Year 2013 from the University of California - San Diego (UCSD) was not received; however, the amount has been revised to \$670,000 and is anticipated to be received in Fiscal Year 2014.

Replace Obsolete T/S Controllers / AIL00010

Trans - Signals - Traffic Signals

Council District:	Citywide	Priority Score:	Annual
Community Plan:	Citywide	Priority Category:	Annual
Project Status:	Continuing	Contact Information:	Hughes, Duncan
Duration:	2010 - 2020		619-533-3141
Improv Type:	Replacement		drhughes@sandiego.gov

Description: This annual allocation provides for replacing obsolete and/or out-of-production traffic signal (T/S) controller units.

Justification: Present day requirements for coordinated signal operation, protected left turns, and emergency vehicle preemption are increasingly difficult or impossible to incorporate into some older controller units now in service. Older units function with moving parts and electrical contacts, both of which are subject to wear. Maintenance costs are increasing and parts are becoming difficult to find. The new controllers are solid-state, less costly to maintain, and more adaptable to today's needs.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: This annual allocation will use prior-year continuing appropriations to replace obsolete or out-of-production T/S controller units. Future TransNet funding will be allocated on an as-needed basis.

Resurfacing of City Streets / AID00005

Trans - Roadway

Council District: Citywide	Priority Score: Annual
Community Plan: Citywide	Priority Category: Annual
Project Status: Continuing	Contact Information: Gefrom, Walter
Duration: 2010 - 2020	619-527-7509
Improv Type: Betterment	wgefrom@sandiego.gov

Description: This annual allocation provides for roadway resurfacing, repair, and reconstruction.

Justification: This project provides for resurfacing, repair, and reconstruction of City streets, which are necessary to maintain the streets in serviceable condition and to mitigate roadway deterioration.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: Trench Cut Fee funding in the amount of \$2.0 million has been allocated to this project for Fiscal Year 2014. An additional \$222.8 million of bond financing is scheduled for street resurfacing projects through Fiscal Year 2018. Based on a streets condition assessment conducted in November 2011, the City will need an estimated \$156.1 million of additional unidentified funding to address the remaining deferred capital needs.

Transportation & Storm Water

Rose & Tecolote Creeks Water Quality Improvements / ACC00002

Council District: 6	Priority Score: Annual
Community Plan: Clairemont Mesa	Priority Category: Annual
Project Status: Continuing	Contact Information: Matter, Gene
Duration: 2010 - 2015	858-541-4346
Improv Type: Betterment	rmatter@sandiego.gov

Description: This project proposes Storm Water Best Management Practices (BMP) to address pollutants of concern in the Tecolote Creek sub-watershed. A green street consisting of several biofiltration basins will be constructed at various points in the neighborhood around Mount Abernathy Avenue. The basins will reduce the amount of storm water runoff that reaches the storm drain system.

Justification: This project addresses pollutants of concern within the Rose and Tecolote Creek watersheds which satisfies the watershed-based water quality activity requirements in the Regional Water Quality Board's Municipal Storm Water Permit.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with Clairemont Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2011 and was completed in Fiscal Year 2013. Construction began in Fiscal Year 2013 and is anticipated to be completed in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Transportation & Storm Water

Rose Creek Bikeway / S00946

Council District: 2, 6
Community Plan: Mission Bay Park, Pacific Beach
Project Status: Warranty
Duration: 2001 - 2014
Improv Type: New

Trans - Bicycle Facilities (All Class.)

Priority Score: N/A
Priority Category: N/A
Contact Information: Batta, Jamal
 619-533-7482
 jbatta@sandiego.gov

Description: This project provides for design and construction of a pedestrian/bicycle bridge across Rose Creek and a paved Class I bike path to connect the westerly end of the new bridge to Pacific Beach Drive.

Justification: This project will close a gap in the existing network of bike paths and lanes in Mission Bay Park. The project will allow pedestrians and bicyclists to circumvent a much longer existing route along Grand Avenue.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project implements the Pacific Beach Community Plan and the Mission Bay Park Master Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2001 and was completed in Fiscal Year 2010. Construction began in Fiscal Year 2011 with substantial completion in Fiscal Year 2012. Ribbon cutting for the bridge was held on April 20, 2012. Plant establishment and maintenance is scheduled to be completed in Fiscal Year 2014 followed by the issuance of the Notice of Completion (NOC).

Summary of Project Changes: In Fiscal Year 2013, funding in the amount of \$500,000 in TransNet ARRA Exchange funds was Council approved (O-20240) to be transferred to CIP S00871, Replacement of the West Mission Bay Drive Bridge over San Diego River project.

Rosecrans Street Corridor Improvements / S00830

Trans - Roadway

Council District:	2	Priority Score:	N/A
Community Plan:	Midway - Pacific Highway, Peninsula	Priority Category:	N/A
Project Status:	Warranty	Contact Information:	Genovese, Brian
Duration:	2003 - 2015		619-533-3836
Improv Type:	Betterment		bgenovese@sandiego.gov

Description: This project provides for improvements to the former State Route 209, which includes all or parts of Camino del Rio West, Rosecrans Street, Canon Street, Catalina Boulevard, and Cabrillo Memorial Drive. Camino del Rio West improvements consist of upgrading the sidewalk facilities, including installation of pedestrian ramps and traffic signal modifications, and construction of turn pocket and signal modifications on Rosecrans at Midway.

Justification: Redevelopment in the area resulted in increased traffic and pedestrian activity.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation and Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Peninsula and Midway Community Plans and is in conformance with the City's General Plan.

Schedule: Phase I of the project which includes traffic signal modifications, and installation of turn pockets began in Fiscal Year 2010. Construction of Phase I was completed in Fiscal Year 2011. This project is on hold until the department can complete an evaluation in order to identify additional improvements to the area. The evaluation of this project is anticipated to be completed in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Ruffin Road/Murphy Canyon Road Bikeway Project / S00959

Trans - Bicycle Facilities (All Class.)

Council District: 6, 7	Priority Score: 91
Community Plan: Kearny Mesa	Priority Category: High
Project Status: Warranty	Contact Information: Palaseyed, Abi
Duration: 2008 - 2014	619-533-4654
Improv Type: New	apalaseyed@sandiego.gov

Description: This proposed project will install 3.25 miles of Class II Bikeways from Kearny Villa Road to Murphy Canyon Road and upgrade the existing Class III facility on Murphy Canyon Road between Aero Drive to city limits that will connect to Murphy Canyon Road Bike Path.

Justification: This project will provide north and south connectivity to other bikeways within the city and will provide a safer route of travel for bicyclists.

Operating Budget Impact: The operating and maintenance funding for this project is included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Kearny Mesa Community Plan and is in conformance with the City's General Plan. This Study is consistent with the Bicycle Master Plan, which was passed by Council Resolution R-296581.

Schedule: This project is part of a Design/Build contract. Design and construction began in Fiscal Year 2010. Construction was completed in Fiscal Year 2013.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Council District: 4	Priority Score: 52
Community Plan: Encanto Neighborhoods (Southeastern)	Priority Category: Medium
Project Status: Continuing	Contact Information: Palaseyed, Abi
Duration: 2011 - 2014	619-533-4654
Improv Type: Replacement	apalaseyed@sandiego.gov

Description: This project provides for the evaluation, environmental documentation, design, and construction for improvements to the State Route 94/Euclid Avenue Interchange.

Justification: This project will improve safety and traffic flow within the Euclid Avenue interchange.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Encanto Neighborhoods Community Plan and in conformance with the City's General Plan.

Schedule: Preliminary engineering and environmental documentation began in Fiscal Year 2012 and was completed in Fiscal Year 2013. During the development of a traffic study for the project it was determined that the originally proposed improvements would not satisfy the site issues leading to a need to re-strategize the project.

Summary of Project Changes: Scheduled TransNet funding in the amount of \$905,000 was removed from Fiscal Year 2015 and reallocated to other TransNet eligible projects. No other significant change has been made to this project for Fiscal Year 2014.

SR2S Traffic Safety Projects Grant #1 / L00010

Trans - Signals - Calming/Speed Abatement

Council District: 8	Priority Score: 65
Community Plan: Otay Mesa - Nestor	Priority Category: High
Project Status: Warranty	Contact Information: Palaseyed, Abi
Duration: 2011 - 2013	619-533-4654
Improv Type: New	apalaseyed@sanidiego.gov

Description: This project will construct intersection bulb-outs, curb ramps, sidewalks, and install V-calm signs, which are traffic calming features on the streets in and around Berry, Nestor, and Emory Elementary Schools and Mar Vista Middle School.

Justification: This project will provide accessible walking paths for pedestrians in and around school areas within the community of Otay Mesa/San Ysidro.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa - Nestor Community Plan and is in conformance with the City's General Plan.

Schedule: Design for this project began Fiscal Year 2012. Construction of the improvements was completed in Fiscal Year 2013.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

SR94/Euclid Av Interchange-Phase 2 / S14009

Trans - Roadway

Council District: 4	Priority Score: 57
Community Plan: Southeastern (Encanto Neighborhoods)	Priority Category: High
Project Status: New	Contact Information: Chui, Gary
Duration: 2014 - 2019	619-533-3770
Improv Type: Betterment	gchui@sandiego.gov

Description: The SR 94/Euclid Avenue interchange is an uncontrolled intersection which contains higher than average accident rates. The Euclid Avenue overpass crosses State Route 94, one of the region's most important east-west connections. The City of San Diego is considering improvements to the interchange to enhance safety features through this corridor and the optimization of the level of service for both Euclid Avenue and SR 94.

Justification: The project will evaluate the SR94 / Euclid Avenue Interchange for improvements to enhance Level of Service of the interchange and safety improvement measures for all modes of transportation.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Encanto Neighborhoods Community Plan and in conformance with the City's General Plan.

Schedule: Preliminary engineering and environmental documentation began in Fiscal Year 2012 and was completed in Fiscal Year 2013 in SR-94/Euclid Avenue Interchange Improvements, S11046. Design is scheduled to begin late in Fiscal Year 2014 or early in Fiscal Year 2015. Construction is anticipated to begin in Fiscal Year 2015. A traffic study for the project was performed which identified improvement elements for the area. The State of California has reviewed the study and will participate in the project as it relates to their facilities.

Summary of Project Changes: This is a newly established project project for Fiscal Year 2014. TransNet Regional Transportation Congestion Improvement Program (RTCIP) Fee funding in the amount of \$400,000 has been allocated to this project.

San Diego River Multi-Use Path / S00958

Council District: 7	Priority Score: 56
Community Plan: Mission Valley	Priority Category: High
Project Status: Continuing	Contact Information: Giandoni, Mark
Duration: 2006 - 2014	619-533-4618
Improv Type: New	mgiandoni@sandiego.gov

Description: This project provides for a multi-use pedestrian and bicycle path under State Route 163 from Hazard Center Drive to Fashion Valley Mall on the north side of the San Diego River. The project includes a paved bicycle and pedestrian path, visitor kiosk, striping, signage, bollards, and lighting for the path underneath State Route 163.

Justification: This project is part of the Bicycle Master Plan to guide the development and the creation of a firm foundation for a bicycle-friendly environment to serve bicyclists and pedestrians throughout the City. These improvements will benefit the community by increasing the mobility and safety through the enhancement of the bicycle path environment.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mission Valley Community Plan and is in conformance with the City's General Plan.

Schedule: Preliminary engineering and planning began in Fiscal Year 2006 and was completed in Fiscal Year 2008. The environmental review process began in Fiscal Year 2009 and was completed in Fiscal Year 2012. Design began in Fiscal Year 2008 and was completed in Fiscal Year 2012. Construction is scheduled to begin and to be completed in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Saturn Blvd Roadway Improvements / S11028

Trans - Ped Fac - Sidewalks

Council District: 8	Priority Score: 41
Community Plan: Otay Mesa - Nestor	Priority Category: Low
Project Status: Continuing	Contact Information: Palaseyed, Abi
Duration: 2011 - 2014	619-533-4654
Improv Type: Betterment	apalaseyed@sandiego.gov

Description: This project provides for the widening of the west side of Saturn Boulevard, north of Grove Street. The project includes new pavement, with approximately 980 linear feet of new curb, gutter and sidewalk, pedestrian ramps, retaining wall, drainage improvements and relocation of existing above ground utilities.

Justification: The project is located adjacent to a school where students disembark from a school bus and then walk to school via this route. This project would provide a safer pedestrian route for the students and also improve surface drainage.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa-Nestor Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2012 and was completed in Fiscal Year 2013. Construction began in Fiscal Year 2013 and is anticipated to be completed in Fiscal Year 2014.

Summary of Project Changes: Funding was added per City Council Resolution (R-307908, December 4, 2012). By this action, TransNet in the amount of \$477,866 and grant funding in the amount of \$445,720 was transferred from SR2S Sidewalk Projects Grant #2 (L-00011) to this project increasing total project cost to \$1,673,586.

Project Status:	Continuing	Contact Information:	Genovese, Brian
Duration:	2010 - 2021		619-533-3836
Improv Type:	New		bgenovese@sandiego.gov

Description: This annual allocation provides for the installation of traffic control devices, sidewalks, signal modifications, and other improvements that will serve to improve safety surrounding schools. This allocation can also be used to match State or federal grants for this purpose.

Justification: The Public Safety and Neighborhood Services Committee of the City Council requested that this program be instituted in order to proactively respond to school traffic safety problems in the City.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects will be identified each year based on the priorities identified by the Public Works-Engineering and Capital Projects Department.

Summary of Project Changes: TransNet funding has been allocated to this project through Fiscal Year 2017.

Scripps Ranch/Mira Mesa Medians Project / S00838

Trans - Roadway - Enhance/Scape/Medians

Council District: 5	Priority Score: 37
Community Plan: Scripps Miramar Ranch	Priority Category: Low
Project Status: Warranty	Contact Information: Palaseyed, Abi
Duration: 2001 - 2014	619-533-4654
Improv Type: Betterment	apalaseyed@sandiego.gov

Description: This project provides for median improvements on Scripps Ranch Boulevard between Hibert Street and Mira Mesa Boulevard and on Mira Mesa Boulevard from Interstate 15 to Scripps Ranch Boulevard. Bike lanes will also be added along Mira Mesa Boulevard. The improvements on Mira Mesa Boulevard will be done by a developer reimbursement agreement, and includes a new traffic signal and mid-block crosswalk at the Hibert Street driveway, restricting u-turns during peak hours for east bound to west bound Mira Mesa Boulevard at Scripps Ranch Boulevard, and accommodating u-turns at the Scripps Ranch Boulevard and Erma Road intersection. The City will be responsible for the improvements on Scripps Ranch Boulevard.

Justification: This portion of Scripps Ranch Boulevard and Mira Mesa Boulevard is classified as a four-lane major street. The median improvement will improve vehicle access and operations per the Scripps Miramar Ranch Public Facilities Financing Plan - Project 34-2A and Project 34-2B.

Operating Budget Impact: The operating and maintenance funding for this project is included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Scripps Miramar Ranch Community Plan and is in conformance with the City's General Plan.

Schedule: Improvements to the Scripps Ranch Boulevard portion of the project were the responsibility of the City. Design of these medians was completed in Fiscal Year 2010. Construction of the Scripps Ranch Boulevard portion began in Fiscal Year 2012 and was completed in Fiscal Year 2013. Construction of the Mira Mesa Boulevard portion was scheduled to begin in Fiscal Year 2013, contingent upon approval of a reimbursement agreement and the completion of design by the developer.

Summary of Project Changes: It is anticipated that the total project cost will be increased in Developer funding in the amount of \$160,000 in Fiscal Year 2014.

Transportation & Storm Water

Sea World Drive/Interstate 5 Interchange Imp / S00888

Trans - Bridge - Vehicular

Council District:	2	Priority Score:	74
Community Plan:	Mission Bay Park	Priority Category:	High
Project Status:	Continuing	Contact Information:	Palaseyed, Abi
Duration:	2007 - 2018		619-533-4654
Improv Type:	Replacement		apalaseyed@sanidiego.gov

Description: This project proposes to realign and widen the southbound off-ramp, reconfigure the off-ramp intersection to eliminate the free right turn onto Sea World Drive, widen the eastbound approach to the southbound on-ramp, and increase storage on the overcrossing for the eastbound to northbound left turn at the northbound on-ramp. In addition, this alternative proposes to provide a loop on ramp to northbound Interstate 5 from eastbound Sea World Drive. The eastbound and westbound approaches would be modified to provide required storage and the entire interchange would be relocated approximately 30-feet to the south to accommodate phased construction of a new overcrossing. In addition, when funding is identified, Sea World Drive will be widened to six lanes between Sea World Way and Interstate 5.

Justification: Widening Sea World Drive to six lanes and improving the Sea World Drive/Interstate 5 interchange are necessary to meet existing and forecasted traffic volumes.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mission Bay Park Master Plan and is in conformance with the City's General Plan.

Schedule: Project study report was completed in Fiscal Year 2011. Preliminary engineering and preparation of environmental document were scheduled to begin in Fiscal Year 2011 but have been put on hold due to funding constraints. Design, environmental, right-of-way, construction support, and construction engineering totaling \$105.4 million (\$23.2 million design, right-of-way, environmental, and \$82.2 million for construction support and construction) is on hold until funding can be identified.

Summary of Project Changes: There are no significant changes anticipated for this project in Fiscal Year 2014.

Transportation & Storm Water

Sidewalk Repair and Reconstruction / AIK00003

Trans - Ped Fac - Sidewalks

Council District:	Citywide	Priority Score:	Annual
Community Plan:	Citywide	Priority Category:	Annual
Project Status:	Continuing	Contact Information:	Gefrom, Walter
Duration:	2010 - 2021		619-527-7509
Improv Type:	New		wgefrom@sandiego.gov

Description: This annual allocation provides for the replacement of damaged sidewalks, curbs, and gutters Citywide.

Justification: This project replaces sidewalks, curbs, and gutters which have been damaged by City trees in areas near schools and parks and contributes to the City's ongoing efforts to promote walking as a mode of transportation.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the appropriate community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis and as funding is allocated.

Summary of Project Changes: General Fund contributions in the amount of \$400,000 and Prop 42 Replacement funding in the amount of \$500,000 have been allocated to this project in Fiscal Year 2014.

Skyline Drive Improvements / S00912

Trans - Ped Fac - Sidewalks

Council District: 4	Priority Score: 49
Community Plan: Skyline - Paradise Hills	Priority Category: Medium
Project Status: Warranty	Contact Information: Johnson, Brad
Duration: 2007 - 2014	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides for improvements along Skyline Drive from 58th Street to Cardiff Street. These improvements include hardscape medians, traffic signal modifications, pavement enhancements, street lights, bus stops, pedestrian crossing improvements, traffic calming, and community signs.

Justification: The hardscaped medians, street lighting, and other proposed improvements will provide reduction in vehicle travel delay at many intersections. In addition, the proposed improvements will increase pedestrian and vehicular safety, particularly near many schools along the corridor. The project will also improve corridor walkability and add bicycle lanes that will provide connectivity to existing bicycle lanes.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Skyline/Paradise Hills Community Plan and is in conformance with the City's General Plan.

Schedule: Preliminary Design was completed in Fiscal Year 2008. Design began in Fiscal Year 2009 and was completed in Fiscal Year 2011. Construction began in Fiscal Year 2012 and was completed in Fiscal Year 2013.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Transportation & Storm Water

Sorrento Valley Road & Interstate 5 Interchange / S00914

Trans - Roadway

Council District: 1	Priority Score: 50
Community Plan: Torrey Pines	Priority Category: Medium
Project Status: Continuing	Contact Information: Palaseyed, Abi
Duration: 2007 - 2018	619-533-4654
Improv Type: New	apalaseyed@sandiego.gov

Description: The purpose of the project is to provide traffic relief for local roadways within the Interstate-5/ Sorrento Valley Road Interchange. Key stakeholder agencies (Caltrans, SANDAG, and NCTD) make up the Project Development Team (PDT) and are committed to the development and evaluation of project alternatives to enhance traffic flow and safety that will accommodate all modes of travel within the project site. Land acquisition is required.

Justification: Traffic flow within the area is operating at low level of service and is severely impacted by stoppage for trains at the Coaster Station.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mira Mesa and Torrey Pines Community Plans and is in conformance with the City's General Plan.

Schedule: Preliminary design began in Fiscal Year 2007 and is anticipated to be completed in Fiscal Year 2014. Design is scheduled to begin in Fiscal Year 2014 and to continue through Fiscal Year 2016. Construction schedule is contingent upon identification of funding.

Summary of Project Changes: TransNet funding in the amount of \$500,000 has been allocated to this project for Fiscal Year 2014. This is the second of five Transnet installments to accommodate additional project studies/tasks and staff labor.

Transportation & Storm Water

Sports Arena Blvd-Rosecrans to Midway / S00721

Trans - Roadway - Enhance/Scape/Medians

Council District: 2	Priority Score: 27
Community Plan: Midway - Pacific Highway	Priority Category: Low
Project Status: Continuing	Contact Information: Fuentes, Julio
Duration: 1992 - 2017	619-533-3092
Improv Type: Widening	jfuentes@sanidiego.gov

Description: This project provides for modifying the intersection of Sports Arena Boulevard, Rosecrans Street, and Camino del Rio West and widening Sports Arena Boulevard to a six-lane major street between Midway Drive and Rosecrans Street by modifying the median and restriping the street.

Justification: The eastbound traffic on Sports Arena Boulevard will be able to continue eastbound through the intersection of Sports Arena Boulevard/Rosecrans Street/Camino del Rio. Widening Sports Arena Boulevard will improve the traffic circulation. The average number of daily trips forecast for this segment of Sports Arena Boulevard is 50,000.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation and Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Midway/Pacific Highway Corridor Community Plan and is in conformance with the City's General Plan.

Schedule: The project description is preliminary and the scope of work is not established; only planning and other preliminary activities have been performed to-date. The project schedule for the design and construction will be established once the scope of work is approved and funding identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Transportation & Storm Water

Spring Canyon Road-Scripps Ranch to Pomerado Road / S00832

Trans - Roadway

Council District: 7	Priority Score: 42
Community Plan: Scripps Miramar Ranch, Rancho Encantada	Priority Category: Medium
Project Status: Warranty	Contact Information: Qasem, Labib
Duration: 2004 - 2015	619-533-6670
Improv Type: New	lqasem@sandiego.gov

Description: This project provides for the installation of traffic signals at three locations and the construction of raised medians at a number of intersections to reduce cut-through traffic on local collector streets. The project includes interconnection of the traffic signals in the segment. Specific locations will be determined by a traffic study which is included in this scope of work. The Community Planning Committees of Miramar Ranch North and Scripps Ranch approved a two phase plan as a result of the scheduled traffic study: Phase I: Install a traffic signal on Spring Canyon Road at Spruce Run Drive and median chokers on Spring Canyon Road at Semillon Boulevard and Sunset Ridge Drive. Phase II: Further evaluation of traffic calming, roadway safety, capacity enhancement, and traffic control features on Spring Canyon Road, which may include a traffic signal interconnect, additional traffic signals, and electronic speed monitoring signs.

Justification: The traffic signals will allow pedestrians to cross at controlled intersections. The raised medians at the three intersections will provide additional control of the traffic movements. The additional raised medians at specific intersections will reduce cut-through traffic on local collector streets. Interconnecting the traffic signals will be an effective means of controlling traffic speeds without sacrificing roadway capacity.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Rancho Encantada Precise Plan and Scripps Miramar Ranch Community Plan, and is in conformance with the City's General Plan.

Schedule: The traffic study was done in Fiscal Year 2009. Design of Phase I traffic improvements began in Fiscal Year 2011 and was completed in Fiscal Year 2012. Construction began in Fiscal Year 2012 and was completed in Fiscal Year 2013.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Description: This project provides for the construction of a bike route on the east side of State Route 15 from Landis Street to Adams Avenue.

Relationship to General and Community Plans: This project implements the Mid-City City Heights Community Plan and is in conformance with the City's General Plan.

Justification: This project provides the needed bikeway/bike path parallel with State Route 15 from Landis Street to Adams Avenue.

Schedule: Design was completed in Fiscal Year 2010. Construction began in Fiscal Year 2011 and was completed in Fiscal Year 2013.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Transportation & Storm Water

State Route 163/Clairemont Mesa Blvd Interchange / S00905

Trans - Bridge - Vehicular

Council District: 6	Priority Score: 71
Community Plan: Kearny Mesa	Priority Category: High
Project Status: Continuing	Contact Information: Palaseyed, Abi
Duration: 2005 - 2020	619-533-4654
Improv Type: Widening	apalaseyed@sanidiego.gov

Description: This project provides for improving Clairemont Mesa Boulevard/State Route 163 to six-lane prime arterial standards. Phase I of the project consists of bridge widening and ramp realignment on the eastern side of the interchange. Phase II consists of ramp realignment on the western side. The interchange will be re-configured to eliminate existing loop on-ramps. The ramps will be re-configured to intersect Clairemont Mesa Boulevard at standard signalized intersections. High-occupancy vehicle/bus bypass lanes will be incorporated on the on-ramps.

Justification: These improvements will eliminate existing pedestrian/bike high-speed crossings and all vehicle, bike, and pedestrian moves will be controlled, thus improving safety. Transit movement through the interchange area will be greatly enhanced.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Kearny Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2010 and was completed in Fiscal Year 2012. Construction began in Fiscal Year 2013 and is scheduled to be completed in Fiscal Year 2014. There will be a five-year plant establishment and monitoring period through Fiscal Year 2019.

Summary of Project Changes: TransNet Regional Transportation Congestion Improvement Program (RTCIP) Fee funding in the amount of \$350,000 has been allocated to this project for Fiscal Year 2014.

Transportation & Storm Water

State Route 163/Friars Road / S00851

Trans - Bridge - Vehicular

Council District: 7	Priority Score: 61
Community Plan: Mission Valley	Priority Category: High
Project Status: Continuing	Contact Information: Palaseyed, Abi
Duration: 1990 - 2019	619-533-4654
Improv Type: Widening	apalaseyed@sanidiego.gov

Description: This project provides for construction of a new southbound State Route 163 to westbound Friars Road off-ramp, widening of the Friars Road overcrossing structure to eight lanes extending to Frazee Road, construction of a third westbound lane on Friars Road to Fashion Valley Road, the addition of an exclusive right-turn lane on southbound Frazee Road to westbound Friars Road, other modifications to the existing on and off-ramps, and improvements to the existing State Route 163 southbound travel lanes to improve the weaving problems. This project also includes an auxiliary lane on southbound State Route 163 from Genesee Avenue to westbound Interstate 8, which requires major structural work to widen the bridge over the San Diego River. Additionally, over 5,300 feet of retaining walls will need to be constructed along State Route 163 and Friars Road, including one that is over 30 feet high. Friars Road widening and ramp improvements at Friars Road will be constructed with Phase I.

Justification: This project will alleviate some of the severe traffic delays along Friars Road due to new development in Mission Valley and the backup that occurs on the existing southbound off-ramp because of the weaving situation with the southbound on-ramp.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mission Valley Community Plan and is in conformance with the City's General Plan.

Schedule: Preliminary engineering was completed in Fiscal Year 1996. Design began in Fiscal Year 2002 and continued through Fiscal Year 2009. Final design for Phase 1 began in Fiscal Year 2011 and is scheduled to be completed in Fiscal Year 2014. Right-of-way is scheduled to be acquired in Fiscal Year 2014. Construction for Phase I is scheduled for Fiscal Year 2015 due to an extended and complex design process and funding availability. Phase II and Phase III are scheduled to be constructed in Fiscal Years 2017 and 2019, if funding becomes available.

Summary of Project Changes: Construction was rescheduled to Fiscal Year 2015 due to fund availability. Additionally, total project cost has been decreased by \$19.7 million based on revised project estimates.

Transportation & Storm Water

State Route 56 Bike Interchanges / S00955

Trans - Bicycle Facilities (All Class.)

Council District: 1	Priority Score: 90
Community Plan: Black Mountain Ranch, Del Mar Mesa, Pacific Highlands Ranch, Rancho Penasquitos	Priority Category: High
Project Status: Continuing	Contact Information: Landre, Thomas
Duration: 2006 - 2014	619-533-3045
Improv Type: New	tlandre@sandiego.gov

Description: This project will provide for a bicycle path interchange and community connection points at Black Mountain Road, Camino Del Sur, Rancho Del Sol Way, and Torrey Meadows Drive along State Route 56.

Justification: Bicyclists and pedestrians traveling the SR-56 bicycle path and needing to cross through the interchange areas have to contend with high volumes of conflicting vehicular traffic. This project will expedite the movements along the bicycle path through and connecting to the interchange areas.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Black Mountain Ranch, Del Mar Mesa, Pacific Highlands Ranch, and Torrey Highlands Subarea Plans and the Rancho Penasquitos Community Plan, and is in conformance with the City's General Plan.

Schedule: The project study report began in Fiscal Year 2006 and was completed in Fiscal Year 2008. Design and construction for SR-56 / Black Mountain Road began in Fiscal Year 2010 and were completed in Fiscal Year 2012. Remaining community bicycle paths will be designed and constructed once funding is identified.

Summary of Project Changes: Previously identified TransNet funding in the amount of \$400,000 has been removed from this project and reallocated to higher priority projects.

Transportation & Storm Water

State Route 56-Carmel Country to Black Mountain / S00853

Trans - Roadway

Council District: 1	Priority Score: N/A
Community Plan: Los Penasquitos Canyon Preserve (RPQ, Sabre Springs, Rancho Penasquitos, Torrey Highlands)	Priority Category: N/A
Project Status: Warranty	Contact Information: Johnson, Brad
Duration: 1991 - 2014	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides for the State Route 56 freeway between the Carmel Valley and Rancho Penasquitos communities. A four-lane freeway will be constructed with interchanges at Black Mountain Road, Camino Santa Fe, and Camino Del Sur. This project will provide the necessary right-of-way and prepare the grade for a six-lane freeway. In addition, this project provides for the bikepath through the State Route 56 corridor, and a future project is planned for a bikepath interchange at Camino Del Sur. The preparation of project report and environmental document for the remaining Interstate 5/State Route 56 connector ramps is budgeted under S-00707, Interstate 5/State Route 56 Freeway Connectors.

Justification: This project is needed to provide an east-west connection between Interstate 5 and Interstate 15.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Los Penasquitos Canyon Preserve Master Plan; the Sabre Springs, Rancho Penasquitos, and Torrey Hills Community Plans; and the Torrey Highlands and Pacific Highlands Ranch Subarea Plans, and is in conformance with the City's General Plan.

Schedule: This project was completed in Fiscal Year 2010.

Summary of Project Changes: In June 2013, \$3.1 million was removed as Council authorized (R-307857) by the approved Fiscal Year 2013 Torrey Highlands Public Facilities Financing Plan (PFFP). This project is complete and will be closed by the end of the fiscal year.

Stockton Street Lights / S10130

Trans - Roadway - Street Lighting

Council District: 8	Priority Score: 22
Community Plan: Southeastern San Diego	Priority Category: Low
Project Status: Warranty	Contact Information: Qasem, Labib
Duration: 2009 - 2014	619-533-6670
Improv Type: New	lqasem@sandiego.gov

Description: This project will install 25 streetlights in the Memorial, Stockton, and Grant Hill neighborhoods of Southeast San Diego. The proposed method of installation requires resident and Council office approvals.

Relationship to General and Community Plans: This project is consistent with the Southeastern San Diego Community Plan and in conformance with the City's General Plan.

Justification: The street lights will improve the safety of pedestrian route to the new Logan Heights Library, the Clay Street Park, the Memorial Recreation Center, and the Stockton Recreation Center.

Schedule: Design began and was completed in Fiscal Year 2011. Construction began and was completed in Fiscal Year 2013.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Street Light Circuit Upgrades / AIH00002

Trans - Roadway - Street Lighting

Council District: Citywide	Priority Score: Annual
Community Plan: Citywide	Priority Category: Annual
Project Status: Continuing	Contact Information: Gefrom, Walter
Duration: 2010 - 2020	619-527-7509
Improv Type: New	wgefrom@sandiego.gov

Description: This annual allocation provides for the replacement of obsolete street light series circuits.

Justification: Series circuits are over 70 years old and no longer meet current standards and they constantly have maintenance problems which impact a large number of lights.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis, as additional funding is identified.

Summary of Project Changes: No other significant change has been made to this project for Fiscal Year 2014.

Talbot Street Slope Restoration / S00609

Trans - Roadway - Erosion/Slope/Ret Wall

Council District: 2	Priority Score: 72
Community Plan: Peninsula	Priority Category: High
Project Status: Continuing	Contact Information: Batta, Jamal
Duration: 2007 - 2015	619-533-7482
Improv Type: Betterment	jbatta@sandiego.gov

Description: This project provides for the stabilization of the slope adjacent to Talbot Street at Martinez Street.

Justification: The winter storms of 2004 and 2005 eroded the steep slope adjacent to Talbot Street and threatened the houses at the top of the slope. This project is eligible for Federal Highways Administration (FHWA) reimbursement.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Peninsula Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2008 and was completed in Fiscal Year 2011. Construction is scheduled to begin and is anticipated to be completed in Fiscal Year 2014.

Summary of Project Changes: Funding in the amount of \$1.6 million in Federal Grant funds was Council approved (R-30796) to be appropriated to this project in mid-Fiscal Year 2013.

Taylor Street - Bikeway / S00965

Council District: 2
Community Plan: Old San Diego
Project Status: Continuing
Duration: 2007 - 2014
Improv Type: New

Trans - Bicycle Facilities (All Class.)

Priority Score: 56
Priority Category: High
Contact Information: Landre, Thomas
 619-533-3045
 tlandre@sandiego.gov

Description: This project provides for the replacement of a bicycle lane on Taylor Street between Presidio Drive and Hotel Circle South, adjacent to Presidio Park.

Justification: Erosion has caused the cliffside at this location to destabilize. Temporary barriers are in place to prevent additional rockslide onto Taylor Street; however, these barriers have eliminated the bicycle lane. This project will re-establish the bike lane.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Old San Diego Community Plan and is in conformance with the City's General Plan.

Schedule: Construction schedule and funding were determined upon transfer to the Public Works-Engineering & Capital Projects Department in Fiscal Year 2011 and will be incorporated in the cliff stabilization project.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Project Status: Continuing	Contact Information: Palaseyed, Abi
Duration: 2008 - 2014	619-533-4654
Improv Type: New	apalaseyed@sandiego.gov

Description: This project provides for construction of a pedestrian bridge along Shoal Creek Drive to facilitate crossing Ted Williams Parkway. This phase of the project includes design and environmental studies.

Justification: The intersection is in close proximity to Shoal Creek Elementary School and has a high volume of children crossing Ted Williams Parkway. This project will increase pedestrian safety and was requested by City Council and the community.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Carmel Mountain Ranch Community Plan and is in conformance with the City's General Plan.

Schedule: Environmental approval was received in Fiscal Year 2011. Design began in Fiscal Year 2008 and was completed in Fiscal Year 2012. Construction began in Fiscal Year 2013 and is anticipated to be completed in Fiscal Year 2014.

Summary of Project Changes: State Grant funds were increased by \$1.2 million per City Council Resolution (R-307627) dated July 31, 2012.

Torrey Meadows Drive Overcrossing / S10015

Trans - Bridge - Vehicular

Council District: 1	Priority Score: 46
Community Plan: Torrey Highlands	Priority Category: Medium
Project Status: Continuing	Contact Information: Palaseyed, Abi
Duration: 2010 - 2020	619-533-4654
Improv Type: New	apalaseyed@sandiego.gov

Description: This project provides for the design and construction of a two-lane overcrossing of Torrey Meadows Drive over State Route 56. This project will include the bridge approaches on each side of the bridge, approximately 200 linear feet of a two-lane local collector road, together with any right-of-way not previously acquired as part of the State Route 56 project. The City is moving forward with a reimbursement agreement with developer to provide design and construction specifications for future construction of project.

Justification: This two-lane connection will provide access to the neighborhood park, elementary and high schools, and the local mixed use zone for those properties south of State Route 56. The project should alleviate traffic congestion on the Camino Del Sur Interchange and provide enhanced traffic flow.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Torrey Highlands Subarea Plan, the Torrey Highlands Public Facilities Financing Plan (PFFP Project T-9), and is in conformance with the City's General Plan.

Schedule: Preliminary design and environmental reconnaissance began in Fiscal Year 2010. Project design and construction is to be specified in accordance with a future Reimbursement Agreement (RA) between City and Developer. Caltrans will provide oversight for the design and construction of the project.

Summary of Project Changes: In Fiscal Year 2014, \$2.4 million in Facilities Benefit Assessment (FBA) funding has been allocated to this project per Council approved Fiscal Year 2014 Torrey Highlands PFFP.

Transportation & Storm Water

Torrey Pines Improvements Phase I / S00613

Trans - Roadway

Council District: 1	Priority Score: 58
Community Plan: La Jolla	Priority Category: High
Project Status: Continuing	Contact Information: Johnson, Brad
Duration: 2010 - 2018	619-533-5120
Improv Type: Betterment	bjohnson@sandiego.gov

Description: This project provides for missing sidewalk segments, curb ramps, and reconstructing driveways along the north side of Torrey Pines Road from La Jolla Parkway to Prospect Place, as well as new sidewalk, retaining walls, curb ramps, and reconstructing driveways along the south side of Torrey Pines Road from Calle Juela and Roseland Drive. Future phases may include improvements such as guardrails, median improvements, sidewalks, traffic signals and lighting, and installation of bike lanes and striping modifications.

Justification: Improvements are needed on Torrey Pines Road between La Jolla Parkway and Prospect Place in order to accommodate existing and future traffic volumes, and to provide for roadway features to enhance safety and traffic flow for vehicles, bicycles and pedestrians. A Corridor Study has been completed and potential improvements have been identified to enhance traffic safety and walkability along the Torrey Pines Road corridor.

Operating Budget Impact: Costs for operation and maintenance above and beyond the current levels within the project area will be included in the Transportation and Storm Water Department's budget during the final design phase.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Schedule: Preliminary design was completed in Fiscal Year 2011. Phase I design began in Fiscal Year 2013 and is scheduled to be completed in Fiscal Year 2014. Construction of Phase I improvements is scheduled to begin in Fiscal Year 2014. Future phases of the project are contingent upon identification of funding.

Summary of Project Changes: A City Council action approved in Fiscal Year 2013 authorized the reallocation of \$100,000 of Development Impact Fees (DIF) funding from the Architectural Barrier Removals annual allocation. This action will fully fund Phase I of the improvements. No other significant change has been made to this project for Fiscal Year 2014.

Duration:	2000 - 2015		619-533-7482
Improv Type:	Betterment		jbatta@sanidiego.gov

Description: This project provides for reconstructing a 350-foot section of earthen slope along the south side of Torrey Pines Road between Little Street and Roseland Drive.

Justification: The existing slope is eroding. This project will eliminate the possibility of soil slough landing in the travel lane of a primary arterial street.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2013 and is scheduled to be completed in Fiscal Year 2014. Construction has been rescheduled to begin in Fiscal Year 2014 with project completion scheduled for Fiscal Year 2015.

Summary of Project Changes: In Fiscal Year 2013, funding in the amount of \$540,000 in TransNet Extension funds was Council approved (O-20240) to be transferred to CIP S00871, Replacement of the West Mission Bay Drive Bridge over San Diego River project. Also, in Fiscal Year 2013, the total project cost was decreased by an additional \$1 million in TransNet Extension funds based on revised project cost. In Fiscal Year 2014, TransNet Extension funding in the amount of \$2.5 million will fully fund the project through construction.

Traffic Calming / AIL00001

Trans - Signals - Traffic Signals

Council District: Citywide	Priority Score: Annual
Community Plan: Citywide	Priority Category: Annual
Project Status: Continuing	Contact Information: Pence, Gary
Duration: 2010 - 2020	619-533-3184
Improv Type: Replacement	gpence@sandiego.gov

Description: This annual allocation provides for installing traffic control measures on an as-needed basis. These improvements respond to a variety of traffic concerns such as speeding motorists and shortcutting traffic. Solutions used may include the construction of flashing beacons and geometric design features such as road humps and traffic islands.

Justification: This annual allocation is needed to improve safety by mitigating traffic problems on streets such as speeding, shortcutting traffic, and the need for increased pedestrian safety.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: An additional \$566,000 from the original TransNet program has been allocated to this project in Fiscal Year 2014 and will be utilized for the installation of traffic calming measures in non-Smart Growth areas. The allocation of TransNet Extension funding of \$620,526 will address new traffic calming requirements in Smart Growth areas in Fiscal Year 2014 and additional funding has been allocated to this project through Fiscal Year 2017. Total project cost has been decreased by \$362,750 based on revised TransNet funding for this project's outlying years.

Traffic Signals - Citywide / AIL00004

Council District: Citywide	Priority Score: Annual
Community Plan: Citywide	Priority Category: Annual
Project Status: Continuing	Contact Information: Hughes, Duncan
Duration: 2010 - 2020	619-533-3141
Improv Type: Replacement	drhughes@sandiego.gov

Description: This annual allocation provides for the installation of traffic signals at high-priority locations and the City's share of the costs of traffic signals undertaken in cooperation with others.

Justification: The City maintains an inventory of candidate intersections which are periodically surveyed for significant changes in operating conditions. Installing traffic signals in select intersections provides for the orderly movement of traffic, increased traffic handling capacity, reduced frequency of accidents, and for improved traffic flow. Signals also permit vehicles and pedestrians from a minor street to enter or cross continuous traffic on the major street. The criteria for installing traffic signals are governed by Council Policy 200-6.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: Developer Impact Fee funding in the amount of \$95,500 and TransNet funding in the amount of \$715,000 have been allocated to this project for Fiscal Year 2014. Total project cost has been decreased by \$1.1 million based on revised TransNet funding for this project's outlying years.

Traffic Signals Modification / AIL00005

Council District: Citywide
Community Plan: Citywide
Project Status: Continuing
Duration: 2010 - 2020
Improv Type: Replacement

Trans - Signals - Traffic Signals

Priority Score: Annual
Priority Category: Annual
Contact Information: Hughes, Duncan
 619-533-3141
 drhughes@sandiego.gov

Description: This annual allocation provides for upgrading existing traffic signals as necessary to improve traffic flow and promote safety. Improvements may include conversion from post-mounted to mast-arm-mounted indicators, addition of pedestrian signals, and additional phases to accommodate separate turning moves.

Justification: The City maintains an ongoing program to promote safety within the public right-of-way. Analysis of accident patterns at a particular location often shows that some minor improvement would help to reduce the number and/or severity of accidents. In addition, increasing traffic volumes and changing traffic patterns typically reduce the effectiveness and efficiency of existing traffic signal controls at certain intersections, warranting upgrades.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: Developer Impact Fees funding of \$489,500 and TransNet funding of \$961,400 have been allocated to this project for Fiscal Year 2014. Total project cost has been decreased by \$2 million which \$1.5 million is primarily based on revised TransNet funding for this project's outlying years.

Trans - Roadway

Council District:	Citywide	Priority Score:	Annual
Community Plan:	Citywide	Priority Category:	Annual
Project Status:	Continuing	Contact Information:	Chui, Gary
Duration:	2010 - 2020		619-533-3770
Improv Type:	Betterment		gchui@sandiego.gov

Description: This annual allocation provides funding for matching fund obligations and/or supplementing transportation grant projects for various types of transportation grants.

Justification: In order to qualify for future additional grant funds, the City may be required to ensure that matching funds are available or projects may need supplemental funds to continue.

Operating Budget Impact: None

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: In September 2012, an approved City Council action (R-307478) transferred available TransNet funding from this project to Traffic Calming annual allocation (AIL00001). Upon completion of the Traffic Light Synchronization sublet (B11027), this annual allocation will be completed and closed by the end of the fiscal year.

Triple Pipe Crossing - Dennery Road / S10017

Trans - Roadway

Council District: 8	Priority Score: N/A
Community Plan: Otay Mesa	Priority Category: N/A
Project Status: Continuing	Contact Information: Tracanna, John
Duration: 2010 - 2020	619-533-3682
Improv Type: New	jtracanna@sandiego.gov

Description: This project provides for constructing a triple pipe arch culvert beneath Dennery Road where the road spans Dennery Canyon to maintain the continuity of the Dennery Canyon Open Space link with the Otay River Valley and to accommodate the existing wildlife movement.

Justification: The alignment of Dennery Road will bisect a key wildlife corridor within the Otay Mesa Community. In order to minimize the disturbance, a wildlife undercrossing is proposed to provide an unobstructed corridor for wildlife movement between Dennery Canyon and the Otay River Valley.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: The design and construction of the triple pipe crossing shall be performed by the subdivider responsible for the construction of Dennery Ranch Road and may be reimbursed from Otay Mesa Facilities Benefit Assessment funding under the terms of a reimbursement agreement.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

University Ave/Alabama Bike & Ped Safety Imp / S00960

Trans - Bicycle Facilities (All Class.)

Council District:	3	Priority Score:	56
Community Plan:	Greater North Park	Priority Category:	High
Project Status:	Warranty	Contact Information:	Guise, Jason
Duration:	2007 - 2014		619-533-4665
Improv Type:	Betterment		jguise@sanidiego.gov

Description: This project provides for the restriping of University Avenue from east of Florida Street to the west side of Mississippi Street, including the two intersections of University Avenue at Alabama Street to provide a center refuge median and wider travel lanes to improve bicycle and pedestrian safety. This project will provide for the removal of parking on both sides of the street and eliminate left turns in and out of both intersections of University Avenue and Alabama Street.

Justification: This project will provide a center refuge median and wider travel lanes to improve bicycle and pedestrian safety.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Greater North Park Community Plan and is in conformance with the City's General Plan.

Schedule: Design was completed in Fiscal Year 2010. Construction began and was completed in Fiscal Year 2013.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

University Avenue Mobility Project / S00915

Trans - Roadway - Enhance/Scape/Medians

Council District:	3	Priority Score:	53
Community Plan:	Greater North Park	Priority Category:	Medium
Project Status:	Continuing	Contact Information:	Johnson, Brad
Duration:	2007 - 2016		619-533-5120
Improv Type:	New		bjohnson@sandiego.gov

Description: This project provides for the University Avenue Mobility Project-Phase I (UAMP-Phase I), which is a subset of the improvements planned in the larger University Avenue Mobility Plan. Since funding for the entire project is not available at this time, the Phase I project was developed by combining selected portions of the UAMP that would provide the greatest benefits, focusing on the commercial core of the corridor. The major elements of the UAMP-Phase I are restriping to provide a painted median, left turn pockets at signalized intersections and improved lane widths, installation of raised medians in the core area, installation of enhanced pedestrian crosswalks, repainting of existing crosswalks, removal of parallel on-street parking, and re-striping select side streets to provide angled parking on both sides of the street.

Justification: This project will significantly improve safety and mobility along the corridor for pedestrians, bicyclists, transit, and automobile traffic.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Greater North Park Community Plan and is in conformance with the City's General Plan.

Schedule: Preliminary design began in Fiscal Year 2007. The environmental process began in Fiscal Year 2009 and was completed in Fiscal Year 2013. Design began in Fiscal Year 2013 and is scheduled to be completed in Fiscal Year 2014. Construction is scheduled to begin in Fiscal Year 2015 and is anticipated to be completed in Fiscal Year 2016.

Summary of Project Changes: TransNet funding in the amount of \$2 million has been allocated to this project for Fiscal Year 2014.

University Avenue Sidewalk from 54th to 68th / S00910

Trans - Ped Fac - Sidewalks

Council District:	3, 7	Priority Score:	39
Community Plan:	City Heights (Mid-City), College Area	Priority Category:	Low
Project Status:	Continuing	Contact Information:	Fuentes, Julio
Duration:	2008 - 2018		619-533-3092
Improv Type:	New		jfuentes@sandiego.gov

Description: This project provides for the installation of approximately 16,000 feet of new concrete sidewalk and other roadway and safety/capacity improvements on both sides of University Avenue from 54th Street to 68th Street. In addition, a corridor study will be completed to analyze existing conditions and future traffic in order to determine other capacity and safety improvements.

Justification: The existing sidewalk has settled and cracked necessitating replacement in order to provide safe pedestrian access. Portions of University Avenue within the limits of this project are without sidewalks. New sidewalk will be constructed in these areas. In addition, a corridor study will be completed to analyze existing conditions and future traffic in order to determine other capacity and safety improvements.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the College Area and Mid-City: City Heights and Eastern Area Communities Plans and is in conformance with the City's General Plan.

Schedule: Preliminary engineering was completed in Fiscal Year 2012. Design was to be completed in Fiscal Year 2012 and construction was scheduled for Fiscal Year 2013. However, Redevelopment Agency funding was withheld, which placed this schedule on standby until funding can be identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Utilities Undergrounding Program / AID00001

Trans - Roadway

Council District:	Citywide	Priority Score:	Annual
Community Plan:	Citywide	Priority Category:	Annual
Project Status:	Continuing	Contact Information:	Reyes, Mario
Duration:	2010 - 2020		619-533-7426
Improv Type:	Betterment		mreyes@saniego.gov

Description: This annual allocation provides for additional underground conversion projects to augment the California Public Utilities Commission (CPUC) Rule 20A projects as well as provides for the necessary administrative expenses, conversion of City-owned street lighting, and resurfacing of roadways associated with the undergrounding of utilities.

Justification: The CPUC mandates that local utility companies allocate funding for undergrounding of utilities at the direction of the local municipality. San Diego Gas and Electric (SDG&E), AT&T, and the cable companies spend several million dollars annually to underground overhead facilities. The City must provide the utility companies with a priority listing of projects, aid coordination, establish underground utility districts, and give informational support. Construction costs for undergrounding are paid by utility companies in accordance with Public Utilities Commission Decisions 73078, 820118, and Case 8209. If not provided with administrative support, millions of dollars of utility company construction money could go unused. Additional underground conversion projects are funded through the City Undergrounding Surcharge Fund. This fund is used solely for the undergrounding of utilities and cannot be used for other purposes.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2014.

Description: This project provides for reimbursement to a developer for the reconstruction of Via de la Valle between San Andres Drive and El Camino Real West to a modified four-lane major street to accommodate existing and projected sub-regional traffic. Scope of the project includes modification of the traffic signals at San Andres Drive and El Camino Real West as required and the relocation of existing overhead utilities to underground locations. Via de la Valle between San Andres Drive and Interstate 5 will be restriped to six lanes. This is project T-32.1 in the Black Mountain Ranch Public Facilities Financing Plan.

Justification: This facility is required to accommodate traffic generated by new development in Black Mountain Ranch and surrounding communities as well as existing sub-regional traffic needs.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Black Mountain Ranch Community Plan and is in conformance with the City's General Plan.

Schedule: Preliminary engineering and design are on-going. Final design and construction began in Fiscal Year 2013 and are scheduled to be completed in Fiscal Year 2014. This project will reimburse developer per the terms of a reimbursement agreement through the FBA Credit Program.

Summary of Project Changes: San Andres Cost Reimbursement District funding in the amount of \$952,749 has been allocated to this project for Fiscal Year 2014.

Transportation & Storm Water

Village Loop Road / S00919

Trans - Roadway

Council District: 1	Priority Score: N/A
Community Plan: Pacific Highlands Ranch	Priority Category: N/A
Project Status: Warranty	Contact Information: Tracanna, John
Duration: 2007 - 2014	619-533-3682
Improv Type: New	jtracanna@sandiego.gov

Description: This reimbursement project provides for construction of Village Loop Drive, from the intersection of Del Mar Heights Road and Carmel Valley Road easterly to the property line (approximately 2,000 linear feet), as a four-lane collector roadway within a 108-foot right-of-way route providing access to the high school site and the core residential areas.

Justification: This project is dependent upon the development of the high school, community park, and core residential area including the village area of the community.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Pacific Highlands Ranch Public Facility Financing Plan and is in conformance with the City's General Plan.

Schedule: The developer (Pardee) advanced funding for this project and will be reimbursed from the Pacific Highlands Ranch Facilities Benefit Assessment (FBA) under the terms of a reimbursement agreement. Reimbursement is programmed from Fiscal Years 2006 through 2013.

Summary of Project Changes: This project has been completed by the developer (Pardee). Upon final reimbursement to the developer, this project will be closed by the end of the fiscal year.

Transportation & Storm Water

Washington Street Improvements Phase II / S00703

Trans - Roadway - Enhance/Scape/Medians

Council District: 2	Priority Score: 33
Community Plan: Uptown	Priority Category: Low
Project Status: Warranty	Contact Information: Johnson, Brad
Duration: 2001 - 2014	619-533-5120
Improv Type: Betterment	bjohnson@sandiego.gov

Description: This project provides for streetscape improvements on Washington Street between San Diego Avenue and India Street, and between Goldfinch Street and Dove Street.

Justification: The Mission Hills Community Plan group adopted the Washington Street Beautification Master Plan in Fiscal Year 1997. Streetscape improvements are being installed to revitalize the Mission Hills Business District.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Uptown Community Plan and is in conformance with the City's General Plan.

Schedule: Construction of Phase I was completed in Fiscal Year 1994. In addition, Phase I included a community tree planting plan which added 80 street trees to Washington Street in Fiscal Year 1998. Design of Phase II was completed in Fiscal Year 1999. Construction of Phase II, segment one, which included upgrades and public artwork in two medians, was completed in Fiscal Year 2000. Improvements to the intersection of Washington Street and Goldfinch Street were designed in Fiscal Years 2003 and 2004, updated in Fiscal Year 2007 including median improvements on Washington Street between Goldfinch and Falcon Streets and between Eagle and Dove Streets. Construction of these improvements was completed in Fiscal Year 2009. The design for median improvements on Washington Street between India Street and San Diego Avenue was completed in Fiscal Year 2012.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Transportation & Storm Water

Watershed CIP / ACC00001

Drainage - Best Mgt Practices (BMPs)

Council District: Citywide	Priority Score: Annual
Community Plan: Citywide	Priority Category: Annual
Project Status: Continuing	Contact Information: Matter, Gene
Duration: 2010 - 2015	858-541-4346
Improv Type: Betterment	rmatter@sandiego.gov

Description: This project provides for the design and construction of watershed capital projects. These projects, in conjunction with non-structural water quality projects, address storm drain discharge water quality standards.

Justification: The purpose of these projects is to remove pollutants from storm water before it enters our public waterways or to reuse the storm water and keep it from entering public waterways. This results in reduced pollutants entering the ocean and various San Diego rivers and bays. These projects satisfy watershed-based water quality activity requirements in the Regional Water Quality Control Board's Municipal Storm Water National Pollutant Discharge Elimination System (NPDES) permit.

Operating Budget Impact: Maintenance costs for the structural watershed Best Management Practice (BMP) need to be estimated and included in the storm drain infrastructure operating budget by Fiscal Year 2020.

Relationship to General and Community Plans: This project is consistent with the applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects will be scheduled to address pollutants of concern within high priority watersheds and are planned based on regulatory requirements and as funding is allocated.

Summary of Project Changes: In lieu of previously published General Fund contributions, this project anticipates an additional \$5 million in bond financing for Fiscal Year 2014.

Transportation & Storm Water

West Mission Bay Drive Bridge Over San Diego River / S00871

Trans - Bridge - Vehicular

Council District: 2	Priority Score: 70
Community Plan: Midway - Pacific Highway, Mission Bay Park, Peninsula	Priority Category: High
Project Status: Continuing	Contact Information: Palaseyed, Abi
Duration: 1997 - 2021	619-533-4654
Improv Type: Replacement	apalaseyed@sandiego.gov

Description: This project provides for replacing the existing four-lane West Mission Bay Drive bridge with a six-lane bridge, sidewalk, bike lanes, and shoulder improvements.

Justification: A six-lane facility is needed to accommodate both the existing and the projected future traffic volumes. It was determined that a bridge replacement was more cost effective than widening the existing bridge.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mission Bay Park Master Plan, Midway - Pacific Highway Community Plan, and the Peninsula Community Plan, and is in conformance with the City's General Plan.

Schedule: Preliminary engineering was scheduled to begin in Fiscal Year 1998; however, the scope changed from bridge widening to bridge replacement. Feasibility and environmental studies began in Fiscal Year 2001. Preliminary engineering and Environmental Document began in Fiscal Year 2009 and were completed in Fiscal Year 2013. Design began in Fiscal Year 2013 and is scheduled to be completed in Fiscal Year 2014. Construction is scheduled to begin in Fiscal Year 2014 and will be completed once funding is identified.

Summary of Project Changes: The \$71.3 million previously anticipated in Fiscal Year 2013 was not received from the Federal Highway Administration (FHA) grant funding nor private donations. The amount has been revised to \$97.2 million which reflects anticipated grant funding to be received in Fiscal Year 2014. The total project cost has increased by \$26.4 million, which includes funding in the amount of \$500,000 in TransNet ARRA Exchange funds and funding in the amount of \$540,000 in TransNet Extension funds that was Council approved (O-20240) to be transferred into this project.

Transportation & Storm Water

West San Ysidro Blvd Streetscape / S00822

Trans - Roadway - Enhance/Scape/Medians

Council District: 8	Priority Score: N/A
Community Plan: San Ysidro	Priority Category: N/A
Project Status: Warranty	Contact Information: Batta, Jamal
Duration: 2004 - 2014	619-533-7482
Improv Type: Replacement	jbatta@sandiego.gov

Description: This project provides for public improvements along West San Ysidro Boulevard on the block located between Cottonwood and Via de San Ysidro. The improvements are the initial revitalization activities for the area and will consist of sidewalk improvements, new street trees, and ornamental street lamps.

Justification: The City of San Diego Redevelopment Agency and San Ysidro Business Improvement District have identified this public improvement project as a priority for the San Ysidro commercial district to help eliminate blight, spark new development, and increase business activity.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the San Ysidro Community Plan and is in conformance with the City's Progress Guide and General Plan.

Schedule: Project has been completed.

Summary of Project Changes: This project complete and will be closed by the end of the fiscal year.

Westerly Extension of Hazard Center Drive / RD10001

Trans - Roadway

Council District: 6	Priority Score: N/A
Community Plan: Mission Valley	Priority Category: N/A
Project Status: Continuing	Contact Information: Johnson, Brad
Duration: 2010 - 2013	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: The construction of the Westerly Extension of Hazard Center Drive will provide for the construction of a two lane road from the eastern terminus of Hazard Center Drive to the existing road behind Fashion Valley Shopping Center.

Justification: This project will provide for the construction of the missing segment of Hazard Center Drive and when constructed, the road will provide enhanced traffic circulation which will benefit the community.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mission Valley Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2011 and was completed in Fiscal Year 2013. Construction is anticipated to occur in Fiscal Year 2014. This project is being designed and constructed by the developer.

Summary of Project Changes: No significant change has been made to this project in Fiscal Year 2014.

Transportation & Storm Water

Unfunded Needs List

Project	Project Total	Unidentified Funding	Percent Unfunded	Description
West Mission Bay Drive Bridge Over San Diego River / S00871	\$ 119,799,654	\$ 8,000,000	6.7%	This project provides for replacing the existing four-lane West Mission Bay Drive bridge with a six-lane bridge. A portion of construction is currently unfunded.
Linda Vista Rd at Genesee Intersection Improvement / S00907	1,023,188	160,188	15.7%	This project provides for lengthening the Genesee Avenue westbound left-turn lanes to 300 feet and re-striping Genesee Avenue to provide an exclusive eastbound right-turn lane. It will also widen Linda Vista Road to provide an exclusive north-bound right-turn lane. A portion of the construction phase is unfunded.
Old Otay Mesa Road- Westerly / S00870	8,286,672	2,000,000	24.1%	This project provides for design and construction of a portion of Old Otay Mesa Road. A portion of the construction phase is currently unfunded.
Resurfacing of City Streets / AID00005	459,675,562	156,106,910	34.0%	This annual allocation provides for roadway resurfacing, repair and reconstruction of City streets are necessary to maintain the streets in serviceable condition and prevent deterioration of the roadway. The unidentified funding reflects the estimated amount needed to address the deferred capital needs of the City's streets based on condition assessments.
Drainage Projects / ACA00001	235,942,574	87,100,719	36.9%	This annual allocation provides for restructuring or replacing failed drainage facilities citywide. The unidentified funding amount reflects the estimated funding to address the deferred capital needs of the City's General Fund supported drainage projects based on condition assessments.
Otay Mesa Truck Route Phase 4 / S11060	16,850,000	9,350,000	55.5%	This Phase IV project provides for the construction of an additional lane to the existing Otay Truck Route from La Media Road to Drucker Lane and for the extension of the Truck Route (two lanes) from Britannia Boulevard to La Media Road and along Britannia Boulevard from the border to Britannia Court. Construction phase is currently unfunded.
La Jolla Mesa Drive Sidewalk / S00928	826,000	500,000	60.5%	This project provides for the construction of curb, gutter, and sidewalk on the east side of La Jolla Mesa south of Deer Hill Court. The construction phase is currently unfunded.
El Camino Real - Half Mile to Via De La Valle / S00856	32,565,869	19,941,511	61.2%	This project provides for reconstruction and widening of the existing two-lane bridge to a four-lane bridge. Construction phase is currently unfunded.
State Route 56 Bike Interchanges / S00955	11,754,408	7,222,940	61.4%	This project provides at-grade or grade-separated bicycle path interchange facilities along State Route 56. Future sections of the project are currently unfunded.
State Route 163/Friars Road / S00851	122,650,941	77,086,159	62.9%	This project provides for reconfiguration of State Route 163 and Friars Road on and off-ramps and other Friars Road improvements. Future phases of this project are currently unfunded.
Interstate 5 Underpass - Bikeway/Ped Connector / S00982	1,651,010	1,116,010	67.6%	This project will provide the link between two existing bike/pedestrian paths: the regional bike connection that runs parallel to State Route 56 corridor, and the Sorrento Valley Road multi-use bike/pedestrian path. Construction phase is unfunded.
Five Points Neighborhood Pedestrian Improvements / S00988	475,000	325,000	68.4%	This project provides for construction of pedestrian improvements at the intersections of Hancock Street and Washington Street and San Diego Avenue and Washington Street. The construction phase is currently unfunded.

Transportation & Storm Water

Unfunded Needs List

Project	Project Total	Unidentified Funding	Percent Unfunded	Description
Fund for the SR 56 expansion fr 4 to 6 lanes / RD14000	152,000,000	119,000,000	78.3%	This project provides for the conversion of the four-lane freeway into a six-lane facility. High occupancy vehicle lanes can be accommodated within the center median at some point in the future once regional funding is identified. This project will be completed in multiple phases as funding becomes available. The total estimated project cost of \$152 million includes an unfunded amount of \$119 million.
University Avenue Sidewalk from 54th to 68th / S00910	2,450,000	1,997,611	81.5%	This project provides for the installation of approximately 16,000 feet of new concrete sidewalk and other roadway and safety/capacity improvements on both sides of University Avenue from 54th Street to 68th Street. Redevelopment Agency funding was not received as initially anticipated, and \$1.8 million is now reflected as unidentified funding for this project.
Torrey Pines Improvements Phase I / S00613	15,900,000	13,000,000	81.8%	This project provides for improvements to the Torrey Pines Corridor. Future phases of the project, design, and construction are currently unfunded.
Pacific Beach Obstructed Curb Ramp Barrier Removal / S11048	370,000	320,000	86.5%	This project will provide for curb ramps, curbs, gutters, sidewalks, street overlay, new curb inlets, cleanouts, Americans with Disabilities Act (ADA) pedestrian push buttons, a median curb, and traffic striping at the intersection of Pacific Beach Drive and Mission Boulevard. Design and construction phases are currently unfunded.
Sea World Drive/Interstate 5 Interchange Imp / S00888	120,163,209	105,438,300	87.7%	This project proposes to realign and widen the southbound off-ramp, reconfigure the off-ramp intersection to eliminate the free right turn onto Sea World Drive, widen the eastbound approach to the southbound on-ramp, and increase storage on the overcrossing for the eastbound to northbound left turn at the northbound on-ramp. Construction phase is currently unfunded.
Sorrento Valley Road & Interstate 5 Interchange / S00914	53,194,892	47,000,000	88.4%	This project provides for a new freeway interchange to address traffic congestion. Construction phase is currently unfunded.
Alvarado Canyon Road Realignment / S00894	5,729,556	5,203,834	90.8%	This project provides for the realignment of Alvarado Canyon Road from 380 feet east of the Fairmount Avenue and Camino Del Rio North intersection to the Fairmount Avenue and Mission Gorge Road intersection. The construction phase is currently unfunded.
Coastal Rail Trail / S00951	21,905,818	19,925,629	91.0%	This project provides for construction of a bicycle route between the San Diego-Del Mar city limit and Downtown San Diego. Design and construction of future phases of the project are currently unfunded.
Street Light Circuit Upgrades / AIH00002	36,650,000	33,347,000	91.0%	This annual allocation will provide for the replacement of obsolete street light series circuits. Design and construction phases of additional locations needing replacement are currently unfunded.

Capital Improvements Program

Glossary

ACCOUNTING PERIOD – The City of San Diego's fiscal year is divided into 12 accounting periods. Each accounting period is a month and may have two or three pay periods.

ADOPTED BUDGET – The Mayor and City Council's approved plan for the City's financial operations, which includes an estimate of expenditures and revenues for a given fiscal year.

AMERICANS WITH DISABILITIES ACT (ADA) – Americans with Disabilities Act, Public Law 336 of the 101st Congress, enacted July 26, 1990. The ADA prohibits discrimination and ensures equal opportunity for persons with disabilities in employment, State and local government services, public accommodations, commercial facilities, and transportation. It also mandates the establishment of telecommunications device for the deaf (TDD)/telephone relay services.

ANNUAL ALLOCATION – A specific project type which typically receives budget on an annual basis and that provides for the establishment of sublet projects which fall under the budgetary threshold guidelines.

ANNUALIZATION – Prorating expenditures for a portion of a year over 12 months for the purpose of estimating annual costs.

APPROPRIATION – A legal authorization to make expenditures and to incur obligations for specific purposes.

APPROPRIATION ORDINANCE – The official enactment by the City Council to establish legal authority for City officials to expend and obligate resources.

ASSET TYPE – Capital assets are generally large and expensive and expected to last for at least one year but may be required for decades of public use and include complex underground water distribution and wastewater collection systems to buildings, parks, streets, and bridges.

ASSET MANAGEMENT - Asset management is a strategic, comprehensive approach that involves systematic data collection and the analysis to provide City management with a framework for making sound decisions each fiscal year. Asset managers must make decisions on when and how to inspect, maintain, repair, renew, and replace a diverse set of existing facilities in a cost effective manner.

BOND – A funding tool representing a written promise to pay a specific sum (face value or principal amount) in the future (maturity date), plus interest. In California, municipal government bonds are only used to finance capital improvements.

BOND PROCEEDS – Funds derived from the sale of bonds for the purpose of constructing major capital facilities.

BUDGET – Proposed plan of expenditure and revenue over a specified period of time such as a fiscal year or accounting period.

BUDGET CALENDAR – The schedule of major events in the development of the annual budget including the proposed budget, budget hearings, budget deliberations, and the adoption of the annual Appropriation Ordinance.

Capital Improvements Program

Glossary

BUDGET DELIBERATIONS – The timeframe, after the completion of public hearings, of which the City Council reviews and amends or approves the Mayor's Proposed Budget.

BUDGET DOCUMENT – The instrument utilized to present the City's comprehensive financial plan to the City Council and the public.

BUSINESS IMPROVEMENT DISTRICT (BID) FUNDS – A special assessment levied upon business owners within a district with specifically defined boundaries established by City Ordinance. These assessments finance improvements within the district.

CAPITAL IMPROVEMENTS PROGRAM (CIP) BUDGET – A multi-year financial plan of capital projects and the authorized means of their expenditures over a given period of time.

CAPITAL IMPROVEMENT PROJECT – A capital improvement is generally a large construction project such as the development of park land, the construction of an overpass, the installation of a traffic signal, the acquisition of land, or the construction or remodeling of a City building. Funds for these projects are derived largely from the issuance of bonds, water and sewer fees, and a one-half cent local sales tax for transportation improvements (TransNet), grants, and developer impact fees.

CAPITAL IMPROVEMENTS PROGRAM ADVISORY COMMITTEE (CIPRAC) – This committee provides oversight for prioritizing and approving CIP projects for the annual budget process. CIPRAC is primarily comprised of the asset-owning department management to advise on CIP related matters such as project listings and prioritizations.

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) FUNDS – Funds established to account for revenues from the federal government and expenditures as prescribed under the Community Development Block Grant Program.

CONTINUING APPROPRIATIONS – Funding approved in prior fiscal years, but not expended within the respective fiscal year, are carried forward into subsequent fiscal years for their intended purpose.

CONTRACTS – Expenditures for services provided by outside organizations and businesses, including consultant and construction activities.

DEBT – Payment of interest and principal on an obligation resulting from the issuance of bonds.

DEFERRED CAPITAL – A capital program established for street pavement, buildings, and storm drains improvements funded through a series of deferred maintenance bonds.

DEPARTMENT – A basic organizational unit of government that may be sub-divided into divisions, programs, activity groups, and/or activities. Also referred to as Business Area.

DEFERRED MAINTENANCE – A backlog of needed repairs to City facilities or other assets such as streets, roof repairs, heating and cooling system upgrades, painting, floor covering repair, structural repairs, and slurry sealing of streets.

DEVELOPMENT IMPACT FEES (DIF) - Fees that are collected within urbanized communities which are near build-out to mitigate the impact of new development.

ENCUMBRANCE – An encumbrance designates or reserves funds for a specific purpose as approved by the appropriate authority. When the goods and services are received, the encumbrance is released and the expenditure is recorded for the actual costs.

Capital Improvements Program

Glossary

ENTERPRISE FUNDS – Funds established to account for specific services funded directly by fees and charges to users such as water and sewer services. These funds are intended to be self-supporting.

ENVIRONMENTAL GROWTH FUND (EGF) – This fund was established in accordance with Section 103.1a of the City Charter to receive 25 percent of all funds derived from the revenues accruing to the City from gas, electricity, and steam franchises.

EXPENDITURE – The actual outlay of monies from the City treasury.

EXPENSES – Charges incurred for operations, maintenance, interest, or other charges.

FACILITIES BENEFIT ASSESSMENT (FBA) - An FBA generally provides 100% of funds for public facilities projects that service a designated area of benefit and are identified in the Public Facilities Financing Plan (PFFP).

FEDERAL GRANT FUNDS – These funds were established to account for revenue from the federal government and expenditures as prescribed by grant provisions/agreements.

FISCAL YEAR (FY) – A 12-month timeframe designating the beginning and ending period for recording financial transactions. The City of San Diego has specified July 1 through June 30 as the fiscal year.

FIVE-YEAR FINANCIAL OUTLOOK – The Five-Year Financial Outlook includes revenue and expenditure forecasts which are based on various assumptions, such as economic conditions or previous policy decisions. The Financial Outlook serves as a long-range planning tool which identifies priorities, economic trends, risks and opportunities, and guides the City in the development of future budgets.

FULL-TIME EQUIVALENT (FTE) – The decimal equivalent of a part-time position converted to a full-time basis, i.e., one person working half-time would count as a 0.50 FTE position.

FUND – A fiscal and accounting entity with a self-balancing set of accounts to record revenues and expenditures.

GENERAL FUND – The City's main operating fund that pays for basic City services that use most of the City's tax revenue, such as public safety, parks, and library services. The General Fund is also supported by fees from licenses and permits, fines, and investment earnings.

GRANT – A contribution by a government or other organization to support a particular function.

INFRASTRUCTURE - The basic facilities, services, and installations needed for the functioning of a community, such as transportation and communications systems, water and power lines, and public institutions.

MAINTENANCE ASSESSMENT DISTRICT (MAD) FUNDS – Property owners within a specified district are assessed for the purpose of financing maintenance of open space areas, street medians, rights-of-way, and in some cases, mini-parks and streetlights.

NON-PERSONNEL EXPENSE (NPE) – Expenditures related to supplies, contracts, information technology, energy and utilities, other, capital expenditures, and debt.

Capital Improvements Program

Glossary

OPERATING BUDGET – Authorized expenditures for ongoing municipal services (e.g., police and fire protection, street maintenance, parks, and libraries).

OPERATING IMPACTS – An estimate of a capital project's ongoing operating expenses upon completion and the impact on the City's operating budget.

ORDINANCE – A law adopted by the City Council. Ordinances usually amend, repeal, or supplement the Municipal Code; provide zoning specifications; or appropriate money for specific purposes.

PERSONNEL EXPENSE (PE) – Expenditures related to employee compensation including wages and salaries, fringe benefits, retirement, and special pays such as shift differentials.

PROJECT TYPE - Project types are a more specific manner of categorizing the kind of improvement provided by each capital project.

PROPOSED BUDGET – The Mayor's recommendation for the City's financial operations, which includes an estimate of proposed expenditures and revenues for a given fiscal year. The proposed budget is delivered to City Council in April of each year.

PUBLIC FACILITIES FINANCING PLAN (PFFP) – These plans implements the improvement requirements set forth in a designated area and provides funding by the FBA.

REIMBURSEMENT – Fees received as payment for the provision of specific municipal services.

REGIONAL TRANSPORTATION CONGESTION IMPROVEMENT PROGRAM FEE (RTCIP) – Fees that were established to ensure that new development directly invests in the region's transportation system to offset the negative impact of growth on congestion and mobility. This fee is only applicable on new residential development.

REQUEST FOR PROPOSAL (RFP) – A document intended to elicit bids from potential vendors for a product or service. The quality of an RFP is very important to successful project management because it clearly delineates the deliverables associated with the project and establishes a framework for project execution. Ideally, RFPs stipulate the requesting organization's requirements and the conditions demanded of applicants clearly enough to minimize the possibility of misunderstandings and errors.

RESOLUTION – Formal expressions of opinion or intention of the City Council. Resolutions typically become effective upon their adoption.

REVENUE – Funds received from various sources and treated as income to finance expenditures.

SAN DIEGO ASSOCIATION OF GOVERNMENTS (SANDAG) – A public agency which serves as the forum for regional decision-making. SANDAG builds consensus; makes strategic plans; obtains and allocates resources; plans, engineers, and builds public transportation; and provides information on a broad range of topics pertinent to the region's quality of life.

SMART GROWTH – A development pattern that focuses on future community growth which maximizes the use of existing infrastructure (such as public transportation) while preserving open space and natural resources. Smart growth results in more housing and transportation choices for those who live and work within smart growth areas.

Capital Improvements Program

Glossary

TRANSNET FUNDS – Funds derived from a one-half cent local sales tax, that is administered by SANDAG, which is used for traffic congestion relief and transportation improvements. In addition to roadway enhancements, TransNet Funds are utilized for bikeway and pedestrian projects.

UNFUNDED NEEDS LIST – A summary of projects with insufficient funding for project completion which identifies both the amount of funding required and the component of work that is not funded.

UNIDENTIFIED FUNDING – An amount required for project completion, but for which no funding source has been identified.
